PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

May 16, 2001

INTRODUCTION

Solicitation of Proxies

This proxy statement is furnished in connection with the solicitation by the Board of Directors of The MONY Group Inc. (the Company) of proxies to be used at the Annual Meeting of Shareholders of the Company on Wednesday, May 16, 2001, at 9:30 a.m. at The St. Regis Hotel, 2 East 55th Street at Fifth Avenue, New York City, and at any adjournment thereof. The Company's Summary Annual Report for 2000, the Annual Report on Form 10-K for the year ended December 31, 2000 and this Proxy Statement are being sent to shareholders beginning on or about April 2, 2001.

Shares represented by valid proxies will be voted at the Annual Meeting or any adjournment thereof in accordance with each shareholder's directions. Please vote by marking the appropriate boxes, signing, dating and returning the enclosed proxy card. If the card is signed and returned without direction, the shares will be voted as recommended by the Company's Board of Directors. Alternatively, a proxy may be submitted by telephone or the Internet. Please follow the instructions on the enclosed proxy card if you wish to submit your proxy in this manner. A proxy may be revoked by a shareholder at any time before its use by filing written notice of revocation, by telephone or over the Internet, by submitting a subsequent proxy to the Secretary of the Company or by voting in person at the meeting.

Outstanding Stock and Voting Rights

The Company's Board of Directors has fixed the close of business on March 19, 2001 as the record date for determining shareholders of record entitled to notice of, and to vote at, the Annual Meeting. On the record date, the Company had outstanding 51,121,150 shares of Common Stock. Each shareholder is entitled to one vote for each share of Common Stock registered in that person's name on the books of the Company on the record date on all matters submitted to a vote of the

Edgar Filing: MONY GROUP INC - Form DEF 14A

shareholders at the meeting. The presence of one-third of the Company's outstanding common shares in person or by proxy will constitute a quorum for the transaction of business at the Annual Meeting. Provided a quorum is present, directors will be elected by a plurality of the votes validly cast in the election and the vote of a majority of the shares of Common Stock represented in person or by proxy will be sufficient for the transaction of any other business properly brought before the Annual Meeting. Abstentions from voting, including broker non-votes, with respect to shares present at the Annual Meeting in person or by proxy will have no effect in determining whether a quorum is present or on the election of directors, but will have the effect of votes against any business other than the election of directors.

OWNERSHIP OF COMMON STOCK BY CERTAIN BENEFICIAL OWNERS

Five Percent Shareholders

The Company has no information that any person beneficially owns more than 5% of its outstanding Common Stock except as reported on Schedule 13G filed with the Securities and Exchange Commission by Goldman, Sachs & Co. and certain affiliates pursuant to the Securities Exchange Act of 1934. The following table and notes have been prepared in reliance upon such filing for the nature of ownership and an explanation of overlapping ownership.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership Reported on Schedule 13G	Percent of Class
The Goldman Sachs Group, Inc. 85 Broad Street New York, NY 10004(1)	3,686,173	7.4%

- (1) Consists of 3,686,173 shares beneficially owned by Goldman, Sachs & Co. (Goldman Sachs) and The Goldman Sachs Group, Inc. (GS Group); 2,239,331 shares beneficially owned by GS Mezzanine Partners, L.P.; 1,202,464 shares beneficially owned by GS Mezzanine Partners Offshore, L.P.; 3,441,795 shares beneficially owned by GS Mezzanine Advisors, L.L.C.; 76,584 shares beneficially owned by Stone Street Fund 1997, L.P.; 37,194 shares

beneficially owned by Bridge Street Fund 1997, L.P. and 113,778 shares beneficially owned by Stone Street 1997, L.L.C. Includes an aggregate of 3,555,573 shares issuable upon exercise of currently exercisable warrants held by GS Mezzanine Partners, L.P., GS Mezzanine Partners Offshore, L.P., Stone Street Fund 1997, L.P., and Bridge Street Fund 1997, L.P. (collectively, the Investors), pursuant to the Investment Agreement (the Investment Agreement), dated as of December 30, 1997, by and among The Mutual Life Insurance Company of New York (now known as MONY Life Insurance Company) (MONY Life), MONY Financial Services Corporation (now known as The MONY Group Inc.) and the Investors. GS Group and Goldman Sachs each disclaim beneficial ownership of the securities beneficially owned by (i) any client accounts with respect to which Goldman Sachs or employees of Goldman Sachs have voting or investment discretion, or both and (ii) certain investment entities, of which a subsidiary of GS Group or Goldman Sachs is the general partner, managing general partner or other manager, to the extent interests in such entities are held by persons other than GS Group, Goldman Sachs or their affiliates.

Goldman Investment. On December 30, 1997, the Investors entered into the Investment Agreement pursuant to which: (i) the Investors purchased, for \$115 million (the Consideration), surplus notes (the MONY Notes) issued by MONY Life with an aggregate principal amount equal to the Consideration, and (ii) the Investors purchased, for \$10.0 million, warrants (the Warrants) to purchase from the Company (after giving effect to the initial public offering) in the aggregate 7.0% of the fully diluted Common Stock as of the first date following such effectiveness on which shares of Common Stock were first issued to policyholders (December 24, 1998) (the Specified Date). On March 8, 2000 MONY Life repurchased the MONY Notes from the Investors for an aggregate purchase price of \$123,775,937.

Standstill Agreement. Pursuant to the Investment Agreement, the Investors, for a period of five years following the Specified Date (the Standstill Period), subject to certain exceptions specified in the Investment Agreement, will not, and will cause their subsidiaries and any affiliates that own Warrants or Common Stock that was acquired upon exercise

thereof not to, directly or indirectly, acquire, offer to acquire or agree to acquire any outstanding Common Stock other than pursuant to the Warrants or from an Investor or a subsidiary or affiliate of an Investor without the prior written approval of MONY Life. The foregoing provisions will terminate when the Investors and their subsidiaries and affiliates that acquire Warrants or Common Stock upon the exercise thereof own an aggregate number of shares of Common Stock acquired upon exercise of Warrants plus the number of shares of Common Stock issuable upon exercise thereof that is less than 5% of the fully diluted Common Stock. The Company has agreed that, so long as the Investors, their subsidiaries and affiliates are subject to the provisions described in this paragraph, it will not take any action (including, without limitation, adoption of a shareholder rights plan) that would have the effect of imposing more stringent requirements on the Investors, their subsidiaries and affiliates than those contained in the Investment Agreement.

Voting of Common Stock. The Investors have agreed that, subject to certain exceptions provided in the Investment Agreement, during the Standstill Period the Investors will, and will cause their subsidiaries and affiliates that acquire Common Stock upon exercise of Warrants to, vote all shares of Common Stock acquired upon exercise of Warrants owned by them either, at the option of the Company, in accordance with the recommendation of the Company's Board of Directors or in the same proportion as the holders of Common Stock who are not affiliated with either the Company or the Investors with respect to all matters properly presented for a vote of the holders of the Common Stock. The foregoing requirement will not apply and the Investors and their subsidiaries and affiliates may acquire Common Stock without regard to the restrictions contained in the Investment Agreement described above with respect to certain specified matters, including those that relate to: (i) any merger, consolidation or other business combination involving, or sale, lease, transfer or other disposition of substantially all the assets of, the Company, MONY Life or any Significant Subsidiary (as defined in the Investment Agreement); (ii) the approval of any amendment to the Company's Certificate of Incorporation or By-Laws; (iii) any matter that could result in any decrease in the percentage of the voting power represented by the aggregate voting power of all Common Stock and Common Stock issuable upon exercise of Warrants then owned by the Investors and their subsidiaries and affiliates; and (iv) any other matter (other than the election of directors) that in the good faith judgment of the Investors could adversely affect their interests as significant stockholders of the Company. The foregoing provisions shall terminate when the Investors and their subsidiaries and affiliates that acquire Warrants or Common Stock upon the exercise thereof own an aggregate number of shares of Common Stock acquired upon exercise of Warrants plus the number of shares of Common Stock issuable upon exercise thereof that is less than 5% of the fully diluted Common Stock.

Limitation on Sales of Common Stock and Warrants. The Investors have agreed that until the termination of the Standstill Period, they will not, and will cause their subsidiaries and affiliates that own Warrants or Common Stock that was acquired upon exercise of Warrants not to, sell, transfer or otherwise dispose of any Warrants or Common Stock that was acquired upon exercise of Warrants in a negotiated transaction (which for these purposes does not include an open market sale other than as a result of an offer to sell securities having aggregate voting rights of more than 3% of

the voting rights on an as converted basis at any one time): (i) to any Person (as defined in the Investment Agreement) that is engaged in Life Insurance Business (as defined in the Investment Agreement) if, to the knowledge of the transferor, after giving effect to such transaction such Person would own an aggregate number of shares of Common Stock plus the number of shares of Common Stock issuable upon exercise of Warrants that is held by such Person that is equal to 3% or more of the fully diluted Common Stock at the time of such transaction without the prior written consent of the Company, or (ii) to any Person if, to the knowledge of the transferor, after giving effect to such transaction such Person would own an aggregate number of shares of Common Stock plus the number of shares of Common Stock issuable upon exercise of Warrants that is held by such Person that is equal to 5% or more of the fully diluted Common Stock at the time of such transaction without the prior written consent of the Company. The foregoing restriction will not apply to: (i) any transfers between or among the Investors, their subsidiaries and affiliates, or (ii) any widely distributed public underwritten offering. The foregoing provisions will terminate when the Investors and their subsidiaries and affiliates that acquire Warrants or Common Stock upon the exercise thereof own an aggregate number of shares of Common Stock acquired upon exercise of Warrants plus the number of shares of Common Stock issuable upon exercise thereof that is less than 5% of the fully diluted Common Stock.

Board Representation. Pursuant to the Investment Agreement, the Investors have been granted Board representation rights. The Company has agreed to use its best efforts to cause one of the persons proposed by the Investors to be elected to the Company's Board of Directors. Claude M. Ballard as such person retired from the Company's Board of Directors on January 11, 2000. Mr. Ballard was a limited partner of The Goldman Sachs Group, L.P. The Investors have

not proposed another nominee at this time.

The Investors have agreed to not propose any person who: (i) at the time of such proposal is either a member of the board of directors or board of trustees or a senior officer of an entity engaged in the Life Insurance Business, or (ii) is not qualified to serve as a director pursuant to the By-Laws of the Company. The Investors' Board representation rights granted by the Investment Agreement will terminate when the Investors and their subsidiaries and affiliates that acquire Warrants or Common Stock upon the exercise thereof own an aggregate number of shares of Common Stock acquired upon exercise of Warrants plus the number of shares of Common Stock issuable upon exercise thereof that is less than 5% of the fully diluted Common Stock.

Registration Rights. Pursuant to the Investment Agreement the Company has entered into a registration rights agreement granting to the Investors and their subsidiaries or affiliates certain rights to registration under the Securities Act of 1933, as amended, with respect to the Warrants and all shares of Common Stock issuable upon exercise thereof (the

Registration Rights Agreement). Subject to certain limitations, the Registration Rights Agreement provides that the Investors and their subsidiaries and affiliates have the right to make three demand registration requests (Demand Registrations) of the Company and can make an unlimited number of requests for piggyback registrations (each, a Piggyback Registration). A Piggyback Registration will not relieve the Company of its obligations to effect Demand Registrations. The Company has agreed to pay all expenses with respect to any Demand Registration or Piggyback Registration other than any underwriting discounts and commissions and any transfer taxes, if any, attributable to the sale by an Investor or any of their subsidiaries or affiliates of any securities so registered.

AUDIT COMMITTEE REPORT

The Audit Committee of The MONY Group Inc. (the Committee) is comprised of five independent directors and operates under a written Charter adopted by the Board of Directors on May 17, 2000. A copy of the Charter is attached hereto as Exhibit A. In its corporate oversight role, the Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

The Committee held five meetings during 2000. The meetings were designed to facilitate open communication between the Committee, management and the Company's independent public accountants, PricewaterhouseCoopers LLP (PricewaterhouseCoopers). The Committee reviewed and discussed the audited consolidated financial statements with management and PricewaterhouseCoopers during the context of these meetings.

The Committee discussed with PricewaterhouseCoopers matters to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). PricewaterhouseCoopers also provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees), and the Committee discussed with PricewaterhouseCoopers their independence under Independence Standards Board Standard No.1.

It should be noted that the Company contracted PricewaterhouseCoopers for various engagements during the course of 2000 and the following represents a brief schedule of the professional fees paid:

Audit Fees	\$1,157,000
------------	-------------

Financial Information	
Systems Design and Implementation Fees	\$0
All Other Fees	\$1,007,363

Some of the principal items included in the All Other Fees category include audits of certain subsidiary organizations, registration statement filings and acquisition related fees. The Audit Committee did consider whether the provision of services for All Other Fees is compatible with the principal accountants' independence and does not believe any impairment of independence currently exists.

Based upon the reviews and discussions noted above, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000, for filing with the Securities and Exchange Commission.

Respectfully submitted,

THE AUDIT COMMITTEE OF
THE BOARD OF DIRECTORS

Tom H. Barrett, Chairman
G. Robert Durham
James B. Farley
Robert R. Kiley
Thomas C. Theobald

Retirement Plan Information

The following table shows the estimated annual retirement benefits payable at normal retirement age (generally age 65) to a person retiring with the indicated final average pay and years of credited service on a straight life annuity basis, under the Retirement Income Security Plan for Employees of MONY Life (the Retirement Plan), as supplemented by the Excess Benefit Plan for MONY Life Employees (the Excess Plan), each as described below:

(1) Estimated retirement benefit described above does not include the value of the executive's employer contribution account.

The annual retirement benefit under the Retirement Plan and the Excess Plan is generally equal to the product of (a)(i) a percentage of an executive's final average pay in excess of his or her covered compensation (i.e., the average of the social security taxable wage base for the 35 years up to the date the executive attains social security retirement age), plus (ii) a percentage (depending upon the executive's social security retirement age) of the executive's final average pay not in excess of his or her covered compensation, and (b) the executive's years of credited service up to 35. Final average pay is defined as the highest average annual compensation of an executive for any 36 consecutive months in the 120 months of service prior to the executive's retirement. Compensation used to determine the retirement benefit under the Retirement Plan and the Excess Plan consists of the salary paid to an executive, including incentive compensation and salary deferrals pursuant to Section 125 and Section 401(k) plans and Deferred Compensation Plan for Key Employees, but excluding expense and tuition reimbursement, amounts payable under the Long Term Performance Plan, fringe benefits, group life insurance premiums, moving expenses, prizes, hiring and referral bonuses, and disability payments. Such compensation is generally the same as the compensation reflected in columns (C) and (D) of the Summary Compensation Table. The Excess Plan is designed to provide benefits which eligible employees would have received under the Retirement Plan but for limits applicable under the Retirement Plan. The estimated final average pay of Messrs. Roth, Foti, Levine, Daddario and Ugolyn under the Retirement Plan and the Excess Plan as of December 31, 2000 (assuming retirement as of such date) is \$1,686,667, \$1,186,667, \$821,667, \$643,667 and \$808,333, respectively, and the estimated years of credited service under the Retirement Plan and the Excess Plan as of such date for each of such named executive officers is 12, 12, 28, 11 and 10 years, respectively. These benefits are not reduced by Social Security benefits nor any benefits derived from the qualified and non-qualified 401(k) plans.

Employment and Change in Control Agreements

MONY Life has entered into employment agreements (the Employment Agreements) with each of Messrs. Roth, Foti, Levine and Daddario. The current terms of the Employment Agreements are effective through December 31, 2001, and will automatically be extended for successive one-year terms unless MONY Life gives notice to the executive (by the preceding September 30) that it will not renew the Employment Agreement for another term.

The Employment Agreements provide that the current base compensation of each executive will be adjusted in accordance with MONY Life's regular administrative practices generally applicable to its senior executives. Under the Employment Agreements, each executive will participate in MONY Life's Annual Incentive Compensation Plan and Long Term Performance Plan, will be entitled to participate in other incentive compensation plans and any employee benefit plans and programs generally available to senior executives of MONY Life, and will be entitled to perquisites and fringe benefits generally available to officers of their respective ranks at MONY Life.

The Employment Agreements prohibit the executives from engaging in or advising, either directly or indirectly, any business which is substantially competitive with any business then actively conducted by MONY Life during the term of their

employment and for a six-month period following termination of employment. The executives are also prohibited from soliciting, either directly or indirectly, any person employed by MONY Life for one year following the termination of employment, and are prohibited from divulging confidential information relating to the Company.

The Employment Agreements provide that MONY Life will have the right at any time to terminate any executive's employment, and that any executive will have the right at any time to terminate his employment with MONY Life. Under the Employment Agreements, MONY Life will provide an executive with the following benefits in the event of termination by MONY Life other than for cause (as defined in the Employment Agreements) or by the executive for good reason (as defined in the Employment Agreements): (i) a lump-sum payment in an amount equal to (a) two times the executive's annual base compensation in effect on the date of termination, in the case of Messrs. Roth, Foti and Levine, or (b) one times the executive's annual base compensation in effect on the date of termination, in the case of Mr. Daddario, reduced in all cases by any severance payments made to the executive under any other employment contract or severance arrangement with MONY Life; (ii) any incentive compensation earned with respect to the calendar year immediately preceding the termination date but not yet paid, and incentive compensation with respect to the calendar year in which the termination date occurs, in each case in an amount determined by the Chief Executive Officer (or, in the case of the Chief Executive Officer, by the Board of Directors) which will be not less than 50% of the executive's base compensation; (iii) at the discretion of the Chief Executive Officer, the value of the perquisites to which the executive is entitled immediately before the termination date and such other items as the Chief Executive Officer (or, in the case of the Chief Executive Officer, the Board of Directors) will determine; (iv) title to any MONY Life-furnished automobile; and (v) outplacement services for up to one year with a nationally recognized outplacement firm. In addition, MONY Life will keep in effect, for the life of the executive whose employment is terminated other than for cause or good reason, the split-dollar life insurance policy maintained for the executive immediately prior to termination, with MONY Life and the executive retaining their respective obligations to pay premiums in accordance with the terms of the policy.

MONY Life has also entered into change in control employment agreements (collectively, the Change in Control Agreements) with each of Messrs. Roth, Foti, Levine, Daddario and Ugolyn and other executive officers of the Company, the provisions of which become effective if and when there is a Change in Control (as defined below) of the Company. The current terms of the Change in Control Agreements are effective through December 31, 2001, and will be automatically renewed for successive one-year terms unless MONY Life gives notice of non-renewal to the executive not later than the preceding September 30. If a Change in Control occurs, the expiration date is automatically extended to the third anniversary of the Change in Control and the agreement is thereafter automatically renewed for successive one-year terms unless MONY Life gives notice of non-renewal to the executive not later than six months before the agreement would otherwise expire.

The Change in Control Agreements provide that the executives will continue to receive base compensation at a rate not less than the rate in effect immediately prior to the Change in Control, and that base compensation will be increased in accordance with the regular administrative practices in effect immediately prior to the Change in Control. The agreements further provide that the executives will be entitled to perquisites and fringe benefits equal to those attached to their positions immediately prior to the Change in Control, will continue to be full participants in all incentive compensation plans and all employee benefit plans and programs for senior executives in effect immediately prior to the Change in Control, and will be entitled to participate in any other incentive compensation plans and employee benefit plans and programs generally available to senior executives of MONY Life.

The Change in Control Agreements provide that MONY Life will have the right at any time to terminate the executive's employment, and that the executive will have the right at any time to terminate his employment with MONY Life. Under the Change in Control Agreements, MONY Life will provide the executive with the following benefits in the event of termination by MONY Life other than for Cause (as defined in the Change in Control Agreements) or by the executive for Good Reason (as defined in the Change in Control Agreements): (i) a lump-sum payment in an amount equal to three times the sum of (a) the executive's annual base compensation in effect on the Termination Date, plus (b) the executive's Annual Bonus in effect on the Termination Date, plus (c) the executive's Long Term Performance Plan Payment, such sum being reduced by any severance

payments made to the executive under any other employment contract or severance arrangement with MONY Life; (ii) any incentive compensation payments awarded for a year prior to the year in which the termination date occurs but not paid as of the termination date; (iii) a specified *pro rata* portion of the bonus under MONY Life's Annual Incentive Compensation Plan that would have been earned for the year in which the termination date occurs; (iv) all amounts payable as of the termination date in accordance with the terms of the Long Term Performance Plan and an award in respect of any uncompleted three-year cycle thereunder; (v) immediate vesting of and, if applicable, lapse of restrictions with respect to, previously unvested stock option and restricted share awards (or, in any case where such vesting or lapse would be prohibited by certain provisions of the New York Insurance Law, cash payments in lieu thereof); (vi) in addition to all other amounts otherwise payable to the executive under the Retirement Income Security Plan and the Investment Plan Supplement, an amount equal to the aggregate present value of the retirement benefits that would have been payable to the executive under MONY Life's Retirement Income Security Plan, Investment Plan Supplement and Excess Benefit Plan, had his employment not been terminated; (vii) an amount equal to the aggregate present value of the additional costs that would have been incurred by MONY Life for medical and dental benefits, retiree medical benefits, and spouse or survivor's income

13

benefits if the executive's employment had not been terminated; (viii) continued coverage under various disability and life insurance programs; and (ix) outplacement services for up to one year with a nationally recognized outplacement firm.

In the event of the death or disability of the executive, the Change in Control Agreements provide that the executive (or his representative) will be entitled to receive (i) amounts owed to the executive through his effective date of termination, and (ii) a specified *pro rata* portion of all awards under MONY Life's Long Term Performance Plan and Annual Incentive Compensation Plan.

The Change in Control Agreements also provide that, to the extent any payments to the executives would be subject to golden parachute excise taxes under Section 4999 of the Code, the executives will receive gross-up payments to make them whole with respect to such taxes and any related interest and penalties.

For purposes of the Change in Control Agreements, a Change in Control is defined generally to include an acquisition of 20% or more of the voting stock of the Company, a change in the majority of the members of the Board of Directors that is not supported by two-thirds of the incumbent directors, approval by the shareholders of a merger or reorganization in which the Company shareholders do not own at least 80% of the resulting entity, a sale of all or substantially all of the assets of the Company or MONY Life, a dissolution of the Company or MONY Life, the adoption by the Board of Directors of a resolution to the effect that any person has acquired effective control of the Company or MONY Life, or the making of any agreement or the commencement of a tender offer or proxy contest resulting in any such transaction.

COMPENSATION OF DIRECTORS

Cash Compensation

All Directors of the Company are also directors of MONY Life. For serving on the Board of Directors of MONY Life, each director who is not an employee of the Company (non-employee director) receives an annual retainer fee of \$40,000. No additional retainer fee is paid for service on the Board of Directors of the Company. In addition, each such director also receives a meeting fee of \$1,500 for each meeting of the Company's Board or MONY Life's Board attended. Additionally, each such director receives an annual retainer fee of \$3,500 per committee on which such director serves as a member and each such member receives a meeting fee of \$1,000 for each committee meeting attended. The chairperson of each committee receives an additional annual retainer fee of \$1,500. For each joint meeting of the Company's Board and MONY Life's Board (or committees), non-employee directors receive only one meeting fee and also only one annual Committee or Chairperson retainer fee. The directors may defer all or part of their compensation as directors until retirement from the Board.

Non-Employee Director Restricted Stock Grants

Pursuant to the Plan of Reorganization, the Board of Directors granted restricted stock to non-employee directors of the Company on January 11, 2000. The purpose of the grants was to provide stock-based compensation to non-employee directors of the Company in order to encourage a high level of director performance and to provide non-employee directors with a proprietary interest in the Company's success.

The Board of Directors has discretion in determining the number of shares subject to each grant of restricted stock, provided that the fair market value (valued on the date of grant) of all shares granted to each non-employee director during any calendar year does not exceed the lesser of (i) one-half of the directors' fees earned by such non-employee director for the immediately preceding calendar year and (ii) \$15,000, rounded upward to the nearest whole share. Grants of restricted stock must be in lieu of cash payment of directors' fees equal in amount to the fair market value of the restricted stock granted. Each grant of restricted stock vests, based on the continued service of the grantee on the Board of Directors, in three approximately equal installments on each of the first three anniversaries on the date of grant thereof. In the event of the termination of the service on the Board of Directors of a grantee by reason of disability or death, any restricted stock previously granted to such grantee will continue to vest as if the grantee's service had not terminated. In the event of termination of service on the Board of Directors of a grantee for any reason other than disability or death, any unvested restricted stock will be forfeited.

Additionally, the Board of Directors must obtain the prior approval of the New York State Superintendent of Insurance prior to making any additional grants of restricted stock to non-employee directors until November 16, 2003, the fifth anniversary of the effective date of the Plan of Reorganization.

HUMAN RESOURCES COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following is the Report of the Human Resources Committee of the Company's Board of Directors (the "Committee"), describing the compensation policies and rationale applicable to the Company's executive officers with respect to compensation paid to such executive officers for the fiscal year ended December 31, 2000. All Officers are compensated as employees of MONY Life. The information contained in the report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates it by reference into such filing.

The Committee consists of Messrs. Durham, Farley, Holland and Johnson, none of whom is an officer or employee of the Company, MONY Life or their affiliates. The Committee is responsible for making determinations with respect to executive compensation and overall compensation policy, as well as for oversight and administration of the Incentive Compensation Plan, Long Term Performance Plan and Stock Incentive Plan. This report discusses the executive compensation determinations made by the Committee with respect to the 2000 compensation of the Company's executive officers (including all named executive officers) during 2000. The compensation determinations described below were ratified by the Board of Directors of the Company.

Executive Compensation Philosophy

In general, the executive compensation programs are designed to attract and retain executives who will contribute to the Company's long-term success, to reward executives for achieving the Company's short- and long-term strategic goals, to link executive compensation and shareholder interests through Company performance- and equity-based plans, and to recognize individual contributions to Company performance.

The Committee is assisted from time to time by compensation consulting firms which supply the Committee with statistical data and other executive compensation information to permit the Committee to compare the Company's compensation against levels and programs at other companies selected as peers and at a much broader spectrum of organizations with which the Company competes for executive talent. To attract qualified executives in certain operational areas, it is sometimes necessary to compete with banks and other financial services institutions. The companies selected for compensation comparison purposes are not necessarily the same companies which comprise the Standard & Poor's Insurance (Life/Health)-500 Index selected for the Performance Graph appearing subsequently in this Proxy Statement.

Edgar Filing: MONY GROUP INC - Form DEF 14A

Compensation for the Company's executive officers consists of three principal elements: base salary, annual incentive and long-term incentive, including stock incentives. The combination and relative weighting of these elements reflect the Committee's belief that executive compensation should be closely tied to the Company's profitability.

Base Salary

Base salaries of executive officers are compared against the broad middle range of the companies with which the Company competes for those positions. The Company reviews annual salaries versus the external market on an annual basis and recommends adjustments accordingly to reflect promotions, changes in levels of responsibility and competitive pay levels.

Annual Incentive

Annual incentive bonuses paid to executive officers under MONY Life's Incentive Compensation Plan are a significant element of the executive compensation program. The Incentive Compensation Plan is designed to reward management for the achievement of corporate goals and individual performance in achieving such goals, as well as to compensate management on the basis of the Company's financial results. Annual bonuses under the Incentive Compensation Plan are initially based on actual performance measured against key financial measures and qualitative goals. For the 2000 bonus year, these measures and goals were (i) Revenue Generation, which includes life annualized premiums and accumulation assets raised, (ii) GAAP Earnings, (iii) Operating Expenses, and (iv) the qualitative goals, which are specific performance objectives set for the Company as a whole. The Human Resources Committee reserves the right to make adjustments as it deems appropriate in its sole discretion.

Each year, the Human Resources Committee assigns a relative weight to the key financial measures to determine the portion of the annual bonuses represented by each measure. In addition, minimum, target and maximum levels are set for each of the financial measures and the qualitative goals are rated as outstanding, good or satisfactory. Bonuses under the Incentive Plan are reviewed and approved by the Human Resources Committee for payment during the year subsequent to the year in which the bonus is earned.

Award opportunities under the Incentive Compensation Plan for 2000 performance were funded at above target levels. The Company exceeded its financial goals related to Revenue Generation and GAAP Earnings and its operating expense goal was slightly below target.

Long-Term Incentive

Long-term incentives for the Company's executive officers are provided pursuant to MONY Life's Long Term Performance Plan (the Long Term Performance Plan). Units are awarded in the first quarter of each year for the succeeding three-year period. The number of units awarded is determined by the executive's level, job scope and contribution, as well as the competitiveness of the executive's total compensation with regard to the external market.

Under the Long Term Performance Plan, the Company makes awards of units to the named executive officers and other designated officers of the Company to reward long-term performance of the Company relative to the performance of its peer companies. The awards are subject to a three-year performance cycle. In connection with the award of the units, the Company assigns a value to each unit depending on predetermined performance goals for the period. As soon as practicable after the completion of a performance cycle, the value per unit is determined according to the Company's performance over the recently completed three-year performance cycle. The aggregate value of the share units awarded to each executive with respect to a performance cycle is paid in three annual installments. The first of such payments is made immediately after the determination of the value of the share units. The second and third installments are paid, with interest, in the two succeeding years.

For the performance period under the Long Term Performance Plan commencing on January 1, 1998 and ending on December 31, 2000, the measurement goals established were based on the Company's cumulative GAAP earnings and an ROE comparison to the industry. Cumulative GAAP earnings over the period exceeded the plan and with the ROE comparison to the industry, resulted in the Committee approving a value of \$150 per share.

In March 2000, the Committee established goals under the Long Term Performance Plan for the three-year performance period from January 1, 2000 to December 31, 2002, based on cumulative GAAP earnings per share, an ROE comparison to the industry and total shareholder return versus a peer group of companies. Pursuant to the terms of the Long Term Performance Plan, payments for this performance period may not be made until early 2003 and then only in the event predetermined goals with respect to earnings are satisfied.

Stock Ownership Guidelines for Officers And Directors

On January 17, 2001, at the recommendation of the Human Resources Committee and the Company's outside executive compensation consultant, the Board of Directors approved and adopted Stock Ownership Guidelines for Officers and Directors (the Guidelines). The purpose of the Guidelines is to further align the interests of the Company's officers and directors with the shareholders by providing targeted levels of ownership of the Company's common stock for each such officer and director. The Guidelines state that, over a period of six years, officers are expected to accumulate Company common stock having a fair market value equal to the following multiples of their base salaries:

Chief Executive Officer	5X Base Salary
President and Chief Operating Officer	4X Base Salary
Executive Vice President	2X Base Salary
Senior Vice President	1.5X Base Salary
Vice President	1X Base Salary

Further, over the same period, Independent Directors of the Company are expected to accumulate a number of shares of Guideline Stock equal to six times \$15,000 divided by the market price per share at the time of the acquisition. This total shall be held for as long as they continue to serve on the Company's Board of Directors.

Chief Executive Officer Compensation

Mr. Roth became Chief Executive Officer in 1993. Mr. Roth's annual base salary was increased by 2.9% from \$875,000 to \$900,000 in March 2000. The Committee determined that this increase would bring Mr. Roth's annual base salary to a competitive level for the peer company market, based on statistical data obtained from the compensation consulting firms utilized for the named executive officers. According to the terms of the Incentive Compensation Plan, the Committee determined for the 2000 performance year that Mr. Roth should receive incentive compensation of \$1,100,000. In 1998, Mr. Roth was awarded 15,000 shares under the Long Term Performance Plan. For the performance period under the Plan commencing on January 1, 1998 and ending on December 31, 2000, the measurement goal established was based on the Company's cumulative GAAP Earnings and an ROE comparison to the industry. Cumulative GAAP earnings over the period exceeded the plan and with the ROE comparison to the industry, resulted in the Committee approving a value of \$150 per share. In March 2001, Mr. Roth received the first installment on these shares in the amount of \$750,000. The second and third installments are paid, with interest, in the two succeeding years.

The Committee feels that under Mr. Roth's direction MONY Life continues to have success as a publicly owned company. The company experienced growth in mutual fund and protection products, and although the company fell slightly short of its expense goal, it exceeded its financial goals related to GAAP earnings.

In March 2000, the Committee awarded Mr. Roth 35,000 units under the Long Term Performance Plan. For the three-year performance period from January 1, 2000 to December 31, 2002, the Committee established goals for cumulative GAAP earnings per share, an ROE comparison to the industry and total shareholder return versus a peer group. Pursuant to the terms of the Plan, payments for this performance period may not be made until early 2003 and then only to the extent that the pre-established goals are satisfied.

Compensation Deduction Limitation

Section 162(m) of the Internal Revenue Code imposes a limitation on the tax deductibility of certain compensation paid by a publicly held corporation to its top five executive officers for whom compensation is reported in its annual proxy statement. A special transition rule applies under section 162(m) for newly public companies that exempts from this limit any compensation paid under plans and arrangements disclosed in the initial public offering prospectus. The Human Resources Committee believes that the Company's principal compensation plans for the Company's executive officers are currently covered by this exemption and, thus, does not expect a material loss of tax deduction (if any) as a result of section 162(m).

Respectfully submitted,

HUMAN RESOURCES COMMITTEE OF
THE BOARD OF DIRECTORSJames L. Johnson, Chairman
G. Robert Durham
James B. Farley
Robert Holland, Jr.

Performance Graph

The graph set forth below shows the cumulative total return to holders of the Company's Common Stock from November 11, 1998 to December 31, 2000, computed by dividing (X) the difference between the price per share at the beginning and end of such period by (Y) the share price at the beginning of such period, and compares such return to the performance at the beginning and end of such period of the Standard & Poor's 500 Index and the Standard & Poor's Insurance (Life/Health)-500 Index. The graph assumes \$100 invested on November 11, 1998 in the Company's Common Stock (at \$23.50 per share), the Standard & Poor's 500 Index and the Standard & Poor's Insurance (Life/Health)-500 Index. The return for the Company's Common Stock and both Standard & Poor's indices assumes reinvestment of all dividends for the period.

PROPOSAL 2. RATIFICATION OF THE APPOINTMENT OF INDEPENDENT ACCOUNTANTS

On February 21, 2001 the Board of Directors, on the recommendation of the Audit Committee, appointed PricewaterhouseCoopers independent accountants to audit and report on the consolidated financial statements of the Company for 2001. PricewaterhouseCoopers has audited and reported on the consolidated financial statements of the Company for 2000.

Although ratification of the appointment of PricewaterhouseCoopers by the shareholders is not required, the Board of Directors has determined that it is desirable to request ratification of such appointment. If ratification is not obtained, the Board of Directors will reconsider the appointment.

The Board of Directors recommends that shareholders vote FOR this proposal.

The Company has been advised that representatives of PricewaterhouseCoopers will be present at the Annual Meeting. They will be afforded the opportunity to make a statement, should they desire to do so, and to respond to appropriate questions.

PROPOSAL 3. APPROVAL OF THE MONY GROUP INC. RESTRICTED STOCK OWNERSHIP PLAN

The Board of Directors recommends that the shareholders approve the Company's Restricted Stock Ownership Plan (the Plan), which has been adopted by the Board subject to shareholder approval. The Plan authorizes the award to officers of the Company shares of restricted stock that are subject to vesting restrictions, forfeiture conditions and restrictions on transfer and incidents of ownership. To conform to requirements of the New York Insurance Law and the Company's Plan of Reorganization, no participant may obtain Beneficial Ownership (as defined in the New York Insurance Law) of restricted shares before the fifth anniversary of the date on which consideration was distributed to policyholders in connection with MONY Life's demutualization in 1998. The Plan provides for awards that are intended to satisfy specific requirements for performance-based compensation that is exempt from the tax deduction limitations of section 162(m) of the Internal Revenue Code, which is discussed below.

The Plan must be approved by the holders of at least a majority of the outstanding shares of Common Stock present, or represented, and entitled to vote at the annual meeting. The Plan will become effective upon the approval by the shareholders on the date of the annual meeting. In the event shareholder approval is not obtained, the Plan will not become effective.

The purposes of the Plan are to motivate the superior performance of officers of the Company by encouraging and providing for the acquisition of an ownership interest in the Company and to attract and retain the services of officers upon whose judgment, interest and effort the successful conduct of the Company's operations largely depend. The Plan is also intended to further the goals of the Stock Ownership Guidelines for officers of the Company that have been adopted by the Board of Directors. These guidelines, described below under the heading Compensation Committee Report, will further align the interests of officers with those of the shareholders by promoting long-term ownership of the Common Stock by the officers.

The following is a summary of the principal features of the Plan. The full text of the Plan is attached to this proxy statement as Exhibit B.

Description of the Plan

Administration of the Plan. The Plan will be administered by the Human Resources Committee of the Board of Directors, or such other committee designated by the Board to administer the Plan from time to time (the Committee). To the extent deemed necessary or appropriate by the Board, the Committee will be constituted to comply with the non-employee director requirements of rule 16b-3 of the Securities Exchange Act of 1934 and the outside director requirements of section 162(m) of the Internal Revenue Code.

The Committee has the authority to determine the employees to whom awards will be granted, the time or times when awards will be granted, the number of shares subject to each award, the time or times when an award will become vested or transferable, and the performance and other conditions of an award. The Committee has discretionary authority to interpret the Plan, to make all factual determinations under the Plan and to make all other determinations necessary for Plan administration.

Eligible Participants. All employees of the Company or its subsidiaries are eligible to participate in the Plan. Awards to eligible employees are made by the Committee in its discretion.

Share Limitations. The aggregate numbers of shares that may be issued for all awards under the Plan is 1,000,000. Shares of Common Stock issued under the Plan may be treasury shares, authorized but unissued shares, or shares purchased by the Company in the open market. Any shares subject to an award that are not issued or cease to be issuable for any reason, or are forfeited or canceled, will again be available for issuance under the Plan. In the event of any change in the outstanding shares of Common Stock by reason of a stock dividend or stock split, recapitalization, merger, consolidation or other similar corporate change, the Committee may make adjustments to the aggregate number and kind of shares of Common Stock available for awards.

The maximum number of shares that may be awarded to a participant who is a named executive officer subject to section 162(m) of the Internal Revenue Code during any one calendar year is limited to the maximum number of shares having a fair market value on the date of the award that does not exceed 200 percent of the base salary of the Section 162(m) Participant for the year 2000, as reported in the Executive Summary Compensation Table of this Proxy Statement.

Types of Grants. All awards of restricted stock will be granted by the Committee and will be evidenced by an award agreement. The Committee may, in its discretion, make periodic discretionary awards of restricted stock to employees. The Committee may also, in its discretion, make matching awards of restricted stock to employees based on the number of shares acquired by the employee in the open market with the employee's personal funds during a period specified by the Committee. The ratio of matching restricted stock awarded to the number of shares purchased by the employee will be determined by the Committee.

The Committee will determine the terms and conditions of any periodic or matching awards of restricted stock. In establishing these terms and conditions, the Committee will take into account the requirements of the New York State Insurance Laws, section 162(m) of the Internal Revenue Code and the Stock Ownership Guidelines applicable to an officer.

Vesting and Forfeiture Conditions. The Committee may establish vesting requirements and forfeiture conditions based on the continued employment of the participant for a specified period of time, the attainment of specified business or individual performance goals or measures or such other terms as specified by the Committee. The Committee may accelerate the vesting of an award at any time or on the basis of any specified event, and may specify the effect of termination of employment of a participant under certain circumstances on vesting restrictions or forfeiture conditions.

Change In Control. The Committee may provide for the effect of a change in control (as defined in the Plan) upon an award granted under the Plan. Such provisions may include (a) the acceleration of vesting or lapsing of forfeiture or transfer restrictions, (b) the waiver or modification of performance or other conditions related to the rights under an award, (c) provision for the cash settlement of an award, or (d) such other modification or adjustment to an award as the Committee deems appropriate to maintain and protect the rights and interests of participants upon a change in control.

Performance Criteria. The Committee is authorized to make awards of restricted stock that are intended to qualify as performance-based compensation under section 162(m) of the Internal Revenue Code. The grant, vesting or lapse of restrictions on such awards will be based on the Company's achievement of established business goals that are long-term determinants of

shareholder value. In establishing performance-based conditions on awards, the Committee may select only from business criteria specified in the Plan that have been approved by shareholders. The Committee may select from among the following criteria with respect to the Company, any subsidiary or any business unit: (i) stock price increase, (ii) total shareholder return, (iii) return on equity, (iv) return on capital, (v) earnings per share, (vi) EBIT (earnings before interest and taxes), (vii) cash flow (including operating cash flow, free cash flow, discounted cash flow return on investment, and cash flow in excess of cost of capital), and (viii) any of the foregoing performance measures in relation to performance

20

on the same measures of comparable peer companies or appropriate stock market or industry indices. Each award of restricted stock that is intended to qualify under section 162(m) will state an objective method for determining the achievement of a performance goal and will preclude the exercise of discretion by the Committee to increase the amount of any compensation that would otherwise be due under the terms of the award.

Transfer Restrictions and Shareholder Rights. Shares of restricted stock may not be transferred, assigned or subject to any encumbrance, pledge or charge until all applicable restrictions are removed or expire. The Committee may require a participant to enter into an escrow agreement providing that shares will remain in the physical custody of an escrow holder until all restrictions are removed or expire.

A participant who receives a grant of restricted stock under the Plan will generally have all rights of a shareholder, including the right to vote and receive all dividends and distributions, unless determined otherwise by the Committee. However, due to certain restrictions under the New York State Insurance Law and MONY Life's Plan of Reorganization, a participant will not be entitled to exercise any voting or other consensual rights, receive any dividends, transfer any interest in, or otherwise acquire beneficial ownership of any restricted shares until after December 23, 2003.

Amendment and Termination. The Board of Directors may, at any time and from time to time, and in any respect, amend, modify or terminate the Plan. However, no action may be taken that would adversely affect any rights or obligations of any awards that have previously been made, without the consent of the participant. The Board may seek the approval of any amendment or modification by the Company shareholders to the extent it deems necessary for compliance with section 162(m) of the Internal Revenue Code, the listing requirements of the New York Stock Exchange or for any other purpose.

Plan Benefits

No awards have yet been made under the Plan by the Committee, and the awards to be made in the future under the Plan by the Committee are not determinable at this time. The Company has not previously granted shares of restricted stock to its officers, under the Plan or otherwise. Currently, approximately 4,300 persons are eligible to participate in the Plan. The number of persons eligible to participate in the Plan and the number of grantees may vary from year to year.

The closing price of the Company's Common Stock on the New York Stock Exchange on March 21, 2001 was \$33.08 per share.

Federal Income Tax Consequences

Restricted stock subject to a substantial risk of forfeiture is generally taxable to the participant at the time the restrictions on the shares lapse. The participant will recognize ordinary income at that time equal to the fair market value of the shares covered by the award, less any purchase price paid. Alternatively, the participant may elect to accelerate the recognition of income by making an election under section 83(b) of the Internal Revenue Code within 30 days of the date of the award. The participant will then recognize ordinary income equal to the fair market value of the shares as of the date of the award. The Company will generally be entitled to a corresponding federal income tax deduction at the same time the participant recognizes ordinary income.

Compensation of persons who are named executive officers of the Company is subject to section 162(m) of the Internal Revenue Code, which generally limits the Company's compensation deduction for each named executive officer to \$1 million per calendar year. Awards of restricted stock that qualify as performance-based compensation are exempt from section 162(m), thus allowing the Company the full tax deduction otherwise permitted for such compensation. If approved by the Company's shareholders, the Plan will enable the Committee to grant awards of restricted stock that will be exempt from the deduction limits of section 162(m) of the Internal Revenue Code.

The Board of Directors recommends that you vote FOR the approval of The MONY Group Inc. Restricted Stock Ownership Plan.

OTHER MATTERS

The Board of Directors knows of no other matters to be brought before the Annual Meeting. If any other matters are presented for action and come before the meeting, it is intended that the persons named as proxies on the proxy card will vote on such matters in accordance with their best judgment. A list of shareholders entitled to vote at the meeting will be available 10 days before the date of the meeting at the Company's headquarters during ordinary business hours.

21

EXPENSES OF SOLICITATION

The Company will bear the cost of soliciting proxies from its shareholders and will enlist the help of banks and brokerage houses in soliciting proxies from their customers. The Company will reimburse these institutions for out-of-pocket expenses. In addition to being solicited through the mails, proxies may also be solicited personally or by telephone by the directors, officers and employees of the Company or its subsidiaries. The Company has engaged D. F. King to assist in soliciting proxies for a fee of approximately \$70,000 plus reasonable out-of-pocket expenses.

2002 ANNUAL MEETING OF SHAREHOLDERS

The 2002 Annual Meeting of Shareholders is scheduled to be held on Wednesday, May 15, 2002. The Board is empowered by the By-Laws of the Company to change the time of the meeting.

Proposals of shareholders must be received by the Company no later than December 3, 2001 to be eligible for inclusion under the rules of the SEC in the Company's proxy materials for the 2002 Annual Meeting of Shareholders and must comply with such rules.

3.1 **Number of Shares.** The aggregate number of shares of Common Stock that may be issued pursuant to all Awards under the Plan is 1,000,000 shares. The shares of Common Stock to be delivered under the Plan will be made available, in whole or in part, from treasury shares, authorized but unissued shares or from shares that are purchased by the Company in the open market. If any share of Common Stock that is the subject of an Award is not issued or ceases to be issuable for any reason, or is forfeited or cancelled for any reason, such share of Common Stock will no longer be charged against the foregoing maximum share limitation and may again be made subject to Awards under the Plan.

3.2 **Adjustments.** In the event of any stock dividend or stock split, recapitalization (including, without limitation, the payment of an extraordinary dividend), merger, consolidation, combination, spin-off, distribution of assets to stockholders (other than ordinary cash dividends), exchange of shares, or other similar corporate change, then the aggregate number and kind of shares of Common Stock available for Awards under Section 3.1 hereof shall be adjusted by the Committee in the manner that it deems to be equitable and appropriate, and the Committee's determination shall be conclusive.

4. **Administration of the Plan**

4.1 **Committee Members.** The Plan will be administered by the Committee, which will consist of two or more persons who, to the extent deemed necessary or appropriate by the Board, satisfy the requirements for a nonemployee director under Rule 16b-3 and the requirements for an outside director under Section 162(m). The Committee may exercise such powers and authority as may be necessary or appropriate for the Committee to carry out its functions as described in the Plan, including, without limitation, the power and authority to delegate to appropriate officers of the Company administrative responsibility for the operation of the Plan. No member of the Committee will be liable for any action or determination made in good faith by the Committee with respect to the Plan or any Award.

4.2 **Committee Authority.** Subject to the express limitations of the Plan, the Committee has authority in its discretion to determine the Employees to whom, and the time or times at which, Awards may be granted, the number of shares subject to each Award, the purchase price (if any) of an Award, the time or times at which an Award will become vested or transferable, and the performance and other conditions of an Award. The Committee also has discretionary authority to interpret the Plan; to make factual determinations under the Plan; to determine the terms of the respective Award Agreements; to make other determinations necessary or advisable for Plan administration; and to delegate to appropriate officers of the Company administrative responsibility for the operation of the Plan. The Committee has authority to prescribe, amend, and rescind rules and regulations relating to the Plan. All interpretations, determinations, and actions by the Committee will be final, conclusive, and binding upon all parties.

B-2

5. **Restricted Stock**

5.1 **Grants of Restricted Stock.** Awards of Restricted Stock are shares of Common Stock that are subject to vesting requirements, forfeiture conditions and restrictions on transfer and other incidents of ownership, as described below. Awards of Restricted Stock may be made in whole shares only. All Awards will be granted by the Committee and will be evidenced by an Award Agreement.

A. **Periodic Grants.** The Committee may make Awards of Restricted Stock to Employees at such time or times as it shall determine in its sole discretion. Subject to the express provisions of the Plan, the number of shares, vesting and forfeiture conditions, transfer restrictions and other terms and conditions of the Award shall be determined by the Committee in its sole discretion, taking into account the Stock Ownership Guidelines applicable to an Officer as well as the requirements of Section 7312(w) and Section 162 (m).

B. **Matching Grants.** The Committee may make Awards of Restricted Stock to Employees from time to time for a number of shares based on the number of shares of Common Stock acquired by the Participant in the open market with

the Participant's personal funds during a calendar year (or other period specified by the Committee). The Employees who will be eligible for matching grants, the ratio of the number of shares awarded to the number of shares purchased, any holding period requirements for those shares purchased, and any limitations on the number of shares awarded shall be determined by the Committee in its sole discretion (subject to the terms of the Plan) prior to the beginning of the relevant period and communicated to eligible Employees. All other terms and conditions of an Award, including vesting and forfeiture conditions and transfer restrictions, shall be determined by the Committee in its sole discretion, taking into account the Stock Ownership Guidelines applicable to an Officer, as well as the requirements of Section 7312(w) and Section 162(m).

5.2 Vesting and Forfeiture. The Committee shall impose on an Award of Restricted Stock vesting requirements and forfeiture conditions that may be based on one or more of the following: (i) the continued employment of the Participant with the Company or its Subsidiaries for a specified time period or periods, (ii) the attainment of specified business or individual performance goals or measures or (iii) such other terms as specified by the Committee. In the case of any Award that is intended to qualify for exemption under Section 162(m), the permitted performance criteria and the other terms and conditions of the Award shall be determined pursuant to Sections 5.3 and 5.4 hereof. The Committee may, in its discretion, accelerate the vesting of an Award of Restricted Stock at any time or on the basis of any specified event, including upon a Change in Control as provided in Section 6.1 hereof. The Committee shall also have the discretionary authority to determine the effect on vesting or forfeiture conditions of certain circumstances of termination of employment, including termination with or without Cause, termination for good reason under an employment or severance agreement, and termination by reason of death or disability.

5.3 Performance Criteria. The performance criteria upon which the grant or vesting of an Award intended to qualify for exemption under Section 162(m) may be based shall be limited to the following business measures, which may be applied with respect to the Company, any Subsidiary or any business unit: (i) stock price increase, (ii) total shareholder return, (iii) return on equity, (iv) return on capital, (v) earnings per share, (vi) EBIT (earnings before interest and taxes), (vii) cash flow (including operating cash flow, free cash flow, discounted cash flow return on investment, and cash flow in excess of cost of capital), and (viii) any of the foregoing performance measures in relation to performance on the same measures of comparable peer companies or appropriate stock market or industry indices. In the case of Awards that are not intended to qualify for exemption under Section 162(m), the Committee may designate performance criteria from among the foregoing, or from among such other business or individual criteria as it shall determine in its sole discretion.

5.4 Additional Section 162(m) Requirements. The maximum number of shares of Common Stock that may be subject to all Awards of Restricted Stock granted to a Section 162(m) Participant under the Plan during any one calendar year shall be limited to the maximum number of whole shares having a Fair Market Value as of the date of the Award that does not exceed 200 percent of the base salary of the Section 162(m) Participant for the year 2000, as reported in the Executive Summary Compensation Table of this Proxy Statement. In the case of an Award that is intended to comply with the requirements for exemption under Section 162(m), the Committee shall make all determinations necessary to establish the Award within 90 days of the beginning of the period over which performance is to be measured (or such other time period required under Section 162(m)), including, without limitation, the designation of the Section 162(m) Participants to whom Awards are made, the number of shares subject to the Award and the number of shares that are earned under the Award upon achieving the

B-3

applicable performance goals. As and to the extent required by Section 162(m), the terms of an Award granted to a Section 162(m) Participant must state, in terms of an objective formula or standard, the method of computing the amount of compensation payable to the Section 162(m) Participant, and must preclude discretion to increase the amount of compensation payable that would otherwise be due under the terms of the Award.

5.5 Transfer Restrictions. Shares of Restricted Stock may not be transferred, assigned or subject to any encumbrance, pledge or charge until all applicable restrictions on the Award are removed or expire, including without limitation any vesting and forfeiture restrictions. The Committee may require the Participant to enter into an escrow agreement providing that the certificates representing Restricted Stock granted or sold pursuant to the Plan will remain in the physical custody of an escrow holder until all restrictions are removed or expire. Failure to satisfy any applicable restrictions shall result in the subject shares of Restricted Stock being forfeited to the Company. The Committee may require that certificates representing Restricted Stock granted under the Plan bear a legend making appropriate reference to the restrictions imposed. At the time all restrictions imposed on an Award of Restricted Stock lapse in accordance

with the Plan, a stock certificate for the appropriate number of shares of Common Stock, free of the restrictions and restrictive stock legend (other than as required under the Securities Act of 1933 or otherwise), shall be delivered to the Participant or his beneficiary or estate, as the case may be.

5.6 Rights as Shareholder. Subject to the restrictions provided under this Section 5 and the applicable Award Agreements, the Participant will have all rights of a shareholder with respect to shares of Restricted Stock granted, including the right to vote the shares and receive all dividends and other distributions paid or made with respect thereto, unless the Committee determines otherwise at the time the Restricted Stock is granted, as set forth in the Award Agreement. Notwithstanding the foregoing, no Employee shall receive, under the Plan, beneficial ownership, as such term is defined in Section 7312 (w)(2) of the New York Insurance Law, of any securities of the Company before December 24, 2003; to this end, where necessary to carry out the prohibition set forth in this sentence, the Award Agreement shall provide that the Participant shall not be entitled to exercise any voting rights or other consensual rights, or to receive any dividend payments with respect to the Restricted Stock, before December 24, 2003.

6. Change in Control

6.1 Effect of Change in Control. The Committee may provide for the effect of a Change in Control on an Award in an Award Agreement. Such provisions may include any one or more of the following: (i) the acceleration of vesting or lapsing of forfeiture or transfer restrictions of an Award, (ii) the waiver or modification of performance or other conditions related to the rights under an Award; (iii) provision for the cash settlement of an Award for an equivalent cash value, or (iv) such other modification or adjustment to an Award as the Committee deems appropriate to maintain and protect the rights and interests of Participants upon or following a Change in Control. Notwithstanding the foregoing, in the event that a Change in Control shall occur prior to December 24, 2003, no shares of Restricted Stock held by an Officer shall, to the extent prohibited by Section 7312(w), become transferable or otherwise permit beneficial ownership (within the meaning of Section 7312(w)) by the Participant prior to such date, and the rights of the Officer with respect to the Award shall be as provided in the applicable Award Agreement or any employment or severance agreement between the Officer and the Company.

6.2 Definition of Change in Control.

For purposes of this Agreement, a Change in Control shall be deemed to have occurred upon:

- (i) an acquisition by any individual, entity or group (within the meaning of Section 13 (d)(3) or 14 (d)(2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) (a Person) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of shares of outstanding voting securities of the Company entitled to vote generally in the election of directors (the Outstanding Voting Securities) which, when combined with any other securities owned beneficially by the acquirer, would result in such acquirer beneficially owning twenty percent (20%) or more of either (A) the then outstanding shares of common stock of the Company or (B) the combined voting power of the then Outstanding Voting Securities ; excluding, however, the following: (1) any acquisition directly from the Company, other than an acquisition by virtue of the exercise of a conversion privilege unless the security being so converted was itself acquired directly from the Company, (2) any acquisition by the Company and (3) any acquisition by an employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary;

B-4

-
- (ii) at any time following the date hereof, individuals who as of the date hereof constitute the Board (and any new directors whose election by the Board or nomination for election by the Company s shareholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors as of the date hereof or whose election or nomination for election was so approved) cease for any reason (except for death, disability or voluntary retirement) to constitute a majority thereof;
 - (iii) the consummation of a transaction approved by the shareholders of the Company that is a merger, consolidation, reorganization or similar corporate transaction, whether or not the Company is the surviving corporation in such transaction, other than a merger, consolidation, or reorganization that results in the Outstanding Voting Securities immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least eighty percent (80%) of the combined voting

power of the voting securities of the Company (or such surviving entity) outstanding immediately after such merger, consolidation, reorganization or transaction;

- (iv) the consummation of a transaction approved by the shareholders of the Company that is (A) the sale or other disposition of all or substantially all of the assets (by way of reinsurance or otherwise) of the Company or (B) a complete liquidation or dissolution of the Company; or
- (v) adoption by the Board of a resolution to the effect that any Person has taken actions which, if consummated, would result in such Person acquiring effective control of the business and affairs of the Company, subject to the consummation of the transactions contemplated by such actions.

7. Award Agreements

7.1 Form of Agreement. Each Award of Restricted Stock under the Plan shall be evidenced by an Award Agreement in a form approved by the Committee setting forth the number of shares of Common Stock subject to the Award and the terms of all vesting, forfeiture and transfer restrictions. The Award Agreement shall also set forth other terms and conditions applicable to the Award as determined by the Committee consistent with the limitations of the Plan.

7.2 Contract Rights: Amendment. Any obligation of the Company to any Participant with respect to an Award shall be based solely upon contractual obligations created by an Award Agreement. No Award shall be enforceable until the Award Agreement has been signed on behalf of the Company by its authorized representative and signed by the Participant and returned to the Company. By executing the Award Agreement, a Participant shall be deemed to have accepted and consented to the terms of this Plan and any action taken in good faith under this Plan by and within the discretion of the Committee, the Board or their delegates. Award Agreements covering outstanding Awards may be amended or modified by the Committee in any manner that may be permitted for the grant of Awards under the Plan, subject to the consent of the Participant to the extent provided in the Award Agreement.

8. General Provisions

8.1 No Assignment or Transfer: Beneficiaries. Awards under the Plan shall not be assignable or transferable, except by will or by the laws of descent and distribution, unless otherwise allowed by the Committee. Notwithstanding the foregoing, the Committee may provide in the terms of an Award Agreement that the Participant shall have the right to designate a beneficiary or beneficiaries who shall be entitled to any rights, payments or other specified under an Award following the Participant's death.

8.2 No Right of Employment. Nothing in the Plan, in the grant of any Award or in any Award Agreement shall confer upon any Participant the right to continue in the capacity in which he is employed by the Company or any Subsidiary.

8.3 Securities Laws. No shares of Common Stock will be issued or transferred pursuant to an Award unless and until all then applicable requirements imposed by federal and state securities and other laws, rules and regulations and by any regulatory agencies having jurisdiction, and by any stock exchanges upon which the Common Stock may be listed, have been fully met. As a condition precedent to the issuance of shares pursuant to the grant of an Award, the Company may require the Participant to take any reasonable action to meet such requirements. The Committee may impose such conditions on any shares of Common Stock issuable under the Plan as it may deem advisable, including, without limitation, restrictions under the Securities Act of 1933, as amended, under the

B-5

requirements of any stock exchange upon which such shares of the same class are then listed, and under any blue sky or other securities laws applicable to such shares.

8.4 Tax Consequences. The Participant shall be responsible for payment of any federal, state and local taxes or similar charges required by law with respect to an Award, including all taxes required to be withheld and paid by the Participant at the time that taxable income is recognized in respect of the Award. For purposes hereof, unless otherwise provided in an Award Agreement, a Participant who is subject to Rule 16b-3 at the time taxable income is recognized in respect of an Award may satisfy the tax withholding liability or other expected tax liability by returning to the Company the number of shares of Common Stock necessary to satisfy such tax liability, valued based on the Fair Market value of

Edgar Filing: MONY GROUP INC - Form DEF 14A

the shares as of the date the shares are returned, subject to a maximum of 50 percent of the number of shares under the Award then being recognized as taxable income. If a Participant makes an election pursuant to Section 83(b) of the Code with respect to an Award of Restricted Stock, the Participant shall be required to promptly file a copy of such election with the Company.

8.5 Plan Binding on Successors. The Plan shall be binding upon the Company, its successors and assigns, and the Participant, his heirs, administrators, estate, permitted transferees and beneficiaries.

8.6 Construction and Interpretation. Whenever used herein, nouns in the singular shall include the plural, and the masculine pronoun shall include the feminine gender. Headings of Articles and Sections hereof are inserted for convenience and reference and constitute no part of the Plan.

8.7 Severability. If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

8.8 Governing Law. The validity and construction of this Plan and of the Award Agreements shall be governed by the laws of the State of Delaware.

9. **Effective Date, Amendment and Termination**

9.1 Effective Date. The Effective Date of the Plan shall be the date of approval of the Plan by the shareholders of the Company at its 2001 annual meeting of shareholders. If the Plan is not so approved, the Plan shall not become effective.

9.2 Amendment and Termination. The Board may at any time and from time to time and in any respect, amend or modify or terminate the Plan. No amendment, modification or termination of the Plan shall in any manner adverse to a Participant affect any Award theretofore granted without the consent of the Participant or the permitted transferee of the Award. The Board may seek the approval of any amendment or modification by the Company shareholders to the extent it deems necessary or advisable in its sole discretion for purposes of compliance with Section 162(m), the listing requirements of the New York Stock Exchange or for any other purpose.
