NOTES TO FINANCIAL STATEMENTS
(Unaudited)

1. **Summary of Significant Accounting Policies.**

Description of Business. Insignia Systems, Inc. (the Company) markets in-store advertising programs, services and products to retailers and consumer packaged goods manufacturers. The Company's services and products include the Insignia Point-of-Purchase Services (POPS) in-store advertising program, thermal sign card supplies for the Company's SIGNright and Impulse systems, Stylus software and laser printable cardstock and label supplies.

Basis of Presentation. Financial statements for the interim periods included herein are unaudited; however, they contain all adjustments, including normal recurring accruals, which in the opinion of management, are necessary to present fairly the financial position of the Company at June 30, 2009, and its results of operations and cash flows for the three and six months ended June 30, 2009 and 2008. Results of operations for the periods presented are not necessarily indicative of the results to be expected for the full year.

The financial statements do not include certain footnote disclosures and financial information normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America and, therefore, should be read in conjunction with the financial statements and notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

The Summary of Significant Accounting Policies in the Company's 2008 Annual Report on Form 10-K describes the Company's accounting policies.

Short-term Investments. Short-term investments consist of short-term bank certificates of deposit with original maturities of between three and twelve months. These short-term investments are classified as held to maturity and are valued at cost which approximates fair value. These investments are considered Level 2 investments under Statement of Financial Accounting Standards No. 157, *Fair Value Measurements*.

Inventories. Inventories are primarily comprised of parts and supplies for Impulse and SIGNright machines, sign cards, and rollstock. Inventory is valued at the lower of cost or market using the first-in, first-out (FIFO) method, and consists of the following:

	June 30, 2009	December 31, 2008
Raw materials	\$ 95,000	\$ 107,000
Work-in-process	51,000	64,000
Finished goods	282,000	271,000
	\$ 428,000	\$ 442,000

Table of Contents

Property and Equipment. Property and equipment consists of the following:

	June 30, 2009	December 31, 2008
Production tooling, machinery and equipment	\$ 2,125,000	\$ 2,115,000
Office furniture and fixtures	253,000	250,000
Computer equipment and software	715,000	719,000
Web site	38,000	38,000
Leasehold improvements	257,000	255,000
	3,388,000	3,377,000
Accumulated depreciation and amortization	(2,499,000)	(2,323,000)
Net Property and Equipment	\$ 889,000	\$ 1,054,000

Stock-Based Compensation. The Company accounts for its stock-based compensation in accordance with the provisions of Statement of Financial Accounting Standards No. 123(R). We recognize stock compensation expense on a straight-line method over the requisite service period of the award.

There were 328,500 stock option awards granted during the six months ended June 30, 2009. Total stock-based compensation expense recorded for the six months ended June 30, 2009 and 2008, was \$298,000 and \$284,000, respectively. The Company uses the Black-Scholes option-pricing model to estimate the fair value of stock-based awards with the following weighted average assumptions for the stock option awards granted during the six months ended June 30, 2009: expected life of 3.6 years, expected volatility of 77%, dividend yield of 0% and a risk-free interest rate of 1.31%.

Net Income Per Share. Basic net income per share is computed by dividing net income by the weighted average shares outstanding and excludes any dilutive effects of options, warrants and convertible securities. Diluted net income per share gives effect to all diluted potential common shares outstanding during the period. Options and warrants to purchase approximately 1,988,000 and 2,150,000 shares of common stock with weighted average exercise prices of \$4.73 and \$4.96 were outstanding at June 30, 2009 and 2008 and were not included in the computation of common stock equivalents for the three months ended June 30, 2009 and 2008 because their exercise prices were higher than the average fair market value of the common shares during the reporting period. Options and warrants to purchase approximately 2,433,000 and 2,084,000 shares of common stock with weighted average exercise prices of \$4.17 and \$5.06 were outstanding at June 30, 2009 and 2008 and were not included in the computation of common stock equivalents for the six months ended June 30, 2009 and 2008 because their exercise prices were higher than the average fair market value of the common shares during the reporting period.

Table of Contents

Weighted average common shares outstanding for the three and six months ended June 30, 2009 and 2008 were as follows:

	Three Months Ended June 30		Six Months Ended June 30	
	2009	2008	2009	2008

Stock options and warrants	654,000	410,000	384,000	465,000
Denominator for diluted net income per share adjusted weighted average shares	15,783,000	16,000,000	15,513,000	16,055,000

2. Commitments and Contingencies.

Legal. In August 2000, News America Marketing In-Store, Inc. (News America), brought suit against the Company in U.S. District Court in New York, New York. The case was settled in November 2002. The terms of the settlement agreement are confidential. The settlement did not impact the Company's operating results.

In October 2003, News America brought suit against the Company in U.S. District Court in New York, New York, alleging that the Company has engaged in deceptive acts and practices, has interfered with existing business relationships with retailers and prospective economic advantage, and has engaged in unfair competition. The suit sought unspecified damages and injunctive relief. In February 2007 the U.S. District Court in New York transferred this action to Minnesota where the claims became part of the lawsuit the Company filed against News America and Albertson's Inc. in 2004 (described below), and the New York action was subsequently dismissed.

On September 23, 2004, the Company brought suit against News America and Albertson's Inc. (Albertson's) in Federal District Court in Minneapolis, Minnesota, for violations of federal and state antitrust and false advertising laws, alleging that News America has acquired and maintained monopoly power through various wrongful acts designed to harm the Company in the in-store advertising and promotion products and services market. The suit seeks injunctive relief sufficient to prevent further antitrust injury and an award of treble damages to be determined at trial for the harm caused to the Company. On June 30, 2006 the Court denied the motions of News America and Albertson's to dismiss the suit. On September 20, 2006, the State of Minnesota through its Attorney General intervened as a co-plaintiff in the business disparagement portion of the Minnesota case. In December 2006, News America filed counterclaims in the Minnesota case that included claims similar to those in its New York action against Insignia and one of its officers, plus claims for damages for two alleged incidents of libel and slander. On February 4, 2008, the Court approved a consent decree entered into by News America and the State of Minnesota under which News America agreed to not violate Minnesota's statutes prohibiting commercial disparagement. On July 29, 2008, the Company and Albertson's entered into a settlement agreement and mutual release, in which they each agreed to release all claims against the other, and the Company agreed to dismiss its lawsuit against Albertson's. Pursuant to Court order, all discovery and pre-trial matters were completed by May 1, 2009. Motions by the Company and by News America for summary judgment were argued on May 11, 2009, and the Court has not yet ruled on these motions.

Table of Contents

The Company filed claims in December 2006 and January 2007 with its director's and officer's liability and general liability insurers related to the defense costs and insurance coverage for claims asserted against the Company and one of its officers in News America's counterclaims. On August 9, 2007, the Company filed a complaint against the insurers in Hennepin County District Court, State of Minnesota requesting a declaratory judgment that the insurers owed the Company and its officer such defense costs and insurance coverage. In December 2007, the Company settled its claim against one of the insurers. Also, in March 2009, the Company settled with the other insurer and received a payment of \$1,387,000 as part of the settlement. The Company recorded the payment in general and administrative expenses for the quarter ended March 31, 2009, and the litigation with the insurers is now concluded.

Although management believes that News America's counterclaims are without merit, an evaluation of the likelihood of an unfavorable outcome and an estimate of the potential liability cannot be rendered at this time. If the Company is required to pay a significant amount in settlement or damages, it will have a material adverse effect on its operations and financial condition. In addition, a negative outcome of this litigation could affect long-term competitive aspects of the Company's business.

Management currently expects the amount of legal fees and expenses that will be incurred in connection with the ongoing lawsuit against News America to be significant throughout 2009 and possibly future years. During the six months ended June 30, 2009, the Company incurred legal fees of \$1,021,000 related to the News America litigation which were offset by the \$1,387,000 payment received from settlement of its claim against one of its insurers during the first quarter of 2009. Legal fees and expenses are expensed as incurred and are included in general and administrative expenses in the statements of operations.

The Company is subject to various other legal proceedings in the normal course of business. Management believes the outcome of these proceedings will not have a material adverse effect on the Company's financial position or results of operations.

3. **Income Taxes.** The Company continues to carry a full valuation allowance against its net deferred tax asset at June 30, 2009, and has therefore recorded income tax expense of \$36,000 for the six months ended June 30, 2009 related to alternative minimum tax liability. The valuation allowance has been established due to uncertainties regarding the realization of deferred tax assets. Income tax expense was \$207,000 for the six months ended June 30, 2008 which was based upon an effective rate of 55% which incorporated a statutory rate of 37% and the effect of nondeductible expenses for tax purposes related to stock-based compensation and meals and entertainment.
4. **Concentrations.** During the six months ended June 30 2009, three customers accounted for 20%, 19% and 14%, respectively, of the Company's total net sales. At June 30, 2009, these customers represented 10%, 31% and 18%, respectively, of the Company's total accounts receivable. During the six months ended June 30, 2008, two customers each accounted for 11% of the Company's total net sales. At June 30, 2008, one of these customers represented 29% of the Company's total accounts receivable and one other customer represented 14% of the Company's total accounts receivable.

Although there are a number of customers that the Company sells to, the loss of a major customer could cause a delay in and possible loss of sales, which would adversely affect operating results. Additionally, the loss of a major retailer from the Company's retail network could adversely affect operating results.

5. **Subsequent Events.** In May 2009, the Financial Accounting Standards Board issued Statement 165, *Subsequent Events*, to incorporate the accounting and disclosure requirements for subsequent events into U.S. generally accepted accounting principles. Statement 165 introduces new terminology, defines a date through which management must evaluate subsequent events, and lists the circumstances under which an entity must recognize and disclose events or transactions occurring after the balance-sheet date. The Company adopted Statement 165 as of June 30, 2009, which was the required effective date.

Table of Contents

The Company evaluated its June 30, 2009 financial statements for subsequent events through August 12, 2009, the date the financial statements were issued. The Company is not aware of any subsequent events which would require recognition or disclosure in the financial statements

6. **New Accounting Pronouncements.** In April 2009, the FASB issued FSP FAS 107-1 and APB 28-1, *Interim Disclosures about Fair Value of Financial Instruments*. This FSP amends FASB Statement No. 107, *Disclosures about Fair Value of Financial Instruments*, to require disclosures about fair value of financial instruments for interim reporting periods of publicly traded companies as well as in annual financial statements. This FSP also amends APB Opinion No. 28, *Interim Financial Reporting*, to require those disclosures in summarized financial information at interim reporting periods. FSP FAS 107-1 and APB 28-1 are effective for interim and annual reporting periods ending after June 15, 2009. The adoption of FSP FAS 107-1 and APB 28-1 did not have a material effect on the Company's financial statements.

In April 2009, the FASB issued FSP FAS 115-2 and FAS 124-2, *Recognition and Presentation of Other-Than-Temporary Impairments*, which is intended to provide greater clarity to investors about the credit and noncredit component of an Other-Than-Temporary Impairment event and to more effectively communicate when an Other-Than-Temporary Impairment event has occurred. The FSP applies to debt securities and requires that the total OTTI be presented in the statement of income with an offset for the amount of impairment that is recognized in other comprehensive income, which is the noncredit component. The FSP is effective for interim and annual periods ending after June 15, 2009, with early adoption permitted for periods ending after March 15, 2009. The FSP will be applied prospectively with a cumulative effect transition adjustment as of the beginning of the period in which it is adopted. An entity early adopting this FSP must also early adopt FSP FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*. The adoption of FSP FAS 115-2 and FAS 124-2 did not have a material effect on the Company's financial statements.

In April 2009, the FASB issued FSP FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*. This FSP provides additional guidance for estimating fair value in accordance with FASB Statement No. 157, *Fair Value Measurements*, when the volume and level of activity for the asset or liability have significantly decreased. This FSP also includes guidance on identifying circumstances that indicate a transaction is not orderly. This FSP emphasizes that even if there has been a significant decrease in the volume and level of activity for the asset or liability and regardless of the valuation technique(s) used, the objective of a fair value measurement remains the same. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. FSP FAS 157-4 is effective for interim and annual reporting periods ending after June 15, 2009, and is applied prospectively. The adoption of FSP FAS 157-4 did not have a material effect on the Company's financial statements.

In June 2009, the FASB issued SFAS No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (SFAS 168). SFAS 168 replaces FASB Statement No. 162, *The Hierarchy of Generally Accepted Accounting Principles*. The FASB Accounting Standards Codification is intended to be the source of authoritative U.S. generally accepted accounting principles (GAAP) and reporting standards as issued by the FASB. Its primary purpose is to improve clarity and use of existing standards by grouping authoritative literature under common topics. This Statement is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The Company does not expect the adoption of SFAS 168 to have a material effect on its financial statements.

Insignia Systems, Inc. markets in-store advertising programs, services and products to retailers and consumer packaged goods manufacturers. The Company's services and products include the Insignia Point-of-Purchase Services (POPS) in-store advertising program, thermal sign card supplies for the Company's SIGNright and Impulse systems, Stylus software and laser printable cardstock and label supplies.

Results of Operations

The following table sets forth, for the periods indicated, certain items in the Company's Statements of Operations as a percentage of total net sales.

	Three Months Ended June 30		Six Months Ended June 30	
	2009	2008	2009	2008
Net sales	100.0%	100.0%	100.0%	100.0%
Cost of sales	47.6	43.3	47.8	44.6
Gross profit	52.4	56.7	52.2	55.4
Operating expenses:				
Selling	26.1	22.0	25.2	23.5
Marketing	6.0	5.3	6.1	5.4
General and administrative	18.1	21.7	20.7	24.5
Insurance settlement proceeds			(11.6)	
Total operating expenses	50.2	49.0	40.4	53.4
Operating income	2.2	7.7	11.8	2.0
Other income	0.3	0.4	0.4	0.7
Income before taxes	2.5	8.1	12.2	2.7
Income tax expense	0.6	2.7	0.3	1.5
Net income	1.9%	5.4%	11.9%	1.2%

Decreased net sales in the first six months of 2009 compared to the first six months of 2008 combined with fixed costs of sales resulted in a decrease in gross profit in the 2009 period. This decrease in gross profit in the 2009 period was more than offset by the receipt of a settlement in the Company's claims against one of its insurers for defense cost in the News America litigation and decreased News America related legal fees in the 2009 period, resulting in higher net income in the 2009 period compared to the 2008 period.

Three and Six Months ended June 30, 2009 Compared to Three and Six Months Ended June 30, 2008

Net Sales. Net sales for the three months ended June 30, 2009 decreased 23.8% to \$5,773,000 compared to \$7,578,000 for the three months ended June 30, 2008. Net sales for the six months ended June 30, 2009 decreased 15.4% to \$11,959,000 compared to \$14,141,000 for the six months ended June 30, 2008.

Service revenues from our POPSign programs for the three months ended June 30, 2009 decreased 23.2% to \$5,285,000 compared to \$6,883,000 for the three months ended June 30, 2008. Service revenues from our POPSign programs for the six months ended June 30, 2009 decreased 14.9% to \$10,916,000 compared to \$12,831,000 for the six months ended June 30, 2008. The decreases in both 2009 periods were primarily due to decreases in the number of POPSign programs executed for customers (consumer packaged goods manufacturers) at stores in the Company's retail network. The loss of Safeway, Inc. from the Company's retail network when the contract expired on December 31, 2008 was a significant factor in the decreased number of sign placements in the 2009 periods.

Table of Contents

Product sales for the three months ended June 30, 2009 decreased 29.8% to \$488,000 compared to \$695,000 for the three months ended June 30, 2008. Product sales for the six months ended June 30, 2009 decreased 20.4% to \$1,043,000 compared to \$1,310,000 for the six months ended June 30, 2008. The decreases in both 2009 periods were primarily due to lower sales of thermal sign card supplies, laser sign card supplies and Stylus software based on decreased demand for those products from our customers.

Gross Profit. Gross profit for the three months ended June 30, 2009 decreased 29.6% to \$3,025,000 compared to \$4,294,000 for the three months ended June 30, 2008. Gross profit for the six months ended June 30, 2009 decreased 20.2% to \$6,248,000 compared to \$7,828,000 for the six months ended June 30, 2008. Gross profit as a percentage of total net sales decreased to 52.4% for the three months ended June 30, 2009, compared to 56.7% for the three months ended June 30, 2008. Gross profit as a percentage of total net sales decreased to 52.2% for the six months ended June 30, 2009, compared to 55.4% for the six months ended June 30, 2008.

Gross profit from our POPSign program revenues for the three months ended June 30, 2009 decreased 28.5% to \$2,863,000 compared to \$4,004,000 for the three months ended June 30, 2008. Gross profit from our POPSign program revenues for the six months ended June 30, 2009 decreased 19.5% to \$5,911,000 compared to \$7,340,000 for the six months ended June 30, 2008. The decreases in both 2009 periods were primarily due to decreased sales which were partially offset by decreased retailer expenses. Gross profit as a percentage of POPSign program revenues for the three months ended June 30, 2009 decreased to 54.2% compared to 58.2% for the three months ended June 30, 2008. Gross profit as a percentage of POPSign program revenues for the six months ended June 30, 2009 decreased to 54.2% compared to 57.2% for the six months ended June 30, 2008. The decreases in gross profit as a percentage of POPSign program revenues in both 2009 periods were primarily due the effect of fixed costs and the effect of retailer expenses which did not decrease as significantly as sales.

Gross profit from our product sales for the three months ended June 30, 2009 decreased 44.1% to \$162,000 compared to \$290,000 for the three months ended June 30, 2008. Gross profit from our product sales for the six months ended June 30, 2009 decreased 30.9% to \$337,000 compared to \$488,000 for the six months ended June 30, 2008. The decreases in both 2009 periods were primarily due to decreased sales combined with fixed costs. Gross profit as a percentage of product sales was 33.2% for the three months ended June 30, 2009 compared to 41.7% for the three months ended June 30, 2008. Gross profit as a percentage of product sales was 32.3% for the six months ended June 30, 2009 compared to 37.3% for the six months ended June 30, 2008. The decreases in both 2009 periods were was due to decreased sales and the effect of fixed costs.

Operating Expenses

Selling. Selling expenses for the three months ended June 30, 2009 decreased 9.5% to \$1,511,000 compared to \$1,669,000 for the three months ended June 30, 2008. Selling expenses for the six months ended June 30, 2009 decreased 9.0% to \$3,018,000 compared to \$3,317,000 for the six months ended June 30, 2008. Decreases in the 2009 periods were primarily due to decreased sales commissions. The decreased sales commissions were due to decreased POPSign program sales.

Selling expenses as a percentage of total net sales increased to 26.1% for the three months ended June 30, 2009 compared to 22.0% for the three months ended June 30, 2008. Selling expenses as a percentage of total net sales increased to 25.2% for the six months ended June 30, 2009 compared to 23.5% for the six months ended June 30, 2008. The increases in the selling expenses as a percentage of total net sales in the 2009 periods were due to the effect of fixed or flat costs (salaries and benefits, facility costs, travel, lodging, meals and entertainment) in relation to the effect of decreased sales in the 2009 periods.

Table of Contents

Marketing. Marketing expenses for the three months ended June 30, 2009 decreased 13.5% to \$345,000 compared to \$399,000 for the three months ended June 30, 2008. Marketing expenses for the six months ended June 30, 2009 decreased 3.4% to \$734,000 compared to \$760,000 for the six months ended June 30, 2008. Decreased expenses in the 2009 periods were primarily the result of decreased data acquisition expenses.

Marketing expenses as a percentage of total net sales increased to 6.0% for the three months ended June 30, 2009 compared to 5.3% for the three months ended June 30, 2008. Marketing expenses as a percentage of total net sales increased to 6.1% for the six months ended June 30, 2009 compared to 5.4% for the six months ended June 30, 2008. The increases in marketing expenses as a percentage of total net sales in the 2009 periods were primarily due to the effect of flat costs in relation to the effect of decreased sales in the 2009 periods.

General and administrative. General and administrative expenses for the three months ended June 30, 2009 decreased 36.5% to \$1,044,000 compared to \$1,643,000 for the three months ended June 30, 2008. General and administrative expenses for the six months ended June 30, 2009 decreased 32.6% to \$2,469,000 compared to \$3,465,000 for the six months ended June 30, 2008. The decreases in the 2009 periods were primarily due to decreased legal expense and decreased facility related expenses. The Company recorded lower legal expense in the 2009 periods as there was more activity in the 2008 periods related to trial preparation.

General and administrative expenses as a percentage of total net sales decreased to 18.1% for the three months ended June 30, 2009 compared to 21.7% for the three months ended June 30, 2008. General and administrative expenses as percentage of total net sales decreased to 20.7% for the six months ended June 30, 2009 compared to 24.5% for the six months ended June 30, 2008. The decreases in the 2009 periods were primarily due to the decreased costs discussed above in relation to decreased sales.

Legal fees and expenses were \$317,000 for the three months ended June 30, 2009 compared to \$849,000 for the three months ended June 30, 2008. Legal fees and expenses were \$1,059,000 for the six months ended June 30, 2009 compared to \$1,880,000 for the six months ended June 30, 2008. The legal fees and expenses in each period were incurred primarily in connection with the News America lawsuit described in Note 2 to the financial statements. Decreased legal fees and expenses in the 2009 periods reflect decreased trial preparation and other activity. We currently expect the amount of additional legal fees and expenses that will be incurred in connection with the ongoing lawsuit to be significant throughout the remainder of 2009 and possibly future years. Also, if the Company is required to pay a significant amount in settlement or damages, it will have a material adverse effect on its operations and financial condition. In addition, a negative outcome of this litigation could affect long-term competitive aspects of the Company's business.

Insurance settlement proceeds. The Company received a payment of \$1,387,000 in the first quarter of 2009 from an insurer as part of a settlement of the Company's claim that the insurer owed the Company defense costs for claims asserted against the Company and one of its officers in the News America litigation.

Other Income. Other income for the three months ended June 30, 2009 was \$21,000 compared to \$34,000 for the three months ended June 30, 2008. Other income for the six months ended June 30, 2009 was \$49,000 compared to \$91,000 for the six months ended June 30, 2008. Lower other income in the 2009 periods was primarily due to decreased interest income in the 2009 periods as a result of lower interest rates which more than offset the higher cash balances in the 2009 periods.

Income Taxes. The Company continues to carry a full valuation allowance against its net deferred tax asset at June 30, 2009, and has therefore only recorded income tax expense of \$36,000 for the six months ended June 30, 2009 related to alternative minimum tax liability. The valuation allowance has been established due to uncertainties regarding the realization of deferred tax assets. Income tax expense was \$207,000 for the six months ended June 30, 2008 which was based upon an effective rate of 55% which incorporated a statutory rate of 37% and the effect of nondeductible expenses for tax purposes related to stock-based compensation and meals and entertainment.

Table of Contents

Net Income. Net income for the three months ended June 30, 2009 was \$110,000 compared to \$410,000 for the three months ended June 30, 2008. Net income for the six months ended June 30, 2009 was \$1,427,000 compared to \$170,000 for the six months ended June 30, 2008.

Liquidity and Capital Resources

The Company has financed its operations with proceeds from public and private stock sales and sales of its services and products. At June 30, 2009, working capital was \$8,330,000 compared to \$6,396,000 at December 31, 2008. During the six months ended June 30, 2009, cash, cash equivalents and short-term investments decreased \$2,450,000 from \$11,052,000 at December 31, 2008 to \$8,602,000 at June 30, 2009.

Net cash used in operating activities during the six months ended June 30, 2009 was \$2,433,000. Net income of \$1,427,000 for the six months ended June 30, 2009 was more than offset by changes in operating assets and liabilities, primarily decreases in accrued liabilities and accounts payable and an increase in accounts receivable. Accounts payable and accrued liabilities decreased \$3,397,000 during the six month period primarily as a result of the payment in January 2009 of accrued commissions, retailer payments and legal fees which had accrued during 2008 and were payable after December 31, 2008. Accounts receivable increased \$1,323,000 during the six months ended June 30, 2009 primarily due to an advanced billing in June 2009 to a customer for an eleven month POPSign program contract. Deferred revenue increased \$358,000 during the six months ended June 30, 2009 primarily due to the advanced billing to a customer described above which was partially offset by decreases in other advanced billings. The Company expects accounts receivable, accounts payable, accrued liabilities and deferred revenue to fluctuate during 2009 depending on the level of quarterly POPSign revenues and related business activity as well as billing arrangements with customers.

Net cash of \$1,938,000 was used in investing activities during the six months ended June 30, 2009, due to the purchase of \$1,900,000 of short-term investments (certificates of deposit with twenty-six week maturities) and \$38,000 of expenditures for property and equipment. The Company expects capital expenditures for the remainder of 2009 to be higher due to planned capital equipment expenditures.

Net cash of \$21,000 was provided by financing activities during the six months ended June 30, 2009 as a result of \$44,000 of proceeds (net) from the issuance of common stock from the employee stock purchase plan which was partially offset by the payment of \$23,000 of principal on long-term liabilities.

The Company believes that based upon current business conditions, its existing cash balance and future cash from operations will be sufficient for its cash requirements in the foreseeable future. However, there can be no assurances that this will occur or that the Company will be able to secure additional financing from public or private stock sales or from other financing agreements if needed.

Critical Accounting Policies

The discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of our financial statements. Actual results may differ from these estimates under different assumptions or conditions.

Table of Contents

Our significant accounting policies are described in Note 1 to the annual financial statements as of and for the year ended December 31, 2008, included in our Form 10-K filed with the Securities and Exchange Commission on March 30, 2009. We believe our most critical accounting policies and estimates include the following:

- revenue recognition;
- allowance for doubtful accounts;
- accounting for deferred income taxes; and
- stock-based compensation.

Cautionary Statement Regarding Forward-Looking Information

Statements made in this quarterly report on Form 10-Q, in the Company's other SEC filings, in press releases and in oral statements to shareholders and securities analysts, which are not statements of historical or current facts, are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results or performance of the Company to be materially different from the results or performance expressed or implied by such forward-looking statements. The words believes, expects, anticipates, seeks and similar expressions identify forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date the statement was made. These statements are subject to the risks and uncertainties that could cause actual results to differ materially and adversely from the forward-looking statements. These risks and uncertainties include, but are not limited to, the risks presented in our Annual Report on Form 10-K for the year ended December 31, 2008, and updated in Part II, Item 1A of this Quarterly Report on Form 10-Q.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Not applicable.

Item 4. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

The Company's management carried out an evaluation, under the supervision and with the participation of the Company's Chief Executive Officer and the Company's Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report, pursuant to Exchange Act Rule 13a-15. Based upon that evaluation, the Company's Chief Executive Officer and the Company's Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company required to be included in the Company's periodic filings under the Exchange Act.

(b) Changes in Internal Controls Over Financial Reporting

There was no change in our internal controls over financial reporting that occurred during the last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

In August 2000, News America Marketing In-Store, Inc. (News America), brought suit against the Company in U.S. District Court in New York, New York. The case was settled in November 2002. The terms of the settlement agreement are confidential. The settlement did not impact the Company's operating results.

In October 2003, News America brought suit against the Company in U.S. District Court in New York, New York, alleging that the Company has engaged in deceptive acts and practices, has interfered with existing business relationships with retailers and prospective economic advantage, and has engaged in unfair competition. The suit sought unspecified damages and injunctive relief. In February 2007 the U.S. District Court in New York transferred this action to Minnesota where the claims became part of the lawsuit the Company filed against News America and Albertson's Inc. in 2004 (described below), and the New York action was subsequently dismissed.

On September 23, 2004, the Company brought suit against News America and Albertson's Inc. (Albertson's) in Federal District Court in Minneapolis, Minnesota, for violations of federal and state antitrust and false advertising laws, alleging that News America has acquired and maintained monopoly power through various wrongful acts designed to harm the Company in the in-store advertising and promotion products and services market. The suit seeks injunctive relief sufficient to prevent further antitrust injury and an award of treble damages to be determined at trial for the harm caused to the Company. On June 30, 2006 the Court denied the motions of News America and Albertson's to dismiss the suit. On September 20, 2006, the State of Minnesota through its Attorney General intervened as a co-plaintiff in the business disparagement portion of the Minnesota case. In December 2006, News America filed counterclaims in the Minnesota case that included claims similar to those in its New York action against Insignia and one of its officers, plus claims for damages for two alleged incidents of libel and slander. On February 4, 2008, the Court approved a consent decree entered into by News America and the State of Minnesota under which News America agreed to not violate Minnesota's statutes prohibiting commercial disparagement. On July 29, 2008, the Company and Albertson's entered into a settlement agreement and mutual release, in which they each agreed to release all claims against the other, and the Company agreed to dismiss its lawsuit against Albertson's. Pursuant to Court order, all discovery and pre-trial matters were completed by May 1, 2009. Motions by the Company and by News America for summary judgment were argued on May 11, 2009, and the Court has not yet ruled on these motions.

The Company filed claims in December 2006 and January 2007 with its director's and officer's liability and general liability insurers related to the defense costs and insurance coverage for claims asserted against the Company and one of its officers in News America's counterclaims. On August 9, 2007, the Company filed a complaint against the insurers in Hennepin County District Court, State of Minnesota requesting a declaratory judgment that the insurers owed the Company and its officer such defense costs and insurance coverage. In December 2007, the Company settled its claim against one of the insurers. Also, in March 2009, the Company settled with the other insurer and received a payment of \$1,387,000 as part of the settlement. The Company recorded the payment in general and administrative expenses for the quarter ended March 31, 2009, and the litigation with the insurers is now concluded.

Although management believes that News America's counterclaims are without merit, an evaluation of the likelihood of an unfavorable outcome and an estimate of the potential liability cannot be rendered at this time. If the Company is required to pay a significant amount in settlement or damages, it will have a material adverse effect on its operations and financial condition. In addition, a negative outcome of this litigation could affect long-term competitive aspects of the Company's business.

Table of Contents

Management currently expects the amount of legal fees and expenses that will be incurred in connection with the ongoing lawsuit against News America to be significant throughout 2009 and possibly future years. During the six months ended June 30, 2009, the Company incurred legal fees of \$1,021,000 related to the News America litigation which were offset by the \$1,387,000 payment received from settlement of its claim against one of its insurers during the first quarter of 2009. Legal fees and expenses are expensed as incurred and are included in general and administrative expenses in the statements of operations.

The Company is subject to various other legal proceedings in the normal course of business. Management believes the outcome of these proceedings will not have a material adverse effect on the Company's financial position or results of operations.

Item 1A. Risk Factors

Not applicable.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On August 19, 2008, the Board of Directors authorized the repurchase of up to \$2,000,000 of the Company's common stock on or before July 31, 2009. The plan does not obligate the Company to repurchase any particular number of shares, and may be suspended at any time at the Company's discretion.

Our share repurchase program activity for the three months ended June 30, 2009 was:

	Total Number Of Shares Repurchased	Average Price Paid Per Share	Total Number Of Shares Purchased As Part Of Publicly Announced Plans Or Programs	Approximate Dollar Value of Shares That May Yet Be Purchased Under The Plans Or Programs
April 1-30, 2009		\$		\$ 1,271,000
May 1-31, 2009		\$		\$ 1,271,000
June 1-30, 2009		\$		\$ 1,271,000

Item 3. Defaults upon Senior Securities

None.

Item 4. Submission of Matters to a Vote of Security Holders

The Company held its Annual Meeting of Shareholders on May 20, 2009.

The shareholders present in person or by proxy voted to elect Donald J. Kramer, Scott F. Drill, Peter V. Derycz, Reid V. MacDonald and Gordon F. Stofer as directors with each director receiving the following votes:

The shareholders present in person or by proxy voted to approve an amendment to the Company's 2003 Incentive Stock Option Plan to increase the number of shares reserved for issuance under the Plan from 2,375,000 to 2,625,000. The vote consisted of 4,788,409 shares in favor, 268,538 shares against, 11,500 shares abstaining and 8,785,634 broker non-votes.

The shareholders present in person or by proxy voted to approve an amendment to the Company's Employee Stock Purchase Plan to increase the number of shares reserved for issuance under the Plan from 950,000 to 1,200,000. The vote consisted of 4,972,377 shares in favor, 83,270 shares against, 12,800 shares abstaining and 8,785,634 broker non-votes.

The shareholders present in person or by proxy voted to ratify the appointment of Grant Thornton LLP as the independent registered public accounting firm for the current year. The vote consisted of 13,687,452 shares in favor, 139,767 shares against and 26,861 shares abstaining.
