NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

GENERAL

The Anika Therapeutics, Inc. Employee Savings and Retirement Plan (the Plan), established July 1, 1993 and as amended and restated effective January 1, 1998, is a defined contribution plan under which substantially all employees who are at least age 21 and are regularly scheduled to perform 1,000 hours of service in a Plan year, are eligible to participate. The Plan is intended to assist Anika Therapeutics, Inc. (the Employer) in its efforts to attract and retain competent employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

BENEFITS PAID

Benefits under the Plan are payable upon normal (after age 65) or early (after age 55) retirement, death, disability, severe financial hardship or termination of service, and are based on the balance in the participant's account. Distributions of vested account balances will be made in the form of a single lump-sum payment or in some other optional form of payment, as defined in the Plan.

ADMINISTRATION

The Plan is administered by the Retirement Committee, which is appointed by the Employer's Board of Directors (the Board). Two members of the Employer's senior management have been appointed by the Board to serve as trustees of the Plan. Information about the Plan agreement, such as provisions for allocations to participants' accounts, vesting, benefits and withdrawals is contained in the Summary Plan Description. Copies of this document are available from the Retirement Committee. Retirement Alliance, Inc. has been appointed as record keeper of the Plan.

ADMINISTRATIVE EXPENSES

All investment-related expenses for the years ended December 31, 1999 and 1998 were charged against Plan earnings. Substantially all other expenses were paid by the Employer.

CONTRIBUTIONS

Participants may elect to defer, subject to certain limitations, from 1 percent to 13 percent of annual compensation as contributions to the Plan. The Employer makes matching contributions of 100% of each contributing participant's deferred contribution up to 5% of each participant's salary. The Plan allows for the Board to authorize additional contributions allocated to participants based on

## Edgar Filing: ANIKA THERAPEUTICS INC - Form 11-K/A

salary. During the year ended December 31, 1999, there were no additional contributions authorized.

### VESTING

Participants employed prior to October 1, 1996 are 100 percent vested in their entire account balance at all times. Participants employed on or after October 1, 1996 are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer matching contributions and profit sharing contributions are based on years of credited service and are subject to the following vesting schedule:

| Years of Credited Service | Vested Interest |
|---------------------------|-----------------|
| 1                         | 20%             |
| 2                         | 40%             |
| 3                         | 60%             |
| 4                         | 80%             |
| 5                         | 100%            |

The nonvested portion of a participant's account at the time of termination is used to offset future Employer contributions.

### PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer may terminate the Plan at any time, either wholly or partially, by notice in writing to the participants. Upon termination, participant accounts will become 100 percent vested. The Employer may temporarily discontinue contributions to the Plan, either wholly or partially, without terminating the Plan.

## 2. USE OF ESTIMATES AND SIGNIFICANT ACCOUNTING POLICIES

### USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from the net assets available for benefits during the reporting period. Actual results could differ from those estimates.

### BASIS OF ACCOUNTING

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

### VALUATION OF INVESTMENTS

MUTUAL FUNDS - The fair value of the participation units in mutual funds is based on the quoted redemption value on the last business day of the year.
