Annual Meeting of Shareholders

November 4, 2009

ABOUT THE 2009 ANNUAL MEETING

This Proxy Statement, along with the Company's Annual Report to Shareholders, is being sent to shareholders on or about September 25, 2009, in connection with the solicitation of proxies by the Board of Directors of Meredith Corporation (Meredith or the Company). The proxies are to be used in voting at the Annual Meeting of holders of common stock and class B common stock of the Company to be held at the Company's principal executive offices, 1716 Locust Street, Des Moines, Iowa 50309-3023, on Wednesday, November 4, 2009, at 10:00 a.m., local time, and at any adjournment or postponement thereof.

VOTING PROCEDURES

Who is Entitled to Vote?

Only shareholders of record at the close of business on September 10, 2009, (the record date), will be entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement thereof. On the record date, there were issued and outstanding 36,106,338 shares of common stock, each entitled to one vote at the Annual Meeting of the Company. On the record date, there were issued and outstanding 9,129,702 shares of class B common stock, each entitled to ten votes at the Annual Meeting of the Company, for a total of 127,403,358 votes.

How Can I Vote?

You can vote either in person at the Annual Meeting or by proxy without attending the meeting. We are pleased to be taking advantage of the new Securities and Exchange Commission (SEC) rules that allow companies to furnish proxy materials to their shareholders over the Internet. On September 25, 2009, we mailed to shareholders of record on the record date a Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to access this Proxy Statement and our 2009 Annual Report to Shareholders online. If you received a Notice by mail, you will not automatically receive a printed copy of our proxy materials in the mail. You may request a paper copy of our proxy materials by mail or an electronic copy by

e-mail. The Notice also contains instructions for voting online.

Edgar Filing: MEREDITH CORP - Form DEF 14A

If you are a holder of record and have requested and received a paper copy of our proxy materials, you may also vote by following the instructions on the proxy card that is included with the proxy materials. As set forth on the proxy card, there are three convenient methods for holders of record to direct their vote by proxy without attending the Annual Meeting:

1. **Vote by Mail:** You may vote by marking the proxy card, dating and signing it, and returning it in the postage-paid envelope provided. Please mail your proxy card promptly to ensure that it is received prior to the closing of the polls at the Annual Meeting.
2. **Vote by Internet:** You may also vote via the Internet. The website address for Internet voting is provided on your proxy card. You will need to use the control number appearing on your proxy card to vote

1

via the Internet. You can use the Internet to transmit your voting instructions up until noon of the day prior to the Annual Meeting. Internet voting is available 24 hours a day. If you vote via the Internet you do NOT need to vote by telephone or return a proxy card. If you vote via the Internet, you may incur costs such as usage charges from Internet access providers and telephone companies. You will be responsible for those costs.

3. **Vote by Telephone:** You may also vote by telephone by calling the toll-free number provided on your proxy card. You will need to use the control number appearing on your proxy card to vote by telephone. You may transmit your voting instructions from any touch-tone telephone up until noon of the day prior to the Annual Meeting. Telephone voting is available 24 hours a day. If you vote by telephone you do NOT need to vote over the Internet or return a proxy card.

If your shares are held in the name of your bank, broker, or other nominee, please contact your bank, broker, or nominee to determine whether you will be able to vote by Internet or telephone.

Please refer to the Notice or the proxy card for more information about the voting methods available to you.

How Can I Change My Vote?

Registered shareholders can revoke their proxy at any time before it is voted at the Annual Meeting by either:

1. Delivering timely written notice of revocation to the Secretary of the Company, Meredith Corporation, 1716 Locust Street, Des Moines, Iowa 50309-3023;
2. Submitting another timely, later-dated proxy using the same voting method you used to vote your shares; or
3. Attending the Annual Meeting and voting in person.

If your shares are held in the name of a bank, broker, or other nominee, you must obtain a proxy executed in your favor from the holder of record (that is, your bank, broker, or nominee) to be able to vote at the Annual Meeting.

How Many Votes Must Be Present to Conduct Business at the Annual Meeting?

In order for business to be conducted, a quorum must be represented either in person or by proxy at the Annual Meeting. The presence in person or by proxy of a majority of the voting power of the outstanding shares eligible to vote at the Annual Meeting constitutes a quorum. Shares represented by a proxy marked **Withhold** or **Abstain** will be considered present at the Annual Meeting for purposes of determining a quorum.

How Many Votes Am I Entitled to Cast?

Edgar Filing: MEREDITH CORP - Form DEF 14A

You are entitled to cast one vote for each share of common stock you own on the record date. You are entitled to cast ten votes for each share of class B common stock you own on the record date. Shareholders do not have the right to vote cumulatively in electing directors.

How Many Votes Are Required to Elect Directors?

Directors are elected by a plurality of the votes cast by holders of shares entitled to vote in the election at a meeting at which a quorum is present. This means that the nominees receiving the highest number of votes cast for the number of positions to be filled are elected. Only votes cast For a nominee will be counted. An instruction to Withhold authority to vote for one or more of the nominees will result in those nominees receiving fewer votes, but will not count as a vote against the nominees. Abstentions and broker non-votes will have no effect on the director election since only votes For a nominee will be counted.

How Many Votes Are Required to Ratify the Appointment of KPMG LLP (KPMG) as Meredith s Independent Registered Public Accounting Firm?

The affirmative vote of a majority of the voting power present in person or by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of KPMG. Abstentions will have the same effect as a vote Against the proposal. Broker non-votes will have no effect on this proposal.

2

How Many Votes Are Required to Reaffirm Previously Approved Business Criteria or Approve the Amendment to Reserve Additional Shares under the Amended and Restated Meredith Corporation 2004 Stock Incentive Plan (the 2004 Plan or the Plan)?

In order to reapprove previously approved business criteria or authorize any amendments to our 2004 Plan, an affirmative vote of a majority of the voting power present in person or by proxy and entitled to vote at the Annual Meeting is required. For either of these proposals, an abstention will have the same effect as a vote Against the proposal. Broker non-votes will have no effect on either proposal.

How Many Votes Are Required to Approve Other Matters?

Unless otherwise required by law or the Company s Bylaws, the affirmative vote of a majority of the voting power represented at the Annual Meeting and entitled to vote will be required for other matters that may properly come before the meeting.

For matters requiring majority approval, abstentions will have the same effect as a vote Against the proposal. Broker non-votes will have no effect on such a proposal.

Will My Shares Be Voted if I Do Not Provide Instructions to My Broker?

If you are the beneficial owner of shares held in street name by a broker, the broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions to the broker, the broker will be entitled to vote the shares with respect to discretionary items but will not be permitted to vote the shares with respect to non-discretionary items (those shares are treated as broker non-votes). The election of directors and the ratification of the appointment of KPMG are discretionary items. The reaffirmation of previously approved business criteria and any amendment to the Plan are non-discretionary items.

If an individual has signed a proxy card but failed to indicate a vote For, Against, or Withhold, such proxy will be voted FOR the election as directors of the nominees therein named and, in their discretion, upon such matters not presently known or determined that may properly come before the meeting.

Who Represents My Proxy at the Annual Meeting?

Edgar Filing: MEREDITH CORP - Form DEF 14A

If you do not vote in person at the Annual Meeting, but have voted your shares over the Internet, by telephone, or by signing and returning a proxy card, you have authorized certain members of Meredith's Board of Directors as designated by the Board to represent you and to vote your shares as instructed.

What if I Return a Proxy Card But Do Not Provide Specific Voting Instructions for Some or All of the Items?

All shares that have been properly voted whether by Internet, telephone, or mail and not revoked will be voted at the Annual Meeting in accordance with your instructions. If you sign a proxy card but do not give voting instructions, the votes represented by the proxy will be voted as recommended by the Board of Directors. The Board of Directors recommends a vote For the election of the director nominees, For the ratification of the appointment of KPMG as the Company's independent registered public accounting firm for 2010, For the reaffirmation of previously approved business criteria, and For the authorization of additional shares to be reserved under our 2004 Plan.

What if Other Matters Are Voted on at the Annual Meeting?

If any other matters are properly presented at the Annual Meeting for consideration and if you have voted your shares by Internet, telephone, or mail, the persons named as proxies will have the discretion to vote on those matters for you. At the date of filing this Proxy Statement with the SEC, the Board of Directors did not know of any other matter to be raised at the Annual Meeting.

How Do I Vote if I Participate in the Company's Employee Stock Purchase Plan (ESPP) and/or Savings and Investment Plan?

If you are a participant in the Company's ESPP and/or the Meredith Savings and Investment Plan (the 401(k) Plan), you have the right to give instructions to the respective plan administrator as to the voting of the

3

shares of stock allocated to your account. The voting of those shares will occur at the Annual Meeting of Shareholders or at any adjournment or postponement thereof. In this regard, please indicate your voting choices by voting online using the instructions on the Notice that has been sent to you, or by voting using the methods as described on the proxy card if you have requested hard copies of the proxy materials. If you hold shares in the 401(k) Plan and do not vote your shares, those shares will be voted by the plan administrator in the same percentage as the shares held in the 401(k) Plan for which directions are received. If you hold shares in the ESPP and do not vote your shares, those shares will not be voted by the plan administrator.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on November 4, 2009:

This Proxy Statement and the 2009 Annual Report are available at <http://www.idelivercommunications.com/proxy/mdp>. These documents are also posted on our website at www.meredith.com.

PROPOSAL 1 ELECTION OF DIRECTORS

Our Restated Articles of Incorporation provide that the Board of Directors shall consist of not fewer than three nor more than fifteen persons, as may be provided by the Bylaws, to be divided into three classes, each class to consist, as nearly as may be possible, of one-third of the total number of directors. The Bylaws provide that the number of directors shall be fixed from time to time by resolution of the Board of Directors. The last resolution on November 7, 2007, provided for twelve directors. The proxies cannot be voted for a greater number of persons than the number of nominees named herein.

be reduced by resolution to 10.

Listed below are the three persons who have been nominated as Class II directors to serve three-year terms to expire in 2012. All of the Class II nominees are currently serving as directors and were previously elected by the shareholders. CORPORATE GOVERNANCE

Our Company was founded upon service to our customers and we are committed to building value for our shareholders. Our products and services continue to distinguish themselves on the basis of quality, customer service, and value that can be trusted. Consistent with these principles, Meredith strives to uphold the highest standards of ethical conduct, to be a leader in corporate governance, to report results with accuracy and transparency, and to maintain full compliance with the laws, rules, and regulations that govern Meredith's businesses.

Corporate Governance Guidelines

Edgar Filing: MEREDITH CORP - Form DEF 14A

The Board of Directors has adopted the Company's Corporate Governance Guidelines (Guidelines), charters for each of the Board committees, Code of Business Conduct and Ethics, and Code of Ethics for Chief Executive Officer and Senior Financial Officers. These documents are posted on the Corporate Governance section of the Meredith website, www.meredith.com, and are available upon written request to the Secretary of the Company, 1716 Locust Street, Des Moines, Iowa 50309-3023.

Director Independence

Because certain members of the Meredith family, acting as a group, control more than 50% of the voting power of Meredith Corporation, the Company is a Controlled Company and need not comply with the requirements for a majority of independent directors or for independent compensation and nominating/corporate governance committees. Our Board of Directors, nevertheless, has determined to comply in all respects with the New York Stock Exchange (NYSE) rules. The Board currently does not have any categorical standards to assist it in determining the independence of its members other than those expressly set forth in the NYSE rules.

For purposes of the NYSE listing standards, the Board of Directors has determined that each of the following directors and/or nominees has no material relationship with the Company (directly or as a partner, shareholder, or officer of an organization that has a relationship with the Company) and, accordingly, is independent:

Herbert M. Baum	Frederick B. Henry
Mary Sue Coleman	Joel W. Johnson
James R. Craigie	David J. Londoner
Alfred H. Drewes	Philip A. Marineau
D. Mell Meredith Frazier	Elizabeth E. Tallett

Nominations for Directors

Director nominees are selected by the Nominating/Governance Committee in accordance with the policies and principles of its charter and the Guidelines. The committee considers independence, diversity, age, skills, and experience in the context of the needs of the Board. The committee will consider shareholder recommendations for directors that comply with the requirements set forth in the section entitled SUBMITTING SHAREHOLDER PROPOSALS, which appears later in this Proxy Statement.

6

Executive Sessions of Non-Management Directors

Non-management directors meet in executive session at least quarterly. The non-executive Chair of the Board, William T. Kerr, presides at these executive sessions and, in his absence, the Chair of the Nominating/Governance Committee presides at these executive sessions.

Communications with the Board

Interested parties and shareholders who wish to communicate with the Board and/or the non-management directors should address their communication to: Board of Directors, Meredith Corporation, c/o Office of the General Counsel, 1716 Locust Street, Des Moines, Iowa 50309-3023. Mail addressed in this manner will be forwarded to the non-executive Chair of the Board. Shareholders may also deliver such communication by telephone at 1-866-457-7445, or at <https://www.integrity-helpline.com/meredith.jsp>.

MEETINGS AND COMMITTEES OF THE BOARD

The Board

Edgar Filing: MEREDITH CORP - Form DEF 14A

The Board has a majority of directors who meet the criteria for independence required by the NYSE. The responsibility of the directors is to exercise their business judgment to act in what they reasonably believe to be the best interests of the Company and its shareholders. Directors are expected to attend Board meetings and meetings of the committees on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities.

During fiscal 2009, the Board had four regularly scheduled meetings, as did the Audit, Compensation, Finance, and Nominating/Governance Committees. In addition, the Audit Committee had four special meetings and the Compensation Committee had two special meetings. All directors attended more than 75% of the meetings of the full Board and the respective committees on which they served during fiscal 2009.

The Company policy is that all directors are expected to attend the Annual Meeting of Shareholders. Eleven directors attended the November 5, 2008, Annual Meeting of Shareholders.

Director Stock Ownership

All directors are expected to own stock in the Company. Ownership of \$100,000 in our stock is considered an appropriate amount for each director to accumulate over a reasonable period of time. For additional information, please see the section entitled "SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT" in this Proxy Statement.

Committees of the Board

The Guidelines require the Board to have a Nominating/Governance Committee, an Audit Committee, and a Compensation Committee and further provide that the Board may establish additional committees as necessary or appropriate. The Board has also established a Finance Committee. Each committee has its own charter setting forth the qualifications for membership on the committee and the purposes, goals, and responsibilities of the committee. Each of these committees has the power to hire independent legal, financial, or other advisors as it deems necessary, without consulting or obtaining the approval of any officer of the Company in advance. The charter for each committee is available on the Company's website at www.meredith.com by first clicking on "Meredith Corporate," then on "Corp Governance," then on "Board Committees," and finally clicking on the committee name. The charter of each committee is also available in print to any shareholder who requests it. The table below shows the current membership for each of the standing Board committees:

1. Audit Committee. The committee is composed entirely of non-employee directors, each of whom meets the independence requirements of the NYSE listing standards, as well as the Sarbanes-Oxley Act of 2002. Pursuant to our Audit Committee Charter, each member of the committee, in addition to meeting the independence requirement, must be financially literate as contemplated under NYSE rules. Furthermore, the Board of Directors has determined that Messrs. Craigie, Drewes, Londoner, and Marineau each meet the requirements to be named audit committee financial experts as the term has been defined by the SEC rules implementing Section 407 of the Sarbanes-Oxley Act of 2002.

Edgar Filing: MEREDITH CORP - Form DEF 14A

The committee assists the Board of Directors in fulfilling its oversight responsibilities as they relate to the Company's accounting policies and internal controls, financial reporting practices, and legal and regulatory compliance. It is directly responsible for the appointment, compensation, and oversight of the Company's independent auditor, also referred to as independent registered public accounting firm and has the sole authority to appoint or replace the independent auditor. In addition, the committee maintains, through regularly scheduled meetings, open lines of communication between the Board of Directors and the Company's financial management, internal auditors, and independent registered public accounting firm.

2. Nominating/Governance Committee. All members of this committee are non-employee directors who meet the independence requirements of the NYSE listing standards. The committee's purpose is to:

A. Assist the Board by identifying individuals qualified to become Board members and recommend to the Board the director nominees for the next Annual Meeting of Shareholders;

B. Recommend to the Board the Corporate Governance Guidelines applicable to the Company;

C. Lead the Board in its annual review of the Board's performance; and

D. Recommend to the Board director nominees for each committee.

Nominees for directorship are considered in accordance with the policies and principles in the Nominating/Governance Committee Charter. The committee is responsible for reviewing with the Board the requisite skills and characteristics of director nominees. It assesses nominees qualifications for independence, as well as other considerations including skills, experience, diversity, and age in the context of the needs of the Board. The Board's priority is to seek the most qualified and experienced candidates possible. The Nominating/Governance Committee has from time to time retained an executive recruiting firm whose function is to bring specific director candidates to the attention of the committee.

3. Finance Committee. The committee advises the Board with respect to corporate financial policies and procedures, dividend policy, specific corporate financing and capital plans, and annual operating and capital budgets. It also provides financial advice and counsel to management, reviews and makes recommendations to the Board of Directors concerning acquisitions and dispositions, appoints depositories of corporate funds and specifies conditions of deposit and withdrawal, and approves corporate investment portfolios and capital expenditure requests by management within the limits established by the Board. In addition, the committee reviews pension plan performance and approves plan documents.

4. Compensation Committee. All members of this committee are non-employee directors who meet the independence requirements of the NYSE listing standards. The committee has overall responsibility for evaluation and approval of officer compensation plans, policies, and programs. The committee reviews and approves corporate officers' salaries, approves, prior to adoption, any officer or management incentive, bonus, stock plans, or agreements, and administers such plans as required.

Compensation Committee Interlocks and Insider Participation

All members of the Compensation Committee are independent directors. No executive officer of the Company serves on the Board of Directors or Compensation Committee of any other company for which any directors of Meredith served as an executive officer at any time during fiscal 2009.

8

COMPENSATION DISCUSSION AND ANALYSIS

This section provides information regarding the compensation program in place for our Chief Executive Officer (CEO), Chief Financial Officer (CFO), and the three other most highly compensated executive officers, collectively the Named Executive Officers (NEOs) for fiscal 2009. It includes information regarding, among other things, the overall objectives of our compensation program and each element of compensation that we provide.

Edgar Filing: MEREDITH CORP - Form DEF 14A

The Compensation Committee reviews and approves the compensation of our officers and acts pursuant to a charter that has been approved by the Board of Directors. The committee also administers various stock and other compensation-related plans provided for the benefit of our officers and other key managers.

Executive Summary

Our compensation program is designed to focus our NEOs on key business objectives and is tied to the financial performance of the Company. As described in more detail below, the committee made pay decisions based on Company performance for fiscal 2009. The following brief discussion of our compensation philosophy and objectives provides the framework within which compensation programs and decisions were made.

Compensation Philosophy and Objectives

Our executive compensation philosophy has the following objectives:

1. To establish a performance-based compensation structure which directly links both short-term and long-term compensation to business results;
2. To provide competitive compensation opportunities in the marketplace in which we conduct our businesses in order to attract, retain, and motivate top caliber executives;
3. To provide the opportunity to earn compensation beyond competitive levels if superior operating performance and shareholder returns are achieved;
4. To design incentives that balance the need to meet or exceed annual operating plans with the need for long-term business growth and to provide superior shareholder returns; and
5. To provide clear and measurable objectives for executive performance.

We strive to link executive compensation to the performance of the Company. For example, the short-term incentive program awards incentives on the basis of performance over a one-year period and is tied directly to operating performance. Similarly, the long-term incentive program includes grants of stock options, restricted stock and performance-based restricted stock, and performance-based restricted stock units (RSUs), which are tied to specific performance goals. At the beginning of each fiscal year, the committee identifies performance metrics; establishes thresholds, targets, and maximums; and determines weightings for each of the corporate, business unit, and individual goals.

Our compensation program for NEOs is designed so that a significant portion of their total compensation will be delivered in the form of variable annual cash incentives and long-term incentives subject to Company, business unit, and individual performance. In setting each compensation element, the committee evaluates both the external market data provided by its consultant and internal equity considerations.

The Company attempts to create a compensation program for NEOs that delivers total compensation at or above the 60th percentile of companies in our Compensation Peer Group (Peer Group). The Peer Group includes each of the companies in our SEC peer group for fiscal 2009 (Belo Corp.; Gannett Co., Inc.; The McGraw-Hill Companies, Inc.; Media General, Inc.; The E. W. Scripps Company; and The Washington Post Company), plus the following companies: Clear Channel Communications, Inc.; Emmis Communications Corporation; Lee Enterprises, Incorporated; Martha Stewart Living Omnimedia, Inc.; PRIMEDIA Inc.; and Sinclair Broadcast Group, Inc. The committee considers several factors before including companies in the Peer Group. Those factors include companies with similar product lines, similar business strategies, comparable revenues, and comparable market capitalization. Due to the dynamics of the competitive marketplace, with companies being acquired, product lines divested, and growth occurring through acquisitions, the committee reviews the Peer Group annually and makes changes to the Peer Group to account for these events. Three

companies were removed from the SEC peer group in 2009; Dow Jones and Company, Inc. which was acquired by News Corp. in December 2007; Hearst-Argyle Television, Inc. which is no longer a publicly traded company; and The New York Times Company because, following the sale of their broadcast media group, they are no longer in any of the same lines of business as the Company. No companies were added to the Peer Group.

In August 2008, the committee reviewed salary survey data, in addition to publicly filed Peer Group data, prepared by Watson Wyatt & Company (Watson Wyatt), the committee's outside compensation consultant. In the report, Watson Wyatt provided Peer Group and published survey data on base salary, annual non-equity incentives (bonuses), long-term incentives, and total direct compensation (the sum of base salary, annual non-equity incentives, and long-term incentives). As part of the published survey analysis, Watson Wyatt utilized the 2007-2008 Watson Wyatt Top Management Survey and two other executive compensation surveys. These surveys included industry-specific data and data from organizations similar in revenue size to Meredith.

The Elements of Our Compensation Program

This section describes the elements of our compensation program for NEOs, together with a discussion of various matters relating to those items, including a rationale for the Company's decision to include the items in the compensation program.

1. **Cash Compensation.** Salary is included in our NEO compensation package because the committee believes it is appropriate that a portion of the compensation provided to NEOs be in a form that is fixed and liquid. Performance-based incentives are included in the package because they permit the committee to motivate our NEOs to pursue particular objectives the committee believes are consistent with the overall goals and strategic direction the Board has set for the Company. The components comprising the cash portion of total compensation are described further below.

A. **Base Salary.** Base salary for NEOs is generally fixed by the committee at its meeting in August. Changes in base salary on a year-over-year basis are dependent on the committee's assessment of the Company, business unit, and individual performance. The committee can set NEO salaries at the level it deems appropriate, unless a minimum salary has been specified in an employment agreement. In evaluating salaries, the committee is mindful of its overall goal to keep target cash compensation for its executive officers between the median and the 75th percentile of cash compensation paid by companies in our Peer Group. Cash compensation provided in the form of salary is generally less than the amount provided under our short- and long-term incentive programs, each of which is described below. This weighting reflects the committee's objective of ensuring that a substantial amount of each NEO's total compensation is tied to Company, business unit, and individual performance goals.

B. **Short-Term Incentive Programs.** The 2004 Plan provides the CEO and other executive officers with an annual incentive (the Annual Bonus), to attain established financial and overall performance targets. For fiscal 2009, the committee reviewed the design of our Short-Term Incentive Program relative to our business strategy and competitive market practices. As a result of this review, the committee increased the emphasis on business unit objectives and performance. Beginning in fiscal 2009, the committee approved adding an individual performance component for the CEO and also increased the weighting of this component for the other NEOs. For fiscal 2009, 80% of the annual incentive awarded to each NEO was based on specific financial targets including Earnings Per Share (EPS), and operating cash flow. The remaining 20% related to predetermined measurable and qualitative organizational objectives.

In determining target incentives, the committee considers several factors, including:

- The desire to ensure, as described above, that a substantial portion of total compensation is performance based;
- The relative importance, in any given year, of the long- and short-term performance goals;
- The qualitative objectives set for NEOs;

10

The advice of the independent compensation consultant regarding compensation practices at other companies in the Peer Group; and

The target amounts set and actual incentives paid in recent years.

Management, including the NEOs, develops preliminary recommendations based upon the business plan for performance goals and specific financial targets. The committee reviews management's preliminary recommendations and establishes final goals. The committee strives to ensure that the incentive awards are consistent with the strategic goals set by the Board; that the goals are sufficiently ambitious to provide

Edgar Filing: MEREDITH CORP - Form DEF 14A

meaningful incentives; and that amounts paid, assuming target levels of performance are attained, will be consistent with the overall NEO compensation program established by the committee.

For fiscal 2009, the committee established Annual Bonus targets for EPS, corporate operating cash flow, group operating earnings and operating cash flow, and individual performance objectives. The committee believes the use of these measurements provides the NEOs with an incentive that closely aligns their interests with overall Company performance. The committee set the following goals:

	Threshold (\$)	Target (\$)	Maximum (\$)
Annual EPS	2.50	2.70	3.00
Corporate Group			
Operating Cash Flow ¹	135 million	150 million	165 million
Development Contribution EBITDA	3 million	4 million	5 million
Total Debt	415 million	400 million	385 million
Publishing Group			
Operating Earnings	180 million	200 million	220 million
Operating Cash Flow ¹	155.25 million	172.5 million	189.75 million
Broadcasting Group			
Operating Earnings	56.25 million	62.5 million	68.75 million
Operating Cash Flow ¹	49.5 million	55 million	60.5 million

¹ Operating cash flow for Annual Bonus target purposes is measured on a non-GAAP basis. The primary difference is that cash flow for bonus purposes is reduced by capital expenditures.

For fiscal 2009, the incentive payment for the CEO was set at 100% of base salary for achieving target and up to 250% of base salary for achieving performance above target. The incentive payments for other NEOs ranged from 50% to 80% of base salary for achieving target and up to a range of 125% to 200% for achieving performance above target. If, in either case, performance was below the stated minimum, incentive payments could have been zero.

The actual performance-based incentive payments are included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. In fiscal 2009, the performance objectives for the NEOs generally included the following, depending upon each officer's role in the Company:

Financial objectives – earnings per share, operating cash flow, EBITDA from acquisition activity, other cost saving initiatives, certain group financial measures.

Board or CEO evaluation of individual performance.

- o Each NEO has a non-financial objective as a component of the annual short-term incentive plan. In determining the NEO's performance for this objective, the committee considers several factors including the following:
- o The impact the NEO had on developing and executing the Company's business strategy and maximizing market share;
- o Management of the business unit's operating performance and expenses for the fiscal year;

11

- o Actions taken to help mitigate the negative macroeconomic factors on performance results; and
- o Integration of subsidiaries and/or technologies to leverage products/services and enhance operating results.

Each NEO's specific objectives are weighted according to the extent to which the executive will be responsible for delivering results on those objectives. The weightings assigned to the objectives for each NEO for fiscal 2009 are shown in the table below.

Weightings Assigned in Fiscal 2009 to Each Performance Objective for the NEOs

Objective	Lacy	Ceryanec*	Griffin	Karpowicz	Zieser
EPS	55%	45%	20%	20%	45%
Operating Cash Flow	25%	15%	5%	5%	15%

*Mr. Joseph Ceryanec joined the organization as VP-Chief Financial Officer on October 20, 2008.

The committee, at its quarterly meetings, reviewed the progress of the NEOs toward meeting the quantitative goals established for the fiscal year and approved the final incentive awards for the CEO and each NEO at its August 2009 meeting.

<u>Objective</u>	<u>Target (\$)</u>	<u>Actual (\$)</u>	<u>Level Achieved</u>

EPS	2.70	2.03	1 Below Threshold
Operating Cash Flow	150 million	162.9 million	Above Target

Total Debt	400 million	380 million	Above Maximum

Operating Earnings	200 million	158.8 million	1 Below Threshold

Broadcasting Group			
Operating Earnings	62.5 million	42.6 million	1 Below Threshold
Cash Flow	55 million	64.1 million	Above Maximum

¹ Excludes special charges and the results of discontinued operations. The special charges are primarily related to the impairment of the Broadcasting Group's FCC licenses and goodwill, the closure of *Country Home* magazine, and a companywide workforce reduction.

2. Equity Compensation. The committee strives to link executive compensation to performance by basing a substantial portion of compensation on equity awards. The committee has approved awards under the 2004 Plan in the form of stock options, time-based and performance-based restricted stock and RSUs. In fiscal 2009, NEOs received a majority of their equity awards as stock options and performance-based restricted stock.

The committee determines the appropriate balance between cash and equity compensation each year. In making that assessment, the committee considers factors such as the relative merits of cash and each form of equity award as a device for retaining and incentivizing NEOs and the practices, as reported by the independent compensation consultant, of similar companies (including peers).

The committee believes that its current program for NEO compensation, in the form of cash versus equity, provides significant alignment with shareholders, while also permitting the committee to incentivize the NEOs to pursue specific short- and long-term performance goals. In general, equity compensation ranges from 30 to 50% of the NEO's total compensation.

12

The types of equity awards that have been granted under the 2004 Plan are as follows:

A. **Stock Options.** Stock options vest on the third anniversary of the grant date and have a ten-year term. All options are granted with an exercise price equal to at least the closing price of our common stock on the date of grant. Option repricing is expressly prohibited by the terms of the 2004 Plan.

B. **Restricted Stock.** Restrictions on restricted stock awards generally lapse on either the third or fifth anniversary of the grant date as determined by the committee. Recipients receive dividends and may vote restricted shares. Shares of restricted stock may not, however, be sold

Edgar Filing: MEREDITH CORP - Form DEF 14A

or otherwise transferred prior to the lapse of the restrictions. Performance-based restricted stock was granted in August 2008 and the Company must achieve an average return on equity of 13% over the three-year performance period ending June 30, 2011, in order for the restrictions to lapse. If the required performance is not achieved, the award will be forfeited.

C. **RSUs.** RSUs convert to shares of common stock at the end of a specified time period if certain performance goals have been achieved. If the minimum goal is not met, the RSUs will be forfeited. Dividends on RSUs are accrued in the form of common stock equivalents (CSEs) and held by the Company until the end of the performance period. Holders of RSUs may not vote the units in shareholder meetings. For RSUs granted in August 2006, the performance goals were based on the growth of the Company's adjusted EPS for the three-fiscal-year period beginning on July 1, 2006, and ending on June 30, 2009. The Company did not meet the minimum level of performance necessary for the executives to receive a payout. The actual cumulative EPS over the three-year performance period was \$8.00. The performance scale for the RSUs granted in August 2006 is shown below:

EPS Growth	Cumulative EPS	% Earned*	Performance Level
15%	\$11.42	115%	Maximum
13%	\$11.00	100%	Target
7%	\$ 9.83	50%	Threshold

*Shares earned are prorated for performance between levels.

For more details on stock options, restricted stock, and RSU awards, see **Grants of Plan-Based Awards** on page 18 of this Proxy Statement.

3. **Executive Stock Ownership Program.** To further align executives' interests with shareholders, NEOs are encouraged to own Meredith stock. An Executive Stock Ownership Program has been established by the committee to assist executives in achieving their ownership targets. Target levels for individual stock holdings are established by the committee for the participants in the program. The NEOs must attain the ownership requirements within a five-year period. Each participant is awarded restricted stock equal to 20% of his or her personal acquisitions of Meredith stock since the last day of the prior year up to the established target. The incremental stock holdings must be maintained for a period of five years in order for the restrictions to lapse. The committee believes this program provides further incentives to the participants to focus on long-term Company performance and shareholder value. The following table reflects each NEO's share ownership requirement and attainment toward those requirements within the five-year time frame:

Participant	Title	Target Ownership	Status
Stephen M. Lacy	President and CEO	60,000	Met
Joseph H. Ceryanec	VP-Chief Financial Officer	20,000	On Target
John H. Griffin, Jr.	President-Publishing Group	20,000	Met
Paul A. Karpowicz	President-Broadcasting Group	20,000	On Target
John S. Zieser	Chief Development Officer, General Counsel and Secretary	20,000	Met

4. **Perquisites.** The NEOs receive various perquisites provided by or paid for by the Company. These perquisites include financial planning services, memberships in social and professional clubs, car allowances, matching contributions to 401(k) plans, and premiums for life and disability insurance.

13

The Company provides perquisites to attract and retain executives in a competitive market. These perquisites also allow our NEOs to be effective in conducting day-to-day business by creating and maintaining important business relationships.

The committee reviews the perquisites provided to the NEOs on a regular basis, in an attempt to ensure that they continue to be appropriate in light of the committee's overall goal of designing compensation programs for NEOs that maximize the interests of our shareholders.

5. **Deferred Compensation.** The Deferred Compensation Plan (DCP) allows certain employees, including the NEOs, to defer receipt of salary and/or incentive payments. Amounts may be deferred into a cash account or as CSEs. The cash account earns interest at a rate equal to the lower of (i) the base rate charged by CitiBank, N.A., on corporate loans, which is also referred to as the prime rate, or (ii) the Company's Return on

Edgar Filing: MEREDITH CORP - Form DEF 14A

Shareholders' Equity for the immediately preceding fiscal year, as further defined in the Company's DCP. CSEs are not voted in shareholder meetings and dividends are reinvested. The Company does not match any deferred amounts.

Participants may defer up to 100% of base salary over \$245,000 and 100% of incentive payments, provided total annual compensation exceeds \$245,000 after deferrals.

The DCP is not funded by the Company and participants have an unsecured contractual commitment from us to pay the amounts due under the DCP. Such payments are distributed from the Company's assets when they become due.

We also provide the opportunity to defer awards of restricted stock upon vesting and awards of RSUs when they are earned and vested as CSEs, subject to Section 409A regulations. Distributions are paid in accordance with the deferral election which offers varying deferral periods and payment in a lump sum or a series of annual installments following the end of the deferral period, subject to any legally required waiting period.

This benefit is provided because we wish to permit employees to defer their obligation to pay taxes on certain elements of compensation they are entitled to receive. The DCP permits them to do this while also receiving interest on deferred amounts, as described above. The provision of this benefit is important as a retention and recruitment tool because many, if not all, of the companies with which we compete for executive talent provide a similar plan to their senior employees.

Compensation Consultant

The Compensation Committee has authority under its charter to engage the services of outside advisors, experts, and others to assist the committee. In accordance with this authority, the committee has retained an independent executive compensation consultant, Watson Wyatt, to advise the committee on all matters related to executive compensation. The consultant attended three committee meetings in fiscal 2009. From time to time, the compensation consultant may, upon the specific request of the Chair of the Compensation Committee, issue engagement letters for particular projects or assignments. Watson Wyatt's services will be limited to those matters on which Watson Wyatt has specifically been engaged and may include executive compensation trends, equity grant philosophies and practices, tally sheet design, and specific position competitive data. Watson Wyatt reports directly to the committee and the committee has the authority to terminate Watson Wyatt.

Treatment of Special Items

In determining performance goals and evaluating performance results, the committee may use its discretion and judgment to ensure that management's rewards for business performance are commensurate with their contributions to that performance while still holding management accountable for the overall results of the business, to the extent permitted by governing law. The committee believes that the metrics for incentive compensation plans should be specific and objective, yet recognizes that interpretation of the application of pre-established metrics to results may be necessary from time to time for certain special items, such as changes in applicable accounting rules pursuant to accounting principles generally accepted in the United States of America (GAAP), changes in tax laws or applicable tax rates, acquisitions and divestitures, and special investments or expenditures in the Company's operations. The committee did not exercise its discretion in setting management's awards for fiscal 2009.

14

Tax Deductibility of Compensation Section 162(m) Compliance

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code), places a limit of \$1 million on the amount of compensation that the Company may deduct in any one year with respect to each of its NEOs. The Company generally intends to comply with the requirements for full deductibility. There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. Annual non-equity incentive compensation and stock option awards generally are performance-based compensation meeting those requirements and, as such, are fully deductible. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the committee reserves the right to provide for compensation to the NEOs that may not be deductible, if it is determined to be in the best interests of the Company and its shareholders.

Practices Regarding the Grant of Options

The committee has generally followed a practice of making option grants to its executive officers at its regular quarterly meeting in August. The August meeting date historically has occurred within four weeks of the issuance of the release reporting earnings for the previous fiscal year. The committee believes it is appropriate that annual awards be made at a time when material information regarding performance for the preceding year has been disclosed. Grants may be made at other times during the year in connection with promotions or as a tool to attract talent. We do not otherwise have any program, plan, or practice to time annual option grants to our executives in coordination with the release of material non-public information.

All option awards made to our non-employee directors, NEOs, or any other employee in fiscal 2009 were made in accordance with the 2004 Plan. All options are granted with an exercise price equal to at least the fair market value of our common stock on the date of grant. Fair market value has been defined by the Compensation Committee to be the closing market price of our common stock on the date of grant. We do not have any program, plan, or practice of awarding options with an exercise price other than the closing market price on the date of grant.

Post-Termination Compensation

1. Severance Agreements. We have entered into Severance Agreements with each of the NEOs. These agreements provide for payments and other benefits if the officer's employment terminates for a qualifying event or circumstance, such as being terminated for Cause or leaving employment for Good Reason, as these terms are defined in the Severance Agreement. Additional information regarding the Severance Agreements, including a definition of key terms and quantification of benefits that would have been received by our NEOs had termination occurred on June 30, 2009, is found under the heading, Payment Obligations upon Termination Due to Change in Control on page 27 of this Proxy Statement.

The committee believes that these Severance Agreements are an important part of overall compensation for our NEOs and that these agreements help secure the continued employment and dedication of our NEOs, notwithstanding any concern they might have regarding their own continued employment, prior to or following a Change in Control. The committee also believes that these agreements are important as a recruitment and retention device, given the competitive market for executive talent.

2. Retirement Income Plan, Replacement Plan, and Supplemental Plan. We maintain separate qualified defined benefit plans for our union and nonunion employees, as well as two nonqualified supplemental pension plans covering certain nonunion employees. The NEOs are covered under the nonunion plan (Retirement Income Plan), the Replacement Plan, and the Supplemental Plan. The amount of annual earnings that may be considered in calculating benefits under the Retirement Income Plan is limited by law. For 2009, the annual limitation is \$245,000. The Replacement Plan is an unfunded plan that provides an amount substantially equal to the difference between the amount that would have been payable under the Retirement Income Plan in the absence of legislation limiting pension benefits and earnings that may be considered in calculating pension benefits and the amount actually payable under the Retirement Income Plan.

The Supplemental Plan is an unfunded nonqualified plan. The purpose of the Supplemental Plan is to provide for NEOs the excess, if any, of the benefits they would have become entitled to under our prior defined benefit plan if it had continued in effect after August 31, 1989.

15

The committee believes that the Retirement Income Plan, Replacement Plan, and Supplemental Plan serve a critically important role in the retention of our senior executives, as benefits thereunder increase each year that these executives remain with the Company. The plans thereby encourage our most senior executives to continue their work on behalf of the Company and our shareholders.

COMPENSATION COMMITTEE REPORT

We, the Compensation Committee of the Board of Directors of Meredith Corporation, have reviewed and discussed the Compensation Discussion and Analysis set forth above with the management of the Company and, based upon such review and discussion, have recommended to the Board of Directors the inclusion of the Compensation Discussion and Analysis in this Proxy Statement and, through incorporation by

Edgar Filing: MEREDITH CORP - Form DEF 14A

reference from this Proxy Statement, in the Company's Annual Report on Form 10-K for the year ended June 30, 2009.

COMPENSATION COMMITTEE

Frederick B. Henry, Chair

Herbert M. Baum

D. Mell Meredith Frazier

Philip A. Marineau

Elizabeth E. Tallett

NAMED EXECUTIVE OFFICER COMPENSATION

During fiscal 2009 Messrs. Lacy, Ceryanec, Griffin, Karpowicz, and Zieser were employed pursuant to agreements with the Company. A more complete description of those agreements begins on page 22 of this Proxy Statement. The salary for each of the NEOs is set according to the terms of such employment agreement or at the discretion of the Compensation Committee.

Each NEO is entitled to participate in all employee benefit plans maintained by the Company, including the 2004 Plan. In addition, customary perquisites are provided to each of the NEOs.

Normally, the pension amounts reported in the Summary Compensation Table can be derived from the current and prior year's Pension Benefits Tables, however that is not the case for this fiscal year. Due to our adoption of FAS 158, the pension plan measurement date was changed from March 31 to June 30 and the pension plan value was measured from June 30, 2008, to June 30, 2009. In addition, corrections were made to historical pensionable earnings. Many elements affect the change in present value from year to year, including age, years of service, pay increase, annuity conversion rate change, and/or discount rate change. Specifically, the change in assumed annuity conversion rate may produce unexpected changes from year to year.

Awards

The Grants of Plan-Based Awards table provides additional detail about the equity and non-equity awards shown in the Summary Compensation Table. The committee granted awards during fiscal 2009 as shown in the table below to each of the NEOs pursuant to the 2004 Plan. The February 1, 2009, awards of restricted stock were made subject to the Executive Stock Ownership Program which is described in detail on page 13 of this Proxy Statement.

Performance-based restricted stock was awarded by the committee on August 12, 2008, with a three-fiscal-year performance period beginning on July 1, 2008, and ending on June 30, 2011. In addition, the committee granted options during fiscal 2009 to each of our NEOs. Each of the options granted will become exercisable in its entirety on the third anniversary of the grant date. For additional information on equity awards, please see the Equity Compensation section in the Compensation Discussion and Analysis.

At the beginning of fiscal 2009, the committee established potential non-equity incentive awards for each of the NEOs under the 2004 Plan. The amount of the incentive for each NEO was tied to specific financial and individual performance targets established by the committee. The incentives earned by the NEOs are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table above.

- (1) The amounts shown for each executive officer are the threshold, target, and maximum non-equity incentive awards that could be earned during the period ended June 30, 2009. The amount of the award was determined by the Compensation Committee based on the level achieved with respect to each NEO's individual incentive plan. Individual incentive plans may include EPS, Operating Cash Flow, Group Operating Cash Flow, or other measurements.
- (2) Shown for each executive officer are the shares of restricted stock that will be awarded at the end of the three-fiscal-year performance period which began on July 1, 2008, and ends on June 30, 2011, if certain levels of performance are achieved throughout the performance period. If the required levels of performance are not achieved, no shares will be awarded.
- (3) Grants of restricted stock on January 31, 2009, to Messrs. Lacy, Griffin, and Karpowicz were awarded under the Executive Stock Ownership Program which was designed to encourage increased Company stock holdings by executives. Target levels of individual stock holdings are established by the committee for participants in the program. Each participant receives an annual award of restricted stock equal to 20% of his or her personal acquisition of Company stock during the preceding calendar year. The incremental stock holdings must be maintained for a specified period in order for the restrictions to lapse. The shares awarded are subject to forfeiture prior to vesting which occurs on the fifth anniversary of the date of grant. Also included in this column are August 2008 awards under the 2004 Plan of 2,300 restricted shares to Mr. Griffin, 3,950 restricted shares to Mr. Karpowicz, and 2,400 restricted shares to Mr. Zieser, all with three-year cliff vesting. Also listed in this column is an award upon hiring of 7,500 restricted shares with five-year cliff vesting to Mr. Ceryanec. Dividends at the normal rate are paid on shares of restricted stock.

Edgar Filing: MEREDITH CORP - Form DEF 14A

- (4) Options listed in this column will vest 100% on the third anniversary of the grant date and will expire on the tenth anniversary of the grant.
 (5) The exercise price equals the NYSE closing price per share on the date of grant.
 (6) The value of restricted stock awards is based on the fair market value of the Company's common stock on the date of grant. The estimated value of options is calculated using the Black-Scholes option valuation model. For a description of the assumptions used to calculate the amounts, see Note 10 (Common Stock and Share-Based Compensation Plans) to the Company's Consolidated Financial Statements included in its Annual Report on Form 10-K for the year ended June 30, 2009.

Pension Benefits in Fiscal 2009

The following table shows on a plan-by-plan basis for each NEO: the number of years (rounded to the nearest whole number) of credited service, the present value of the accumulated benefit, and the value of any payments made during the fiscal year. The present values are generally based on the assumptions used for financial reporting purposes as of the Company's most recent fiscal year-end measurement date. Exceptions include the retirement age, which is assumed to be the earliest unreduced age, and pre-retirement decrements, which are ignored. The following assumptions were used to calculate the present values in the table:

Measurement date	June 30, 2009
Discount rate	5.75%
Interest crediting rate	4.75%
Annuity conversion rate	5.75%
Annuity conversion mortality	2009 IRS Prescribed 417(e)(3)

Nonqualified Deferred Compensation in Fiscal 2009

The following table discloses contributions, earnings, and balances under each defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified for each of the NEOs. Each deferral listed below was in the form of CSEs. Dividends are reinvested as additional CSEs. See page 14 of this Proxy Statement for additional information concerning deferred compensation. The aggregate balance was determined by multiplying the number of CSEs held on June 30, 2009, by \$25.55, the closing price of the Company's common stock on the NYSE on that date. Distributions are paid in accordance with the deferral election, which offers varying deferral periods and payment in lump sums or a series of annual installments following the end of the deferral period. All payments are also subject to Section 409A restrictions.

Potential Payments upon Termination

Employment and Other Agreements

The Company has entered into employment agreements with each of the NEOs as summarized below. Each of the employment agreements described below provides for periods of nonsolicitation, non-compete, and confidentiality following termination.

On December 30, 2008, the Company entered into amendments to each employment agreement. Those amendments conform to the requirements of Section 409A of the Internal Revenue Code of 1986, as amended, and all payouts described below shall be subject to the terms of Section 409A. The purpose of the amendments is to provide for the delay of any payment or benefit provided by the employment agreement if such amount or benefit would be subject to or incur additional tax, and further, that any such deferred payment shall be accumulated and paid in a single lump sum, together with interest compounded annually for the period of the delay, on the earliest date on which such payment can be made without incurring any additional tax.

Edgar Filing: MEREDITH CORP - Form DEF 14A

1. Lacy Employment Agreement. The Company entered into an agreement with Mr. Lacy which became effective July 1, 2006, the date he became President and Chief Executive Officer of the Company, and continued in effect through June 30, 2009. The agreement is subject to automatic renewal for subsequent one-year terms, and the first renewal term began on July 1, 2009. The agreement, as amended on December 30, 2008, provides that Mr. Lacy's minimum annual base salary shall be determined by the Compensation Committee. In addition, Mr. Lacy is a participant in the 2004 Plan or successor plans, the Meredith Employees' Retirement Income Plan, the Meredith Replacement Benefit Plan, and the Meredith Supplemental Benefit Plan. Mr. Lacy's target Annual Bonus under the 2004 Plan will not be less than 100% of his base salary. The agreement also provides for payment to Mr. Lacy in the event his employment is terminated for various reasons as follows:

A. If his employment were terminated because of death, all restricted stock, RSUs, and stock options would immediately vest; his base salary would be paid to the legal representative of his estate in substantially equal installments until the end of the month of the first anniversary of his death, and any Annual Bonus as determined by the Compensation Committee would be prorated to the date of death.

B. In the event of termination due to Disability, Mr. Lacy would receive 100% of his base salary for the first 12 months following such termination for the remaining period of the current term. Mr. Lacy would receive his target Annual Bonus (as defined in the agreement) for the initial year in which the short-term disability occurs. In addition, all restricted stock, RSUs, and stock options would vest immediately and run to term.

C. In the event of termination Without Cause, or due to Failure to Re-Elect as CEO or Director, Mr. Lacy would be entitled to receive a lump sum payment within the Short Term Deferral Period equal to no less than a total of 24 months of 200% of his current base salary. Mr. Lacy would also be eligible for postretirement welfare benefits which would commence after June 30, 2010; therefore, the value of those benefits for fiscal 2010 would be zero. In addition, all equity awards would vest and become exercisable under the terms of the agreement.

D. In the event of termination for Cause, Mr. Lacy would receive his base salary and any Annual Bonus under the 2004 Plan prorated to the date of termination. All equity awards subject to restriction would be forfeited.

The following table sets forth the estimated payments and benefits that would have been provided to Mr. Lacy if his employment had been terminated as of June 30, 2009, under the circumstances specified.

Edgar Filing: MEREDITH CORP - Form DEF 14A

- (2) Mr. Lacy's employment agreement requires that the Company provide continued benefits to him and his eligible dependents in the event of termination Without Cause through the end of the Remaining Term of the agreement which would be June 30, 2010.
- (3) Mr. Lacy's employment agreement also provides that if his employment is terminated voluntarily due to a substantial change in his position, duties, or responsibilities, his retirement benefits will be accelerated as if the termination were Without Cause.
- (4) Disabled employees are considered active participants in all retirement plans.
- (5) Reflects the benefit of the immediate vesting of all outstanding restricted stock and RSUs at the threshold.

2. Ceryanec Employment Agreement. The Company entered into an agreement with Mr. Ceryanec which became effective October 20, 2008, the date he became Vice President-Chief Financial Officer of the Company. The agreement, as amended on December 30, 2008, provides that Mr. Ceryanec's minimum annualized base salary through June 30, 2009, was \$400,000, with an increase to \$450,000 for fiscal year 2010. Any increase in base salary for subsequent years will be determined by the Compensation Committee. The employment agreement also provides a one-time signing bonus of \$100,000, one-half to be paid within 30 days of signing and one-half to be paid within 30 days after Mr. Ceryanec moves his permanent residence to a location within the Des Moines metropolitan area. The agreement also provides for the reimbursement of certain other relocation expenses. In addition, Mr. Ceryanec is a participant in the 2004 Plan or successor plans, the Meredith Employees Retirement Income Plan, the Meredith Replacement Benefit Plan, and the Meredith Supplemental Benefit Plan. Mr. Ceryanec's target Annual Bonus under the 2004 Plan for fiscal 2009 was 50% of his base salary, with a minimum Annual Bonus of \$100,000 to be paid for fiscal 2009. Thereafter, the target Annual Bonus will be 60% of base salary. The agreement also provides for payment to Mr. Ceryanec in the event his employment is terminated for various reasons as follows:

A. If his employment were terminated because of death, all restricted stock, RSUs, and stock options would immediately vest; his base salary would be paid through the last day of the month in which his death occurred and any Annual Bonus earned under the 2004 Plan would be prorated for the fiscal year.

B. In the event of termination due to Disability, base salary would be paid through the last day of the month in which written notice of termination is given; and any Annual Bonus earned under the 2004 Plan would be prorated to the date of termination. In addition, all restricted stock, RSUs, and stock options would vest immediately and run to term.

C. In the event of termination Without Cause, Mr. Ceryanec would receive his base salary for a period of 12 months following the date of termination and any Annual Bonus earned under the 2004 Plan would be prorated.

D. In the event of termination for Cause, Mr. Ceryanec would receive only his base salary through the date on which notice of termination was given. Any Annual Bonus and all equity awards subject to restriction would be forfeited.

The following table sets forth the estimated payments and benefits that would have been provided to Mr. Ceryanec if his employment had been terminated as of June 30, 2009, under the circumstances specified.

Change in Control

The Company has entered into Amended and Restated Severance Agreements (Agreements) with each of the NEOs. The Agreements provide for a double trigger, namely a Change in Control of the Company and the termination of the officer within two years of such a Change in Control. The Agreements provide for payments and other benefits if the executive is terminated within two years of a Change in Control of the Company for any reason other than disability, mandatory retirement, Cause, or voluntary termination other than for Good Reason. Good Reason includes an adverse substantial change in position, duties, responsibilities, or status; a reduction in base salary; elimination of any benefit or incentive plan; relocation to a place more than 25 miles

Edgar Filing: MEREDITH CORP - Form DEF 14A

distant; and other terms as more fully described in the Agreements. A Change in Control as defined in the Agreements is summarized briefly as follows:

1. The acquisition by any person or entity of the beneficial ownership of more than 20% of either (a) the then outstanding common stock of the Company or (b) the combined voting power of the then outstanding voting securities of the Company;
2. The directors who were incumbent at the time of the execution of the Agreement or their successors cease to constitute at least a majority of the Board (not including any director whose nomination or election occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person or entity other than the Board);
3. The consummation of certain types of transactions including mergers and the sale of all, or substantially all, of the Company's assets; or
4. Approval by the shareholders of a complete liquidation or dissolution of the Company.

Payment Obligations upon Termination Due to Change in Control

The following table sets forth the payment obligations under the Agreements if the NEO's employment is terminated as described above within two years of a Change in Control of the Company. The tables assume that the termination took place on June 30, 2009.

Obligation

NEO's annual base salary times three (based upon the highest annual rate of salary earned by the NEO during the preceding 12-month period) (1)
 Annual Bonus times three (higher of the target incentive for the year in which the termination occurs or the highest annual non-equity incentive paid in respect of the three fiscal years immediately prior to the year in which the Change in Control occurred) (1)
 Any earned and due annual non-equity incentive payments (1)
 Prorated Annual Bonus through the date of termination (1)
 Accrued vacation pay (1)
 Any compensation previously deferred (with accrued interest or earnings)
 Retirement benefits (plus three years from the date of termination) (1) (2)
 Annual matching contribution under the tax-qualified defined contribution plan times three, for each plan (1)
 Continuation of medical, dental, and life insurance for three years after the date of termination (3)
 Continuation of short- and long-term disability for three years after the date of termination (3)
 Continuation of all programs and perquisites for three years after the date of termination (3)
 Gross-up payment for tax liabilities (4)
 Immediate vesting of equity awards under stock plans

- (1) These amounts are to be paid as a lump sum within five days of the date of termination out of the Company's (or its successor's) assets.
- (2) The retirement benefit is to be calculated as though the NEO is fully vested and has attained 36 additional months of age under the plans (but not to reduce the NEO's life expectancy).
- (3) The benefits are to be continued for three years from the date of termination at the level in effect immediately prior to the Change in Control or the level in effect at the date of termination, whichever is most favorable to the NEO.
- (4) The Company may pay directly to the Internal Revenue Service or other taxing authority, for the benefit of the NEO.

1. Base Salary. The Agreements provide for the lump sum payment of three times the NEO's annual base salary. The following table sets forth the amount of such payments for each NEO, assuming termination took place on June 30, 2009. The payments would be made from the Company's (or its successor's) assets.

Lacy	Ceryanec	Griffin	Karpowicz	Zieser
\$2,775,000	\$1,200,000	\$2,175,000	\$1,965,000	\$1,800,000

Edgar Filing: MEREDITH CORP - Form DEF 14A

2. Annual Bonus. The Agreements provide for the lump sum payment of three times the Annual Bonus as defined in the Agreements. The following table shows the amount of such payment to each of the NEOs if termination due to Change in Control had occurred on June 30, 2009.

Lacy	Ceryanec	Griffin	Karpowicz	Zieser
\$4,571,439	\$600,000	\$1,875,000	\$1,950,000	\$1,875,000

3. Earned But Unpaid Annual Bonus. The Agreements provide for the lump sum payment of any previously earned and due Annual Bonus payments as defined in the Agreements. The following table shows the amount of such payment to each of the NEOs if termination due to Change in Control had occurred on June 30, 2009.

Lacy	Ceryanec	Griffin	Karpowicz	Zieser
\$850,000	\$258,700	\$365,269	\$267,486	\$417,270

4. Prorated Annual Bonus. The Agreements provide for the lump sum payment of the Annual Bonus as defined in the Agreements pro rata to the date of termination. If termination due to Change in Control had occurred on June 30, 2009, there would be no Prorated Annual Bonus.

5. Retiree Welfare Benefits. The Agreements provide for an additional three years of age and service to be added to each NEO's post-retirement welfare benefits (including medical, dental, and life). With the additional three years, Mr. Lacy would meet the age and service requirements to retire and participate in the retiree welfare plan. None of the other NEOs would meet the eligibility requirements. The terms of the Agreement provide that active welfare benefits would continue for three years and retiree welfare benefits would not commence until the three-year period is over. Therefore, the value of the retiree welfare benefits provided from July 1, 2009, through June 30, 2010, is zero.

6. Pension Benefits. The Agreements provide for an additional three years of age and service to be added (without affecting the life expectancy) in calculating each NEO's pension benefit in the event of a Change in Control. The following table shows the amount due to each of the NEOs if termination due to Change in Control were to occur on June 30, 2009.

Lacy	Ceryanec	Griffin	Karpowicz	Zieser
\$6,197,109	\$0	\$2,423,949	\$1,606,413	\$2,186,285

7. Continuation of Benefits and Perquisites. The Agreements provide that the NEO and his eligible dependents shall continue, to the extent permitted by law, to be covered by all NEO services, programs, perquisites, and insurance plans or programs in effect in which the NEO participates immediately prior to the time of the Change in Control, for a period of 36 months after the NEO's date of termination. The following table shows the present value cost to the Company for each of the NEOs for each of the benefits and perquisites if such termination had occurred as of June 30, 2009.

Perquisite/Benefit	Lacy (\$)	Ceryanec (\$)	Griffin (\$)	Karpowicz (\$)	Zieser (\$)
Matching contribution to tax-qualified defined contribution plan	28,964	28,964	28,964	28,964	28,964
Continuation of medical and dental insurance for 36 months	38,442	38,442	30,585	36,814	42,780
Continuation of group and NEO supplemental life insurance for 36 months	13,309	3,616	4,164	2,543	4,799
Continuation of short-term, long-term, and NEO long-term disability for 36 months (1)	28,555	3,964	5,752	21,379	15,751
Continuation of professional fees reimbursement for 36 months (calculated at maximum)	29,778	29,778	29,778	29,778	29,778
Continuation of club dues and auto allowance for 36 months	53,108	35,863	64,360	41,020	49,053

(1) The Company self-insures for short-term disability for all employees. The plan limits the payout to 60% of eligible pay up to \$15,000 per month for five months or a maximum payout of \$75,000. Because no premium is paid, the present value assigned is \$0.

8. Gross-up Payments. The Agreements provide that the Company will provide to the NEO a gross-up payment to cover any excise taxes incurred under Section 4999 of the Internal Revenue Code, including all other income-related taxes. Under those circumstances, each NEO would be entitled to receive the following amounts if a termination due to a Change in Control had occurred on June 30, 2009.

Lacy	Ceryanec	Griffin	Karpowicz	Zieser
\$7,077,680	\$1,219,425	\$3,297,974	\$3,291,817	\$2,944,922

9. Immediate Vesting of All Restricted Stock, Stock Options, and Performance-Based Awards. Upon termination due to a Change in Control, all restricted stock and stock options shall vest immediately and all performance awards shall be paid or delivered as if the performance goals had been fully achieved. Settlement of such awards as of June 30, 2009, would have resulted in payments of the following amounts:

Equity	Lacy	Ceryanec	Griffin	Karpowicz	Zieser
Restricted Stock and RSUs	\$1,111,706	\$191,625	\$1,388,643	\$1,501,982	\$557,961
Options	3,600	306,000	0	0	0

Execution of a release of claims is not a prerequisite to the receipt of payments under the Agreements. The Agreements do not include noncompete, nonsolicit, nondisparagement, or confidentiality provisions. The NEO is under no obligation to seek other employment nor shall any compensation earned by the NEO reduce the amount of any payment provided for under the Agreements.

Components of Director Compensation

Employee directors receive no additional compensation for Board service. The annual retainer for non-employee directors is \$60,000. Committee chairs receive an additional annual retainer of \$10,000. Upon election to the Board, each new non-employee director may choose to receive either 1,200 shares of restricted stock which vest on the fifth anniversary of the date of the grant or 1,200 CSEs which, although fully vested, are paid out as common stock on a one-for-one basis only upon the director's resignation or retirement from the Board. Non-employee directors have the opportunity to receive all or 50% of the annual retainer (including the committee chair retainer) in either restricted stock or CSEs having a value equal to 105% of the amount of the annual retainer converted. During fiscal 2009, seven of 11 non-employee directors elected to receive all or 50% of their retainer in the form of restricted stock or CSEs. Fees paid in equity are awarded on the date of the Annual Meeting. Cash fees are paid in quarterly installments in advance. The Company also reimburses directors for out-of-pocket expenses related to attendance at Board and committee meetings.

As additional compensation and a further encouragement of director ownership of the Company's stock, each non-employee director annually receives, on the day after the Annual Meeting of Shareholders, an option to purchase 6,000 shares of Company common stock at an exercise price equal to the closing price on the date of the grant. The options become exercisable one-third per year over a three-year period beginning on the first anniversary of the grant date and expire on the tenth anniversary of the grant date.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Under regulations of the SEC, persons who have power to vote or to dispose of shares of the Company, either alone or jointly with others, are deemed to be beneficial owners of such shares. Because the voting or dispositive power of certain stock listed in the following table is shared, in some cases the same securities are listed opposite more than one name in the table. The total number of the Company's shares listed in the table (excluding stock options that are presently exercisable or will become exercisable prior to October 30, 2009), after elimination of such duplication is 12,794,626 shares of common stock (approximately 35% of the outstanding common stock) and 8,557,788 shares of class B common stock (approximately 94% of the outstanding class B common stock).

Set forth below is information as of August 31, 2009, concerning security ownership by each person who is known to management to be the beneficial owner of more than 5% of any class of the Company's voting securities and security ownership by management.

AUDIT COMMITTEE DISCLOSURE

Audit Committee Pre-Approval Policy

The Audit Committee has adopted policies and procedures for the approval and pre-approval of the audit, audit-related, tax, and all other services performed by our independent registered public accounting firm in order to assure that the provision of such services does not impair the registered public accounting firm's independence. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed

32

services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee. The Audit Committee will revise the list of general pre-approved services from time to time, based upon subsequent determinations. The committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management. The Audit Committee pre-approved all audit, audit-related, and permitted non-audit services provided by KPMG in fiscal 2009.

Report of the Audit Committee

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors, include providing oversight of the Company's financial reporting process through periodic meetings with the Company's independent registered public accounting firm, internal auditors, and management to review accounting, auditing, internal controls, and financial reporting matters. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent registered public accounting firm.

We have reviewed and discussed with senior management the Company's audited financial statements included in the 2009 Annual Report to Shareholders. Management has confirmed to us that such financial statements:

1. Have been prepared with integrity and objectivity and are the responsibility of management; and
2. Have been prepared in conformity with accounting principles generally accepted in the United States.

We have discussed with KPMG the matters required to be discussed by SAS 61 (Communications with Audit Committee). SAS 61 requires our independent registered public accounting firm to provide us with additional information regarding the scope and results of its audit of the Company's financial statements, including with respect to:

1. Their responsibility under generally accepted auditing standards;
2. Significant accounting policies;

33

-
3. Management judgment and estimates;
 4. Any significant audit adjustments;
 5. Any disagreements with management; and
 6. Any difficulties encountered in performing the audit.

We have received from KPMG a letter providing the disclosures required by Public Company Oversight Board Rule 352b, Communication with Audit Committees Concerning Independence, with respect to any relationships between KPMG and the Company that, in its professional judgment, may reasonably be thought to bear upon independence. KPMG has discussed its independence with us, and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based upon the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2009 Annual Report to Shareholders, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K for filing with the SEC.

The Audit Committee also reviewed management's process designed to achieve compliance with Section 404 of the Sarbanes-Oxley Act of 2002. In addition, KPMG audited management's assessment of internal control over financial reporting and has issued a report thereon dated August 24, 2009. In that report KPMG states that in its opinion, the Company maintained effective control over financial reporting as of June 30, 2009.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States. That is the responsibility of management and the Company's independent registered public accounting firm. In giving our recommendation to the Board of Directors, we have relied on:

1. Management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States; and
2. The report of the Company's independent registered public accounting firm with respect to such financial statements.

PROPOSAL 3 TO CONSIDER AND ACT UPON A PROPOSAL OF THE BOARD OF DIRECTORS

TO REAFFIRM PREVIOUSLY APPROVED MATERIAL TERMS OF THE AMENDED AND

RESTATED MEREDITH CORPORATION 2004 STOCK INCENTIVE PLAN

Edgar Filing: MEREDITH CORP - Form DEF 14A

The Meredith Corporation 2004 Stock Incentive Plan was approved by the shareholders on November 8, 2004, and was amended and restated as of December 31, 2007, (the Plan or 2004 Plan). This Plan allows the Company to provide awards to certain key employees of the Company and its subsidiaries based on the attainment of certain financial objectives. These incentives have been an integral part of the Company's overall compensation program for a number of years. While no changes to the material terms of the Plan are proposed, shareholder approval is necessary to assure that compensation paid to executive officers under the Plan will continue to be deductible by the Company under the federal income tax laws. The shareholders are asked to reaffirm the material terms of the performance-based incentives established under the Plan to satisfy the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended, with respect to the deductibility of compensation. The material terms as described below consist of the following: (i) the business criteria on which annual incentive compensation is payable under the Plan, (ii) individuals eligible to receive compensation under the Plan, and (iii) the maximum amounts of compensation payable under the Plan. The material terms were previously approved at the 2004 Annual Meeting of Shareholders.

All amounts paid as compensation pursuant to the Plan must be payable as a result of achievement of objectively measured performance targets from the following list of quantifiable, measurable business criteria within the meaning of Section 162(m) of the Code, including, but not limited to, cash flow; cost; ratio of debt to debt plus equity; profit before tax; economic profit; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; earnings per share; operating earnings; economic value added; ratio of operating earnings to capital spending; free cash flow; net profit; net sales; sales growth; price of the Company's Common Stock; return on net assets, equity, or stockholders' equity; return on invested capital; market share; or total return to stockholders (performance criteria). Any performance criteria may be used to measure the performance of the Company as a whole or any business unit of the Company and may be measured relative to a peer group or index. Performance criteria shall be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Committee prior to the issuance of an award which is consistently applied and identified in the audited financial statements, including footnotes, or the Management's Discussion and Analysis section of the Company's Annual Report to Shareholders.

All key employees of the Company and its subsidiaries and all non-employee directors of the Company are eligible to participate in the Plan.

The maximum amount payable each year under the Plan to any participant is \$7,500,000. The maximum number of options or stock appreciation shares, in the aggregate, that may be awarded to any participant during any annual period is 500,000 shares. The maximum number of shares, in the aggregate, that may be awarded to any participant as restricted stock, restricted stock units, stock equivalent units, or performance shares in any annual period is 200,000 shares. These are the maximum amounts stated in the Plan as it was approved by the shareholders in 2004.

35

Vote Required

The reaffirmation of the material terms of the 2004 Plan requires an affirmative vote of the holders of a majority of the voting power present in person or by proxy and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote "Against" the proposal.

BOARD RECOMMENDATION

The Board of Directors recommends a vote "For" the approval of the proposal to reaffirm the previously approved material terms of the Plan. Unless otherwise indicated on your proxy, the shares will be voted "For" the proposal.

PROPOSAL 4 TO CONSIDER AND ACT UPON A PROPOSAL OF THE BOARD OF DIRECTORS

TO AUTHORIZE AN ADDITIONAL 3.5 MILLION SHARES TO BE RESERVED FOR GRANT

UNDER THE 2004 PLAN

The 2004 Plan was approved by the shareholders on November 8, 2004, and was amended and restated as of December 31, 2007, to allow the Company to provide awards to certain key employees and non-employee directors of the Company.

Edgar Filing: MEREDITH CORP - Form DEF 14A

On August 12, 2009, the Board passed a resolution to further amend the Plan to increase the number of shares available for award under the Plan by adding 3,500,000 shares to the Plan reserve. Initially, 3,000,000 shares were reserved for awards under the Plan. Shares reserved and remaining under other equity compensation plans totaled 391,204 and were added to the 2004 Plan reserve. As of September 14, 2009, 2,428,636 shares have been issued or were subject to awards outstanding and 962,568 shares were available for future awards. If the proposed amendment is approved by the shareholders, the number of shares available for future awards would be increased to 4,462,568.

The Board believes it is in the best interests of the Company and its shareholders to increase the number of shares available for future equity awards under the Plan. We believe that stock ownership by our officers, key employees, and non-employee directors serves to align their interests with the interests of our shareholders. We use awards of stock options, restricted stock, and restricted stock units to attract, retain, and motivate our key executives and to keep them focused on our long-term success.

The Plan is the only plan under which we currently have authority to grant options or stock awards. As of August 31, 2009, the closing price per share of the Company's common stock was \$27.68.

A summary of the principal features of the Plan is provided below, but is qualified in its entirety by reference to the full text of the Plan that was filed electronically with this Proxy Statement with the SEC. Such text is not included in the printed version of this Proxy Statement. A copy of the Plan is available from the Company's Secretary at the address indicated on page 1 of this Proxy Statement.

Purpose of the Plan

The stated purpose of the Plan is to establish a program of incentives for officers, key employees, and directors of the Company which will (a) stimulate, recognize, and reward the contribution of those persons in the achievement of long-range corporate goals, (b) provide flexibility to the Company in its ability to motivate, attract, and retain the services of those persons possessing a high level of managerial ability and experience upon whose judgment, interest, and special effort the successful conduct of its operation is largely dependent, and (c) align the interests of those persons with those of the Company's shareholders.

Federal Income Tax Treatment

Under current U.S. federal tax law, the following are the income tax consequences generally arising with respect to awards under the Plan.

38

A participant who is granted an incentive stock option will not realize any taxable income at the time of grant or the time of exercise. Similarly, the Company will not be entitled to any deduction at the time of grant or at the time of exercise. However, the appreciation in value of the stock subject to an incentive stock option will be included in alternative minimum tax income in the year of exercise. If the participant makes no disposition of shares acquired pursuant to an incentive stock option within two years from the date of grant and one year from the date of exercise, any gain realized on a subsequent disposition of the shares will be treated as long-term capital gain. Under such circumstances, the Company will not be entitled to any deduction for federal income tax purposes. If the participant does not hold the shares for the required periods, the participant will recognize ordinary income for the year in which the disposition occurs in the amount (if any) by which the lesser of the fair market value of such shares on the date of the exercise of the option or the amount realized from the sale exceeds the option price and the

Edgar Filing: MEREDITH CORP - Form DEF 14A

Company will be entitled to a corresponding deduction.

A participant who is granted a nonqualified stock option will not have taxable income at the time of grant, but will have taxable income at the time of exercise equal to the difference between the option price and the market value of the shares on the date of exercise. The Company is entitled to a corresponding deduction.

The grant of a SAR will produce no tax consequences for the participant or the Company. The exercise of a SAR will result in taxable income to the participant, equal to the amount of cash paid to the participant or the fair market value of the shares delivered, as the case may be, and a corresponding deduction to the Company.

A participant who has been granted an award of restricted shares of common stock or restricted stock units will not realize taxable income at the time of the grant, and the Company will not be entitled to a tax deduction at that time, unless the participant makes an election to be taxed at the time of the grant. When the restrictions lapse, the participant will recognize taxable income in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for such shares. The Company will be entitled to a corresponding tax deduction.

A participant who has been granted an award of stock equivalent units will not realize taxable income at the time of the grant, and the Company will not be entitled to a tax deduction at that time. When the stock equivalent units are converted to common stock, the participant will recognize taxable income in an amount equal to the excess of the fair market value of the shares at such time over the amount, if any, paid for the units. The Company will be entitled to a corresponding tax deduction.

A participant who has been granted an award of performance shares of common stock will not realize taxable income at the time of the grant, and the Company will not be entitled to a tax deduction at that time. The participant will recognize taxable income in an amount equal to the fair market value of any shares received by the participant upon achievement of the performance goals. The Company will be entitled to a corresponding tax deduction.

Section 162(m). Section 162(m) of the Internal Revenue Code limits the deductibility of certain items of compensation paid to the NEOs to \$1,000,000 annually. The limitation on deductions does not apply to certain types of compensation, including qualified performance-based compensation. The Company believes that awards of stock options, SARs, performance shares, and performance cash awards under the Plan constitute qualified performance-based compensation and, as such, will be exempt from the \$1,000,000 limitation on deductible compensation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act requires that certain of the Company's officers and directors and persons who own more than 10% of the Company's outstanding stock file reports of ownership and changes in ownership with the SEC and NYSE. To the Company's knowledge, based solely upon a review of copies of forms submitted to the Company during and with respect to the most recent fiscal year and on written representations from the Company's directors and officers, all Section 16(a) filing requirements were complied with during the fiscal year ended June 30, 2009.

RELATED PERSON TRANSACTION POLICY AND PROCEDURES

The Company has established written policies and procedures (Related Person Transaction Policy or the Policy) to assist it in reviewing transactions in excess of \$120,000 (Transactions) involving Meredith and its subsidiaries and Related Persons (as defined below). This Policy supplements the Company's other conflict of interest policies set forth in the Company's Code of Business Conduct and Ethics and its other internal procedures. A summary description of the Related Person Transaction Policy is set forth below.

The objective of the Board in adopting this Policy is to assure that transactions between the Company and its subsidiaries and these persons are conducted in a manner that is fair to the Company and its shareholders and result in terms that are no more or less favorable to the Company than transactions between it and unaffiliated persons negotiating on an arm's-length basis.

For purposes of the Policy, a Related Person includes the Company's directors, director nominees, and executive officers since the beginning of the Company's last fiscal year, beneficial owners of 5% or more of any class of the Company's voting securities (5% Holder), and members of their respective Immediate Family (as defined in the Policy).

The Policy provides that any proposed Transaction is to be promptly reported to the Company's General Counsel and Chief Financial Officer. The Chief Financial Officer will assist in gathering information about the Transaction and present the information to the Audit Committee which is responsible for reviewing the Transaction. The Audit Committee will determine if the Transaction is a Related Person Transaction and approve, ratify, or reject the Related Person Transaction. In approving, ratifying, or rejecting a Related Person Transaction, the committee will consider such information as it deems important to conclude if the Transaction is fair to the Company.

The Company had no Related Person Transactions in fiscal 2009.

ANNUAL REPORT AND ADDITIONAL MATERIALS

Our 2009 Annual Report to Shareholders is being distributed with this Proxy Statement. Copies of our Annual Report on Form 10-K for the fiscal year ended June 30, 2009, may be obtained without charge upon written or oral request to Meredith Corporation, Attention: John S. Zieser, Secretary, 1716 Locust Street, Des Moines, Iowa 50309-3023, (515) 284-2786. Our Annual Report on Form 10-K is also available free of charge on www.meredith.com, along with our quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to all these reports as soon as reasonably practicable after the reports are electronically filed with or furnished to the SEC.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially means extra convenience for shareholders and cost savings for companies.

This year a number of brokers with account holders who are the Company's shareholders may be householding the Company's proxy materials. A single proxy statement may be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once a shareholder has received notice from a shareholder's broker that it will be householding communications to a shareholder's address, householding will continue until a shareholder is notified otherwise or until a shareholder revokes his or her consent. If, at any time, a shareholder no longer wishes to participate in householding and would prefer to receive a separate proxy statement and annual report, the shareholder should notify his or her broker directly or direct his or her written request to: Secretary, Meredith Corporation, 1716 Locust Street, Des Moines, Iowa 50309-3023. Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

How to Receive Future Proxy Statements and Annual Reports Online

To ensure you receive future Meredith Proxy Statements and Annual Reports over the Internet instead of receiving paper copies in the mail, registered shareholders may elect electronic delivery of future proxy materials and other shareholder communications simply by updating their shareholder account information either by phone at (877) 847-4696 or via Internet at www.idelivercommunications.com/proxy/mdp.

If you hold your shares in broker or nominee name and are not given an opportunity to consent to electronic delivery when you vote your shares online, you may contact the holder of record through which you hold your shares and ask about the availability of Internet delivery.

If you do consent to Internet delivery, a notation will be made in your account. When future Proxy Statements and Annual Reports become available, you will receive an e-mail notice instructing you how to access them over the Internet.

AMENDED AND RESTATED

MEREDITH CORPORATION 2004 STOCK INCENTIVE PLAN

1. Purpose. The purpose of the Amended and Restated Meredith Corporation 2004 Stock Incentive Plan (the Plan) is to establish a program of incentives for officers, key employees, and directors of Meredith Corporation (the Company) which will (a) stimulate, recognize, and reward the contribution of those persons to achievement of long-range corporate goals, (b) provide flexibility to the Company in its ability to motivate, attract, and retain the services of those persons possessing a high level of managerial ability and experience upon whose judgment, interest, and special effort the successful conduct of its operation largely is dependent, and (c) align the personal interests of those persons with those of the Company's stockholders.
2. Administration. The Plan will be administered by a committee (the Committee) of the Board of Directors of the Company (the Board), consisting of two or more directors as the Board may designate from time to time, each of whom shall satisfy such requirements as:
 - a. the Securities and Exchange Commission may establish for administrators acting under plans intended to qualify for exemption under Rule 16b-3 or its successor under the Securities Exchange Act of 1934 (the Exchange Act);
 - b. the New York Stock Exchange may establish pursuant to its rule-making authority; and
 - c. the Internal Revenue Service may establish for outside directors acting under plans intended to qualify for exemption under Section (§) 162(m) (Code §162(m)) of the Internal Revenue Code of 1986, as amended (the Code).

The Committee shall have full power to select individuals to whom awards are granted; to determine the size and types of awards and their terms and conditions; to construe and interpret the Plan; to establish and amend the rules for the Plan administration; and to make all other determinations which may be necessary or advisable for the administration of the Plan. All determinations of the Committee shall be final and conclusive on all persons, including the Company, its stockholders and participants, and their estates and beneficiaries. The Committee may authorize one or more officers of the Company to select employees to participate in the Plan and to determine the number of option shares and other rights to be granted to such participants, except with respect to awards to officers subject to Section 16 of the Exchange Act or officers who are or who are reasonably expected to be covered employees within the meaning of Code §162(m) (Covered Employees) and any reference in the Plan to the Committee shall include such officer or officers.

3. Reserved Shares. Subject to adjustment as provided in Section 13 herein, no more than six million, five hundred thousand (6,500,000) shares of Common Stock of the Company may be issued under the Plan. All of these shares may be either authorized but unissued or reacquired shares. If any award granted under this Plan terminates, expires, or lapses prior to exercise for any reason, or if shares are issued under the Plan and reacquired by the Company, any shares subject to such award or any reacquired shares shall be available for the grant of a new award under the Plan. Shares covered by a benefit granted under the Plan shall not be counted as used unless and until they are actually issued and delivered to a participant. Any shares covered by a stock appreciation right shall be counted as used only to the extent shares are actually issued to the participant upon exercise of the right. In addition, any shares of Common Stock exchanged by an optionee as full or partial payment to the Company of the exercise price under any stock option exercised under the Plan, any shares retained by the Company pursuant to a participant's tax withholding election, and any shares covered by a benefit which is settled in cash shall be added to the shares available for benefits under the Plan. All of the Plan shares may, but need not, be issued pursuant to the exercise of incentive stock options. The maximum number of option or stock appreciation shares which may be awarded to any participant during any annual period during the term of the Plan is five hundred thousand (500,000) shares in the aggregate. The maximum number of shares which may be awarded to any participant during any annual period during the term of the Plan as restricted stock, restricted stock units, or performance shares is two hundred thousand (200,000) shares in the aggregate. The shares authorized hereunder are in addition to shares previously reserved under the Company's 1992 and 1996 Stock Incentive Plans (the Prior Plans). Any shares of Common Stock reserved under the Prior Plans in excess of the number of shares as to which options or other

A-1

benefits were granted prior to the date of the adoption of this Plan by the Board of Directors, plus any shares as to which options or other benefits granted under the Prior Plans may lapse, expire, or terminate after such date, shall be available for issuance in connection with awards under this Plan.

4. Eligibility. All key employees of the Company and its subsidiaries and all non-employee directors of the Company shall be eligible to participate in this Plan.

5. Types of Awards. Awards under the Plan may be granted in any one or a combination of stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, and performance cash awards.

Certain awards under the Plan may constitute nonqualified deferred compensation under §409A of the Code (Code §409A), including the regulations and guidance promulgated thereunder, and it is intended that such awards meet the requirements of paragraphs (a)(2), (3), and (4) of Code §409A, and the terms and provisions of the Plan and award documents should be interpreted and applied in a manner consistent with such requirements.

6. Stock Options. Stock options may be granted to participants at any time as determined by the Committee. The Committee shall determine the number of shares subject to each option and whether the option is an incentive stock option within the meaning of §422 of the Code. The option price for each option shall be determined by the Committee but shall not be less than 100% of the fair market value of the Common Stock on the date the option is granted. Each option shall expire at such time as the Committee shall determine at the time of grant; provided, however, that no option shall be exercisable later than the tenth (10th) anniversary date of its grant. Options granted under the Plan shall be exercisable at such time and subject to such terms and conditions as the Committee shall determine. The option price upon exercise of any option shall be payable to the Company in full either (a) in cash or its equivalent; (b) by tendering previously acquired shares having a fair market value at the time of exercise equal to the option price; (c) by a certification of ownership of such previously-acquired shares; (d) by delivery of a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company the amount of sale proceeds from the option shares or loan proceeds to pay the exercise price and withholding taxes due to the Company; or (e) such other methods of payment as the Committee, at its discretion, deems appropriate. In no event shall the Committee cancel any outstanding stock option for the purpose of reissuing the option to the participant at a lower exercise price or reduce the option price of an outstanding option.

7. Stock Appreciation Rights. Stock appreciation rights (SARs) may be granted to participants at any time as determined by the Committee. SARs may be granted in tandem with a stock option granted under this Plan or on a free-standing basis. The Committee also may, in its sole discretion, substitute SARs which can be settled only in stock for outstanding stock options, at any time when the Company is subject to Fair Value Accounting in accordance with Financial Accounting Standard Board's Statement of Financial Accounting Standards No. 123. The grant price of a tandem or substitute SAR shall be equal to the option price of the related option. The grant price of a free-standing SAR shall be equal to the fair market value of the Company's Common Stock on the date of its grant. SARs may be exercised upon such terms and conditions and for the term as the Committee, in its sole discretion, determines; provided, however, that the term shall not exceed the option term in the case of a tandem or substitute SARs or ten years in the case of a free-standing SARs, and the terms and conditions applicable to a substitute SARs shall be substantially the same as those applicable to the stock option which it replaces. Upon exercise of SARs, the participant shall be entitled to receive payment from the Company in an amount determined by multiplying the excess of the fair market value of a share of Common Stock on the date of exercise over the grant price of the SARs by the number of shares with respect to which the SARs are exercised. The payment may be made in cash or stock, as determined by the Committee at the time of grant, except in the case of a substitute SAR which may be made only in stock. In no event shall the Committee cancel any outstanding SARs for the purpose of reissuing the right to the participant at a lower exercise price or reduce the exercise price of an outstanding SAR.

8. Restricted Stock, Restricted Stock Units, and Stock Equivalent Units. The Committee may award or sell shares of restricted stock to participants subject to such terms and conditions as the Committee determines appropriate, including, without limitation, restrictions on the sale or other disposition of shares, rights of the Company to reacquire such shares upon termination of the participant's employment within

specified periods, and the attainment of performance goals. Each participant who has been awarded or purchases shares of restricted stock shall have such rights of a stockholder with respect to such shares as the Committee may designate at the time of the award, including the right to vote such shares and the right to receive dividends paid on such shares. Any dividends or distributions paid in shares of Common Stock with respect to restricted stock shall be subject to the same restrictions and terms and conditions as the shares of restricted stock with respect to which they are paid.

Restricted stock units and stock equivalent units provide the participant the right to receive shares of Common Stock at a future date subject to such terms and conditions as the Committee determines appropriate, including, without limitation, restrictions on the sale or other disposition of the units, forfeiture of the units upon termination of the participant's employment or service as a director within specified periods, and the attainment of performance goals. Each participant who has been awarded restricted stock units or stock equivalent units shall have no rights of a stockholder with respect to the shares subject to the units until shares are actually issued to the participant at the end of the deferral period. The Committee may, in its discretion, include the right to receive dividend equivalents in connection with such restricted stock units or stock equivalent units.

The Holder may, with the consent of the Committee, timely elect under the provisions of Code §409A to convert any outstanding shares of restricted stock into common stock equivalents effective on the originally scheduled vesting date of such restricted stock.

9. Performance Shares. The Committee may award performance shares to participants subject to such terms and conditions as the Committee determines appropriate. Performance shares may be earned in whole or in part if one or more performance goals are achieved over a period of time designated by the Committee.

Notwithstanding satisfaction of any performance goals, the number of shares issued under a performance share award may be adjusted by the Committee on the basis of such further consideration as the Committee, in its sole discretion, shall determine. However, the Committee may not, in any event, increase the number of shares earned upon satisfaction of any performance goal by any participant who is a Covered Employee. The Committee may, in its discretion, make a cash payment equal to the fair market value of shares of Common Stock otherwise required to be issued to a participant pursuant to a performance share award.

10. Performance Cash Awards. The Committee may designate the participants to whom cash incentives based on performance (performance cash awards) are to be awarded and determine the amount of the award and the terms and conditions of each such award. Each performance cash award shall entitle the participant to a payment in cash upon the attainment of one or more performance goals and other terms and conditions specified by the Committee. Performance cash awards may include, without limitation, special long-term incentive plans or other incentive programs based upon performance contained in employment agreements between a participant and the Company, including employment agreements entered into prior to the date set forth in Section 21 hereof. In order that performance cash awards be excluded from the application of the provisions of Code §409A, a performance cash award shall be paid not later than 2½ months after the end of the calendar year or fiscal year in which the performance period ends; provided, however, in the event that it is administratively or economically impracticable for the Company to make such payment within such 2½ month period or if making such payment within such 2½ month period would jeopardize the solvency of the Company, such payment shall be made as soon thereafter as reasonably practicable.

The provisions of Sections 10 and 11 are intended to replace the Company's existing Management Incentive Plan. Notwithstanding the satisfaction of any performance goals, the amount to be paid under a performance cash award may be adjusted by the Committee on the basis of such further consideration as the Committee, in its sole discretion, shall determine. However, the Committee may not, in any event, increase the amount earned under a performance cash award upon satisfaction of any performance goal by any participant who is a Covered Employee, and the maximum amount earned by a Covered Employee in any fiscal year may not exceed \$7,500,000. The Committee may, in its discretion, substitute actual shares of Common Stock for the cash payment otherwise required to be made to a participant pursuant to a performance cash award.

11. Performance Goals. Awards of restricted stock, restricted stock units, performance shares, and performance cash awards may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code, including, but not limited to, cash flow; cost; ratio of debt to debt plus equity; profit before tax; economic profit; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; earnings per share; operating earnings; economic value added; ratio of operating earnings to capital spending; free cash flow; net profit; net sales; sales growth; price of the Company's Common Stock; return on net assets, equity, or stockholders' equity; return on invested capital; market share; or total return to stockholders (performance criteria). Any performance criteria may be used to measure the performance of the Company as a whole or any business unit of the Company and may be measured relative to a peer group or index. Performance criteria shall be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Committee prior to the issuance of an award which is consistently applied and identified in the audited financial statements, including footnotes, or the Management's Discussion and Analysis section of the Company's Annual Report to Shareholders.

12. Change in Control. Immediately upon a change in control of the Company, all outstanding stock options and stock appreciation rights shall become exercisable, all restrictions on restricted stock and restricted stock units shall lapse, and all performance awards shall be paid or delivered as if the performance goals had been fully achieved.

(a) A change in control of the Company shall be deemed to have occurred on the first to occur of any of the dates set forth in paragraphs (i), (ii), or (iii) of this Section 12(a):

(i) on the date of the consummation of:

(A) any consolidation, merger, or similar corporate transaction involving the Company or any of its subsidiaries or the acquisition of assets or stock of another entity by the Company or any of its subsidiaries (each, a Business Combination), in each case unless, following such Business Combination, (A) all or substantially all of the individuals and entities that were the beneficial owners of the Common Stock and Class B Stock immediately prior to such Business Combination beneficially own, directly or indirectly, at least a majority of the then-outstanding ownership in and voting power of the corporation resulting from such Business Combination (including, without limitation, a corporation that, as a result of such transaction, owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership prior to such Business Combination of the Common Stock and Class B Stock, as the case may be, (B) no Person (excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of the Company or such corporation resulting from such Business Combination) beneficially owns, directly or indirectly, 20% or more of, respectively, the then-outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such corporation, except to the extent that such ownership existed prior to the Business Combination, and (C) at least a majority of the members of the board of directors of the corporation resulting from such Business Combination were members of the Board of Directors at the time of the execution of the initial agreement or of the action of the Board providing for such Business Combination; or

(B) any sale, lease, exchange, or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Company; or

(C) any plan or proposal for the liquidation or dissolution of the Company; or

(ii) on the date any person (as such term is used in Section 13(d) of the Exchange Act), other than the Company's 401(k) Plan or similar successor plan, shall become the beneficial owner (within the meaning of Rule 13d-3 under the Exchange Act) of twenty percent (20%) or more of the outstanding voting power of the Company except as a result of actions beyond the control of such person, including, without limitation, as a result of a shift in voting power of the Company as a result of the conversion by other persons of their Class B Stock into Common Stock; or

(iii) on the date, during any period of twenty-four (24) consecutive months on which individuals who at the beginning of such period constitute the entire Board of Directors of the Company shall cease for any reason to constitute a majority thereof unless the election of each new director comprising the majority was approved by a vote of at least a 2/3 majority of the Directors still in office who were Directors at the beginning of the period;

provided that, for purposes of awards hereunder which are subject to the provisions of Code §409A, no change in control shall be deemed to have occurred unless such change in control would constitute a change in control under Code §409A and related regulations (regarding a change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation) and related guidance thereunder.

(b) Notwithstanding anything contained herein, no change in control shall be deemed to have occurred for the purpose of this Plan by virtue of any combination or agreement among shareholders of the Company who are descendants of E. T. Meredith, the founder of the Company, or trusts for the benefit of such persons.

13. Adjustment Provisions. Except as provided below with respect to mergers, consolidations, or combination of the Company with or into another corporation, in the event of any stock dividend, stock split, recapitalization, share combination, spin-off, sale of all or substantially all of the assets, extraordinary dividend, reorganization, or other change in corporate structure of the Company affecting the Common Stock, such equitable adjustment shall be made in the number and class of shares which may be delivered under the Plan (including the limits on stock options, stock appreciation rights, restricted stock, restricted stock units, and performance shares), and in the number and class of and/or price of shares subject to outstanding stock options, stock appreciation rights, or other awards so that the aggregate consideration payable to the Company and the value of each option, stock appreciation right, or other awards shall not be changed. Adjustments may include the substitution of other property, including other securities, for the stock covered by outstanding awards and the assumption or replacement with new awards of awards held by participants terminating employment as a result of a spin-off or divestiture, provided that any such adjustment does not cause an award that would otherwise be excluded from the coverage of Code §409A to be covered by Code §409A, or does not cause a payment under the Plan to be subject to the income inclusion provisions of Code §409A.

In the case of any merger, consolidation, or combination of the Company with or into another corporation which results in the outstanding Common Stock of the Company being converted into or exchanged for different securities, cash, or other property, or any combination thereof, there shall be substituted, on an equitable basis as determined by the Committee, in its discretion and consistent with Treas. Reg. §1.409A-1(b)(v)(E)(4), for each share of Common Stock then subject to an award granted under the Plan, the number and kind of shares of stock, other securities, cash, or other property to which holders of Common Stock of the Company will be entitled pursuant to the transaction.

14. Nontransferability. No awards granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all options and stock appreciation rights granted to a participant under the Plan shall be exercisable during his or her lifetime only by such participant. Notwithstanding the foregoing, the Committee may, at its discretion, permit a participant to transfer a grant or award to members of his/her immediate family or trusts or family partnerships for the benefit of such persons, subject to such terms and conditions as may be established by the Committee.

Edgar Filing: MEREDITH CORP - Form DEF 14A

15. **Determination of Fair Market Value.** The fair market value of the Company's Common Stock at any time shall be determined by the Committee in a manner consistent with Code §409A, to the extent applicable, and any other applicable law or regulation.

16. **Taxes.** The Company shall be entitled to withhold the amount of any tax attributable to any amounts payable or shares deliverable under the Plan after giving the person entitled to receive such payment or delivery notice as far in advance as practicable, and the Company may defer making payment or delivery as to any benefit if any such tax is payable until indemnified to its satisfaction.

The Committee may, in its discretion, and subject to such rules as it may adopt, permit a participant to pay all or a portion of any withholding taxes arising in connection with the exercise of a nonqualified stock option or stock appreciation right or receipt of performance shares or shares subject to restricted stock units, by electing to have the Company withhold shares of Common Stock having a fair market value equal to the amount to be withheld.

17. **Indemnification.** Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

18. **Other Provisions.**

(a) *Award Terms Established by the Committee.* The award of any benefit under the Plan may also be subject to other provisions (whether or not applicable to the benefit awarded to any other participant) as the Committee determines appropriate, including provisions intended to comply with federal or state securities laws and stock exchange requirements, understandings or conditions as to the participant's employment, requirements or inducements for continued ownership of Common Stock after exercise or vesting of benefits, forfeiture of awards in the event of termination of employment shortly after exercise or vesting, or breach of noncompetition or confidentiality agreements following termination of employment, or provisions permitting the deferral of the receipt of a benefit for such period and upon such terms as the Committee shall determine.

(b) *Awards to Offshore Participants.* In the event any benefit under this Plan is granted to a participant who is employed or providing services outside the United States and who is not compensated from a payroll maintained in the United States, the Committee may, in its sole discretion, modify the provisions of the Plan as they pertain to such individuals to comply with applicable law, regulation, or accounting rules and to meet the objectives and purpose of the Plan, and the Committee may, in its discretion, establish one or more sub-plans to reflect such amended or varied provisions.

(c) *Deferral of Award Payments.* The Committee, in its sole discretion, may permit or require a participant to have amounts or shares of Common Stock that otherwise would be paid or delivered to the participant as a result of the exercise or settlement of an award under the Plan credited to a deferred compensation or stock unit account established for the participant by the Committee on the Company's books of account; provided, however, that any deferrals made at the election of the participant comply with the requirements of Code §409A concerning initial or subsequent deferrals, as applicable, and are made in writing and in accordance with such other procedures as the Committee may establish.

A-6

(d) *Six-Month Delayed Payment to Specified Employees.* If any amount shall be payable with respect to any award hereunder as a result of a participant's separation from service (as such term is defined under Code §409A) at such time as the participant is a specified employee and such amounts are subject to the provisions of Code §409A, then no payment shall be made, except as permitted under Code §409A, prior to the

Edgar Filing: MEREDITH CORP - Form DEF 14A

first day of the seventh (7th) calendar month beginning after the participant's separation from service (or the date of his or her earlier death), or as soon as administratively practicable thereafter. Specified employee means an employee who at any time during the twelve-month period ending on the identification date was a key employee as defined under Code § 416(i) (applied in accordance with the regulations thereunder, but without regard to paragraph (5) thereof). The Company may adopt a Specified Employee Identification Policy which specifies the identification date, the effective date of any change in the key employee group, compensation definition and other variables that are relevant in identifying specified employees, and which may include an alternative method of identifying specified employees consistent with the regulations under Code §409A. In the absence of any such policy or policy provision, for purposes of the above, the identification date is each December 31st and an employee who satisfies the above conditions will be considered to be a specified employee from April 1st following the identification date to March 31st of the following year, and the compensation and other variables, and special rules for corporate events and special rules relating to nonresident aliens, that is necessary in identifying specified employees will be determined and applied in accordance with the defaults specified in the regulations under Code §409A. Any Specified Employee Identification Policy will apply uniformly to all nonqualified deferred compensation plans subject to Code §409A that are maintained by the Company or an affiliate.

19. Duration, Amendment, and Termination. No stock option or other benefit shall be granted after September 30, 2014; provided, however, that the terms and conditions applicable to any option or benefit granted on or before such date may thereafter be amended or modified by mutual agreement between the Company and the participant or such other persons as may then have an interest therein.

The Board may amend the Plan from time to time or terminate the Plan. However, no such action shall reduce the amount of any existing benefit or change the terms and conditions thereof without the participant's consent. No amendment of the Plan shall be made without stockholder approval, if such approval is required by law, regulation, or stock exchange rule. No Plan termination that impacts any deferred compensation subject to Code §409A shall be made without compliance with the provisions of Code §409A regarding terminations and liquidations.

Notwithstanding any provision of this Section 19 to the contrary, the Company reserves the right to:

- (a) amend the Plan (or any outstanding award agreement) in any respect solely to comply with the provisions of Code §409A so as not to trigger any unintended tax consequences prior to the payment or other taxable event with respect to the award;
- (b) pay the lump sum value of any deferred compensation hereunder if the Company determines that such payment benefits will not constitute an impermissible acceleration of payments under the limited cashout provision of Treas. Reg. § 1.409A-3(j)(4)(v), or under one of the exceptions provided in Treas. Reg. § 1.409A-3(j)(4)(ix) or any successor guidance; in such an event, payment shall be made at the earliest date permitted under such guidance; and
- (c) make payments hereunder before such payments are otherwise due if it determines that the provisions of the Plan fail to meet the requirements of Code §409A; provided, however, that such payment(s) may not exceed the amount required to be included in income as a result of such failure to comply the requirements of Code §409A.

20. Successor. All obligations of the Company under the Plan, with respect to awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

A-7

21. Stockholder Approval. The Plan was adopted by the Board of Directors on August 11, 2004, subject to stockholder approval.

22. Effective Amendment Date. The Plan is amended and restated as of December 31, 2007, to apply to awards issued after such date and also to awards that are deferred compensation subject to Code §409A that were granted or vested after December 31, 2004.
