FINANCIAL INFORMATION

Item 1. Financial Statements.

Innofone.com, Inc.

Quarter ended March 31, 2001 and year ended June 30, 2000

The financial statements for the three months ended March 31, 2001 and 1999 include, in the opinion of Innofone.com, Inc. (the "Company"), all adjustments necessary to present fairly the results of operations for such periods. Results of operations for the three months ended March 31, 2001 are not necessarily indicative of results of operations that will be realized for the year ending June 30, 2001. The financial statements should be read in conjunction with the Company's Form 10-SB, which contains financial statements for the year ended June 30, 2000.

Notes to Consolidated Financial Statements
(Stated in United States dollars)
(Unaudited)
For the nine months ended March 31, 2001

Innofone.com, Incorporated (the "Company") is incorporated under the laws

Edgar Filing: INNOFONE COM INC - Form 10QSB

of the State of Nevada. The Company, through its legal subsidiary Innofone Canada Inc. ("Innofone Canada") that operates in Canada, is engaged in the telecommunications business of providing long distance telephone services, cellular services and internet services. All of the Company's sales are to Canadian customers in the residential and business sectors. The Company is not dependent on a single customer. However, the Company uses only a few carriers of long distance services that they are dependent on for the usage of their telephone lines.

1. BASIS OF PRESENTATION:

(a) Interim financial statements:

These unaudited interim consolidated financial statements should be read in conjunction with the Company's annual consolidated financial statements which were completed as of June 30, 2000. In the opinion of management, the unaudited interim consolidated financial statements have been prepared on the same basis as the audited consolidated financial statements and include all adjustments (consisting only of normal recurring adjustments) necessary for the fair presentation of the results of such periods. The results of operations for the interim periods are not necessarily indicative of the results of operations for the full year.

(b) Future operations:

These financial statements have been prepared on the going concern basis, which assumes the realization of assets and settlement of liabilities in the normal course of operations, notwithstanding the significant operating losses since incorporation, negative working capital and deficiency in shareholders' equity at March 31, 2001. Subsequent to March 31, 2001, the Company's wholly owned subsidiary, Innofone Canada Inc. was deemed bankrupt under Canadian bankruptcy laws and a trustee in bankruptcy has been appointed to conduct a liquidation of the company's assets (see note 9).

On February 26, 2001, a Petition for a Receiving Order ("Petition") under the Bankruptcy and Insolvency Act (Canada) was filed by 9024-9574 Quebec Inc. against Innofone Canada Inc. The effect of issuing a Receiving Order against Innofone Canada Inc. would render the company bankrupt. On April 11, 2001 the company filed a Notice of Intent to File a Proposal ("NOI") to its creditors, and subsequently filed a cash flow statement with bankruptcy authorities. The effect of filing the NOI stays the hearing of the petition, and affords the company time to consider how it intends to restructure its debt. On May 2, 2001, the company attended a hearing at which a creditor was filing a motion to

have the stay of the NOI lifted and have Innohone Canada Inc. declared bankrupt. The company was unsuccessful in defeating the motion and on May 3, 2001, Innohone Canada Inc. was declared bankrupt. The trustee, Raymond Chabot Inc. is in the process of liquidating the assets of Innohone Canada Inc.

As at March 31, 2001, the consolidated financial statements of the Company include the assets, liabilities, revenues and expenses of Innohone Canada Inc. as, at that date, Innohone Canada Inc. continued to be under the control of the Company. However, the consolidated balance sheet does not include any assets other than assets recoverable through sale or recovery for previous services provided (see discussion below). As at March 31, 2001, the summarized assets and liabilities of Innohone Canada that are included in the consolidated balance sheet of the Company are as follows:

Accounts receivable	577,451
Prepaid expenses and deposits	54,873
Capital assets	297,268
Bank indebtedness	48,884
Accounts payable and accrued liabilities	1,784,038
Advances from ultimate shareholders	163,025
Obligation under capital lease	1,073
Current portion of long term debt	67,334

During the period from January 15, 2001 to May 3, 2001, Innohone Canada Inc. was delayed in billing all of its customers for long distance, cellular and internet services rendered. The Trustee is in the process of rendering these bill runs which should generate sufficient funds with which to pay the claims of the company's secured and preferred creditors, leaving funds to be disbursed to the unsecured creditors. Innohone.com, Incorporated is a major unsecured creditor whose claim in the amount of \$3,513,955 represents approximately 2/3 of the total claims against Innohone Canada Inc. At this time it cannot be determined the extent of any recoveries that may be available to Innohone.com, Inc. from the realization of the disposition of the assets of Innohone Canada Inc.

In January 2001, the Company completed a Registration Statement that has been filed with the United States Securities and Exchange Commission in order for the Company's shares to be eligible for trading in the United States on the NASD over-the-counter Bulletin Board.

2. SHARE CAPITAL:

The number of outstanding common shares of the Company as at March 31, 2001 is computed as follows:

	Common Shares	Preferred Shares
Existing outstanding shares and warrants as at June 30, 2000	20,750,000	2,500,000
Shares issued in exchange for legal fees	150,000	-

Shares subscribed	1,000,004	-
Outstanding shares as at March 31, 2001	26,181,504	2,500,000

During the nine months ended March 31, 2001, 430,000 options were exercised generating proceeds of \$66,000 for the Company. Effective September 12, 2000, \$501,100 in convertible notes dated August 5, and 6, 1999, were converted into 1,252,750 shares of common stock in accordance with the original terms. In September 2000, the Company raised a total of \$500,002 in two separate private placements totaling 1,000,004 units consisting of one share of common stock and one warrant to purchase common stock at \$1.00 per share and expiring in March 2002. On February 14, 2001, \$1,039,500 in convertible notes dated in December 1999, and January and February 2000, were converted into 2,598,750 shares of common stock in accordance with the original terms.

The weighted average remaining contractual life for all outstanding options is approximately one year.

4. SEGMENTED INFORMATION:

(a) Reportable segment:

The Company has one reportable segment; resale of long distance services. The resale of long distance services is provided to residential and small to medium sized businesses. This segment represents the result of operations for the Company.

(b) Geographic information:

The Company derives all of its revenue from Canada and all of its fixed assets are physically located in Canada.

5. OTHER EVENTS:

On January 12, 2001 the Company signed a Marketing and Network Services Agreement with ePhone Telecom Inc. ("ePhone") whereby the Company agreed to provide ePhone with a first right of refusal until December 31, 2010 to carry its long distance traffic using the ePhone internet network. The agreement also provides for assessing the feasibility of developing new products together and generally developing the business of each company. As part of the agreement, ePhone paid the Company a set-up fee of \$500,000 which is due for repayment on April 19, 2001. This repayment date was subsequently extended to January 19, 2002. If the set-up fee is not repaid, ePhone has the right to convert into an equivalent amount of shares of the Company based on a price of \$0.25 per share. For accounting purposes, the set-up fee will be initially recognized in the financial statements as a loan. The market value of the Company's common shares at the date of signing the marketing agreement was less than the conversion price. Therefore, there was no embedded beneficial conversion option. Each share would also have a non-detachable warrant to convert into common shares at a price of \$0.75.

On January 12, 2001, the Company granted 100,000 vested options to an employee having an exercise price of \$0.50, and on February 9, 2001, the Company granted 60,000 vested options to two employees having an exercise price of \$0.25. Effective March 2001, 525,000 options granted to two employees became vested having achieved certain business targets. All 685,000 options expire 12 months after the vesting date. The market price of the Company stock at the grant date and vesting date was not in excess of the exercise price. Therefore, there was no intrinsic value to the options at their grant date. However, in accordance with the Company's accounting policy, the fair value of the options aggregated \$24,240, and is recognized as compensation expense in these financial statements. The fair value has been determined using the Black-Scholes option pricing model assuming a dividend yield of 0%, expected volatility of 100%, and a risk free interest rate of 6%.

During the quarter, the Company converted into common shares the promissory notes which became due on December 31, 2001. The notes in the amount of \$1,039,500 were convertible into 2,598,750 shares of common stock. The notes also included a warrant to purchase one common share at a price of \$1.00 for each \$0.40 of notes purchased. These warrants expired December 31, 2000, but the Company has extended the period to exercise the warrant to December 31, 2001. The fair value of the warrants issued at the extension date was not material.

6. SUBSEQUENT EVENTS:

(a) Preferred shares:

By March 31, 2001, the Company had generated in excess of \$2,000,000 Canadian in cumulative revenue, thereby allowing 1,250,000 shares of preferred stock to be converted into 3,750,000 shares of common stock. The Company is in the process of having the preferred stock converted to common stock.

(b) Loss on investment:

In May 2001 Axxent Canada filed for protection under the Bankruptcy and Insolvency Act (Canada). Innohone Canada Inc. holds warrants in Axxent Canada which have been recorded as an investment in marketable securities. In light of the bankruptcy proceedings, these warrants have no value, and the investment has been written off.

7. NON CASH FINANCING ACTIVITY:

During the nine months ended March 31, 2001, the Company issued 150,000 common shares in exchange for legal fees of \$73,654 which had been incurred. These shares have been valued at the market price of the Company's shares on the dates at which both performance had been completed and the shares became issuable.

8. BANK INDEBTEDNESS:

On March 28, 2001, the Royal Bank of Canada demanded repayment of its credit facilities given to Innohone Canada Inc. and issued a Notice of Intent to Enforce Security pursuant to Section 244 of the Bankruptcy and Insolvency Act (Canada).

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

FORWARD-LOOKING STATEMENTS

The following discussion of the financial condition and results of operations of the Company should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations and the Consolidated Financial Statements and Notes thereto for the year ended June 30, 2000 included in the Company's Form 10-SB, as amended, originally filed with the SEC on November 14, 2000. This Quarterly Report on Form 10-QSB includes forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934. Words such as "may," "plans," "expects," "anticipates," "approximates," "believes," "estimates," "intends," "hopes," "potential," or "continue", and variations of such words and similar expressions are intended to identify such forward-looking statements. The Company intends such forward-looking statements, all of which are qualified by this statement, to be covered by the safe harbor provisions for forward-looking statements contained in the Private Litigation Securities Reform Act of 1995 and is including this statement for purposes of complying with these safe harbor provisions. The Company has based these statements on its current expectations and projections about future events. These forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties that could cause

Edgar Filing: INNOFONE COM INC - Form 10QSB

actual results to differ materially from those projected in these statements. Forward-looking statements include but are not limited to:

- our expectations regarding the amount of our receivable from Innofone Canada that we expect to recover; and
- our future business plan.

Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's views only as of the date hereof. The Company is not obligated to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this Quarterly Report on Form 10-QSB might not occur. Readers should carefully review the risk factors described in the Form 10-SB and any other documents the Company files from time to time with the Securities and Exchange Commission, including any future Annual Reports on Form 10-KSB and Quarterly Reports on Form 10-QSB.

OVERVIEW

As previously reported, on May 3, 2001, a court adjudged our operating subsidiary, Innofone Canada, Inc., bankrupt under the Bankruptcy and Insolvency Act (Canada). During the period from January 15, 2001 to May 3, 2001, Innofone Canada was delayed in billing all of its customers for long distance, cellular and Internet services rendered. Raymond Chabot, Inc., the court-appointed trustee, now has processed those billings and is in the process of liquidating the assets of Innofone Canada.

1

As a result of the bankruptcy of Innofone Canada, the Company has suspended its current business operations. The Company will seek to be acquired by or acquire an interest in a business entity that desires to seek the perceived advantages of a corporation which has a class of securities registered under the Securities Exchange Act of 1934. The Company does not plan to restrict its search to any specific business, industry or geographic location. Management anticipates that it will be able to participate in only one potential business venture because the Company has nominal assets and limited financial resources. There can be no assurance that the Company will be successful in locating or negotiating an agreement with any such business entity.

For further information on the bankruptcy, please refer to note 1(b) to the consolidated financial statements of the Company included with this Quarterly Report on Form 10-QSB.

REVENUES

Revenues for the quarter ended March 31, 2001 increased 260% to \$666,722 as compared to revenues of \$186,234 for the quarter ended March 31, 2000. Revenues for the nine months ended March 31, 2001 increased 160% to \$1,386,095 from \$531,465 for the nine months ended March 31, 2000. The revenue increase is due to the increase in billable long distance calling minutes by our customer base. Revenues from the nine months ended March 31, 2000 were generated by GLR customers acquired through our direct marketing agents while the revenues for the nine months ended March 31, 2001 reflect the customer acquisition program with Visa Desjardins. For the nine months ended March 31, 2001, approximately 80% of our revenues were generated from the Visa Desjardins customer base with the remaining 20% coming from our GLR customer base. Approximately 95% of our revenues for the nine months ended March 31, 2001 are from the resale of long

Edgar Filing: INNOFONE COM INC - Form 10QSB

distance services to residential and small and medium sized businesses. The remaining 6% of revenues are from the resale of cellular services.

COST OF SALES AND GROSS MARGIN

As a result of our increased revenues, our cost of sales increased 157% to \$966,668 for the nine-month period ended March 31, 2001 as compared to \$375,622 for the nine-month period ended March 31, 2000. Our cost of sales increased 225% to \$467,598 for the quarter ended March 31, 2001 as compared to \$142,870 for the quarter ended March 31, 2000.

Our gross profit increased 170% from \$155,843 for the nine months ended March 31, 2000 to a gross profit of \$419,427 for the nine months ended March 31, 2001. Our gross profit for the three months ended March 31, 2001 increased 360% from \$43,364 for the quarter ended March 31, 2000 to a gross profit of \$199,124 for the quarter ended March 31, 2001. Our gross profit as a percentage of sales for the nine months ended March 31, 2001 increased slightly from 29% in 2000 to 30% in 2001.

SELLING, GENERAL AND ADMINISTRATIVE EXPENSES

Our selling, general and administrative expenses were \$716,910 for the quarter ended March 31, 2001, down 13% from \$824,010 for the quarter ended March 31, 2000. However, during the quarter ended March 30, 2000, selling general and administrative expenses included \$507,227 which was spent in developing the bundled services program for Visa Desjardins and

2

there was no similar charge during the quarter ended March 31, 2001. Excluding those development costs, selling general and administrative expenses for the quarter ended March 31, 2000 were \$316,783 representing approximately 44% of the total selling general and administrative costs for the quarter ended March 31, 2001. Billing costs increased 320% from \$32,208 in the quarter ended March 31, 2000 to \$136,526 for the quarter ended March 31, 2001, and professional fees increased 210% from \$47,273 in the quarter ended March 31, 2000 to \$146,667 in the quarter ended March 31, 2001. The increased billing costs are a function of the increased revenues in the third quarter of 2001 and the increased professional fees relate to SEC filing costs, audit and accounting fees and legal fees incurred in relation to the financial difficulties of Innofone Canada Inc.

Our selling general and administrative expenses for the nine months ended March 31, 2001 increased 100% to \$2,915,049 as compared to \$1,424,200 for the nine months ended March 31, 2000. The major component of the selling general and administrative expenses for the nine months ended March 31, 2001 were customer acquisition costs paid to Equinox and Visa Desjardins in the amount of \$616,643, which were 330% higher than \$140,240 in customer acquisition costs for the nine months ended March 31, 2000. Management fees of \$515,168 for the nine months ended March 31, 2001 were for Larry Hunt, Ron Crowe, Rick Quinney, Douglas Burdon and Nino Sylvestri although approximately \$150,000 were accrued but never paid to the three founding shareholders. These management fees were approximately 100% higher than the management fees of \$258,803 paid in the nine months ended March 31, 2000. Professional fees \$361,775 for the nine months ended March 31, 2001 were approximately 190% higher than the professional fees of \$124,478 incurred for the nine months ended March 31, 2000. Billing costs of \$348,998 for the nine months ended March 31, 2001 were 540% higher than the \$53,920 in billing costs reported for the nine months ended March 31, 2000. Salaries and wages of \$215,824 were 290% higher in the nine months ended March

Edgar Filing: INNOFONE COM INC - Form 10QSB

31, 2001 as compared to \$55,000 in salaries and wages for the comparable period in 2000. Finally call center costs of \$213,761 and order fulfillment costs \$194,022 were incurred for the nine months ended March 31, 2001 whereas there were no such charges in the nine months ended March 31, 2000. The remaining selling general and administrative costs included rent, travel costs, bad debt expenses and other general office expenses which all were higher in the nine months ended March 31, 2001 due to the increased activity from the Visa Desjardins program.

AMORTIZATION

Amortization expense consists of the depreciation of our capital assets. Our amortization expense for the three months ended March 31, 2001 was \$36,655 as compared to \$21,151 for the three months ended March 31, 2000. Amortization for the nine months ended March 31, 2001 increased to \$109,408 as compared to \$62,751 for the nine months ended March 31, 2000. The relative increase in amortization was the result of our acquiring new computer equipment for our additional staff.

ADDITIONAL INTEREST

Additional interest represents the embedded beneficial conversion feature of notes that are convertible into common stock at prices lower than the market value of the stock at the time the notes were granted. Additional interest for the nine months ended March 31, 2001 was \$138,400 as compared to \$1,312,750 for the nine months ended March 31, 2000.

3

There was no additional interest in the quarter ended March 31, 2001 as compared to \$874,750 in the quarter ended March 31, 2000.

COMPENSATION COST OF OPTIONS

Compensation cost of options of \$24,240 for the three months ended March 31, 2001 represents the fair value of options granted to employees during the quarter. There was no compensation cost of options during the nine months ended March 31, 2000.

INTEREST ON LONG-TERM DEBT AND BANK CHARGES

Interest on long-term debt and bank charges include interest on long-term debt, interest charged on overdue accounts payable, and bank charges. For the nine months ended March 31, 2001, interest on long-term debt and bank charges increased 72% from \$18,394 for the nine months ended March 31, 2000 to \$31,660 for the nine months ended March 31, 2001. Interest and bank charges increased 50% to \$12,033 for the quarter ended March 31, 2001 as compared to \$8,014 for the quarter ended March 31, 2000. The reason for these increases is primarily due to interest charged on overdue accounts payable which were significantly higher as of March 31, 2001.

LOSS ON INVESTMENT

The loss on investment during the quarter ended March 31, 2001 reflects the decline in the value of warrants for the purchase of common stock in Axxent Canada. In May 2001, Axxent Canada filed for protection under the Bankruptcy and Insolvency Act (Canada), thereby rendering the warrants valueless.

NET LOSS

Edgar Filing: INNOFONE COM INC - Form 10QSB

Due to the above factors, our net loss decreased to \$755,714 for the three months ended March 31, 2001 as compared to \$1,684,561 for the three months ended March 31, 2000. Our loss for the nine months ended March 31, 2001 increased 10% from \$2,662,252 for the nine months ended March 31, 2000 to \$2,964,330.

LIQUIDITY AND CAPITAL RESOURCES

Since our inception, we have financed our operations through the proceeds from the sale and issuance of equity securities, loans from stockholders and from bank financing. During the nine months ended March 31, 2001, 430,000 options were exercised generating proceeds of \$66,000. In September 2000, we raised a total of \$500,002 in two separate private placements totaling 1,000,004 units consisting of one share of common stock and one warrant to purchase common stock at \$1.00 per share. In January 2001, we were paid a set-up fee of \$500,000 by ePhone Telecom Inc., which for accounting purposes has been initially recognized in our financial statements as a loan, pending determination of whether or not they will convert it in to common shares of the Company. As a result of these activities, we raised \$1,066,002 during the nine months ended March 31, 2001 to help finance our operations.

4

During the nine months ended March 31, 2001, the company invested \$77,782 in fixed assets. This investment related to web site development costs for the BizSmart program as well as other software and systems development costs relating to the Visa Desjardins program. This compares to \$84,609 invested in fixed asset additions primarily relating to computers for additional staff and for the HotCaller program during the nine months ended March 31, 2000.

Due to the bankruptcy of Innohone Canada, our sole operating subsidiary, the Company has no operating business and no assets except for its claim as an unsecured creditor on a portion of the liquidation proceeds of Innohone Canada. The Company is entitled to approximately 60%-70% of the proceeds left after the secured creditors are paid in the amount of Can. \$340,000. Depending on the balance of the liquidation proceeds after the secured claims are paid, the Company expects to receive between Can. \$300,000 and Can. \$400,000 (approximately between US\$200,000 and US\$270,000). However, the receipt of this amount, or of any proceeds at all, will be dependent upon, among other factors, the actual amounts of unsecured claims that are made on Innohone Canada, the ultimate determination of the claims of secured creditors and the amount that the Trustee is able to sell the business of Innohone Canada for. There can be no assurance that the Company will receive the amount of the proceeds it is expecting, or that it will receive any proceeds at all from the liquidation. In addition, approximately Can. \$100,000 (or US\$150,000) has been assigned to creditors of the Company once the recoveries from the Canadian company are realized.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

On March 1, 2001, the Company's operating subsidiary, Innohone Canada Inc., was served with a Petition for a Receiving Order under the Bankruptcy & Insolvency Act of Canada (the "Petition"). The Petition was originally filed by Equinox Marketing Services, who operated our call center and our outbound telemarketing program. The petition requested that Innohone Canada Inc. be adjudged a bankrupt on the grounds that it had "ceased to meet its obligations
