**Gold Fields and Fujian Zijin Mining Industry Co.
Limited announce Strategic Partnership**

HONG KONG Gold Fields Limited, through its offshore, wholly-owned subsidiary Orogen Holdings (BVI) Limited (Gold Fields), and Fujian Zijin Mining Industry Co. Limited (ZIJIN) are pleased to announce a strategic partnership which will see Gold Fields purchase of a total of US\$7.73 million of shares in ZIJIN in the Initial Public Offering (IPO) of ZIJIN on the Hong Kong Stock Exchange (HKSE) and establishment of a joint venture to explore for and develop gold properties in the Fujian Province of the People's Republic of China (PRC). This purchase represents approximately 18 million shares out of 318 million issued, or roughly 5.7% of the float of 27% of the company. Gold Fields was the largest single purchaser of shares in the IPO.

Gold Fields and ZIJIN will establish a Sino-Foreign Joint Venture to acquire, explore for and develop gold properties in Fujian Province, PRC. Equity in the JV will initially be Gold Fields 60% and ZIJIN 40%. Gold Fields will invest the first US\$0.5 million in exploration expenditure and ZIJIN will contribute Exploration Licences, data, local knowledge, and facilitate further tenement acquisition. Following Gold Fields initial period of sole funding exploration expenditure, both parties will contribute according to their equity positions.

Both parties recognise their strength and leading positions in the gold mining industry, internationally, and in the PRC and intend to broaden the partnership to the mutual benefit of both companies.

ZIJIN is one of China's largest gold producers, which has been growing rapidly in recent years. The principal asset of ZIJIN is the Zijinshan Gold Mine located in Fujian Province, which is the largest producing gold mine in the PRC. The company has interests in a number of other gold and base metal projects throughout China, ranging from grass roots exploration to operating stage, including the Shuiyindong Gold Mine in Guizhou, and the Ashele Cu-Zn project in Xinjiang Uyghur Autonomous Region. The Company, which
