**FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)**

*Unless stated otherwise or the context otherwise requires, all references in this Form 10-Q to the registrant, us, we, our, the Company or FIS are to Fidelity National Information Services, Inc., a Georgia corporation formerly known as Certegy Inc., and its subsidiaries with respect to periods since the Certegy merger described in Note 5 and to Fidelity National Information Services, Inc., a Delaware corporation, and its subsidiaries, prior to the Certegy merger; all references to Certegy are to Certegy Inc., and its subsidiaries, with respect to periods prior to the Certegy merger described in Note 5; all references to eFunds are to eFunds Corporation, and its subsidiaries, as acquired by FIS; all references to Old FNF are to Fidelity National Financial, Inc., a Delaware corporation that owned a majority of the Company's shares through November 9, 2006; and all references to FNF are to Fidelity National Financial, Inc. (formerly known as Fidelity National Title Group, Inc.), formerly a subsidiary of Old FNF but now an independent company that remains a related entity from an accounting perspective.*

**(1) Basis of Presentation**

The unaudited financial information included in this report includes the accounts of Fidelity National Information Services, Inc. and its subsidiaries prepared in accordance with generally accepted accounting principles and the instructions to Form 10-Q and Article 10 of Regulation S-X. All adjustments considered necessary for a fair presentation have been included. This report should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2006. The preparation of these Consolidated Financial Statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Consolidated and Combined Financial Statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

In the Form 10-K for the year ended December 31, 2006, the Company improperly presented the impact of adopting Statement of Financial Accounting Standards (SFAS) No. 158, *Accounting for Defined Benefit Pension and Other Postretirement Plans* (SFAS 158) in the Statement of Comprehensive Earnings for 2006. The Company included the \$6.9 million (\$4.3 million, net of tax) impact of adopting SFAS 158 with the minimum pension liability adjustment in other comprehensive earnings for the year ended December 31, 2006. If the Company had properly excluded the SFAS 158 adjustment, the resulting amount of other comprehensive earnings would have been \$49.2 million, net of tax. The Company will correct the 2006 amount reported in the Statement of Comprehensive Earnings in the Form 10-K for the year ended December 31, 2007. The correction will have no impact on the Statement of Stockholders' Equity for the year ended December 31, 2006.

FIS is a leading provider of technology solutions, processing services, and information-based services to the financial services industry. On February 1, 2006, the Company completed a merger with Certegy (the Certegy Merger) (Note 5) which was accounted for as a reverse acquisition and purchase accounting was applied to the acquired assets and assumed liabilities of Certegy. In form, Certegy was the legal acquirer in the Certegy Merger and the continuing registrant for SEC reporting purposes. However, due to the majority ownership in the combined entity held by FIS shareholders, FIS was designated the acquirer for accounting purposes and, effective on the Certegy Merger date, the historical financial statements of FIS became the historical financial statements of the continuing registrant for all periods prior to the Certegy Merger. The results of operations of Certegy are only included in these historical financial statements for periods subsequent to the Certegy Merger. Immediately after the Certegy Merger, the name of the SEC registrant was changed to Fidelity National Information Services, Inc.

Shortly after consummating the Certegy Merger, the Company implemented a new organizational structure, which resulted in the formation of new operating segments beginning with the reporting of results for the first quarter of 2006 (Note 11). Effective as of February 1, 2006, the Company's reportable segments are Transaction Processing Services, or TPS, and Lender Processing Services, or LPS.

**Transaction Processing Services.** This segment focuses on serving the processing and risk management needs of financial institutions and retailers. The primary software applications function as the underlying infrastructure of a financial institution's processing environment. These applications include core bank

processing software, which banks use to maintain the primary records of their customer accounts. The Company also provides a number of complementary applications and services that interact directly with the core processing applications, including applications that facilitate interactions between financial institution customers and their clients. The Company offers applications and services through a range of delivery and service models, including on-site outsourcing and remote processing arrangements, as well as on a licensed software basis for installation on customer-owned and operated systems. This segment also includes card

**Table of Contents**

**FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

issuer services, which enable banks, credit unions, and others to issue VISA and MasterCard credit and debit cards, private label cards, and other electronic payment cards for use by both consumer and business accounts. In addition the Company provides risk management services to retailers and financial institutions.

***Lender Processing Services.*** This segment offers core mortgage processing software, which banks use to process and service mortgage loans, as well as customized outsourced business processes and information solutions primarily to national lenders and loan servicers. These processes include centralized, customized title agency and closing services offered to first mortgage, refinance, home equity and sub-prime lenders. In addition, this segment provides default management services to national lenders and loan servicers, allowing customers to outsource the business processes necessary to take a loan and the underlying real estate securing the loan through the default and foreclosure process. This segment's information solutions include property data and real estate-related services. Included in these services are appraisal and valuation services, property records information, real estate tax services, and borrower credit and flood zone information. On October 25, 2007, the Company announced that the Board of Directors of FIS has approved a plan to pursue a spin-off of the LPS division into a separate publicly traded company (Note 14).

The Company also has a corporate segment that consists of the corporate overhead and other operations that are not included in the other segments.

On September 12, 2007, the Company purchased eFunds (the eFunds Acquisition) (Note 5) in an all cash transaction with purchase accounting applied to the acquired assets and assumed liabilities of eFunds. The results of operations of eFunds are only included in these historical financial statements for periods subsequent to the eFunds Acquisition. The eFunds business units will operate within the TPS segment of the Company.

**(2) Combination with Old FNF**

On June 25, 2006, the Company entered into an agreement and plan of merger (the FNF Merger Agreement) with Old FNF (amended September 18, 2006) (the FNF Merger). The FNF Merger was one step in a plan that eliminated Old FNF's holding company structure and majority ownership of FIS. In connection with this plan, Old FNF also entered into a securities exchange and distribution agreement (the SEDA) with its subsidiary Fidelity National Title Group, Inc. (FNT). Under the SEDA, Old FNF agreed that, prior to the merger, Old FNF would transfer substantially all its assets and liabilities to FNT, in exchange for shares of FNT common stock. Old FNF then would spin-off all shares of FNT stock it held to the stockholders of Old FNF in a tax-free distribution. Pursuant to the FNF Merger Agreement, on November 9, 2006 Old FNF merged with and into FIS, with FIS continuing as the surviving corporation. In consideration for the FNF Merger, Old FNF stockholders received an aggregate of 96,521,877 shares of FIS stock for their Old FNF shares. In addition, in connection with the FNF Merger, FIS issued options to purchase FIS common stock and shares of FIS restricted stock in exchange for Old FNF options and restricted stock outstanding at the time of the FNF Merger. The FNF Merger followed the completion, on October 24, 2006, of FNT's acquisition under the SEDA of substantially all of the assets and liabilities of Old FNF (other than Old FNF's interests in FIS and in FNF Capital Leasing, Inc., a small subsidiary which merged into FIS in a separate transaction) in exchange for 45,265,956 shares of FNT's Class A common stock, and Old FNF's subsequent spin-off of FNT shares (the FNT Distribution). Pursuant to the SEDA and after the completion of all of the transactions, FNT was renamed Fidelity National Financial, Inc. (FNF) and now trades under the symbol FNF. Old FNF Chairman and CEO William P. Foley, II, assumed a similar position in FNF and now serves as Executive Chairman of FIS, and other key members of Old FNF senior management continued their involvement in both FNF and FIS in executive capacities.

U.S. generally accepted accounting principles require that one of the two parties to the FNF Merger be designated as the acquirer for accounting purposes. However, Financial Accounting Standards Board Technical Bulletin 85-5, *Issues Relating to Accounting for Business Combinations* provides that if a transaction lacks substance, it is not a purchase event and should be accounted for based on existing carrying amounts. In the FNF Merger, the minority interest of FIS has not changed and the only assets and liabilities of the combined entity after the exchange are those of FIS prior to the exchange. Because a change in ownership of the minority interest did not take place, the FNF

Merger has been accounted for based on the carrying amounts of FIS's assets and liabilities.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

**(3) Transactions with Related Parties**

The Company has historically conducted business with Old FNF and its subsidiaries, including FNF. In March 2005, in connection with the recapitalization of and sale of a minority equity interest in the Company, FIS entered into various agreements with Old FNF under which it has continued to provide title agency services, title plant management, and IT services. Further, the Company also entered into service agreements with Old FNF under which Old FNF continued to provide corporate services. In September 2005, when FNT was formed and the title insurance business was consolidated under FNT, many of these agreements were amended and restated to take into account the services that would be performed for and by FNT rather than Old FNF. On February 1, 2006, in connection with the closing of the Certegy Merger, many of these agreements were further amended and restated to reflect changes in the parties' relationships. Certain of these agreements were further amended or terminated in connection with the FNF Merger and related transactions. A summary of these agreements in effect through September 30, 2007 is as follows:

*Agreement to provide data processing services.* This agreement governs the revenues to be earned by the Company for providing IT support services and software, primarily infrastructure support and data center management, to FNF and its subsidiaries. Subject to certain early termination provisions (including the payment of minimum monthly service and termination fees), this agreement has an initial term of five years from February 2006 with an option to renew for one or two additional years.

*Agreements to provide software development and services.* These agreements govern the fee structure under which the Company is paid for providing software development and services to FNF which consist of developing software for use in the title operations of FNF.

*Arrangements to provide other real estate related services.* Under these arrangements the Company is paid for providing other real estate related services to FNF, which consist primarily of data services required by the title insurance operations.

*Agreements by FNF to provide corporate services to the Company.* Through November 9, 2006, these agreements provided for FNF to provide general management, accounting, treasury, tax, finance, payroll, human resources, employee benefits, internal audit, mergers and acquisitions, and other corporate and administrative support to the Company. Since November 9, 2006, these charges only relate to certain less significant activities performed or recorded by FNF on behalf of the Company. The pricing of these services is at cost for services which are either directly attributable to the Company, or in certain circumstances, an allocation of the Company's share of the total costs incurred by FNF in providing such services based on estimates that FNF and the Company believe to be reasonable.

*Licensing, leasing, cost sharing and other agreements.* These agreements provide for the reimbursement of certain amounts from FNF or its subsidiaries related to various miscellaneous licensing, leasing, and cost sharing agreements, as well as the payment of certain amounts by the Company to FNF or its subsidiaries in connection with the Company's use of certain intellectual property or other assets of or services by FNF.

*Agreements to provide title agency services.* These agreements allow the Company to provide services to existing customers through loan facilitation transactions, primarily with large national lenders. The arrangement involves the Company providing title agency services which result in the issuance of title policies on behalf of title insurance underwriters owned by FNF and its subsidiaries. Subject to certain early termination provisions for cause, each of these agreements may be terminated upon five years' prior written notice, which notice may not be given until after the fifth anniversary of the effective date of each agreement, which ranges from July 2004 through September 2006 (thus effectively resulting in a minimum ten year term

and a rolling one-year term thereafter). The LPS segment includes revenues from unaffiliated third parties of \$34.6 million and \$21.6 million for the three months ended, and \$103.0 million and \$58.7 million for the nine months ended September 30, 2007 and 2006, respectively, representing commissions on title insurance policies placed by the Company on behalf of title insurance subsidiaries of FNF. These commissions in aggregate are equal to approximately 88% of the total title premium from title policies that the Company places with subsidiaries of FNF. The Company also performs similar functions in connection with trustee sale guarantees, a form of title insurance that subsidiaries of FNF issue as part of the foreclosure process on a defaulted loan.

**Table of Contents****FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

***Sale of Property Insight, LLC***

On August 31, 2007 the Company completed the sale of one of its subsidiaries, Property Insight, LLC ( Property Insight ), to FNF, for \$95.0 million in cash, realizing a pre-tax gain of \$66.9 million (\$42.1 million after-tax), based on net assets of \$28.1 million. Property Insight is reported as a discontinued operation in the consolidated statements of earnings for the three and nine month periods ended September 30, 2007 in accordance with SFAS No. 144. The net earnings from Property Insight has also been reclassified on each statement of earnings presented in accordance with SFAS No. 144. Property Insight had revenues of \$11.8 million and \$22.5 million for the three month periods and \$52.6 million and \$69.9 million for the nine month periods ended September 30, 2007 and 2006, respectively. Property Insight had pretax profit of \$3.0 million and \$7.0 million for the three month periods and \$13.7 million and \$22.9 million for the nine month periods ended September 30, 2007 and 2006, respectively. Property Insight was a part of the LPS segment and was a leading provider of title plant services to FNF, as well as to various national and regional title insurance underwriters. Property Insight primarily managed, maintained, and updated the title insurance plants that are owned by FNF. As a result of the transaction, FIS received related party revenues from FNF through August 31, 2007, but will incur related party expenses relating to FIS title agency operations access to Property Insight's data going forward. The prior agreements between FNF and FIS governed the fee structure under which the Company was paid for maintaining, managing and updating title plants owned by FNF's title underwriters in certain parts of the country. The title plant maintenance agreement required, among other things, that the Company gather updated property information, organize it, input it into one of several systems, maintain or obtain the use of necessary software and hardware to store, access and deliver the data, sell and deliver the data to customers and provide various forms of customer support. The Company sold property information to title underwriters which are subsidiaries of FNF as well as to various unaffiliated customers. The Company paid FNF a royalty fee of 2.5% to 3.75% of the revenues received. In the case of the maintenance agreement, the Company was responsible for the costs of keeping the title plant assets current and functioning, and, in return, received the revenue generated by those assets

A detail of related party items included in revenues and expenses, for the three month periods ending September 30, 2007 and 2006, and for the nine month periods ending September 30, 2007 and 2006, is as follows (in millions):

	<b>Three month periods ended September 30,</b>		<b>Nine month periods ended September 30,</b>	
	<b>2007</b>	<b>2006</b>	<b>2007</b>	<b>2006</b>
Data processing services revenue	\$ 11.1	\$ 20.4	\$ 35.7	\$ 55.0
Title plant information, maintenance, and management revenue	6.6	5.9	29.6	17.7
Software and services revenue	15.8	7.9	44.4	24.7
Other real-estate related services	3.2	3.6	10.5	8.5
Total revenues	\$ 36.7	\$ 37.8	\$ 120.2	\$ 105.9

	<b>Three month periods ended September 30,</b>		<b>Nine month periods ended September 30,</b>	
	<b>2007</b>	<b>2006</b>	<b>2007</b>	<b>2006</b>
Title plant information, maintenance, and management expense	\$ 0.4	\$ 0.6	\$ 1.4	\$ 2.4
Corporate services	0.5	2.7	2.1	7.6

Edgar Filing: Fidelity National Information Services, Inc. - Form 10-Q

Licensing, leasing, cost sharing, and other services	(0.1)	(3.6)	(5.8)	(11.0)
Total expenses	\$ 0.8	\$ (0.3)	\$ (2.3)	\$ (1.0)

The Company believes the amounts earned from or charged by FNF to the Company under each of the foregoing service arrangements are fair and reasonable. The Company believes that the approximate 88% aggregate commission rate on title insurance policies is consistent with the blended rate that would be available to a third party title agent given the amount and the geographic distribution of the business produced and the low risk of loss profile of the business placed. The Company's information technology

**Table of Contents**

**FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

infrastructure support and data center management services to FNF are priced within the range of prices the Company offers to third parties. These transactions between the Company and FNF are subject to review for performance and pricing.

The Company also provides data processing services to Sedgwick CMS, Inc. ( Sedgwick ), a company in which FNF holds an approximate 40% equity interest. The Company recorded revenue relating to the Sedgwick arrangement of \$9.5 million and \$7.8 million during the three months and \$28.1 million and \$7.8 million during the nine months ended September 30, 2007 and 2006, respectively.

Other related party transactions:

***Contribution of National New York***

During the second quarter of 2006, Old FNF contributed the stock of National Title Insurance of New York, Inc. ( National New York ), a title insurance company, to the Company. This transaction was reflected as a contribution of capital from Old FNF in the amount of Old FNF's historical basis in National New York of approximately \$10.7 million.

***Merger with FNF Capital***

On October 26, 2006, the Company completed a merger with FNF Capital, Inc. ( FNF Capital ), a leasing subsidiary of Old FNF. The Company issued 279,000 shares of the Company's common stock to Old FNF in exchange for a majority ownership in FNF Capital. The transaction was recorded at Old FNF's historical basis in FNF Capital of approximately \$2.3 million and the Company purchased the minority ownership shortly thereafter for \$3.8 million in cash. Through the merger, the Company assumed a note payable to Old FNF of \$13.9 million, and the Company recorded interest expense related to this note of \$0.2 million and \$0.6 million during the three and nine months ended September 30, 2007, respectively. On September 30, 2007, the Company sold certain leasing assets back to FNF for \$15.0 million and FNF assumed the aforementioned note payable and other liabilities. The Company also recorded a \$7.3 million note receivable from FNF relating to the transaction.

The contribution of National New York and the merger with FNF Capital were completed between entities under common control (at the time of such contributions) and their results of operations and account balances have been included in the Company's results of operations and statement of financial position since the dates of the relevant transactions. Had the Company included the results of operations for all periods presented in the Consolidated Financial Statements, net earnings would have decreased (increased) \$0.6 million and (\$0.3) million during the three and nine months ended September 30, 2006, respectively.

***Investment by FNF in Fidelity National Real Estate Solutions, Inc.***

On December 31, 2006, FNF contributed \$52.5 million to Fidelity National Real Estate Solutions, Inc. ( FNRES ), a subsidiary of the Company, for approximately 61% of the outstanding shares of FNRES. As a result, since December 31, 2006, the Company no longer consolidates FNRES, but has recorded its remaining 39% interest as an equity investment in the amount of \$31.0 million and \$33.5 million as of September 30, 2007 and December 31, 2006, respectively. The Company recorded equity losses (net of tax), from its investment in FNRES, of \$0.5 million and \$1.6 million during the three and nine months ended September 30, 2007, respectively.

***Transactions with ABN AMRO Real and Banco Bradesco S.A.***

The Company recorded revenues of \$10.7 million and \$12.3 million for the three month periods and \$39.5 million and \$33.0 million for the nine month periods ended September 30, 2007 and 2006, respectively, from ABN AMRO Real ( ABN ). The Company recorded revenues of \$15.1 million and \$6.3 million for the three month periods and \$35.4 million and \$16.2 million for the nine month periods ended September 30, 2007 and 2006, respectively, from Banco Bradesco ( Bradesco ). Both ABN and Bradesco are venture partners in the Company's Brazilian card business.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

**(4) Unaudited Net Earnings per Share**

The basic weighted average shares and common stock equivalents for the three and nine months ended September 30, 2007 and 2006 are computed in accordance with SFAS 128, *Earnings per Share*, using the treasury stock method.

The following table summarizes the earnings per share for the three and nine month periods ending September 30, 2007 and 2006 (in thousands, except per share amounts):

	<b>Three month periods ended September 30,</b>		<b>Nine month periods ended September 30,</b>	
	<b>2007</b>	<b>2006</b>	<b>2007</b>	<b>2006</b>
Net earnings from continuing operations	\$ 201,262	\$ 74,162	\$ 402,048	\$ 169,749
Net earnings from discontinued operations	1,918	4,418	8,639	14,218
Gain on disposition of discontinued operations	42,124		42,124	
<b>Net earnings</b>	<b>\$ 245,304</b>	<b>\$ 78,580</b>	<b>\$ 452,811</b>	<b>\$ 183,967</b>
Weighted average shares outstanding basic	193,171	190,680	192,609	184,373
Plus: Common stock equivalent shares assumed from conversion of options	3,478	2,946	3,871	3,032
Weighted average shares outstanding diluted	196,649	193,626	196,480	187,405
Net earnings per share basic from continuing operations	\$ 1.04	\$ 0.39	\$ 2.09	\$ 0.92
Net earnings per share basic from discontinued operations	0.23	0.02	0.26	0.08
<b>Net earnings per share basic</b>	<b>\$ 1.27</b>	<b>\$ 0.41</b>	<b>\$ 2.35</b>	<b>\$ 1.00</b>
Net earnings per share diluted from continuing operations	\$ 1.02	\$ 0.39	\$ 2.04	\$ 0.90
Net earnings per share diluted from discontinued operations	0.23	0.02	0.26	0.08
<b>Net earnings per share diluted</b>	<b>\$ 1.25</b>	<b>\$ 0.41</b>	<b>\$ 2.30</b>	<b>\$ 0.98</b>

The basic weighted average shares and common stock equivalents for the nine month period ended September 30, 2006 only include the shares and options that were previously outstanding at Certegy from February 1, 2006 through September 30, 2006. If these shares and options had been outstanding for the entire nine months of 2006, basic weighted average shares outstanding would have been approximately 191.6 million, common stock equivalents would have been 3.1 million and weighted average shares on a diluted basis would have been 194.7 million.

Options to purchase shares of the Company's common stock of approximately 2.7 million and 2.0 million for the three month periods and 3.4 million and 1.7 million for the nine month periods ended September 30, 2007 and 2006, respectively, were not included in the computation of diluted earnings per share because they were antidilutive.

**(5) Acquisitions**

The results of operations and financial position of the entities acquired during the nine month period ended September 30, 2007 and during 2006 are included in the Consolidated Financial Statements from and after the date of acquisition. The purchase price of each acquisition was allocated to the assets acquired and liabilities assumed with any excess cost over fair value being allocated to goodwill. Third party valuations are obtained for significant acquisitions.

AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

***eFunds Corporation***

On September 12, 2007, the Company completed its acquisition of eFunds. This acquisition expands the Company's presence in risk management services, EFT services, prepaid card processing, and global outsourcing solutions to financial services companies in the U.S. and internationally. Pursuant to the Agreement and Plan of Merger (the eFunds Merger Agreement) dated as of June 26, 2007, eFunds became a wholly-owned subsidiary of FIS. The issued and outstanding shares of eFunds common stock, par value \$0.01 per share were converted into the right to receive \$36.50 per share in cash from FIS.

The total purchase price was as follows (in millions):

Cash paid for eFunds' common stock	\$ 1,744.9
Value of eFunds' stock awards	33.7
Estimated transaction costs	8.3
	<b>\$ 1,786.9</b>

The purchase price has been initially allocated to eFunds' tangible and identifiable intangible assets acquired and liabilities assumed based on their fair values as of September 12, 2007. Goodwill has been recorded based on the amount that the purchase price exceeds the fair value of the net assets acquired. The initial purchase price allocation is as follows (in millions):

Cash	\$ 99.3
Trade and other receivables	126.2
Land, buildings, and equipment	74.3
Other assets	17.1
Computer software	175.2
Intangible assets	317.5
Goodwill	1,332.4
Liabilities assumed	(355.1)
Total purchase price	<b>\$ 1,786.9</b>

The allocation of the purchase price to intangible assets, including computer software, is based on preliminary valuations. The Company is still assessing the economic characteristics of certain software projects and customer relationships. The Company expects to substantially complete this assessment during the fourth quarter of 2007 and will adjust the amounts recorded as of September 30, 2007 to reflect our revised evaluations.

The following table summarizes the liabilities assumed in the eFunds Acquisition (in millions):

Notes payable and capital lease obligations	\$ 101.6
Deferred income taxes	106.2
Estimated severance payments	34.0
Estimated employee relocation and facility closure costs	10.4
Other merger related costs	10.9
Other operating liabilities	92.0
	<b>\$ 355.1</b>

The Company is currently evaluating the various employment agreements, lease agreements, vendor arrangements, and customer contracts of eFunds. This evaluation has resulted in the recognition of certain liabilities associated with exiting activities of the acquired company. The Company expects to substantially complete this evaluation during the fourth quarter of 2007 and will adjust the amounts recorded as of September 30, 2007 to reflect our revised evaluations.

In connection with the eFunds Acquisition, the Company also adopted eFunds stock option plans and has registered approximately 2.2 million options and 0.2 million restricted stock units in replacement of similar

**Table of Contents**

**FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

outstanding awards held by eFunds employees. The amounts attributable to vested options are included as an adjustment to purchase price and the amounts attributable to unvested options and restricted stock units will be expensed based on a valuation at the date of closing over the remaining vesting period.

FIS funded the \$1.8 billion purchase price with a combination of cash on hand and long-term debt in the form of a new \$1.6 billion tranche of term loans denominated in U.S. dollars ( Term Loan B ) added to the existing credit facility of FIS under the Credit Agreement dated as of January 18, 2007 (Note 7).

***Certegy***

On September 14, 2005, the Company entered into a definitive merger agreement with Certegy under which the Company and Certegy combined operations to form a single publicly traded company called Fidelity National Information Services, Inc. (NYSE:FIS). Certegy was a payment processing company headquartered in St. Petersburg, Florida. On January 26, 2006, Certegy s shareholders approved the Certegy Merger, which was subsequently consummated on February 1, 2006.

Under the terms of the Certegy Merger agreement, the Company was merged into a wholly owned subsidiary of Certegy in a tax-free merger, and all of the Company s outstanding stock was converted into Certegy common stock. As a result of the Certegy Merger:

The Company s pre-merger shareholders owned approximately 67.4% of the Company s outstanding common stock immediately after the Certegy Merger, while Certegy s pre-merger shareholders owned approximately 32.6%;

Immediately after the Certegy Merger, Old FNF and its subsidiaries owned approximately 51.0% of the Company s outstanding common stock; and

The Company s board of directors was reconstituted so that a majority of the board consisted of directors designated by the Company s shareholders.

In connection with the Certegy Merger, Certegy amended its articles of incorporation to increase the number of authorized shares of capital stock from 400 million shares to 800 million shares, with 600 million shares being designated as common stock and 200 million shares being designated as preferred stock. Additionally, Certegy amended its stock incentive plan to increase the total number of shares of common stock available for issuance under the current stock incentive plan by an additional 6 million shares, and to increase the limits on the number of options, restricted shares, and other awards that may be granted to any individual in any calendar year. These changes were approved by Certegy s shareholders on January 26, 2006.

As part of the Certegy Merger transaction, Certegy declared a \$3.75 per share special cash dividend that was paid to Certegy s pre-merger shareholders. This dividend, totaling \$236.6 million, was paid by Certegy at the consummation of the Certegy Merger.

Generally accepted accounting principles in the U.S. require that one of the two companies in the transaction be designated as the acquirer for accounting purposes. The Company has been designated as the accounting acquirer because immediately after the Certegy Merger its shareholders held more than 50% of the common stock of the combined company. As a result, the Certegy Merger has been accounted for as a reverse acquisition under the purchase method of accounting. Under this accounting treatment, the Company is considered the acquiring entity and Certegy is considered the acquired entity for financial reporting purposes. The financial statements of the combined company after the Certegy Merger reflect the Company s financial results on a historical basis and include the results of operations of Certegy from February 1, 2006.

The purchase price was based on the number of outstanding shares of common stock of Certegy on February 1, 2006, the date of consummation of the Certegy Merger, valued at \$33.38 per share (which was the average of the trading price of Certegy common stock two days before and two days after the announcement of the Certegy Merger on September 15, 2005 of \$37.13, less the \$3.75 per share special dividend declared prior to closing). The purchase

**Table of Contents**

**FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

price also included the estimated fair value of Certegy's stock options and restricted stock units outstanding at the transaction date.

The total purchase price was as follows (in millions):

Value of Certegy's common stock	\$ 2,121.0
Value of Certegy's stock options	54.2
Estimated transaction costs	5.9
	\$ 2,181.1

The purchase price has been allocated to Certegy's tangible and identifiable intangible assets acquired and liabilities assumed based on their fair values as of February 1, 2006. Goodwill has been recorded based on the amount that the purchase price exceeds the fair value of the net assets acquired. The purchase price allocation is as follows (in millions):

Cash	\$ 376.3
Trade and other receivables	241.2
Land, buildings, and equipment	72.4
Other assets	136.9
Computer software	131.6
Intangible assets	653.5
Goodwill	1,939.8
Liabilities assumed	(1,370.6)
Total purchase price	\$ 2,181.1

The allocation of the purchase price to intangible assets, including computer software, is based on studies and valuations that were finalized as of September 30, 2006.

The following table summarizes the liabilities assumed in the Certegy Merger (in millions):

Notes payable and capital lease obligations	\$ 222.8
Deferred income taxes	210.5
Dividends payable	236.6
Dividend bridge loan	239.0
Liabilities associated with pension, SERP, and postretirement benefit plans	31.1
Estimated severance payments to certain Certegy employees	10.0
Estimated employee relocation and facility closure costs	11.6
Other merger related	28.5
Other operating liabilities	380.5
	\$ 1,370.6

In connection with the Certegy Merger, the Company announced that it intends to terminate and settle the Certegy U.S. Retirement Income Plan (pension plan). The estimated impact of this settlement was reflected in the purchase price allocation as an increase in the pension liability, less the fair value of the pension plan assets, based on estimates of the total cost to settle the liability through the purchase of annuity contracts or lump sum settlements to the

beneficiaries. The Company received an Internal Revenue Service (the IRS ) determination letter, dated July 26, 2007, and expects to finalize the settlement by the end of 2007. In addition to the pension plan obligation, the Company assumed liabilities for Certegy s Supplemental Executive Retirement Plan (the SERP ) and Postretirement Benefit Plan. The total liability recorded as part of the purchase price allocation related to all three plans, net of the fair value of plan related assets, was \$31.1 million.

The Company has evaluated the various lease agreements, vendor arrangements, and customer contracts of Certegy. This evaluation has resulted in the recognition of certain liabilities associated with exiting activities of the acquired company.

Also, the Certegy Merger triggered the performance criteria relating to performance stock option grants made in March 2005 and these awards vested when the trading value of the Company s stock remained above \$31.27 for 45 consecutive trading days following the Certegy Merger. As a result, the Company recorded a charge of \$24.1

**Table of Contents**

**FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

million in the first quarter of 2006 and recorded an additional \$0.4 million in the second quarter of 2006 relating to these options that became fully vested on April 7, 2006.

**Pro Forma Results**

Selected unaudited pro forma results of operations for the nine month periods ended September 30, 2007 and September 30, 2006, assuming the eFunds Acquisition and Certegy Merger had occurred as of January 1, 2006, and using actual general and administrative expenses prior to the acquisition and merger, are presented for comparative purposes below (in thousands):

	<b>2007</b>	<b>2006</b>
Total revenues	\$3,813,301	\$3,438,060
Net earnings from continuing operations	\$ 297,125	\$ 71,996
Pro forma earnings per share basic from continuing operations	\$ 1.54	\$ 0.38
Pro forma earnings per share diluted from continuing operations	\$ 1.51	\$ 0.37

The September 30, 2006 pro forma results include pre-tax merger related costs recorded in January 2006 by Certegy of \$79.7 million and a pre-tax charge of \$24.5 million related to FIS performance-based stock compensation. The September 30, 2007 pro forma results include a pre-tax gain of \$274.5 million on the sale of the investment in Covansys, and eFunds merger related costs of approximately \$91.4 million.

**Other acquisitions:**

The following transactions with acquisition prices between \$10 million and \$100 million were completed by the Company during the period from January 1, 2006 through September 30, 2007. Purchase prices reflected in the table are net of cash acquired:

<b>Name of Company Acquired</b>	<b>Date Acquired</b>	<b>Purchase Price</b>
FastFunds Financial Corporation	February 1, 2006	\$14.0 million
Proservvi Empreendimentos e Servicos Ltda.	July 17, 2006	\$16.2 million
Watterson Prime, LLC	November 2, 2006	\$10.4 million
Second Foundation, Inc.	February 15, 2007	\$18.9 million
Espiell, Inc. and Financial Systems Integrators, Inc.	June 8, 2007	\$43.3 million

**(6) Investment in Covansys Corporation**

On September 15, 2004, Old FNF acquired 11 million shares of common stock, and warrants to purchase 4 million additional shares of Covansys Corporation ( Covansys ) common stock, a publicly traded U.S. based provider of application management and offshore outsourcing services with India-based operations, for \$121.0 million in cash. Old FNF subsequently contributed the common stock and warrants to the Company which resulted in the Company owning approximately 29% of the common stock of Covansys. The Company accounted for the investment in common stock using the equity method of accounting. The accounting for the warrants was governed by the provisions of SFAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities*, and changes in the fair value of the warrants were recorded through equity in other comprehensive earnings.

On April 25, 2007, the board of directors of Covansys entered into an agreement with Computer Sciences Corporation ( CSC ) under which CSC agreed to acquire Covansys for \$34.00 per share in an all-cash transaction. The merger closed on July 3, 2007, and the Company exchanged its remaining 6.9 million shares of stock for cash, and 4.0 million warrants for cash, per the terms of the merger agreement. The Company received cash proceeds totaling \$430.2 million and realized a pre-tax gain on sales of Covansys securities of \$274.5 million in 2007, of which \$182.4 million was recorded in the three month period ended September 30, 2007.

**(7) Long-Term Debt**

Long-term debt as of September 30, 2007 and December 31, 2006 consisted of the following (in thousands):

	<b>September 30, 2007</b>	<b>December 31, 2006</b>
Term Loan A, secured, interest payable at LIBOR plus 1.25% (6.37% at September 30, 2007), quarterly principal amortization, maturing January 2012	\$ 2,060,625	\$
Term Loan B, secured, interest payable at LIBOR plus 1.75% (6.87% at September 30, 2007), quarterly principal amortization, maturing January 2014	1,600,000	
Revolving Loan, secured, interest payable at LIBOR plus 1.00% (Eurocurrency Borrowings), Fed-funds plus 1.00% (Swingline Borrowings) or Prime plus 0.00% (Base Rate Borrowings) plus 0.25% facility fee (6.37%, 5.83% or 8.00% respectively at September 30, 2007), maturing January 2012. Total of \$567.8 million unused as of September 30, 2007	332,200	
Term Loan B Facility, repaid January 18, 2007		1,730,000
Term Loan A Facility, repaid January 18, 2007		786,000
Secured notes, net of discount, interest payable semiannually at 4.75%, due September 2008	197,638	195,893
Revolving credit facility, repaid January 18, 2007		159,920
Unsecured notes, interest payable semiannually at 5.39%, due September 2012	98,226	
Other promissory notes with various interest rates and maturities	32,187	137,688
	4,320,876	3,009,501
Less current portion	(272,719)	(61,661)
Long-term debt, excluding current portion	\$ 4,048,157	\$ 2,947,840

On January 18, 2007, the Company entered into a credit agreement with JPMorgan Chase Bank, N.A., as Administrative Agent, Swing Line Lender, and Letter of Credit Issuer, Bank of America, N.A., as Swing Line Lender, and other financial institutions party thereto (the "Credit Agreement"). The Credit Agreement replaced the Company's prior term loans and revolver as well as a \$100 million settlement facility. As a result of the new credit agreement, the Company repaid the old credit agreement and recorded a charge of \$27.2 million to write-off unamortized capitalized debt issuance costs. The Credit Agreement, which became secured as of September 12, 2007, provides for a committed \$2.1 billion five-year term facility denominated in U.S. Dollars (the "Term Loan A") and a committed \$900 million revolving credit facility (the "Revolving Loan") with a sublimit of \$250 million for letters of credit and a sublimit of \$250 million for swing line loans, maturing on the fifth anniversary of the closing date (the "Maturity Date"). The Revolving Loan is bifurcated into a \$735 million multicurrency revolving credit loan (the "Multicurrency Tranche") that can be denominated in any combination of U.S. Dollars, Euro, British Pounds Sterling and Australian Dollars, and any other foreign currency in which the relevant lenders agree to make advances and a \$165 million U.S. Dollar revolving credit loan that can be denominated only in U.S. Dollars. The swingline loans and letters of credit are available as a sublimit under the Multicurrency Tranche. In addition, the Credit Agreement provided for an uncommitted incremental loan facility in the maximum principal amount of \$600 million, which would be made

available only upon receipt of further commitments from lenders under the Credit Agreement sufficient to fund the amount requested by the Company. On July 30, 2007, the Company, along with the requisite lenders, executed an amendment to the existing Credit Agreement to facilitate the Company's acquisition of eFunds. The amendment permitted the issuance of up to \$2.1 billion in additional loans, an increase from the foregoing \$600 million. The amendment became effective September 12, 2007. On September 12, 2007, the Company entered into a joinder agreement to obtain a secured \$1.6 billion tranche of term loans denominated in U.S. Dollars (the Term Loan B) under the Credit Agreement, utilizing \$1.6 billion of the \$2.1 billion uncommitted incremental loan amount. The Term Loan B proceeds were used to finance the eFunds acquisition, and pay related fees and expenses. The Term Loan B will mature on January 18, 2014.

As of September 30, 2007, the Term Loan A balance was \$2.1 billion, the Term Loan B balance was \$1.6 billion and a total of \$332.2 million was outstanding under the Revolving Loan. The obligations under the Credit Agreement have been jointly and severally, unconditionally guaranteed by certain domestic subsidiaries of the Company. Additionally, the Company and certain subsidiary guarantors other than eFunds pledged certain equity interests they held in other entities (including certain of the direct and indirect subsidiaries of the Company) as

**Table of Contents**

**FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

collateral security for their obligations under the credit facility and the guarantee. The pledge also serves to equally and ratably secure the obligations of the Company under the outstanding 4.75% notes due 2008.

The Company may borrow, repay and re-borrow amounts under the Revolving Loan from time to time until the maturity of the Revolving Loan. The Company must make quarterly principal payments under the Term Loan A in scheduled installments of: (a) \$13.1 million per quarter from June 30, 2007 through December 31, 2008; (b) \$26.3 million per quarter from March 31, 2009 through December 31, 2009; and (c) \$52.5 million per quarter from March 31, 2010 through September 30, 2011, with the remaining balance of approximately \$1.5 billion payable on the Maturity Date. The Company must make quarterly principal payments under the Term Loan B in scheduled installments of \$4.0 million per quarter from December 31, 2007 through September 30, 2013 with the remaining balance of approximately \$1.5 billion payable on January 18, 2014.

In addition to the scheduled principal payments, the Term Loans are (with certain exceptions) subject to mandatory prepayment upon issuances of debt, casualty and condemnation events, and sales of assets, as well as from a percentage of excess cash flow (as defined in the Credit Facility) between zero and fifty percent commencing with the cash flow for year ended December 31, 2008. Voluntary prepayments of the Loans are generally permitted at any time without fee upon proper notice and subject to a minimum dollar requirement. Commitment reductions of the Revolving Loan are also permitted at any time without fee upon proper notice. The Revolving Loan has no scheduled principal payments, but it will be due and payable in full on the Maturity Date.

The outstanding balance of the Loans bears interest at a floating rate, which is an applicable margin plus, at the Company's option, either (a) the Eurocurrency (LIBOR) rate or (b) either (i) the federal funds rate or (ii) the prime rate. The applicable margin is subject to adjustment based on a leverage ratio (total indebtedness to EBITDA of the Company and its consolidated subsidiaries, as further defined in the Credit Agreement). Alternatively, the Company has the ability to request the lenders to submit competitive bids for one or more advances under the Revolving Loan (the Bid Rate Advances).

The Credit Agreement contains affirmative, negative and financial covenants customary for financings of this type, including, among other things, limits on the creation of liens, limits on the incurrence of indebtedness, restrictions on investments and dispositions, limitations on dividends and other restricted payments, a minimum interest coverage ratio and a maximum leverage ratio. Upon an event of default, the Administrative Agent can accelerate the maturity of the loan. Events of default include conditions customary for such an agreement, including failure to pay principal and interest in a timely manner and breach of certain covenants. The Company was in compliance with all covenants related to the Credit Agreement at September 30, 2007.

In April 2005, the Company entered into interest rate swap agreements in connection with its prior term loans (or any replacement debt, including the Term Loans). Under these agreements, the Company receives a LIBOR rate of interest in exchange for paying a fixed rate of approximately 4.38% until April 2008 on \$350 million of notional principal amount. In April 2007, the Company entered into a further interest rate swap agreement. Under this agreement, the Company receives a LIBOR rate of interest in exchange for paying a fixed rate of 4.92% until April 2010, on \$850 million of notional principal amount. Subsequent to quarter end, in October 2007, the Company entered into an additional interest rate swap agreement. Under this agreement, the Company receives a LIBOR rate of interest in exchange for paying a fixed rate of 4.73% until October 11, 2009 on \$1.0 billion of notional principal amount. The Company has designated these interest rate swaps as cash flow hedges in accordance with SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*. The estimated fair value of these cash flow hedges results in a liability of \$5.2 million and an asset of \$4.9 million, as of September 30, 2007 and December 31, 2006, respectively, which is included in the accompanying Consolidated Balance Sheets in other noncurrent assets and as a component of accumulated other comprehensive earnings, net of deferred taxes. A portion of the amount included in accumulated other comprehensive earnings is reclassified into interest expense as a yield adjustment as interest payments are made on the Term Loans.

The Company's existing cash flow hedges are highly effective and there is no current impact on earnings due to hedge ineffectiveness. It is the policy of the Company to execute such instruments with credit-worthy banks and not to enter into derivative financial instruments for speculative purposes.

**Table of Contents****FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

Principal maturities at September 30, 2007 for the next five years and thereafter are as follows (in thousands):

2007	\$ 26,584
2008	266,502
2009	143,364
2010	226,000
2011	173,500
Thereafter	3,484,926
Total	\$ 4,320,876

**(8) Income Taxes**

The Company adopted FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* ( FIN 48 ) on January 1, 2007.

At the beginning of 2007, the Company had approximately \$11.6 million of total gross unrecognized tax benefits. Of this total, \$3.5 million (net of the federal benefit on state issues) would favorably affect the effective tax rate. The remaining amounts, if recognized, would result in an adjustment to goodwill. The increase in the amount of gross unrecognized tax benefits as a result of positions taken was \$6.7 million and \$9.1 million for the three and nine months ended September 30, 2007, respectively. Of these amounts, \$6.9 million relates to the gross unrecognized tax benefits related to the eFunds operations.

The total amount of interest expense recognized in the Consolidated Statements of Earnings for unpaid taxes is \$0.2 million (\$0.1 million after tax benefit) and \$0.8 million (\$0.5 million after tax benefit) for the three and nine months ended September 30, 2007, respectively. The total amount of interest and penalties recognized in the consolidated balance sheet is \$3.0 million at September 30, 2007. Interest and penalties on accrued but unpaid taxes are classified in the consolidated financial statements as income tax expense.

The Company and its subsidiaries are subject to U.S. Federal income tax as well as income tax of multiple state and foreign jurisdictions. The Company has been audited by the Internal Revenue Service (the IRS ) over recent years and examinations for all years prior to 2006 have been closed or the statutes have expired. The Company is currently under IRS audit for the 2006 and 2007 tax years. Substantially all material foreign income tax return matters have been concluded through 1999. Substantially all state income tax returns have been concluded through 2002.

Due to the potential expiration of various statutes of limitation in the next twelve months, an estimated \$1.1 million of gross unrecognized tax benefits may be recognized during that twelve month period. Due to the expiration of various statutes of limitation in the nine month period ending September 30, 2007, \$0.3 million of gross unrecognized tax benefits have been reversed against goodwill.

**(9) Commitments and Contingencies*****Litigation***

In the ordinary course of business, the Company is involved in various pending and threatened litigation matters related to operations, some of which include claims for punitive or exemplary damages. The Company believes that no actions, other than the matters listed below, depart from customary litigation incidental to its business. As background to the disclosure below, please note the following:

These matters raise difficult and complicated factual and legal issues and are subject to many uncertainties and complexities.

The Company reviews these matters on an on-going basis and follows the provisions of Statement of Financial Accounting Standards No. 5, *Accounting for Contingencies* ( SFAS 5 ), when making accrual and disclosure decisions. When assessing reasonably possible and probable outcomes, the Company bases decisions on the

assessment of the ultimate outcome following all appeals.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

***Grace & Digital Information Technology Co., Ltd.***

The Company and certain of its employees were named as defendants in a civil lawsuit brought by Grace & Digital Information Technology Co., Ltd. ( Grace ). Grace was a sales agent engaged by Alltel Information Services, Inc. ( AIS ) in June of 2001. In March of 2002 (before AIS was acquired by Fidelity National Financial, Inc.), Grace s contract was terminated because Grace was no longer providing sales agent services. In May of 2004, Grace asserted a claim for unpaid sales commissions, and filed suit against the Company later that same year in Monterey County, California. The case was subsequently re-filed in the United States District Court for the Middle District of Florida in March of 2006. In the lawsuit, Grace alleged damages caused by breach of contract, violation of the Racketeer Influenced and Corrupt Organizations (the RICO ) Act and violation of the Foreign Corrupt Practices Act (the FCPA ). Grace s FCPA and RICO allegations prompted inquiries by both the Securities and Exchange Commission (the SEC ) and the U.S. Department of Justice. The Company s legal counsel investigated Grace s RICO and FCPA allegations and concluded that no violations had occurred. The Company vigorously defended the civil lawsuit and in March of 2007 the court dismissed the RICO claims with prejudice and struck Grace s FCPA allegations. The parties subsequently settled the remaining breach of contract claim at court-ordered mediation in April of 2007. The Company continues to fully cooperate with the SEC and the U.S. Department of Justice.

***Driver s Privacy Protection Act***

A putative class action lawsuit styled Richard Fresco, et al. v. Automotive Directions, Inc. et al, is pending against eFunds and eight other non-related parties in the U.S. District Court for the Southern District of Florida. The complaint alleges that eFunds purchased motor vehicle records from the State of Florida and used that data for marketing and other purposes that are not permitted under the Federal Driver s Privacy Protection Act ( DPPA ). The plaintiffs seek statutory damages of not less than \$2,500 for each affected member of the putative class, plus costs and attorney s fees. The plaintiffs also seek injunctive relief to prevent further alleged violations of the DPPA. In March 2004, eFunds joined in a motion to dismiss the case filed by a co-defendant and eFunds filed its own further motion to dismiss as well as a motion for summary judgment in June 2004. These motions are pending. Six of the other eight defendants, as well as eFunds, have agreed to a proposed settlement which would result in a release from all class members of the DPPA claims and related state law claims and the entry of an order for injunctive relief intended to enhance data management practices. Counsel to the plaintiffs would receive up to \$25 million in attorney s fees, as determined by the court. The settling parties have submitted documentation regarding the proposed settlement to the Court and the Court has preliminarily approved the settlement over the objections of the two non-settling defendants and a group of Texas drivers and motor vehicle record holders. The latter group has filed two class action complaints styled Sharon Taylor, et al. v. Biometric Access Company et al. (Cause No. 2-07CV-018) ( Biometric ) and Sharon Taylor, et al. v. Acxiom et al. (Civil Action No. 2:07CV-01) in the U.S. District Court for the Eastern District of Texas, Marshall Division, alleging similar violations of the DPPA against eFunds as well as its affiliates ChexSystems, Inc. ( ChexSystems ) and Certegy Check Services, Inc. ( Check Services ) in January 2007. The Texas group has moved to intervene in the Florida litigation, oppose the proposed settlement as to the nationwide class and to stay the Florida litigation in favor of the Texas action as to the claims asserted in the Texas action. The plaintiffs in the Florida case and the settling defendants have opposed these motions. The Florida Court has denied the motions without prejudice, preliminarily approved the proposed settlement and conducted a fairness hearing on the proposed settlement on October 24, 2007. The court has not yet rendered its ruling. The Texas group has filed an interlocutory appeal of the Florida Court s order with the Eleventh Circuit and the parties have briefed the issues. ChexSystems and the other defendants have filed to dismiss or stay the complaints filed by the Texas group and the Texas court has granted a stay pending resolution of the motion for final approval of the class action settlement before the Florida court. The Texas group sought a stay of the Florida action in the Florida court and before the Eleventh Circuit to allow the interlocutory appeal to be decided by the Eleventh Circuit; however, the Florida district court and the Eleventh Circuit have both denied that motion. The Company will continue to pursue the approval of the proposed settlement in Florida and will vigorously oppose the Texas DPPA actions (as to the settling defendants) on the grounds that these lawsuits are subject to the proposed nationwide settlement in Florida. The Company cannot predict whether the

proposed settlement of the various DPPA claims will be approved in Florida on a nationwide basis, or at all. Check Services (a defendant in the

**Table of Contents****FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

Biometric lawsuit) filed a motion to dismiss the Biometric complaint on March 26, 2007 for failure to state a cause of action. Check Services believes that the DPPA and applicable Texas law allows Certegy to obtain the records for certain permissible purposes as outlined in Certegy's contract with the State of Texas. The court has not yet ruled on this motion.

**Employee Data Theft**

On July 3, 2007, the Company announced that it experienced a misappropriation of consumer information by a former employee. The Company's investigation into this matter is still on-going. To date, after elimination of duplicates and invalid data, the Company has determined that approximately 7.4 million consumer records were stolen. Some of these records contained only identifying information (i.e., name, address, telephone number and in some cases, date of birth). However, approximately 5.0 million of the records included checking account information and approximately 1.0 million included credit card information. Because the investigation is on-going, it is possible that these numbers may change in the future. To date, the Company has seen no evidence of the stolen information being used for anything other than marketing purposes. Nevertheless, multiple putative class action lawsuits have been filed alleging damage as a consequence of the theft. In addition, the company's public disclosure of the theft prompted an inquiry by the Federal Trade Commission. Although the Company does not believe that it faces any material liability, there can be no assurance that this matter will not result in fines or other charges or adversely impact the Company's relationships with VISA and MasterCard issuing organizations, customers or regulators.

**(10) Stock Option Plans**

The Company accounts for stock-based compensation using the fair value recognition provisions of SFAS No. 123R, *Share-Based Payment* effective as of January 1, 2006. Prior to January 1, 2006, the Company accounted for stock-based compensation using the fair value recognition provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*, which the Company adopted on January 1, 2003 under the prospective method as permitted by SFAS No. 148, *Accounting for Stock-Based Compensation - Transition and Disclosure*. Under this method, stock-based employee compensation cost was recognized from the beginning of 2003 as if the fair value method of accounting had been used to account for all employee awards granted, modified, or settled in years beginning after December 31, 2002. The Company has provided for stock compensation expense of \$9.3 million and \$4.4 million for the three month periods and \$27.1 million and \$37.2 million for the nine month periods ended September 30, 2007 and 2006, respectively, which is included in selling, general, and administrative expenses in the Consolidated Statements of Earnings. The nine month period ended September 30, 2006 included stock compensation expense of \$24.5 million relating to the FIS performance-based options granted on March 9, 2005 for which the performance and market criteria for vesting were met during the quarter.

**(11) Segment Information**

Summarized financial information concerning the Company's segments is shown in the following tables.

As of and for the three month period ended September 30, 2007 (in thousands):

### ***Transaction Processing Services***

The Transaction Processing Services segment focuses on serving the processing and risk management needs of financial institutions and retailers. The primary software applications function as the underlying infrastructure of a financial institution's processing environment. These applications include core bank processing software, which banks use to maintain the primary records of their customer accounts. The Company also provides a number of complementary applications and services that interact directly with the core processing applications, including applications that facilitate interactions between financial institution customers and their clients. The Company offers applications and services through a range of delivery and service models, including on-site outsourcing and remote processing arrangements, as well as on a licensed software basis for installation on customer-owned and operated systems. This segment also includes card issuer services, which enable banks, credit unions, and others to issue VISA and MasterCard credit and debit cards, private label cards, and other electronic payment cards for use by both consumer and business accounts. In addition the Company provides risk management services to retailers and financial institutions. Included in this segment was \$167.0 million and \$123.6 million in revenue from non-U.S.

**Table of Contents**

**FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

based customers in the three month periods and \$373.5 million and \$310.7 million in revenue from non-U.S. based customers in the nine month periods ended September 30, 2007 and 2006, respectively.

***Lender Processing Services***

The Lender Processing Services segment offers core mortgage processing software, which banks use to process and service mortgage loans, as well as customized outsourced business processes and information solutions primarily to national lenders and loan servicers. These processes include centralized, customized title agency and closing services offered to first mortgage, refinance, home equity and sub-prime lenders. In addition, this segment provides default management services to national lenders and loan servicers, allowing customers to outsource the business processes necessary to take a loan and the underlying real estate securing the loan through the default and foreclosure process. This segment's information solutions include property data and real estate-related services. Included in these services are appraisal and valuation services, property records information, real estate tax services, and borrower credit and flood zone information.

***Corporate and Other***

The Corporate and Other segment consists of the corporate overhead and other operations that are not included in the other segments.

**(12) Recent Accounting Pronouncements**

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* ( SFAS 159 ). SFAS 159 permits entities to choose to measure financial instruments and certain other items at fair value that are not currently required to be measured at fair value. SFAS 159 mandates certain financial statement presentation and disclosure requirements when a company elects to report assets and liabilities at fair value under SFAS 159. SFAS 159 is effective as of the beginning of January 1, 2008 for calendar year entities. Management is currently evaluating the impact of adopting SFAS 159 on the Company's statements of financial position and operations.

**(13) Capital Stock Transactions**

During the third quarter, the Company repurchased 1,633,911 shares of FIS stock for \$80.3 million, at an average price per share of \$49.15.

During the quarter ended September 30, 2007, approximately 2.6 million options to purchase common stock of the Company were exercised through the tender of shares in satisfaction of the strike price of \$15.63 per option.

**(14) Subsequent Events**

***Lender Processing Services Spin Off***

On October 25, 2007, the Company announced that the Board of Directors of FIS has approved pursuing a plan to spin-off its LPS division into a separate publicly traded company. As currently contemplated, FIS will contribute the assets of LPS into a newly formed subsidiary (the Newco) in exchange for 100% of the Newco common stock and approximately \$1.6 billion of Newco debt securities. Following receipt of necessary SEC approvals and a tax-free ruling from the IRS, FIS will distribute 100% of the Newco common stock to FIS shareholders in a tax-free spin off. Immediately following the spin-off, FIS will exchange the Newco debt securities it owns for a like amount of existing FIS debt through a debt-for-debt exchange that is tax-free to FIS. FIS would then retire the FIS debt that is exchanged for the Newco debt securities. Completion of the possible spin-off is expected to occur in mid-2008. Management and directors of FIS and Newco have not yet been determined.

**FIDELITY NATIONAL INFORMATION SERVICES, INC.  
AND SUBSIDIARIES**

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) Continued

FIS expects to file a ruling request with the IRS regarding the tax-free nature of the LPS spin-off within approximately 60 days and a preliminary Form 10 Registration Statement with the SEC in the first quarter of 2008. Completion of the spin-off is contingent upon the satisfaction or waiver of a variety of conditions, including final FIS Board of Directors approval. The completion of the proposed spin-off is also subject to risks and uncertainties including but not limited to those associated with the ability of FIS to contribute the LPS assets and liabilities to Newco, risks associated with the ability of Newco to obtain debt on acceptable terms and of FIS to complete the debt exchange in the manner and on the terms currently contemplated as described above, the possibility that necessary governmental approvals or actions (from the IRS, the SEC or other authorities) will not be obtained, and market conditions for the spin-off.

(formerly known as Fidelity National Title Group, Inc.), formerly a subsidiary of Old FNF but now an independent company that remains a related entity from an accounting perspective.*

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following discussion should be read in conjunction with Item 1: Consolidated Financial Statements and the Notes thereto included elsewhere in this report. The discussion below contains forward-looking statements that involve a number of risks and uncertainties. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements. Forward-looking statements are based on management's beliefs, as well as assumptions made by, and information currently available to, management. Because such statements are based on expectations and are not statements of fact, actual results may differ materially from those projected. We undertake no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise. The risks and uncertainties which forward-looking statements are subject to include, but are not limited to: changes in general economic, business and political conditions, including changes in the financial markets; the effects of our substantial leverage, which may limit the funds available to make acquisitions and invest in our business; the risks of reduction in revenue from the elimination of existing and potential customers due to consolidation in the banking, retail and financial services industries; failures to adapt our services to changes in technology or in the marketplace; adverse changes in the level of real estate activity, which would adversely affect certain of our businesses; our potential inability to find suitable acquisition candidates or difficulties in integrating acquisitions; significant competition that our operating subsidiaries face; the risks and uncertainties related to our recently announced data theft, which continues to be investigated, and which includes the potential for fines, increased operating costs and loss of business; the possibility that our acquisition of eFunds may not be accretive to our earnings due to undisclosed liabilities, management or integration issues, loss of customers, the inability to achieve targeted cost savings, or other factors; and other risks detailed in the Statement Regarding Forward-Looking Information, Risk Factors and other sections of the Company's Form 10-K and other filings with the Securities and Exchange Commission (the SEC).

**Overview**

We are one of the largest global providers of processing services to financial institutions, serving customers in over 80 countries throughout the world, and are among the market leaders in core processing, card issuing services, check risk management, mortgage processing, and certain other lender processing services in the U.S. We offer a diversified product mix, and benefit from the opportunity to cross-sell products and services across our broad customer base, and from our expanded international presence and scale. We have two reporting segments, Transaction Processing Services and Lender Processing Services, which produced approximately 62% and 38%, respectively, of our revenues for the nine months ended September 30, 2007.

**Transaction Processing Services.** This segment focuses on serving the processing and risk management needs of financial institutions and retailers. Our primary software applications function as the underlying infrastructure of a financial institution's processing environment. These applications include core bank processing software, which banks use to maintain the primary records of their customer accounts. We also provide a number of complementary applications and services that interact directly with the core processing applications, including applications that facilitate interactions between our financial institution customers and their clients. We offer our applications and services through a range of delivery and service models, including on-site outsourcing and remote processing arrangements, as well as on a licensed software basis for installation

## **Table of Contents**

which enable banks, credit unions, and others to issue VISA and MasterCard credit and debit cards, private label cards, and other electronic payment cards for use by both consumer and business accounts. In addition, we provide risk management services to retailers and financial institutions.

***Lender Processing Services.*** This segment offers core mortgage processing software, which banks use to process and service mortgage loans, as well as customized outsourced business processes and information solutions primarily to national lenders and loan servicers. These processes include centralized, customized title agency and closing services offered to first mortgage, refinance, home equity and sub-prime lenders. In addition, this segment provides default management services to national lenders and loan servicers, allowing customers to outsource the business processes necessary to take a loan and the underlying real estate securing the loan through the default and foreclosure process. This segment's information solutions include property data and real estate-related services. Included in these services are appraisal and valuation services, property records information, real estate tax services, and borrower credit and flood zone information. On October 25, 2007, we announced that our Board of Directors has approved a plan to pursue a spin-off our LPS division into a separate publicly traded company.

The Corporate and Other segment consists of the corporate overhead costs and other operations that are not included in the other segments.

On September 12, 2007, we purchased eFunds (the eFunds Acquisition) (Note 5) in an all cash transaction with purchase accounting applied to the acquired assets and assumed liabilities of eFunds. The results of operations of eFunds are only included in these historical financial statements for periods subsequent to the eFunds Acquisition. The eFunds business units will operate within our TPS segment.

### **Critical Accounting Policies**

There have been no significant changes to our critical accounting policies since our Form 10-K was filed on March 1, 2007.

### **Transactions with Related Parties**

We have historically conducted business with FNF and its subsidiaries, and other related parties. See Notes to Consolidated Financial Statements for a detailed description of all the related party transactions (Note 3).

### **Factors Affecting Comparability**

The Consolidated Financial Statements included in this report that present our financial condition and operating results reflect the following significant transactions:

On September 12, 2007, we acquired eFunds. eFunds provides risk management, EFT services, prepaid card processing, and global outsourcing solutions to financial services companies in the U.S. and internationally. In connection with this acquisition, we borrowed an additional \$1.6 billion under bank credit facilities.

On August 31, 2007, we completed the sale of one of our subsidiaries, Property Insight, to FNF, for \$95.0 million in cash, realizing a pre-tax gain of \$66.9 million (\$42.1 million after-tax) which is reported as a discontinued operation in the consolidated statements of earnings for the three and nine month periods ended September 30, 2007 in accordance with SFAS No. 144. The net earnings from Property Insight have also been reclassified on each statement of earnings presented in accordance with SFAS No. 144. Property Insight was a leading provider of title plant services to FNF, as well as to various national and regional title insurance underwriters. Property Insight primarily managed, maintained, and updated the title insurance plants that are owned by FNF. As a result of the transaction, we received related party revenues from FNF through August 31, 2007, but will incur related party expenses relating to our title agency operation's access to Property Insight's data going forward.

On April 25, 2007, the board of directors of Covansys entered into an agreement with Computer Sciences Corporation (CSC) under which CSC agreed to acquire Covansys for \$34.00 per share in an all-cash transaction. The merger closed on July 3, 2007, and we exchanged our remaining 6.9 million shares of

**Table of Contents**

stock for cash, and 4.0 million warrants for cash, per the terms of the merger agreement. We realized a pre-tax gain on sales of Covansys securities of \$274.5 million in 2007, of which \$182.4 million was recorded in the three month period ended September 30, 2007.

On February 1, 2006, we merged into a wholly-owned subsidiary of Certegy. The transaction resulted in a reverse acquisition with a total purchase price of approximately \$2.2 billion. Certegy provided credit card, debit card, and other transaction processing and check risk management services to financial institutions and merchants in the U.S. and internationally through two segments, Card Services and Check Services.

Although the legal entity that survived the Certegy Merger was Certegy (which has since been renamed Fidelity National Information Services, Inc.), for accounting purposes, our historical financial statements are those of FIS. Our Consolidated Financial Statements include the results of operations of Certegy, from the date of the acquisition. As a result of this transaction, the results of operations in the periods covered by the Consolidated Financial Statements may not be directly comparable.

**Recent Developments**

***Evaluation of Check Services Business***

On August 2, 2007, we announced that our management is evaluating strategic alternatives for our U.S. and Australian check services businesses. Our Board of Directors authorized the plan, allowing management to investigate strategic alternatives. Check Services is a leading provider of retail point-of-sale check risk management solutions, as well as of cash access services to the gaming industry. There can be no assurance that any transaction will result from this review.

***Lender Processing Services Spin Off***

On October 25, 2007, we announced that our Board of Directors has approved pursuing a plan to spin-off our LPS division into a separate publicly traded company. As currently contemplated, we will contribute the assets of LPS into a newly formed subsidiary (the Newco ) in exchange for 100% of the Newco common stock and approximately \$1.6 billion of the Newco debt securities. Following receipt of necessary SEC approvals and a tax-free ruling from the IRS, we will distribute 100% of Newco common stock to our shareholders in a tax-free spin off. Immediately following the spin-off, we will exchange the Newco debt securities for a like amount of our existing debt through a debt-for-debt exchange that is tax-free to us. We would then retire our debt that is exchanged for the Newco debt securities. Completion of the possible spin-off is expected to occur in mid-2008. Management and directors of our company and Newco have not yet been determined.

We expect to file a ruling request with the IRS regarding the tax-free nature of the LPS spin-off within approximately 60 days and a preliminary Form 10 Registration Statement with the SEC in the first quarter of 2008. Completion of the spin-off is contingent upon the satisfaction or waiver of a variety of conditions, including final approval of our Board of Directors. The completion of the proposed spin-off is also subject to risks and uncertainties including but not limited to those associated with our ability to contribute the LPS assets and liabilities to Newco, risks associated with the ability of Newco to obtain debt on acceptable terms and with our ability to complete the debt exchange in the manner and on the terms currently contemplated as described above, the possibility that necessary governmental approvals or actions (from the IRS, the SEC or other authorities) will not be obtained, and market conditions for the spin-off.

*Processing and Services Revenues*

Processing and services revenues totaled \$1.2 billion and \$1.1 billion in the three months and \$3.4 billion and \$2.9 billion in the nine months ended September 30, 2007 and 2006, respectively. The increase in the three months ended September 30, 2007 as compared to the three months ended September 30, 2006 of \$109.9 million, or 10.4%, was primarily due to organic growth across both segments and the inclusion of \$26.6 million of revenue from eFunds from its September 12, 2007 acquisition date through September 30, 2007. Growth in the Transaction Processing Services segment was driven by strong new sales, particularly in our international operations. The growth in the Lender Processing Services segment is primarily attributable to continuing increased demand for our default management related services and market share gains in our appraisal services, partially offset by decreased related party revenues from FNF (Note 3). For the nine months ended September 30, 2007 compared to the nine months ended September 30, 2006, the increase of \$494.0 million was due primarily to the same growth trends

**Table of Contents**

discussed above and increased related party revenues from FNF (Note 3), with the impact of the Certegy Merger (Note 5) contributing one additional month in the current year, or approximately \$96.4 million of the total increase. The new Brazilian outsourcing operation added \$39.4 million to the increase in the current year for the nine month period. The deconsolidation of Fidelity National Real Estate Solutions, Inc. ( FNRES ) partially offset the increase for both the three and nine months ended September 30, 2007.

*Cost of Revenues*

Cost of revenues totaled \$838.9 million and \$758.8 million for the three months and \$2.5 billion and \$2.1 billion for the nine months ended September 30, 2007 and 2006, respectively. The increase in cost of revenues of \$80.1 million in the three months ended September 30, 2007 as compared to the same three months in the prior year is primarily the result of increased costs associated with the increased revenues and the inclusion of expenses relating to the operations of eFunds since its acquisition date. The increase in cost of revenues of \$397.7 million in the nine months ended September 30, 2007 compared with the nine months ended September 30, 2006 is primarily attributable to the growth trends across both segments and the impact of one additional month of Certegy in the current year, which contributed approximately \$76.0 million of the total increase. The deconsolidation of FNRES partially offset the increase for both the three and nine months ended September 30, 2007.

*Gross Profit*

Gross profit as a percentage of revenues was 28.2% and 28.3% for three months and 27.9% and 29.4% for the nine months ended September 30, 2007 and 2006, respectively. The decrease in gross profit margin is due primarily to the Lender Processing Services segment, which has been experiencing growth in lower margin product lines, particularly our appraisal services, along with declining margins in our tax and property exchange services due to the overall slowing of the real estate market. The impact of declining margins in these business lines is greater for the nine month period comparison than for the most current three months due to the offsetting effect of targeted expense reductions made as a result of the lower volumes.

*Selling, General and Administrative Expenses*

Selling, general and administrative expenses totaled \$123.8 million and \$111.0 million for three months and \$363.9 million and \$379.3 million for the nine months ended September 30, 2007 and 2006, respectively. The change in the three month period relates to increased labor and other overhead costs, and the inclusion of \$3.9 million of expenses relating to eFunds since its acquisition date. The decrease of \$15.4 million for the nine months ended September 30, 2007 as compared to the nine months ended September 30, 2006 primarily relates to the decrease in stock based compensation expense, and the deconsolidation of FNRES. Stock based compensation decreased from \$37.2 million in the nine months ended September 30, 2006 to \$27.1 million in the nine months ended September 30, 2007, or \$10.1 million. The decrease in stock-based compensation is attributable to the \$24.5 million in expense recorded for the vesting of the FIS performance-based options granted in March 2005 for which the performance criteria was met during the first quarter of 2006. After the impact of stock compensation and the deconsolidation of FNRES, the remaining decrease results from achieving current year cost reductions associated with further integration of the Certegy Merger, partially offset by one additional month of Certegy in the current year, and the impact of eFunds since its acquisition date.

*Research and Development Costs*

Research and development costs totaled \$26.5 million and \$25.9 million for the three months and \$77.2 million and \$77.6 million for the nine months ended September 30, 2007 and 2006, respectively.

*Operating Income*

Operating income totaled \$178.9 million and \$162.5 million for the three months and \$516.4 million and \$404.3 million for the nine months ended September 30, 2007 and 2006, respectively. Operating income was 15.3% and 15.4% of total revenue for the three months, and 15.1% and 13.8% of total revenue in the nine months ended

**Table of Contents**

September 30, 2007 and 2006, respectively. The increase in the 2007 year to date period reflects the factors discussed above, including increased revenues and synergies reached relating to the Certegy Merger.

*Interest expense*

Interest expense totaled \$44.4 million and \$49.7 million for three months and \$159.5 million and \$142.0 million for the nine months ended September 30, 2007 and 2006, respectively. The decrease in the three month period ended September 30, 2007 as compared to the three month period ended September 30, 2006 results from more favorable interest rates under our new credit facility as well as a lower outstanding long-term debt balance prior to September 12, 2007. The increased interest expense as a result of our new debt subsequent to September 12, 2007 partially offset the decrease for the three month period (Note 7). The increase for the nine months ended September 30, 2007 compared to the nine months ended September 30, 2006 results primarily from the inclusion of a \$27.2 million charge to write-off capitalized debt issuance costs relating to our prior credit facility, and the increased interest as a result of our new debt, partially offset by the impact of lower interest rates and the lower long-term debt balance through September 12, 2007.

*Income Tax Expense*

FIS recorded income tax expense of \$118.9 million and \$40.2 million for the three months and \$236.2 million and \$98.3 million for the nine months ended September 30, 2007 and 2006, respectively. This resulted in an effective tax rate of 37.0% for the three and nine months ended September 30, 2007, respectively, and 35.7% and 37.2% for the three and nine months ended September 30, 2006. The increase in tax expense for the three month period is attributable to increased operating income and the gain on sale of Covansys common stock and warrants. The decrease in the overall effective tax rate for the nine month period is due to the increase in foreign pre-tax income, which is taxed at overall lower rates.

*Net Earnings*

Net earnings from continuing operations were \$201.3 million and \$74.2 million for the three months and \$402.0 million and \$169.7 million for the nine months ended September 30, 2007 and 2006, respectively, and diluted earnings per share from continuing operations totaled \$1.02 and \$0.39 for the three months and \$2.04 and \$0.90 for the nine months ended September 30, 2007 and 2006, respectively. Included in net earnings is an after tax gain of \$114.9 million, or \$0.58 per diluted share, and \$172.9 million, or \$0.88 per diluted share, from the sale of Covansys common stock and warrants for the three and nine months ended September 30, 2007. Net earnings from discontinued operations (including gain on disposition of Property Insight) were \$44.0 million and \$4.4 million for the three months and \$50.8 million and \$14.2 million for the nine months ended September 30, 2007, respectively, and diluted earnings per share from discontinued operations totaled \$0.23 and \$0.02 for the three months and \$0.26 and \$0.08 for the nine months ended September 30, 2007 and 2006, respectively.

Operating income	\$ 85,888	\$ 78,442	\$ 273,964	\$ 204,652

**Table of Contents**

Revenues for the Transaction Processing Services segment are derived from three main revenue channels: Enterprise Solutions, Integrated Financial Solutions ( IFS ) and International. Revenues from the Transaction Processing Services segment totaled \$719.5 million and \$650.4 million for the three months and \$2.1 billion and \$1.8 billion for the nine months ended September 30, 2007 and 2006, respectively. The overall segment increase of \$69.1 million in the three months ended September 30, 2007, as compared to the three months ended September 30, 2006, was attributable to strong organic growth across the IFS and International revenue channels, as well as additional revenue in all three channels attributable to eFunds, which contributed \$26.6 million from its September 12, 2007 acquisition date through September 30, 2007. In total, IFS contributed \$295.3 million, International contributed \$142.1 million, and Enterprise Solutions contributed \$255.5 million of revenue in the three months ended September 30, 2007, compared to \$275.8 million, \$117.9 million, and \$256.7 million in the three months ended September 30, 2006, respectively. The increase in overall revenues for the nine month period ended September 30, 2007 of \$345.8 million results from the previously mentioned growth, combined with the impact of one additional month of Certegy revenues, which totaled \$96.4 million, and the impact of launching our Brazilian outsourcing operation during the third quarter of 2006, which totaled \$39.4 million.

Cost of revenues for the Transaction Processing Services segment totaled \$569.4 million and \$514.4 million for the three months and \$1.7 billion and \$1.4 billion for the nine months ended September 30, 2007 and 2006, respectively. The \$55.0 million increase in the three months ending September 30, 2007, as compared to the three months ended September 30, 2006, was primarily attributable to increased labor and other variable costs attributable to the increased revenues, and the impact of eFunds since its acquisition date. Gross profit as a percentage of revenues was 20.9% and 20.9% for the three months and 21.8% and 21.9% for the nine months ending September 30, 2007 and 2006, respectively.

Selling, general and administrative expenses for the Transaction Processing Services segment totaled \$46.6 million and \$39.7 million for the three months and \$135.7 million and \$130.3 million for the nine months ended September 30, 2007 and 2006, respectively. The increase in 2007 is primarily attributable to increased labor costs, associated with increased business, one additional month of Certegy, and the impact of eFunds since its acquisition date, partially offset by achieving current year cost reductions associated with further integration of the Certegy Merger.

Research and development costs totaled \$17.6 million and \$17.8 million for the three months and \$50.0 million and \$52.2 million for the nine months ended September 30, 2007 and 2006, respectively.

Operating income totaled \$85.9 million and \$78.4 million for the three months and \$273.9 million and \$204.7 million for the nine months ended September 30, 2007 and 2006, respectively. Operating margin was approximately 11.9% and 12.1% of total revenues for the three months and 13.0% and 11.6% of total revenues for the nine months ended September 30, 2007 and 2006, respectively.

*Lender Processing Services*

	<b>Three month periods ended September 30,</b>		<b>Nine month periods ended September 30,</b>	
	<b>2007</b>	<b>2006</b>	<b>2007</b>	<b>2006</b>
	<b>(Unaudited)</b>		<b>(Unaudited)</b>	
	<b>(In thousands)</b>		<b>(In thousands)</b>	
Processing and services revenues	\$ 444,183	\$ 409,431	\$ 1,306,296	\$ 1,170,575
Cost of revenues	269,476	244,423	819,965	695,610
Gross profit	174,707	165,008	486,331	474,965
Selling, general and administrative expenses	48,168	49,622	138,099	155,528
Research and development costs	8,877	8,017	27,151	25,378
Operating income	\$ 117,662	\$ 107,369	\$ 321,081	\$ 294,059

Revenues from the Lender Processing Services segment totaled \$444.2 million and \$409.4 million for the three months and \$1.3 billion and \$1.2 billion for the nine months ended September 30, 2007 and 2006, respectively. The overall segment increase of \$34.8 million for the three months ended September 30, 2007, as compared to the three

**Table of Contents**

months ended September 30, 2006, was primarily attributable to increased demand for our appraisal services and continued growth in our default management services. These increases are partially offset by a decrease in revenues earned from FNF, related to the Property Insight sale (Note 3), the deconsolidation of FNRES, and reductions in some of our businesses that are more prone to cyclicalities in the real estate market.

Cost of revenues for the Lender Processing Services segment totaled \$269.5 million and \$244.4 million for the three months and \$820.0 million and \$695.6 million for the nine months ended September 30, 2007 and 2006, respectively. The \$25.1 million increase in the three months ending September 30, 2007, as compared to the three months ended September 30, 2006, was primarily attributable to increased personnel, data processing, and other variable costs as a result of increased sales, slightly offset by the deconsolidation of FNRES. Gross profit as a percentage of revenues was 39.3% and 40.3% for the three months and 37.2% and 40.6% for the nine months ended September 30, 2007 and 2006, respectively. The decrease in gross profit percentage relates primarily to growth in lower margin product lines, in particular appraisal and other professional services, along with the decline in tax and property exchange services, which typically have higher margins, due to the slowing of the real estate market.

Selling, general and administrative expenses relating to the Lender Processing Services segment totaled \$48.2 million and \$49.6 million for the three months and \$138.1 million and \$155.5 million for the nine months ended September 30, 2007 and 2006, respectively. The decrease in 2007 is primarily attributable to the deconsolidation of FNRES, offset by an increase in headcount to support growth in certain businesses, as well as increased overhead costs.

Research and development costs totaled \$8.9 million and \$8.0 million for the three months and \$27.2 million and \$25.4 million for the nine months ended September 30, 2007 and 2006, respectively.

Operating income for the Lender Processing Services segment totaled \$117.7 million and \$107.4 million for the three months and \$321.1 million and \$294.1 million for the nine months ended September 30, 2007 and 2006, respectively. Operating income was 26.5% and 26.2% of revenues for the three months and 24.6% and 25.1% of revenues for the nine months ended September 30, 2007 and 2006, respectively.

*Corporate and Other*

The Corporate and Other segment consists of the corporate overhead costs and additional small operations that are not included in the other segments. Corporate costs are primarily incurred directly by us; however, the 2006 period includes some amounts that were allocated from FNF prior to the merger with Old FNF, including stock based compensation. Selling, general and administrative expenses were \$29.0 million and \$21.7 million for the three months and \$90.2 million and \$93.4 million for the nine months ended September 30, 2007 and 2006, respectively. The increase of \$7.3 million for the three months ended September 30, 2007 compared to the same period in 2006 is primarily attributable to increased benefit costs including stock compensation and other plans. The decrease in the nine month period ended September 30, 2007 primarily relates to a decrease in stock based compensation expense which decreased from \$37.2 million in 2006 to \$27.1 million in 2007. This decrease is primarily attributable to the \$24.5 million in expense recorded for the vesting of the FIS performance-based options granted in March 2005 for which the performance criteria were met during the first quarter of 2006.

**Liquidity and Capital Resources***Cash Requirements*

Our cash requirements include cost of revenues, selling, general and administrative expenses, income taxes, debt service payments, capital expenditures, systems development expenditures, stockholder dividends, and business acquisitions. Our principal sources of funds are cash generated by operations and borrowings.

At September 30, 2007, we have cash on hand of \$279.1 million and debt of approximately \$4.3 billion, including the current portion. We expect cash flows from operations over the next twelve months will be sufficient to fund our operating cash requirements and pay principal and interest on our outstanding debt absent any unusual circumstances such as acquisitions or adverse changes in the business environment.

**Table of Contents**

We currently pay quarterly dividends to our shareholders of \$0.05 per share and expect to continue to do so in the future, although the payment of any future dividends is at the discretion of our Board of Directors and subject to any limits in our debt or other agreements.

We intend to limit dilution caused by option exercises, including anticipated exercises, by repurchasing shares on the open market or in privately negotiated transactions. During 2006, we repurchased 4,261,200 shares at an average price of \$37.60 under this program. On October 25, 2006, our Board of Directors approved a plan authorizing repurchases of up to an additional \$200 million worth of our common stock. During the third quarter, we repurchased approximately 1.6 million shares of our stock for \$80.3 million, at an average price per share of \$49.15.

*Capital Expenditures*

Our principal capital expenditures are for computer software (purchased and internally developed) and additions to property and equipment. In 2006, we spent approximately \$300.2 million on capital expenditures. We spent \$244.7 million during the nine months ended September 30, 2007. We expect to spend approximately \$325.0 million by the end of the year, primarily on equipment, purchased software and internally developed software.

*Financing*

On January 18, 2007, we entered into a credit agreement with JPMorgan Chase Bank, N.A., as Administrative Agent, Swing Line Lender, and Letter of Credit Issuer, Bank of America, N.A., as Swing Line Lender, and other financial institutions party thereto (the Credit Agreement). The Credit Agreement replaced our prior term loans and revolver as well as a \$100 million settlement facility. As a result of the new credit agreement, we repaid the old credit agreement and recorded a charge of \$27.2 million to write-off unamortized capitalized debt issuance costs. The Credit Agreement, which became secured as of September 12, 2007, provides for a committed \$2.1 billion five-year term facility denominated in U.S. Dollars (the Term Loan A) and a committed \$900 million revolving credit facility (the Revolving Loan) with a sublimit of \$250 million for letters of credit and a sublimit of \$250 million for swing line loans, maturing on the fifth anniversary of the closing date (the Maturity Date). The Revolving Loan is bifurcated into a \$735 million multicurrency revolving credit loan (the Multicurrency Tranche) that can be denominated in any combination of U.S. Dollars, Euro, British Pounds Sterling and Australian Dollars, and any other foreign currency in which the relevant lenders agree to make advances and a \$165 million U.S. Dollar revolving credit loan that can be denominated only in U.S. Dollars. The swingline loans and letters of credit are available as a sublimit under the Multicurrency Tranche. In addition, the Credit Agreement provided for an uncommitted incremental loan facility in the maximum principal amount of \$600 million, which would be made available only upon receipt of further commitments from lenders under the Credit Agreement sufficient to fund the amount we requested. On July 30, 2007, we, along with the requisite lenders, executed an amendment to our existing Credit Agreement to facilitate our acquisition of eFunds. The amendment permitted the issuance of up to \$2.1 billion in additional loans, up from the prior \$600 million. The amendment became effective September 12, 2007. On September 12, 2007, we entered into a joinder agreement to obtain a secured \$1.6 billion tranche of term loans denominated in U.S. Dollars (the Term Loan B) under the Credit Agreement, utilizing \$1.6 billion of the \$2.1 billion uncommitted incremental loan amount. The Term Loan B proceeds were used to finance the eFunds acquisition, and pay related fees and expenses. The Term Loan B will mature on January 18, 2014.

As of September 30, 2007, the Term Loan A balance was \$2.1 billion, the Term Loan B balance was \$1.6 billion and a total of \$332.2 million was outstanding under the Revolving Loan. The obligations under the Credit Agreement have been jointly and severally, unconditionally guaranteed by certain of our domestic subsidiaries. Additionally, we and certain subsidiary guarantors other than eFunds pledged certain equity interests they held in other entities (including certain of our direct and indirect subsidiaries) as collateral security for their obligations under the credit facility and the guarantee. The pledge also serves to equally and ratably secure our obligations under the outstanding 4.75% notes due 2008.

We may borrow, repay and re-borrow amounts under the Revolving Loan from time to time until the maturity of the Revolving Loan. We must make quarterly principal payments under the Term Loan A in scheduled installments of: (a) \$13.1 million per quarter from June 30, 2007 through December 31, 2008; (b) \$26.3 million per quarter from March 31, 2009 through December 31, 2009; and (c) \$52.5 million per quarter from March 31, 2010 through September 30, 2011, with the remaining balance of approximately \$1.5 billion payable on the Maturity Date. We

**Table of Contents**

must make quarterly principal payments under the Term Loan B in scheduled installments of \$4.0 million per quarter from December 31, 2007 through September 30, 2013 with the remaining balance of approximately \$1.5 billion payable on January 18, 2014.

In addition to the scheduled principal payments, the Term Loans are (with certain exceptions) subject to mandatory prepayment upon issuances of debt, casualty and condemnation events, and sales of assets, as well as with a percentage of excess cash flow (as defined in the Credit Facility) between zero and fifty percent commencing with the cash flow for year ended December 31, 2008. Voluntary prepayments of the Loans are generally permitted at any time without fee upon proper notice and subject to a minimum dollar requirement. Commitment reductions of the Revolving Loan are also permitted at any time without fee upon proper notice. The Revolving Loan has no scheduled principal payments, but it will be due and payable in full on the Maturity Date.

The outstanding balance of the Loans bears interest at a floating rate, which is an applicable margin plus, at our option, either (a) the Eurocurrency (LIBOR) rate or (b) either (i) the federal funds rate or (ii) the prime rate. The applicable margin is subject to adjustment based on a leverage ratio (total indebtedness to EBITDA of our company and consolidated subsidiaries, as further defined in the Credit Agreement). Alternatively, we have the ability to request the lenders to submit competitive bids for one or more advances under the Revolving Loan (the Bid Rate Advances ).

The Credit Agreement contains affirmative, negative and financial covenants customary for financings of this type, including, among other things, limits on the creation of liens, limits on the incurrence of indebtedness, restrictions on investments and dispositions, limitations on dividends and other restricted payments, a minimum interest coverage ratio and a maximum leverage ratio. Upon an event of default, the Administrative Agent can accelerate the maturity of the loan. Events of default include conditions customary for such an agreement, including failure to pay principal and interest in a timely manner and breach of certain covenants. Our management believes that we are in compliance with all covenants related to the Credit Agreement at September 30, 2007.

*Contractual Obligations*

Our long-term contractual obligations generally include our long-term debt and operating lease payments on certain of our property and equipment. The 5-year schedule as of September 30, 2007 is as follows (in thousands):

	2007	2008	2009	2010	2011	Thereafter	Total
Long-term debt (Note 7)	\$ 26,584	\$ 266,502	\$ 143,364	\$ 226,000	\$ 173,500	\$ 3,484,926	\$ 4,320,876
Interest	66,162	275,502	259,882	247,291	234,479	225,266	1,308,582
Operating leases	14,198	53,625	40,480	27,658	14,917	19,222	170,100
Investment commitments	19,128	39,093					58,221
Purchase commitments	8,316	33,264					41,580
Data processing agreement obligations	10,451	50,278	53,900	55,990	55,645	325,213	551,477
Total	\$ 144,839	\$ 718,264	\$ 497,626	\$ 556,939	\$ 478,541	\$ 4,054,627	\$ 6,450,836

*Off-Balance Sheet Arrangements*

We do not have any material off-balance sheet arrangements other than the lease discussed below.

We have a synthetic lease arrangement (the Wisconsin Lease ) which is not included in our consolidated balance sheets with respect to our facilities in Madison, Wisconsin (the Wisconsin Leased Property ). In connection with the Certegy Merger, the term of the Wisconsin Lease was amended so that it was scheduled to expire on December 31, 2006. The term of the Wisconsin Lease has since been further amended so that it now expires on December 31, 2007.

The original cost to the lessor of the Wisconsin Leased Property when Certegy entered into the Wisconsin Lease was approximately \$10.1 million. Subject to the satisfaction of certain conditions, we have the option to acquire the Wisconsin Leased Property at its original cost, or to direct the sale of the

**Table of Contents**

Wisconsin Leased Property to a third party. During the three months ended September 30, 2007, we directed the sale of the Wisconsin Leased Property which resulted in recording a charge of \$1.0 million.

*Escrow Arrangements*

In conducting our operations, we routinely hold customers' assets in escrow, pending completion of real estate transactions. Certain of these amounts are maintained in segregated bank accounts and have not been included in the accompanying Consolidated Balance Sheets. We have a contingent liability relating to proper disposition of these balances, which amounted to \$2.1 billion at September 30, 2007. As a result of holding these customers' assets in escrow, we have ongoing programs for realizing economic benefits during the year through favorable borrowing and vendor arrangements with various banks. There were no investments or loans outstanding as of September 30, 2007, related to these arrangements.

**Recent Accounting Pronouncements**

In February 2007, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (SFAS 159). SFAS 159 permits entities to choose to measure financial instruments and certain other items at fair value that are not currently required to be measured at fair value. SFAS 159 mandates certain financial statement presentation and disclosure requirements when a company elects to report assets and liabilities at fair value under SFAS 159. SFAS 159 is effective as of the beginning of January 1, 2008 for calendar year entities. Management is currently evaluating the impact of adopting SFAS 159 on our statements of financial position and operations.

**Item 3. Quantitative and Qualitative Disclosure About Market Risks**

As of September 30, 2007, we are paying interest on the Credit Agreement at LIBOR plus 1.25% and LIBOR plus 1.75% on our Term Loan A and Term Loan B, respectively. A one percent increase in the LIBOR rate would increase our annual debt service on the Credit Agreement by \$20.1 million (based on principal amounts outstanding at September 30, 2007, net of interest rate swaps, including those entered into after September 30, 2007). The credit rating assigned to FIS by Standard & Poor's was BB at September 30, 2007.

In April 2005, we entered into interest rate swap agreements in connection with our prior term loans (or any replacement debt, including the Term Loans). Under these agreements, we receive a LIBOR rate of interest in exchange for paying a fixed rate of approximately 4.38% until April 2008 on \$350 million of notional principal amount. In April 2007, we entered into a further interest rate swap agreement. Under this agreement, we receive a LIBOR rate of interest in exchange for paying a fixed rate of 4.92% until April 2010, on \$850 million of notional principal amount. Subsequent to quarter end, in October 2007, we entered into an additional interest rate swap agreement. Under this agreement, we receive a LIBOR rate of interest in exchange for paying a fixed rate of 4.73% until October 11, 2009 on \$1.0 billion of notional principal amount. We have designated these interest rate swaps as cash flow hedges in accordance with SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*. The estimated fair value of these cash flow hedges results in a liability of \$5.2 million and an asset of \$4.9 million, as of September 30, 2007 and December 31, 2006, respectively, which is included in the accompanying Consolidated Balance Sheets in other noncurrent assets and as a component of accumulated other comprehensive earnings, net of deferred taxes. A portion of the amount included in accumulated other comprehensive earnings is reclassified into interest expense as a yield adjustment as interest payments are made on the Term Loans.

Our existing cash flow hedges are highly effective and there is no current impact on earnings due to hedge ineffectiveness. It is our policy to execute such instruments with credit-worthy banks and not to enter into derivative financial instruments for speculative purposes.

**Item 4. Controls and Procedures**

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined in Rule 13a-15(e) under the

**Table of Contents**

Exchange Act. Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures are effective to provide reasonable assurance of timely alerts to material information required to be included in our periodic SEC reports.

There were no changes in our internal control over financial reporting that occurred during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Part II: OTHER INFORMATION**

**Item 1. Legal Proceedings**

In the ordinary course of business, we are involved in various pending and threatened litigation matters related to operations, some of which include claims for punitive or exemplary damages. We believe that no actions, other than the matters listed below, depart from customary litigation incidental to the business. As background to the disclosure below, please note the following:

These matters raise difficult and complicated factual and legal issues and are subject to many uncertainties and complexities.

We review these matters on an ongoing basis and follow the provisions of SFAS No. 5, *Accounting for Contingencies* ( SFAS 5 ), when making accrual and disclosure decisions. When assessing reasonably possible and probable outcomes, we base decisions on the assessment of the ultimate outcome following all appeals.

***Grace & Digital Information Technology Co., Ltd.***

We and certain of our employees were named as defendants in a civil lawsuit brought by Grace & Digital Information Technology Co., Ltd. ( Grace ). Grace was a sales agent engaged by Alltel Information Services, Inc. ( AIS ) in June of 2001. In March of 2002 (before AIS was acquired by Fidelity National Financial, Inc.), Grace s contract was terminated because Grace was no longer providing sales agent services. In May of 2004, Grace asserted a claim for unpaid sales commissions, and filed suit against us later that same year in Monterey County, California. The case was subsequently re-filed in the United States District Court for the Middle District of Florida in March of 2006. In the lawsuit, Grace alleged damages caused by breach of contract, violation of the Racketeer Influenced and Corrupt Organizations (the RICO ) Act and violation of the Foreign Corrupt Practices Act (the FCPA ). Grace s FCPA and RICO allegations prompted inquiries by both the SEC and the U.S. Department of Justice. Our legal counsel investigated Grace s RICO and FCPA allegations and concluded that no violations had occurred. We vigorously defended the civil lawsuit and in March of 2007 the court dismissed the RICO claims with prejudice and struck Grace s FCPA allegations. The parties subsequently settled the remaining breach of contract claim at court-ordered mediation in April of 2007. We continue to fully cooperate with the SEC and the U.S. Department of Justice.

***Driver s Privacy Protection Act***

A putative class action lawsuit styled Richard Fresco, et al. v. Automotive Directions, Inc. et al, is pending against eFunds and eight other non-related parties in the U.S. District Court for the Southern District of Florida. The complaint alleges that eFunds purchased motor vehicle records from the State of Florida and used that data for marketing and other purposes that are not permitted under the Federal Driver s Privacy Protection Act ( DPPA ). The plaintiffs seek statutory damages of not less than \$2,500 for each affected member of the putative class, plus costs and attorney s fees. The plaintiffs also seek injunctive relief to prevent further alleged violations of the DPPA. In March 2004, eFunds joined in a motion to dismiss the case filed by a co-defendant and eFunds filed its own further motion to dismiss as well as a motion for summary judgment in June 2004. These motions are pending. Six of the other eight defendants, as well as eFunds, have agreed to a proposed settlement which would result in a release from all class members of the DPPA claims and related state law claims and the entry of an order for injunctive relief intended to enhance data management practices. Counsel to the plaintiffs would receive up to \$25 million in attorney s fees, as determined by the court. The settling parties have submitted documentation regarding

**Table of Contents**

the proposed settlement to the Court and the Court has preliminarily approved the settlement over the objections of the two non-settling defendants and a group of Texas drivers and motor vehicle record holders. The latter group has filed two class action complaints styled Sharon Taylor, et al. v. Biometric Access Company et al. (Cause No. 2-07CV-018) ( Biometric ) and Sharon Taylor, et al. v. Acxiom et al. (Civil Action No. 2:07CV-01) in the U.S. District Court for the Eastern District of Texas, Marshall Division, alleging similar violations of the DPPA against eFunds as well as its affiliates ChexSystems, Inc. ( ChexSystems ) and Certegy Check Services, Inc. ( Check Services ) in January 2007. The Texas group has moved to intervene in the Florida litigation, oppose the proposed settlement as to the nationwide class and to stay the Florida litigation in favor of the Texas action as to the claims asserted in the Texas action. The plaintiffs in the Florida case and the settling defendants have opposed these motions. The Florida Court has denied the motions without prejudice, preliminarily approved the proposed settlement and conducted a fairness hearing on the proposed settlement on October 24, 2007. The court has not yet rendered its ruling. The Texas group has filed an interlocutory appeal of the Florida Court's order with the Eleventh Circuit and the parties have briefed the issues. ChexSystems and the other defendants have filed to dismiss or stay the complaints filed by the Texas group and the Texas court has granted a stay pending resolution of the motion for final approval of the class action settlement before the Florida court. The Texas group sought a stay of the Florida action in the Florida court and before the Eleventh Circuit to allow the interlocutory appeal to be decided by the Eleventh Circuit; however, the Florida district court and the Eleventh Circuit have both denied that motion. We will continue to pursue the approval of the proposed settlement in Florida and will vigorously oppose the Texas DPPA actions (as to the settling defendants) on the grounds that these lawsuits are subject to the proposed nationwide settlement in Florida. We cannot predict whether the proposed settlement of the various DPPA claims will be approved in Florida on a nationwide basis, or at all. Check Services (a defendant in the Biometric lawsuit) filed a motion to dismiss the Biometric complaint on March 26, 2007 for failure to state a cause of action. Check Services believes that the DPPA and applicable Texas law allows Certegy to obtain the records for certain permissible purposes as outlined in Certegy's contract with the State of Texas. The court has not yet ruled on this motion.

**Item 1A. Risk Factors**

The following is in addition to the matters described in the Risk Factors section of our Form 10-K for the year ended December 31, 2006 and updates our risk factor disclosure in our Form 10-Q for the six months ended June 30, 2007.

***Misappropriation of consumer data by a former employee could materially adversely affect our relationship with governing organizations, customers or regulators.***

On July 3, 2007, we announced that we experienced a misappropriation of consumer information by a former employee. Our investigation into this matter is still on-going. To date, after elimination of duplicates and invalid data, we have determined that approximately 7.4 million consumer records were stolen. Some of these records contained only identifying information (i.e., name, address, telephone number and in some cases, date of birth). However, approximately 5.0 million of the records included checking account information and approximately 1.0 million included credit card information. Because the investigation is on-going, it is possible that these numbers may change in the future. To date, we have seen no evidence of the stolen information being used for anything other than marketing purposes. Nevertheless, multiple putative class action lawsuits have been filed alleging damage as a consequence of the theft. In addition, our public disclosure of the theft prompted an inquiry by the Federal Trade Commission. Although we do not believe that we face any material liability, there can be no assurance that this matter will not result in fines or other charges or adversely impact our relationships with VISA and MasterCard issuing organizations, customers or regulators.

**Table of Contents****Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

The following table summarizes purchases of equity securities by the issuer during the quarter ended September 30, 2007:

<b>Period</b>	<b>Total Number of Shares Purchased</b>	<b>Average price paid per share</b>	<b>Total Cost of Shares Purchased as Part of Publicly Announced Plans or Programs (1)</b>	<b>Total Cost of Shares that May be Purchased Under the Plans or Programs (2)</b>
7/1/07 to 7/31/07		\$	\$	\$ 206.8
8/1/07 to 8/31/07	1,633,911	49.15	80.3	126.5
9/1/07 to 9/30/07				
<b>Total</b>	<b>1,633,911</b>	<b>\$ 49.15</b>	<b>\$ 80.3</b>	<b>\$ 126.5</b>

(1) On October 25, 2006, our Board of Directors approved a plan authorizing repurchases of up to an additional \$200 million worth of our common stock.

(2) As of the last day of the applicable month.

**Item 6. Exhibits**

(a) Exhibits:

31.1 Certification of Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.

31.2 Certification of Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.

32.1 Certification by Chief Executive Officer of Periodic Financial Reports pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, 18 U.S.C. Section 1350.

32.2 Certification by Chief Financial Officer of Periodic Financial Reports pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, 18 U.S.C. Section 1350.
