SUBJECT TO COMPLETION, DATED NOVEMBER 16, 2001

PROSPECTUS

ISTAR FINANCIAL INC.
4,131,531
SHARES OF COMMON STOCK

This prospectus relates to an aggregate of up to 4,131,531 shares of our common stock, of which 1,488,111 shares are issuable upon the exercise of employee stock options. These securities may be offered and sold from time to time by the securityholders specified in this prospectus or their successors in interest. See "Participating Securityholders." As of the date of this prospectus, the Company has been advised that none of the Participating Securityholders has a current intention to sell any of the shares of common stock covered by this prospectus.

The Participating Securityholders obtained substantially all of these securities pursuant to either an acquisition transaction or an incentive compensation arrangement. You should read this prospectus and any accompanying prospectus supplement together with additional information described under the heading "Where You Can Find More Information." We will not receive any proceeds from sales of the securities.

The Participating Securityholders may sell the common stock offered hereby on the New York Stock Exchange or such other national securities exchange or automated interdealer quotation system on which shares of our common stock are then listed or quoted, through negotiated transactions or otherwise, at market prices prevailing at the time of the sale or at negotiated prices.

Our common stock is listed and traded on the New York Stock Exchange under the symbol "SFI." On November 15, 2001, the closing sale price of our common stock on the NYSE was \$25.00 per share.

An investment in our common stock involves risks that are described in "RISK FACTORS" beginning on page five of this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other materials with the SEC. The public may read and copy any materials we file with the SEC at the SEC's Public Reference Room at 450 Fifth Street, N.W., Washington, D.C. 20549. The public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC maintains an Internet site that contains reports, proxy and information statements and other information regarding issuers (including us) that file electronically with the SEC. The address of that site is <http://www.sec.gov>. Reports, proxy statements and other information we file also can be inspected at the offices of the New York Stock Exchange, 20 Broad Street, New York, New York 10005.

We have filed with the SEC a registration statement on Form S-3 under the Securities Act of 1933, as amended, with respect to the securities offered hereby. This prospectus does not contain all the information set forth in the registration statement, certain portions of which have been omitted as permitted by the rules and regulations of the SEC. Statements contained in this prospectus as to the contents of any contract or other document filed as an exhibit to the registration statement are not necessarily complete, and in each instance, reference is made to the copy of such contract or document so filed, each such statement being qualified in all respects by such reference. For further information about us and the securities, please see the registration statement and exhibits thereto.

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

We are incorporating by reference in this prospectus the following documents which we have previously filed with the Securities and Exchange Commission under the File Number 1-10150:

- (1) our Annual Report on Form 10-K for the fiscal year ended December 31, 2000;
- (2) our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2001, June 30, 2001 and September 30, 2001; and
- (3) the description of our common stock contained in our registration statement on Form 8-A filed on October 5, 1999, as that description has been altered by amendments or reports filed for the purpose of updating those descriptions.

Whenever after the date of this prospectus we file reports or documents under Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended, those reports and documents will be deemed to be part of this

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

prospectus from the time they are filed. If anything in a report or document we file after the date of this prospectus changes anything in it, this prospectus will be deemed to be changed by that subsequently filed report or document beginning on the date the report or document is filed.

We will provide to each person to whom a copy of this prospectus is delivered a copy of any or all of the information that has been incorporated by reference in this prospectus, but not delivered with this prospectus. We will provide this information at no cost to the requestor upon written or oral request addressed to iStar Financial Inc., 1114 Avenue of the Americas, 27th Floor, New York, New York 10036, attention: Investor Relations Department (Telephone: (212) 930-9400).

3

FORWARD-LOOKING STATEMENTS

We make statements in this prospectus and the documents we incorporate by reference that are considered "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, which are usually identified by the use of words such as "will," "anticipates," "believes," "estimates," "expects," "projects," "plans," "intends," "should" or similar expressions. We intend those forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Reform Act of 1995 and are including this statement for purposes of complying with these safe harbor provisions. These forward-looking statements reflect our current views about the Company's plans, strategies and prospects, which are based on the information currently available to us and on assumptions we have made. Although we believe that our plans, intentions and expectations as reflected in or suggested by those forward-looking statements are reasonable, we can give no assurance that the plans, intentions or expectations will be achieved. We have listed below and have discussed elsewhere in this prospectus some important risks, uncertainties and contingencies which could cause the Company's actual results, performances or achievements to be materially different from the forward-looking statements we make in this prospectus. These risks, uncertainties and contingencies include, but are not limited to, the following:

1. The success or failure of our efforts to implement our current business strategy.
2. Economic conditions generally and in the commercial real estate and finance markets specifically.
3. The performance and financial condition of borrowers and corporate tenants.
4. The actions of our competitors and our ability to respond to those actions.
5. The cost of our capital, which depends in part on our asset quality, the nature of our relationships with our lenders and other capital providers, our business prospects and outlook, and general market conditions.
6. Changes in governmental regulations, tax rates and similar matters.
7. Legislative and regulatory changes (including changes to laws governing the taxation of REITs).

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

8. Other factors discussed under the heading "Risk Factors" and which may be discussed in a prospectus supplement.

We assume no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise. In evaluating forward-looking statements, you should consider these risks and uncertainties, together with the other risks described from time to time in our reports and documents filed with the SEC, and you should not place undue reliance on those statements.

4

THE COMPANY

We are the largest publicly traded finance company focused exclusively on the commercial real estate industry. We provide structured financing to private and corporate owners of real estate nationwide, including senior and junior mortgage debt, corporate mezzanine and subordinated capital and corporate net lease financing. We seek to deliver superior risk-adjusted returns on equity to our stockholders by providing innovative and value-added financing solutions to our customers. We are taxed as a real estate investment trust.

Our principal executive offices are located at 1114 Avenue of the Americas, New York, New York 10036, and our telephone number is (212) 930-9400. Our website is istarfinancial.com. Our six primary regional offices are located in Atlanta, Boston, Dallas, Denver, Hartford and San Francisco. iStar Asset Services, our loan servicing subsidiary, is located in Hartford, and iStar Real Estate Services, our corporate facilities management division, is headquartered in Atlanta.

RISK FACTORS

THIS SECTION DESCRIBES SOME, BUT NOT ALL, OF THE RISKS OF PURCHASING OUR COMMON STOCK. YOU SHOULD CAREFULLY CONSIDER THESE RISKS, IN ADDITION TO THE OTHER INFORMATION CONTAINED IN THIS PROSPECTUS OR INCORPORATED BY REFERENCE, BEFORE PURCHASING ANY OF THE SECURITIES OFFERED HEREBY. IN CONNECTION WITH THE FORWARD-LOOKING STATEMENTS THAT APPEAR IN THIS PROSPECTUS, YOU SHOULD CAREFULLY REVIEW THE FACTORS DISCUSSED BELOW AND THE CAUTIONARY STATEMENTS REFERRED TO IN "FORWARD-LOOKING STATEMENTS."

WE ARE SUBJECT TO REAL ESTATE INVESTMENT RISKS

Our real estate finance business is subject to risks, including the following:

1. Defaults by borrowers on non-recourse loans where underlying property values fall below the loan amount.
2. Costs and delays associated with the foreclosure process.
3. Borrower bankruptcies.
4. Possible unenforceability of loan terms, such as prepayment provisions.
5. Acts or omissions by owners or managers of the underlying real estate.
6. Borrower defaults on debt senior to our loans, if any.

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

7. Where debt senior to our loans exists, the presence of intercreditor arrangements limiting our ability to amend our loan documents, assign our loans, accept prepayments, exercise our remedies (through "standstill" periods) and control decisions made in bankruptcy proceedings relating to borrowers.
8. Lack of control over the underlying asset prior to a default.

The risks described above could impact our ability to realize on our collateral or collect expected amounts on account of our portfolio. Where applicable, these risks could also require us to expend funds in order to protect our position as a subordinated lender. For example, we may determine that it is in our

5

interest to expend funds to keep a more senior lender current on our obligations or to purchase a senior lender's position. Unanticipated costs may also be incurred by us after a foreclosure. Bankruptcy and borrower litigation can significantly increase the time needed for us to acquire underlying collateral in the event of a default, during which time the collateral may decline in value.

WE ARE SUBJECT TO RISKS RELATING TO OUR CREDIT TENANT LEASING BUSINESS

Our credit tenant leasing business is subject to risks, including the following:

1. Lease expirations may result in reduced revenues if prevailing lease rates at the time of such expirations are less than the contractual lease rates under the expiring leases. In addition, if corporate tenants under expiring leases elect not to renew their leases, we could experience long vacancy periods and incur substantial capital expenditures in order to obtain replacement customers. As of June 30, 2001, the percentage of our revenues (based on total revenues for the quarter ended June 30, 2001, annualized) that are subject to expiring leases during each year from 2001 through 2005 is as follows:

| | |
|-----------|------|
| 2001..... | 0.5% |
| 2002..... | 2.3% |
| 2003..... | 3.2% |
| 2004..... | 5.0% |
| 2005..... | 2.9% |

2. Lease defaults by one or more significant corporate tenants or lease terminations by corporate tenants following events of casualty or takings by eminent domain could result in long vacancy periods and require us to incur substantial capital expenditures in order to obtain replacement customers. In addition, there can be no assurance that the lease rates received from replacement customers will be equal to the lease rates received from the defaulting or terminating customers. As of June 30, 2001, 12.0% of our annualized total revenues for the quarter ended June 30, 2001, were derived from our five largest corporate tenants.
3. Illiquidity of ownership interests in real property.

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

4. Risks associated with joint ventures, such as lack of full management control over venture activities and risk of non-performance by venture partners.
5. Possible need for significant tenant improvements, including conversions of single tenant buildings to multi-tenant buildings.
6. Competition from newer, more updated buildings.

Factors 1, 2 and 6 would likely have negative impacts on our net income. Factors 3, 4 and 5 may decrease our flexibility to vary our portfolio and investment strategy promptly to respond to changes in market conditions.

OUR GROWTH IS DEPENDENT ON LEVERAGE, WHICH MAY CREATE OTHER RISKS

Our success is dependent, in part, upon our ability to grow invested assets through the use of leverage. We currently intend to leverage our Company primarily through secured and unsecured borrowings. Our ability to obtain the leverage necessary for execution of our business plan will

6

ultimately depend upon our ability to maintain interest coverage ratios meeting market underwriting standards that will vary according to lenders' assessments of our creditworthiness and the terms of the borrowings.

The percentage of leverage used will vary depending on our estimate of the stability of the Company's cash flow. To the extent that changes in market conditions cause the cost of such financing to increase relative to the income that can be derived from the assets originated, we may reduce the amount of our leverage.

Leverage creates an opportunity for increased net income, but at the same time creates risks. For example, leveraging magnifies changes in our net worth. We will incur leverage only when there is an expectation that it will enhance returns, although there can be no assurance that our use of leverage will prove to be beneficial. Moreover, there can be no assurance that we will be able to meet our debt service obligations and, to the extent that we cannot, we risk the loss of some or all of our assets or a financial loss if we are required to liquidate assets at a commercially inopportune time.

We and our subsidiaries are parties to agreements and debt instruments that restrict future indebtedness and the payment of dividends, including indirect restrictions (through, for example, covenants requiring the maintenance of specified levels of net worth and earnings to debt service ratios) and direct restrictions. As a result, in the event of a deterioration in our financial condition, these agreements or debt instruments could restrict our ability to pay dividends. Moreover, if we fail to pay dividends as required by the Internal Revenue Code, whether as a result of restrictive covenants in our debt instruments or otherwise, we may lose our status as a REIT. For more information regarding the consequences of loss of REIT status, please read the risk factor entitled "We May Be Subject to Adverse Consequences if We Fail to Qualify as a Real Estate Investment Trust."

WE FACE A RISK OF LIABILITY UNDER ENVIRONMENTAL LAWS

Under various federal, state and local environmental laws, ordinances and regulations, a current or previous owner of real estate (including, in

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

certain circumstances, a secured lender that succeeds to ownership or control of a property) may become liable for the costs of removal or remediation of certain hazardous or toxic substances at, on, under or in its property. Those laws typically impose cleanup responsibility and liability without regard to whether the owner or control party knew of or was responsible for the release or presence of such hazardous or toxic substances. The costs of investigation, remediation or removal of those substances may be substantial. The owner or control party of a site may be subject to common law claims by third parties based on damages and costs resulting from environmental contamination emanating from a site. Certain environmental laws also impose liability in connection with the handling of or exposure to asbestos-containing materials, pursuant to which third parties may seek recovery from owners of real properties for personal injuries associated with asbestos-containing materials. Absent succeeding to ownership or control of real property, a secured lender is not likely to be subject to any of these forms of environmental liability.

CERTAIN PROVISIONS IN OUR CHARTER MAY INHIBIT A CHANGE IN CONTROL

Generally, to maintain our qualification as a REIT under the Internal Revenue Code, not more than 50% in value of our outstanding shares of stock may be owned, directly or indirectly, by five or fewer individuals at any time during the last half of our taxable year. The Internal Revenue Code defines "individuals" for purposes of the requirement described in the preceding sentence to include some types of entities. Under our charter, no person may own more than 9.8% of the outstanding shares of stock, with some exceptions. The restrictions on transferability and ownership may delay, deter or prevent a

7

change in control or other transaction that might involve a premium price or otherwise be in the best interest of the securityholders.

Our Board of Directors is divided into two classes. Directors of each class are chosen for two-year staggered terms. Staggered terms of directors may reduce the possibility of a tender offer or an attempt to change control, even though a tender offer or change in control might be in the best interest of our securityholders. Our charter authorizes our Board of Directors:

1. To cause us to issue additional authorized but unissued shares of common or preferred stock.
2. To classify or reclassify, in one or more series, any of our unissued preferred shares.
3. To set the preferences, rights and other terms of any classified or reclassified securities that we issue.

ADVERSE CHANGES IN GENERAL ECONOMIC CONDITIONS CAN ADVERSELY AFFECT OUR BUSINESS

Our success is dependent upon the general economic conditions in the geographic areas in which a substantial number of our investments are located. Adverse changes in national economic conditions or in the economic conditions of the regions in which we conduct substantial business likely would have an adverse effect on real estate values and, accordingly, our business.

WE MAY BE SUBJECT TO ADVERSE CONSEQUENCES IF WE FAIL TO QUALIFY AS A REAL ESTATE INVESTMENT TRUST

We intend to operate so as to qualify as a real estate investment trust for federal income tax purposes. We have received an opinion of our legal

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

counsel that, based on certain assumptions and representations described in "Material Federal Income Tax Consequences," our existing legal organization and our actual and proposed method of operation described in this prospectus, as set forth in our organizational documents and as represented by us to our counsel, enable us to satisfy the requirements for qualification as a real estate investment trust under the Internal Revenue Code in the ordinary course of our actual and proposed operations. Investors should be aware, however, that opinions of counsel are not binding on the Internal Revenue Service or any court. The real estate investment trust qualification opinion only represents the view of our counsel based on such counsel's review and analysis of existing law, which includes no controlling precedent. Furthermore, both the validity of the opinion and our qualification as a real estate investment trust will depend on our continuing ability to meet various requirements concerning, among other things, the ownership of our outstanding stock, the nature of our assets, the sources of our income and the amount of our distributions to our stockholders. See "Material Federal Income Tax Consequences--Taxation of the Company."

If we were to fail to qualify as a real estate investment trust for any taxable year, we would not be allowed a deduction for distributions to our stockholders in computing our taxable income and would be subject to federal income tax, including any applicable minimum tax, on our taxable income at regular corporate rates. Unless entitled to relief under certain Internal Revenue Code provisions, we also would be disqualified from treatment as a real estate investment trust for the four subsequent taxable years following the year during which qualification was lost. As a result, cash available for distribution would be reduced for each of the years involved. Furthermore, it is possible that future economic, market, legal, tax or other considerations may cause the Board of Directors to revoke the real estate investment trust election. See "Material Federal Income Tax Consequences."

8

Even if we qualify as a real estate investment trust for federal income tax purposes, we may be subject to certain state and local taxes on our income and property, and may be subject to certain federal taxes. See "Material Federal Income Tax Consequences--Taxation of the Company."

TAX-EXEMPT STOCKHOLDERS MAY BE SUBJECT TO TAXATION

The Internal Revenue Service has issued a revenue ruling in which it held that amounts distributed by a REIT to a tax-exempt employees' pension trust do not constitute unrelated business taxable income ("UBTI"). In general, subject to the discussion below regarding a "pension-held REIT" and subject to the following sentence, based upon such ruling and the statutory framework of the Internal Revenue Code, distributions to a stockholder of a real estate investment trust that is a tax-exempt entity should not constitute UBTI, provided that:

1. The tax-exempt entity has not financed the acquisition of its shares of common stock with "acquisition indebtedness" within the meaning of the Internal Revenue Code.
2. The shares of common stock are not otherwise used in an unrelated trade or business of the tax-exempt entity.
3. The real estate investment trust does not hold a residual interest in a real estate mortgage investment conduit ("REMIC") within the meaning of Section 860D of the Internal Revenue Code.

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

Although we do not intend to invest a material amount of assets in REMICS, certain taxable income produced by REMIC residual interests may cause our stockholders to suffer certain adverse tax consequences. See "Material Federal Income Tax Consequences."

If any pension or other retirement trust that qualifies under Section 401(a) of the Internal Revenue Code holds more than 10% by value of the interests in a pension-held REIT at any time during a taxable year, a portion of the dividends paid to the qualified pension trust by such REIT may constitute UBTI. For these purposes, a "pension-held REIT" is defined as a REIT: (1) that would not have qualified as a REIT but for the provisions of the Internal Revenue Code which look through such a qualified pension trust in determining ownership of securities of the REIT; and (2) as to which at least one qualified pension trust holds more than 25% by value of the interests of such REIT or one or more qualified pension trusts (each owning more than a 10% interest by value in the REIT) hold in the aggregate more than 50% by value of the interests in such REIT.

We do not expect that we will be a pension-held REIT. However, notwithstanding our current belief that we will not be a "pension-held REIT," no assurance can be given that we will not become a pension-held REIT in the future.

If we were to become a pension-held REIT in the future and were to originate investments using debt, or otherwise were to engage in a transaction resulting in UBTI, determined as though we were a qualified pension plan, any qualified pension plan owning 10% or more of our shares, by value, would have a portion of its dividend income from us taxed as UBTI. Even if we were not a pension-held REIT, certain amounts received by a stockholder that is a tax-exempt entity may be treated as UBTI. See "Material Federal Income Tax Consequences."

9

OUR OWNERSHIP IS CONCENTRATED

SOFI-IV SMT Holdings, L.L.C. ("SOFI-IV") holds approximately 39.1% of our outstanding shares of common stock on a diluted basis. Four of the 16 members of our Board of Directors are employed by an affiliate of SOFI-IV. As a result of its ownership interests, SOFI-IV may have significant influence over our business and affairs, including decisions regarding:

- o Mergers or other business combinations.
- o Issuance of equity securities, including additional shares of our common stock.
- o Payment of dividends.

The influence held by SOFI-IV may result in various conflicts of interest between SOFI-IV and us or between SOFI-IV and the holders of our common stock. Certain individuals who own interests (direct or indirect) in SOFI-IV, including Jay Sugarman, who serves as our Chairman and Chief Executive Officer; and Jeffrey Dishner, Madison Grose, Merrick Kleeman and Barry Sternlicht, each of whom is a director of our Company, own directly an aggregate of 2.5% of our common stock and hold options to purchase an additional 0.8% of our common stock, assuming cashless option exercises, in addition to their interests in SOFI-IV. These people may be faced with decisions that have different implications for SOFI-IV, on the one hand, and us or the holders of our common stock, on the other hand, which could create, or appear to create, potential

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

conflicts of interest.

USE OF PROCEEDS

The Participating Securityholders will receive all of the proceeds if and when they sell securities covered by this prospectus. See "Participating Securityholders." We will not receive any of the proceeds.

PARTICIPATING SECURITYHOLDERS

This prospectus relates to an aggregate of up to 4,131,531 shares of common stock, including 1,488,111 shares issuable upon exercise of employee stock options, which may be sold from time to time by the Participating Securityholders. As of the date of this prospectus, the Company has been advised that none of the Participating Securityholders has a current intention to sell any of the shares of common stock covered by this prospectus. These current intentions may change without notice to the Company and, as a result, there can be no assurance as to whether or when the Participating Securityholders will sell any or all of the shares of common stock.

On March 17, 2000, we acquired American Corporate Real Estate, L.L.C. and its affiliate, American Corporate Real Estate, Inc., a privately-held firm focused on providing public and private corporations with highly-structured, value-added financing solutions for their real estate facilities. As consideration for the acquisition, we issued 220,652 shares of our common stock to certain of the Participating Securityholders, with an additional 279,348 shares reserved for future issuance on or before December 31, 2001 to the extent certain investment targets are achieved. In connection with the acquisition, we entered into an investor rights agreement with those Participating Securityholders which required us to use our reasonable best efforts to file a registration statement, of which this prospectus is a part, covering resales of the shares of common stock issued or to be issued in connection with the acquisition.

10

The following chart shows, according to our records as of September 30, 2001, the number of shares of common stock beneficially owned by the Participating Securityholders and the number of shares of common stock that may be offered from time to time:

(1) Mr. Lodge is a Director of the Company. Each of Messrs. Lodge, Dorsch and Jones is an Executive Vice President-- Investments of the Company.

(2) Includes shares that may be issued by the Company on or before December 31, 2001 if certain investment targets are achieved.

(3) Mr. Sugarman is the Chairman and Chief Executive Officer of the Company. The shares beneficially owned by Mr. Sugarman were issued to him pursuant to incentive compensation arrangements, except for 21,399 shares which he purchased in open market transactions. The shares beneficially owned by Mr. Sugarman include 1,421,444 shares issuable upon the exercise of employee stock options.

(4) Mr. Haber is the President, Chief Financial Officer and a Director of the Company. The shares beneficially owned by Mr. Haber were issued to him pursuant to incentive compensation arrangements. The shares beneficially owned by Mr. Haber include 66,667 shares issuable upon exercise of employee stock options.

PLAN OF DISTRIBUTION

We are registering the securities on behalf of the Participating Securityholders and we will bear all costs, expenses and fees in connection with the registration of the securities. As used herein, "Participating Securityholder" includes donees and pledgees selling securities received from a named Participating Securityholder after the date of this prospectus. Brokerage commissions and similar selling expenses, if any, attributable to the sale of securities will be borne by the Participating Securityholders. Except as may be set forth in any prospectus supplement, the Participating Securityholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or broker-dealers regarding the sale of their securities, nor is there an underwriter or coordinating broker acting in connection with the proposed sale of securities by the Participating Securityholders.

The Participating Securityholders may effect such transactions by selling securities directly to purchasers or to or through broker-dealers, which may act as agents or principals. Such broker-dealers may receive compensation in the form of discounts, concessions, or commissions from the Participating Securityholders and/or the purchasers of securities for whom such broker-dealers may act as agents or to whom they sell as principals, or both (which compensation as to a particular broker-dealer might be in excess of customary commissions).

11

The Participating Securityholders and any broker-dealers that act in connection with the sale of securities might be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act, and any commissions received by such broker-dealers and any profit on the resale of the securities sold by them while acting as principals might be deemed to be underwriting discounts or commissions under the Securities Act. We have agreed to indemnify each Participating Securityholder against certain liabilities, including liabilities arising under the Securities Act. The Participating Securityholders may agree to indemnify any agent, dealer or broker-dealer that participates in transactions involving sales of the securities against certain liabilities, including liabilities arising under the Securities Act. Brokers' commissions and dealers' discounts, taxes and other selling expenses to be borne by the

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

Participating Securityholders are not expected to exceed normal selling expenses.

Because Participating Securityholders may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act, the Participating Securityholders will be subject to the prospectus delivery requirements of the Securities Act, which may include delivery through the facilities of the NYSE pursuant to Rule 153 under the Securities Act. We have informed the Participating Securityholders that the anti-manipulative provisions of Regulation M promulgated under the Exchange Act may apply to their sales in the market. The registration of the securities under the Securities Act shall not be deemed an admission by the Participating Securityholders or the Company that the Participating Securityholders are underwriters for purposes of the Securities Act of any securities offered pursuant to this Prospectus.

Upon the Company being notified by a Participating Securityholder that any material arrangement has been entered into with a broker-dealer for the sale of securities through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Act, disclosing: (1) the name of each such Participating Securityholder and of the participating broker-dealer(s); (2) the number of securities involved; (3) the price at which such securities were sold; (4) the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable; (5) that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus; and (6) other facts material to the transaction. In addition, upon the Company being notified by a Participating Securityholder that a donee or pledgee intends to sell more than 500 shares of common stock, a supplement to this prospectus will be filed.

The securities may be sold or distributed in a variety of ways, including:

1. Block trades (which may involve crosses) in which the broker or dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction.
2. Purchases by a broker or dealer as principal and resale by such broker or dealer for its account pursuant to this Prospectus.
3. Exchange distributions and/or secondary distributions in accordance with the rules of the NYSE.
4. Ordinary brokerage transactions and transactions in which the broker solicits purchasers.
5. Sales in the over-the-counter market.
6. Through short sales of securities.

7. Pro-rata distributions in the ordinary course of business or as part of the liquidation and winding up of the affairs of the Participating Securityholders.
8. Privately negotiated transactions.

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

The Participating Securityholders may from time to time deliver all or a portion of the securities to cover a short sale or sales or upon the exercise, settlement or closing of a call equivalent position or a put equivalent position.

Under the Exchange Act and the regulations thereunder, any person engaged in a distribution of the securities offered by this Prospectus may not simultaneously engage in market making activities with respect to the securities during any applicable "cooling off" periods prior to the commencement of such distribution. In addition, and without limiting the foregoing, the Participating Securityholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder including, without limitation, Rules 101, 102, 103 and 104, which provisions may limit the timing of purchases and sales of securities by the Participating Securityholders.

Securities that qualify for sale pursuant to Rule 144 may be sold under Rule 144 rather than pursuant to this prospectus. In addition, a Participating Securityholder may devise, gift or otherwise transfer the securities by means not described herein, in which event such transfer will not be pursuant to this prospectus.

MATERIAL FEDERAL INCOME TAX CONSEQUENCES

THE FOLLOWING IS A SUMMARY OF THE FEDERAL INCOME TAX CONSEQUENCES ANTICIPATED TO BE MATERIAL TO AN INVESTOR IN ISTAR FINANCIAL. THIS SUMMARY IS BASED ON CURRENT LAW, IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. YOUR TAX CONSEQUENCES RELATED TO AN INVESTMENT IN ISTAR FINANCIAL MAY VARY DEPENDING ON YOUR PARTICULAR SITUATION AND THIS DISCUSSION DOES NOT PURPORT TO DISCUSS ALL ASPECTS OF TAXATION THAT MAY BE RELEVANT TO A HOLDER OF OUR SECURITIES IN LIGHT OF HIS OR HER PERSONAL INVESTMENT OR TAX CIRCUMSTANCES, OR TO HOLDERS OF OUR SECURITIES SUBJECT TO SPECIAL TREATMENT UNDER THE FEDERAL INCOME TAX LAWS, EXCEPT TO THE EXTENT DISCUSSED UNDER THE HEADINGS "--TAXATION OF TAX-EXEMPT STOCKHOLDERS" AND "--TAXATION OF NON-U.S. STOCKHOLDERS." INVESTORS SUBJECT TO SPECIAL TREATMENT INCLUDE, WITHOUT LIMITATION, INSURANCE COMPANIES, FINANCIAL INSTITUTIONS, BROKER-DEALERS, TAX-EXEMPT ORGANIZATIONS, INVESTORS HOLDING SECURITIES AS PART OF A CONVERSION TRANSACTION, OR A HEDGE OR HEDGING TRANSACTION OR AS A POSITION IN A STRADDLE FOR TAX PURPOSES, FOREIGN CORPORATIONS OR PARTNERSHIPS, AND PERSONS WHO ARE NOT CITIZENS OR RESIDENTS OF THE UNITED STATES. IN ADDITION, THE SUMMARY BELOW DOES NOT CONSIDER THE EFFECT OF ANY FOREIGN, STATE, LOCAL OR OTHER TAX LAWS THAT MAY BE APPLICABLE TO YOU AS A HOLDER OF OUR SECURITIES.

The information in this summary is based on the Internal Revenue Code of 1986, as amended, current, temporary and proposed Treasury regulations promulgated under the Internal Revenue Code, the legislative history of the Internal Revenue Code, current administrative interpretations and practices of the Internal Revenue Service, and court decisions, all as of the date of this prospectus. The administrative interpretations and practices of the Internal Revenue Service upon which this summary is based include its practices and policies as expressed in private letter rulings which are not binding on the Internal Revenue Service, except with respect to the taxpayers who requested and received such rulings. Future

legislation, Treasury regulations, administrative interpretations and practices, and court decisions may affect the tax consequences contained in this summary, possibly on a retroactive basis. We have not requested, and do not plan to request, any rulings from the Internal Revenue Service concerning our tax treatment or the tax consequences contained in this summary, and the statements

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

in this prospectus are not binding on the Internal Revenue Service or a court. Thus, we can provide no assurance that the tax consequences contained in this summary will not be challenged by the Internal Revenue Service or sustained by a court if challenged by the Internal Revenue Service.

YOU ARE URGED TO CONSULT YOUR TAX ADVISOR REGARDING THE SPECIFIC TAX CONSEQUENCES TO YOU OF (1) THE ACQUISITION, OWNERSHIP AND SALE OR OTHER DISPOSITION OF OUR SECURITIES, INCLUDING THE FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX CONSEQUENCES, (2) OUR ELECTION TO BE TAXED AS A REAL ESTATE INVESTMENT TRUST FOR FEDERAL INCOME TAX PURPOSES AND (3) POTENTIAL CHANGES IN APPLICABLE TAX LAWS.

TAXATION OF ISTAR FINANCIAL- GENERAL

We have elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code, commencing with our taxable year ended December 31, 1998. We believe we have been organized and have operated in a manner which allows us to qualify for taxation as a REIT under the Internal Revenue Code, and we intend to continue to be organized in this manner. Our qualification and taxation as a REIT, however, depend upon our ability to meet, through actual annual operating results, asset requirements, distribution levels, diversity of stock ownership, and the various other qualification tests imposed under the Internal Revenue Code. Accordingly, there can be no assurance that we have operated or will continue to operate in a manner so as to qualify or remain qualified as a REIT. See "--Failure to Qualify."

The sections of the Internal Revenue Code that relate to the qualification and taxation of REITs are highly technical and complex. The following describes the material aspects of the sections of the Internal Revenue Code that govern the federal income tax treatment of a REIT and its stockholders. This summary is qualified in its entirety by the applicable Internal Revenue Code provisions, rules and regulations promulgated under the Internal Revenue Code, and administrative and judicial interpretations of the Internal Revenue Code.

Provided we qualify for taxation as a REIT, we generally will not be subject to federal corporate income tax on our net income that is currently distributed to our stockholders. This treatment substantially eliminates the "double taxation" that generally results from an investment in a corporation. Double taxation means taxation once at the corporate level when income is earned and once again at the stockholder level when such income is distributed. Even if we qualify for taxation as a REIT, however, we will be subject to federal income taxation as follows:

- We will be required to pay tax at regular corporate rates on any undistributed REIT taxable income, including undistributed net capital gains.
- We may be subject to the "alternative minimum tax" on items of tax preference, if any.
- If we have (1) net income from the sale or other disposition of "foreclosure property" which is held primarily for sale to customers in the ordinary course of business or (2) other nonqualifying income from foreclosure property, we will be required to pay tax at the highest corporate rate on this income. In general, foreclosure property is property

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

acquired through foreclosure after a default on a loan secured by the property or on a lease of the property.

- We will be required to pay a 100% tax on any net income from prohibited transactions. In general, prohibited transactions are sales or other taxable dispositions of property, other than foreclosure property, held for sale to customers in the ordinary course of business
- If we fail to satisfy the 75% or 95% gross income tests, as described below, but have maintained our qualification as a REIT, we will be required to pay a 100% tax on an amount equal to (1) the gross income attributable to the greater of the amount by which we fail the 75% or 95% gross income test multiplied by (2) a fraction intended to reflect our profitability.
- We will be required to pay a 4% excise tax on the amount by which our annual distributions to our stockholders is less than the sum of (1) 85% of our ordinary income for the year, (2) 95% of our real estate investment trust capital gain net income for the year, and (3) any undistributed taxable income from prior periods.
- If we acquire an asset from a corporation which is not a REIT in a transaction in which the basis of the asset in our hands is determined by reference to the basis of the asset in the hands of the transferor corporation, and we subsequently sell the asset within ten years, then under Treasury regulations not yet issued, we would be required to pay tax at the highest regular corporate tax rate on this gain to the extent (1) the fair market value of the asset exceeds (2) our adjusted tax basis in the asset, in each case, determined as of the date on which we acquired the asset. The results described in this paragraph assume that we will elect this treatment in lieu of an immediate tax when the asset is acquired.
- We will generally be subject to tax on the portion of any "excess inclusion" income derived from an investment in residual interests in real estate mortgage investment conduits to the extent our stock is held by specified tax exempt organizations not subject to tax on unrelated business taxable income.

REQUIREMENTS FOR QUALIFICATION AS A REAL ESTATE INVESTMENT TRUST

GENERAL

The Internal Revenue Code defines a REIT as a corporation, trust or association:

- (1) that is managed by one or more trustees or directors;
- (2) that issues transferable shares or transferable certificates to its owners;
- (3) that would be taxable as a regular corporation, but for its election to be taxed as a REIT;
- (4) that is not a financial institution or an insurance company under the Internal Revenue Code;

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

- (5) that is owned by 100 or more persons;

15

- (6) not more than 50% in value of the outstanding stock of which is owned, actually or constructively, by five or fewer individuals, as defined in the Internal Revenue Code to include some entities, during the last half of each year; and
- (7) that meets other tests, described below, regarding the nature of its income and assets, and the amount of its distributions.

The Internal Revenue Code provides that conditions (1) to (4) must be met during the entire year and that condition (5) must be met during at least 335 days of a year of twelve months, or during a proportionate part of a shorter taxable year. Conditions (5) and (6) do not apply to the first taxable year for which an election is made to be taxed as a REIT. For purposes of condition (6), tax-exempt entities are generally treated as individuals, subject to a "look-through" exception for pension funds.

Our Charter provides for restrictions regarding ownership and transfer of our stock. These restrictions are intended to assist us in satisfying the share ownership requirements described in (5) and (6) above. These restrictions, however, may not ensure that we will, in all cases, be able to satisfy the share ownership requirements described in (5) and (6) above. If we fail to satisfy these share ownership requirements, our status as a REIT would terminate. If, however, we comply with the rules contained in applicable Treasury regulations that require us to determine the actual ownership of our shares and we do not know, or would not have known through the exercise of reasonable diligence, that we failed to meet the requirement described in condition (6) above, we would not be disqualified as a REIT.

In addition, a corporation may not qualify as a REIT unless its taxable year is the calendar year. We have and will continue to have a calendar taxable year.

OWNERSHIP OF A PARTNERSHIP INTEREST

The Treasury regulations provide that if we are a partner in a partnership, we will be deemed to own our proportionate share of the assets of the partnership, and we will be deemed to be entitled to our proportionate share of the gross income of the partnership. The character of the assets and gross income of the partnership generally retains the same character in our hands for purposes of satisfying the gross income and asset tests described below.

QUALIFIED REIT SUBSIDIARIES

A "qualified REIT subsidiary" is a corporation, all of the stock of which is owned by a REIT. Under the Internal Revenue Code, a qualified REIT subsidiary is not treated as a separate corporation from the REIT. Rather, all of the assets, liabilities, and items of income, deduction, and credit of the qualified REIT subsidiary are treated as the assets, liabilities, and items of income, deduction, and credit of the REIT for purposes of the REIT income and asset tests described below.

INCOME TESTS

We must meet two annual gross income requirements to qualify as a REIT. First, each year we must derive, directly or indirectly, at least 75% of our gross income, excluding gross income from prohibited transactions, from

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

investments relating to real property or mortgages on real property, including "rents from real property" and mortgage interest, or from specified temporary investments. Second, each year we must derive at least 95% of our gross income, excluding gross income from prohibited transactions, from investments meeting the 75% test described above, or from dividends, interest and gain from the sale or disposition of stock or securities. For these purposes, the term "interest" generally does not include any interest of which the amount received depends on the income or profits of

16

any person. An amount will generally not be excluded from the term "interest," however, if such amount is based on a fixed percentage of gross receipts or sales.

Any amount includable in gross income by us with respect to a regular or residual interest in a real estate mortgage investment conduit is generally treated as interest on an obligation secured by a mortgage on real property for purposes of the 75% gross income test. If, however, less than 95% of the assets of a real estate mortgage investment conduit consist of real estate assets, we will be treated as receiving directly our proportionate share of the income of the real estate mortgage investment conduit, which would generally include non-qualifying income for purposes of the 75% gross income test. In addition, if we receive interest income with respect to a mortgage loan that is secured by both real property and other property and the principal amount of the loan exceeds the fair market value of the real property on the date we made the mortgage loan, interest income on the loan will be apportioned between the real property and the other property, which apportionment would cause us to recognize income that is not qualifying income for purposes of the 75% gross income test.

We may make loans that have shared appreciation provisions. To the extent interest on a loan is based on the cash proceeds from the sale or value of property, income attributable to such provision would be treated as gain from the sale of the secured property, which generally should qualify for purposes of the 75% and 95% gross income tests.

We may employ, to the extent consistent with the REIT provisions of the Code, forms of securitization of our assets under which a "sale" of an interest in a mortgage loan occurs, and a resulting gain or loss is recorded on our balance sheet for accounting purposes at the time of sale. In a "sale" securitization, only the net retained interest in the securitized mortgage loans would remain on our balance sheet. We may elect to conduct certain of our securitization activities, including such sales, through one or more taxable subsidiaries, or through qualified REIT subsidiaries, formed for such purpose. To the extent consistent with the REIT provisions of the Code, such entities could elect to be taxed as real estate mortgage investment conduits or financial asset securitization investment trusts.

Lease income we receive will qualify as "rents from real property" only if the following conditions are met:

- the amount of lease income may not be based in whole or in part on the income or profits of any person. "Rents from real property" may, however, include lease income based on a fixed percentage of receipts or sales;
- lease income received from a corporate tenant will not qualify as "rents from real property" if the Company, or an actual or constructive owner of 10% or more of the Company, actually or constructively owns 10% or more of such corporate tenant;

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

- if lease income attributable to personal property leased in connection with a lease of real property is greater than 15% of the total lease income received under the lease, then the portion of lease income attributable to personal property will not qualify as "rents from real property"; and
- to qualify as "rents from real property," the Company generally may not render services to corporate tenants of the property, other than through an independent contractor from whom the Company derives no revenue. The Company may, however, provide services that are "usually or customarily rendered" in connection with the rental of space for occupancy only and are not otherwise considered "rendered to the occupant" of the property. In addition, we may provide a DE MINIMIS amount of non-customary services.

17

Finally, we may provide certain non-customary services to corporate tenants through a "taxable Company subsidiary," which is a taxable corporation wholly or partly owned by the Company.

If we fail to satisfy one or both of the 75% or 95% gross income tests for any year, we may still qualify as a REIT if we are entitled to relief under the Internal Revenue Code. Generally, we may be entitled to relief if:

- our failure to meet the gross income tests was due to reasonable cause and not due to willful neglect;
- we attach a schedule of the sources of our income to our federal income tax return; and
- any incorrect information on the schedule was not due to fraud with the intent to evade tax.

It is not possible to state whether in all circumstances we would be entitled to rely on these relief provisions. If these relief provisions do not apply to a particular set of circumstances, we would not qualify as a REIT. As discussed above in "--Taxation of iStar Financial--General," even if these relief provisions apply, and we retain our status as a REIT, a tax would be imposed with respect to our income that does not meet the gross income tests. We may not always be able to maintain compliance with the gross income tests for REIT qualification despite periodically monitoring our income.

FORECLOSURE PROPERTY

Net income realized by us from foreclosure property would generally be subject to tax at the maximum federal corporate tax rate (currently 35%). Foreclosure property means real property and related personal property that (1) is acquired by us through foreclosure following a default on a lease of such property or a default on indebtedness owed to us that is secured by the property and (2) for which we make an election to treat the property as foreclosure property.

PROHIBITED TRANSACTION INCOME

Any gain realized by us on the sale of any property, other than foreclosure property, held as inventory or otherwise held primarily for sale to

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

customers in the ordinary course of business will be prohibited transaction income, and subject to a 100% penalty tax. Prohibited transaction income may also adversely affect our ability to satisfy the gross income tests for qualification as a REIT. Whether property is held as inventory or primarily for sale to customers in the ordinary course of a trade or business depends on all the facts and circumstances surrounding the particular transaction. While the Treasury regulations provide standards which, if met, would not result in prohibited transaction income, we may not be able to meet these standards in all circumstances.

HEDGING TRANSACTIONS

We may enter into hedging transactions with respect to one or more of our assets or liabilities. Our hedging transactions could take a variety of forms, including interest rate swaps or cap agreements, options, futures contracts, forward rate agreements, or similar financial instruments. To the extent that we enter into hedging transactions to reduce our interest rate risk on indebtedness incurred to acquire or carry real estate assets, any income, or gain from the disposition of hedging transactions should be qualifying income for purposes of the 95% gross income test, but not the 75% gross income test.

18

ASSET TESTS

At the close of each quarter of each year, we also must satisfy four tests relating to our assets. First, at least 75% of the value of our total assets must be real estate assets, cash, cash items and government securities. For purposes of this test, real estate assets include real estate mortgages, real property, interests in other REITs and stock or debt instruments held for one year or less that are purchased with the proceeds of a stock offering or a long-term public debt offering. Second, not more than 25% of our total assets may be represented by securities, other than those securities includable in the 75% asset class. Third, not more than 20% of the value of our total assets may be represented by securities in one or more taxable REIT subsidiaries. Fourth, of the investments included in the 25% asset class, the value of any one issuer's securities that we hold may not exceed 5% of the value of our total assets, and we may not own more than 10% of the total vote or value of the outstanding securities of any one issuer.

We expect that any real property and temporary investments that we acquire will generally be qualifying assets for purposes of the 75% asset test, except to the extent that less than 95% of the assets of a real estate mortgage investment conduit in which we own an interest consists of "real estate assets." Mortgage loans, including distressed mortgage loans, mezzanine loans, bridge loans, and construction loans also will generally be qualifying assets for purposes of the 75% asset test to the extent that the principal balance of each mortgage loan does not exceed the value of the associated real property.

After meeting the asset tests at the close of any quarter, we will not lose our status as a REIT if we fail to satisfy the asset tests at the end of a later quarter solely by reason of changes in asset values. In addition, if we fail to satisfy the asset tests because we acquire assets during a quarter, we can cure this failure by disposing of sufficient nonqualifying assets within 30 days after the close of that quarter.

We will monitor the status of the assets that we acquire for purposes of the various asset tests and we will manage our portfolio in order to comply with such tests.

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

ANNUAL DISTRIBUTION REQUIREMENTS

To qualify as a REIT, we are required to distribute dividends, other than capital gain dividends, to our stockholders in an amount at least equal to the sum of (1) 90% of our "REIT taxable income" and (2) 90% of our after tax net income, if any, from foreclosure property, minus (3) the sum of certain items of noncash income. In general, "REIT taxable income" means taxable ordinary income without regard to the dividends paid deduction.

We are required to distribute income in the taxable year in which it is earned, or in the following taxable year before we timely file our tax return if such dividend distributions are declared and paid on or before our first regular dividend payment. Except as provided in "--Taxation of Taxable U.S. Stockholders" below, these distributions are taxable to holders of common stock in the year in which paid, even though these distributions relate to our prior year for purposes of our 90% distribution requirement. To the extent that we do not distribute all of our net capital gain or distribute at least 90%, but less than 100% of our "REIT taxable income," we will be subject to tax at regular corporate tax rates.

From time to time we may not have sufficient cash or other liquid assets to meet the above distribution requirements due to timing differences between the actual receipt of cash and payment of expenses, and the inclusion of income and deduction of expenses in arriving at our taxable income. If these timing differences occur, in order to meet the REIT distribution requirements, we may need to arrange for short-term, or possibly long-term, borrowings, or to pay dividends in the form of taxable stock dividends.

19

Under certain circumstances, we may be able to rectify a failure to meet a distribution requirement for a year by paying "deficiency dividends" to our stockholders in a later year, which may be included in our deduction for dividends paid for the earlier year. Thus, we may be able to avoid being subject to tax on amounts distributed as deficiency dividends. We will be required, however, to pay interest based upon the amount of any deduction claimed for deficiency dividends. In addition, we will be subject to a 4% excise tax on the excess of the required distribution over the amounts actually distributed if we should fail to distribute each year at least the sum of 85% of our ordinary income for the year, 90% of our capital gain income for the year, and any undistributed taxable income from prior periods.

RECORDKEEPING REQUIREMENTS

We are required to maintain records and request on an annual basis information from specified stockholders. This requirement is designed to disclose the actual ownership of our outstanding stock.

FAILURE TO QUALIFY

If we fail to qualify for taxation as a REIT in any taxable year, and the relief provisions of the Internal Revenue Code described above do not apply, we will be subject to tax, including any applicable alternative minimum tax, and possibly increased state and local taxes, on our taxable income at regular corporate rates. Such taxation would reduce the cash available for distribution by us to our stockholders. Distributions to our stockholders in any year in which we fail to qualify as a REIT will not be deductible by us and we will not be required to distribute any amounts to our stockholders. If we fail to qualify as a REIT, distributions to our stockholders will be subject to tax as ordinary income to the extent of our current and accumulated earnings and profits and,

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

subject to certain limitations of the Internal Revenue Code, corporate stockholders may be eligible for the dividends received deduction. Unless entitled to relief under specific statutory provisions, we would also be disqualified from taxation as a REIT for the four taxable years following the year during which we lost our qualification. It is not possible to state whether in all circumstances we would be entitled to statutory relief.

TAXATION OF TAXABLE U.S. STOCKHOLDERS

When we use the term "U.S. stockholders," we mean a holder of shares of our stock who is, for United States federal income tax purposes:

- a citizen or resident of the United States;
- a corporation, partnership, or other entity created or organized in or under the laws of the United States or of any state thereof or in the District of Columbia, unless Treasury regulations provide otherwise;
- an estate the income of which is subject to United States federal income taxation regardless of its source; or
- a trust whose administration is subject to the primary supervision of a United States court and which has one or more United States persons who have the authority to control all substantial decisions of the trust.

DISTRIBUTIONS GENERALLY

Distributions out of our current or accumulated earnings and profits, other than capital gain dividends will be taxable to our U.S. stockholders as ordinary income. Provided we qualify as a REIT,

20

our dividends will not be eligible for the dividends received deduction generally available to U.S. stockholders that are corporations.

To the extent that we make distributions in excess of our current and accumulated earnings and profits, these distributions will be treated as a tax-free return of capital to each U.S. stockholder, and will reduce the adjusted tax basis which each U.S. stockholder has in its shares of stock by the amount of the distribution, but not below zero. Return of capital distributions in excess of a U.S. stockholder's adjusted tax basis in its shares will be taxable as capital gain, provided that the shares have been held as capital assets, and will be taxable as long-term capital gain if the shares have been held for more than one year. Dividends we declare in October, November, or December of any year and pay to a stockholder of record on a specified date in any of those months will be treated as both paid by us and received by the stockholder on December 31 of that year, provided we pay the dividend in January of the following year. Stockholders may not include in their own income tax returns any of our net operating losses or capital losses.

CAPITAL GAIN DISTRIBUTIONS

Distributions designated as net capital gain dividends will be taxable to our U.S. stockholders as capital gain income. Such capital gain income will be taxable to non-corporate U.S. stockholders at a 20% or 25% rate based on the characteristics of the asset we sold that produced the gain. U.S. stockholders that are corporations may be required to treat up to 20% of certain capital gain

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

dividends as ordinary income.

RETENTION OF NET CAPITAL GAINS

We may elect to retain, rather than distribute as a capital gain dividend, our net capital gains. If we make this election, we would pay tax on such retained capital gains. In such a case, our stockholders would generally:

- include their proportionate share of our undistributed net capital gains in their taxable income;
- receive a credit for their proportionate share of the tax paid by us; and
- increase the adjusted basis of their stock by the difference between the amount of their capital gain and their share of the tax paid by us;

PASSIVE ACTIVITY LOSSES AND INVESTMENT INTEREST LIMITATIONS

Distributions we make and gain arising from the sale or exchange by a U.S. stockholder of our shares will not be treated as passive activity income. As a result, U.S. stockholders will not be able to apply any "passive losses" against income or gain relating to our stock. Distributions we make, to the extent they do not constitute a return of capital, generally will be treated as investment income for purposes of computing the investment interest limitation.

DISPOSITIONS OF STOCK

If you are a U.S. stockholder and you sell or dispose of your shares of stock, you will recognize gain or loss for federal income tax purposes in an amount equal to the difference between the amount of cash and the fair market value of any property you receive on the sale or other disposition and your adjusted tax basis in the shares of stock. This gain or loss will be capital gain or loss if you have held the stock as a capital asset, and will be long-term capital gain or loss if you have held the stock for more than

21

one year. In general, if you are a U.S. stockholder and you recognize loss upon the sale or other disposition of stock that you have held for six months or less, the loss you recognize will be treated as a long-term capital loss to the extent you received distributions from us which were required to be treated as long-term capital gains.

BACKUP WITHHOLDING

We report to our U.S. stockholders and the Internal Revenue Service the amount of dividends paid during each calendar year, and the amount of any tax withheld. Under the backup withholding rules, a stockholder may be subject to backup withholding with respect to dividends paid unless the holder is a corporation or comes within other exempt categories and, when required, demonstrates this fact, or provides a taxpayer identification number or social security number, certifies as to no loss of exemption from backup withholding, and otherwise complies with applicable requirements of the backup withholding rules. A U.S. stockholder that does not provide us with his correct taxpayer identification number or social security number may also be subject to penalties imposed by the Internal Revenue Service. Backup withholding is not an additional tax. Any amount paid as backup withholding will be creditable against the stockholder's income tax liability. In addition, we may be required to withhold

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

a portion of capital gain distributions to any stockholders who fail to certify their non-foreign status.

TAXATION OF TAX-EXEMPT STOCKHOLDERS

The Internal Revenue Service has ruled that amounts distributed as dividends by a REIT do not constitute unrelated business taxable income when received by a tax-exempt entity. Based on that ruling, provided that a tax-exempt stockholder has not held its shares as "debt financed property" within the meaning of the Internal Revenue Code and the shares are not otherwise used in a unrelated trade or business, dividend income on our stock and income from the sale of our stock should not be unrelated business taxable income to a tax-exempt stockholder. Generally, debt financed property is property, the acquisition or holding of which was financed through a borrowing by the tax-exempt stockholder.

For tax-exempt stockholders which are social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts, and qualified group legal services plans exempt from federal income taxation under Sections 501(c)(7), (c)(9), (c)(17) and (c)(20) of the Internal Revenue Code, respectively, income from an investment in our shares will constitute unrelated business taxable income unless the organization is able to claim properly a deduction for amounts set aside or placed in reserve for certain purposes so as to offset the income generated by its investment in our shares. These prospective investors should consult their tax advisors concerning these "set aside" and reserve requirements.

Notwithstanding the above, however, a portion of the dividends paid by a "pension-held REIT" may be treated as unrelated business taxable income as to any pension trust which:

- is described in Section 401(a) of the Internal Revenue Code;
- is tax-exempt under Section 501(a) of the Internal Revenue Code; and
- holds more than 10%, by value, of the interests in the REIT.

Tax-exempt pension funds that are described in Section 401(a) of the Internal Revenue Code are referred to below as "qualified trusts."

A REIT is a "pension held REIT" if:

22

- it would not have qualified as a REIT but for the fact that Section 856(h)(3) of the Internal Revenue Code provides that stock owned by a qualified trust is treated, for purposes of the 5/50 rule, as owned by the beneficiaries of the trust, rather than by the trust itself; and
- either at least one qualified trust holds more than 25%, by value, of the interests in the REIT, or one or more qualified trusts, each of which owns more than 10%, by value, of the interests in the REIT, holds in the aggregate more than 50%, by value, of the interests in the REIT.

The percentage of any REIT dividend treated as unrelated business taxable income is equal to the ratio of:

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

- the unrelated business taxable income earned by the REIT, treating the REIT as if it were a qualified trust and therefore subject to tax on unrelated business taxable income, to
- the total gross income of the REIT.

A DE MINIMIS exception applies where the percentage is less than 5% for any year. As a result of the limitations on the transfer and ownership of stock contained in our Charter, we do not expect to be classified as a "pension-held REIT."

TAXATION OF NON-U.S. STOCKHOLDERS

The rules governing federal income taxation of nonresident alien individuals, foreign corporations, foreign partnerships, and other foreign stockholders (collectively, "Non-U.S. stockholders") are complex and no attempt will be made herein to provide more than a summary of such rules.

PROSPECTIVE NON-U.S. STOCKHOLDERS SHOULD CONSULT THEIR TAX ADVISORS TO DETERMINE THE IMPACT OF FOREIGN, FEDERAL, STATE, AND LOCAL INCOME TAX LAWS WITH REGARD TO AN INVESTMENT IN OUR SECURITIES AND OF OUR ELECTION TO BE TAXED AS A REAL ESTATE INVESTMENT TRUST INCLUDING ANY REPORTING REQUIREMENTS.

Distributions to Non-U.S. stockholders that are not attributable to gain from sales or exchanges by us of U.S. real property interests and are not designated by us as capital gain dividends or retained capital gains will be treated as dividends of ordinary income to the extent that they are made out of our current or accumulated earnings and profits. Such distributions will generally be subject to a withholding tax equal to 30% of the distribution unless an applicable tax treaty reduces or eliminates that tax. However, if income from an investment in our stock is treated as effectively connected with the Non-U.S. stockholder's conduct of a U.S. trade or business, the Non-U.S. stockholder generally will be subject to federal income tax at graduated rates, in the same manner as U.S. stockholders are taxed with respect to such distributions (and also may be subject to the 30% branch profits tax in the case of a Non-U.S. stockholder that is a corporation). We expect to withhold U.S. income tax at the rate of 30% on the gross amount of any distributions made to a Non-U.S. stockholder unless (1) a lower treaty rate applies and any required form, such as IRS Form W-8BEN, evidencing eligibility for that reduced rate is filed by the Non-U.S. stockholder with us or (2) the Non-U.S. stockholder files an IRS Form W-8ECI with us claiming that the distribution is effectively connected income.

Any portion of the dividends paid to Non-U.S. stockholders that is treated as excess inclusion income from a real estate mortgage investment conduit will not be eligible for exemption from the 30%

withholding tax or a reduced treaty rate. In addition, if Treasury regulations are issued allocating our excess inclusion income from non-real estate mortgage investment conduits among our stockholders, some percentage of the our dividends would not be eligible for exemption from the 30% withholding tax or a reduced treaty withholding tax rate in the hands of Non-U.S. stockholders.

Distributions in excess of our current and accumulated earnings and profits will not be taxable to a stockholder to the extent that such distributions do not exceed the adjusted basis of the stockholder's stock, but rather will reduce the adjusted basis of such shares. To the extent that

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

distributions in excess of current and accumulated earnings and profits exceed the adjusted basis of a Non-U.S. stockholder's stock, such distributions will give rise to tax liability if the Non-U.S. stockholder would otherwise be subject to tax on any gain from the sale or disposition of its stock, as described below. Because it generally cannot be determined at the time a distribution is made whether or not such distribution will be in excess of current and accumulated earnings and profits, the entire amount of any distribution normally will be subject to withholding at the same rate as a dividend. However, amounts so withheld are refundable to the extent it is subsequently determined that such distribution was, in fact, in excess of our current and accumulated earnings and profits. We are also required to withhold 10% of any distribution in excess of our current and accumulated earnings and profits. Consequently, although we intend to withhold at a rate of 30% on the entire amount of any distribution, to the extent that we do not do so, any portion of a distribution not subject to withholding at a rate of 30% will be subject to withholding at a rate of 10%.

For any year in which we qualify as a REIT, distributions that are attributable to gain from sales or exchanges of a U.S. real property interest, which includes certain interests in real property, but generally does not include mortgage loans, will be taxed to a Non-U.S. stockholder under the provisions of the Foreign Investment in Real Property Tax Act of 1980 ("FIRPTA"). Under FIRPTA, distributions attributable to gain from sales of U.S. real property interests are taxed to a Non-U.S. stockholder as if such gain were effectively connected with a U.S. business. Non-U.S. stockholders thus would be taxed at the normal capital gain rates applicable to U.S. stockholders (subject to applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals). Distributions subject to FIRPTA also may be subject to the 30% branch profits tax in the hands of a Non-U.S. stockholder that is a corporation. We are required to withhold 35% of any distribution that is designated by us as a U.S. real property capital gains dividend. The amount withheld is creditable against the Non-U.S. stockholder's FIRPTA tax liability.

Gain recognized by a Non-U.S. stockholder upon a sale of our stock generally will not be taxed under FIRPTA if we are a "domestically controlled REIT," which is a REIT in which at all times during a specified testing period less than 50% in value of the stock was held directly or indirectly by Non-U.S. persons. Although we currently believe that we are a "domestically controlled REIT," because our stock is publicly traded, no assurance can be given that we are or will remain a "domestically controlled REIT." Even if we do not qualify as a "domestically controlled REIT," a Non-U.S. stockholder that owns, actually or constructively, 5% or less of our stock throughout a specified testing period will not recognize taxable gain on the sale of his stock under FIRPTA if the shares are traded on an established securities market.

Gain not subject to FIRPTA will be taxable to a Non-U.S. stockholder if (1) the Non-U.S. stockholder's investment in the stock is effectively connected with a U.S. trade or business, in which case the Non-U.S. stockholder will be subject to the same treatment as U.S. stockholders with respect to such gain, or (2) the Non-U.S. stockholder is a nonresident alien individual who was present in the U.S. for 183 days or more during the taxable year and other conditions are met, in which case the nonresident alien individual will be subject to a 30% tax on the individual's capital gains. If the gain on the sale of the stock were to be subject to taxation under FIRPTA, the Non-U.S. stockholder would be subject to the same treatment as U.S. stockholders with respect to such gain (subject to applicable alternative minimum

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

tax, a special alternative minimum tax in the case of nonresident alien individuals, and the possible application of the 30% branch profits tax in the case of Non-U.S. corporations).

STATE, LOCAL AND FOREIGN TAXATION

We may be required to pay state, local and foreign taxes in various state, local and foreign jurisdictions, including those in which we transact business or make investments, and our stockholders may be required to pay state, local and foreign taxes in various state, local and foreign jurisdictions, including those in which they reside. Our state, local and foreign tax treatment may not conform to the federal income tax consequences summarized above. In addition, your state, local and foreign tax treatment may not conform to the federal income tax consequences summarized above. Consequently, you should consult your tax advisor regarding the effect of state, local and foreign tax laws on an investment in our securities.

POSSIBLE LEGISLATIVE OR OTHER ACTIONS AFFECTING REITS

The rules dealing with federal income taxation are constantly under review by persons involved in the legislative process and by the Internal Revenue Service and the U.S. Treasury Department. Changes to the tax law, which may have retroactive application, could adversely affect us and our investors. It cannot be predicted whether, when, in what forms, or with what effective dates, the tax law applicable to us or our investors will be changed.

LEGAL MATTERS

Ballard Spahr Andrews & Ingersoll, LLP will pass on the validity of the shares and certain legal matters relating to Maryland law. If the validity of any securities is also passed upon by counsel for the underwriters of an offering of those securities, that counsel will be named in the prospectus supplement relating to that offering. Clifford Chance Rogers & Wells LLP, 200 Park Avenue, New York, New York, 10166, will pass upon certain tax matters.

ITEM 17. UNDERTAKINGS.

- (1) The undersigned registrant hereby undertakes:
- (a) To file, during any period in which offers or sales are being made, a post-effective amendment to this

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

registration statement: (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of shares offered (if the total dollar value of shares offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that the undertakings set forth in paragraphs (1)(i) and (1)(ii) do not apply if the registration statement is on Form S-3 or Form S-8, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Shares Exchange Act of 1934 that are incorporated by reference in the registration statement.

- (b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the shares offered therein, and the offering of such shares at that time shall be deemed to be the initial bona fide offering thereof.
- (c) To remove from registration by means of a post-effective amendment any of the shares being registered which remain unsold at the termination of the offering.
- (d) The undersigned registrant hereby further undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual reports pursuant to Section 13(a) or Section 15(d) of the Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement will be deemed to be a new registration statement relating to the shares offered therein, and the offering of such shares at that time shall be deemed to be the initial bona fide offering thereof.

Edgar Filing: ISTAR FINANCIAL INC - Form S-3

(2) The undersigned registrant further undertakes that:

II-2

- (a) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrants pursuant to Rule 424(b)(1) or (4) or 497(h) under the Shares Act shall be deemed to be part of this registration statement as of the time it was declared effective.
- (b) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the shares offered therein, and the offering of such shares at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939 in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act of 1939.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of iStar Financial pursuant to the foregoing provisions, or otherwise, iStar Financial has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by iStar Financial of expenses incurred or paid by a director, officer or controlling person of iStar Financial in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, iStar Financial will, unless in the opinion of counsel for iStar Financial the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
