On December 13, 2004, Standard Register Company (the "Company") signed an agreement to sell selected assets and transfer an estimated \$9 million in selected accrued liabilities of its equipment service business to Pitney Bowes for approximately \$17 million in cash. The Company will retain and collect an estimated \$3 million in equipment service business accounts receivable. The equipment service business, which generates annual revenue of approximately \$23 million, was a component of the Company's Document and Label Solutions segment. The sale is expected to close by December 31, 2004. The purchase price will be adjusted based upon the value of the assets purchased and liabilities assumed as of the date of the closing relative to a pre-established target.

As part of the agreement the Company and Pitney Bowes will enter into a multi-year agreement in which the Company will operate as a sales channel for Pitney Bowes services. The Company will receive a fee for this selling activity. Also as part of the agreement, the Company has agreed not to compete in the hardware service business for a period of at least five years. The Company will also provide Pitney Bowes with certain transitional services after the closing.

The Company and Pitney Bowes have no material relationship with one another other than through the agreement set forth above.
