PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 21, 2004

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of The Commerce Group, Inc. (the "Company"). The proxies will be used at the Annual Meeting of the Stockholders of the Company on Friday, May 21, 2004, at 9:00 a.m. at the Company's Policy Services Building located at 16 Sutton Road, Webster, Massachusetts and at any adjournment or adjournments thereof (the "Annual Meeting"). The Company's Annual Report to Stockholders and Form 10-K, containing the Company's financial statements for the year ended December 31, 2003, and the report of the Company's independent auditors, PricewaterhouseCoopers LLP, thereon is being mailed with this Proxy Statement to the Company's stockholders of record at the close of business on March 26, 2004. The Company mailed this Proxy Statement and the enclosed form of proxy on or about April 16, 2004.

VOTE REQUIRED

A form of proxy is enclosed. Unless contrary instructions are indicated on the proxy, or the proxy is revoked, all shares represented by each proxy received will be voted **FOR** a proposal to fix at 17 the number of directors of the Company and the election of the nominees for director named on page 11. If you specify a different choice by means of your proxy, the shares represented by your proxy will be voted as specified. You may revoke your proxy at any time before the proxy is exercised by filing with the Clerk of the Company, or its transfer agent, a written notice of revocation or by delivering to the Company, or its transfer agent, a duly executed proxy bearing a later date. If you attend the Annual Meeting in person, you will not have revoked your proxy, unless you vote your shares in person.

So long as a quorum is present at the Annual Meeting, the directors shall be elected by a plurality of the votes cast by the holders of shares entitled to vote at the Annual Meeting. There is no cumulative voting in the election of directors. With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will have no effect on the outcome of the election of directors. Broker non-votes and shares represented by any proxy as to which the vote for each director nominee has been withheld will be treated as shares present or represented at the Annual Meeting for quorum purposes. (A "broker non-vote" occurs when a registered broker holding a customer's shares in the name of the broker has not received voting instructions on a matter from the customer and is barred from exercising discretionary authority to vote on the matter, which the broker indicates on the proxy. Brokers, however, may vote on the election of directors and other routine matters without receiving instructions from their customers.)

Only the holders of record of shares of Common Stock at the close of business on March 26, 2004, will be entitled to receive notice of and to vote at the Annual Meeting.

At the close of business on March 26, 2004, there were 32,427,075 shares of Common Stock outstanding and entitled to be voted. Every stockholder will be entitled to one vote for each share of Common Stock recorded in his or her name on the books of the Company as of that date.

<PAGE> 1

COST OF SOLICITATION

The cost of soliciting proxies for the Annual Meeting will be borne by the Company. Proxies may be solicited by directors, officers or employees of the Company without additional compensation in person or by telephone or telegram. The Company will use the services of Georgeson Shareholder Communications, Inc. to

aid in the solicitation of proxies at a fee of \$4,000 plus expenses. The Company will also request persons, firms and corporations holding shares in their own names, or in the names of their nominees, which shares are beneficially owned by others, to send this proxy material to and obtain proxies from such beneficial owners and will reimburse such holders for their reasonable expenses in so doing.

(1) The indicated shares are those as to which the beneficial owner has sole voting and investment power except as follows. Shares held by the Company's Employee Stock Ownership Plan (the "ESOP") and allocated to participant accounts are voted as directed by the account holders. Shares for which no voting instructions are received from the account holders and all other shares not allocated to participants are voted in the same proportion as shares for which voting instructions are received. ESOP participants who are current employees of the Company or its subsidiaries and who are 100% vested in their ESOP accounts can annually elect to transfer out of the ESOP up to 100% of their allocated Company stock in the form of an eligible rollover distribution into another eligible retirement plan, such as a qualified individual retirement arrangement. Shares totaling 2,174,715 held by the ESOP at March 26, 2004 were allocated to the ESOP accounts of these individuals. ESOP participants who are former employees of the Company may generally elect to withdraw from the ESOP the shares allocated to their accounts at any time. Shares totaling 539,749 held by the ESOP at March 26, 2004 were allocated to the ESOP accounts of these individuals. The remaining 255,684 shares held by the ESOP at March 26, 2004 were allocated to the ESOP accounts of participants who have not yet reached 100% vesting in their account balances. Disposition of these unvested shares is restricted under the ESOP.

The indicated shares not held by the ESOP include shares owned beneficially by spouses, parents, children and relatives who share the same home, trusts in which the named individual or a family member sharing the same home serves as a trustee and corporations of which the named individual is an executive officer or principal shareholder; the named individuals disclaim any beneficial interest in shares so included. The percentage of shares is calculated using 32,427,075 shares outstanding at March 26, 2004, except for the executive officers whose percentages are derived by dividing the shares listed by 32,427,075 plus each individual's exercisable option shares.

- (2) Includes 11,880 shares held by the ESOP, 18,262 shares held by two trusts of which Mr. Becker is the trustee, and 41,453 shares that may be acquired under options granted in 2001, which became exercisable on April 6, 2004.

SECTION 16(a)
BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and persons who own more than ten percent of the Company's Common Stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities, if any, of the Company. Executive officers, directors and greater than ten percent beneficial owners are required to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2003, all Section 16(a) filing requirements applicable to its executive officers, directors and greater than ten percent beneficial owners were complied with, except that Arthur J. Remillard, III, an executive officer and director of the Company, filed a late Form 4 in October 2003 disclosing two separate gifts of Common Stock that were given to him and a trust of which he is a co-trustee.

GOVERNANCE OF THE COMPANY

The Board of Directors has adopted Corporate Governance Guidelines which give effect to the New York Stock Exchange (the "NYSE") corporate governance listing standards and various other corporate governance matters. Also, the Company has a Code of Ethics that applies to directors, officers and employees of the Company. The Company's Corporate Governance Guidelines and Code of Ethics are available on the Company's website at http://www.commerceinsurance.com/index_cinfo.html under the Corporate Governance tab. A copy of the Corporate Governance Guidelines and Code of Ethics will be provided to any stockholder of the Company upon request.

Proxies are solicited for the Annual Meeting to give all holders of Common Stock a chance to vote for the persons who are to be their representatives in the governance of the Company.

The Company's directors are elected annually by the stockholders and hold office until the next annual meeting of stockholders and thereafter until their successors, if any, are elected and duly qualified.

<PAGE> 4

Board of Directors and Board Committees

The Company's Board has 17 directors and the following committees: Audit, Compensation, and Nominating and Corporate Governance. Membership in the committees and the function of each committee are described below. The Audit, Compensation, and Nominating and Corporate Governance committees operate under written charters adopted by the Board. All of these charters are available on the Company's website at http://www.commerceinsurance.com/index_cinfo.html under the Corporate Governance tab. A copy of any of these charters will be provided to any stockholder of the Company upon request.

During 2003, the Board held five meetings. Each director attended at least 75% of all board and applicable committee meetings held during the period that he served. Each director is expected to attend the Annual Meeting. Fourteen directors attended the 2003 Annual Meeting of Stockholders.

The following table summarizes current Board committee membership and the number of committee meetings held during 2003:

- (a) The Board has evaluated and determined independence in accordance with the Company's Corporate Governance Guidelines, the rules of the NYSE, and all other applicable laws, rules, and regulations. Generally, a director does not qualify as an independent director if the director (or in some cases, members of the director's immediate family) has, or in the past three years has had, certain relationships or affiliations with the Company, its external or internal auditors, or other companies that do business with the Company. The Board has affirmatively determined that a majority of the Company's directors are independent directors under the NYSE corporate governance listing standards. Furthermore, all of the members of the Audit, Compensation, and Nominating and Governance committees are independent, as independence for such committee members is defined in the Company's Corporate Governance Guidelines, the NYSE corporate governance listing standards, and all other applicable laws, rules, and regulations.

(footnotes continued on following page)

<PAGE> 5

- (b) The Nominating Committee became the Nominating and Corporate Governance Committee in November 2003.
- (c) Directors are also officers of the Company.

Executive Session of the Non-Management Directors

All non-management directors of the Company are required to meet in executive session in accordance with the Company's Corporate Governance Guidelines. David R. Grenon was elected by the non-management directors to preside over the executive sessions. One such executive session was held in February 2004.

Audit Committee

The Audit Committee's primary duties and responsibilities are to:

- * monitor the integrity of the Company's financial statements, financial reporting process and systems of key internal controls;
- * monitor the performance of the Company's independent auditors and internal auditing department;

- * review the independent auditor's qualifications and independence;
- * obtain a report from the General Counsel for the Company and the Compliance Officer, at least annually, regarding pending or threatened litigation against the Company and the Company's compliance program; and
- * provide an avenue of communication among the independent auditors, management, the internal auditing functions, and the Board of Directors.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. Each such registered public accounting firm must report directly to the Audit Committee. The engagement of the registered public accounting firm to perform any other permissible services must be approved in advance by the Audit Committee. The Audit Committee approved in advance all other permissible services provided by any registered public accounting firm for the Company during 2003.

The Board of Directors has determined that Joseph A. Borski, Jr. meets the requirements adopted by the Securities and Exchange Commission (the "SEC") for qualification as an "audit committee financial expert."
<PAGE> 6

The Compensation Committee

The Compensation Committee reviews the salary recommendations and performance evaluations prepared by management for all officers and makes recommendations to the Board for the salaries of the five highest paid executive officers. This Committee also makes recommendations to the Board regarding incentive compensation programs for officers and directors, administers the Company's Management Incentive Plan and has the authority to grant awards under that plan.

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee reviews the qualifications of prospective directors and provides recommendations to the Board for the nomination of directors. In addition, the committee develops and recommends to the Board corporate governance principles applicable to the Company. This committee considers stockholder proposals for director nominees, which should be sent to the attention of the Assistant to the President at the Company's principal office.

Director Nominating Process. The Nominating and Corporate Governance Committee considers potential nominees for Board membership suggested by its members and other Board members, as well as by members of management and stockholders. In addition, as set forth in its charter, the Nominating and Corporate Governance Committee may retain outside search firms to identify prospective Board nominees.

The Nominating and Corporate Governance Committee considers properly submitted stockholder nominations for candidates for the Board. The Company recommends that stockholders who wish to recommend to the Nominating and Corporate Governance Committee candidates for election to the Board of Directors comply with the following procedures. The recommendation should be in writing. The recommendation should be sent to the Clerk of the Company at 211 Main Street, Webster, MA 01570, who will forward all recommendations to the Nominating and Corporate Governance Committee. The

recommendation should be received by the Company not less than 120 calendar days before that date which is one year after the mailing date of the Company's proxy statement for its immediately preceding annual meeting. Accordingly, a recommendation for a director nominee to be considered at the Company's 2005 annual meeting should be received by December 17, 2004. The recommendation should set forth (i) the name and address as they appear on the Company's books of the stockholder making the recommendation and the class and number of shares of capital stock of the Company beneficially owned by such stockholder and (ii) the name of the candidate and all information relating to the candidate that is required to be disclosed in solicitations of proxies for election of directors under the federal proxy rules. The recommendation should be accompanied by the candidate's written consent to being named in the Company's proxy statement as a nominee for election to the Board of Directors and to serving as a director, if elected.

The Nominating and Corporate Governance Committee evaluates all prospective nominees against the standards and qualifications set out in the Company's Corporate Governance Guidelines, including:

- * integrity;
- * judgment;
- * commitment to the Company and its stockholders;
- * understanding of the business, the industry, and the role of a director on a public company board;
- * willingness and ability to participate and contribute in meetings and in preparation for meetings;

<PAGE> 7

- * experience relevant to the business of the Company;
- * enhancing the diversity of the Board;
- * independence within the meaning of the Company's Corporate Governance Guidelines; and
- * a reputation befitting a director of a large publicly held company.

The Board and the committee need not quantify or assign relative weights to the criteria considered in selecting or evaluating any nominee to stand for election as a director of the Company, or to be appointed to fill a vacancy on the Board.

Security holders may have the ability to contact the Company's Board of Directors as a group, by a letter or other written statement, which is clearly addressed to the Company's Board of Directors, states the type and amount of the Company's securities held by the security holder, and is sent to any of the addressees listed below. Director Compensation

Directors, including those who are employees of the Company, receive \$1,600 for each meeting of the Board of Directors of the Company attended. Directors who are not employees of the Company are paid \$500 for each committee meeting of the Board of Directors of the Company attended. Directors who are not employees of the Company and serve as a director of Commerce Holdings, Inc. ("CHI"), a subsidiary of the Company, or CHI's subsidiaries, The Commerce Insurance Company ("Commerce") and Citation Insurance Company ("Citation"), are paid \$600 for each meeting of the Board of Directors of CHI and \$500 for each meeting of the Board of Directors of Commerce and Citation attended. Directors, including those who are employees of the Company, who serve as a director of ACIC Holding Co., Inc. ("AHC"), or its subsidiary, American Commerce Insurance Company ("ACIC"), are paid \$2,000 for each AHC meeting and \$2,200 for each ACIC meeting attended, respectively, and \$1,000 for each committee meeting of the Board of Directors attended. AHC is a 95% owned subsidiary of CHI. Certain directors also serve as directors of Bay Finance Company, Inc. and Clark-Prout Insurance Agency, Inc., wholly-owned subsidiaries of the Company. All directors of the Company, including those who are employees of the Company, receive an annual stipend of \$24,000. Directors of CHI who are not directors of the Company receive an annual stipend of \$24,000. Members of the Audit Committee receive an annual stipend of \$5,000 and the Chair of that committee receives an annual stipend of \$24,000. In addition, the chair of the Compensation Committee receives an annual stipend of \$3,000.

<PAGE> 8

Each director of the Company also receives an annual Book Value Award, or BVA, which entitles the recipient to receive a cash payment for each BVA based upon the increase in the book value of a share of Common Stock in excess of a specified minimum target. In 2003, each director received a number of BVAs approximately equal to 8.1% of the compensation paid to him as a director of the Company during 2002. Each 2003 BVA entitles the director to receive, by April 30, 2006, a cash payment equal to the book value of a share of Common Stock on December 31, 2005, less the base price of such BVA. The base price for the 2003 BVAs (\$29.30) is the book value of a share of Common Stock on December 31, 2002 (\$24.60) increased at the rate of 6% per annum compounded annually through December 31, 2005. For the purpose of this calculation, the December 31, 2005 book value of a share of Common Stock is increased for all cash dividends and the fair market value of all distributions of property made by the Company which the director would have been entitled to receive had he owned, from the date of grant until the maturity date, that number of shares of Common Stock equal to the number of BVAs under such award. The book value of a share of the Company's Common Stock excludes changes in unrealized gains and losses on bonds and preferred stocks and is adjusted for the impact of treasury stock and capital stock transactions. It is a condition to the receipt of any payment that may be due under a 2003 BVA to a director that the recipient has been a director of the Company continuously through April 30, 2006, unless his term shall have been terminated because of death or for any reason approved by the Board of Directors of the Company. Payments under the BVAs are accelerated in the event of the sale of the Company. See "Executive Compensation and Other Transactions" and "Compensation Committee Report" for a description of BVAs granted to the Company's executive officers.

In 2001, the Company's directors approved a Directors' Retirement Compensation Plan (the "Retirement Plan"). The Retirement Plan becomes effective for each Company director (including directors who are employees of the Company) upon terminating service from the Company's Board of Directors provided that such termination was not made under conditions adverse to the Company's interest. Effective with the annual meeting wherein the director is not reappointed to the Board of Directors, and provided benefits are not paid until such time as the director has attained the age of 65, the Company will pay an annual retirement benefit equal to 50% of the average annual total compensation of the director for the immediately preceding three full years ("three year average compensation"). The annual retirement benefit of 50% of the three year average

compensation vests at the rate of 4.0% for each year of Board of Directors service up to a maximum of 100% vesting through termination of service. Payments continue for a maximum of ten years over the remaining life of the former director, or his or her then spouse, if the director pre-deceases the spouse. No payments are to be made after the death of the director and spouse. Expenses related to the Retirement Plan in 2003 amounted to \$286,435 and a total of \$35,598 was paid under the Retirement Plan for two former directors.

REPORT OF THE AUDIT COMMITTEE

2003

In accordance with the rules established by the SEC, this report has been prepared by the Audit Committee for inclusion in the Company's proxy statement. The Committee meets with the Company's internal and independent auditors, with and without management present, to discuss the overall scope and plans for their respective audits, and to review the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Board of Directors has adopted a written charter for the Audit Committee. Each member of the Audit Committee satisfies the definition of an "independent director" as established by the New York Stock Exchange.

As part of its ongoing activities, the Audit Committee has:

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the SEC.

-
- (1) See "Compensation Committee Report" for additional information regarding BVA grants under the Company's Incentive Compensation Plan.
- (2) During 2003, the Company granted BVAs which entitle the recipient to receive, by April 30, 2006, a cash payment for each BVA equal to the book value of a share of Common Stock of the Company on December 31, 2005, less the base price of such BVA. The base price for the 2003 BVAs (\$29.30) is the book value of a share of Common Stock on December 31, 2002 (\$24.60), increased at the rate of 6% per annum compounded annually through December 31, 2005. For the purpose of this calculation, the December 31, 2005 book value of a share of Common Stock is increased for all cash dividends and the fair market value of all distributions of property made by the Company which the recipient would have been entitled to receive had he owned shares of Common Stock equal to the number of BVAs held by him from the date of grant until the maturity date. The book value of a share of the Company's Common Stock excludes changes in unrealized gains and losses of bonds and preferred stocks and is adjusted for the impact of treasury stock and capital stock transactions. It is a condition to the receipt of any payment that may be due under a BVA that the participant has been in the continuous employ of the Company through the settlement date, unless such employment shall have terminated due to the participant's death or for any reason approved by the Board of Directors of the Company including retirement as specified within the terms of agreement. Payments under the BVAs are accelerated in the event of the sale of the Company.
- (3) Future payouts, if any, under the BVAs are tied to increases in the book value of a share of Common Stock and other factors. Therefore, it is not possible to determine the future payouts. Furthermore, there are no threshold or maximum payouts under the BVAs. The amounts set forth in this column are the amounts that would be paid based on the December 31, 2003, book value per share of the Common Stock of the Company: (a) adjusted for treasury stock purchased in 2003; (b) excluding changes in unrealized gains and losses of bonds and preferred stocks, (c) plus dividends paid in 2003; and (d) increased by \$3.14 in each of 2004 and 2005. This \$3.14 amount represents an average of net earnings per weighted average common share for 2001, 2002 and 2003, exclusive of

(footnotes continued on following page)

<PAGE> 16

the after-tax impact of realized gains and losses, change in accounting principle and the impact of variable accounting for stock options. Although realized gains or losses are included in the calculation of book value, these items have been excluded due to the uncertainty of their occurrence and, therefore, the impact on the Company's future book value. There can be no assurance that the Company's performance will continue with the same or similar trends.

This information is presented for equity compensation plans that have and have not been approved by stockholders of the Company.

- (1) During 2002, the Company's stockholders approved the Incentive Compensation Plan, which provides for the award of incentive stock options, non-qualified stock options, book value awards, stock appreciation rights, restricted stock and performance stock units. At the discretion of the Compensation Committee all directors, officers and other senior management employees of the Company or any of its subsidiaries are eligible to participate in this plan.
- (2) On January 29, 1999, the Company granted stock options (the "Initial Options") to insurance agents (the "Agents") of American Commerce to purchase 1,872,380 shares of Common Stock. The exercise price of the Initial Options is \$36.32 per share. The Initial Options expire 10 years after the grant date. Each Initial Option vested and became exercisable on January 29, 2004, based on the average annual volume of other-than-Massachusetts private passenger automobile and homeowners direct written premiums ("Qualifying Business") that the Agent placed with American Commerce during the five-year period ended December 31, 2003 (the "Five-Year Average"). The holders of the Initial Options also have the right to require the Company to purchase the Initial Options at a purchase price per share equal to the difference between \$40.00 less the exercise price of \$36.32, after the Initial Option is vested, if the Five Year Average is equal to or greater than a specified goal.

The Company has agreed to grant additional options (the "Growth Options") to Agents who increase the volume of Qualifying Business during the 12-month period ending on June 30 in each year. Pursuant to these agreements, on July 31 in each year, the Company will grant one Growth Option covering 25,000 shares of Common Stock for each \$1,000,000 increment of additional Qualifying Business. The exercise price of the Growth Options will be equal to 125% of the average of the

(footnotes continued on following page)

<PAGE> 17

daily averages of the high and low sale price per share of the Common Stock for the month of June in that year. The Growth Options expire 10 years after the grant date. Each Growth Option vests and

becomes exercisable five years after the grant date if, and only if, the Qualifying Business that the Agent places with American Commerce during the five-year period ending on the fifth anniversary of the grant date is not less than the threshold of Qualifying Business that triggered the grant of that Growth Option. The Company may terminate its obligation to grant future Growth Options under the agreement by giving the Agent written notice at least 90 days prior to the effective date of such termination. Through December 31, 2003, the Company has granted Growth Options covering 1,925,000 shares of common stock.

Options cannot be exercised using cash. Options can only be exercised using a net share purchase, such that the dollar value that the option is in the money is divided by the fair market value of the stock at the date of exercise to arrive at the number of shares received by the option holder.

COMPENSATION COMMITTEE REPORT

2003

The Compensation Committee (the "Committee") is responsible for recommending to the Board of Directors the establishment of policies that govern both annual compensation and the Incentive Compensation Plan for the chief executive officer and other officers of the Company.

The Committee meets each year to review the base compensation of the Company's officers, to grant awards under the Company's Incentive Compensation Plan and, as appropriate, to recommend changes in that plan or the pattern of incentive compensation awards.

The Company's compensation program is designed to reward executives for strategic management and enhancement of stockholder value. In general, the same compensation policies are applied to the chief executive officer and to all of the other executive officers of the Company.

The Incentive Compensation Plan provides for the use of incentive compensation such as Book Value Awards ("BVAs") and Stock Options ("Options"). As shown in the Executive Compensation and Other Transactions section and further explained below, the Company has made significant incentive compensation payments because the Company's book value and market value have grown over the last several years.

Performance for purposes of the Company's compensation program has historically been measured by a combination of (1) the increase in the book value of the Company's stock, through the use of BVAs, and (2) the increase in market value of a share of the Company's stock through the use of SARs and, beginning in 1999, through the use of Options which replaced SARs (collectively, the "Program"). SARs were last granted in 1998 and matured in 2001. In 2002, the Company did not grant Options and awarded only BVAs. BVAs are based upon the performance of the Company, as opposed to Options that are based upon the performance of the Company's stock and the variations within the stock market. The BVAs granted for 2003 were determined by dividing the base compensation of each officer by the Company's book value of \$24.60 at December 31, 2002. The number of BVAs was then weighted by a factor ranging from two to ten, based on an officer's relative level of responsibility and potential to affect the Company's overall performance under a formula determined by the Compensation Committee.

The Committee reviews and determines the targeted minimum increase in book value for purposes of the Program. Awards made under the Program in 2003 provide that no incentive compensation will be payable unless the book value of the Company's Common Stock at December 31, 2005, plus the value of dividends paid on the Common Stock between that date and December 31, 2002, exceeds \$29.30,

<PAGE> 18

which represents an approximately 19.1% increase from the Company's book value per share of \$24.60 at December 31, 2002. Increases or decreases in book value per share related to changes in the market value of bonds and preferred stocks held by the Company are excluded from this calculation. Changes in the value of common stocks held by the Company on an after-tax basis are included in this calculation. Adjustments are also made for the impact of treasury stock and capital stock transactions. For the BVAs granted in 2001, the targeted compounded annual growth rate was 9.0%, or 29.5% for the three-year period. This was the last year in which options were granted in tandem with BVAs. In 2003 and 2002, the Committee recommended a 6.0% growth rate to the Board of Directors as being in line with the Massachusetts insurance marketplace. No advance payments are contemplated in the BVA Program at this time.

Under the market value portion of the Program, incentive compensation will be realizable by the officers under the stock options only if and to the extent that the market price of the Company's common stock, at the time of exercise, exceeds the exercise price. The Company ceased granting options after 2001. Options granted in 1999 became exercisable on April 30, 2002 and terminate after the close of business on May 1, 2007. Options granted in 2000 became exercisable on April 5, 2003 and terminate after the close of business on April 6, 2008. Options granted in 2001 became exercisable on April 6, 2004 and terminate after the close of business on April 7, 2009. The stock options granted in 1999, 2000 and 2001 were intended to qualify as incentive stock options to the maximum extent permissible under the Internal Revenue Code. Compensation related to stock options is dependent on when the executive officer exercises the option. For example, as depicted in the aggregated option exercises table, the chief executive officer exercised all of his vested options in 2003 resulting in additional compensation of approximately two times his 2003 salary. Also in 2003, the Compensation Committee voted to accelerate the payment of dividends under the Bonus Payment Agreement granted in 2000 for the chief executive officer and all other officers.

The Company maintains an Employee Stock Ownership Plan with a 401(k) component. See footnote (3) of the Summary Compensation Table under "Executive Compensation and Other Transactions."

The base salary for each officer, other than the chief executive officer, is recommended by the Company's management and reviewed and approved by the Committee. The 2003 base salaries for the Company's named executive officers, other than the chief executive officer, increased between 5.0% and 5.7% from 2002 base salaries. These increases were intended to reflect increases in the cost of living, job performance during 2002, and base salary as compared to similar positions in the industry, all considered in the context of the officers' total compensation. The Committee established the chief executive officer's base salary for 2003, an approximate 5.0% increase, after taking into account increases in the cost of living, the chief executive officer's job performance during 2002, and base salary as compared to similar positions in the industry, all considered in the context of the Chief Executive Officer's total compensation. Company management and the Committee review industry salary surveys when establishing base salaries for all officers. As part of the review of industry salary information, the Compensation Committee believed it appropriate to increase base salaries for 2003 as noted above.

The Committee will continue during 2004 to carefully consider officer compensation, and the components thereof, in relation to the Company's performance compared to that of industry performance levels for comparable companies and the performance history of the Company itself.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Members of the immediate family of Raymond J. Lauring, a director of the Company, own more than a 10% equity interest in Lauring Construction Company. Mr. Lauring has no ownership interest in Lauring Construction Company. During 2003 and 2002, Lauring Construction Company provided construction and construction management services in connection with a contract for the estimated \$13 million renovation of a 130,000 square foot building purchased by the Company. Terms of the contract provided for a fixed fee of \$650,000 for supervision and management of the project over the term of the contract. Total payments on the supervision and management services portion of the contract in 2003 were \$375,000. Payments to Lauring Construction Company in 2003 for actual materials used and construction work performed on this project were \$335,000 and payments for other work unrelated to the project were \$45,000. The charges for the project were established from a competitive bid process.

Arthur J. Remillard, Jr., the Company's President, Chief Executive Officer and Chairman of the Board, spends considerable time in Boston, Massachusetts in furtherance of the Company's business interests and, because of this, the Company provides office and part-time living accommodations to him at a condominium owned by the Company in Boston and the use, for business purposes, of an automobile owned by the Company. The Company believes the non-business connected economic benefit (if any) to Mr. Remillard, Jr. to be minimal.

INDEPENDENT PUBLIC ACCOUNTANTS

Pursuant to a vote adopted on May 16, 2003, the Board of Directors of the Company authorized the Audit Committee of the Board of Directors (the "Audit Committee") to appoint, compensate, retain or terminate, and oversee the work of the Company's independent auditor engaged for the purpose of preparing or issuing an

audit report or performing other audit, review or attest services for the Company.

- (a) At its meeting on June 16, 2003, the Audit Committee approved the engagement of the accounting firm PricewaterhouseCoopers LLP as independent accountants for the Company for the fiscal year ending December 31, 2003, subject to the execution of a satisfactory engagement letter between the Company and PricewaterhouseCoopers LLP.

The Audit Committee terminated the responsibilities of Ernst & Young LLP effective June 17, 2003.

- (b) The reports of Ernst & Young LLP on the financial statements for the fiscal years ended December 31, 2002 and 2001 contained no adverse opinion or disclaimer of opinion and were not qualified as to uncertainty, audit scope or accounting principles.
- (c) During the two fiscal years ended December 31, 2002, and through the subsequent period ending June 17, 2003, there was no disagreement with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreement, if not resolved to Ernst & Young LLP's satisfaction, would have caused them to make reference to the subject matter of the disagreement in its report.
- (d) The Company provided Ernst & Young LLP with a copy of the foregoing disclosure and requested that Ernst & Young LLP furnish it with a letter addressed to the SEC stating whether it agreed with the above statements. A copy of the letter from Ernst & Young

<PAGE> 21

LLP to the SEC dated June 23, 2003 was filed as Exhibit 16.1 to the Form 10-K accompanying this Proxy Statement.

- (e) Neither the Company nor anyone engaged on its behalf consulted with PricewaterhouseCoopers LLP during the two fiscal years ended December 31, 2002 and 2001 or during the Company's last fiscal year, before PricewaterhouseCoopers LLP was engaged by the Company, with regard to either: (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements or (ii) any other matters or reportable events as set forth in items 304(a)(2)(i) and (ii) of Regulation S-K.

Fees for services performed by the Company's current independent auditor, PricewaterhouseCoopers LLP ("PwC"), for the fiscal year ended December 31, 2003, and fees for 2002 services provided by the Company's former independent auditor, Ernst & Young LLP ("E&Y") follow.

	2003	2002
	PwC	E&Y
Audit fees	\$380,000	\$296,000(1)
Audit-related fees	13,500	17,000
Tax fees	20,220	6,410
All other fees	--	--
Total	\$413,720	\$319,410

-
- (1) The 2002 audit fees include \$50,000, not included in the prior year Proxy Statement, for services performed in relation to the year ended December 31, 2002 audit, but billed after prior year proxy materials were released.

The increase in 2003 audit fees was primarily related to \$70,000 paid to PwC for services performed related to the Company's \$300 million offering of debt securities registered on Form S-3 with the SEC during 2003. Audit related fees represent charges for the audit of the Company's employee benefit plan. Tax fees represent miscellaneous advice in connection with various tax filings. The Audit Committee considered the amount of fees charged by PwC not specifically related to the audit of the Company's consolidated financial statements, and determined that amount is compatible with maintaining their independence. Representatives of PwC are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. The Audit Committee has not voted an independent auditor for 2004 as of the date of this Proxy Statement.

OTHER BUSINESS

The Board knows of no other matters to be presented at the Annual Meeting. The persons named in the form of proxy will vote according to their best judgment if any matter not included in this Proxy Statement does properly come before the Annual Meeting. Proxies solicited by the Board for the Annual Meeting will confer discretionary authority to vote on any matter to come before the Annual Meeting with respect to which the Company did not receive notice by February 26, 2004.

STOCKHOLDER PROPOSALS

Any stockholder proposal intended to be presented at the 2005 Annual Meeting must be received at the Company's principal executive office by December 17, 2004 for consideration of inclusion in the Proxy Statement and form of Proxy related to that Meeting. The proposal must comply in all respects with the rules and regulations of the Securities and Exchange Commission. A stockholder proposal submitted after March 2, 2005 will be considered untimely.

IV. Audit Committee Responsibilities and Duties

Review Procedures

1. Review and reassess the adequacy of this Charter at least annually. Submit the charter to the Board of Directors for approval and have the document published in accordance with the requirements of the NYSE and the SEC.
 2. In accordance with the SEC and NYSE requirements, review and discuss the Company's annual audited financial statements prior to the filing of the Company's Annual Report on Form 10-K and the quarterly financial statements prior to the filing of the Company's Quarterly Report on Form 10-Q, with management and the independent auditors including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations." Discuss certain matters required to be communicated to audit committees in accordance with SAS 61, as amended.
 3. Annually prepare a report to shareholders as required by the SEC. The report should be included in the Company's annual proxy statement. The SEC requires that the Audit Committee issue a report to shareholders stating whether the Committee has:

 4. In consultation with management, the independent auditors, and the internal auditors, consider the integrity of the Company's financial reporting processes and controls. Discuss significant financial risk exposures and the steps management has taken to monitor, control, and report such exposures. The Committee may review significant findings prepared by the independent auditors and the internal auditing department together with management's responses, including the status of previous recommendations.
- <PAGE> 24
5. Discuss with management the Company's earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies.

Independent Auditors

6. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of any registered public accounting firm engaged (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, and each such registered public accounting firm must report directly to the Audit Committee. The engagement of the registered public accounting firm to perform any permissible services, as defined by the SEC, must be

approved in advance by the Audit Committee.

7. At least annually, the Audit Committee shall obtain and review a report by the independent auditor describing: the firm's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and (to assess the auditor's independence) all relationships between the independent auditor and the Company.
8. The Committee shall meet with the auditors to review the independent auditors' audit plan to see that it is sufficiently detailed and covers any significant areas of concern that the Audit Committee may have.
9. Review with the independent auditor any audit problems or difficulties and management's response.
10. In accordance with SAS 61, as amended, discuss with the independent auditors judgments about the quality, not just the acceptability, of the entity's accounting principles as applied in its financial reporting.
11. Set clear hiring policies for employees or former employees of the independent auditors.

Internal Audit Department and Corporate Compliance

12. Review the budget, plan, changes in plan, activities, organizational structure, and qualifications of the internal audit department, as needed. The internal audit department shall be responsible to senior management, but have a direct reporting responsibility to the Board of Directors through the Committee. Review the performance, compensation, and if necessary, the appointment or replacement of the senior internal audit executive.
13. Review significant reports prepared by the internal audit department together with management's response and follow-up to these reports.
14. On at least an annual basis, review with the Company's General Counsel any legal matters that could have a significant impact on the organization's financial condition.

<PAGE> 25

15. On at least an annual basis, receive a report from the Company's Corporate Compliance Committee on the Company's compliance with applicable laws and regulations, any significant internal financial fraud or regulatory noncompliance that occurred at the Company, including consideration of the internal controls that should be strengthened to reduce the risk of a similar event in the future.

Other Audit Committee Responsibilities

16. Meet separately, periodically, with management, with internal auditors and with independent auditors.

17. Establish procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls and auditing matters, including procedures for confidential anonymous submission by employees of the issuer of concerns regarding questionable accounting or auditing matters.
18. Perform such other functions as assigned by law, the Company's charter or by-laws, or the Board of Directors.
19. Maintain minutes of meetings and report to the Board as needed.
20. Annually conduct a performance evaluation self-assessment of the Audit Committee.
 - * Review, discuss and assess its own performance as well as the Committee roles and responsibilities, seeking input from senior management, the Board, and others if needed.
 - * Review each member's contribution to the Committee through the use of a self-assessment form, which is then evaluated by the Chair of both the Audit Committee and the Board.
 - * Discuss and address with the internal auditors and the independent auditors any significant issues relative to overall Board responsibility that, in their judgment, have been communicated to management but have not been adequately resolved.
21. Annually review policies and procedures as well as internal audit results associated with directors' and officers' expense accounts and perquisites. In accordance with SEC and NYSE rules, annually review a summary of directors' and officers' related party transactions and potential conflicts of interest and consider the results of any review of these areas by the independent auditor.
22. While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. These are the responsibilities of management and the independent auditor.
