Seneca Foods Corporation  
Employees' Savings Plan  
Marion, New York

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have audited the accompanying statements of net assets available for benefits of the Seneca Foods Corporation Employees' Savings Plan ("the Plan") as of December 31, 2004 and 2003, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the foregoing Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

SENECA FOODS CORPORATION  
EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2004 AND 2003

NOTE A - DESCRIPTION OF PLAN

The following description of Seneca Foods Corporation Employees' Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan intended to qualify as a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code. Substantially all employees of Seneca Foods Corporation ("the Company") are eligible to participate after completion of twelve months employment and attainment of age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On December 16, 2004, the Seneca Foods, L.L.C. 401(k) Retirement Savings Plan (formerly the Chiquita Processed Foods 401(k) Plan) merged into the Seneca Foods Corporation Employee Savings Plan. As a result, all investments in mutual funds and participant loans were transferred from Seneca Foods, L.L.C. 401(k) Retirement Savings Plan to the Seneca Foods Corporation Employee Savings Plan on

that date.

#### Contributions

Participants may elect to contribute, on a pre-tax basis (elective deferrals), from 1% to 60% of their compensation up to regulatory maximums. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute additional amounts at the discretion of the Company's Board of Directors. During the year ended December 31, 2004 the Company contributed fifty percent of the first four percent of base compensation that a participant contributed to the Plan. The Company contributions are invested directly in Seneca Foods Corporation Employer Stock Fund and are allocated to participants based on the participants pro rata share of total participating payroll.

#### Vesting

Participants are immediately vested in all elective contributions and related earnings. Matching contributions made by the Plan sponsor fully vest after a service period of five years.

#### Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, as determined by the Company. Principal and interest is paid through monthly payroll deductions. The term of the loan should not exceed five years except in the case of a loan used to acquire a dwelling unit that is to be the principal residence of the participant.

#### NOTE A - DESCRIPTION OF PLAN (CONTINUED)

##### Payment of Benefits

After termination of service, the participant's account balance is generally distributed in a lump sum if the balance is less than \$5,000. Benefits are recorded when paid.

##### Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and/or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the Administrator shall determine the method of distribution of the participants' accounts in accordance with the provisions of the plan.

##### Participant Accounts

Each participants' account is credited with the participants' contribution and allocations of (a) additional Company contributions, if any, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

## Edgar Filing: SENECA FOODS CORP /NY/ - Form 11-K

### Forfeited Accounts

At December 31, 2004 forfeited non-vested accounts totaled approximately \$84,000. These accounts were used to reduce employer contributions.

### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

#### Valuation of Investments

All investments are valued at fair value as determined by quoted market prices. Current year increases or decreases in market value are recognized as investment appreciation or depreciation. All security transactions are recorded as of the trade date.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.
