Dear Shareholders:

The board of directors (the “**Board**”) of Central Sun Mining Inc. (“**Central Sun**”) cordially invites you to attend a special meeting (the “**Meeting**”) of shareholders of Central Sun (“**Shareholders**”) to be held at 6 Adelaide Street East, Suite 500, Toronto, Ontario on March 20, 2009 at 10:00 a.m.(Toronto time).

At the Meeting, you will be asked to consider and, if deemed advisable, approve a special resolution (the “**Arrangement Resolution**”), the full text of which is reproduced in Appendix “A” of the management proxy circular (the “**Proxy Circular**”) that accompanies this letter, in respect of a proposed plan of arrangement (the “**Arrangement**”) pursuant to which Central Sun will become a wholly-owned subsidiary of B2Gold Corp. (“**B2Gold**”). Upon completion of the Arrangement, Shareholders will receive 1.28 common shares of B2Gold in exchange for each Common Share they hold. In addition, at the Meeting you will be asked to approve a reduction of the Central Sun stated capital account (the “**Stated Capital Reduction**”) that is necessary under the *Canada Business Corporations Act* in order to implement the Arrangement.

Central Sun established a Special Committee of the Board to evaluate the Arrangement and the Special Committee retained Macquarie Capital Markets Canada Ltd. (“**Macquarie**”) to render a fairness opinion. Macquarie has delivered to the Special Committee its opinion that, as of the date of such opinion, the Arrangement is fair, from a financial point of view, to the shareholders of Central Sun. The Board, after consultation with its financial and legal advisors and receipt of the Macquarie fairness opinion, believes that the offer is fair, from a financial point of view, to the Shareholders of Central Sun and that the Arrangement is in the best interests of Central Sun.

The Board recommends that Central Sun’s Shareholders vote FOR the Arrangement Resolution and FOR the Stated Capital Reduction.

The background to the Arrangement and the reasons for the Board’s recommendation are set out in the attached Proxy Circular.

On behalf of Central Sun, I would like to thank all Shareholders for their continuing support.

Yours very truly,

(Signed) “*Peter W. Tagliamonte*”

NOTICE TO SHAREHOLDERS IN THE UNITED STATES

Holders (“**Shareholders**”) of common shares (“**Common Shares**”) of Central Sun Mining Inc. (“**Central Sun**”) who are not residents of Canada should be aware that the disposition of Common Shares pursuant to the arrangement (the “**Arrangement**”) described in this management proxy circular (the “**Proxy Circular**”), and acquiring, holding and depositing of the common shares of B2Gold Corp. (“**B2Gold**”) to be issued pursuant to the Arrangement might have tax consequences both in Canada and in the United States, which are not described fully herein. See “Certain Tax Considerations for Shareholders”. Shareholders who are not resident in Canada should consult their own tax advisor for advice on this Arrangement.

Certain United States federal income tax considerations applicable to Shareholders are described in this Proxy Circular under the heading “Certain United States Federal Income Tax Considerations”. This description may not, however, include all of the considerations applicable to the circumstances of any particular holder. Accordingly, Shareholders are advised to consult their tax advisors to determine the particular tax consequences to them of the Arrangement.

The enforcement by Shareholders of civil liabilities under United States securities laws may be affected adversely by the fact that Central Sun, B2Gold and 4485394 Canada Inc. (“**B2Gold Subco**”) are incorporated and organized under the federal and provincial laws of Canada, that some or all of their respective officers and directors are residents of Canada, that the experts named in this Proxy Circular are residents of countries other than the United States, and that all or a substantial portion of the assets of Central Sun, B2Gold and B2Gold Subco may be located outside of the United States. As a result, it may be difficult or impossible for Shareholders in the United States to effect service of process within the United States upon Central Sun, B2Gold or B2Gold Subco, their directors or officers, or the experts named herein, or to realize against them upon judgments of courts of the United States predicated upon civil liabilities under the federal securities laws of the United States or “blue sky” laws of any state within the United States. In addition, Shareholders should not assume that the courts of Canada: (a) would enforce judgments of United States courts obtained in actions against such persons predicated upon civil liabilities under the federal securities laws of the United States or “blue sky” laws of any state within the United States; or (b) would enforce, in original actions, liabilities against such persons predicated upon civil liabilities under the federal securities laws of the United States or “blue sky” laws of any state within the United States.

The common shares of B2Gold (“**B2Gold Common Shares**”) issuable pursuant to the Arrangement have not been registered under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”) or any applicable state securities laws and will be issued in reliance on the exemption from the registration requirements of the U.S. Securities Act provided by Section 3(a)(10) of the U.S. Securities Act. Section 3(a)(10) of the U.S. Securities Act provides an exemption from registration under the U.S. Securities Act for offers and sales of securities issued in exchange for one or more outstanding securities where the terms and conditions of the issuance and exchange of such securities have been approved by a court authorized to grant such approval after a hearing upon the fairness of the terms and conditions of the issuance and exchange at which all persons to whom the securities will be issued have the right to appear. The Superior Court of Justice (Ontario) is authorized to conduct a hearing at which the fairness of the terms and conditions of the Arrangement will be considered. The Ontario Superior Court of Justice (Commercial List) issued the Interim Order on February 19, 2009 and, subject to the approval of the Arrangement by the Shareholders, a hearing on the Arrangement will be held on March 25, 2009 at 10:00 a.m. (Toronto time) at 330 University Avenue, 7th floor, Toronto, Ontario. All Shareholders and other interested parties (including holders of Options) are entitled to appear and be heard at this hearing. See “The Arrangement - Court Approval and Completion of the Arrangement” in this Proxy Circular.

This Arrangement involves the securities of a Canadian company. The solicitation of proxies made in connection with this Proxy Circular is not subject to the requirements of Section 14(a) of the United States Securities Exchange Act of 1934, as amended (the “**U.S. Exchange Act**”). Accordingly, this Proxy Circular has been prepared in accordance with disclosure requirements applicable in Canada and in accordance with Canadian corporate and securities laws. Shareholders in the United States should be aware that such disclosure requirements are different from those of the United States applicable to registration statements under the U.S. Securities Act and to proxy statements

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

under the U.S. Exchange Act. The financial statements of Central Sun and B2Gold included or incorporated by reference in this Proxy Circular have been prepared in accordance with Canadian generally accepted accounting principles and are subject to Canadian auditing and auditor independence standards, and thus may not be comparable in all respects to financial statements of United States companies. Likewise, unless expressly noted, information concerning the properties and operations of Central Sun and B2Gold contained or incorporated herein by reference has been prepared in accordance with Canadian standards and may not be comparable in all respects to similar information for United States companies set forth in registration statements and reports filed with the U.S. Securities and Exchange Commission (the "SEC").

Mineral resource estimates incorporated by reference in this Proxy Circular were prepared in accordance with the Canadian Securities Administrators' National Instrument 43-101 *Standards of Disclosure for Mineral Projects*, which sets out Canadian standards for public disclosure of scientific and technical information concerning mineral projects. The requirements of National Instrument 43-101 differ from those of the SEC in a number of material respects, and information concerning descriptions of mineral deposits included and incorporated by reference in this Proxy Circular may not be comparable to information made public by U.S. companies subject to the reporting requirements of the SEC. The documents incorporated by reference in this Proxy Circular use the term "resources" which is a term not recognized by the SEC. Shareholders in the United States are advised that while "resources" are recognized and required to be disclosed under Canadian securities laws, the SEC does not recognize the term or permit it to be used in filings by U.S. companies. Under U.S. standards, a deposit may not be recognized as a "reserve" unless a determination has been made that it may be economically and legally produced or extracted at the time the determination is made. "Resources" are not "reserves" and Shareholders in the United States are cautioned that "resources" may not ever be converted into "reserves". Further, "resources" classified as "inferred resources" have a great amount of uncertainty as to their existence and whether they can be mined economically or legally. It cannot be assumed that "inferred resources" will ever be upgraded to a higher category, and Shareholders in the United States should not assume that all or any part of an "inferred resource" exists or can be legally or economically mined.

The U. S. Securities Act imposes restrictions on the resale of securities received pursuant to the Arrangement by persons who are "affiliates" of B2Gold after the Arrangement. As defined in Rule 144 under the U.S. Securities Act, an "affiliate" of an issuer is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with the issuer. See "The Arrangement - Regulatory Matters - Qualification and Resale of B2Gold Common Shares - United States".

The Arrangement and the B2Gold Common Shares issuable pursuant to the Arrangement have not been approved or disapproved by the SEC or any state securities regulatory authority nor has the SEC or any state securities regulatory authority passed upon the fairness or merits of the Arrangement or upon the accuracy or adequacy of the information contained in this document. Any representation to the contrary is unlawful.

REPORTING CURRENCY

In this document, unless otherwise specified, all references to "dollars", "\$" or "CDN dollars" are to Canadian dollars and all references to "US\$" are references to United States dollars. On February 18, 2009, the noon exchange rate for one Canadian dollar expressed in United States dollars as reported by the Bank of Canada was US\$0.79.

These factors are not intended to represent a complete list of the general or specific factors that could affect Central Sun or B2Gold. Additional factors may be noted elsewhere in the Proxy Circular and in any documents incorporated by reference therein.

Estimates regarding the anticipated timing, amount and cost of mining at the Limon Mine and the Orosi Mine are based on assumptions underlying mineral reserve and mineral resource estimates and the realization of such estimates are set out in the Central Sun Documents (as defined herein) incorporated by reference herein. Capital and operating cost estimates are based on extensive research of Central Sun, purchase orders placed by Central Sun to date, recent estimates of construction and mining costs and other factors that are set out in the Central Sun Documents incorporated by reference herein. Production estimates are based on mine plans and production schedules, which have been developed by Central Sun's personnel and independent consultants. See "Documents Incorporated by Reference".

All forward-looking statements attributable to Central Sun or B2Gold, or persons acting on their behalf, are expressly qualified in their entirety by the cautionary statements set forth above. Readers of this Proxy Circular are cautioned not to place undue reliance on forward-looking statements contained in this Proxy Circular or in any document incorporated by reference herein, which reflect the analysis of the management of Central Sun or B2Gold, as appropriate, only as of the date of this Proxy Circular. No person has been authorized to give information or to make any representations in connection with the transactions discussed herein other than those contained in this Proxy Circular and, if given or made, any such information or representations should be considered as not having been authorized by Central Sun, B2Gold or B2Gold Subco.

This Proxy Circular does not constitute an offer to sell, or a solicitation of an offer to acquire, any securities, or the solicitation of a proxy, by any person in any jurisdiction in which such an offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such an offer or solicitation.

Shareholders should not construe the contents of this Proxy Circular as legal, tax or financial advice and should consult with their own professional advisors as to the relevant legal, tax, financial or other matters in connection herewith.

Certain information pertaining to B2Gold and B2Gold Subco, including forward looking statements made by B2Gold, included or incorporated by reference herein has been provided by B2Gold and/or B2Gold Subco or is based on publicly available documents and records on file with the Canadian securities authorities and other public sources. SUMMARY

The following is a summary of certain information contained elsewhere in this Proxy Circular including the Appendices hereto. Certain capitalized words and terms used in this summary are defined in the Glossary of Terms. This summary is qualified in its entirety by, and should be read together with, the detailed information and financial data and statements contained or referred to elsewhere or incorporated by reference in this Proxy Circular and the Appendices hereto.

Date, Time and Place of Meeting and Record Date The Meeting will be held on March 20, 2009 commencing at 10:00a.m. (Toronto time) at 6 Adelaide Street East, Suite 500, Toronto, Ontario. The record date for determining Shareholders entitled to receive notice to vote at the Meeting is at the close of business on February 17, 2009.

Principal Purposes of Meeting The Meeting will be constituted as a special meeting of the Shareholders. The principal purpose of the Meeting is to consider, in accordance with an Interim Order of the Ontario Superior Court of Justice (Commercial List) dated February 19, 2009 and, if deemed advisable, to pass the Arrangement Resolution approving the Arrangement pursuant to section 192 of the CBCA pursuant to which, among other things, all of the issued and outstanding Common Shares (other than any Common Shares held by Dissenting Shareholders, B2Gold or any subsidiary of B2Gold) will be acquired by B2Gold for the Consideration consisting of 1.28 B2Gold Common Shares in exchange for each Common Share. See "The Arrangement - Description of the Arrangement". In addition, at the Meeting, Shareholders will be asked to approve a reduction of the Central Sun stated capital account for the Common Shares in order for Central Sun to meet the necessary solvency test for the completion of the Arrangement in accordance with the CBCA. See "Other Matters to be Acted Upon - Stated Capital Reduction".

Recommendation of the Special Committee The Board established the Special Committee to, among other things, review and consider the Arrangement. Central Sun retained Macquarie as its financial advisor. Macquarie has given a Fairness Opinion that, as of the date of such opinion, the offered Consideration of 1.28 B2Gold Common Shares for each one (1) Common Share was fair, from a financial point of view, to the Shareholders, and is superior, from a financial point of view, to the Linear Gold Transaction. The Special Committee, having taken into account Macquarie's Fairness Opinion and such other matters as it considered relevant, has unanimously determined that the offered consideration of 1.28 B2Gold Common Shares for each one (1) Common Share under the Arrangement is fair to Shareholders and that the Arrangement is in the best interests of Central Sun and has unanimously recommended that the Central Sun Board approve the Arrangement and recommend that Shareholders vote **FOR** the Arrangement Resolution.

Recommendation of the Board and Reasons for the Recommendation The Board has reviewed the terms of the proposed Arrangement and has unanimously determined that the Arrangement is fair to Shareholders and that it is in the best interests of Central Sun that the Arrangement be completed, in accordance with the terms of the Arrangement Agreement. **ACCORDINGLY, THE BOARD HAS UNANIMOUSLY APPROVED THE ARRANGEMENT AND UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ARRANGEMENT RESOLUTION AND FOR THE STATED CAPITAL REDUCTION.**

In determining that the Arrangement is fair to Shareholders and in the best interests of Central Sun and in making its recommendation that the Shareholders vote FOR the Arrangement Resolution, the Board considered a number of factors, including:

- (a) the recommendation of the Special Committee;
- (b) the Fairness Opinion of Macquarie;
- (c) the consideration under the Arrangement represents a 45.1% premium over the closing price of \$0.45 of the Common Shares on the TSX on January 26, 2009, the last trading day immediately before the announcement of the binding offer by B2Gold in respect of the Arrangement;
- (d) on December 24, 2008, Central Sun entered into a letter agreement with Linear Gold with respect to the Linear Gold Transaction and the Board subsequently concluded that the Arrangement is superior, from a financial point of view, to the Linear Gold Transaction;
- (e) on January 30, 2009, Linear Gold provided Central Sun with notice of its intention not to exercise its right under the letter agreement signed between Central Sun and Linear Gold to make a proposal that would cause the Arrangement to no longer constitute a Superior Proposal, as defined by that agreement;
- (f) the financial condition of Central Sun, as Central Sun had extended the repayment date of the outstanding debt facilities, did not have the capital necessary to re-start the Orosi Mine and was having difficulty obtaining the required financing at attractive rates;
- (g) prior to the announcement of the Linear Gold Transaction, the Board had solicited various alternatives regarding financing and possible combinations, acquisitions or dispositions and after review of all such alternatives the Board concluded that the Arrangement was the preferred alternative;
- (h) Shareholders, through their ownership of B2Gold Common Shares, will continue to participate in any increase in the value of Central Sun's projects as well as the current assets of B2Gold;
- (i) the terms and conditions of the Arrangement Agreement, including the amount of the Termination Fee and the circumstances under which it is payable, do not prevent an unsolicited third party from proposing or making a Superior Proposal;
- (j) the Arrangement Resolution must be approved by not less than (i) two-thirds of the votes cast at the Meeting by Shareholders present in person or represented by proxy at the Meeting; (ii) a majority of the Minority Shareholders present in person or represented by proxy at the Meeting; and (iii) the Court, which will consider, among other things, the fairness of the Arrangement to Shareholders;
- (k) under the Arrangement, Registered Shareholders will have Dissent Rights;
- (l) information reviewed in respect of B2Gold with respect to its assets and properties, as well as its historical and current financial condition, business and operations. See "Information Concerning B2Gold";
- (m) historical information regarding the market prices and trading information of the Common Shares and the B2Gold Common Shares;

- (n) two Central Sun directors will join the board of directors of B2Gold; and
- (o) upon completion of the Arrangement, Shareholders will hold approximately 33% of the outstanding B2Gold Common Shares.

See “The Arrangement - Recommendation of the Board and Reasons for the Recommendation”.

Fairness Opinion

As at the date of the Fairness Opinion and based on the information and procedures and subject to the analyses, assumptions, qualifications and limitations described in the Fairness Opinion, Macquarie has concluded that the consideration to be received by Shareholders pursuant to the Arrangement is fair, from a financial point of view, to Shareholders, and is superior, from a financial point of view, to the Linear Gold Transaction. See “The Arrangement — Fairness Opinion” in this Proxy Circular and the Fairness Opinion, which is attached as Appendix “G”.

Implementation of Arrangement

If the Arrangement and the Stated Capital Reduction are approved at the Meeting and the Final Order approving the Arrangement is issued by the Ontario Superior Court of Justice (Commercial List) and the applicable conditions to completion of the Arrangement have been satisfied, Articles of Arrangement will be filed pursuant to which:

- (a) Central Sun and B2Gold Subco will be amalgamated and will continue as one company under the CBCA;
- (b) each Common Share outstanding immediately prior to the Effective Time (excluding any Common Shares held by a Dissenting Holder, B2Gold or any B2Gold subsidiary), will be deemed to be transferred to B2Gold and, in exchange therefor, each former Shareholder will be entitled to receive 1.28 B2Gold Common Shares for each Common Share held upon the presentation and surrender on behalf of the holder to the Depositary (acting on behalf of B2Gold) of a certificate representing the Common Shares held by such former Shareholder;
- (c) each issued and outstanding Common Share held by B2Gold and its subsidiaries will be exchanged for one common share of Amalgamated Central Sun;
- (d) each issued and outstanding common share of B2Gold Subco will be exchanged for one common share of Amalgamated Central Sun;
- (e) each Common Share held by a Dissenting Holder will be deemed to be transferred by the holder thereof, without any further act or formality on its part to Central Sun and Central Sun will thereupon be obligated to pay the amount thereof determined and payable in accordance with the provisions of the Plan of Arrangement and the name of such holder will be removed from the central securities register as a holder of Common Shares;

(f) notwithstanding the terms of the Option Plans, or the terms of any agreement evidencing the grant of any Options, at the Effective Time, each outstanding Option will be exchanged for a B2Gold Replacement Option to acquire (on the same terms and conditions as the Option it replaces) B2Gold Common Shares, such that on exercise of each B2Gold Replacement Option, such Optionholder will be entitled to acquire a number of B2Gold Common Shares equal to the product of (A) the number of Common Shares subject to the Option held by the Shareholder immediately before the Effective Time, and (B) the Share Exchange Ratio, provided that if the foregoing would result in the issuance of a fraction of a B2Gold Common Share, then the number of B2Gold Common Shares otherwise issued on exercise of the B2Gold Replacement Option will be rounded down to the nearest whole number of B2Gold Common Shares, and the exercise price per B2Gold Common Share of such B2Gold Replacement Option will be an amount (rounded up to the nearest one-hundredth of a dollar) equal to the quotient of (A) the exercise price per Common Share subject to such Option immediately before the Effective Time divided by (B) the Share Exchange Ratio, provided that the exercise price otherwise determined will be adjusted to the extent, if any, required to ensure that the In the Money Amount of the B2Gold Replacement Option immediately after the exchange does not exceed the In the Money Amount of the exchanged Option immediately before the Effective Time. The terms of each B2Gold Replacement Option will be the same as the terms of the Option it is exchanged therefore pursuant to the applicable Option Plan and any agreement evidencing the grant thereof prior to the Effective Time, except as provided above and except that such B2Gold Replacement Option will be fully vested and it will expire in accordance with the original term of the Option it replaced (it will not expire as a result of the Arrangement being a change of control); and

(g) the stated capital account in the records of Amalgamated Central Sun for the common shares of Amalgamated Central Sun will be equal to the stated capital attributed to the Common Shares (other than any Common Shares held by B2Gold Subco) and the common shares of B2Gold Subco immediately before the Effective Time.

See "The Arrangement - Description of the Arrangement."

Shareholder Approval

In order for the Arrangement to become effective, the Arrangement Resolution must be approved by the affirmative vote of (i) not less than 66 % of the votes cast in respect thereof by Shareholders present in person or represented by proxy at the Meeting; and (ii) a majority of the votes cast by the Minority Shareholders who vote in respect thereof, in person or by proxy, at the Meeting. The Stated Capital Reduction also requires the affirmative vote of not less than 66 % of the votes cast in respect thereof by Shareholders present in person or represented by proxy at the Meeting.

In the absence of any instruction to the contrary, the Common Shares represented by proxies received by management will be voted FOR the matters described above. See "The Arrangement - Shareholder Approval of Arrangement Resolution" and "Other Matters to be Acted Upon - Stated Capital Reduction".

Court Approval and Completion of the Arrangement Under the CBCA, the Arrangement requires Court approval. Before Central Sun mailed the Proxy Circular, it obtained the Interim Order from the Court on February 19, 2009 to provide for the calling and holding of the Meeting and other procedural matters.

Subject to the approval of the Arrangement by the Shareholders, the hearing in respect of the Final Order to approve the Plan of Arrangement is expected to take place on March 25, 2009 at 10:00 a.m. (Toronto time) in the Court at 393 University Ave., Toronto, Ontario, or as soon thereafter as is reasonably practicable.

Any Shareholder or other interested party (including Optionholders) who wishes to appear or to be represented at that hearing may do so, subject to filing a notice of appearance as set out in the Interim Order and satisfying any other requirements of the Court. The Court will consider, among other things, the fairness and reasonableness of the proposed Arrangement. The Court may approve the Arrangement either as proposed or as amended in any manner the Court may direct, and subject to compliance with such terms and conditions, if any, as the Court sees fit. See “The Arrangement Agreement – Right to Accept a Superior Proposal”.

Non-Solicitation Covenant

Subject to certain exceptions, Central Sun has agreed to cease to solicit or encourage any discussions or negotiation with any parties that may be ongoing with respect to an Acquisition Proposal, whether or not initiated by Central Sun.

See “The Arrangement Agreement – Covenant Regarding Non-Solicitation”.

Acquisition Proposal

Subject to certain exceptions, Central Sun has agreed not to:

- solicit, initiate, entertain, encourage, promote or facilitate any proposals regarding an Acquisition Proposal;
- participate directly or indirectly in any discussions or negotiations regarding any Acquisition Proposal or potential Acquisition Proposal;
- remain neutral with respect to or agree to, approve or recommend any Acquisition Proposal or potential Acquisition Proposal; or
- make a Change in Recommendation,

Notwithstanding the foregoing, the Board may consider, participate in discussions or negotiations with and provide information to any person who has delivered a written Acquisition Proposal which was not solicited or encouraged by Central Sun and that the Board determines, in good faith, may reasonably be expected to constitute a Superior Proposal, provided however that if Central Sun provides confidential non-public information to such person, Central Sun obtains a confidentiality agreement from that person substantially on the same terms as the confidentiality agreement between Central Sun and B2Gold.

See “The Arrangement Agreement – Covenant Regarding Acquisition Proposal”.

Superior Proposal

Central Sun cannot accept a written Acquisition Proposal, unless, among other things:

- the Board determines in good faith that such written Acquisition Proposal is a Superior Proposal;
- B2Gold is provided with an opportunity, during the Response Period, to match such Superior Proposal and does not do so; and
- Central Sun terminates the Arrangement Agreement and pays the Termination Fee.

The La-India property and the Mestiza property are located 70 kilometres by road east of the Limon Mine, located in Nicaragua and Central America. In addition, Central Sun has a 60% interest in the Cerro Quema gold property located in Panama.</p>

B2Gold is a reporting issuer (or equivalent) in British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland and Labrador. B2Gold is a mineral exploration company with its head office in Vancouver, British Columbia. B2Gold holds, or has the right to earn, a 51% interest in the Gramalote and Quebradona properties, a 100% interest in the Miraflores and Mocoa properties located in Colombia and the right to earn a 37.5% joint venture interest in the Kupol East and West Licences in Russia.

B2Gold Subco is a 100% owned subsidiary of B2Gold that was incorporated by B2Gold for the purpose of completing the Arrangement.

See “Information Concerning Central Sun” and “Information Concerning B2Gold”.

Dissenting Holders

Registered Shareholders are entitled to exercise Dissent Rights in respect of the Arrangement Resolution by providing written notice to Central Sun before the Meeting in the manner described under “Information Concerning the Meeting - Dissent Rights”.

If a Registered Shareholder dissents to the Arrangement Resolution and the Arrangement is completed, the Dissenting Holder is entitled to be paid the “fair value” of his or her Common Shares as of the close of business on the day before the day the Arrangement Resolution is adopted. The “fair value” may be determined to be the same, more than or less than the Consideration per Common Share offered under the Arrangement.

Shareholders should carefully read the section in this Proxy Circular entitled “Information Concerning the Meeting - Dissent Rights” if they wish to exercise Dissent Rights. **Failure to comply strictly with the dissent procedures described in this Proxy Circular may result in the loss of any Dissent Rights. Beneficial owners of Common Shares registered in the name of an Intermediary who wish to dissent should be aware that only Registered Shareholders are entitled to dissent.** If the number of Common Shares held by Registered Shareholders that duly exercise Dissent Rights exceeds 5% of the aggregate number of Common Shares outstanding immediately prior to the Effective Date, B2Gold is entitled, in its discretion, to not complete the Arrangement. See “Information Concerning the Meeting - Dissent Rights” and “The Arrangement Agreement — Conditions Precedent to the Arrangement”.

Stock Exchange Listings and Reporting Issuer Status

The Common Shares are listed and posted for trading on the TSX under the symbol “CSM” and on the NYSE Alternext under the symbol “SMC”.

The B2Gold Common Shares are listed and posted for trading on the TSX under the symbol “BTO”.

If the Arrangement is consummated, the Common Shares are expected to be de-listed from the TSX and the NYSE Alternext as soon as practicable following the Effective Date. Central Sun will also seek to be deemed to have ceased to be a reporting issuer (or the equivalent) under the securities legislation of each of the provinces in Canada under which it is currently a reporting issuer (or the equivalent). In addition, B2Gold intends to make all necessary filings so that Central Sun will cease to be subject to reporting under the U.S. Exchange Act on or shortly following the Effective Date of the Arrangement and B2Gold does not anticipate it will have to continue as a successor to Central Sun’s reporting obligations.

B2Gold has applied to have the B2Gold Common Shares issuable in exchange for Common Shares pursuant to the Arrangement listed and posted for trading on the TSX. Listing will be subject to B2Gold fulfilling all of the requirements of the TSX.

See “The Arrangement - Stock Exchange Listings and Reporting Issuer Status”.

Certain Canadian Federal Income Tax Considerations

Shareholders should consult their own tax advisors about the applicable Canadian or United States federal, provincial, state and local tax consequences of the Arrangement.

Shareholders who hold their Common Shares as capital property for the purposes of the Tax Act will realize neither a capital gain nor a capital loss as a result of the exchange of their Common Shares for B2Gold Common Shares upon the Arrangement becoming effective. The cost for tax purposes to Common Shareholders of B2Gold Common Shares received on the Arrangement will generally be equal to the adjusted cost base of their Common Shares that are exchanged for B2Gold Common Shares pursuant to the Arrangement.

The foregoing summary is qualified in its entirety by the more detailed discussion of Canadian federal income tax considerations of the Arrangement set forth under the heading “Certain Tax Considerations for Shareholders – Certain Canadian Federal Income Tax Considerations”.

Certain U.S. Federal Income Tax Considerations

For U.S. federal income tax purposes, the exchange of Common Shares for B2Gold Common Shares pursuant to the Arrangement should qualify as a tax-deferred “Reorganization” within the meaning of Section 368(a)(1) of the Code. In accordance with treatment of the Arrangement as a Reorganization, and except as discussed below, subject to the “passive foreign investment company” rules, the U.S. holders of Common Shares should not recognize gain or loss for U.S. federal income tax purposes as a result of the Arrangement. However, there can be no assurance that the Internal Revenue Service will not challenge the qualification of the Arrangement as a Reorganization for U.S. federal income tax purposes or that, if challenged, a U.S. court would not agree with the Internal Revenue Service. A more detailed summary of the principal United States federal income tax considerations in respect of the proposed Arrangement is included under “Certain Tax Considerations for Shareholders - Certain United States Federal Income Tax Considerations” and the foregoing is qualified in full by the information in such section.

This Proxy Circular does not contain a summary of the income tax considerations of the Arrangement on Common Shareholders who are subject to income tax outside of Canada and the United States. Such holders should consult their tax advisors with respect to the tax implications of the Arrangement, including any associated filing requirements, in such jurisdictions.

Procedure for Receiving Share Certificates

The Letter of Transmittal sent to Registered Shareholders with this Proxy Circular sets out the details of the procedures to be followed by each Registered Shareholder in exchanging their Common Share certificates for B2Gold Common Share certificates. Upon return of a properly completed Letter of Transmittal by a Registered Shareholder and such other documents as the Depository may require, certificates representing the appropriate number of B2Gold Common Shares will be mailed to the Registered Shareholder.

- 12 -

Provided that a Shareholder has returned a properly completed and executed Letter of Transmittal, together with such other documents and instruments as B2Gold or the Depositary may reasonably require as set forth in the Letter of Transmittal, as soon as practicable following the Effective Date, B2Gold will cause the Consideration, in the form of certificate representing B2Gold Common Shares to be sent to such Shareholder.

No fractional B2Gold Common Shares will be issued to former Shareholders. If a Shareholder is entitled to a fraction of a B2Gold Common Share, the number of B2Gold Common Shares to be issued to the Shareholder will be rounded down to the nearest whole B2Gold Common Share.

If a Shareholder fails to return a properly completed and executed Letter of Transmittal, such Shareholder will not be entitled to receive the Consideration, in the form of a certificate representing B2Gold Common Shares, issuable to that Shareholder until the Shareholder delivers a properly completed and executed Letter of Transmittal.

See "The Arrangement - Procedures for Receiving Share Certificates".

INFORMATION CONCERNING THE MEETING

Date, Time and Place of Meeting

This Proxy Circular is furnished in connection with the solicitation by management of Central Sun of proxies to be used at the Meeting for the purposes set forth in the accompanying Notice of Meeting. The Meeting will be held on March 20, 2009 commencing at 10:00a.m. (Toronto time) at 6 Adelaide Street East, Suite 500, Toronto, Ontario, M5C 1H6.

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may also be solicited personally or by telephone by employees, consultants, advisors or other agents of Central Sun at nominal cost. Employees will not receive any extra compensation for such activities, although external consultants, advisors and other agents may be compensated. The total cost of the solicitation will be borne by Central Sun. Central Sun has also retained Laurel Hill Advisory Group (“**Laurel Hill**”) to assist it in connection with communication to securityholders. In connection with these services, Laurel Hill is expected to receive a fee of approximately \$25,000 and will be reimbursed for its reasonable out-of-pocket expenses.

Appointment of Proxies

The persons named in the enclosed form of proxy are officers and/or directors of Central Sun. **A Shareholder has the right to appoint a person, who need not be a Shareholder, other than the persons designated in the applicable form of proxy accompanying this Proxy Circular, as nominee to attend and act for and on behalf of**

such person at the Meeting and may exercise such right by inserting the name of such person in the blank space provided on the form of proxy or by executing a proxy in a form similar to the one enclosed.

Deposit of Proxies

Shareholders who do not expect to attend the Meeting in person are requested to complete, sign, date and return the enclosed form of proxy. An undated but executed proxy will be deemed to be dated the date of this Proxy Circular. Completed proxies returned either by mail or by fax to the office of Central Sun's transfer agent, Equity Transfer & Trust Company, must be received before 10:00 a.m. (Toronto time) on March 18, 2009, or, if the Meeting is adjourned, at least 48 hours (excluding Saturdays, Sundays or holidays) preceding the date of any adjournment of the Meeting. If the enclosed form of proxy is returned by mail, Shareholders should use the self-addressed envelope enclosed or mail to Equity Transfer & Trust Company, 200 University Avenue, Suite 400, Toronto, Ontario, M5H 4H1. If the enclosed form of proxy is returned by fax, Shareholders should use (416) 595-9593.

Non-Registered Shareholders

Only Registered Shareholders as at February 17, 2009, or the persons they appoint as their proxies, are entitled to attend and vote at the Meeting. However, in many cases, Common Shares beneficially owned by a Non-Registered Shareholder are registered either:

- (a) in the name of an Intermediary; or
- (b) in the name of a clearing agency of which the Intermediary is a participant.

In accordance with the requirements of NI 54-101, Central Sun has distributed copies of the Meeting Materials for use in connection with the Meeting to the clearing agencies and Intermediaries for onward distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless the Non-Registered Shareholders have waived the right to receive them. Intermediaries very often call on service companies such as Broadridge Financial Solutions Inc. to forward meeting materials to non-registered holders. Any Non-Registered Shareholder who has not waived the right to receive Meeting Materials will:

- (a) receive a form of proxy that has already been signed by the Intermediary (usually by facsimile) which indicates the number of Common Shares beneficially owned by the Non-Registered Shareholder but which has not been completed. This form of proxy need not be signed by the Non-Registered Shareholder. In this case, a Non-Registered Shareholder who wishes to submit a proxy should otherwise properly complete the form of proxy and deposit it with Equity Transfer & Trust Company in the manner described above;
- (b) more typically, receive a voting instruction form from an Intermediary which must be completed and signed by the Non-Registered Shareholder in accordance with the directions on the voting instruction form (which may, in some cases, permit the completion of the voting instruction form by telephone or by Internet voting); or
- (c) receive a proxy form as described in the next paragraph.

The purpose of these procedures is to allow Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Shareholder who receives either a form of proxy or a voting instruction form wish to attend the Meeting and vote in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should carefully follow the instructions of their Intermediaries and their service companies to ensure that their Common Shares are voted at the Meeting.

Exercise of Vote by Proxies and Discretionary Authority

The Common Shares represented by properly executed proxies given in favour of the persons designated in the printed portion of the accompanying form of proxy at the Meeting will be voted for, against or withheld from voting in accordance with the instructions contained therein, so long as such instructions are certain, on any ballot that may be called for. **In the absence of any instructions to the contrary, the Common Shares represented by proxies received by management will be voted FOR the Arrangement Resolution and FOR the Stated Capital Reduction.**

The form of proxy accompanying this Proxy Circular confers discretionary authority upon the nominees named therein with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. Management of Central Sun knows of no matters to come before the Meeting, other than those referred to in the Notice of Meeting. However, if any other matters that are not now known to management of Central Sun should properly come before the Meeting, the shares represented by proxies given in favour of management nominees will be voted on such matters in accordance with the best judgment of the nominee.

Revocation of Proxies

A Registered Shareholder may revoke a proxy by: (a) completing and signing a proxy bearing a later date and depositing it with Equity Transfer & Trust Company so that it is received on or before 5:00 p.m. not less than 48 hours (excluding Saturdays, Sundays and holidays) prior to the date of the Meeting or any date to which the Meeting may be postponed or adjourned; (b) depositing an instrument in writing executed by the Registered Shareholder or by the Registered Shareholder’s attorney authorized in writing at the registered office of Central Sun at any time up to and including the last Business Day immediately preceding the day of the Meeting or any adjournment thereof, or with the chair of the Meeting on the day of but prior to the commencement of the Meeting or any adjournment thereof; or (c) in any other manner permitted by law. A Non-Registered Shareholder should contact their Intermediary or carefully follow the instructions received on the voting instruction form. Only a Registered Shareholder may revoke a proxy.

Voting Securities

As of February 18, 2009, 62,998,989 Common Shares were outstanding, each carrying the right to one vote on matters at the Meeting. Only Shareholders of record as at the Record Date are entitled to vote at the Meeting.

To the knowledge of the management of Central Sun, no person or corporation presently beneficially owns or controls or directs, directly or indirectly, Common Shares in excess of 10% of the outstanding Common Shares, other than:

Name	Number of Common Shares	Percentage of Issued and Outstanding Common Shares
Aberdeen International Inc.	6,619,000	10.5%
Yamana Gold Inc.	7,907,975	12.5%

As at the date hereof, the directors and officers of Central Sun, as a group, beneficially own, control or direct, directly or indirectly, approximately 3% of the outstanding Common Shares.

Dissent Rights

Section 190 of the CBCA provides registered shareholders of a corporation with the right to dissent from certain resolutions that effect extraordinary corporate transactions or fundamental corporate changes. The Interim Order expressly provides Registered Shareholders with the right to dissent from the Arrangement Resolution pursuant to section 190 of the CBCA, with modifications to the provisions of section 190 as provided in the Plan of Arrangement and the Interim Order (“**Dissent Rights**”). Any Registered Shareholder who dissents from the

Arrangement Resolution in compliance with section 190 of the CBCA, as modified by the Plan of Arrangement and the Interim Order, will be entitled, in the event the Arrangement becomes effective, to be paid the “fair value” of the Common Shares held by such Dissenting Holder, determined as of the close of business on the day before the day the Arrangement Resolution is adopted. Shareholders are cautioned that “fair value” could be determined to be less than the Consideration payable pursuant to the terms of the Arrangement. **If Registered Shareholders holding more than 5% of the outstanding Common Shares exercise their Dissent Rights, B2Gold is entitled, in its discretion, to not complete the Arrangement.**

Section 190 of the CBCA provides that a shareholder may only make a claim under that section with respect to all of the shares of a class held by the shareholder on behalf of any one beneficial owner and registered in the shareholder’s name. **One consequence of this provision is that only a Registered Shareholder may exercise Dissent Rights in respect of Common Shares that are registered in that Shareholder’s name.**

In many cases, shares beneficially owned by a Non-Registered Shareholder are registered either (a) in the name of an Intermediary or (b) in the name of a clearing agency (such as CDS) of which the Intermediary is a participant. Accordingly, a Non-Registered Shareholder will not be entitled to exercise its Dissent Rights directly (unless the shares are re-registered in the Non-Registered Shareholder’s name). A Non-Registered Shareholder who wishes to exercise Dissent Rights should immediately contact the Intermediary with whom the Non-Registered Shareholder deals in respect of its Common Shares and either (i) instruct the Intermediary to exercise the Dissent Rights on the Non-Registered Shareholder’s behalf (which, if the Common Shares are registered in the name of CDS or other clearing agency, may require that such Common Shares first be re-registered in the name of the Intermediary), or (ii) instruct the Intermediary to re-register such Common Shares in the name of the Non-Registered Shareholder, in which case the Non-Registered Shareholder would be able to exercise the Dissent Rights directly.

A Registered Shareholder who wishes to dissent must provide a Dissent Notice to Central Sun (a) at Suite 500, 6 Adelaide Street East, Toronto, Ontario M5C 2H6 (Attention: Peter Tagliamonte) or (b) by facsimile transmission to 416-367-0182 (Attention: Peter Tagliamonte) to be received not later than 5:00 p.m. (Toronto time) on the day which is the second Business Day immediately preceding the Meeting. Failure to strictly comply with these Dissent Procedures may result in the loss or unavailability of the right to dissent.

The filing of a Dissent Notice does not deprive a Registered Shareholder of the right to vote at the Meeting. However, the CBCA provides, in effect, that a Registered Shareholder who has submitted a Dissent Notice and who votes for the Arrangement Resolution will no longer be considered a Dissenting Holder with respect to that class of shares voted for the Arrangement Resolution, being the Common Shares. The CBCA does not provide, and Central Sun will not assume, that a proxy submitted instructing the proxyholder to vote against the Arrangement Resolution, a vote against the Arrangement Resolution or an abstention constitutes a Dissent Notice, but a Registered Shareholder need not vote Common Shares against the Arrangement Resolution in order to dissent. Similarly, the revocation of a proxy conferring authority on the proxyholder to vote for the Arrangement Resolution does not constitute a Dissent Notice. However, any proxy granted by a Registered Shareholder who intends to dissent, other than a proxy that instructs the proxyholder to vote against the Arrangement Resolution, should be validly revoked in order to prevent the proxyholder from voting such Common Shares in favour of the Arrangement Resolution and thereby causing the Registered Shareholder to forfeit its Dissent Rights.

Central Sun (or its successor) is required, within ten days after Shareholders adopt the Arrangement Resolution, to notify each Dissenting Holder that the Arrangement Resolution has been adopted. Such notice is not required to be sent to any Shareholder who voted for the Arrangement Resolution or who has withdrawn its Dissent Notice.

A Dissenting Holder who has not withdrawn its Dissent Notice prior to the Meeting must then, within 20 days after receipt of notice that the Arrangement Resolution has been adopted, or if the Dissenting Holder does not receive such notice, within 20 days after learning that the Arrangement Resolution has been adopted, send to Central Sun c/o Equity Transfer & Trust Company a written notice (a “**Demand for Payment**”) containing its name and address, the number of Common Shares in respect of which he or she dissents (the “**Dissenting Common Shares**”), and a demand for payment of the fair value of such Common Shares. Within 30 days after sending the Demand for Payment, the

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

Dissenting Holder must send to Central Sun or Equity Transfer & Trust Company the certificate(s) representing its Common Shares. Equity Transfer & Trust Company will endorse on the share certificate(s) received from a Dissenting Holder a notice that the holder is a Dissenting Holder and will forthwith return the share certificates to the Dissenting Holder. A Dissenting Holder who fails to make a Demand for Payment in the time required or to send the certificate(s) representing Dissenting Common Shares has no right to make a claim under section 190 of the CBCA.

Under section 190 of the CBCA, after sending a Demand for Payment, a Dissenting Holder ceases to have any rights as a Shareholder in respect of its Dissenting Common Shares other than the right to be paid the fair value of the Dissenting Common Shares as determined pursuant to the Interim Order, unless (i) the Dissenting Holder withdraws its Dissent Notice before Central Sun makes an Offer to Pay, or (ii) Central Sun fails to make an Offer to Pay in accordance with subsection 190(12) of the CBCA and the Dissenting Holder withdraws the Demand for Payment, in which case the Dissenting Holder's rights as a shareholder will be reinstated. Pursuant to the Plan of Arrangement, in no case shall Central Sun or any other person be required to recognize any Dissenting Holder as a Shareholder after the Effective Date, and the names of such Shareholders shall be deleted from the list of Registered Shareholders as at the Effective Time.

Pursuant to the Plan of Arrangement, Dissenting Holders who are ultimately determined to be entitled to be paid fair value for their Dissenting Common Shares shall be deemed to have transferred such Dissenting Common Shares to Central Sun as at the Effective Time.

Pursuant to the Plan of Arrangement, Dissenting Holders who are ultimately determined not to be entitled, for any reason, to be paid fair value for their Dissenting Common Shares, shall be deemed to have participated in the Arrangement on the same basis as any non-Dissenting Holder. Central Sun is required, not later than seven days after the later of the Effective Date and the date on which a Demand for Payment is received from a Dissenting Holder, to send to each Dissenting Holder who has sent a Demand for Payment an Offer to Pay for its Dissenting Common Shares in an amount considered by the Board to be the fair value of the Common Shares, accompanied by a statement showing the manner in which the fair value was determined. Every Offer to Pay must be on the same terms. Central Sun must pay for the Dissenting Common Shares of a Dissenting Holder within ten days after an Offer to Pay has been accepted by a Dissenting Holder, but any such offer lapses if Central Sun does not receive an acceptance within 30 days after the Offer to Pay has been made.

If Central Sun fails to make an Offer to Pay for a Dissenting Holder's Common Shares, or if a Dissenting Holder fails to accept an Offer to Pay that has been made, Central Sun may, within 50 days after the Effective Date or within such further period as a court may allow, apply to a court to fix the fair value for the Common Shares of Dissenting Holders. If Central Sun fails to apply to a court, a Dissenting Holder may apply to a court for the same purpose within a further period of 20 days or within such further period as a court may allow. A Dissenting Holder is not required to give security for costs in such an application.

If Central Sun or a Dissenting Holder makes an application to court, Central Sun will be required to notify each affected Dissenting Holder of the date, place and consequences of the application and of its right to appear and be heard in person or by counsel. Upon an application to a court, all Dissenting Holders who have not accepted an Offer to Pay will be joined as parties and be bound by the decision of the court. Upon any such application to a court, the court may determine whether any person is a Dissenting Holder who should be joined as a party, and the court will then fix the fair value for the Dissenting Common Shares of all Dissenting Holders. The final order of a court will be rendered against Central Sun in favour of each Dissenting Holder for the amount of the fair value of its Dissenting Common Shares as fixed by the court. The court may, in its discretion, allow a reasonable rate of interest on the amount payable to each Dissenting Holder from the Effective Date until the date of payment.

Registered Shareholders who are considering exercising Dissent Rights should be aware that there can be no assurance that the fair value of their Common Shares as determined under the applicable provisions of the CBCA (as modified by the Plan of Arrangement and the Interim Order) will be more than or equal to the Consideration under the Arrangement. In addition, any judicial determination of fair value will result in delay of receipt by a Dissenting Holder of consideration for such Dissenting Holder's Dissenting Common Shares.

The foregoing is only a summary of the dissenting holder provisions of the CBCA (as modified by the Plan of Arrangement and the Interim Order), which are technical and complex. The full text of section 190 of the CBCA is attached as Appendix "E" to this Proxy Circular. It is recommended that any Shareholder wishing to avail itself of its Dissent Rights under those provisions seek legal advice, as failure to comply strictly with the provisions of the CBCA (as modified by the Plan of Arrangement and the Interim Order) may prejudice its Dissent Rights.

For a general summary of certain income tax implications to a Dissenting Holder, see "Certain Tax Considerations for Shareholders - Certain Canadian Federal Income Tax Considerations".

THE ARRANGEMENT

Description of the Arrangement

The following description of the Arrangement is qualified in its entirety by reference to the full text of the Plan of Arrangement, a copy of which is attached hereto as Appendix "B" to this Proxy Circular and a copy of which may be obtained on request from Central Sun.

If implemented, the Arrangement will commence at the Effective Time (which is expected to be at 12:01 a.m. (Toronto Time) on a date expected to be in March 2009, but in any case, not later than April 30, 2009). Commencing at the Effective Time, the following shall occur and shall be deemed to occur in the following order without any further act or formality:

- (a) Central Sun and B2Gold Subco will be amalgamated and shall continue as one company under the CBCA;
- (b) each Common Share outstanding immediately prior to the Effective Time (excluding any Common Shares held by a Dissenting Holder, B2Gold or any other subsidiary of B2Gold), will be deemed to be transferred to B2Gold and, in exchange therefore, each former Shareholder will be entitled to receive 1.28 B2Gold Common Shares for each Common Share upon the presentation and surrender on behalf of the holder to the Depositary (acting on behalf of B2Gold) of a certificate representing the Common Shares held by such former Shareholder;
- (c) each issued and outstanding Common Share held by B2Gold and its affiliates will be exchanged for one common share of the Amalgamated Central Sun;
- (d) each issued and outstanding common share of B2Gold Subco will be exchanged for one common share of the Amalgamated Central Sun;
- (e) each Common Share held by a Dissenting Holder shall be deemed to be transferred by the holder thereof, without any further act or formality on its part to Central Sun and Central Sun shall thereupon be obligated to pay the amount thereof determined and payable in accordance with the provisions of the Plan of Arrangement and the name of such holder will be removed from the securities register as a holder of Common Shares;
- (f) notwithstanding the terms of the Option Plans, or the terms of any agreement evidencing the grant of any Options, at the Effective Time, each outstanding Option shall be exchanged for a B2Gold Replacement Option to acquire (on the same terms and conditions as the Option it replaces) B2Gold Common Shares, such that: (i) on exercise of each B2Gold Replacement Option, such Optionholder shall be entitled to acquire a number of B2Gold Common Shares equal to the product of (A) the number of Common Shares subject to the Option held by the Shareholder immediately before the Effective Time, and (B) the Share Exchange Ratio, provided that if the foregoing would result in the issuance of a fraction of a B2Gold Common Share, then the number of B2Gold Common Shares otherwise issued on exercise of the B2Gold Replacement Option shall be rounded down to the nearest whole number of B2Gold Common Shares, and the exercise price per B2Gold Common Share of such B2Gold Replacement Option shall be an amount

(rounded up to the nearest one-hundredth of a dollar) equal to the quotient of (A) the exercise price per Common Share subject to such Option immediately before the Effective Time divided by (B) the Share Exchange Ratio, provided that the exercise price otherwise determined shall be adjusted to the extent, if any, required to ensure that the In the Money Amount of the B2Gold Replacement Option immediately after the exchange does not exceed the In the Money Amount of the exchanged Option immediately before the Effective Time. The terms of each B2Gold Replacement Option will be the same as the terms of the Option it is exchanged for pursuant to the applicable Option Plan and any agreement evidencing the grant thereof prior to the Effective Time, except as provided above and except that such B2Gold Replacement Option will be fully vested and it will expire in accordance with the original term of the Option it replaced (it will not expire as a result of the Arrangement being a change of control); and

- (g) the stated capital account in the records of the Amalgamated Central Sun for the common shares of the Amalgamated Central Sun shall be not greater than the stated capital attributed to the Common Shares (other than any Common Shares held by B2Gold Subco) and the common shares of B2Gold Subco immediately before the Effective Time.

If the Shareholders approve the Arrangement Resolution and the Stated Capital Resolution on the basis described herein, Articles of Arrangement will be filed with the Director as soon as practicable following the Meeting once all other conditions precedent to the Arrangement have been satisfied or waived. It is expected that the Arrangement will become effective March 26, 2009.

Background

The Arrangement Agreement is the product of arm's length negotiations between Central Sun and B2Gold.

The Arrangement Agreement is the result of negotiations conducted among representatives of Central Sun, the Special Committee, B2Gold and their respective legal and financial advisors. The following is a summary of the principal events, meetings, negotiations, discussions and actions among the parties leading up to the public announcement and execution of the Arrangement Agreement.

In 2008, in accordance with its strategic objective to re-start the Orosi Mine, Central Sun was examining various possible financing alternatives to carry out the project. As a result of the credit and financial markets melt-down, it became increasingly difficult to realize this objective and Central Sun had to extend the repayment date under its existing credit facilities and, despite its efforts to generate financing alternatives, was facing difficulties in obtaining the necessary financing on satisfactory terms for the construction and re-start of operations at Orosi.

In December 2008, Central Sun and Linear Gold initiated discussion with respect to a proposed strategic transaction. After negotiations with Linear Gold, the Board concluded that the Linear Gold Transaction was in the best interest of Central Sun and its shareholders. On December 24, 2008, Central Sun, entered into a letter agreement (the "**Linear Letter Agreement**") with respect to a business combination with Linear Gold, whereby all of the issued and outstanding Common Shares would be acquired by Linear Gold in consideration of 0.4 of a Linear Gold common share (the "**Linear Common Shares**") in exchange for each Common Share. The implied value as of December 23, 2008 of the consideration to be paid by Linear Gold of \$0.292 per Common Share, represented a 46% premium over the closing price of \$0.20 for the Common Shares on December 23, 2008, the last trading day prior to the announcement of the proposed business combination with Linear Gold.

On January 14, 2009, Central Sun entered into a loan agreement with Linear Gold, pursuant to a convertible debenture, wherein Central Sun borrowed \$2,500,000 from Linear Gold (the "**Linear Loan**").

On January 14, 2009, Central Sun received an unsolicited non-binding proposal from B2Gold to acquire all of the outstanding common shares of Central Sun in exchange for B2Gold Common Shares and at an exchange ratio that would represent a premium of approximately 25% to 30% of the closing price of the Common Shares on the TSX on January 13, 2009. On January 15, 2009, Central Sun notified Linear Gold of the receipt of the B2Gold Offer and Central Sun held a board meeting, attended by its legal advisors, Cassels Brock & Blackwell LLP and its financial

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

advisors, Macquarie, to determine whether the B2Gold proposal could reasonably be expected to constitute a superior proposal to the Linear Gold Transaction, as such term was defined in the Linear Letter Agreement. The Board formed a Special Committee comprised of George Faught, Patrick Mars and Joe Milbourne to review the B2Gold proposal, and the Special Committee and the Board determined that the B2Gold Offer could reasonably be expected to be a superior proposal, as defined in the Linear Letter Agreement.

On January 16, 2009, the Special Committee held a meeting and, among other things, engaged Macquarie as its financial adviser and authorized Peter Tagliamonte to negotiate and execute a confidentiality agreement between Central Sun and B2Gold.

On January 16, 2009, Central Sun and B2Gold entered into a confidentiality agreement (the "**B2Gold CA**") on substantially the same terms as the confidentiality agreement previously entered into between Central Sun and Linear Gold, except that the B2Gold CA included a standstill provision which prevented Central Sun and B2Gold from acquiring any voting securities of the other party for a period of one year following the date of the B2Gold CA, other than pursuant to the terms of a definitive agreement.

On January 18, 2009, representatives of the Special Committee and B2Gold attended Central Sun's mine sites in Nicaragua in connection with B2Gold's technical due diligence review.

On January 19, 2009, Central Sun's legal representatives provided Linear Gold and its legal representatives with a copy of the B2Gold CA.

On January 25, 2009, Stan Bharti, Peter Tagliamonte, George Faught, along with Patrick Gleeson and Jennifer Wagner, legal consultants to Central Sun, met with Clive Johnson and Bob Cross for dinner in Toronto during which the terms of a proposed transaction were discussed.

On January 26, 2009, the principals of Central Sun, including Mr. Faught on behalf of the Special Committee, and B2Gold engaged in negotiations with respect to a potential business combination at the offices of Stan Bharti and by telephone and B2Gold provided a draft of a binding offer for consideration by Central Sun.

In the evening of January 26, 2009, the Special Committee held a meeting wherein Macquarie provided an oral fairness opinion and presented to the Special Committee its analysis comparing the B2Gold offer and the Linear Gold Transaction and the Special Committee discussed various legal matters and consulted with legal counsel. Upon further discussion by the Special Committee, it was determined that the B2Gold offer constituted a superior proposal to the Linear Gold Transaction and the Special Committee resolved to recommend to the Board that Central Sun proceed with such superior proposal, subject to the right of Linear Gold to match the B2Gold offer.

Following the Special Committee meeting, on January 26, 2009, the Board met to discuss the recommendation of the Special Committee and resolved to approve acceptance of the superior proposal made by B2Gold on the terms negotiated between Central Sun and B2Gold, subject to Linear Gold's right to match. The terms of B2Gold's proposed offer included an exchange ratio of 1.28 B2Gold shares for each Common Share (representing a premium of 45% over the closing price of the Common Shares that day) and a commitment to lend Central Sun \$10,000,000 upon entry into definitive agreements. Late on January 26, 2009, Central Sun received the final form of the binding written offer from B2Gold (the "**B2Gold Offer**") and Central Sun provided to Linear Gold notice of receipt and a copy of the B2Gold Offer.

On January 27, 2009, Central Sun announced receipt of the B2Gold Offer by press release.

On January 30, 2009, Linear Gold advised Central Sun that it would not be exercising its right to match the B2Gold offer and announced its decision by way of a press release dated the same date.

On January 30, 2009, Central Sun entered into a binding letter agreement with B2Gold and issued a joint press release on February 2, 2009 announcing the entering into of the letter agreement with B2Gold. On January 30, 2009 directors and officers of Central Sun, along with Aberdeen, a significant Central Sun shareholder, entered into the

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

Voting Agreements with B2Gold, under which they agreed to vote their Common Shares in favour of the proposed transaction, subject to certain customary conditions.

On February 2, 2009, pursuant to the terms of the Linear Letter Agreement, Central Sun paid Linear Gold a fee in the amount of \$1,000,000 payable on termination of the Linear Letter Agreement.

Between January 30, 2009 and February 6, 2009, Central Sun and B2Gold conducted certain additional legal, corporate and other confirmatory due diligence and negotiated the terms of a definitive arrangement agreement. On February 6, 2009, the Special Committee met by teleconference to receive the written Fairness Opinion and review the B2Gold loan documents and the draft Arrangement Agreement. On February 6, 2009, following the meeting of the Special Committee the Board met to receive the Fairness Opinion and reviewed and approved the draft Arrangement Agreement and draft documentation relating to the loan from B2Gold to Central Sun, subject to further negotiations and revisions as necessary. Throughout the period from January 30 through February 6, 2009, negotiations among senior management of Central Sun and B2Gold and their respective financial and legal advisors occurred, with the specific terms and conditions of the Arrangement Agreement being agreed to and finalized on February 6, 2009. On February 6, 2009, Central Sun also finalized the Commitment Letter with respect to the \$10,000,000 loan from B2Gold evidenced by convertible debentures and on February 10, 2009, Central Sun repaid the \$2,500,000 Linear Loan.

Recommendation of the Board and Reasons for the Recommendation

The Board has unanimously determined that the Arrangement is fair to Shareholders and that it is in the best interests of Central Sun that the Arrangement be completed. **ACCORDINGLY, THE BOARD HAS UNANIMOUSLY APPROVED THE ARRANGEMENT AND UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ARRANGEMENT RESOLUTION.**

In determining that the Arrangement is fair to Shareholders and in the best interests of Central Sun, and in making its recommendation, the Board considered a number of factors. In view of the variety of factors considered in connection with its evaluation of the Arrangement, the Board did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determination as to the fairness of the Arrangement and its recommendation to Shareholders to vote FOR the Arrangement Resolution.

In determining that the Arrangement is fair to Shareholders and in the best interests of Central Sun and in making its recommendation that the Shareholders vote FOR the Arrangement Resolution, the Board considered a number of factors, including:

- (a) the recommendation of the Special Committee;
- (b) the Fairness Opinion of Macquarie;
- (c) the consideration under the Arrangement represents a 45.1% premium over the closing price of \$0.45 of the Common Shares on the TSX on January 26, 2009, the last trading day immediately before the announcement of the binding offer in respect of the Arrangement;
- (d) on December 24, 2008, Central Sun entered into a letter agreement with Linear Gold with respect to the Linear Gold Transaction and the Board subsequently concluded that the Arrangement is superior, from a financial point of view, to the Linear Gold Transaction;
- (e) on January 30, 2009, Linear Gold provided Central Sun with notice of its intention not to exercise its right under the letter agreement signed between Central Sun and Linear Gold to make a proposal that would cause the Arrangement to no longer constitute a Superior Proposal, as defined by that agreement;
- (f) the financial condition of Central Sun, as Central Sun had extended the repayment date of the outstanding debt facilities, did not have the capital necessary to re-start the Orosi Mine and was having difficulty obtaining the required financing at attractive rates;

- (g) prior to the announcement of the Linear Gold Transaction, the Board had solicited various alternatives regarding financing and possible combinations, acquisitions or dispositions and after review of all such alternatives the Board concluded that the Arrangement was the preferred alternative;
- (h) Shareholders, through their ownership of B2Gold Common Shares, will continue to participate in any increase in the value of Central Sun's projects as well as the current assets of B2Gold;
- (i) the terms and conditions of the Arrangement Agreement, including the amount of the Termination Fee and the circumstances under which it is payable, do not prevent an unsolicited third party from proposing or making a Superior Proposal;
- (j) the Arrangement Resolution must be approved by not less than (i) two-thirds of the votes cast at the Meeting by Shareholders present in person or represented by proxy at the Meeting; (ii) a majority of the Minority Shareholders present or represented by proxy at the Meeting; and (iii) the Court, which will consider, among other things, the fairness of the Arrangement to Shareholders;
- (k) under the Arrangement, Registered Shareholders will have Dissent Rights;
- (l) information reviewed in respect of B2Gold with respect to its assets and properties, as well as its historical and current financial condition, business and operations. See "Information Concerning B2Gold";
- (m) historical information regarding the market prices and trading information of the Common Shares and the B2Gold Common Shares;
- (n) two Central Sun directors will join the board of directors of B2Gold; and
- (o) upon completion of the Arrangement, Shareholders will hold approximately 33% of the outstanding B2Gold Common Shares.

Fairness Opinion

Macquarie was retained to act as financial advisor to the Special Committee and to provide an opinion as to whether the Consideration of 1.28 B2Gold Common Shares for each one Common Share pursuant to the Arrangement is fair, from a financial point of view, to Shareholders.

At a meeting of the Special Committee held on January 26, 2009, Macquarie made a presentation to the Special Committee and advised the Special Committee that, based upon certain analyses, assumptions, qualifications and limitations, it believed it would be in a position to conclude that the Consideration offered pursuant to the Arrangement was fair, from a financial point of view, to the Shareholders and is superior from, a financial point of view, to the Linear Gold Transaction. Macquarie's advice concerning fairness was subsequently formalized in the written Fairness Opinion.

The full text of the Fairness Opinion which sets forth, among other things, the assumptions made, information reviewed and matters considered by Macquarie in rendering its Fairness Opinion, as well as the limitations the opinion is subject to, is attached as Appendix "G" to this Proxy Circular. Shareholders are urged to read the Fairness Opinion in its entirety. The summary of the Fairness Opinion described in this Proxy Circular is qualified in its entirety by reference to the full text of the Fairness Opinion.

The Fairness Opinion was provided for the use of the Board only and may not be relied upon by any other person. The Fairness Opinion does not constitute a recommendation to any Shareholders as to how such Shareholders should vote on the Arrangement Resolution.

The Fairness Opinion was rendered on the basis of the securities market, economic and general business and financial conditions prevailing as at the date thereof and on information relating to the subject matter thereof as

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

represented to Macquarie. As set forth in the Fairness Opinion, Macquarie has, subject to the exercise of its professional judgement, relied upon, and assumed without independent investigation the completeness, accuracy and fair presentation of all financial and other information, data, advice, opinions and representations obtained by it from public sources or provided to it. The Fairness Opinion assumes, and is conditional upon, such completeness, accuracy and fair presentation.

Central Sun has agreed to pay fees to Macquarie in respect of it giving the Fairness Opinion and its financial assessment and its services relating to the Arrangement which are not contingent upon the conclusions reached by Macquarie in the Fairness Opinion. Macquarie is also entitled to be reimbursed for certain reasonable out-of-pocket expenses and is to be indemnified by Central Sun in certain circumstances as set out in the indemnity that forms part of the engagement agreement between Central Sun and Macquarie. Macquarie is not an insider, associate or affiliate (as defined in the *Securities Act* (Ontario)) of B2Gold or Central Sun or any of their respective associates or affiliates and is not an advisor to any person or company other than the Special Committee and the Board with respect to the Arrangement.

Intentions of Directors and Officers

Each of the directors and executive officers of Central Sun has indicated to Central Sun that he intends to vote his Common Shares in favour of the Arrangement Resolution.

In that regard, each of the directors and executive officers of Central Sun, who beneficially owns, controls or directs, directly or indirectly, or exercises control or direction over Common Shares (which collectively represented approximately 3% of the issued and outstanding Common Shares as of February 18, 2009) has agreed, among other things, to vote his Common Shares (including any Common Shares issued upon the exercise of Options) in favour of the Arrangement Resolution pursuant to the terms of the Voting Agreements. See "The Voting Agreements".

Shareholder Approval of Arrangement Resolution

At the Meeting, Shareholders will be asked to consider and, if deemed advisable, to approve the Arrangement Resolution. To become effective, the Arrangement Resolution must be approved, with or without variation, by the affirmative vote of at least 66 % of the votes cast by the Shareholders present in person or represented by proxy at the Meeting and by the affirmative vote of the majority of the votes cast by the Minority Shareholders present in person or represented by proxy at the Meeting. The Arrangement Resolution must be approved in order for Central Sun to seek the Final Order and implement the Arrangement on the Effective Date in accordance with the Final Order.

A quorum for the transaction of business at the Meeting is "two persons, present in person or represented by proxy, who are entitled to vote at the meeting, and who represent more than 5% of the outstanding Common Shares for the time being entitling the holders thereof to vote at the meeting".

In the absence of any instructions to the contrary, the Common Shares represented by proxies received by management will be voted FOR the approval of the Arrangement Resolution.

Procedure for the Arrangement to Become Effective

The Arrangement is proposed to be carried out pursuant to section 192 of the CBCA. The following procedural steps must be taken in order for the Arrangement to become effective:

- (a) obtain the approval of Shareholders at the Meeting;
- (b) all of the conditions to the Arrangement, as set forth in the Arrangement Agreement, must be satisfied or waived by the appropriate party;
- (c) the Court must grant the Final Order approving the Arrangement; and

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

(d) the Articles of Arrangement in the form prescribed by the CBCA must be filed with the Director under the CBCA.

Court Approval and Completion of the Arrangement

The Arrangement requires approval by the Court. Prior to the mailing of this Proxy Circular, Central Sun obtained the Interim Order providing for the calling and holding of the Meeting and other procedural matters. A copy of the Interim Order is attached hereto as Appendix "C". The Notice of Application applying for the Final Order is also attached hereto as Appendix "D".

Subject to the approval of the Arrangement Resolution by the Shareholders at the Meeting, the hearing in respect of the Final Order to approve the Plan of Arrangement is expected to take place on March 25, 2009 at 10:00 a.m. (Toronto time) in the Court at 330 University Ave., Toronto, Ontario, or as soon thereafter as is reasonably practicable. Any Shareholder or other interested parties (including Optionholders) who wishes to appear or be represented and to present evidence or arguments must serve and file a Notice of Appearance as set out in the Interim Order and satisfy any other requirements of the Court. The Court will consider, among other things, the fairness and reasonableness of the Arrangement. The Court may approve the Arrangement in any manner the Court may direct, and subject to compliance with such terms and conditions, if any, as the Court deems fit.

The Arrangement will become effective upon receipt by the Director of the Articles of Arrangement and the endorsement by the Director of the Certificate of Arrangement thereon. If the Final Order is obtained on March 25, 2009 in form and substance satisfactory to Central Sun and B2Gold and all other conditions specified in the Arrangement Agreement are satisfied or waived, Central Sun currently expects the Effective Date will be March 26, 2009.

Although the objective of Central Sun is to have the Effective Date occur as soon as possible after the Meeting, the Effective Date could be delayed for a number of reasons, including an objection before the Court at the hearing of the application for the Final Order or any delay in the satisfaction or waiver, as applicable, of all of the conditions set forth in the Arrangement Agreement.

The Court's approval is required for the Arrangement to become effective and the Court has been informed that approval, if obtained, will constitute the basis for the section 3(a)(10) exemption under the U.S. Securities Act with respect to, among other things, B2Gold securities and Central Sun securities pursuant to the Arrangement as described below under "Regulatory Matters".

Central Sun and/or B2Gold may terminate the Arrangement Agreement in certain circumstances, with the result that the Arrangement will not become effective and, in such event, no prior notice to or action on the part of Shareholders is necessary. See "The Arrangement Agreement — Termination".

Interests of Certain Persons in the Arrangement

In considering the recommendation of the Board with respect to the Arrangement Resolution, Shareholders should be aware that certain members of Central Sun's management and the Board may have certain interests in connection with the Arrangement, including those referred to below, that may present them with actual or potential conflicts of interest in connection with the Arrangement. The Board is aware of these interests and considered them along with the other matters described above in "Recommendation of the Board and Reasons for the Recommendation".

Upon completion of the Arrangement, officers of Central Sun will be entitled to severance, change of control payments and fees in the aggregate of \$2,190,000 set out as follows: (i) \$460,000 to be paid to Stan Bharti, Chairman of the Board; (ii) \$1,290,000 (and three years in benefits) to be paid to Peter Tagliamonte, President and Chief Executive Officer of Central Sun; (iii) \$400,000 (and two years in benefits) to be paid to Denis Arsenaault, Chief Financial Officer of Central Sun; and (iv) \$40,000 to be paid to William Pearson, Executive Vice-President, Exploration of Central Sun. In addition, \$60,000 will be paid to Graham Speirs, Chief Operating Officer, as a retention

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

bonus. The B2Gold Replacement Options to be received by the officers and directors of Central Sun in exchange for their Options will be fully vested and shall not expire as a result of the Arrangement being a change of control or their termination in connection with the Agreement. In addition, the 762,930 Central Sun Bonus Shares issued pursuant to the Central Sun Share Bonus Plan will be released from escrow. See “Treatment of Central Sun Bonus Shares”.

In connection with their additional efforts with respect to the review and consideration of the Arrangement as well as the Linear Gold Transaction, each director (other than Stan Bharti and Peter Tagliamonte) will receive a fee of \$15,000, to be paid by Central Sun irrespective of whether or not the Arrangement is completed.

The Board has determined the payments to be paid to certain officers of Central Sun pursuant to certain severance arrangements would constitute a “collateral benefit” for purposes of MI 61-101 such that the Arrangement would therefore constitute a “business combination” within the meaning of MI 61-101, which is intended to regulate certain transactions to ensure the protection and fair treatment of minority securityholders. As such, it is subject to certain particular obligations, including the requirement that a business combination be approved by the simple majority of votes cast by the Minority Shareholders, excluding those votes attaching to Common Shares beneficially owned, or over which control or direction is exercised by the directors and officers of Central Sun who can be considered to be receiving a “collateral benefit” in connection with the Arrangement, subject to certain exceptions.

As at January 27, 2009, the date that the binding B2Gold offer in respect of the Arrangement was publicly announced, Mr. Stan Bharti, in conjunction with his spouse, owned or exercised control or direction over 5,436,503 Common Shares, representing greater than 1% of the issued and outstanding common shares of Central Sun. Accordingly, pursuant to MI 61-101, the votes attached to the securities owned by Mr. Bharti and his spouse will be excluded from the determination of approval by a majority of the Minority Shareholders. In addition, at January 27, 2009, Mr. Peter Tagliamonte owned or exercised control or direction over 819,556 Common Shares, representing more than 1% of the issued and outstanding common shares of Central Sun, the votes attached to the securities owned by Mr. Tagliamonte will be excluded from the determination of the approval by a majority of the Minority Shareholders.

B2Gold has agreed under the Arrangement Agreement to, or to cause Central Sun and its subsidiaries, to the extent they were disclosed in the Central Sun Disclosure Letter, to maintain in effect without any reduction in scope or coverage for a period of six years from the Effective Date customary directors’ and officers’ liability insurance providing protection comparable to the protection currently provided by the policies maintained by Central Sun, in connection with claims arising from facts or events that occurred on or prior to the Effective Date. In addition, B2Gold has agreed to honour specified existing rights of indemnification or exculpation of the officers and directors of Central Sun and the Central Sun Subsidiaries provided to and approved by B2Gold, and has acknowledged that such rights will continue in full force and effect for a period of six years from the Effective Date.

Each of the directors and executive officers of Central Sun who beneficially owns, directly or indirectly, Common Shares has entered into a Voting Agreement with B2Gold pursuant to which he has agreed, among other things, to vote his Common Shares (including any Common Shares issued upon the exercise of Options) in favour of the Arrangement Resolution and not take any other action of any kind which might reasonably be regarded as likely to reduce the success of, or delay or interfere with the completion of, the Arrangement and the other transactions contemplated by the Arrangement Agreement. As noted above, pursuant to MI 61-101, votes on the Arrangement Resolution attaching to the Common Shares owned, controlled or directed, directly or indirectly, by Mr. Bharti and Mr. Tagliamonte will be excluded for the purposes of determining whether majority approval of the Minority Shareholders has been obtained. See “The Voting Agreements”.

Procedures for Receiving Share Certificates

Pursuant to the Arrangement Agreement, B2Gold is to provide consideration for Common Shares acquired pursuant to the Plan of Arrangement by providing the Depositary with B2Gold Common Shares in escrow to exchange for Common Shares, to be issued in accordance with the Plan of Arrangement.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

Registered Shareholders who are not Dissenting Holders

Enclosed with this Proxy Circular is a Letter of Transmittal that is being delivered to registered Shareholders. The Letters of Transmittal sent to Registered Shareholders with this Proxy Circular set out the details of the procedures to be followed by each Registered Shareholder in exchanging their Common Share certificates for B2Gold Common Share certificates. Upon return of a properly completed Letter of Transmittal by a Registered Shareholder, the certificate(s) representing Common Shares and such other documents as the Depositary may require, certificates for the appropriate number of B2Gold Common Shares will be mailed to the Central Sun Registered Shareholder.

Provided that a Shareholder has returned a properly completed and executed Letter of Transmittal, and has presented and surrendered certificate(s) representing its Common Shares to the Depositary, together with such other documents and instruments as B2Gold or the Depositary may reasonably require as set forth in the Letter of Transmittal, as soon as practicable following the Effective Date, the Depositary will cause the Consideration, in the form of certificate representing B2Gold Common Shares, to be sent to such Shareholder.

If a Shareholder fails to return a properly completed and executed Letter of Transmittal, such Shareholder will not be entitled to receive the Consideration, in the form of a certificate representing B2Gold Common Shares, until the Shareholder delivers a properly completed and executed Letter of Transmittal.

Except as otherwise provided in the instructions to the Letter of Transmittal, an Eligible Institution must guarantee the signature on the Letter of Transmittal. If a Letter of Transmittal is signed by a person other than the registered owner(s) of the certificate(s) to which the Letter of Transmittal relates, and in certain other circumstances as set forth in the Letter of Transmittal, the deposited certificate(s) must be endorsed or be accompanied by an appropriate share transfer power of attorney duly and properly completed by the registered owner(s), with the signature on the endorsement panel or share transfer power of attorney guaranteed by an Eligible Institution.

No fractional B2Gold Common Shares will be issued to Shareholders upon the surrender of the certificate(s) representing Common Shares for exchange. Any fractional number of B2Gold Common Shares that would otherwise be issuable pursuant to the Plan of Arrangement will be rounded down to the nearest whole number.

If a Shareholder fails to present and surrender a certificate which, prior to the Effective Date, represented issued and outstanding Common Shares on or before the sixth anniversary of the Effective Date, the interest of the Shareholder in any Consideration evidenced by such share certificate shall be terminated.

It is recommended that Shareholders complete, sign and return the Letter of Transmittal with the accompanying certificate(s) representing their Common Shares to the Depositary as soon as possible, and preferably prior to 5:00 p.m. (Eastern Time) on March 19, 2009.

Non-Registered Beneficial Shareholders

Shareholders whose Common Shares are registered in the name of an Intermediary should contact that Intermediary for instructions and assistance in delivering the share certificate(s) representing those Common Shares.

Regulatory Matters

Other than the Final Order, Central Sun is not aware of any material approval, consent or other action by any federal, provincial, state or foreign government or any administrative or regulatory agency that would be required to be obtained in order to complete the Arrangement. In the event that any such approvals or consents are determined to be required, such approvals or consents will be sought, although any such additional requirements could delay the Effective Date or prevent the completion of the Arrangement. While there can be no assurance that any regulatory consents or approvals that are determined to be required will be obtained, Central Sun currently anticipates that any such consents and approvals that are determined to be required will have been obtained or otherwise resolved by the Effective Date, which, subject to the approval of the Arrangement Resolution and the Stated Capital Reduction by the Shareholders at the Meeting, receipt of the Final Order and the satisfaction or waiver of all other conditions specified in the Arrangement Agreement, is expected to be March 26, 2009.

Qualification and Resale of B2Gold Common Shares

Canada

The distribution of B2Gold Common Shares to be issued in exchange for Common Shares and B2Gold Replacement Options to be issued in exchange for Options pursuant to the Arrangement will be issued in reliance upon exemptions from the prospectus and registration requirements of securities legislation in each province and territory of Canada. Subject to certain disclosure and regulatory requirements and to customary restrictions applicable to distributions of shares from “control distributions”, B2Gold Common Shares issued pursuant to the Arrangement may be resold in each province and territory in Canada, subject in certain circumstances, to the usual conditions that no unusual effort has been made to prepare the market or to create a demand for the B2Gold Common Shares, no extraordinary commission or consideration is paid in respect of any trade and if the selling security holder is an insider or officer of B2Gold, such person has no reasonable grounds to believe that B2Gold is in default of securities legislation.

United States

The B2Gold Common Shares to be issued in exchange for Common Shares pursuant to the Arrangement have not been and will not be registered under the U.S. Securities Act and will be issued in reliance on an exemption from the registration requirements of the U.S. Securities Act provided by Section 3(a)(10) thereof. The issuance of B2Gold Replacement Options will also be exempt from registration pursuant to Section 3(a)(10). Section 3(a)(10) of the U.S. Securities Act exempts securities issued in exchange for one or more outstanding securities from the general requirement of registration where the terms and conditions of the issuance and exchange of such securities have been approved by any court of competent jurisdiction, after a hearing upon the fairness of the terms and conditions of the issuance and exchange at which all persons to whom the securities will be issued have the right to appear. The Court is authorized to conduct a hearing at which the fairness of the terms and conditions of the Arrangement will be considered. The Court granted the Interim Order on February 19, 2009 and, subject to the approval of the Arrangement Resolution by Shareholders, a final hearing on the Arrangement will be held on March 25, 2009 by the Court. All Shareholders and other interested parties (including holders of Options) who wish to appear or be represented and to present evidence or arguments must serve and file a Notice of Appearance as set out in the Interim Order and satisfy any other requirements of the Court. The Final Order will, if granted, constitute a basis for the exemption from the registration requirements of the U.S. Securities Act with respect to the issuance of the B2Gold Common Shares and B2Gold Replacement Options. See “The Arrangement - Court Approval and Completion of the Arrangement”.

The B2Gold Common Shares to be issued in exchange for Common Shares in connection with the Arrangement will be freely transferable under United States federal securities laws and will not bear any restrictive legend imposed as a result of the requirement of the U.S. Securities Act, except with respect to B2Gold Common Shares held by persons who are deemed to be “affiliates” of B2Gold. As defined in Rule 144 of the U.S. Securities Act, an “affiliate” of an issuer is a person that directly or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the issuer. Typically, persons who are executive officers, directors or 10% or greater shareholders of an issuer are considered to be “affiliates”.

B2Gold Common Shares acquired by persons who are deemed to be affiliates may be resold by such persons only in transactions permitted by the applicable resale provisions of the U.S. Securities Act. Subject to certain limitations, such affiliates may immediately resell B2Gold Common Shares outside the United States without registration under the U.S. Securities Act pursuant to Regulation S under the U.S. Securities Act. In addition, such affiliates may resell B2Gold Common Shares without registration pursuant to Rule 144 under the U.S. Securities Act (“**Rule 144**”) thereunder including compliance with the volume, current public information and manner of sale limitations of Rule 144 and after 90 days have elapsed since the Effective Date of the Arrangement. The volume, current public information and manner of sale limitations generally require that any sales made by an affiliate in any three-month period not exceed the greater of 1% of the outstanding B2Gold Common Shares or, if the B2Gold

Common Shares are listed on a United States securities exchange, the average weekly trading volume over the four calendar weeks preceding the placement of the sell order, and that sales be made in unsolicited, open market “broker transactions” at times when certain information specified by the Rule 144 is publicly available with respect to B2Gold.

Section 3(a)(10) of the U.S. Securities Act does not exempt the issuance of securities upon the exercise of securities that were issued pursuant to Section 3(a)(10). Therefore, the B2Gold Common Shares issuable upon the exercise of the B2Gold Replacement Options may not be issued in reliance upon Section 3(a)(10) and the B2Gold Replacement Options may be exercised only pursuant to an exemption from the registration requirements of the U.S. Securities Act and applicable state securities laws. As a result, the B2Gold Replacement Options may only be exercised by a holder who represents that, at the time of exercise, the holder is not then located in the United States, is not a U.S. person, as defined in Rule 902 of Regulation S under the U.S. Securities Act (a “**U.S. Person**”), and is not exercising the B2Gold Replacement Options for the account or benefit of a U.S. Person or a person in the United States, unless the holder provides a legal opinion or other evidence reasonably satisfactory to B2Gold to the effect that the exercise of the B2Gold Replacement Options does not require registration under the U.S. Securities Act or state securities laws.

In addition, any B2Gold Common Shares issuable upon the exercise of the B2Gold Replacement Options to or for the account or benefit of a U.S. Person or a person in the United States will be “restricted securities” within the meaning of Rule 144 under the U.S. Securities Act, certificates representing such B2Gold Common Shares will bear a legend to that effect, and such B2Gold Common Shares may be resold only pursuant to an exemption from the registration requirements of the U.S. Securities Act and all applicable state securities laws. Subject to certain limitations, B2Gold Common Shares may be resold outside the United States without registration under the U.S. Securities Act pursuant to Regulation S under the U.S. Securities Act.

The foregoing discussion is only a general overview of certain requirements of United States federal securities laws applicable to the B2Gold Common Shares and B2Gold Replacement Options to be issued in exchange for Common Shares or Options, as the case may be, pursuant to the Arrangement and the B2Gold Common Shares issuable upon exercise of the B2Gold Replacement Options. All holders of such securities are urged to consult with their own counsel to ensure that the resale of their securities complies with applicable securities legislation.

Stock Exchange Listings and Reporting Issuer Status

If the Arrangement is consummated, the Common Shares are expected to be de-listed from the TSX and NYSE Alternext as soon as practicable following the Effective Date. Central Sun will also seek to be deemed to have ceased to be a reporting issuer (or the equivalent) under the securities legislation of each of the provinces in Canada under which it is currently a reporting issuer (or the equivalent). In addition, B2Gold intends to make all necessary filings so that Central Sun will cease to be subject to reporting under the U.S. Exchange Act on or shortly following the Effective Date of the Arrangement and B2Gold does not anticipate that it will have to continue as a successor to Central Sun’s reporting obligations.

B2Gold has applied to have the B2Gold Common Shares issuable in exchange for Common Shares pursuant to the Arrangement listed and posted for trading on the TSX. Listing will be subject to B2Gold fulfilling all of the standard requirements of the TSX.

Treatment of Options

Notwithstanding the terms of the Option Plans, or the terms of any agreement evidencing the grant of any Options, pursuant to the Arrangement, at the Effective Time, each outstanding Option shall be exchanged for a B2Gold Replacement Option to acquire (on the same terms and conditions as the Option it replaces) B2Gold Common Shares, such that on exercise of each B2Gold Replacement Option, such holder shall be entitled to acquire a number of B2Gold Common Shares equal to the product of (A) the number of Common Shares subject to the Option held by the Optionholder immediately before the Effective Time, and (B) the Share Exchange Ratio, provided that if the foregoing would result in the issuance of a fraction of a B2Gold Common Share, then the number of B2Gold Common Shares otherwise issued on exercise of the B2Gold Replacement Option shall be rounded down to the nearest whole number of B2Gold Common Shares, and the exercise price per B2Gold Common Share of such B2Gold Replacement Option shall

be an amount (rounded up to the nearest one-hundredth of a dollar) equal to the quotient of (A) the exercise price per Common Share subject to such Option immediately before the Effective Time divided by (B) the Share Exchange Ratio provided that the exercise price otherwise determined shall be adjusted to the extent, if any, required to ensure that the In the Money Amount of the B2Gold Replacement Option immediately after the exchange does not exceed In the Money Amount of the exchanged Option immediately before the Effective Time. The terms of each B2Gold Replacement Option will be the same as the terms of the Option it is exchanged therefore pursuant to the applicable Option Plan and any agreement evidencing the grant thereof prior to the Effective Time, except as provided above and except that such B2Gold Replacement Option will be fully vested and will expire in accordance with the original term of the Option it replaced (it will not expire as a result of the Arrangement being a change of control).

Treatment of Warrants

After the Effective Date, under the terms of the Warrants, each whole Warrant outstanding on the Effective Date will entitle the holder thereof to receive upon exercise (on the same terms and conditions as were applicable to such Warrant immediately before the Effective Time) the number (rounded down to the nearest whole number) of B2Gold Common Shares equal to the product of: (A) the number of Common Shares subject to such Warrant immediately prior to the Effective Time and (B) the Share Exchange Ratio. No fractional B2Gold Common Shares will be issued to holders of Warrants on exercise of Warrants. If a holder of Warrants is entitled, on exercise of a Warrant, to receive a fractional B2Gold Common Share, the number of B2Gold Common Shares issuable to such holder of Warrants on exercise of a Warrant will be rounded down to the nearest whole number of B2Gold Common Shares.

From the Effective Time, in accordance with the terms of the Warrants, certificates representing Warrants which were outstanding on the Effective Date will represent rights to purchase B2Gold Common Shares on the basis set forth above. B2Gold will not issue new warrant certificates representing such rights.

Treatment of Central Sun Bonus Shares

There are currently 790,000 Central Sun Bonus Shares issued to Participants pursuant to the Central Sun Share Bonus Plan. The Central Sun Bonus Shares are Common Shares issued to Participants placed in escrow and held in escrow by Equity Transfer & Trust Company as escrow agent and which are released from escrow in accordance with a pre-established release schedule. Upon the Board determining that a change of control has occurred, the Board has the power to instruct the escrow agent to release the Central Sun Bonus Shares from escrow upon such change of control being effective. Under the terms of the Arrangement Agreement, the Central Sun Bonus Shares will therefore be released from escrow upon the occurrence of the Effective Time and Participants holding Central Sun Bonus Shares shall be entitled to receive B2Gold Common Shares in exchange for Central Sun Bonus Shares on the basis of the Share Exchange Ratio.

- (e) from the date of the Arrangement Agreement to the Effective Date, there shall not have occurred, and neither Central Sun nor any Central Sun Subsidiary shall have incurred or suffered, any one or more changes, effects, events, occurrences or states of facts that, either individually or in the aggregate, have, a Material Adverse Effect on Central Sun; and
- (f) the directors of Central Sun and the Central Sun Subsidiaries shall have adopted all necessary resolutions and all other necessary corporate action shall have been taken by Central Sun and the Central Sun Subsidiaries to permit the consummation of the Arrangement.

Additional Conditions Precedent to the Obligations of Central Sun

The Arrangement Agreement provides that the obligations of Central Sun to complete the Arrangement are also subject to the following conditions precedent, each of which is for the exclusive benefit of Central Sun and may be waived by Central Sun:

- (a) the representations and warranties made by B2Gold in the Arrangement Agreement shall be true and correct as of the Effective Date as if made on and as of such date (except to the extent that such representations and warranties speak as of an earlier date, in which event such representations and warranties shall be true and correct as of such earlier date), except where any failures or breaches of representations and warranties would not either individually or in the aggregate, in the reasonable judgment of Central Sun, have a Material Adverse Effect on B2Gold, and B2Gold shall have provided to Central Sun a certificate of two officers thereof certifying such accuracy or lack of Material Adverse Effect on the Effective Date;
- (a) B2Gold shall have complied in all material respects with its covenants in the Arrangement Agreement and B2Gold shall have provided to Central Sun a certificate of two officers thereof, certifying that, as of the Effective Date, they have so complied with their covenants in the Arrangement Agreement;
- (b) (i) the TSX shall have conditionally approved the listing thereon of the B2Gold Common Shares to be issued pursuant to the Arrangement as of the Effective Date, including, but not limited to all B2Gold Common Shares issuable upon the exercise of the Warrants and the options granted by B2Gold to replace the Options; and (ii) the TSX shall have, if required, accepted notice for filing of all transactions of Central Sun contemplated in the Arrangement Agreement or necessary to complete the Arrangement; in each case, subject only to compliance with the usual requirements of the TSX;
- (c) from the date of the Arrangement Agreement to the Effective Date, there shall not have occurred, and neither B2Gold nor any B2Gold Subsidiary shall have incurred or suffered, any one or more changes, effects, events, occurrences or state of facts that, either individually or in the aggregate, has, a Material Adverse Effect on B2Gold;
- (d) B2Gold shall have made one or more advances to Central Sun in accordance with and as shall be required under the secured loan between Central Sun and B2Gold in the principal amount of up to \$10,000,000 on the terms and conditions set forth in the loan agreement and convertible debenture evidencing such loan entered into as of the date of the Arrangement Agreement; and
- (e) the directors of B2Gold shall have adopted all necessary resolutions and all other necessary corporate action is to have been taken by B2Gold to permit the consummation of the Arrangement.

Covenant Regarding Non- Solicitation

Central Sun has agreed in the Arrangement Agreement that it will, and will direct and cause its officers, directors, employees, representatives, advisors and agents and the Central Sun Subsidiaries and its representatives, advisors, agents, officers, directors and employees to, immediately cease and cause to be terminated any solicitation, encouragement, activity, discussion or negotiation with any parties that may be ongoing with respect to an Acquisition Proposal whether or not initiated by Central Sun.

Covenant Regarding Acquisition Proposal

Subject to Central Sun's right to accept a Superior Proposal or unless permitted pursuant to Central Sun's non-solicitation covenant outlined above, Central Sun has agreed that it will not, and will not authorize or permit any of its officers, directors, employees, representatives, advisors or agents or the Central Sun Subsidiaries, directly or indirectly, to:

- (a) make, solicit, initiate, entertain, encourage, promote or facilitate, including by way of permitting any visit to its facilities or properties or entering into any form of agreement, arrangement or understanding, any inquiries or the making of any proposals regarding an Acquisition Proposal or that may be reasonably expected to lead to an Acquisition Proposal;
- (b) participate, directly or indirectly, in any discussions or negotiations regarding, or furnish to any Person any information or otherwise co-operate with, respond to, assist or participate in any Acquisition Proposal or potential Acquisition Proposal;
- (c) remain neutral with respect to, or agree to, approve or recommend any Acquisition Proposal or potential Acquisition Proposal (it being understood that publicly taking no position or a neutral position with respect to an Acquisition Proposal until two business days following formal announcement of such Acquisition Proposal will not be considered to be a violation of this section);
- (d) withdraw, modify, qualify or change in a manner adverse to B2Gold, or publicly propose to or publicly state that it intends to withdraw, modify, qualify or change in a manner adverse to B2Gold the approval, recommendation or declaration of advisability of its Board of the Transaction (a "**Change in Recommendation**") (it being understood that failing to affirm the approval or recommendation of its Board of the Transaction within two business days after an Acquisition Proposal relating to such party has been publicly announced and, in circumstances where no Acquisition Proposal has been made, within ten business days of being requested to do so by B2Gold, will be considered an adverse modification);
- (e) enter into any agreement, arrangement or understanding related to any Acquisition Proposal or requiring it to abandon, terminate or fail to consummate the Transaction or providing for the payment of any break, termination or other fees or expenses to any Person in the event that the Transaction is completed or any other transaction is agreed to prior to any termination of the Arrangement Agreement; or
- (f) make any public announcement or take any other action inconsistent with the recommendation of its Board to approve the Transaction.

Notwithstanding the foregoing and any other provisions of the Arrangement Agreement:

- (a) The Board may consider, participate in any discussions or negotiations with and provide information to, any person who has delivered a written Acquisition Proposal which was not solicited or encouraged by Central Sun after the date of the Arrangement Agreement and did not otherwise result from a breach of this covenant by Central Sun and that the Board determines in good faith, may reasonably be expected to constitute a Superior Proposal provided, however, that if Central Sun provides confidential non-public information to such Person, Central Sun obtains a confidentiality agreement from the Person making such Acquisition Proposal that is substantively the same as the confidentiality agreement between Central Sun and B2Gold, and otherwise on terms no more favourable to such Person than such confidentiality agreement. If Central Sun receives a request for material non-public

information from a Person who proposes to make an Acquisition Proposal and the Board determines in good faith that such Acquisition Proposal, if made, could reasonably be expected to lead to a Superior Proposal and provided that Central Sun obtains a confidentiality agreement from the Person making such Acquisition Proposal that is substantially the same as the confidentiality agreement between Central Sun and B2Gold, and otherwise on terms no more favourable to such Person than such confidentiality agreement, Central Sun is permitted to provide such Person with access to information regarding Central Sun; provided that Central Sun sends a copy of any such confidentiality agreement to B2Gold promptly upon its execution and B2Gold is provided with a list of the information provided to such Person and is immediately provided with access to similar information to which such Person was provided.

- (b) Nothing contained in the Arrangement Agreement will prohibit the Board from making a Change in Recommendation or from making any disclosure to the Shareholders if, in the good faith judgment of the Board, after consultation with outside counsel, such action is necessary for the Board to act in a manner consistent with its fiduciary duties or is otherwise required under applicable Laws, provided that in the case of a proposal to make a Change in Recommendation that does not relate to a Superior Proposal and except as may otherwise be necessary for the Board to act in a manner consistent with its fiduciary duties, not less than 48 hours before the Board considers any such proposal Central Sun will give B2Gold written notice of such proposal and promptly advise B2Gold of the Board's intention to consider such proposal and provided further that the Board shall not be entitled to make any Change in Recommendation that results from (i) an increase in the trading price of the Common Shares that facilitates or may facilitate an equity financing of Central Sun and/or (ii) a change in global credit markets that facilitates or may facilitate a debt financing of Central Sun.
- (c) The foregoing provisions shall not to relieve Central Sun from its obligation to proceed to call and hold a special meeting of the Shareholders and to hold the vote on the Arrangement Resolution except in circumstances where the Arrangement Agreement is terminated in accordance with the terms hereof.
- (d) Nothing contained in this covenant will prohibit the Board from distributing a circular in compliance with applicable Canadian and U.S. securities laws, as applicable, in response to a take-over bid, provided however that the Board will not, except as permitted in the Arrangement Agreement, withdraw or modify, or propose to withdraw or modify, its recommendation with respect to the Transaction or approve or recommend or propose to approve or recommend an Acquisition Proposal.

Central Sun has the obligation to promptly (and in any event within 48 hours) notify B2Gold, at first orally and then in writing, of any proposals, offers or written inquiries relating to or constituting an Acquisition Proposal, or any request for non-public information relating to Central Sun or the Central Sun Subsidiaries. Such notice shall include a description of the terms and conditions of any proposal, inquiry or offer, the identity of the person making such proposal, inquiry or offer and provide such other details of the proposal, inquiry or offer as B2Gold may reasonably request. Central Sun will keep B2Gold fully informed on a prompt basis of the status, including any change to the material terms, of any such inquiry, proposal or offer.

Right to Accept a Superior Proposal

If Central Sun has complied with its covenants regarding non-solicitation and acquisition proposals, set out above, Central Sun may accept, approve, recommend or enter into any agreement, understanding or arrangement in respect of a Superior Proposal (other than a confidentiality agreement, the execution of which is not subject to the conditions set out in this paragraph) received prior to the date of approval of the Transaction by the Shareholders and terminate the Arrangement Agreement if, and only if: (i) Central Sun has provided B2Gold with a copy of the Superior Proposal document; (ii) Central Sun has provided B2Gold with the information regarding such Superior Proposal

required by the Arrangement Agreement; (iii) the Board has determined in good faith after consultation with outside legal counsel and its financial advisors that it is necessary in order for the Board to discharge properly its fiduciary duties to withdraw or modify its approval or recommendation of the Arrangement Agreement and to approve or recommend such Superior Proposal; and (iv) four business days shall have elapsed from the later of the date B2Gold received written notice (a “**Superior Proposal Notice**”) advising B2Gold that the Board has resolved to accept, approve, recommend or enter into an agreement in respect of such Superior Proposal, and the date B2Gold received a copy of such Superior Proposal document (the “**Response Period**”). In the event that Central Sun provides B2Gold with a Superior Proposal Notice on a date that is less than seven business days prior to the Meeting Central Sun will, at the request of B2Gold, adjourn the Meeting to a date that is not less than five business days and not more than 15 days after the date of the Superior Proposal Notice. If the Proxy Circular has been sent to the Shareholders prior to the expiry of the four business day period, and during such period, B2Gold requests in writing that the Meeting proceed, unless otherwise ordered by a court, Central Sun will continue to take all reasonable steps necessary to hold the Meeting and to cause the Transaction to be voted on at the Meeting.

During the four business day period referred to in the prior paragraph, B2Gold shall have the right, but not the obligation, to offer in writing to amend the terms of the Arrangement Agreement, which offer must be received by Central Sun prior to 5:00 p.m. (Toronto time) on the fourth business day of such period in order for such offer to comply with the requirements. The Board will review any written proposal by B2Gold to amend the terms of the Arrangement Agreement in good faith in order to determine, in its discretion in the exercise of its fiduciary duties, whether the amended proposal would, upon acceptance by Central Sun be more favourable than the Superior Proposal. If the Board so determines, it will cause Central Sun to enter into an amended agreement with B2Gold reflecting the amended proposal. If the Board does not so determine, Central Sun may accept, approve, recommend or enter into an agreement, understanding or arrangement in respect of such Superior Proposal, subject to compliance with the provisions regarding the Termination Fee.

Each successive material modification of any Acquisition Proposal will constitute a new Acquisition Proposal for the purposes of the requirement and will initiate an additional four business day notice period.

Termination Payment

In the event that:

- (a) Central Sun enters into an agreement to effect an Acquisition Proposal that is a Superior Proposal; or
- (b) Central Sun makes a Change of Recommendation in respect of the Transaction; or
- (c) the Arrangement Agreement is terminated by B2Gold pursuant to paragraph (b) under the heading “Termination” below; or
- (d) the Arrangement Agreement is terminated by B2Gold pursuant to paragraph (e) under the heading “Termination” below, as result of the failure of Central Sun to fulfill any of the conditions precedent to the obligations of B2Gold; or
- (e) the Arrangement Agreement is terminated by B2Gold pursuant to paragraph (f) under the heading “Termination” below, as a result of a material breach by Central Sun of its covenants under the Arrangement Agreement,

then Central Sun will pay to B2Gold an aggregate amount in cash equal to \$2,000,000 (the “**Termination Fee**”) in immediately available funds.

In the event that Shareholders do not approve the Transaction at the Meeting, Central Sun will pay to B2Gold a payment in the amount of \$375,000 in immediately available funds, as an expenses payment.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

In addition, in the event that Central Sun terminates the Arrangement Agreement pursuant to the termination provisions described in paragraphs (f) (as a result of a failure of B2Gold to fulfill any of the conditions precedent to the obligations of Central Sun) and (g) (as a result of a material breach of B2Gold of its covenants under the Arrangement Agreement) under the heading "Termination" below, then B2Gold will pay to Central Sun the Termination Fee in immediately available funds.

In addition to the foregoing, if the Arrangement Agreement is terminated due to the failure by the Shareholders to approve the Transaction at the Meeting, and prior to such Meeting, a *bona fide* Acquisition Proposal, or the intention to enter a *bona fide* Acquisition Proposal with respect to Central Sun, has been publicly announced and not withdrawn and within twelve months of the date of such termination:

- (a) the Person who made such Acquisition Proposal or an affiliate of such Person:
 - (i) directly or indirectly acquires Central Sun by takeover bid, arrangement, business combination or otherwise;
 - (ii) directly or indirectly acquires the assets of Central Sun or the Central Sun Subsidiaries that: (1) constitute more than 20% of the consolidated assets of Central Sun; (2) generate more than 20% of the consolidated revenue of Central Sun; or (3) generate more than 20% of the consolidated operating income of Central Sun; or
 - (iii) directly or indirectly acquires more than 50% of the voting or equity securities of Central Sun; or
- (b) Central Sun and/or the Central Sun Subsidiaries enters into a definitive agreement in respect of or the Board approves or recommends a transaction contemplated by (a) above with the Person or such affiliate that made such Acquisition Proposal and that transaction is consummated at any time thereafter;

then Central Sun will pay to B2Gold the Termination Fee.

Termination

Subject to the payment of the Termination Fee and expense reimbursement, the Arrangement Agreement may be terminated at any time prior to the Completion Deadline:

- (a) by mutual written agreement between B2Gold and Central Sun;
- (b) by B2Gold if: (i) the Board has withdrawn or modified in a manner adverse to B2Gold its approval or recommendation of the Transaction; or (ii) Central Sun has entered into a definitive agreement with respect to a Superior Proposal;
- (c) by B2Gold if the Board has withdrawn or modified in a manner adverse to B2Gold its approval or recommendation;
- (d) by Central Sun in order to enter into a definitive written agreement with respect to a Superior Proposal in compliance with Section 6.3 of the Arrangement Agreement, and having paid the Termination Fee required to be paid;
- (e) by B2Gold or Central Sun if the required approval of the Shareholders has not been obtained at the Meeting;

- (f) by either party to the Arrangement Agreement if any condition precedent to its obligations has not been satisfied by the Completion Deadline or where it is clear that the condition cannot be satisfied prior to the Completion Deadline; or
- (g) by B2Gold or Central Sun if there is a material breach by the other party of its covenants under the Arrangement Agreement prior to the Completion Deadline.

Expense Reimbursement

Central Sun and B2Gold have agreed that all out-of-pocket expenses incurred in connection with the Arrangement and the Transaction, the Meeting and the preparation and mailing of the Proxy Circular, including legal and accounting fees, printing costs and all disbursements by advisors, will be paid by the party incurring such expense.

THE VOTING AGREEMENTS

On January 30, 2009, each of the Locked-up Shareholders, being directors and executive officers of Central Sun, who collectively beneficially owned, controlled or directed, directly or indirectly, over 1,870,335 Common Shares, representing approximately 3% of the issued and outstanding Common Shares as of February 19, 2009, and Aberdeen which beneficially owns, controls or directs, directly or indirectly, over 6,619,000 Common Shares as of February 19, 2009, representing approximately 10.5% of the issued and outstanding Common Shares, entered into a Voting Agreement with B2Gold. As noted above, pursuant to MI 61-101, votes attaching to the Common Shares owned, controlled or directed, directly or indirectly, by Mr. Bharti and Mr. Tagliamonte will be excluded for the purposes of determining whether majority approval of the Minority Shareholders has been obtained on the Arrangement Resolution.

The following description of certain material provisions of the Voting Agreements is a summary only and is not comprehensive.

Pursuant to the terms of the Voting Agreements, each Locked-up Shareholder agreed that except as permitted by the Voting Agreements, until the earlier of the Effective Date or the termination of the Voting Agreements, each such Locked-up Shareholder will:

- (a) vote, or cause to be voted the Common Shares and any other Common Shares that the Locked-Up Shareholder may acquire or over which the Locked-Up Shareholder may acquire control after the date of entering into the Voting Agreement, in favour of the Arrangement;
- (b) not take any action that would or could result in the Common Shares not being voted in accordance with the Voting Agreement;
- (c) not sell, transfer, option or otherwise dispose of the Common Shares;
- (d) not exercise any statutory or other right of dissent with respect to the securities of Central Sun that may be available to the Locked-up Shareholder in connection with the Arrangement;
- (e) not exercise any shareholder rights or remedies available at common law or pursuant to the CBCA or applicable securities legislation to challenge, delay, hinder or prevent the Transaction; and
- (f) cause the registered holder of the Common Shares and any other securities of Central Sun beneficially owned by, or under the control or direction of, the Locked-up Shareholder to comply with the Locked-up Shareholder's obligations under the Voting Agreement.

Each of the Voting Agreements will automatically terminate upon the earlier of (i) the termination of the Letter Agreement or the Arrangement Agreement, as the case may be; (ii) the Effective Time; and (iii) July 31, 2009.

OTHER ARRANGEMENTS WITH B2GOLD

Central Sun and B2Gold have entered a commitment letter (the “**Commitment Letter**”) dated February 6, 2009, whereby B2Gold has agreed to loan Central Sun an aggregate principal amount of up to \$10,000,000, such indebtedness to be evidenced by convertible debentures (the “**Debentures**”) bearing interest at 12% per annum, to be repaid in full on or before June 20, 2009. All or a portion of the outstanding principal amount of the Debentures will be convertible at the option of the holder into Common Shares at a conversion price of \$0.60 per Common Share until June 20, 2009 provided that the holder may only convert such portion of the principal amount of the Debentures that is equal to or less than 9.9% of the issued and outstanding Common Shares at that time. Central Sun has the option of converting part or all of the outstanding Debentures (including any or all accrued but unpaid interest), subject to regulatory approval in certain circumstances, at any time between the 6th Business Day and the 30th day after the termination of the Arrangement Agreement (which time period may be extended by up to 60 days in the event shareholders’ approval is required) by issuing Common Shares at a deemed price equal to the 5-trading day volume weighted average trading price of the Common Shares on the TSX following such termination.

On February 9, 2009, Central Sun issued its first Debenture to B2Gold in the principal amount of \$3,000,000. On February 19, 2009, Central Sun issued its second Debenture to B2Gold in the principal amount of \$2,000,000, for an aggregate principal amount of \$5,000,000 outstanding under the Debentures as at February 19, 2009.

OTHER MATTERS TO BE ACTED UPON - STATED CAPITAL REDUCTION

An arrangement under the CBCA requires court approval. Prior to the mailing of this Proxy Circular, Central Sun obtained from the Court, the Interim Order which provides for the calling and holding of the Meeting and certain other procedural matters. Pursuant to the Interim Order, Central Sun is required to return to Court for a Final Order approving the Arrangement. At the hearing, the Court will be asked to approve the terms and conditions of the Arrangement. In hearing the petition for the Final Order, the Court will consider, among other things, the fairness and reasonableness of the Arrangement and satisfaction of the statutory conditions for completing an arrangement under the CBCA, including compliance with the solvency tests discussed in the following paragraphs.

Among the statutory conditions to be complied with in order for the Court to approve the Arrangement is that the corporation proposing the arrangement, in this case, Central Sun, not be “insolvent” within the meaning of Section 192 of the CBCA.

Under Section 192 of the CBCA, a corporation is not insolvent if it is able to pay its liabilities as they become due and the realizable value of its assets is greater than the aggregate of its liabilities and stated capital of all classes of shares. The CBCA requires that a corporation create and maintain a stated capital account for each class of its shares and add the value of the consideration it receives upon the issue of a share to the applicable stated capital account. The stated capital account is not automatically reduced by the amount of a corporation’s accumulated deficit and, consequently, the value of the stated capital account can be greater than the corporation’s shareholder equity of that class. If a corporation has accumulated a significant deficit but has not concurrently reduced its stated capital account, compliance with the second test set forth in Section 192 of the CBCA may be difficult. However, the CBCA provides that a stated capital account may be reduced for any purpose by a special resolution of the holders (i.e. approved by no less than 66 % of the votes cast at a special meeting) of the applicable class.

In order to ensure that the realizable value of Central Sun’s assets will exceed its liabilities and stated capital at the time the Arrangement is to be completed, Central Sun will request that its shareholders pass a special resolution pursuant to Section 38 of the CBCA to approve a reduction of the stated capital account maintained for the Common Shares by US\$37 million (the “**Stated Capital Reduction**”). In addition to reducing the stated capital of the Common Shares, the reduction in stated capital will proportionately reduce Central Sun’s accumulated deficit but will leave Central Sun’s shareholder equity unaffected.

Central Sun has determined that it is desirable to effect the reduction in stated capital to ensure that the requirements of Section 192 of the CBCA will be met at the time final Court approval of the Arrangement is sought.

The Board recommends that the Shareholders vote FOR the special resolution relating to the Stated Capital Reduction. Unless otherwise indicated, the persons named in the accompanying form of proxy intend to vote FOR the special resolution relating to the Stated Capital Reduction. Such resolution requires the approval of 66% of the votes cast by Shareholders in person or represented by proxy at the Meeting.

The text of the special resolution, which will be submitted to Shareholders at the Meeting is set out below.

“RESOLVED, as a special resolution that:

A. Subject to the Arrangement Resolution being approved by the shareholders and in accordance with section 38(1) of the CBCA, Central Sun is hereby authorized to reduce the stated capital account maintained in respect of its common shares by approximately US\$37 million (or such other amount as may be determined by the directors of Central Sun), with effect as and from the passage of this resolution, by deducting that amount from the stated capital maintained by Central Sun for its common shares.

B. Any officer or director of Central Sun is hereby authorized and directed for and on behalf of Central Sun to execute or cause to be executed, under the seal of Central Sun or otherwise, and deliver or cause to be delivered, all such other documents and instruments and to perform or cause to be performed all such other acts and things as may be necessary or desirable to give full effect to this special resolution and the matters authorized hereby.

C. Notwithstanding that this resolution has been passed by the Shareholders, the directors of Central Sun are hereby authorized and empowered to revoke this resolution if such revocation is considered necessary or desirable by the directors.”

COMPARISON OF SHAREHOLDER RIGHTS

On completion of the Transaction, Shareholders will become B2Gold shareholders. Since B2Gold is a British Columbia company, the rights of B2Gold shareholders are governed by the applicable laws of the province of British Columbia, including the BCBCA, and by B2Gold’s notice of articles and articles. Since Central Sun is a Canadian company, the rights of Shareholders are governed by the CBCA and by Central Sun’s articles and bylaws.

Although the rights and privileges of shareholders under the BCBCA are in many instances comparable to those under the CBCA, there are several differences. See Appendix “H” to this Proxy Circular for a comparison of these rights.

RISK FACTORS

Shareholders should carefully consider the following risk factors in evaluating whether to approve the Arrangement. These risk factors should be considered in conjunction with the other information included in this Proxy Circular, including the documents incorporated by reference herein.

Risk Factors Relating to the Arrangement

There can be no certainty that all conditions precedent to the Arrangement will be satisfied. Failure to complete the Arrangement could negatively impact the share price of Central Sun or otherwise adversely affect the business of Central Sun.

The completion of the Arrangement is subject to a number of conditions precedent, certain of which are outside the control of Central Sun, including receipt of the Final Order. There can be no certainty, nor can Central Sun provide any assurance, that these conditions will be satisfied or, if satisfied, when they will be satisfied. If the Arrangement is not completed, the market price of the Common Shares may decline to the extent that the market price reflects a market assumption that the Arrangement will be completed (See “Comparative Market Prices of Central Sun”). If the Arrangement is not approved and the Board decides to seek another merger or business combination, there

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

can be no assurance that it will be able to find a party willing to pay an equivalent or more attractive price than the Consideration to be paid pursuant to the Arrangement.

In conjunction with the Arrangement, B2Gold has agreed to loan Central Sun an aggregate principal amount of up to \$10,000,000, such indebtedness to be evidenced by Debentures, which amount will be repayable to B2Gold within 60 days of the termination of the Arrangement Agreement. On February 9, 2009, Central Sun issued its first Debenture to B2Gold representing a principal amount of \$3,000,000. On February 19, 2009, Central Sun issued its second Debenture to B2Gold in the principal amount of \$2,000,000, for an aggregate principal amount of \$5,000,000, outstanding under the Debentures as at February 19, 2009. In the event that the Arrangement Agreement is terminated and Central Sun either elects to not convert the amount outstanding or is not eligible to convert the amount outstanding into Common Shares, then Central Sun will be required to repay the amount outstanding. Central Sun may have to borrow additional funds or issue additional equity securities to repay such amount and any repayment may have a Material Adverse Effect on Central Sun.

Certain costs related to the Arrangement, such as legal, accounting and certain financial advisor fees, must be paid by Central Sun even if the Arrangement is not completed. If the Arrangement is not completed, Central Sun may also be required to pay B2Gold the Termination Fee or the \$375,000 expenses payment. See "The Arrangement Agreement - Termination Payment".

In addition, Central Sun employees may experience uncertainty about their future roles with B2Gold until B2Gold's strategies with respect to Central Sun are announced and executed. This may adversely affect Central Sun's ability to attract or to retain key management and personnel.

Risks associated with the Fixed Consideration

Pursuant to the provisions of the Plan of Arrangement, each Common Share will be exchanged for 1.28 B2Gold Common Shares. The Consideration is fixed and it will not increase or decrease due to fluctuations in the market price either of the B2Gold Common Shares or the Common Shares. The implied value of the Consideration that Shareholders will receive pursuant to the Arrangement will depend on the market price of the B2Gold Common Shares on the Effective Date. If the market price of the B2Gold Common Shares increases or decreases, the value of the Consideration that Shareholders receive pursuant to the Arrangement will correspondingly increase or decrease. There can be no assurance that the market price of the B2Gold Common Shares on the Effective Date will not be lower than the market price of such shares on the date of the Meeting. In addition, the number of B2Gold Common Shares being issued in connection with the Arrangement will not change despite decreases or increases in the market price of Common Shares. Many of the factors that affect the market price of the B2Gold Common Shares and the Common Shares are beyond the control of B2Gold and Central Sun, respectively. These factors include fluctuations in commodity prices (most importantly gold), fluctuations in currency exchange rates, changes in the regulatory environment, adverse political developments, prevailing conditions in the capital markets and interest rate fluctuations.

Uncertainties associated with the Arrangement

The Arrangement will involve the integration of companies that previously operated independently. An important factor in the success of the Arrangement will be the ability of the management team of B2Gold to integrate all or part of the operations, systems, technologies and personnel of Central Sun following the completion of the transaction. The Arrangement and/or the integration of the two businesses can result in unanticipated operational problems and interruptions, expenses and liabilities, the diversion of management attention and the loss of key employees, customers or suppliers. There can be no assurance that the Arrangement and business integration will be successful or that the combination will not adversely affect the business, financial condition or operating results of B2Gold. In addition, B2Gold may incur costs related to the Arrangement and related to integrating the two companies. There can be no assurance that B2Gold will not incur additional material costs in subsequent quarters to reflect additional costs associated with the Arrangement or that the benefits expected from the Arrangement will be realized.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

The Termination Fee provided under the Arrangement Agreement may discourage other parties from attempting to acquire Central Sun.

Under the Arrangement Agreement, Central Sun is required to pay a Termination Fee of \$2,000,000 in the event the Arrangement Agreement is terminated in certain circumstances. This Termination Fee may discourage other parties from attempting to acquire the Common Shares, even if those parties would otherwise be willing to offer greater value to Shareholders than that offered by B2Gold and B2Gold Subco under the Arrangement. See “The Arrangement Agreement — Termination Fee”.

Even if the Arrangement Agreement is terminated without payment of the Termination Fee, Central Sun may, in the future, be required to pay the Termination Fee in certain circumstances.

Under the Arrangement Agreement, Central Sun may be required pay the Termination Fee to B2Gold if prior to the termination of the Arrangement Agreement or prior to the Meeting, a *bona fide* Acquisition Proposal, or the intention to make an Acquisition Proposal, with respect to Central Sun has been made or publicly announced and not withdrawn and within twelve months following the date of such termination the Person who made such Acquisition Proposal or their affiliate: (i) directly or indirectly acquires Central Sun; (ii) directly or indirectly acquires certain assets of Central Sun; or (iii) directly or indirectly acquires more than 50% of the voting securities of Central Sun, or Central Sun and/or one or more of its subsidiaries enters into a definitive agreement in respect of, or the Board approves or recommends, an Acquisition Proposal with such Person and that Acquisition Proposal is subsequently consummated at any time thereafter. See “The Arrangement Agreement — Termination Payment”.

Risk Factors Relating to Central Sun

Whether or not the Arrangement is completed, Central Sun will continue to face many risk factors that it currently faces with respect to its business and affairs. The exploration and development of natural resources are highly speculative in nature and are subject to significant risks. The risk factors that should be taken into account in assessing B2Gold’s activities include, but are not limited to, those set out elsewhere in this Proxy Circular and the documents incorporated herein by reference, including the Central Sun AIF under the section “Risk Factors” and under other documents incorporated by reference herein. Additional risks and uncertainties not presently known to Central Sun or that Central Sun currently considers immaterial may also impair the business, operations and future prospects of Central Sun. If any such risks were to occur, the business of Central Sun may be harmed and its financial condition and results of operations may suffer significantly

Risk Factors Relating to B2Gold

Given that B2Gold Common Shares are proposed to be issued as the Consideration pursuant to the Arrangement, Shareholders should be aware of the risk factors B2Gold currently faces with respect to its business and operations. The exploration and development of natural resources are highly speculative in nature and are subject to significant risks. The risk factors that should be taken into account in assessing B2Gold’s activities include, but are not limited to, those set out elsewhere in this Proxy Circular and the documents incorporated herein by reference, including the B2Gold AIF. Additional risks and uncertainties not presently known to B2Gold or that B2Gold currently considers immaterial may also impair the business, operations and future prospects of B2Gold. If any such risks were to occur, the business of B2Gold may be harmed and its financial condition and results of operations may suffer significantly.

CERTAIN TAX CONSIDERATIONS FOR SHAREHOLDERS

Certain Canadian Federal Income Tax Considerations

In the opinion of Cassels Brock & Blackwell LLP, counsel to Central Sun, the following describes the principal Canadian federal income tax considerations relating to the Arrangement generally applicable to a Shareholder who, at all relevant times, for the purposes of the Tax Act: (a) deals at arm’s length with Central Sun and B2Gold; (b) is not affiliated with Central Sun or B2Gold; and (c) holds all Common Shares, and will hold all B2Gold Common Shares acquired on the Arrangement, as capital property (each such Shareholder referred to sometimes in this summary as a “**Holder**”).

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

A Holder's Common Shares and B2Gold Common Shares generally will be considered to be capital property of the Holder unless the Holder holds the shares in the course of carrying on a business or acquired the shares in a transaction considered to be an adventure in the nature of trade.

This summary is based on the current provisions of the Tax Act, the regulations thereunder, and counsel's understanding of the current published administrative practices and policies of the Canada Revenue Agency (the "CRA") publicly available prior to the date hereof. This summary also takes into account all specific proposals to amend the Tax Act and the regulations announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the "Proposed Amendments"), and assumes that all Proposed Amendments will be enacted in the form proposed, although no assurances can be given in this regard. Except for the Proposed Amendments, this summary does not take into account or anticipate any changes in law, whether by legislative, governmental, regulatory, or judicial action or decision, or changes in the administrative practices of the CRA, nor does it take into account provincial, territorial or foreign income tax considerations, which may differ from the Canadian federal income tax considerations discussed below.

This summary is not applicable to a Holder that is a "financial institution" as defined in the Tax Act for the purposes of the "mark-to-market property" rules or a "specified financial institution" as defined in the Tax Act, nor does it apply to a Holder an interest in which is a "tax shelter investment" as defined in the Tax Act or a Holder that has made a functional currency reporting election under the Tax Act. In addition, this summary does not address all issues relevant to Holders who acquired their Common Shares on the exercise of an employee stock option. Such Holders should consult their own tax advisors.

This summary is of a general nature only and is not exhaustive of all possible Canadian federal income tax considerations. This summary is not, and should not be construed as, legal, business or tax advice to any particular Holder and no representations with respect to the tax consequences to any particular Holder are made. Accordingly all Holders, and all other Shareholders, should consult their own tax advisors regarding the Canadian federal income tax consequences of the Arrangement applicable to their particular circumstances.

Holders Resident in Canada

This portion of the summary is applicable to a Holder who, for the purposes of the Tax Act and any applicable income convention or treaty, is resident or deemed to be resident in Canada at all relevant times (a "Resident Holder"). Certain Resident Holders whose Common Shares or B2Gold Common Shares might not otherwise be capital property may, in certain circumstances, be entitled to make an irrevocable election under subsection 39(4) of the Tax Act to have such shares and every other "Canadian security" (as defined in the Tax Act) owned by such Resident Holder in the taxation year in which the election is made and in all subsequent taxation years deemed to be capital property. Resident Holders should consult their own tax advisors regarding whether an election under subsection 39(4) is available and advisable in their particular circumstances.

Exchange of Common Shares for B2Gold Common Shares

A Resident Holder who receives B2Gold Common Shares in exchange for its Common Shares under the Arrangement will realize neither a capital gain nor a capital loss as a result of the Arrangement. Such a Resident Holder will be considered to have disposed of its Common Shares for proceeds of disposition equal to the aggregate adjusted cost base of its Common Shares immediately before the Arrangement and to have acquired B2Gold Common Shares at an aggregate cost equal to such proceeds of disposition.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

For the purpose of determining at any time the adjusted cost base of B2Gold Common Shares acquired by a Resident Holder under the Arrangement, the cost of such B2Gold Common Shares must be averaged with the adjusted cost base to the holder of all other B2Gold Common Shares held by the Resident Holder at that time.

- 55 -

Holding and Disposing of B2Gold Common Shares

In the case of a Resident Holder who is an individual (other than certain trusts), dividends received or deemed to be received on B2Gold Common Shares will be included in computing the Resident Holder's income, and will be subject to the normal gross-up and dividend tax credit rules applicable to dividends paid by taxable Canadian corporations under the Tax Act, including the enhanced gross-up and dividend tax credit applicable to any dividend designated as an "eligible dividend" in accordance with the provisions of the Tax Act. There may be limitations on the ability of B2Gold to designate dividends as "eligible dividends". Dividends received by individuals and certain trusts may give rise to alternative minimum tax.

A Resident Holder that is a corporation will be required to include in income any dividend received or deemed to be received on B2Gold Common Shares, and generally will be entitled to deduct an equivalent amount in computing its taxable income. A Resident Holder that is a "private corporation" (as defined in the Tax Act) or any other corporation controlled, whether because of a beneficial interest in one or more trusts or otherwise, by or for the benefit of an individual (other than a trust) or a related group of individuals (other than trusts), will generally be liable to pay a refundable tax of 33% under Part IV of the Tax Act on dividends received (or deemed to be received) on the B2Gold Common Shares to the extent such dividends are deductible in computing taxable income for the year.

Generally, a Resident Holder who disposes of or is deemed to dispose of a B2Gold Common Share in a taxation year will be subject to the rules described below under "*Taxation of Capital Gains and Capital Losses*".

Taxation of Capital Gains and Capital Losses

Generally, a Resident Holder will be required to include in computing its income for a taxation year one-half of the amount of any capital gain (a "taxable capital gain") realized by it in that year. A Resident Holder will generally be entitled to deduct one-half of the amount of any capital loss (an "allowable capital loss") realized in a taxation year from taxable capital gains realized by the Resident Holder in that year. Allowable capital losses in excess of taxable capital gains for a taxation year may be carried back to any of the three preceding taxation years or carried forward to any subsequent taxation year and deducted against net taxable capital gains realized in such years, to the extent and under the circumstances specified in the Tax Act.

A capital loss realized on the disposition of a share by a Resident Holder that is a corporation may, to the extent and under the circumstances specified by the Tax Act, be reduced by the amount of dividends received or deemed to have been received by the corporation on such shares. Similar rules may apply where shares are owned by a partnership or trust of which a corporation, trust or partnership is a member or beneficiary. Resident Holder's to whom these rules may be relevant should consult their own advisors.

A Resident Holder that is a "Canadian-controlled private corporation" (as defined in the Tax Act) may be required to pay an additional 6% refundable tax on certain investment income, which includes taxable capital gains.

Capital gains realized by individuals and certain trusts may give rise to alternative minimum tax.

Dissenting Resident Holders

A Resident Holder who dissents in respect of the Arrangement and who receives payment from Central Sun equal to the fair value of such Holder's Common Shares (a "Dissenting Resident Holder") will be considered to have disposed of such shares for an amount equal to such payment (net of any interest awarded by a court).

Although the matter is not free from doubt, based on the CRA's administrative position regarding dissent rights and amalgamations, a Dissenting Resident Holder will realize a capital gain (or capital loss) to the extent that the payment, net of any interest awarded by a court, exceeds (or is less than) the aggregate of the Resident Holder's adjusted cost base of such shares and any reasonable cost of disposition. The treatment of any capital gain or capital losses is generally discussed above under the headings "Holding and Disposing of B2Gold Common Shares" and "Taxation of Capital Gains and Capital Losses".

- 56 -

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

Any interest awarded to a Dissenting Resident Holder by a court will be required to be included in such Resident Holder's income for purposes of the Tax Act.

Dissenting Resident Holders should consult their own tax advisors.

Eligibility of B2Gold Common Shares for Investment

B2Gold Common Shares will be qualified investments under the Tax Act for a trust governed by RRSPs, RRIFs, deferred profit sharing plans, RESPs, registered disability savings plans and tax-free savings accounts at any particular time provided that, at that time, the B2Gold Common Shares are listed on a designated stock exchange (which currently includes the TSX).

Holders Not Resident in Canada

This portion of the summary applies to a Holder who, at all relevant times, for the purposes of the Tax Act, is not, and is not deemed to be, resident in Canada and does not use or hold, and is not deemed to use or hold, Common Shares or B2Gold Common Shares in connection with carrying on a business in Canada (a "**Non-Resident Holder**"). Special rules, which are not discussed in this summary, may apply to a Holder that is an insurer carrying on business in Canada and elsewhere.

Exchange of Common Shares for B2Gold Common Shares

A Non-Resident Holder who exchanges Central Sun Common Shares for B2Gold Common Shares under the Arrangement will generally be subject to the same tax consequences as a Resident Holder on the Arrangement, as discussed above. Accordingly, a Non-Resident Holder who receives B2Gold Common Shares in exchange for Central Sun Common Shares on the Arrangement will generally realize neither a capital gain nor a capital loss.

Holding and Disposing of B2Gold Common Shares

A Non-Resident Holder who disposes of B2Gold Common Shares will not be subject to tax under the Tax Act on any gain arising on the disposition of such shares unless such shares constitute "taxable Canadian property" of the Non-Resident Holder for the purposes of the Tax Act. In addition, if such shares do constitute taxable Canadian property, the Non-Resident Holder may be exempt from tax under an applicable income tax convention or treaty.

Shares of a Canadian corporation, such as the B2Gold Common Shares, generally will not be taxable Canadian property of a Non-Resident Holder at a particular time provided that the relevant shares are listed on a designated stock exchange (which currently includes the TSX) and the Non-Resident Holder, persons with whom the Non-Resident Holder does not deal at arm's length, or the Non-Resident Holder together with such persons, has not owned 25% or more of the issued shares of any class or series of the capital stock of B2Gold at any time within the 60 month period immediately preceding the particular time. The Tax Act also contains certain provisions which may deem the shares of a corporation to be taxable Canadian property in certain circumstances. The application of one of these provisions will cause any B2Gold Common Shares received by a Non-Resident Holder in exchange for Central Sun Common Shares which constitute taxable Canadian property to the Non-Resident Shareholder to be deemed to be taxable Canadian property to the Non-Resident Holder.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

Generally, a Non-Resident Holder who realizes a capital gain on a disposition of B2Gold Common Shares which constitute taxable Canadian property of the Non-Resident Holder and which is not exempt from tax under an applicable income tax convention or treaty will be subject to the tax treatment described above under the subheading "*Holders Resident in Canada - Taxation of Capital Gains and Capital Losses*".

Dividends paid or deemed to be paid to a Non-Resident Holder on B2Gold Common Shares will be subject to Canadian non-resident withholding tax at the rate of 25% unless the rate is reduced under the provisions of an applicable income tax convention or treaty. Where the Non-Resident Holder is a U.S. resident entitled to benefits under the Canada-U.S. Income Tax Convention (1980) and is the beneficial owner of the dividends, the rate of Canadian withholding tax applicable to dividends is generally reduced to 15%.

- 57 -

Dissenting Non-Resident Holders

A Non-Resident Holder who dissents in respect of the Arrangement and who becomes entitled to a payment from Central Sun equal to the fair value of such Holder's Common Shares (a "**Dissenting Non-Resident Holder**") will be considered to have disposed of such shares for an amount equal to the amount of such entitlement, net of any interest awarded by a court. Non-Resident Holders should consult their own tax advisors regarding the tax consequences to them of exercising dissent rights in their particular circumstances.

Certain United States and Federal Income Tax Considerations

The following is a limited discussion of certain of U.S. federal income tax considerations applicable to a U.S. Holder (as defined below) arising from the Arrangement and the acquisition, ownership and disposition of B2Gold Common Shares received pursuant to the Arrangement. This summary is for general information purposes only and does not purport to be a complete analysis or listing of all potential U.S. federal income tax considerations that may apply to a U.S. Holder as a result of the Arrangement or as a result of the acquisition, ownership and disposition of B2Gold Common Shares received pursuant to the Arrangement. In addition, this summary does not take into account the individual facts and circumstances of any particular U.S. Holder that may affect the U.S. federal income tax considerations applicable to a U.S. Holder. Accordingly, this summary is not intended to be, and should not be construed as, legal or U.S. federal income tax advice with respect to any U.S. Holder. Moreover, this summary is not binding on the Internal Revenue Service (the "**IRS**") or the U.S. courts, and no assurance can be provided that the conclusions reached in this summary will not be challenged by the IRS or will be sustained by a U.S. court if so challenged. Neither Central Sun nor B2Gold has requested, and neither Central Sun nor B2Gold intend to request, a ruling from the IRS or an opinion from legal counsel regarding any of the U.S. federal income tax consequences of the Arrangement. Each U.S. Holder should consult its own tax advisor regarding the U.S. federal, U.S. state and local, and foreign tax consequences of the Arrangement and the acquisition, ownership and disposition of B2Gold Common Shares received pursuant to the Arrangement.

To ensure compliance with U.S. Treasury Department Circular 230, U.S. Holders are hereby notified that: (a) any discussion of U.S. federal tax issues in this document is not intended or written to be relied upon, and cannot be relied upon by a U.S. Holder, for the purpose of avoiding penalties that may be imposed under the Internal Revenue Code; (b) this summary was written in connection with the promotion or marketing of the transactions or matters addressed in this document; and (c) each U.S. Holder should seek advice based on such U.S. Holder's particular circumstances from an independent tax advisor.

Scope of this Disclosure

Authorities

This summary is based on the Internal Revenue Code of 1986, as amended (the "**Code**"), Treasury Regulations (final, temporary, and proposed), U.S. court decisions, published IRS rulings and published administrative positions of the IRS, that are applicable and, in each case, as in effect and available, as of the date of this Proxy Circular. Any of the authorities on which this summary is based could be changed in a material and adverse manner at any time, and any such change could be applied on a retroactive basis and could affect the U.S. federal income tax considerations described in this summary.

U.S. Holders

For purposes of this summary, a "**U.S. Holder**" is an owner of Common Shares participating in the Arrangement that, for U.S. federal income tax purposes, is (a) an individual who is a citizen or resident of the U.S., (b) a corporation, or other entity classified as a corporation for U.S. federal income tax purposes, that is created or

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

organized in or under the laws of the U.S. or any state in the U.S., including the District of Columbia, (c) an estate if the income of such estate is subject to U.S. federal income tax regardless of the source of such income, or (d) a trust if (i) such trust has validly elected to be treated as a U.S. person for U.S. federal income tax purposes or (ii) a U.S. court is able to exercise primary supervision over the administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of such trust.

Non-U.S. Holders

For purposes of this summary, a “**Non-U.S. Holder**” is an owner of Common Shares participating in the Arrangement that is not a U.S. Holder. This summary does not address the U.S. federal income tax considerations applicable to Non-U.S. Holders arising from the Arrangement. Accordingly, a Non-U.S. Holder should consult its own tax advisor regarding the U.S. federal, U.S. state and local, and foreign tax consequences (including the potential application of and operation of any tax treaties) of the Arrangement.

Transactions Not Addressed

This summary does not address the U.S. federal income tax consequences of transactions effectuated prior or subsequent to, or concurrently with, the Arrangement (whether or not any such transactions are undertaken in connection with the Arrangement), including, without limitation, the following:

- any exercise, conversion, assumption, disposition, exchange, or other transaction involving Warrants;
- any conversion into Common Shares of any Central Sun notes, debentures or other debt instruments;
- any transaction involving the Central Sun Bonus Shares or the Central Sun Share Bonus Plan;
- any vesting, conversion, assumption, disposition, exercise, exchange, or other transaction involving any rights to acquire Common Shares, including Options; and
- any transaction, other than the Arrangement, in which Common Shares or B2Gold Common Shares are acquired.

U.S. Holders Subject to Special U.S. Federal Income Tax Rules Not Addressed

This summary does not address the U.S. federal income tax considerations of the Arrangement to U.S. Holders that are subject to special provisions under the Code, including the following U.S. Holders: (a) U.S. Holders that are tax-exempt organizations, qualified retirement plans, individual retirement accounts, or other tax-deferred accounts; (b) U.S. Holders that are financial institutions, insurance companies, real estate investment trusts, or regulated investment companies or that are broker-dealers, dealers, or traders in securities or currencies that elect to apply a mark-to-market accounting method; (c) U.S. Holders that have a “functional currency” other than the U.S. dollar; (d) U.S. Holders that own Common Shares as part of a straddle, hedging transaction, conversion transaction, constructive sale, or other arrangement involving more than one position; (e) U.S. Holders that acquired Common Shares (or after the Arrangement, B2Gold Common Shares) in connection with the exercise of employee stock options or otherwise as compensation for services; (f) U.S. Holders that hold Common Shares (or after the Arrangement, B2Gold Common Shares) other than as a capital asset within the meaning of Section 1221 of the Code; (g) U.S. Holders who are U.S. expatriates or former long-term residents of the United States; and (h) U.S. Holders that own, or will own after the Effective Time, directly, indirectly, or by attribution, 5% or more, by voting power or value, of the outstanding Common Shares or B2Gold Common Shares. U.S. Holders that are subject to special provisions under the Code, including U.S. Holders described immediately above, should consult their own tax advisors regarding the U.S. federal, U.S. state and local, and foreign tax consequences of the Arrangement.

If an entity that is classified as partnership (or “pass-through” entity) for U.S. federal income tax purposes holds Common Shares, the U.S. federal income tax consequences to such partnership (or “pass-through” entity) and the

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

partners of such partnership (or owners of such “pass-through” entity) generally will depend on the activities of the partnership (or “pass-through” entity) and the status of such partners (or owners). Partners of entities that are classified as partnerships (and owners of “pass-through” entities) for U.S. federal income tax purposes should consult their own tax advisors regarding the U.S. federal income tax consequences of the Arrangement.

Tax Consequences Other than U.S. Federal Income Tax Consequences Not Addressed

This summary does not address the state, local, alternative minimum tax, estate and gift, or foreign tax consequences to U.S. Holders of the Arrangement. Each U.S. Holder should consult its own tax advisor regarding the state, local, alternative minimum tax, estate and gift, and foreign tax consequences to them of the Arrangement.

U.S. Federal Income Tax Consequences of the Arrangement

Characterization of the Arrangement

The exchange of Common Shares for B2Gold Common Shares pursuant to the Arrangement should qualify as a tax-deferred “reorganization” within the meaning of Section 368(a)(1) of the Code (a “**Reorganization**”). However, neither Central Sun nor B2Gold has sought or obtained either a ruling from the IRS or an opinion of counsel regarding any of the tax consequences of the Arrangement. Accordingly, there can be no assurance that the IRS will not challenge the status of the Arrangement as a Reorganization or that the U.S. courts will uphold the status of the Arrangement as a Reorganization in the event of an IRS challenge. The tax consequences of the Arrangement qualifying as a Reorganization or as a taxable transaction are discussed below. U.S. Holders should consult their own U.S. tax advisors regarding the proper tax reporting of an exchange of Common Shares for B2Gold Common Shares pursuant to the Arrangement.

Tax Consequences If Central Sun Classified as a PFIC

A U.S. Holder of Common Shares would be subject to special, adverse tax rules in respect of the Arrangement if Central Sun was classified as a passive foreign investment company (“**PFIC**”) for any taxable year during which such U.S. Holder holds or held Common Shares.

A non-U.S. corporation is classified as a PFIC for each taxable year in which (i) 75% or more of its income is passive income (as defined for U.S. federal income tax purposes) or (ii) on average for such taxable year, 50% or more (by value) of its assets either produce or are held for the production of passive income. For purposes of the PFIC provisions, “gross income” generally means sales revenues less cost of goods sold, and “passive income” generally includes dividends, interest, royalties, rents, and gains from commodities or securities transactions, including certain transactions involving oil and gas. In determining whether or not it is classified as a PFIC, a non-U.S. corporation is required to take into account its pro rata portion of the income and assets of each corporation in which it owns, directly or indirectly, at least a 25% interest.

Central Sun believes that it likely constituted a PFIC during one or more prior taxable years, and based on current business plans and financial projections, believes that it likely will not constitute a PFIC during the current taxable year. PFIC classification is factual in nature, and generally cannot be determined until the close of the taxable year in question. Additionally, the analysis depends, in part, on the application of complex U.S. federal income tax rules, which are subject to differing interpretations. Consequently, there can be no assurances regarding the PFIC status of Central Sun during any current, prior, or future taxable year.

Subject to the “PFIC-for-PFIC Exception” discussed below, if Central Sun is classified as a PFIC for any taxable year during which a U.S. Holder holds Common Shares, special rules may increase such U.S. Holder’s U.S. federal income tax liability. Under the default PFIC rules:

- the Arrangement may be treated as a taxable exchange even if such transaction qualifies as a Reorganization;

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

- any gain on the sale, exchange or other disposition of Common Shares and any “excess distribution” (defined as an annual distribution that is more than 25% in excess of the average annual distribution over the past three years) will be allocated ratably over such U.S. Holder’s holding period;
- the amount allocated to the current taxable year and any year prior to the first year in which Central Sun was classified as a PFIC will be taxed as ordinary income in the current year;
- the amount allocated to each of the other taxable years will be subject to tax at the highest rate of tax in effect for the applicable class of taxpayer for that year; and
- an interest charge for a deemed deferral benefit will be imposed with respect to the resulting tax attributable to each of the other taxable years, which interest charge is not deductible by non-corporate U.S. Holders.

A U.S. Holder that has made a “mark-to-market” election under Section 1296 of the Code or a timely and effective election to treat Central Sun as a “qualified electing fund” under Section 1295 of the Code (a “**QEF Election**”) generally may not be subject to the PFIC rules described above, and may be able to mitigate potentially adverse PFIC tax consequences in the future.

Upon written request from a U.S. Holder, Central Sun intends to make available to such U.S. Holder information as to Central Sun’s status as a PFIC for the taxable year ended December 31, 2008 and the current taxable year, and will use commercially reasonable efforts to provide to such U.S. Holder of Common Shares all information for the taxable year ended December 31, 2008 and the current taxable year, that a U.S. Holder making a QEF Election with respect to Central Sun is required to obtain for U.S. federal income tax purposes. U.S. Holders are urged to consult with their own tax advisors regarding the potential application of the PFIC rules or any mark-to-market or QEF Election. The impact of and requirements for making the mark-to-market election and QEF Election are discussed more fully under “Passive Foreign Investment Company Rules Relating to the Ownership of B2Gold Common Shares – QEF Election” and “— Mark-to-Market Election.”

However, notwithstanding the foregoing, if (i) the Arrangement qualifies as a Reorganization, (ii) Central Sun was classified as a PFIC for any taxable year during which a U.S. Holder holds or held Common Shares, and (iii) B2Gold also qualifies as a PFIC for the taxable year that includes the day after the Effective Date of the Arrangement, then proposed Treasury Regulations generally provide for Reorganization treatment to apply to such U.S. Holder’s exchange of Common Shares for B2Gold Common Shares pursuant to the Arrangement (for a discussion of the general nonrecognition treatment of a Reorganization, see discussion below under the heading “Tax Consequences if the Arrangement Qualifies as a Reorganization”). For purposes of this summary, this exception will be referred to as the “PFIC-for-PFIC Exception.” In addition, in order to qualify for the PFIC-for-PFIC Exception, proposed Treasury Regulations require a U.S. Holder to report certain information to the IRS on Form 8621 together with such U.S. Holder’s U.S. federal income tax return for the taxable year in which the Arrangement occurs.

As discussed below under the heading “Passive Foreign Investment Company Rules Relating to the Ownership of B2Gold Common Shares”, B2Gold has made no determination as to whether it expects that it will be a PFIC for the taxable year that includes the day after the Effective Date of the Arrangement. PFIC classification is factual in nature, and generally cannot be determined until the close of the taxable year in question. Additionally, the analysis depends, in part, on the application of complex U.S. federal income tax rules, which are subject to differing interpretations. Consequently, there can be no assurances regarding the PFIC status of B2Gold during any current, prior, or future taxable year.

If B2Gold is a PFIC for the taxable year that includes the day after the Effective Date of the Arrangement, the PFIC-for-PFIC Exception may be available to qualifying U.S. Holders that comply with the reporting requirements discussed above. The availability of such nonrecognition treatment provided by the PFIC-for-PFIC Exception is subject to numerous restrictions and limitations. Each U.S. Holder should consult its own tax advisor regarding the potential application of the PFIC rules to the exchange of Common Shares for B2Gold Common Shares pursuant to the Arrangement, and the information reporting responsibilities under the proposed Treasury Regulations in connection with the Arrangement.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

Tax Consequences if the Arrangement Qualifies as a Reorganization

If the Arrangement qualifies as a Reorganization, subject to the PFIC rules discussed above, then the following U.S. federal income tax consequences will result for U.S. Holders:

- (a) no gain or loss will be recognized by a U.S. Holder on the exchange of Common Shares for B2Gold Common Shares pursuant to the Arrangement;
- (b) the tax basis of a U.S. Holder in the B2Gold Common Shares acquired in exchange for Common Shares pursuant to the Arrangement will be equal to such U.S. Holder's tax basis in Common Shares exchanged;
- (c) the holding period of a U.S. Holder for the B2Gold Common Shares acquired in exchange for Common Shares pursuant to the Arrangement will include such U.S. Holder's holding period for Common Shares; and
- (d) U.S. Holders who exchange Common Shares for B2Gold Common Shares pursuant to the Arrangement generally will be required to report certain information to the IRS on their U.S. federal income tax returns for the taxable year in which the Arrangement occurs, and to retain certain records related to the Arrangement.

The IRS could challenge a U.S. Holder's treatment of the Arrangement as a Reorganization. If this treatment were successfully challenged, then the Arrangement would be treated as a taxable transaction, with the consequences discussed immediately below (including the recognition of any realized gain).

Treatment as a Taxable Transaction

If the Arrangement does not qualify as a Reorganization for U.S. federal income tax purposes, subject to the PFIC rules discussed above, then the following U.S. federal income tax consequences will result for U.S. Holders:

- (a) a U.S. Holder will recognize gain or loss in an amount equal to the difference, if any, between (i) the fair market value (expressed in U.S. dollars) of the B2Gold Common Shares received in exchange for Common Shares pursuant to the Arrangement and (ii) the adjusted tax basis (expressed in U.S. dollars) of such U.S. Holder in Common Shares exchanged;
- (b) the tax basis of a U.S. Holder in the B2Gold Common Shares received in exchange for Common Shares pursuant to the Arrangement would be equal to the fair market value of such B2Gold Common Shares on the date of receipt; and
- (c) the holding period of a U.S. Holder for the B2Gold Common Shares received in exchange for Common Shares pursuant to the Arrangement will begin on the day after the date of receipt.

If Central Sun is not classified as a PFIC for any taxable year in which a U.S. Holder held Common Shares, any gain or loss described in clause (a) immediately above generally would be capital gain or loss, which will be long-term capital gain or loss if such Common Shares are held for more than one year. Preferential tax rates apply to long-term capital gains of a U.S. Holder that is an individual, estate, or trust. There are currently no preferential tax rates for long-term capital gains of a U.S. Holder that is a corporation. Deductions for capital losses are subject to complex limitations under the Code.

U.S. Holders Exercising Dissent Rights

A U.S. Holder that exercises dissent rights in the Arrangement and is paid cash in exchange for all of such U.S. Holder's Common Shares generally will recognize gain or loss in an amount equal to the difference, if any, between (a) the amount of cash received by such U.S. Holder in exchange for Common Shares (other than amounts, if any, that are or are deemed to be interest for U.S. federal income tax purposes, which amounts will be taxed as ordinary income) and (b) the tax basis of such U.S. Holder in such Common Shares surrendered. Subject to the PFIC rules discussed in this summary, such gain or loss generally will be capital gain or loss, which will be long-term capital gain or loss if such Common Shares are held for more than one year. Preferential tax rates apply to long-term capital gains of a U.S. Holder that is an individual, estate, or trust. Deductions for capital losses are subject to complex limitations under the Code. U.S. Holders that receive Canadian currency in as a result of exercising dissent rights should read the section below under the heading "Receipt of Canadian Currency."

However, notwithstanding the foregoing, a U.S. Holder of Common Shares that exercises dissent rights in the Arrangement would be subject to special, adverse tax rules if Central Sun was classified as a PFIC for any taxable year during which such U.S. Holder holds or held Common Shares. If Central Sun was classified as a PFIC for any taxable year during which a U.S. Holder holds or held Common Shares, a U.S. Holder that exercises dissent rights and is paid cash in exchange for all of such U.S. Holder's Common Shares generally will be subject to the default PFIC rules discussed above under the heading "Tax Consequences If Central Sun Classified as a PFIC."

Ownership of B2Gold Common Shares

Distributions With Respect to B2Gold Common Shares

Subject to the discussion below under the heading "Passive Foreign Investment Company Rules Relating to the Ownership of B2Gold Common Shares", a U.S. Holders that receives a distribution (including a constructive distribution, but excluding certain pro rata distributions of stock described in Section 305 of the Code) with respect to the B2Gold Common Shares will be required to include the amount of such distribution in gross income as a dividend (without reduction for any Canadian income tax withheld from such distribution) to the extent of the current or accumulated "earnings and profits" of B2Gold, as determined under U.S. federal income tax rules. To the extent that a distribution exceeds the current and accumulated "earnings and profits" of B2Gold, such distribution will be treated (a) first, as a tax-free return of capital to the extent of a U.S. Holder's tax basis in the B2Gold Common Shares, and (b) thereafter, as gain from the sale or exchange of such Shares. (See more detailed discussion under the heading "Disposition of B2Gold Common Shares" below). Dividends paid on the B2Gold Common Shares generally will not be eligible for the "dividends received deduction" generally available to U.S. corporate shareholders receiving dividends from U.S. corporations.

For taxable years beginning before January 1, 2011, a dividend paid by B2Gold generally will be taxed at the preferential tax rates applicable to long-term capital gains if (a) B2Gold is a "qualified foreign corporation" (as defined below), (b) the U.S. Holder receiving such dividend is an individual, estate, or trust, and (c) certain holding period requirements are met. B2Gold generally will be a "qualified foreign corporation" under Section 1(h)(11) of the Code (a "QFC") if (a) B2Gold is eligible for the benefits of the Canada-U.S. Tax Convention, or (b) the Common Shares are readily tradable on an established securities market in the U.S. However, even if B2Gold satisfies one or more of such requirements, B2Gold will not be treated as a QFC if B2Gold is a PFIC for the taxable year during which B2Gold pays a dividend or for the preceding taxable year.

As discussed below under the heading "Passive Foreign Investment Company Rules Relating to the Ownership of B2Gold Common Shares", B2Gold has made no determination as to whether it expects to be a PFIC for the taxable year that includes the day after the Effective Date of the Arrangement or for the foreseeable future. PFIC classification is factual in nature, and generally cannot be determined until the close of the taxable year in question. Additionally, the analysis depends, in part, on the application of complex U.S. federal income tax rules, which are subject to differing interpretations. Consequently, there can be no assurances regarding the PFIC status of B2Gold during any current, prior, or future taxable year. If B2Gold is a PFIC, the tax consequences of a dividend paid by B2Gold to a U.S. Holder are discussed below under the heading "Passive Foreign Investment Company Rules Relating to the Ownership of

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

B2Gold Common Shares—Default PFIC Rules under Section 1291 of the Code.” If B2Gold is not a PFIC, but a U.S. Holder otherwise fails to qualify for the preferential tax rate discussed in the preceding paragraph, a dividend paid by B2Gold to a U.S. Holder generally will be taxed at ordinary income tax rates (and not at the preferential tax rates applicable to long-term capital gains). The dividend rules are complex, and each U.S. Holder should consult its own tax advisor regarding the dividend rules.

Dispositions of B2Gold Common Shares

A U.S. Holder will recognize gain or loss on the sale or other taxable disposition of B2Gold Common Shares in an amount equal to the difference, if any, between (a) the amount of cash plus the fair market value of any property received and (b) such U.S. Holder’s tax basis in the B2Gold Common Shares sold or otherwise disposed of. Subject to the PFIC rules discussed below, any such gain or loss generally will be capital gain or loss, which will be long-term capital gain or loss if the B2Gold Common Shares are held for more than one year.

Preferential tax rates apply to long-term capital gains of a U.S. Holder that is an individual, estate, or trust. There are currently no preferential tax rates for long-term capital gains of a U.S. Holder that is a corporation. Deductions for capital losses are subject to significant limitations under the Code.

Passive Foreign Investment Company Rules Relating to the Ownership of B2Gold Common Shares

If B2Gold is classified as a PFIC for any taxable year during which such U.S. Holder holds or held B2Gold Common Shares, the preceding sections of this summary may not describe the U.S. federal income tax consequences to U.S. Holders of the acquisition, ownership and disposition of B2Gold Common Shares received pursuant to the Arrangement.

Passive Foreign Investment Company Status of B2Gold

B2Gold generally will be considered a PFIC under Section 1297 of the Code if, for a taxable year, (a) 75% or more of the gross income of B2Gold for such taxable year is passive income or (b) 50% or more of the assets held by B2Gold either produce passive income or are held for the production of passive income, based on the fair market value of such assets (or on the adjusted tax basis of such assets, if B2Gold is not publicly traded and either is a “controlled foreign corporation” or makes an election). With respect to sales by a company, “gross income” generally means sales revenues less cost of goods sold. “Passive income” includes, for example, dividends, interest, certain rents and royalties, certain gains from the sale of stock and securities, and certain gains from commodities transactions.

For purposes of the PFIC income test and assets test described above, if B2Gold owns, directly or indirectly, 25% or more of the total value of the outstanding shares of another foreign corporation, B2Gold will be treated as if it (a) held a proportionate share of the assets of such other foreign corporation and (b) received directly a proportionate share of the income of such other foreign corporation. In addition, for purposes of the PFIC income test and asset test described above, “passive income” does not include any interest, dividends, rents, or royalties that are received or accrued by B2Gold from a “related person” (as defined in Section 954(d)(3) of the Code), to the extent such items are properly allocable to the income of such related person that is not passive income.

In addition, if B2Gold is a PFIC and owns shares of another foreign corporation that also is a PFIC (a “Subsidiary PFIC”), under certain indirect ownership rules, a disposition of the shares of the Subsidiary PFIC or a distribution received from the Subsidiary PFIC generally will be treated as an indirect disposition by a U.S. Holder or an indirect distribution received by a U.S. Holder, subject to the rules of Section 1291 of the Code discussed below. To the extent that gain recognized on the actual disposition by a U.S. Holder of the B2Gold Common Shares or income recognized by a U.S. Holder on an actual distribution received on the B2Gold was previously subject to U.S. federal income tax under these indirect ownership rules, such amount generally should not be subject to U.S. federal income tax.

B2Gold has made no determination as to whether it expects to be a PFIC for the taxable year that includes the day after the Effective Date of the Arrangement, or for the foreseeable future. PFIC classification is factual in nature,

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

and generally cannot be determined until the close of the taxable year in question. Additionally, the analysis depends, in part, on the application of complex U.S. federal income tax rules, which are subject to differing interpretations. Consequently, there can be no assurances regarding the PFIC status of B2Gold during any current, prior, or future taxable year. Each U.S. Holder should consult its own tax advisor regarding whether B2Gold will be a PFIC for the taxable year that includes the day after the Effective Date of the Arrangement.

Default PFIC Rules Under Section 1291 of the Code

If B2Gold is a PFIC, the U.S. federal income tax consequences to a U.S. Holder of the acquisition, ownership, and disposition of B2Gold Common Shares will depend on whether such U.S. Holder makes an election to treat B2Gold as a “qualified electing fund” or “QEF” under Section 1295 of the Code (a “**QEF Election**”) or a mark-to-market election under Section 1296 of the Code (a “**Mark-to-Market Election**”). A U.S. Holder that does not make either a QEF Election or a Mark-to-Market Election will be referred to in this summary as a “Non-Electing U.S. Holder.”

A Non-Electing U.S. Holder will be subject to the rules of Section 1291 of the Code with respect to (a) any gain recognized on the sale or other taxable disposition of B2Gold Common Shares and (b) any excess distribution paid on the B2Gold Common Shares. A distribution generally will be an “excess distribution” to the extent that such distribution (together with all other distributions received in the current taxable year) exceeds 125% of the average distributions received during the three preceding taxable years (or during a U.S. Holder’s holding period for the B2Gold Common Shares, if shorter).

Under Section 1291 of the Code, any gain recognized on the sale or other taxable disposition of B2Gold Common Shares of a PFIC, and any excess distribution paid on such B2Gold Common Shares, must be ratably allocated to each day in a Non-Electing U.S. Holder’s holding period for the B2Gold Common Shares. The amount of any such gain or excess distribution allocated to prior years of such Non-Electing U.S. Holder’s holding period for the B2Gold Common Shares will be subject to U.S. federal income tax at the highest tax applicable to ordinary income in each such prior year. A Non-Electing U.S. Holder will be required to pay interest on the resulting tax liability for each such prior year, calculated as if such tax liability had been due in each such prior year. Such a Non-Electing U.S. Holder that is not a corporation must treat any such interest paid as “personal interest,” which is not deductible. The amount of any such gain or excess distribution allocated to the current year of such Non-Electing U.S. Holder’s holding period for the B2Gold Common Shares will be treated as ordinary income in the current year, and no interest charge will be incurred with respect to the resulting tax liability for the current year.

If B2Gold is a PFIC for any taxable year during which a Non-Electing U.S. Holder holds Common Shares, B2Gold will continue to be treated as a PFIC with respect to such Non-Electing U.S. Holder, regardless of whether B2Gold ceases to be a PFIC in one or more subsequent years. A Non-Electing U.S. Holder may terminate this deemed PFIC status by electing to recognize gain (which will be taxed under the rules of Section 1291 of the Code discussed above) as if such B2Gold Common Shares were sold on the last day of the last taxable year for which B2Gold was a PFIC.

QEF Election

A U.S. Holder that makes a QEF Election generally will not be subject to the rules of Section 1291 of the Code discussed above. However, a U.S. Holder that makes a QEF Election will be subject to U.S. federal income tax on such U.S. Holder’s pro rata share of (a) the net capital gain of B2Gold, which will be taxed as long-term capital gain to such U.S. Holder, and (b) the ordinary earnings of B2Gold, which will be taxed as ordinary income to such U.S. Holder. Generally, “net capital gain” is the excess of (a) net long-term capital gain over (b) net short-term capital loss, and “ordinary earnings” are the excess of (a) “earnings and profits” over (b) net capital gain. A U.S. Holder that makes a QEF Election will be subject to U.S. federal income tax on such amounts for each taxable year in which B2Gold is a PFIC, regardless of whether such amounts are actually distributed to such U.S. Holder by B2Gold. However, a U.S. Holder that makes a QEF Election may, subject to certain limitations, elect to defer payment of current U.S. federal income tax on such amounts, subject to an interest charge. If such U.S. Holder is not a corporation, any such interest paid will be treated as “personal interest,” which is not deductible.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

A U.S. Holder that makes a QEF Election generally (a) may receive a tax-free distribution from B2Gold to the extent that such distribution represents “earnings and profits” of B2Gold that were previously included in income by the U.S. Holder because of such QEF Election and (b) will adjust such U.S. Holder’s tax basis in the B2Gold Common Shares to reflect the amount included in income or allowed as a tax-free distribution because of such QEF Election. In addition, a U.S. Holder that makes a QEF Election generally will recognize capital gain or loss on the sale or other taxable disposition of B2Gold Common Shares.

The procedure for making a QEF Election, and the U.S. federal income tax consequences of making a QEF Election, will depend on whether such QEF Election is timely. A QEF Election will be treated as “timely” if such QEF Election is made for the first year in the U.S. Holder’s holding period for the B2Gold Common Shares in which B2Gold was a PFIC. A U.S. Holder may make a timely QEF Election by filing the appropriate QEF Election documents at the time such U.S. Holder files a U.S. federal income tax return for such first year. However, if B2Gold was a PFIC in a prior year, then in addition to filing the QEF Election documents, a U.S. Holder must elect to recognize gain (which will be taxed under the rules of Section 1291 of the Code discussed above) as if the B2Gold Common Shares were sold on the qualification date. The “qualification date” is the first day of the first taxable year in which B2Gold was a QEF with respect to such U.S. Holder. The election to recognize such gain or “earnings and profits” can only be made if such U.S. Holder’s holding period for the B2Gold Common Shares includes the qualification date. By electing to recognize such gain or “earnings and profits,” such U.S. Holder will be deemed to have made a timely QEF Election. In addition, under very limited circumstances, a U.S. Holder may make a retroactive QEF Election if such U.S. Holder failed to file the QEF Election documents in a timely manner.

A QEF Election will apply to the taxable year for which such QEF Election is made and to all subsequent taxable years, unless such QEF Election is invalidated or terminated or the IRS consents to revocation of such QEF Election. If a U.S. Holder makes a QEF Election and, in a subsequent taxable year, B2Gold ceases to be a PFIC, the QEF Election will remain in effect (although it will not be applicable) during those taxable years in which B2Gold is not a PFIC. Accordingly, if B2Gold becomes a PFIC in another subsequent taxable year, the QEF Election will be effective and the U.S. Holder will be subject to the QEF rules described above during any such subsequent taxable year in which B2Gold qualifies as a PFIC. In addition, the QEF Election will remain in effect (although it will not be applicable) with respect to a U.S. Holder even after such U.S. Holder disposes of all of such U.S. Holder’s direct and indirect interest in the Common Shares. Accordingly, if such U.S. Holder reacquires an interest in B2Gold, such U.S. Holder will be subject to the QEF rules described above for each taxable year in which B2Gold is a PFIC.

Upon written request from a U.S. Holder, B2Gold will make available to such U.S. Holder information as to its status as a PFIC and will use commercially reasonable efforts to provide to such U.S. Holder of B2Gold Common Shares all information that a U.S. Holder making a QEF Election is required to obtain for U.S. federal income tax purposes. U.S. Holders should be aware that, with respect to any Subsidiary PFIC, there can be no assurance that B2Gold will satisfy record keeping requirements that apply to a QEF, or that B2Gold will supply U.S. Holders with information that such U.S. Holders require to report under the QEF rules, in the event that B2Gold is a PFIC and a U.S. Holder wishes to make a QEF Election with respect to such Subsidiary PFIC. With respect to Subsidiary PFICs for which B2Gold does not provide the required information, U.S. Holders will continue to be subject to the rules discussed above with respect to the taxation of gains and excess distributions. Each U.S. Holder should consult its own tax advisor regarding the availability of, and procedure for making, a QEF Election with respect to B2Gold and any Subsidiary PFIC.

Mark-to-Market Election

A U.S. Holder may make a Mark-to-Market Election only if the B2Gold Common Shares are marketable stock. The B2Gold Common Shares generally will be “marketable stock” if the B2Gold Common Shares are regularly traded on (a) a national securities exchange that is registered with the Securities and Exchange Commission, (b) the national market system established pursuant to section 11A of the Securities and Exchange Act of 1934, or (c) a foreign securities exchange that is regulated or supervised by a governmental authority of the country in which the market is located, provided that (i) such foreign exchange has trading volume, listing, financial disclosure, and other requirements and the laws of the country in which such foreign exchange is located, together with the rules of such foreign exchange, ensure that such requirements are actually enforced and (ii) the rules of such foreign exchange ensure

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

active trading of listed stocks. It is unclear whether a listing of the B2Gold Common Shares on the TSX will qualify such shares as “marketable stock,” and each U.S. Holder should consult its own tax advisor in this regard.

A U.S. Holder that makes a Mark-to-Market Election generally will not be subject to the rules of Section 1291 of the Code discussed above. However, if a U.S. Holder makes a Mark-to-Market Election after the beginning of such U.S. Holder’s holding period for the B2Gold Common Shares and such U.S. Holder has not made a timely QEF Election, the rules of Section 1291 of the Code discussed above will apply to certain dispositions of, and distributions on, the B2Gold Common Shares.

A U.S. Holder that makes a Mark-to-Market Election will include in ordinary income, for each taxable year in which B2Gold is a PFIC, an amount equal to the excess, if any, of (a) the fair market value of the B2Gold Common Shares as of the close of such taxable year over (b) such U.S. Holder’s tax basis in such B2Gold Common Shares. A U.S. Holder that makes a Mark-to-Market Election will be allowed a deduction in an amount equal to the lesser of (a) the excess, if any, of (i) such U.S. Holder’s adjusted tax basis in the B2Gold Common Shares over (ii) the fair market value of such B2Gold Common Shares as of the close of such taxable year or (b) the excess, if any, of (i) the amount included in ordinary income because of such Mark-to-Market Election for prior taxable years over (ii) the amount allowed as a deduction because of such Mark-to-Market Election for prior taxable years.

A U.S. Holder that makes a Mark-to-Market Election generally also will adjust such U.S. Holder’s tax basis in the B2Gold Common Shares to reflect the amount included in gross income or allowed as a deduction because of such Mark-to-Market Election. In addition, upon a sale or other taxable disposition of B2Gold Common Shares, a U.S. Holder that makes a Mark-to-Market Election will recognize ordinary income or loss (not to exceed the excess, if any, of (a) the amount included in ordinary income because of such Mark-to-Market Election for prior taxable years over (b) the amount allowed as a deduction because of such Mark-to-Market Election for prior taxable years).

A Mark-to-Market Election applies to the taxable year in which such Mark-to-Market Election is made and to each subsequent taxable year, unless the B2Gold Common Shares cease to be “marketable stock” or the IRS consents to revocation of such election. Each U.S. Holder should consult its own tax advisor regarding the availability of, and procedure for making, a Mark-to-Market Election.

Other PFIC Rules

Under Section 1291(f) of the Code, the IRS has issued proposed Treasury Regulations that, subject to certain exceptions, would cause a U.S. Holder that had not made a timely QEF Election to recognize gain (but not loss) upon certain transfers of B2Gold Common Shares that would otherwise be tax-deferred (e.g., gifts and exchanges pursuant to corporate reorganizations). However, the specific U.S. federal income tax consequences to a U.S. Holder may vary based on the manner in which B2Gold Common Shares are transferred.

Certain additional adverse rules will apply with respect to a U.S. Holder if B2Gold is a PFIC, regardless of whether such U.S. Holder makes a QEF Election. For example under Section 1298(b)(6) of the Code, a U.S. Holder that uses Common Shares as security for a loan will, except as may be provided in Treasury Regulations, be treated as having made a taxable disposition of such Common Shares. In addition, a U.S. Holder who acquires B2Gold Common Shares from a decedent will not receive a “step up” in tax basis of such B2Gold Common Shares to fair market value.

The PFIC rules are complex, and each U.S. Holder should consult its own tax advisor regarding the PFIC rules and how the PFIC rules may affect the U.S. federal income tax consequences of the acquisition, ownership, and disposition of B2Gold Common Shares.

Other Considerations

Foreign Tax Credit

A U.S. Holder that pays (whether directly or through withholding) Canadian income tax in connection with the Arrangement or in connection with the ownership or disposition of B2Gold Common Shares may be entitled, at the

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

election of such U.S. Holder, to receive either a deduction or a credit for such Canadian income tax paid. Generally, a credit will reduce a U.S. Holder's U.S. federal income tax liability on a dollar-for-dollar basis, whereas a deduction will reduce a U.S. Holder's income subject to U.S. federal income tax. This election is made on a year-by-year basis and applies to all foreign taxes paid (whether directly or through withholding) by a U.S. Holder during a year.

Complex limitations apply to the foreign tax credit, including the general limitation that the credit cannot exceed the proportionate share of a U.S. Holder's U.S. federal income tax liability that such U.S. Holder's "foreign source" taxable income bears to such U.S. Holder's worldwide taxable income. In applying this limitation, a U.S. Holder's various items of income and deduction must be classified, under complex rules, as either "foreign source" or "U.S. source." Generally, dividends paid by a foreign corporation should be treated as foreign source for this purpose, and gains recognized on the sale of stock of a foreign corporation by a U.S. Holder should be treated as U.S. source for this purpose, except as otherwise provided in an applicable income tax treaty, and if an election is properly made under the Code. However, the amount of a distribution with respect to the B2Gold Common Shares that is treated as a "dividend" may be lower for U.S. federal income tax purposes than it is for Canadian federal income tax purposes, resulting in a reduced foreign tax credit allowance to a U.S. Holder. In addition, this limitation is calculated separately with respect to specific categories of income. The foreign tax credit rules are complex, and each U.S. Holder should consult its own U.S. tax advisor regarding the foreign tax credit rules.

Receipt of Canadian Currency

The amount of any distribution or proceeds paid in Canadian dollars to a U.S. Holder in connection with the ownership of B2Gold Common Shares, or on the sale, exchange or other taxable disposition of B2Gold Common Shares, or any Canadian dollars received as a result of Shareholders exercising dissent rights under the Arrangement, generally will be equal to the U.S. dollar value of such Canadian dollars based on the exchange rate applicable on the date of receipt (regardless of whether such Canadian dollars are converted into U.S. dollars at that time). A U.S. Holder that receives Canadian dollars and converts such Canadian dollars into U.S. dollars at a conversion rate other than the rate in effect on the date of receipt may have a foreign currency exchange gain or loss, which generally would be treated as U.S. source ordinary income or loss.

Taxable dividends with respect to B2Gold Common Shares that are paid in Canadian dollars will be included in the gross income of a U.S. Holder as translated into U.S. dollars calculated by reference to the exchange rate prevailing on the date of actual or constructive receipt of the dividend, regardless of whether the Canadian dollars are converted into U.S. dollars at that time. If the Canadian dollars received are not converted into U.S. dollars on the date of receipt, a U.S. Holder will have a basis in the Canadian dollars equal to its U.S. dollar value on the date of receipt. Any U.S. Holder who receives payment in Canadian dollars and engages in a subsequent conversion or other disposition of the Canadian dollars may have a foreign currency exchange gain or loss that would be treated as ordinary income or loss, and generally will be U.S. source income or loss for foreign tax credit purposes.

Each U.S. Holder should consult its own U.S. tax advisor regarding the U.S. federal income tax consequences of receiving, owning, and disposing of Canadian dollars.

Information Reporting; Backup Withholding Tax

Payments of cash made to U.S. Holders relating to the exercise of dissent rights under the Arrangement, and payments of cash or property made to U.S. Holders relating to dividends on, or proceeds arising from the sale or other taxable disposition of B2Gold Common Shares, generally will be subject to U.S. federal information reporting and may be subject to backup withholding tax, currently at the rate of 28%, if a U.S. Holder (a) fails to furnish such U.S. Holder's correct U.S. taxpayer identification number (generally on Form W-9); or (b) fails to certify, under penalty of perjury, that such U.S. Holder has furnished its correct U.S. taxpayer identification number and that the IRS has not notified such U.S. Holder that it is subject to backup-withholding tax. However, U.S. Holders that are corporations generally are excluded from these information-reporting and backup-withholding tax rules. Backup withholding is not an additional U.S. federal income tax. Any amounts withheld under the U.S. backup withholding tax rules will be allowed as a credit against a U.S. Holder's U.S. federal income tax liability, if any, or will be refunded to the extent it exceeds such liability, if such U.S. Holder furnishes required information to the IRS. A U.S. Holder that does not provide a correct U.S. taxpayer identification number may be subject to penalties imposed by the IRS. Each U.S. Holder should consult its own U.S. tax advisor regarding the information reporting and backup withholding tax rules.

Business of B2Gold

General

B2Gold is a mineral exploration company focused on the acquisition, exploration and development of interests in precious metals properties worldwide. B2Gold's interests in mineral properties that are considered to be material are its interests in the Gramalote and Quebradona properties in Colombia and the East and West Kupol licenses in Russia. B2Gold holds a 100% interest in the Mocoa property and also has an option to acquire a 100% interest in the Miraflores property, both in Colombia.

B2Gold's strategic focus is to acquire interests in mineral properties with demonstrated potential for hosting economic mineral deposits with gold deposits as the primary focus, to undertake exploration and drilling campaigns to define and develop resources and reserves on these properties and to develop, construct and operate mines on such properties. The properties owned by B2Gold, or in which B2Gold presently has an interest, are at various stages of exploration and resource development, either with drilling having occurred on the property and resources established or with drill ready targets identified and drilling scheduled to commence or continue in 2009.

Property Interests

In connection with the completion of the arrangement transaction between Bema Gold Corporation ("**Bema**") and Kinross Gold Corporation ("**Kinross**") on February 26, 2007, B2Gold acquired certain assets pursuant to a purchase and sale agreement dated December 21, 2006 (the "**Purchase Agreement**") among Kinross, White Ice Ventures Limited, 6674321 Canada Inc., a wholly-owned subsidiary of Kinross ("**6674321**") and B2Gold. B2Gold acquired, among other things, all of the issued and outstanding shares of Andean Avasca Resources Inc. ("**AARI**"). This acquisition provided B2Gold with the right to earn a material interest in a number of properties in Colombia, including the Quebradona property, by carrying out drilling pursuant to the terms of a joint venture agreement originally entered into between AngloGold Ashanti Limited ("**AngloGold**"), Sociedad Kedahda S.A., a subsidiary of AngloGold ("**AngloGold Colombia**"), Bema and AARI, formerly a wholly-owned subsidiary of Bema.

The Purchase Agreement also provides for B2Gold to acquire a 37.5% joint venture interest in the East and West Kupol licenses, which cover property adjacent to the Kupol Mine developed by Bema in the Chukotka Autonomous Region in the Russian Federation. The acquisition of this interest is subject to the receipt of certain consents and the completion of transfers and other steps relating to the transfer of the East and West Kupol licenses to a subsidiary of Chukotka Mining and Geological Company and the subsequent acquisition of a 100% interest in the company holding the East and West Kupol licenses by a joint venture company, the indirect shareholders of which are proposed to be the Company, Kinross and Chukotsnab State Unitary Enterprise or its successor in interest ("**CUE**"). The Company and Kinross are currently sharing equally the initial funding of the cost of exploration activities on the East and West Kupol license area.

A Relationship, Farm-out and Joint Venture Agreement (the "**ColombiaJV Agreement**") was entered into on November 8, 2006 among AngloGold, AngloGold Colombia, Bema and AARI. On September 28, 2007 and March 13, 2008, the Colombia JV Agreement was amended to, among other things, include certain additional properties. As a result, the area of mutual interest was expanded and now encompasses 220,000 square kilometres. The Colombia JV Agreement was further amended on May 15, 2008 in connection with other transactions between AngloGold and B2Gold, which resulted in the acquisition by B2Gold of the Mocoa and Miraflores properties in Colombia and the elimination of, and variation to, certain rights of AngloGold with respect to B2Gold, including termination of AngloGold's right to acquire a 20% interest in AARI, in consideration for the issue of B2Gold Common Shares and warrants to purchase B2Gold Common Shares.

Pursuant to an agreement dated August 21, 2007 made with certain third party participants in a joint venture with AngloGold, B2Gold acquired an indirect 49% share interest in Gramalote Limited, the holder of the Gramalote property. B2Gold increased its share interest in Gramalote Limited to 51% on May 15, 2008 in connection with the agreement with AngloGold to amend the Colombia JV Agreement.

B2Gold Properties

Gramalote

The Gramalote property is located approximately 230 kilometres northwest of the Colombian capital of Bogota and approximately 80 kilometres northeast of Medellin, the regional capital of the Department of Antioquia. Initial reconnaissance prospecting initiated in 1995 by Metallica Resources Inc. identified the large-tonnage bulk-mineable

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

potential of the Gramalote Ridge area. Subsequent exploration managed by AngloGold Colombia confirmed this potential and identified additional outlying gold anomalies in the area surrounding the Gramalote Ridge mineral system. The exploration by AngloGold Colombia has identified three target types within the Gramalote property including, an advanced phase target undergoing drilling at Gramalote Ridge, outlying targets within four to five kilometres of Gramalote Ridge and various early phase, rock and stream sediment sample anomalies within the 175 square kilometre area of interest at the Gramalote property.

B2Gold has completed a National Instrument 43-101 compliant inferred resource estimate for the Gramalote Ridge Zone on the Gramalote property. The Gramalote property is a 51% – 49% B2Gold – AngloGold joint venture, with B2Gold as the operator. The inferred resource estimate was determined using B2Gold's methods and procedures, including data verification and estimation procedures.

The inferred resource for the Gramalote Ridge Zone at a 0.5 gram per tonne gold cutoff, within a US\$1,000 per ounce gold optimised Whittle pit, consists of 74.375 million tonnes grading 1.00 gram per tonne gold for a total of 2.39 million troy ounces of gold.

The resource estimate is supported by drilling and a tunnel completed by AngloGold Ashanti in 2007 and drilling completed by B2Gold in 2008. A total of 34,481 metres of diamond drilling in 110 drill holes and 441 metres of sampling from the underground tunnel support the resource estimate.

Quebradona

The Quebradona property is located approximately 220 kilometres northwest of the Colombian capital of Bogota and approximately 60 kilometres south-southwest of Medellin. The Quebradona property contains at least five early-phase exploration target areas, including La Aurora, La Isabella, La Sola, El Chaquiro and El Tenedor. Surface exploration and diamond drilling at the Quebradona property completed by AngloGold Colombia and B2Gold has returned gold values indicative of the presence of potentially economic porphyry-style gold mineralization in several of the target areas. The exploration program is intended to determine the existence of possible large-tonnage, low grade deposits that may be amenable to open-pit mining and low cost mineral extraction.

A total of 13,318.8 metres in 43 holes were drilled at the Quebradona property in 2008, comprised of 7,280.8 m metres in 25 holes in La Aurora, 803.1 m metres in four holes in La Isabella, 1,900.1 metres in six holes in La Sola, 1,987.6 m metres in five holes at El Chaquiro and 1,347.2 m metres in three holes at El Tenedor. Significant gold values over broad areas were obtained in drilling in the La Aurora and La Sola areas and over limited areas at La Isabella.

Under the terms of the Colombia JV Agreement, B2Gold has earned its 51% interest in the Quebradona property by completing 5,000 m of exploration drilling. In September 2008, B2Gold and AngloGold reached an agreement to amend the Colombia JV Agreement and jointly fund an additional 10,000 m of exploration drilling at the Quebradona property on a 51% B2Gold - 49% AngloGold basis

An additional 8,318.8 metres of the planned 10,000 metres drilling was completed in 2008. After receipt of all assays from the drilling program, AngloGold will have 30 days to choose from the following participation alternatives regarding further exploration at the Quebradona property: (i) elect to fund all future exploration as the operator at 65% and free carry B2Gold through to feasibility; (ii) elect to be the operator and fund on a pro-rata basis of 51% AngloGold and 49% B2Gold; or (iii) elect to fund as the owner of a 49% interest with B2Gold as operator owning and funding to 51%.

Kupol Licenses

The East and West Kupol licenses are located in eastern Russia approximately 220 and 200 kilometres, respectively, southeast of the city of Bilibino and approximately 410 and 430 kilometres, respectively, northwest of Anadyr, on the boundary between the Anadyrski and Bilibinski districts within the Chukotka Autonomous Region. The licenses cover a combined area of approximately 425 square kilometres and are situated around the Kupol mine that is currently being constructed by Kinross and CUE.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

Past exploration by Anyusk State Mining and Geological Company has identified a number of mineral occurrences proximal to the large Kupol gold-silver deposit, including quartz vein systems at Prekup and Dublon and several areas of anomalous soil and rock float geochemistry associated with altered and weakly veined host rocks. A multi-faceted exploration program began on the East and West Kupol licenses in April 2008, including geological mapping, soil sampling, trenching and diamond drilling, that identified significant low sulfidation Kupol style alteration along the main Kupol structure and well defined anomalies in the Moroshka basin.

Mocoa

The Mocoa property is located approximately 465 kilometres southwest of the Colombian capital of Bogota and 10 kilometres north of the town of Mocoa, an agricultural centre and the capital of Department of Putumayo. The Mocoa property is a copper/molybdenum deposit that was discovered through regional geochemical exploration by a joint venture of the United Nations and Ingeominas and Ecominas (Colombian state agencies). Between 1978 and 1983, the joint venture explored the deposit with 31 drill holes totalling 18,321 metres. As a result of the exploration, the joint venture was able to complete an estimate of mineral resources and reserves, in accordance with industry standards at the time. This historical estimate was prepared prior to the implementation of NI 43-101. A total of 5,123 metres in 8 holes were drilled at the Mocoa property in 2008. B2Gold's exploration program verified the historic mineralization and expanded the area of previous known mineralization to the northeast.

Miraflores

The Miraflores property is located approximately 190 kilometres west-northwest of the Colombian capital of Bogota and approximately 55 kilometres north of Pereira, the regional capital of the Department of Risaralda. Various studies of the Miraflores property and its gold contents have been completed over the last 20 years, including studies by the Colombian government and international exploration companies.

Initial diamond drilling and metallurgical test work completed by AngloGold Colombia and B2Gold has been successful at delineating a low-grade medium-tonnage gold occurrence that may be amenable to bulk tonnage mining and low cost mineral extraction techniques. Structurally controlled high grade zones exist within the bulk tonnage that may present an opportunity for a low tonnage, high grade underground mining operation.

ARTICLE 4

DELIVERY OF B2GOLD COMMON SHARES

Section 4.1 Lost Certificates

In the event any certificate that immediately prior to the Effective Time represented one or more outstanding CSM Common Shares that were exchanged in accordance with section 2.1 hereof, shall have been lost, stolen or destroyed, then upon the making of an affidavit of that fact by the holder of such CSM Common Shares claiming such certificate to be lost, stolen or destroyed, the Depositary shall, subject to the terms hereof, issue in exchange for such lost, stolen or destroyed certificate, a certificate representing the B2Gold Common Shares to which such holder is entitled under this Plan of Arrangement. Section 4.2 Withholding Rights

B2Gold and the Depositary shall be entitled to deduct and withhold from all dividends or other distributions or amounts otherwise payable to any Former CSM Shareholder such amounts as B2Gold or the Depositary is required or permitted to deduct and withhold with respect to such payment under the Tax Act, the United States Internal Revenue Code of 1986 or any provision of any applicable federal, provincial, state, local or foreign tax law or treaty, in each case, as amended. To the extent that amounts are so withheld, such withheld amounts shall be treated for all purposes hereof as having been paid to the Former CSM Shareholder in respect of which such deduction and withholding was made, provided that such withheld amounts are actually remitted to the appropriate taxing authority.

Section 4.3 Limitation and Proscription

To the extent that a Former CSM Shareholder shall not have complied with the provisions of section 2.2 or 4.1 on or before the date that is six (6) years after the Effective Date and shall have not delivered to the Depositary, any certificate which prior to the Effective Time represented CSM Common Shares (the “**final proscription date**”), then the entitlement of such Former CSM Shareholder to receive B2Gold Common Shares contemplated in subsection 2.1(b), under this Plan of Arrangement shall cease as of such final proscription date and such Former CSM Shareholder shall thereafter have no claim or interest of any kind or nature against B2Gold or CSM and shall be deemed to have surrendered to B2Gold all rights and interest in such shares together with all entitlements to dividend distributions and interest thereon.

Section 4.4 Illegality of Delivery of B2Gold Shares

Notwithstanding anything else in this Plan of Arrangement, if it appears to B2Gold that it would be contrary to applicable law to issue B2Gold Shares pursuant to the Arrangement to a person that is not a resident of Canada or the United States, the B2Gold Shares that otherwise would be issued or transferred, as the case may be, to that person will be issued or transferred, as the case may be, and delivered to the Depositary for sale of the B2Gold Shares by the Depositary on behalf of that person. The B2Gold Shares delivered to the Depositary will be pooled and sold as soon as practicable after the Effective Date, on such dates and at such prices as the Depositary determines in its sole discretion. The Depositary shall not be obligated to seek or obtain a minimum price for any of the B2Gold Shares sold by it. Each such person will receive a pro rata share of the cash proceeds from the sale of the B2Gold Shares sold by the Depositary (less commissions, other reasonable expenses incurred in connection with the sale of the B2Gold Shares and any amount withheld in respect of Canadian taxes) in lieu of B2Gold Shares. The payment of the net proceeds will be subject to Section 4.2. None of CSM, B2Gold or the Depositary will be liable for any loss arising out of any such sales.

APPENDIX “E”

Section 190 of the *Canada Business Corporations Act*

190. (1) **Right of Dissent.** Subject to sections 191 and 241, a holder of shares of any class of a corporation may dissent if the corporation is subject to an order under paragraph 192(4)(d) that affects the holder or if the corporation resolves to
- (a) amend its articles under section 173 or 174 to add, change or remove any provisions restricting or constraining the issue, transfer or ownership of shares of that class;
 - (b) amend its articles under section 173 to add, change or remove any restriction on the business or businesses that the corporation may carry on;
 - (c) amalgamate otherwise than under section 184;
 - (d) be continued under section 188;
 - (e) sell, lease or exchange all or substantially all its property under subsection 189(3); or
 - (f) carry out a going-private transaction or a squeeze-out transaction.
- (2) **Further right.** A holder of shares of any class or series of shares entitled to vote under section 176 may dissent if the corporation resolves to amend its articles in a manner described in that section.
- (2.1) **If one class of shares.** The right to dissent described in subsection (2) applies even if there is only one class of shares.
- (3) **Payment for shares.** In addition to any other right the shareholder may have, but subject to subsection (26), a shareholder who complies with this section is entitled, when the action approved by the resolution from which the shareholder dissents or an order made under subsection 192(4) becomes effective, to be paid by the corporation the fair value of the shares in respect of which the shareholder dissents, determined as of the close of business on the day before the resolution was adopted or the order was made.
- (4) **No partial dissent.** A dissenting shareholder may only claim under this section with respect to all the shares of a class held on behalf of any one beneficial owner and registered in the name of the dissenting shareholder.
- (5) **Objection.** A dissenting shareholder shall send to the corporation, at or before any meeting of shareholders at which a resolution referred to in subsection (1) or (2) is to be voted on, a written objection to the resolution, unless the corporation did not give notice to the shareholder of the purpose of the meeting and of their right to dissent.
- (6) **Notice of resolution.** The corporation shall, within ten days after the shareholders adopt the resolution, send to each shareholder who has filed the objection referred to in subsection (5) notice that the resolution has been adopted, but such notice is not required to be sent to any shareholder who voted for the resolution or who has withdrawn their objection.
- (7) **Demand for payment.** A dissenting shareholder shall, within twenty days after receiving a notice under subsection (6) or, if the shareholder does not receive such notice, within twenty days after learning that the resolution has been adopted, send to the corporation a written notice containing:

- (a) the shareholder's name and address;
 - (b) the number and class of shares in respect of which the shareholder dissents; and
 - (c) a demand for payment of the fair value of such shares.
- (8) **Share certificate.** A dissenting shareholder shall, within thirty days after sending a notice under subsection (7), send the certificates representing the shares in respect of which the shareholder dissents to the corporation or its transfer agent.
- (9) **Forfeiture.** A dissenting holder who fails to comply with subsection (8) has no right to make a claim under this section.
- (10) **Endorsing Certificate.** A corporation or its transfer agent shall endorse on any share certificate received under subsection (8) a notice that the shareholder is a dissenting shareholder under this section and shall forthwith return the share certificates to the dissenting holder.
- (11) **Suspension of rights.** On sending a notice under subsection (7), a dissenting holder ceases to have any rights as a shareholder other than to be paid the fair value of their shares as determined under this section except where:
- (a) the shareholder withdraws that notice before the corporation makes an offer under subsection (12),
 - (b) the corporation fails to make an offer in accordance with subsection (12) and the shareholder withdraws the notice, or
 - (c) the directors revoke a resolution to amend the articles under subsection 173(2) or 174(5), terminate an amalgamation agreement under subsection 183(6) or an application for continuance under subsection 188(6), or abandon a sale, lease or exchange under subsection 189(9),

in which case the shareholder's rights are reinstated as of the date the notice was sent.

- (12) **Offer to pay.** A corporation shall, not later than seven days after the later of the day on which the action approved by the resolution is effective or the day the corporation received the notice referred to in subsection (7), send to each dissenting shareholder who has sent such notice
- (a) a written offer to pay for their shares in an amount considered by the directors of the corporation to be the fair value, accompanied by a statement showing how the fair value was determined; or
 - (b) if subsection (26) applies, a notification that it is unable lawfully to pay dissenting shareholders for their shares.
- (13) **Same terms.** Every offer made under subsection (12) for shares of the same class or series shall be on the same terms.
- (14) **Payment.** Subject to subsection (26), a corporation shall pay for the shares of a dissenting shareholder within ten days after an offer made under subsection (12) has been accepted, but

any such offer lapses if the corporation does not receive an acceptance thereof within thirty days after the offer has been made.

- (15) **Corporation may apply to court.** Where a corporation fails to make an offer under subsection (12), or if a dissenting shareholder fails to accept an offer, the corporation may, within fifty days after the action approved by the resolution is effective or within such further period as a court may allow, apply to a court to fix a fair value for the shares of any dissenting shareholder.
- (16) **Shareholder application to court.** If a corporation fails to apply to a court under subsection (15), a dissenting shareholder may apply to a court for the same purpose within a further period of twenty days or within such further period as a court may allow.
- (17) **Venue.** An application under subsection (15) or (16) shall be made to a court having jurisdiction in the place where the corporation has its registered office or in the province where the dissenting shareholder resides if the corporation carries on business in that province.
- (18) **No security for costs.** A dissenting shareholder is not required to give security for costs in an application made under subsection (15) or (16).
- (19) **Parties.** On an application to a court under subsection (15) or (16),
- (a) all dissenting shareholders whose shares have not been purchased by the corporation shall be joined as parties and are bound by the decision of the court; and
 - (b) the corporation shall notify each affected dissenting shareholder of the date, place and consequences of the application and of their right to appear and be heard in person or by counsel.
- (20) **Powers of court.** On an application to a court under subsection (15) or (16), the court may determine whether any other person is a dissenting shareholder who should be joined as a party, and the court shall then fix a fair value for the shares of all dissenting shareholders.
- (21) **Appraisers.** A court may in its discretion appoint one or more appraisers to assist the court to fix a fair value for the shares of the dissenting shareholders.
- (22) **Final order.** The final order of a court shall be rendered against the corporation in favour of each dissenting shareholder and for the amount of the shares as fixed by the court.
- (23) **Interest.** A court may in its discretion allow a reasonable rate of interest on the amount payable to each dissenting shareholder from the date the action approved by the resolution is effective until the date of payment.
- (24) **Notice that subsection (26) applies.** If subsection (26) applies, the corporation shall, within ten days after the pronouncement of an order under subsection (22), notify each dissenting shareholder that it is unable lawfully to pay dissenting shareholders for their shares.
- (25) **Effect where subsection (26) applies.** If subsection (26) applies, a dissenting shareholder, by written notice delivered to the corporation within thirty days after receiving a notice under subsection (24), may
- (a) withdraw their Notice of Dissent, in which case the corporation is deemed to consent to the withdrawal and the shareholder is reinstated to their full rights as a shareholder; or

- (b) retain a status as a claimant against the corporation, to be paid as soon as the corporation is lawfully able to do so or, in a liquidation, to be ranked subordinate to the rights of creditors of the corporation but in priority to its shareholders.
- (26) **Limitation.** A corporation shall not make a payment to a dissenting shareholder under this section if there are reasonable grounds for believing that
- (a) the corporation is or would after the payment be unable to pay its liabilities as they become due; or
 - (b) the realizable value of the corporation assets would thereby be less than the aggregate of its liabilities.

B2GOLD CORP.

NOTES TO PRO FORMA CONSOLIDATED STATEMENTS

(Unaudited)

September 30, 2008 and December 31, 2007

(all amounts expressed in thousands of US dollars except share and per share amounts)

1. Basis of Presentation

On January 27, 2009, B2Gold Corp. ("B2Gold" or the "Company") announced that it has made a binding offer (the "B2Gold Transaction") to Central Sun Mining Inc. ("Central Sun" or "CSM") to combine the two companies at the agreed exchange ratio of 1.28 B2Gold shares per Central Sun share. B2Gold has been advised that the Central Sun Board of Directors has unanimously determined that the B2Gold Transaction is superior to the Linear Gold Corp ("Linear Gold") transaction (the "Linear Transaction") announced by Central Sun on December 24, 2008. As Linear Gold did not amend its proposal to be at least equivalent to the B2Gold Transaction, on February 2, 2009, B2Gold and Central Sun announced that they have signed a binding agreement to combine the two companies at the same agreed exchange ratio of 1.28 B2Gold shares per Central Sun share as announced on January 27, 2009. The Central Sun Board of Directors has unanimously recommended that Central Sun shareholders vote in favour of the B2Gold Transaction. Further, CSM officers, directors and shareholders who hold approximately 13.5% of the outstanding shares have entered into lock-up agreements with B2Gold, pursuant to which they will vote their shares in favour of the B2Gold Transaction. The definitive agreement was signed on February 9, 2009.

The B2Gold Transaction is subject to, among other things, the receipt of all necessary regulatory and court approvals and obtaining shareholder approval of the B2Gold Transaction at special meeting of the Central Sun shareholders to be held on March 20, 2009. Closing of the B2Gold Transaction is set to occur in late March, 2009,

The unaudited pro forma consolidated balance sheet and consolidated statements of operations of B2Gold have been prepared by management of CSM to give effect to the acquisition of Central Sun. The pro forma consolidated financial statements have been compiled from and include information derived from the following:

- An unaudited pro forma consolidated balance sheet combining the unaudited balance sheet of B2Gold and Central Sun as at September 30, 2008, giving effect to the B2Gold Transaction as if it occurred on September 30, 2008.
- An unaudited pro forma consolidated statement of operations combining the audited statements of operations of B2Gold for the period from inception date of November 30, 2006 to December 31, 2007 (see pro forma adjustment note 3(j)) and Central Sun for the year ended December 31, 2007, giving effect to the B2Gold Transaction as if it occurred on January 1, 2007.
- An unaudited pro forma consolidated statement of operations combining the unaudited statements of operations of B2Gold and Central Sun for the nine months ended September 30, 2008, giving effect to the B2Gold Transaction as if it occurred on January 1, 2008.

The unaudited pro forma consolidated financial statements have been compiled using the significant accounting policies as set out in the Company's audited financial statements for the year ended December 31, 2007 and unaudited financial statements for the nine months ended September 30, 2008. The unaudited pro forma consolidated financial statements should be read in conjunction with the historical consolidated financial statements and notes thereto of the Company and Central Sun as described above.

The Company's financial statement presentation has been adjusted and certain of its financial statement line items have been consolidated in the unaudited pro forma consolidated financial statements. In preparing the unaudited pro forma consolidated financial statements, a review was

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

undertaken to identify any accounting policy differences between the Company and Central Sun where the impact was potentially material and could be reasonably estimated. A difference relating to the treatment of exploration costs was identified and consequently a pro forma adjustment was made (note 3(f)). Although no other accounting policy differences were identified, other differences may be identified after consummation and integration of the B2Gold Transaction. It is management's opinion that these unaudited pro forma consolidated financial statements

F-4

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

include adjustments necessary for the fair presentation of the B2Gold Transaction described in note 2 in accordance with Canadian generally accepted accounting principles. Actual amounts recorded upon completion of the acquisition will likely differ from those recorded in the unaudited pro forma consolidated financial statement information.

The unaudited pro forma consolidated financial statements are not intended to reflect results of operations or financial position of the Company which would have actually resulted had the B2Gold Transaction been effected on the dates indicated, or are not necessarily indicative of the results of operations that may be obtained in the future. The pro forma adjustments and allocations of the purchase price for Central Sun are based in part on estimates of the fair value of the assets acquired and liabilities assumed. The final purchase allocation will be completed after asset and liability valuations are finalized. The final valuation will be based on the actual net tangible and intangible assets of Central Sun that exist as of the date of the completion of the acquisition. Any final adjustments may change the allocation of the purchase price which could effect the fair value assigned to the assets and liabilities and could result in a change to the unaudited pro forma consolidated financial statements. In addition, the impact of integration activities, the timing of completion of the acquisition and other changes in Central Sun's net tangible and intangible assets prior to the completion of the acquisition, which have not been incorporated into these unaudited pro forma consolidated financial statements, could cause material differences in the information presented. Certain elements of the B2Gold consolidated financial statements have been reclassified to provide a consistent format.

2. Acquisition of Central Sun

In consideration for the acquisition of Central Sun, the Company will issue 1.28 shares of B2Gold for each outstanding common share of Central Sun. For accounting purposes, the measurement of the purchase consideration in the unaudited pro forma consolidated financial statement is based on the average market share price of B2Gold common shares over a 2-day period before and after February 2, 2009 and is estimated at CDN\$0.81 (or US\$0.65 based on the closing exchange rate of \$0.8041 as at February 2, 2009) per each B2Gold share. The transaction will be accounted for as a purchase transaction with B2Gold being identified as the acquirer and CSM as the acquiree.

In addition, all outstanding Central Sun stock options will be exchanged for stock options of the Company which will give the holder the right to acquire shares in the common stock of B2Gold on the same basis as the exchange of Central Sun common shares to B2Gold's common shares. In addition, under the terms of the warrants and the agent's options, following completion of the B2Gold Transaction, each warrant and agent's option will be exercisable for common shares of B2Gold on the same basis as the exchange of Central Sun Common Shares for B2Gold Common Shares. These warrants and options have been included in the purchase consideration at their fair value of approximately \$1,830 using the Black-Scholes pricing model.

The principal assumptions used in applying the Black-Scholes option pricing model were as follows:

Expected life in years	up to 3 years
Risk free interest rate	3%
Expected volatility	63%
Dividend yield	0%

For the purpose of determining the value of the purchase consideration, the number of outstanding warrants and options has been derived from the latest published financial statement of Central Sun as at September 30, 2008. The value of the purchase consideration for accounting purposes may differ from the amount assumed in the unaudited pro forma consolidated financial statement for changes in the assumptions used in applying the Black-Scholes option pricing model or changes in the number of warrants, share options and agent's options from September 30, 2008 to the closing date of the B2Gold Transaction.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

The unaudited pro forma consolidated financial information assumes the cost of acquisition will include the fair value of the B2Gold shares issued, based on the deemed issuance of 80,638,705 B2Gold shares at \$0.65 per share, 5,783,427 stock options, 1,321,024 agent's options and 12,389,643 warrants of CSM exchanged for those of B2Gold with a fair value of \$622, \$91 and \$1,117 respectively, plus B2Gold transaction costs of \$1,206 equaling a total price of \$55,558.

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

Preliminary purchase price:

80,638,705 common shares of B2Gold issued on acquisition	\$ 52,522
Fair value of stock options to be exchanged for options of B2Gold	622
Fair value of share purchase warrants exercisable for common shares of B2Gold	1,117
Fair value of agent's options to be exercisable for common shares of B2Gold	91
Transaction costs (estimated)	1,206
	\$ 55,558

The net of the amount to assets acquired and liabilities is as follows:

Cash and cash equivalents	\$ 2,908
Marketable securities	368
Accounts receivable and prepaids	10,909
Inventories	10,622
Restricted cash	272
Resource property interest	33,270

Loans and warrants payable	(8,350)
Future income tax liabilities	(5,096)
Long-term liabilities	(943)
Asset retirement obligation	(7,914)
	\$ 55,558

The fair value of the net assets of Central Sun to be acquired will ultimately be determined after the closing of the B2Gold Transaction. Therefore, it is likely that the fair value of net assets acquired will vary from those shown above and the differences may be material.

3. Pro Forma Assumptions and Adjustments

- a) Repayment of Central Sun's outstanding short-term loan facility of \$8,000.
- b) Financial statement reclassification of Central Sun's supplier advances and other prepaids.
- c) Reclassification of receivable from the sale of the Cerra Quema property. As the receivable of \$1,952 has not been received from the purchaser on due date of December 31, 2008, Central Sun has retained its 60% interest in the Cerra Quema property. Consequently, the receivable has been reclassified to Resource Property Interests.
- d) Fair value adjustments to equipment held for sale, gold product inventory and the loan payable. The fair value adjustment for mining properties of Central Sun is \$22,083 including a future income tax related amount of \$5,096.
- e) Financial statement reclassification of certain Central Sun's property, plant and equipment to Resource Property Interests.
- f) Change in accounting policy to capitalize Central Sun's exploration and development costs for a property under development. Depreciation of \$449 and \$740 recognized on exploration costs for the nine months ended September 30, 2008 and for the year ended December 31, 2007, respectively.
- g) Transaction and termination costs have been estimated to be \$1,206 and \$2,412, respectively.
- h) Elimination of the book value of Central Sun's shareholders' equity accounts.
- i) Reclassification of depreciation and depletion expense to Cost of Sales.
- j)

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

The Company reported a statement of operations from the inception date (November 30, 2006) to December 31, 2007. As the Company was inactive from the period November 30, 2006 to December 31, 2006, no adjustment is required to the pro forma statement of operations. B2Gold essentially commenced operations in March of 2007.

Assumptions and Limitations

Macquarie has relied upon and has assumed, without independent investigation, the completeness, accuracy and fair representation of all financial and other information, data, documents, materials, opinions, advice and representations made available to Macquarie, including information relating to Central Sun, B2Gold and Linear Gold, or provided to Macquarie by Central Sun, and its associates or affiliates or their respective agents, advisors, consultants and representatives or otherwise pursuant to our engagement and this Opinion is conditional upon such completeness, accuracy, and fairness. Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

has been no material change, financial or otherwise, in the financial condition, assets, liabilities, business, operations or prospects of Central Sun, nor is there a plan or proposal for any such change. Macquarie has not, to the best of its knowledge, been denied access to any information requested.

Macquarie was not engaged to review any legal, tax or accounting aspects of the Arrangement and accordingly expresses no view thereon. The Arrangement is subject to a number of conditions outside the control of Central Sun and B2Gold and Macquarie has assumed all conditions precedent to the completion of the Arrangement can be satisfied in due course and all consents, permissions, exemptions or orders of relevant regulatory authorities will be obtained, without adverse conditions or qualification. In rendering this Opinion, Macquarie expresses no view as to the likelihood that the conditions respecting the Arrangement will be satisfied or waived.

The Opinion is rendered on the basis of securities markets, economic and general business and financial conditions prevailing as at the date hereof, and the condition and prospects, financial and otherwise, of Central Sun, B2Gold and Linear Gold as they were reflected in the Information and documents reviewed by Macquarie and as they were represented to Macquarie in our discussions with management, officers and directors of Central Sun and B2Gold. Any reference to the Opinion or the engagement of Macquarie by Central Sun is expressly prohibited without the express written consent of Macquarie.

Macquarie believes that the analyses and factors considered in arriving at this Opinion must be considered as a whole and that the Opinion is not amenable to partial analyses or summary description and that selecting portions of the analyses and the factors considered, without considering all factors and analyses together, could create a misleading view of the process employed and the conclusions reached. Any attempt to do so could lead to undue emphasis on any particular factor or analysis. In arriving at the Opinion, Macquarie has not attributed any particular weight to any specific analyses or factor but rather based the Opinion on a number of qualitative and quantitative factors deemed reasonable and appropriate by Macquarie based on Macquarie's experience rendering such opinions.

In our analyses and in connection with the preparation of this Opinion, Macquarie made numerous assumptions with respect to industry performance, general business, market and economic conditions and other matters, many of which are beyond the control of any party involved in the Arrangement. While in the opinion of Macquarie, the assumptions used in preparing this Opinion are reasonable in the current circumstances, some or all of these assumptions may prove to be incorrect.

The BCBCA provides shareholders with substantially the same rights as are available to shareholders under the CBCA, including rights of dissent and appraisal and rights to bring derivative actions and oppression actions. However, there are certain differences between the two statutes and the regulations made thereunder.

The following is a summary of certain differences between the CBCA and the BCBCA which management of Central Sun considers to be material to shareholders. **This summary is not an exhaustive review of the two statutes. Reference should be made to the full text of both statutes and the regulations thereunder for particulars of any differences between them, and shareholders should consult their legal or other professional advisors with regard to the implications of the share exchange contemplated under the Arrangement which may be of importance to them.**

- *Director Residency Requirements.* Under the CBCA, at least 25% of a company’s directors must be resident Canadians. The BCBCA does not, however, have any residency requirements for directors.
- *Place of Shareholders’ Meetings.* Under the CBCA, a shareholders’ meeting may be held at any place in Canada provided in the by-laws, or in the absence of such by-law, at the place within Canada that the directors determine, or it may be held at a place outside Canada if such place is specified in the articles of the company or all the shareholders entitled to vote at the meeting agree the meeting is to be held at that place. The BCBCA provides that meetings of shareholders may be held at a location outside of British Columbia if such location is provided by the articles; (ii) approved by an ordinary resolution or such other resolution as is required by the articles (provided the articles do not restrict the corporation from approving a location outside of British Columbia); or (iii) approved in writing by the Registrar of Companies (British Columbia) before any such meeting is held.
- *Requisition of Meetings.* The CBCA permits the holders of not less than 5% of the issued shares that carry the right to vote at a meeting sought to be held to requisition the directors to call and hold a meeting of shareholders of a corporation for the purposes stated in the requisition. If the directors do not call a meeting within 21 days on receiving the requisition, any shareholder who signed the requisition may call the meeting. The BCBCA permits the holders of not less than 5% of the issued shares that carry the right to vote at a general meeting of shareholders to requisition the directors to call and hold a general meeting within four months of receiving the requisition. If the directors do not call a general meeting within 21 days of receiving the requisition, any one or more of the requisitioning shareholders who hold not less than 2.5% of the issued shares that carry the right to vote may call a general meeting.
- *Solicitation of Proxies.* Under the CBCA, proxies may be solicited other than by or on behalf of management of the company without the sending of a dissident’s proxy circular if (i) proxies are solicited from 15 or fewer shareholders, or (ii) if the solicitation is conveyed by public broadcast, speech or publication containing certain of the information that would be required to be included in a dissident’s proxy circular. Furthermore, under the CBCA, the definition of “solicit” and “solicitation” specifically excludes (i) certain public announcements by a shareholder of how he or she intends to vote and the reasons for that decision, (ii) communications for the purpose of obtaining the number of shares required for a shareholder proposal, and (iii) certain other communications made other than by or on behalf of management of the company, including communications by one or more shareholder concerning the business and affairs of the company or the organization of a dissident’s proxy solicitation where no form of proxy is sent by or on behalf of such shareholders, by financial and other advisors in the ordinary course of business to shareholders who are their clients, or by any person who does not seek directly or indirectly the power to act as proxy for a shareholder. Under the BCBCA, proxies may be solicited by persons other than management if the person making the

H-1

Edgar Filing: CENTRAL SUN MINING INC. - Form 6-K

solicitation concurrently with or before it, sends an information circular to each of the shareholders of the company whose proxies is solicited. The exception to the requirement of sending an information circular is (i) a solicitation that is not by or on behalf of the management of the company, if the total number of shareholders whose proxies are solicited is not more than 15, or (ii) a solicitation made by a person in respect of shares of which the person is the beneficial owner.

- *Record Date for Shareholders' Meetings.* Under the CBCA, shareholders are entitled to vote only shares held by them on the record date or the deemed record date, as the case may be. Transferees of shares after the record date or the deemed record date, as the case may be, are not entitled to vote the transferred shares at the meeting. Under the BCBCA, the directors may set a record date for any purpose, including for determining shareholders entitled to notice of or voting at a meeting of shareholders.
- *Notice of Shareholders' Meetings.* Under the CBCA, notice of a meeting of shareholders must be provided not less than 21 days and not more than 60 days before the meeting. The same is the case for public BCBCA companies. However, public companies incorporated under either statute are currently subject to the requirements of National Instrument 54-101— Communication with Beneficial Owners of Securities of a Reporting Issuer, of the Canadian Securities Administrators which provides for minimum notice periods of greater than the minimum 21 day period in either statute.
- *Shareholder Proposals.* Under the CBCA, shareholder proposals may be submitted by both registered and beneficial shareholders who are entitled to vote at an annual shareholders' meeting, provided that (i) the shareholder must have owned, directly or beneficially, for at least six months prior to the submission of the proposal, voting shares at least equal to 1% of the total number of outstanding voting shares of the company or whose fair market value is at least \$2,000; or (ii) the proposal must have the support of persons who in the aggregate have owned, directly or beneficially, such number of voting shares for such period. The BCBCA provisions is very similar, however, requires that the shareholder has been the owner of such shares for an uninterrupted period of at least two years before the date of the signing of the proposal.
- *Registered Office.* Under the CBCA, a company's registered office may be at any place in Canada and may be relocated within a province by resolution of the directors. Under the BCBCA, a company's registered office must be in British Columbia.
- *Quorum of Directors' Meetings.* The CBCA states that quorum of directors meetings consists of a majority of directors or the minimum number of directors required by the articles. Further, the CBCA requires that 25% of the directors present at the meeting (or at least one if less than four directors are appointed) be resident Canadians. The BCBCA provides that the quorum necessary for the transaction may be set by the directors and, if not set, is a majority of the directors.
- *Corporate Records.* The CBCA permits corporate and accounting records to be kept outside of Canada, although there are still requirements to keep records and books of account within Canada under the *Income Tax Act* and other statutes administered by the Minister of National Revenue (such as the *Excise Tax Act*). Also under the CBCA, if records are kept outside of Canada companies are required to provide access to their records at a location in Canada, by computer terminal or other technology. The BCBCA requires that records to be kept in British Columbia.
- *Short Selling.* Under the CBCA, insiders of the Company are prohibited from short selling any securities of the Company. The BCBCA has no such requirement.
- *Oppression Remedy.* The BCBCA will allow a court to grant relief where a prejudicial effect to the shareholder is merely threatened, whereas the CBCA will only allow a court to grant relief if the effect actually exists (that is, it must be more than merely threatened).

LETTER OF TRANSMITTAL FOR COMMON SHARES OF

This Letter of Transmittal is for use by registered holders ("**Registered Shareholders**") of common shares ("**Common Shares**") of Central Sun Mining Inc. ("**Central Sun**" or the "**Corporation**") in connection with the proposed arrangement (the "**Arrangement**"), involving Central Sun, B2Gold Corp. ("**B2Gold**") and its wholly owned subsidiary 4485394 Canada Inc. ("**B2Gold Subco**"), pursuant to which all of the outstanding Central Sun Common Shares will be acquired by B2Gold Subco, and B2Gold Subco and Central Sun will be amalgamated under the *Canada Business Corporations Act*. Arrangement is being submitted for approval at the special meeting of shareholders of Central Sun scheduled to be held on March 20, 2009 (the "**Meeting**").

Shareholders of Central Sun ("**Shareholders**") are referred to the Notice of Special Meeting of Central Sun Shareholders and Management Proxy Circular dated as of February 19, 2009 (the "**Circular**") prepared in connection with the Meeting that accompanies this Letter of Transmittal. Capitalized terms used but not defined in this Letter of Transmittal have the meanings set out in the Circular.

If the Arrangement Resolution is passed, the Final Order is obtained, every other requirement of the *Canada Business Corporations Act* relating to the Arrangement is complied with and all other conditions to closing set out in the Arrangement Agreement are satisfied or waived, the Effective Date of the Arrangement is anticipated to be on or about March 26, 2009. Under the terms of the Arrangement, on the Effective Date, all Common Shares issued and outstanding immediately prior to the Effective Time (other than those held by Dissenting Shareholders, B2Gold and its subsidiaries) will be transferred to B2Gold, at the Effective Time, free and clear of any encumbrances, at an exchange ratio of 1.28 common shares of B2Gold ("**B2Gold Common Share**") (the "**Consideration**") for every one Common Share held by the Shareholders.

No fractional B2Gold Common Shares will be issued to former Shareholders. If a former Shareholder is entitled to receive a fractional B2Gold Common Share, the number of B2Gold Common Shares issuable to such former Shareholder under the Arrangement will be rounded down to the nearest whole number of B2Gold Common Shares that such former Shareholder is entitled to receive under the Arrangement.

This Letter of Transmittal is for use by Registered Central Sun Shareholders only and is not to be used by beneficial holders of Common Shares (the "Beneficial Shareholders"). A Beneficial Shareholder does not hold Common Shares in its name but such Common Shares are held by an Intermediary or clearing agency such as CDS. If you are a Beneficial Shareholder you should contact your

Intermediary for instructions and assistance in delivering your certificates representing Common Shares. Please refer to the Circular under the heading “Information Concerning the Meeting” for more detail.

In order to receive the appropriate Consideration pursuant to the Transaction, Shareholders are required to deposit the certificates representing their Common Shares held by them with Equity Transfer & Trust Company (the “Depositary”). This Letter of Transmittal, properly completed and duly executed, together with all other required documents, must accompany all certificates for Common Shares deposited to entitle the Shareholder to receive the appropriate Consideration pursuant to the Transaction.

Shareholders who do not deliver their share certificates and all other required documents to the Depositary on or before the date which is six years after the Effective Date will lose their right to receive B2Gold Common Shares for their Common Shares.

**TO: EQUITY TRANSFER & TRUST COMPANY,
at the office set out herein**
AND TO: CENTRAL SUN MINING INC.
AND TO: B2GOLD CORP.

Please read the Circular and the instructions set out below carefully before completing this Letter of Transmittal. Delivery of this Letter of Transmittal to an address other than as set forth herein will not constitute a valid delivery. If Common Shares are registered in different names, a separate Letter of Transmittal must be submitted for each different registered owner. See Instruction 2.

In connection with the Transaction being considered for approval at the Meeting, the undersigned hereby deposits with the Depository the enclosed certificate(s) representing Common Shares, details of which are as follows:

(Please print or type. If space is insufficient, please attach a list to this Letter of Transmittal in the above form.)

It is understood that, upon receipt of this Letter of Transmittal duly completed and signed and of the certificate(s) representing the Common Shares deposited herewith (the “**Deposited Shares**”) and following the Effective Time of the Transaction, the Depository will deliver to the undersigned certificates representing the B2Gold Common Shares that the undersigned is entitled to receive under the Transaction or hold such B2Gold Common Shares for pick-up in accordance with the instructions set out below, and the certificate(s) representing the Deposited Shares will forthwith be cancelled.

These representations and warranties shall survive the completion of the Arrangement.

Except for any proxy deposited with respect to the vote on the Arrangement Resolution, as defined in the Circular, in connection with the Meeting, the undersigned revokes any and all authority, other than as granted in this Letter of Transmittal, whether as agent, attorney-in-fact, proxy or otherwise, previously conferred or agreed to be conferred by the undersigned at any time with respect to the Deposited Shares and no subsequent authority, whether as agent, attorney-in-fact, proxy or otherwise, will be granted with respect to the Deposited Shares.

The undersigned will, upon request, execute any signature guarantees or additional documents deemed by

the Depositary to be reasonably necessary or desirable to complete the transfer of the Deposited Shares contemplated by this Letter of Transmittal. The undersigned hereby acknowledges that the delivery of the Deposited Shares shall be effected and the risk of loss to such Deposited Shares shall pass only upon proper receipt thereof by the Depositary.

Each authority conferred or agreed to be conferred by the undersigned in this Letter of Transmittal shall survive the death or incapacity of the undersigned and any obligation of the undersigned hereunder shall be binding upon the heirs, personal representatives, legal representatives, successors and assigns of the undersigned.

The authority herein conferred, coupled with an interest, is not intended to be a continuing power of attorney within the meaning of and governed by the *Substitute Decisions Act* (Ontario), or any similar power of attorney under equivalent legislation in any of the provinces or territories of Canada (a "CPOA"). The execution of this Letter of Transmittal shall not terminate any such CPOA granted by the undersigned previously and the authority herein conferred shall not be terminated by the execution by the undersigned in the future of a CPOA, and the undersigned hereby agrees not to take any action at any time which results or may result in the termination of the authority herein conferred.

The undersigned instructs B2Gold and the Depositary to mail the certificate(s) representing the B2Gold Common Shares that the undersigned is entitled to pursuant to the Arrangement, promptly after the Effective Time, by first-class insured mail, postage prepaid, to the undersigned, or to hold such certificate(s) for B2Gold Common Shares for pick-up, in accordance with the instructions given below.

If the Transaction is not completed or proceeded with, the enclosed certificate(s) and all other ancillary documents will be returned forthwith to the undersigned at the address set out below in Box "A" or, failing such address being specified, to the undersigned at the last address of the undersigned as it appears on the securities register of Central Sun.

It is understood that the undersigned will not receive the applicable consideration under the Arrangement in respect of the Deposited Shares until the certificate(s) representing the Deposited Shares owned by the undersigned are received by the Depositary at the addresses set forth on the back of this Letter of Transmittal, together with a duly completed Letter of Transmittal and such additional documents as the Depositary may require, and until the same are processed by the Depositary.

By reason of the use by the undersigned of an English language Letter of Transmittal, the undersigned and each of you shall be deemed to have required that any contract in connection with the delivery of the Common Shares pursuant to the Arrangement through this Letter of Transmittal, as well as all documents related thereto, be drawn exclusively in the English language. En raison de l'utilisation d'une lettre d'envoi en langue anglaise par le soussigné, le soussigné et les destinataires sont présumés avoir requis que tout contrat attesté par ceci et son acceptation au moyen de la présente lettre d'envoi, de même que tous les documents qui s'y rapportent, soient rédigés exclusivement en langue anglaise.

- (c) The method used to deliver this Letter of Transmittal and any accompanying certificates representing Common Shares and all other required documents is at the option and risk of the Central Sun Shareholder, and delivery will be deemed effective only when such documents are actually received. Central Sun recommends that the necessary documentation be hand delivered to the Depository at the address set out on the back of this Letter of Transmittal, and a receipt obtained; otherwise the use of registered mail with return receipt requested, properly insured, is recommended. Central Sun Shareholders whose Common Shares are registered in the name of a broker, investment dealer, bank, trust company or other nominee should contact that nominee for assistance in depositing those Common Shares. Delivery to an office other than to the specified office does not constitute delivery for this purpose.
- (d) Central Sun reserves the right if it so elects in its absolute discretion to instruct the Depository to waive any defect or irregularity contained in any Letter of Transmittal and/or accompanying documents received by it.

2. Signatures

This Letter of Transmittal must be completed and signed by the holder of Common Shares or by such holder's duly authorized representative (in accordance with paragraph 4 below of these Instructions).

- (a) If this Letter of Transmittal is signed by the registered owner(s) of the accompanying certificate(s), such signature(s) on this Letter of Transmittal must correspond with the name(s) as registered or as written on the face of such certificate(s) without any change whatsoever, and the certificate(s) need not be endorsed. If such deposited certificate(s) are owned of record by two or more joint owners, all such owners must sign this Letter of Transmittal.

An "Eligible Institution" means a Canadian Schedule I chartered bank, a member of the Securities Transfer Agent Medallion Program (STAMP), a member of the Stock Exchange Medallion Program (SEMP) or a member of the New York Stock Exchange, Inc. Medallion Signature Program (MSP). Members of these programs are usually members of a recognized stock exchange in Canada or the United States, members of the Investment Industry Regulatory Organization of Canada, members of the National Association of Securities Dealers or banks and trust companies in the United States.

If any certificate(s) representing B2Gold Common Shares are to be held for pick-up at the offices of the Depository, complete Box "C". If neither Box "A" nor Box "B" is completed, any certificate(s) representing B2Gold Common Shares issued in exchange for the Deposited Shares will be issued in the name of the registered holder of the Deposited Shares and will be mailed to the address of the registered holder of the Deposited Shares as it appears on the register of Central Sun.
