**NOTICE OF 2006 ANNUAL MEETING
OF STOCKHOLDERS
To Be Held April 28, 2006**

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of Maritrans Inc. (the Company) for use at the 2006 Annual Meeting of Stockholders (the Meeting) to be held on Friday, April 28, 2006, at 9:00 a.m., local time, at the Hotel DuPont, 11th and Market Streets, Wilmington, Delaware 19801. Each proxy that is properly executed and returned in time for use at the Meeting will be voted at the Meeting and any adjournments or postponements thereof in accordance with the choices specified. Each proxy may be revoked by the person giving the same at any time before its exercise by notice in writing received by the Secretary.

The cost of solicitation of proxies will be borne by the Company. Solicitation will be made by mail. Additional solicitation may be made by means of follow-up letter, telephone or fax by officers and employees of the Company, who will not be specially compensated for such services. Proxy forms and materials also will be distributed to beneficial owners through brokers, custodians, nominees and similar parties, and the Company intends to reimburse such parties, upon request, for reasonable expenses incurred by them in connection with such distribution.

The Proxy Statement and the enclosed Proxy Form are first being mailed to stockholders on or about March 22, 2006. The address of the principal executive offices of the Company is: Maritrans Inc., Two Harbour Place, 302 Knights Run Avenue, Suite 1200, Tampa, Florida 33602.

The Company's annual report to stockholders for the year ended December 31, 2005, including audited financial statements, is being mailed to stockholders with this Proxy Statement, but does not constitute a part of this Proxy Statement.

VOTING AT THE MEETING

Holders of the shares of the Company's common stock, \$.01 par value (Common Stock), of record at the close of business on March 15, 2006, are entitled to vote at the Meeting. As of close of business on the record date, 12,019,360 shares of Common Stock were outstanding. Each stockholder entitled to vote shall have the right to one vote for each share outstanding in such stockholder's name. The presence in person or by proxy of the holders of record of a majority of the shares entitled to vote at the Meeting shall constitute a quorum. A quorum is necessary before business may be transacted at the Meeting except that, even if a quorum is not present, the stockholders present in person or by proxy shall have the power to adjourn the meeting from time to time until a quorum is present.

Except for the election of directors, for which a plurality of votes cast is required, and except as otherwise required by law, the Company's Restated Certificate of Incorporation or the Company's By-Laws, the affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote is required to approve the Plan, to ratify the selection of Ernst & Young LLP or to take action with respect to any matter that may be properly brought before the meeting.

With regard to the election of directors, votes may be cast in favor of or withheld from any or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect, other than for purposes of determining the presence of a quorum. Abstentions may be specified on the proposal to approve the Plan and ratify the selection of Ernst & Young LLP (but not for the election of directors). An abstention will be considered present and entitled to vote at the Meeting, but will not be counted as a vote cast in the affirmative. An abstention on the proposals to approve the Plan or to ratify the selection of Ernst & Young LLP will have the effect of a

Table of Contents

negative vote because these proposals require the affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote to be approved by the stockholders.

Brokers who hold shares in street name for customers have the authority under the rules of the New York Stock Exchange to vote on certain items when they have not received instructions from beneficial owners. Brokers that do not receive instructions are entitled to vote those shares with respect to the election of directors and the ratification of Ernst & Young LLP; however, brokers are not entitled to vote such shares with respect to the proposal to approve the Plan. A failure by brokers to vote these shares will have no effect on the outcome of the election of directors or the ratification of Ernst & Young LLP.

Shares cannot be voted at the Meeting unless the holder of record is present in person or represented by proxy. The enclosed Proxy Form is a means by which a stockholder may authorize the voting of his or her shares at the Meeting. The shares of Common Stock represented by each properly executed Proxy Form will be voted at the Meeting in accordance with each stockholder's directions. Stockholders are urged to specify their choices by marking the appropriate boxes on the enclosed Proxy Form; if no choice has been specified, the shares will be voted as recommended by the Board. If any other matters are properly presented to the Meeting for action, the proxy holders will vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

Execution of the accompanying Proxy Form will not affect a stockholder's right to revoke it by giving written notice of revocation to the Secretary of the Company before the proxy is voted, by voting in person at the Meeting, or by executing a later-dated proxy that is received by the Company before the Meeting.

Your proxy vote is important to the Company. Accordingly, you are asked to complete, sign and return the accompanying Proxy Form, whether or not you plan to attend the Meeting, by April 21, 2006. If you plan to attend the Meeting to vote in person and your shares are registered with the Company's transfer agent (American Stock Transfer & Trust Company) in the name of a broker, bank or other custodian, nominee or fiduciary, you must secure a proxy from such person assigning you the right to vote your shares.

Information on Committees of the Board of Directors

There were seven Board meetings and sixteen Board Committee meetings during 2005. Each director attended more than 75% of the combined number of meetings of the Board and Committees thereof on which he served.

The Board has established standing Audit, Compensation and Nominating and Corporate Governance Committees. The principal responsibilities of the Committees are described below. Information regarding the members of each Committee is included in the director biographies set forth under Matters Concerning Directors.

The Audit Committee presently consists of three non-employee directors: Brent A. Stienecker (Chairman), Frederick C. Haab and William A. Smith. The Audit Committee met eight times in 2005 and is required to meet four times annually. The Company's independent auditors attended eight of the Audit Committee meetings. The members of the Committee must be independent. The members are appointed annually by the Company's Board. The Board has determined that all members of the Audit Committee are financially literate and that Brent A. Stienecker possesses the accounting and financial management expertise as defined by the New York Stock Exchange listing standards and is the Audit Committee financial expert pursuant to the applicable Securities and Exchange Commission rules. The Committee has responsibility for overseeing the Company's financial reporting process on behalf of the Board; reviewing the independence of the Company's independent auditors; recommending to the Board the independent auditors to be retained by the Company; reviewing the audited financial results for the Company; reviewing with the Company's independent auditors the scope and results of their quarterly reviews and annual audits; and reviewing with the independent auditors and with Company management the Company's accounting and reporting principles, practices and policies and the adequacy of the Company's accounting, operating and financial methods and controls. The Audit Committee has considered the compatibility of non-audit services with the auditor's independence. The Board has adopted a written charter for the Audit Committee.

The Compensation Committee presently consists of three non-employee directors: Mr. Frederick C. Haab (Chairman), Dr. Robert E. Boni and Dr. Craig E. Dorman. The Compensation Committee met five times in 2005 and is required to meet three times annually. The members of the Committee must be independent. The members are appointed annually by the Company's Board. The primary duties of the Compensation Committee include: annually reviewing and recommending to the Board, for final approval, the total compensation package for all executive officers of the Company (executive officers are defined as the CEO, CFO, Business Leaders and others designated as

Executives under the Company's incentive compensation plans); annually reviewing and

Table of Contents

approving the general compensation policy and practice for all other employees of the Company and its subsidiaries; administering the Equity Compensation Plan, the 1999 Directors and Key Employees Equity Compensation Plan and the 2005 Omnibus Equity Compensation Plan; reviewing and monitoring the Company's investment policy and practices with respect to the assets of the Retirement Plan and the Profit Sharing and Savings Plan; determining the contribution to the profit sharing portion of the Profit Sharing and Savings Plan; considering and recommending to the Board, when appropriate, amendments or modifications to existing compensation and employee benefit programs and the adoption of new plans; evaluating the performance of the Company's Chief Executive Officer against pre-established criteria; and reviewing with the Company's Chief Executive Officer the performance of the executive officers who report to him and in conjunction with the Chief Executive Officer, establishing and monitoring the succession plan for executive management.

The Nominating and Corporate Governance Committee presently consists of three non-employee directors: Robert J. Lichtenstein (Chairman), Dr. Robert E. Boni and Dr. Craig E. Dorman. The Nominating and Corporate Governance Committee met three times in 2005 and is required to meet three times annually. The members of the Committee must be independent. The members are appointed annually by the Company's Board. The primary duties and responsibilities of the Nominating and Corporate Governance Committee include: annually determining and recommending to the Board the slate of nominees to be members of the Board that will be submitted to, and voted upon by, the stockholders; determining and recommending to the Board any individual who is to be elected by the Board as a member to fill a vacancy; annually determining and recommending to the Board those directors who are to serve as members of the various Committees of the Board and recommending the chairman of each of the Committees; periodically considering the size of the Board and, when appropriate, recommending changes to the Board; periodically evaluating the standing Committees of the Board; leading the Board and Committee self-evaluation process and, when appropriate, recommending deletion or creation of additional Committees; developing and implementing policies and procedures related to corporate governance, including reviewing and monitoring implementation of the Company's Corporate Governance Guidelines; and determining the compensation paid to the Board.

Corporate Governance Matters*Director Independence*

The Board has relied upon the New York Stock Exchange definition of "independence" in determining the independence of the members of the Board. The New York Stock Exchange independence tests state that no director qualifies as independent unless the board of directors affirmatively determines that the director has no material relationship with the Company. In addition, a director is not independent if: (i) the director is, or has been within the last three years, an employee of the Company or an immediate family member¹ is, or has been within the last three years, an executive officer of the Company; (ii) the director has received, or an immediate family member has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), (iii) (A) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor; (B) the director is a current employee of such firm; (C) the director has an immediate family member who is a current employee of such firm and who participates in the firm's audit, assurance and tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time; (iv) the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee; or (v) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

The Board, in applying the above referenced independence tests, has affirmatively determined that the Company's current independent directors are Dr. Robert E. Boni, Dr. Craig E. Dorman, Frederick C. Haab, Robert J. Lichtenstein,

William A. Smith and Brent A. Stienecker. As part of the Board's process of making the

¹ Immediate family member is defined as including a person's spouse, parents, children, siblings, mother and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law and anyone (other than domestic employees) who share such person's home.

Table of Contents

independence determination, each director provided written assurances that all of the above criteria have been satisfied and he has no other material relationship with the Company that could interfere with his ability to exercise independent judgment. A majority of the Company's Board have been determined to meet the New York Stock Exchange's standards for independence.

The Company's independent directors held four formal meetings independent from management during 2005. Mr. Smith acted as Chairman at the meetings of the independent directors.

Audit Committee

The Board has determined that each member of the Audit Committee is independent in accordance with applicable New York Stock Exchange and Securities and Exchange Commission guidelines. See discussion in Director Independence above.

The Board has determined that all members of the Audit Committee are financially literate and that Brent A. Stienecker possesses the accounting and financial management expertise as defined by the New York Stock Exchange listing standards and is the Audit Committee financial expert pursuant to the applicable Securities and Exchange Commission rules.

APPROVAL OF THE MARITRANS INC. ANNUAL INCENTIVE PLAN

General

The Board of Directors has approved the Maritrans Inc. Annual Incentive Plan (the Plan) and is submitting the Plan for stockholder approval with respect to awards to be made to Tier I Officers, which are defined as the Chief Executive Officer and those other senior officers who are among the top six most highly compensated employees of the Company and its subsidiaries and are designated by the Compensation Committee as Tier I Officers for any particular performance period, if any. Under the Plan, the Company will be able to award cash bonuses to employees based on the Company's performance, the performance of certain business units and, where appropriate, individual performance. Employees and employees of subsidiaries companies are eligible to participate in the Plan. Stockholder approval of the Plan is only being requested with respect to Tier I Officers. Section 162(m) of the Internal Revenue Code limits the compensation deduction the Company may take to \$1.0 million per employee, but excepts qualified performance-based compensation in any taxable year, if, among other things, the material terms of the performance-based compensation have been approved by the Company's stockholders. If the Plan receives stockholder approval at the Meeting, the Plan will meet the requirements of Section 162(m) and the amount of compensation deduction that the Company may take will not be limited. If the stockholders do not approve the Plan with respect to Tier I Officers, no awards will be paid to Tier I Officers under the Plan regardless of whether the awards would otherwise be earned. If the stockholders do not approve the Plan with respect to Tier I Officers, the Board may adopt, or may not adopt, another cash bonus plan for the benefit of such individuals. Stockholders are not being asked to approve the Plan as it relates to employees of the Company other than Tier I Officers. Therefore, the failure of the stockholders to approve the Plan with respect to Tier I Officers will have no effect on the Plan as it relates to employees of the Company who are not Tier I Officers. A copy of the Plan is attached to this Proxy Statement as Appendix A.

The following is a summary of the material terms of the Plan.

Description of the Plan

Purpose: The Plan provides a means for awarding cash bonuses to employees and employees of subsidiaries, including executive and Tier I officers, based on the satisfaction of certain preset performance objectives (referred to as performance goals) over the fiscal year or any other period designated by the Compensation Committee (referred to as the performance period). The objectives of the Plan are:

to enhance the Company's ability to attract, reward and retain employees,

to strengthen employee commitment to the Company's success,

to align employee interests with those of the Company's stockholders by providing compensation that varies based on the Company's success.

Administration: The Plan will be administered and interpreted by the Compensation Committee of the Board. Under the Plan, the Compensation Committee may delegate its responsibilities to the Chief Executive Officer as it deems appropriate except that the Compensation Committee may not delegate its responsibilities with respect to Tier I Officers. The term Committee refers to the Compensation Committee or the Chief Executive Officer, depending on whether the Compensation Committee exercises its delegation authority.

Table of Contents

The Committee has the authority to establish the rules and regulations relating to the Plan, to interpret the Plan and those rules and regulations, to select participants, to determine each participant's target award percentage, to approve awards under the Plan, to decide the facts in any case arising under the Plan and to make all other determinations, including factual determinations, and to take all other actions necessary or appropriate for the proper administration of the Plan, including the delegation of its authority or power; provided that only the Compensation Committee has authority to amend (subject to stockholder approval in certain instances) or terminate the Plan and the Compensation Committee may not increase the amount of an award payable to a Tier I Officer pursuant to the terms of the Plan.

Eligibility and Participation: Employees of the Company and its subsidiaries and nonresident aliens who are employed by the Company are eligible to participate in the Plan. For 2006, it is intended that approximately sixteen employees will be eligible to receive awards under the Plan. The Committee will select the employees who will participate in the Plan for each performance period and those that will be Tier I Officers. Subject to certain limited exceptions, to be eligible for an award in any given year, an employee must be actively employed by the Company on the date payment of the award is made.

A newly hired employee is eligible to receive a prorated award for a fiscal year if the employee's date of hire occurs on or before September 30, or such other date as the Committee may specify. An employee may only participate in one annual incentive plan for any specific period of time.

Target Award Percentage. As soon as practicable, but no later than 90 days after the beginning of the Company's fiscal year or the date on which 25% of the fiscal year has been completed, whichever is earlier, the Committee will determine the employees who will be designated Tier I Officers for the performance period and will determine each such participant's target award percentage. For the 2006 performance period, only the Company's Chief Executive Officer will be considered a Tier I Officer.

For all participants the target award percentage is the percentage of such participant's base salary earned during the fiscal year (excluding bonuses, special awards and other non-base compensation) that the participant will receive if the targeted level of performance is achieved for each of the performance goals set by the Committee for that performance period.

Performance Goals. For target awards designated as qualified performance-based compensation, the performance goals are based on pre-established objective business criteria set forth in writing at the beginning of each fiscal year by the Committee. The relevant criteria may include, either in absolute terms or in comparison to publicly available industry standards or indices; earnings, revenue, operating margins and statistics, operating or net cash flows, financial return and leverage ratios, total stockholder returns, market share and safety statistics. The Committee determines the objective business criteria upon which the performance goals are based and the weight to be accorded each. For target awards not designated as qualified performance-based compensation, the performance goals of the Company, business unit or the individual, may be based on one of the objective business criteria listed above, and/or such other performance measures or goals, whether quantitative or qualitative, developed pursuant to the Company's operating plan for the fiscal year.

Changes to Targets or Performance Goals. With respect to target awards designated as qualified performance-based compensation, the Committee may, to the extent consistent with the requirements of Section 162(m) of the Code, at any time prior to the financial determination of awards, change the performance goals to reflect a change in corporate capitalization, such as a stock split or stock dividend, or a corporate transaction, such as a merger, consolidation, separation, reorganization or partial or complete liquidation, or to equitably reflect the occurrence of any extraordinary event, any change in applicable accounting rules or principles, any change in our method of accounting, any change in applicable law, any change due to any merger, consolidation, acquisition, reorganization, stock split, stock dividend, combination of shares or other changes in the Company's corporate structure or shares, or any other change of a similar nature.

Except with respect to awards to Tier I Officers, the Committee may, at any time prior to the final determination of awards, change a participant's target award percentage or assign a different target award percentage to reflect any change in the participant's responsibility level or position during the performance period.

Table of Contents

Earning Awards. Generally, a participant earns an award for a performance period based on the level of achievement of the performance goals established by the Committee for that period. The amount of an award may be increased above the target award amount if the level of achievement of the performance goals exceeds the targeted level of performance. An award may also be reduced below the target award amount if actual performance is below the targeted level, but at or above the minimum level. A participant will receive no award if the level of achievement of all performance goals is below the minimum required to earn an award for the applicable performance period. The awards for Tier I Officers may also be reduced, notwithstanding achievement of the performance goals, but may not be increased other than solely as set by the Committee during the period described above.

Determination and Payment of Awards. Upon certification of the achievement of the applicable performance goals by the Committee, a participant's award will normally be paid in a single lump sum cash payment on or before March 15 following the end of the fiscal year in which the award was earned.

Amendment and Termination of Plan. The Committee has the authority to amend, modify or terminate the Plan; provided, that the Committee may not amend the Plan without obtaining stockholder approval if stockholder approval is required under Section 162(m) of the Code. No amendment which adversely affects a participant's right to or interest in an award earned prior to the date of the amendment shall be effective without the participant's agreement.

New Plan Benefits. The amounts payable under the Plan for 2006 cannot be determined until after the 2006 fiscal year is completed and achievement of the various performance goals is determined. Accordingly, the benefits or amounts of awards, if any, that will be received by or allocated to: (a) the Chief Executive Officer; (b) each of the other named executive officers; (c) the executive officers of the Company as a group; and (d) Company employees who are not executive officers as a group, are not yet determinable. Directors of the Company who are not employees do not participate in the Plan.

Federal Income Tax Consequences

The following description of the federal income tax consequences of awards under the Plan is a general summary. State, local, and other taxes may also be imposed in connection with awards. This discussion is intended for the information of stockholders considering how to vote at the Meeting and not as tax guidance to individuals who participate in the Plan.

Awards generally will be subject to tax, and to the extent such awards qualify as performance-based compensation under Section 162(m) of the Code or are otherwise deductible as compensation, the Company will be entitled to a corresponding tax deduction in the year the award is paid.

The Board recommends a vote FOR this proposal.

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Ernst & Young LLP as the Company's independent registered public accounting firm to perform the audit of the Company's financial statements and internal control over financial reporting for 2006. Ernst & Young LLP was the Company's independent registered public accounting firm for the year ended December 31, 2005.

We are asking our stockholders to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm. Although ratification is not required by our By-Laws or otherwise, the Board is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

The Board recommends a vote FOR ratification of the appointment of Ernst & Young LLP as the Company's public accounting firm.

Each eligible employee who has completed 1,000 hours of service in an eligibility computation period becomes a participant in the Company's Retirement Plan. The Retirement Plan is a noncontributory defined benefit pension plan under which the contributions are actuarially determined each year. Retirement benefits are calculated, for those employees who commenced participation on or after August 14, 1984, as 48% of the average basic monthly compensation reduced by 1/30th for each year of service at retirement which is under 30 years of service, or for those employees who commenced participation before August 14, 1984, the greater of (i) the foregoing benefit or (ii) 38.5% of average basic monthly compensation reduced by 1/15th for each year of service at retirement which is under 15 years of service. Average basic monthly compensation is determined by averaging compensation for the five consecutive plan years that will produce the highest amount.

Benefits are paid in the form of a joint and survivor annuity for married participants and in the form of a ten-year certain single life annuity for unmarried participants, unless an actuarially equivalent payment option is selected. The preceding Pension Plan Table shows estimated annual retirement benefits, payable in the form of a ten-year certain single life annuity, at the normal retirement age of 65 for specified compensation and years of credited service classifications.

The Internal Revenue Code limits annual benefits that may be paid under tax qualified plans. Benefits under the Retirement Plan which exceed such limitations are payable under the Excess Benefit Plan. The Excess Benefit Plan pays a monthly benefit to the participant equal to the amount by which monthly benefits under the Retirement Plan would exceed the Internal Revenue Code limitations.

Annual compensation taken into account under the foregoing plans in 2005 for the officers listed in the Summary Compensation Table was \$210,000 for Mr. Whitworth, \$208,000 for Mr. Flanagan, \$181,600 for Mr. Yacavone, \$190,000 for Mr. Bromfield and \$180,000 for Ms. Fortune. Pension amounts are not subject to reduction for Social Security benefits.

Severance and Non-Competition Agreements

The Company has Severance and Non-Competition Agreements with Jonathan P. Whitworth, Christopher J. Flanagan, Matthew J. Yacavone, Walter T. Bromfield and Rosalee R. Fortune. The terms of Mr. Whitworth's agreement are for four years. The terms of Mr. Flanagan's agreement are for three years and all of the other agreements are for two years and are automatically renewed for successive one-year periods unless the Company gives written notice of termination.

Mr. Whitworth's agreement provides for the payment of 12 months of base compensation if he is terminated without cause and an additional single cash payment equal to his base compensation in exchange for his agreement not to compete for 12 months. In the event of a termination immediately preceding or following a change of control of the Company, his agreement provides for a single sum payment equal to 1.99 times the base compensation and an additional single cash payment equal to his base compensation in exchange for his agreement not to compete for 12 months.

Mr. Flanagan's agreement provides for the payment of 12 months of base salary if he is terminated without cause and an additional 12 months of base salary in exchange for his agreement not to compete for 12 months. In the event of a termination immediately preceding or following a change of control of the Company, his agreement provides for a lump sum payment equal to 1.99 times the base salary and an additional single cash payment equal to his base salary in exchange for his agreement not to compete for 12 months.

Table of Contents

Report of the Compensation Committee on Executive Compensation

I. Compensation Philosophy and Strategy

Maritrans strives to increase its earnings and to enhance stockholder value by assuring an appropriate return on its assets and equity. Three elements of the business strategy critical to achieving growth in earnings are minimizing the financial risks and costs associated with a traditional marine transportation business, operating safely and positioning the Company as a long-term Jones Act carrier.

The business environment in the core business continues to be intensely competitive and subject to many rigid environmental laws and operating regulations. Maritrans believes that to be successful under these conditions requires great ingenuity, continuous learning and personal dedication in its key employees. Therefore, it is critical that Maritrans' total compensation program attracts and retains the highest caliber of people necessary to generate success for the Company and its stockholders.

Maritrans' philosophy for its executive compensation programs has been to reward the most relevant factors that drive the return to stockholders. The Board has identified the most important factor to be the achievement of long-term stockholder value.

The Committee and management recognize the need to continuously review the Company's executive compensation program to ensure that it:

is effective in driving performance to achieve long-term strategic goals;

results in increased stockholder value;

Table of Contents

is cost effective;

balances stockholder interests with employee rewards;

is well communicated and understood by program participants; and

is competitive with other similar industry organizations.

A review of the Company's executive job documentation was performed by external consultants in February 2004 and was reviewed again for accuracy in February 2005. The focus of this study was to ensure that jobs had been properly documented and appropriately evaluated.

II. Program Description

A. Total Compensation Approach

Maritrans' compensation strategy is to place between one-quarter and one-half of executive officer total compensation opportunity at risk in the form of long-term incentives. Under this strategy, Maritrans' executive officers can achieve total compensation levels significantly above the average peer comparison levels when long-term performance significantly exceeds established goals and stockholders are rewarded through stock price growth and dividends. Likewise, total executive officer compensation could fall substantially below average levels when targeted levels of stockholder return are not achieved. Base salaries are set to reflect the performance and experience of the incumbent, and are compared to the seventy-fifth percentile of published survey and proxy data. Total compensation opportunity is set at the seventy-fifth percentile, on average, and the actual award is based on the attainment of personal goals and goals for Company financial performance.

B. Base Salaries

Executive officers' base salaries are determined according to job responsibilities, strategic contribution level, market compensation data, and performance and experience criteria. In 2005, all eligible executive officers, except Mr. Whitworth, received a salary adjustment equivalent to other eligible employees. Mr. Whitworth's compensation information is available in the Summary Compensation Table and is discussed in Section III, Compensation of the Chief Executive Officer.

C. Long-Term Incentives

Compensation from the Company's incentive plans is based on increasing stockholder value through stock price and improving the long-term results of the Company.

The Committee believes that stock ownership by executive officers is important as it aligns a portion of each executive officer's compensation with the economic interest of the stockholders of the Company. To stress the importance of linking executive officer and stockholder interests, the Committee adopted stock ownership requirements for executive officers in 2004. The Stock Ownership Requirements (SOR) are as follows: Chief Executive Officer 3 times base salary; Chief Financial Officer 2 times base salary; and Business Leaders 2 times base salary. Until the executive officer meets the ownership requirement for their respective level, 100% of all restricted stock and stock option exercises must be retained (net of shares surrendered to pay the exercise price and/or tax withholding). Executive officers may reach their respective level over a multiple year period. The executive officer stock ownership consists of shares the executive officer purchased directly, shares received under the company's equity compensation plan and shares obtained through the exercise of stock options (net of shares surrendered to pay the exercise price and/or tax withholding). Once the executive officer has met their SOR as an active employee, they must maintain stock ownership at this level but may sell shares in excess of the ownership requirement in accordance with the Company's Insider Trading Policy. All named executives are eligible to participate in the stock award program.

The Committee believes that actual and immediate stock ownership is an integral part of promoting the stockholder economic interest and tying executive compensation directly to the success of the Company. Accordingly, all eligible named executive officers received restricted stock grants in 2005. The shares were issued at a price equal to the fair market value of a share on the date the stock was granted. Restrictions on these shares lapse on the three-year anniversary of the grant. The grant of restricted stock is discretionary, based on the performance of the executive officer in the prior year. Because the Company and the Committee believe that

Table of Contents

restricted stock is a valuable incentive, restricted stock has, from time to time, also been awarded to other individuals employed by the Company.

A long-term incentive cash plan was introduced in 2000, and the maximum stock-based incentive opportunity was reduced for executive officers. The three-year plan was tied to financial results in 2000, 2001 and 2002. Fifty percent of the earned cash award was paid to active participants during the fourth quarter of 2002 and the aggregate amount was \$328,180. The remaining fifty percent due was paid to active participants during the first quarter of 2003 and the aggregate amount was \$323,412. A new cycle for the long-term incentive cash plan was implemented in 2003. The three-year plan was tied to cumulative financial results for 2003, 2004 and 2005. Fifty percent of the earned cash award was paid to active participants during the fourth quarter of 2005 and the aggregate amount was \$635,000. The remaining fifty percent due was paid to active participants during the first quarter of 2006 and the aggregate amount was \$635,000. All named executives are participants in the Plan. Other select employees, upon approval of the Committee, also participate in this plan.

D. Other Incentives

In November 2005, an Annual Incentive Plan was approved for executive employees to apply in 2006. The purpose of this plan is to enhance the ability of the Company to attract, reward and retain executive employees, to strengthen employee commitment to the Company's success and to align employee interests with those of the Company's stockholders by providing variable cash compensation based on the achievement of annual performance objectives. This plan replaced the Long-Term Cash Incentive Plan which was terminated at the end of 2005.

In November 2005, as a result of the extraordinary performance of the Company during 2005, the Committee awarded each executive an extra-ordinary cash bonus. Fifty percent of this bonus was paid in November 2005 and the remaining 50% of the bonus was paid in March of 2006. The total aggregate amount of this bonus was \$319,500.

III. Compensation of the Chief Executive Officer

The salary, restricted stock, and cash long-term incentive of the Chief Executive Officer are determined by the Committee in conformance with the policies described above.

Mr. Whitworth joined the Company as Chief Executive Officer on May 3, 2004 with an annual salary of \$325,000. In addition, he was awarded a sign-on bonus of 75,000 shares of restricted stock which vests over five years. In 2005, Mr. Whitworth participated in the restricted stock and cash long-term incentive plans.

The Committee believes its philosophy of placing a substantial portion of an executive officer's compensation at risk, dependent upon the Company's performance, was achieved during 2005.

IV. Internal Revenue Code Considerations

Payments made during 2005 to the Chief Executive Officer and the other named officers under the plans discussed above (other than the Equity Compensation Plan) were made without regard to the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended. That section restricts the federal income tax deduction that may be claimed by a public company for compensation paid to the Chief Executive Officer and any of the four most highly compensated other officers to \$1.0 million except to the extent that any amount in excess of such limit is paid pursuant to a plan containing a performance standard or a stock option plan that meets certain requirements. As noted above, the new Annual Incentive Plan is being submitted to stockholders and upon such approval will contain performance standards meeting the requirements of Section 162(m). Certain restricted stock grants to other named officers were made under an equity compensation plan that was approved by the Board of Directors but not the stockholders. While stock grants will not qualify for an exception under Section 162(m), the compensation of these officers, is unlikely to approach the deductible limit. Accordingly, the Committee does not believe that the provisions of Section 162(m) will have any adverse effect on the Company.

reflect (to the nearest semi-monthly increment) the period during which such Participant had each Target Award Percentage.

(u) *Tier I Officer* shall mean the Chief Executive Officer of the Company and such other executive officers (within the meaning of the Securities Exchange Act of 1934, as amended) who are among the top six most highly compensated Employees of the Company as may be deemed Tier I Officers by the Committee as of the beginning of a Performance Period.

3. Eligibility

Subject to the limitations contained in this Section 3, all Executives of the Company are eligible to participate in the Plan. The Committee shall determine, upon the recommendation of the CEO of the Company, each Executive of the Company who shall be eligible to participate in the Plan for each Performance Period, each Participant's Target Award Percentage for that Performance Period and the Performance Goal or Goals (and how they are weighted, if applicable) for that Performance Period. In making its determinations, the Committee shall take into account the Company's overall compensation policy, the Executive's present and potential contribution to the success of the Company and such other factors as the Committee may in its sole discretion deem proper and relevant.

To be eligible to receive an Award with respect to any Performance Period, an Employee must be actively employed by the Company on the date payment of the Award is made (except as provided in Section 8). Newly hired Employees shall be eligible to receive a prorated Award for a Performance Period provided that their date of hire occurs on or before September 30 or such other date as the Committee may specify.

Employees shall participate in only one annual incentive plan for any specific period in time. An Employee may participate in this Plan and another plan sequentially during any Performance Period because of promotion or reassignment, provided that participation in each such plan is prorated to reflect (to the nearest semi-monthly increment) the period during which he or she participated in each plan.

4. Administration

The administration of the Plan shall be consistent with the purpose and the terms of the Plan. The Plan shall be administered by the Committee. The Committee shall have full authority to establish the rules and regulations relating to the Plan, to interpret the Plan and those rules and regulations, to select Participants in the Plan, to determine each Participant's Target Award Percentage, to approve all of the Awards, to decide the facts in any case arising under the Plan and to make all other determinations, including factual determinations, and to take all other actions necessary or appropriate for the proper administration of the Plan, including the delegation of such authority or power, where appropriate; provided, however, that only the Committee shall have authority to amend or terminate the Plan and the Committee shall not be authorized to increase the amount of the Award payable to a Tier I Officer that would otherwise be payable pursuant to the terms of the Plan. All powers of the Committee shall be executed in its sole discretion, in the best interest of the Company, not as a fiduciary, and in keeping with the objectives of the Plan and need not be uniform as to similarly situated individuals.

All Awards shall be made conditional upon the Participant's acknowledgement, in writing or by acceptance of the Award, that all decisions and determinations of the Committee shall be final and binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under such Award. Awards need not be uniform as among Participants. The Committee's administration of the Plan, including all such rules and regulations, interpretations, selections, determinations, approvals, decisions, delegations, amendments, terminations and other actions, shall be final and binding on the Company and all employees of the Company, including, the Participants and their respective beneficiaries.

Table of Contents**5. Determination of Awards**

(a) *Setting Target Awards.* As soon as practicable, but no later than the earlier of (i) 90 days after the beginning of the Performance Period or (ii) the date on which 25% of the Performance Period has been completed, or such other date as may be required or permitted under applicable regulations under Code section 162(m), the Committee shall determine the Employees who shall be Participants during that Performance Period and determine each Participant's Target Award Percentage, each of which shall be set forth in the Committee's minutes. The Committee may also specify, at the same time, Award percentages above or below the Target Award Percentage depending upon the level of achievement of the Performance Goals. The minutes shall set forth (A) the Participants during that Performance Period (which may be amended during the Performance Period for new Participants), (B) each Participant's Target Award Percentage for that Performance Period and (C) the Performance Goal or Goals (and how they are weighted, if applicable,) for that Performance Period. The Company shall notify each Participant of the Participant's Target Award Percentage and the applicable Performance Goals for the Performance Period.

(b) *Earning An Award.* Generally, a Participant earns an Award for a Performance Period based on the level of achievement of the Performance Goals established by the Committee for that period. Except for Awards to Tier I Officers designated as qualified performance-based compensation, the amount of the Award may be increased above the Target Annual Percentage or other levels set under subsection (a), as specified by the Committee. An Award may also be reduced below the Target Award Percentage to the extent the level of achievement of the Performance Goals is below target, but at or above the minimum level for that Performance Period, as specified by the Committee at the time the Performance Goals are established or for other reasons specified by the Committee. A Participant will receive no Award if the level of achievement of all Performance Goals is below the minimum required to earn an Award for the applicable Performance Period, as specified by the Committee at the time the Performance Goals are established.

(c) *Eligibility Change During the Performance Period.* The Committee shall have full power and authority to decide, in its sole discretion, that a prorated Award shall be paid to a Participant due to a change in the Participant's job title or position during the Performance Period. Any such decision shall be final, conclusive and binding on the Company, Participants and any other persons having or claiming an interest hereunder.

(d) *Maximum Award Amount.* The maximum Award payable to any Tier I Officer for any Performance Period shall not exceed \$1,000,000.

(e) *Special Rules for Tier I Officers.* Unless the Committee determines otherwise, the Target Awards of Tier I Officers shall be based on Performance Goals for each Performance Period that shall satisfy the requirements for qualified performance-based compensation under Code section 162(m), including the requirement that the achievement of the Performance Goals be substantially uncertain at the time they are established and that the Performance Goals be established in such a way that a third party with knowledge of the relevant facts could determine whether and to what extent the Performance Goals have been met. To the extent that an Award designated as qualified performance-based compensation under Code section 162(m) is made, no award may be made as an alternative to any other award that is not designated as qualified performance-based compensation but instead must be separate and apart from all other awards made. To the extent an Award is designated as qualified performance-based compensation, the Committee is authorized to reduce the Award payable to a Tier I Officer for any Performance Period based upon its assessment of personal performance or other factors, but not to increase the Award beyond the Target Award Percentage, or the percentage set under subsection (a) for that Tier I Officer. Any reduction of a Tier I Officer's Target Award shall not result in an increase in any other Tier I Officer's Target Award.

6. Changes to the Target

Except with respect to Awards to Tier I Officers, the Committee may at any time prior to the final determination of Awards change the Target Award Percentage of any Participant or assign a different Target Award Percentage to a Participant to reflect any change in the Participant's responsibility level or position during the course of the Performance Period.

In addition, the Committee may, but only to the extent consistent with the requirements of Code section 162(m) permitting a federal income tax deduction for Awards if a Target Award is designated as qualified performance-based compensation, at any time prior to the financial determination of Awards, change the performance

measures or Performance Goals to reflect a change in corporate capitalization, such as a stock split or stock dividend, or a corporate transaction, such as a merger, consolidation, separation, reorganization or partial or complete liquidation, or to equitably reflect the occurrence of any extraordinary event, any change in applicable accounting rules or principles, any change in the Company's method of accounting, any change in applicable law, any change due to any merger, consolidation, acquisition, reorganization, stock split, stock dividend, combination of shares or other changes in the Company's corporate structure or shares, or any other change of a similar nature.

7. Payment of Awards

The Committee shall certify and announce the Awards that will be paid by the Company to each Participant as soon as practicable following the final determination of the Company's financial results for the relevant Performance Period. Subject to the provisions of Section 8, payment of the Awards certified by the Committee shall normally be made, in a single lump sum cash payment on or before March 15 following the end of the Performance Period in which such Award was earned.

8. Limitations on Rights to Payment of Awards

(a) *Employment.* No Participant shall have any right to receive payment of an Award under the Plan for a Performance Period unless the Participant is actively employed by the Company on the date payment of the Award is made; provided, however, that if a Participant's employment with the Company terminates prior to the end of the Performance Period (including but not limited to termination on account of Retirement, Disability or death), the Committee may provide that the Participant shall remain eligible to receive a prorated portion of any earned Award, based on the number of days that the Participant was actively employed and performed services during such Performance Period in such circumstances as are deemed appropriate.

(b) *Leaves of Absence.* If a Participant is on an authorized leave of absence during the Performance Period, the Committee shall have full power and authority to decide, in its sole discretion, that such Participant shall be eligible to receive a prorated portion of any Award that would have been earned, based on the number of days that the Participant was actively employed and performed services during such Performance Period. If payments are to be made under the Plan after a Participant's death, such payments shall be made to the personal representative of the Participant's estate.

(c) *Accelerated Payment.* In no event will payment be made to a Tier I Officer or, unless the Committee determines otherwise, to any other Participant, with respect to an Award prior to the end of the Performance Period to which it relates.

9. Amendments

The Committee may at any time amend (in whole or in part) this Plan; provided, however, that the Committee shall not amend the Plan without stockholder approval if such approval is required by Code section 162(m). No such amendment which adversely affects any Participant's rights to or interest in an Award earned prior to the date of the amendment shall be effective unless the Participant shall have agreed thereto.

10. Termination

The Committee may terminate this Plan (in whole or in part) at any time. In the case of such termination of the Plan, the following provisions of this Section 10 shall apply notwithstanding any other provisions of the Plan to the contrary:

(a) *Amount of Award.* The Committee shall promulgate administrative rules applicable to Plan termination, pursuant to which each affected Participant (other than a Tier I Officer) shall receive, with respect to each Performance Period which has commenced on or prior to the effective date of the Plan termination (the Termination Date) and for which the Award has not yet been paid, the amount described in such rules and each Tier I Officer shall receive an amount equal to the amount the Award would have been had the Plan not been terminated (prorated for the Performance Period in which the Termination Date occurred), subject to reduction in the discretion of the Committee.

(b) *Time of Payment.* Each Award payable under this Section 10 shall be paid as soon as practicable, but in no event later than 90 days after the Termination Date.

11. Miscellaneous Provisions

(a) *No Employment Right.* This Plan is not a contract between the Company and the Employees or the Participants. Neither the establishment of this Plan, nor any action taken hereunder, shall be construed as giving any Employee or any Participant any right to be retained in the employ of the Company. The Company is under no obligation to continue the Plan. Nothing contained in the Plan shall limit or affect in any manner or degree the normal and usual powers of management, exercised by the officers and the Board of Directors or committees thereof, to change the duties or the character of employment of any employee of the Company or to remove the individual from the employment of the Company at any time, all of which rights and powers are expressly reserved.

(b) *No Assignment.* A Participant's right and interest under the Plan may not be assigned or transferred, except as provided in Section 8 of the Plan, and any attempted assignment or transfer shall be null and void and shall extinguish, in the Company's sole discretion, the Company's obligation under the Plan to pay Awards with respect to the Participant.

(c) *Unfunded Plan.* The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund, or to make any other segregation of assets, to assure payment of Awards.

(d) *Withholding Taxes.* The Company shall have the right to deduct from Awards paid any taxes or other amounts required by law to be withheld.

(e) *Stockholder Approval.* Notwithstanding any provision of the Plan to the contrary, Awards to Tier 1 Officers, if made, will be made contingent upon, and subject to, stockholder approval of the Plan at the April 2006 stockholders meeting.

(f) *Compliance with 162(m).* It is the intent of the Company that the Plan and Awards under the Plan for Tier I Officers comply with the applicable provisions of Code section 162(m). To the extent that any legal requirement of Code section 162(m) as set forth in the Plan ceases to be required under Code section 162(m), that Plan provision shall cease to apply.

(g) *Governing Law.* The validity, construction, interpretation and effect of the Plan shall exclusively be governed by and determined in accordance with the law of the State of Florida.
