**Item 2.03.           Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

Radian Group Inc. (the Company) has a \$400 million, unsecured revolving credit facility, expiring in 2011 (the "Credit Agreement"). The details of the unsecured revolving credit facility were previously disclosed in Item 2.03 of a Current Report on Form 8-K filed by the Company on December 19, 2006, and are incorporated into this Item 2.03 as if fully set forth herein. On August 15, 2007, the Company drew down \$200 million in principal amount under the facility, which will initially bear interest at a base rate of 8.25% per year before rolling over in four business days to the lower Eurodollar rate plus an applicable margin as specified in the Credit Agreement. The proceeds of the draw down will be used for general corporate purposes. Although the Company has no immediate needs for additional liquidity, in light of current market conditions, the Company drew on the facility to provide it with greater financial flexibility and adequate liquidity for the long-term. After the draw down, the remaining credit available under the facility is \$200 million; the Company has no current plans to draw down the remainder.

The foregoing descriptions of the unsecured revolving credit facility and the draw down are qualified in their entirety by reference to the complete copy of the Credit Agreement filed as Exhibit 10.1 to the Current Report on Form 8-K filed on December 19, 2006, which is incorporated into this Item 2.03 as if fully set forth herein.
