PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the members of the Board of Directors (individually, a “Director” and, collectively, the “Board” or “Directors”) of Merge Healthcare Incorporated, a Delaware corporation (“Merge Healthcare,” the “Company,” “we,” “us” or “our”), of proxies to be voted at our 2011 Annual Meeting of Stockholders and at any adjournment or postponement thereof.

You are invited to attend the Annual Meeting of Stockholders. It takes place on Thursday, June 2, 2011, beginning at 10:00 a.m., Central Daylight Saving Time, at 200 East Randolph Street, Chicago, Illinois 60601. In order to attend the Annual Meeting in person you will need to register in advance. For further information please see “How do I register to attend the Annual Meeting in person?” below.

How do I vote shares registered in my name?

Under rules adopted by the United States Securities and Exchange Commission (the “Commission”), we are primarily furnishing proxy materials to our stockholders on the Internet, rather than mailing paper copies of the materials (including our 2010 Annual Report on Form 10-K) to each stockholder. If you received a Notice Regarding Availability of Proxy Materials (“Notice”) by mail or electronic mail, you will not receive a paper copy of these proxy materials unless you request one. Instead, the Notice will instruct you as to how you may access and review the proxy materials over the Internet. The Notice will also instruct you as to how you may access your proxy card to vote over the Internet. If you received a Notice by mail or electronic mail and would like to receive a paper copy of our proxy materials, free of charge, please follow the instructions included in the Notice.

We anticipate that the Notice will be mailed to our stockholders on or about April 22, 2011, and will be sent by electronic mail to our stockholders who have opted for such means of delivery on or about April 22, 2011. The Internet and telephone voting facilities for stockholders of record will close at 11:59 p.m. Central Daylight Saving Time, on June 1, 2011.

Who is entitled to vote at the Annual Meeting?

Holders of Merge Healthcare Common Stock at the close of business on April 12, 2011 are entitled to receive notice of and to vote their shares at the Annual Meeting. As of that date, there were 84,272,059 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote on each matter properly brought before the Annual Meeting.

How do I register to attend the Annual Meeting in person?

Please note that stockholders who wish to attend the Annual Meeting must register no later than May 27, 2011 on our website at www.merge.com/annualmeeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with Merge Healthcare's transfer agent, American Stock Transfer & Trust Company, you are the "stockholder of record" of those shares. This Notice of Annual Meeting and Proxy Statement and the Company's 2010 Annual Report on Form 10-K have been made available to you by Merge Healthcare.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the "beneficial owner" of those shares. In that case, if you have previously elected to receive a paper copy of your proxy materials, this Proxy Statement and a proxy card have been sent to the broker. You may have received this Proxy Statement directly from your broker, together with instructions as to how to direct the broker to vote your shares. As a beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote your shares by using the voting instruction card or by following their instructions for voting by mail or on the Internet.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can revoke your proxy before it is voted by (i) sending written notice of revocation to the Secretary of the Company bearing a date later than the date of the proxy; or (ii) properly executing and dating a subsequent proxy relating to the shares of Common Stock that you want voted at the Annual Meeting; or (iii) voting by ballot at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by following the instructions of your bank, broker or other holder of record.

All votes that have been properly cast and not revoked will be voted at the Annual Meeting.

If my shares are held in street name by my broker, will my broker vote my shares for me?

For beneficial stockholders, your broker will vote your shares only if the proposal is a matter on which your broker has discretion to vote or if you provide instructions on how to vote by following the instructions provided to you by your broker. Under applicable rules, brokers have the discretion to vote on routine matters, such as the ratification of the selection of accounting firms. Since 2010, brokers no longer have the discretion to vote on proposals for the election of directors. For any matters that come before the Annual Meeting for which your broker is not permitted to exercise voting discretion, if you do not give your broker specific instructions, your shares will be considered "broker non-votes," will not be voted on those matters and will not be considered as present and

entitled to vote with respect to those matters. However, shares represented by such “broker non–votes” will be counted in determining whether there is a quorum present.

What shares are included on the proxy card?

If you are a stockholder of record you will receive only one proxy card for all the shares you hold in certificate and in book entry form. If you are a beneficial owner, you will receive voting instructions, and information regarding consolidation of your vote, from your bank, broker or other holder of record.

How many shares of Merge Common Stock must be present or represented at the Annual Meeting to constitute a quorum?

Under our Bylaws as adopted on October 14, 2008 (which we refer to as our “Bylaws”), the presence of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, in person or represented by proxy, is necessary to constitute a quorum. Both abstentions and broker non–votes are counted in the number of shares present in person or represented by proxy for purposes of determining whether a quorum is present.

What are the voting requirements to elect the Directors and to approve each of the proposals discussed in this Proxy Statement?

- Election of Directors

Under our Bylaws, directors must be elected by a plurality of votes cast. This means that the individuals with the largest number of votes are elected as directors up to the maximum number of directors to be chosen at the Annual Meeting. Abstentions and broker non–votes are not counted as votes “for” or “against” this proposal. The election of directors is considered a non–routine proposal under the rules applicable to banks and brokers. As a result, if you hold your shares in “street name,” absent specific voting instructions, your bank, broker or other holder of record will not be permitted to exercise voting discretion, and your shares will not be considered present and entitled to vote, with respect to the election of directors at the Annual Meeting.

- Amendment of the 2005 Equity Incentive Plan

The affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote is required to approve the amendment of the 2005 Equity Incentive Plan. Abstentions will have the effect of a vote against this proposal. Broker non–votes will have no effect on the outcome of this proposal.

- Ratification of BDO USA, LLP

The affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy and entitled to vote is required to approve the ratification of BDO USA, LLP as our independent registered public accounting firm. Abstentions will have the effect of a vote against this proposal. Because this proposal is considered a routine proposal under the rules of the New York Stock Exchange, brokers or other entities holding shares for an owner in street name are able to vote on this proposal, even if no voting instructions are provided by the beneficial owner. As a result, there should not be any broker non–votes with respect to this proposal.

•Advisory Votes for compensation of our Named Executive Officers (“Say-on-Pay”) and frequency of advisory votes on the compensation of our Named Executive Officers (“Say-on-Frequency”)

The affirmative vote of a majority of shares of Common Stock present in person or represented by proxy and entitled to vote is required to approve, on an advisory basis, the Say-on-Pay proposal, although such vote will not be binding on the Company. The Say-on-Frequency proposal will be decided by a plurality of the votes validly cast, although such vote will not be binding on the Company. The advisory votes on Say-on-Pay and Say-on-Frequency are considered non-routine proposals under the rules applicable to banks and brokers. As a result, if you hold your shares in “street name,” absent specific voting instructions, your bank, broker or other holder of record will not be permitted to exercise voting discretion, and your shares will not be considered present and entitled to vote, with respect to the advisory votes on Say-on-Pay and Say-on-Frequency at the Annual Meeting.

Could other matters be decided at the Annual Meeting?

At the date this Proxy Statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. If any other matters properly come before the meeting, it is the intention of the proxies named in the proxy to vote the shares represented thereby with respect to such matters in accordance with their best judgment.

Can I access the Notice of Annual Meeting and Proxy Statement and the 2010 Annual Report on Form 10-K on the Internet?

This Notice of Annual Meeting and Proxy Statement and the 2010 Annual Report on Form 10-K are available on our website at <http://www.merge.com/annualmeeting/>. Instead of receiving future copies of our proxy statement and accompanying materials by mail, most stockholders can elect to receive an e-mail that will provide electronic links to them. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business.

Who will pay for the cost of this proxy solicitation?

To facilitate the collection of proxies, we may appoint a proxy solicitor at the standard industry rates. We will pay the cost of soliciting proxies, including the charges of brokers, banks and other holders of record for forwarding documents to you.

Whom should I call with other questions?

If you have additional questions about this Proxy Statement or the meeting or would like additional copies of this document or our 2010 Annual Report on Form 10-K, please contact: Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029, Attention: General Counsel and Corporate Secretary, Telephone (262) 367-0700.

How can I communicate with the Company’s Board of Directors?

Stockholders who wish to communicate with our Board may send correspondence to our General Counsel and Corporate Secretary, Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029. Our General Counsel and Corporate Secretary will submit your correspondence to our Board or the appropriate Board committee (“Committee”), as applicable.

The Board has instructed the General Counsel and Corporate Secretary to review all communications so received, and to exercise her discretion not to forward to the Board correspondence that is inappropriate such as business solicitations, frivolous communications and advertising, routine business matters (i.e. business inquiries, complaints, or suggestions) and personal grievances. However, any Director may at any time request the General Counsel and Corporate Secretary to forward any and all communications received by the General Counsel and Corporate Secretary but not forwarded to the Directors.

How do I submit a stockholder proposal for the 2012 annual meeting?

If a stockholder wishes to have a proposal considered for inclusion in next year's proxy statement, he or she must submit the proposal in writing so that we receive it by December 24, 2011. Proposals should be addressed to our General Counsel and Corporate Secretary, Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029. In addition, our Bylaws provide that any stockholder wishing to nominate directors or propose any other business at the 2012 annual meeting must give us written notice by no earlier than March 4, 2012 and no later than April 3, 2012. This notice must be sent to Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029; Attention: General Counsel and Corporate Secretary. That notice must provide certain other information as described in our Bylaws. Copies of our Bylaws are available online at www.merge.com/about/governance.aspx or see "Availability of Documents" below.

What is "householding"?

We have adopted "householding," a procedure under which stockholders of record who have the same address and last name and do not receive proxy materials electronically will receive only one set of our proxy materials unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure saves printing and postage costs by reducing duplicative mailings. Stockholders who participate in householding will continue to receive separate proxy cards. Beneficial stockholders can request information about householding from their banks, brokers, or other holders of record. If you participate in householding and wish to receive separate proxy materials, or if you wish to receive separate proxy materials in the future, please call us at (262) 367-0700 or write to: Merge Healthcare Incorporated, 900 Walnut Ridge Drive, Hartland, Wisconsin 53029, Attention: General Counsel and Corporate Secretary. We will deliver the requested documents to you promptly upon your request.

STOCKHOLDER PROPOSAL ONE – ELECTION OF DIRECTORS

Board Size. It is the policy of the Company that the number of Directors not exceed a number that can function efficiently as a body. The Nominating and Governance Committee considers candidates to fill new positions created by expansion and vacancies that occur by resignation, by retirement or for any other reason. Our Bylaws provide that the number of Directors shall consist of no less than three (3) and no more than eleven (11) Directors. The specific number of Directors shall be fixed from time to time by our Board. Currently, the Board is comprised of seven (7) Directors.

All seven (7) current members of our Board are standing for reelection to hold office until the next Annual Meeting of Stockholders or as provided in our Bylaws. The individuals named as proxy voters in the accompanying proxy, or their substitutes, will vote for the following nominees with respect to all proxies we receive unless instructions to the contrary are provided. If any nominee becomes unavailable for any reason, the votes will be cast for a substitute nominee designated by our Board. Our Directors have no reason to believe that any of the nominees named below will be unable to serve if elected. A plurality of votes cast is required for the election of Directors.

A plurality of the votes cast means that the individuals with the largest number of votes are elected as Directors up to the maximum number of Directors to be chosen at the Annual Meeting.

DIRECTOR BIOGRAPHIES

The following table lists the names of the seven (7) current Directors, their respective ages and positions with us, followed by a brief biography of each individual, including their business experience during the past five (5) years.

Mr. Dearborn has served on our Board since his appointment as Chief Executive Officer of Merge Healthcare on June 4, 2008. The Board has concluded that Mr. Dearborn should be a Director of Merge Healthcare because of his diverse experience in operational, financial and legal roles.

Michael W. Ferro, Jr. has served as a Director and Chairman of our Board since June 4, 2008. Since May 2007, Mr. Ferro has served as chairman and chief executive officer of Merrick Ventures, a private investment firm. He also serves on the boards of directors of the Chicago Community Trust, Children’s Memorial Hospital, Northwestern Memorial Foundation, Big Shoulders Foundation, and AfterSchool Matters. Mr. Ferro holds a B.A. from the University of Illinois. The Board has concluded that Mr. Ferro should be a Director of Merge Healthcare because of his extensive experience in investing in and advising public and private companies. Additionally, his and Merrick Ventures’ significant stock ownership in Merge Healthcare aligns his interests with those of other stockholders.

Gregg G. Hartemayer has served as a Director of our Board since June 4, 2008 and is a member of our Audit Committee, Nominating and Governance Committee and our Compensation Committee. Mr. Hartemayer has served in various capacities at Arthur Anderson LLP, and its then affiliate, Accenture, for 28 years. Mr. Hartemayer retired from Accenture in February 2004 where he was chief executive for global technology, outsourcing and global delivery. Prior to that role he was chief executive of the products market unit with P&L responsibility for over 25% of Accenture’s global business. Mr. Hartemayer holds an M.B.A. and a B.A. in Mathematics from the University of Michigan. The Board has concluded that Mr. Hartemayer should be a Director of Merge Healthcare because of his demonstrated experience running very large, complex, global businesses with direct P&L responsibility.

Richard A. Reck is the president of Business Strategy Advisors LLC, a business strategy consulting firm, and has served in such capacity since August 2002. Mr. Reck joined the certified public accounting firm of KPMG LLP in June 1973 and remained employed there until his retirement as a partner in July 2002. He currently serves on the boards of Interactive Intelligence, Inc., a publicly held software company, and Advanced Life Sciences Holdings Inc., a publicly held biopharmaceutical company, as well as the boards of several private and not-for-profit entities. Mr. Reck is a certified public accountant and holds a B.A. in Mathematics from DePauw University and an M.B.A. in Accounting from the University of Michigan. From September 15, 2003 to January 15, 2004, Mr. Stearns took a leave of absence from Financial Investments Corporation to serve as interim chairman and chief executive officer of Footstar, Inc. ("Footstar"). In March 2004, Footstar filed for U. S. Chapter 11 bankruptcy, at which time, Mr. Stearns remained as a director of Footstar until it emerged from bankruptcy in February 2006. Previously, Mr. Stearns was chairman of the board of Wallace Computer Services, Inc., then a provider of printed products and print management services, from January 2000 through November 2000 as well as serving as a director from 1996 until its sale to Moore Corporation Limited in 2003. Prior to 1995, he was president and chief executive officer of CC Industries, Inc., a diversified holding company. Mr. Stearns served on the board of Maytag Corporation from 1989 through its sale to Whirlpool Corporation in March 2006. Mr. Stearns holds an M.B.A. from Harvard Business School and a B.A. in Economics from Carleton College. The Board has concluded that Mr. Stearns should be a Director of Merge Healthcare because of his significant executive experience referred to above.

Jeffery A. Surges has served as a Director of our Board since May 4, 2010 and as our Chief Executive Officer since November 5, 2010. Prior to his appointment as our Chief Executive Officer, Mr. Surges served as the president of sales for Allscripts Health Systems Group and served as president and chief executive officer of Extended Care Information Network, Inc. ("ECIN") prior to Allscripts' acquisition of ECIN in December 2007. Before joining ECIN in October 1999, Mr. Surges was president and general manager of the resource management group of McKessonHBOC ("HBOC"). Mr. Surges joined HBOC in 1997 upon its acquisition of Enterprise Systems, Inc where he served on the management team during their successful IPO and eventual sale of the company to HBOC. The Board has concluded that Mr. Surges should be a Director of Merge Healthcare because of his nearly 20 years of experience managing high-growth technology companies in the healthcare and information services industries.

RECOMMENDATION OF THE BOARD

The Board unanimously nominates and recommends that stockholders vote "FOR" each of Messrs. Brown, Dearborn, Ferro, Hartemayer, Reck, Stearns and Surges for election as Directors of our Company to serve until the next Annual Meeting of Stockholders or as otherwise provided in our Bylaws.

CORPORATE GOVERNANCE

Role and Composition of the Board of Directors

General. The Board, which is elected by the stockholders, is the ultimate decision-making body of Merge Healthcare, except with respect to those matters reserved to the stockholders. It selects the Chief Executive Officer and other members of the senior management team, which senior management team is charged with the conduct of Merge Healthcare's business. Having selected the senior management team, the Board acts as an advisor and counselor to senior management and ultimately monitors its performance. The function of the Board to monitor the performance of senior management is facilitated by the presence of outside Directors of stature who have substantive knowledge of Merge Healthcare's business.

Our business, property and affairs are managed under the direction of our Board. Members of our Board are kept informed of our business through discussions with our Chairman and Chief Executive Officer and other officers, by reviewing materials provided to them, by visiting our offices and by participating in meetings of the Board and its Committees.

All Board members standing for reelection are expected to attend our Annual Meeting of Stockholders, unless an emergency prevents them from doing so. At our 2010 Annual Meeting, all Directors standing for reelection attended.

In 2010, the Board met thirteen (13) times and had three (3) Committees: the Audit Committee, the Nominating and Governance Committee and the Compensation Committee. All of the Directors who served on the Board in 2010 attended at least seventy five percent (75%) of the meetings of the Board, and at least seventy five percent (75%) of the meetings of all committees on which they served in 2010.

It is the general policy of Merge Healthcare that all major decisions be considered by the Board as a whole. As a consequence, the Committee structure of the Board is limited to those Committees considered to be basic to, or required for, the operation of a publicly owned company. Currently, these Committees are the Audit Committee, Compensation Committee, and the Nominating and Governance Committee. The membership of these Committees is rotated from time to time.

Selection Criteria. Although neither the Nominating and Governance Committee nor the Board has a diversity policy, the Board is committed to a diversified membership, in terms of both the individuals involved and their various experiences and areas of expertise. The Nominating and Governance Committee has not established specific minimum age, education, years of business experience or specific types of skills for potential director candidates, but, in general, expects qualified candidates will have ample experience and a proven record of business success and leadership. Candidates are selected by the Nominating and Governance Committee for, among other things, their integrity, independence, diversity of experience, leadership and their ability to exercise sound judgment. Final approval of a candidate is determined by the full Board. The Nominating and Governance Committee considers candidates suggested by our stockholders for election as a Director, provided that the recommendations are made according to the procedures required under our Bylaws. Stockholder nominees whose nominations comply with these procedures will be

evaluated by the Nominating and Governance Committee in the same manner as the Nominating and Governance Committee's nominees.

Director Compensation. The Nominating and Governance Committee makes recommendations to the Board regarding the compensation of Directors.

Executive Sessions. Executive sessions or meetings of outside Directors without management present are held regularly at the Board's discretion and consistent with The NASDAQ Global Select Market Rules.

Board Leadership Structure and Risk Oversight

We separate the roles of Chief Executive Officer and Chairman of the Board of Directors in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board of Directors provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the full Board. We also believe that separation of the positions reinforces the independence of the Board in its oversight of the business and affairs of the Company, and creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in the best interests of the Company and its stockholders. We do not have a lead independent director.

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate Committee in the case of risks that are under the purview of a particular Committee) receives these reports to enable it to understand our risk identification, risk management and risk mitigation strategies. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. While each Committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed of such risks through Committee reports at the Board meeting following a given Committee meeting. This enables the Board and its Committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

In addition to the Company's formal compliance program, the Board encourages management to promote a corporate culture that understands risk management and incorporates it into the overall corporate strategy and day-to-day business operations. The Company's risk management structure also includes an ongoing effort to assess and analyze the most likely areas of future risk for the Company. As a result, the Board (and its Committees) periodically asks the Company's executives to discuss the most likely sources of material future risks and how the Company is addressing any significant potential vulnerability. The Company has reviewed its compensation policies and practices for its employees and does not believe such policies and practices are reasonably likely to have a material adverse effect on the Company. In reaching this conclusion, the Company considered, among other things: the design elements of the Company's compensation programs and policies; the mix of cash and equity payouts; the balance of incentive compensation to encourage

both short-term performance and long-term value creation; the combination of performance and time vesting requirements used by the Company's incentive plans; the use of financial performance metrics that are readily monitored and reviewed; incorporation of both operational and financial goals and individual performance; capped payout levels for both annual cash incentives and long-term incentive awards; multiple levels of review and approval of awards; and the Company's internal risk review and assessment processes.

COMPENSATION OF NON-EMPLOYEE DIRECTORS

Beginning in June 2008, in connection with the investment by Merrick RIS, LLC (“Merrick”), an affiliate of Merrick Ventures, in our Company, we stopped paying cash compensation to our non-employee Directors and instead have, with the exception of fiscal 2010, made annual stock option grants to our non-employee Directors that vest over sixteen equal quarterly increments and have an exercise price equal to the closing price of our shares on the date of grant.

For fiscal 2010, none of our Directors received any cash or equity compensation for their service on the Board, except for a grant of 225,000 stock options to Jeffery A. Surges in connection with his appointment as a new non-employee Director in May 2010. Our employee Directors, Mr. Dearborn and, since his appointment as our new Chief Executive Officer in November 2010, Mr. Surges, do not receive any consideration for their service on the Board.

REVIEW OF RELATED PERSON TRANSACTIONS

The Company adopted written policies and procedures regarding related person transactions. For purposes of these policies and procedures:

- A “related person” means any of our Directors, executive officers, nominees for director, holder of five percent (5%) or more of our Common Stock or any of their immediate family members; and

Each of our executive officers, Directors or nominees for director is required to disclose certain information relating to related persons transactions for review, approval or ratification by our Audit Committee. Disclosure to our Audit Committee should occur before, if possible, or as soon as practicable after the related person transaction is effected, but in any event as soon as practicable after the executive officer, Director or nominee for director becomes aware of the related person transaction. Our Audit Committee’s decision whether or not to approve or ratify a related person transaction is to be made in light of its determination that consummation of the transaction is not or was not contrary to the best interests of Merge Healthcare. Any related person transaction must be disclosed to our full Board.

TRANSACTIONS WITH RELATED PERSONS

Merrick RIS, LLC (“Merrick”) beneficially owns, as of April 12, 2011, 37.4% of our outstanding Common Stock (including 250,000 shares of Common Stock which may be acquired upon the exercise of stock options which are currently exercisable or exercisable within sixty (60) days by Michael W. Mr. Ferro also serves as the chairman and chief executive officer of Merrick. Accordingly, Mr. Ferro indirectly controls all of the shares of Common Stock owned by Merrick. In addition, Justin C. Amendment of Merrick Consulting Agreement

In January of 2009, we entered into a Consulting Agreement with Merrick which was effective as of January 1, 2009, had a one (1) year term and which allowed us to take advantage of certain consulting services offered by Merrick to us. These services included, but were not limited to, investor relations, financial analysis and strategic planning. Effective on January 1, 2010, we and Merrick entered into an amendment to extend the term of this Consulting Agreement through December 31, 2011, and modified the payment terms from a flat fee arrangement per quarter to a per transaction or success based arrangement. Our Audit Committee considered the amendment to the Consulting Agreement prior to its execution and approved its terms. The fees under the Consulting Agreement in 2010 were approximately \$1,050,000.

In addition, as a result of the completion of the acquisition of AMICAS, Inc., we paid a \$1.0 million success fee to Merrick in April 2010.

Merrick's Investments in Connection with our Acquisition of AMICAS, Inc.

On April 28, 2010, Merrick purchased an aggregate principal amount of \$5.0 million of the \$200 million of 11.75% senior secured notes due 2015 that we offered in a private placement pursuant to Rule 144A and Regulation S under the Securities Act of 1933, as amended (the "Securities Act"). The notes purchased by Merrick were purchased at the same purchase price per note as the other investors in the offering.

Merrick also subscribed for and purchased 1.8 million shares of our Common Stock and 10,000 shares of our Series A Preferred Stock in the private placement that funded a portion of our acquisition of AMICAS, Inc. These shares were purchased by Merrick at the same purchase price per share of Common Stock and per share of Series A Preferred Stock paid by the other investors in the private placement.

COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

This Compensation Discussion describes our executive compensation program for 2010 and certain elements of the 2011 program. We use this program to attract, motivate, and retain colleagues whom the Board has selected to lead our business.

This section of the Proxy Statement explains how the Compensation Committee made its compensation decisions for our officers who also comprise our Named Executive Officers. Those current Named Executive Officers are our Chief Executive Officer, Jeffery A. Surges; our President, Justin C. Dearborn; our Chief Financial Officer and Treasurer, Steven M. Oreskovich; and our General Counsel and Corporate Secretary, Ann G. Mayberry-French.

MARKET AND BUSINESS CONDITIONS

In fiscal 2010, we extended our strong market position and increased total net sales by approximately 110% as compared to fiscal 2009, in part through our acquisition of AMICAS, Inc. and also as a result of other significant investments that we believe position us to execute effectively in 2011 and beyond. In addition, although our total gross margins decreased in fiscal 2010 as compared to fiscal 2009, we believe that the realignment of our business after the AMICAS, Inc. acquisition from a decentralized organization approach to a centralized organizational structure with functional leaders will have a long-term positive effect on our ability to efficiently develop products to address market needs while maintaining competitive margins. In light of these factors and the continued rebound in the global economy in 2010, we continued to compensate our executive officers in fiscal 2010 in a manner consistent with our pay-for-performance philosophy, emphasizing both short and long-term incentive compensation.

PHILOSOPHY AND GOALS OF OUR EXECUTIVE COMPENSATION PROGRAM

Compensation Philosophy

The primary objectives of our executive compensation policies are as follows:

- to attract and retain talented executives by providing compensation that is in alignment with the compensation provided to executives at companies of comparable size and growth trajectory in the health care information technology industry, while maintaining compensation within levels that are consistent with our annual budget, financial objectives and operating performance; and
- to provide appropriate incentives for executives to work toward the achievement of our annual financial performance and business goals, based primarily on diluted earnings per share.

Our incentive compensation programs are designed to reward executive and other employee contributions based on the success of our organization. Specifically, they are designed to reward

achievement of our annual financial performance and business goals and creation of stockholder value.

Compensation Mix

Historically, we have used a mix of short-term compensation (base salaries and annual cash incentive bonuses) and long-term compensation (stock option grants and restricted stock awards) to meet the objectives of our compensation programs. We do not have a fixed policy for allocating between long-term and short-term compensation or between cash and non-cash compensation. Because we believe that it is important to align the interests of our executives with those of our stockholders, equity incentive compensation has made up a portion of each current executive's overall compensation package. In the near term, we plan to continue to use primarily short-term compensation (base salaries and annual cash incentive bonuses) as well as long-term compensation, as appropriate.

The compensation that we pay our Named Executive Officers consists of base salary, cash incentive compensation and stock option awards. The following discussion explains the reason we pay each element of compensation, how the amount of each element is determined, and how each element fits into our overall compensation philosophy and affects decisions regarding other elements.

We seek to pay executives a base salary in alignment with salaries of executives at companies of comparable position in the healthcare information technology industry and at a rate that fits within our annual budget, financial objectives and operating performance. However, we do not make use of any formal survey information or benchmark against any specific compensation percentiles. We have not historically attempted to make base salary a certain percentage of total compensation.

In late 2009, the Compensation Committee established a merit pool based upon our compensation philosophy and the length of time since employees had received a merit award, the state of the U. S. and global economies, expectations for 2010 economic growth and the potential Company forecast. At that time, the Compensation Committee also approved the funding of a bonus pool based on the Company's revenues and net income, with any remaining bonus pool funding to be based on per share earnings.

Role of the Compensation Committee

The Compensation Committee of our Board is responsible for administering our compensation practices and ensuring they are designed to drive corporate performance. Our Compensation Committee reviews compensation policies affecting our executive officers annually, taking into consideration our financial performance, our position within the health care information technology industry, the executive compensation policies of similar companies in similar industries and, when reviewing individual compensation levels, certain individual factors, including the executive's level of experience and responsibility and the personal contribution that the individual has made to our success. Further, our Compensation Committee also considers the global economic trends and the macroeconomic environment.

Annually, our Compensation Committee reviews the base salaries of all executive officers and based on these reviews, may adjust these salaries to ensure external competitiveness and to reflect the executive's individual position and performance, as well as the performance of our Company. In addition to these factors, our Compensation Committee considers the recommendations of our Chief

Executive Officer when adjusting base salaries of our Named Executive Officers other than himself. Our Chief Executive Officer can and does call and attend Compensation Committee meetings. We may also make base salary adjustments during the year if the scope of an executive officer's responsibility changes relative to the other executives.

Modifications To Our Executive Compensation Program

The Committee continues to focus its efforts to refine the executive compensation structure and process consistent with evolving good governance practices.

The letter agreements entered into July of 2008 with Mr. Dearborn remains in place, as well as the letter agreement entered into with Mr. Oreskovich at that time. These agreements formalize and confirm the base compensation, target annual bonus amounts and the stock option grants that we agreed to in connection with the hiring of Mr. Dearborn and the promotion of Mr. Oreskovich. The agreements provide for twelve (12) months' base salary as severance upon a termination other than for cause or other than due to the executive officer's death or disability, conditioned on the officer's execution of a release agreement. The agreements do not include a definition of "cause." In addition, upon a change in control of Merge Healthcare, all of these officers' stock options will vest. We determined the amounts of these severance benefits and the triggering events based on the subjective judgments and experiences of the members of the Compensation Committee, which indicated that these amounts are consistent with market practice and that the triggering events are likely to involve circumstances in which it is customary and appropriate to offer the protections embodied in the letter agreements.

In October 2010, due to several additional changes occurring in the makeup of our senior management team and the transitioning of responsibilities, Nancy J. Koenig and Antonia A. Wells ceased to be executive officers. In November 2010, Mr. Surges was appointed as our new Chief Executive Officer, and Mr. Dearborn transitioned to the newly created role of President.

In connection with his appointment as the Company's new Chief Executive Officer, Mr. Surges entered into an employment agreement with the Company on November 5, 2010 (the "Employment Agreement"). In accordance with the terms of the Employment Agreement, Mr. Surges receives an annual base salary of \$450,000 and participates in the Company's annual incentive bonus plan with a targeted annual bonus equal to 100% of his annual base salary. The Employment Agreement has an initial term of two (2) years and automatically renews thereafter for successive one (1) year terms unless the Company or Mr. Surges delivers a notice of non-renewal to the other party. If the Company terminates Mr. Surges' employment other than for "cause" (including by delivery of a notice of non-renewal), or if Mr. Surges terminates his employment for "good reason", then Mr. Surges will be entitled to receive (i) his annual base salary through the date of termination and his actual annual bonus for the prior fiscal year to the extent not theretofore paid, (ii) a cash severance in an aggregate amount equal to Mr. Surges' annual base salary plus fifty percent (50%) of his annual target bonus, which cash severance will be payable over twelve (12) months, and (iii) continuation of welfare benefits for one (1) year after the date of termination. If the Company terminates Mr. Surges' employment for "cause" or Mr. Surges terminates his employment without "good reason" (including by delivery of a notice of non-renewal), then the Company's only obligation to Mr. Surges under the Employment Agreement will be to pay his annual base salary through the date of termination. The Employment Agreement also includes restrictions on Mr. Surges ability to solicit or hire employees or customers of the Company and to engage in certain

management or sales activities relating to the Company's industry while he is employed by the Company and for twelve (12) months thereafter.

On November 5, 2010, the Board granted Mr. Surges 1,500,000 stock options that will expire six (6) years from the grant date. Twenty percent (20%) of the stock options vested on the grant date and twenty percent (20%) of the stock options will vest on each of the first four (4) anniversaries of the grant date. The options will also vest upon a change in control of the Company.

The compensation arrangements for our Named Executive Officers as of December 31, 2010 were as follows: Mr. Surges' annual base salary is \$450,000 with a target annual bonus equal to his annual base salary. Mr. Dearborn's annual base salary is \$300,000 with a target annual bonus equal to his annual base salary. Mr. Oreskovich's annual base salary is \$220,000 with a target annual bonus equal to fifty percent (50%) of his annual base salary. Ms. Mayberry-French's annual base salary is \$175,000 with a target annual bonus of fifty percent (50%) of her base salary. No bonuses were paid to the current Named Executive Officers under the 2010 annual bonus program because the factors defined by the Compensation Committee, based on our revenue, net income and EBITDA, were not achieved.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K set forth above with management and, based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, members of our Board, and persons who own more than ten percent (10%) of a registered class of our equity securities, to file initial statements of beneficial ownership (Form 3), and statements of changes in beneficial ownership (Forms 4 or 5). The Commission requires executive officers, directors and greater than ten percent (10%) stockholders to furnish us with copies of all these forms filed with the Commission.

To our knowledge, based solely upon our review of the copies of these forms received by us, or written representations from certain reporting persons that no additional forms were required for those persons, we believe that all of our Named Executive Officers and Directors complied with their reporting obligations during 2010.

STOCKHOLDER PROPOSAL TWO – APPROVAL OF THE THIRD AMENDMENT
TO THE MERGE HEALTHCARE INCORPORATED 2005 EQUITY INCENTIVE
PLAN

The purpose of the Merge Healthcare 2005 Equity Incentive Plan, as previously amended, which we refer to as the equity incentive plan, is to provide officers and other key employees of the Company and its subsidiaries, members of the Board, and certain consultants and advisors who perform services for the Company or its subsidiaries with additional incentive to perform in a superior manner and to attract and retain experienced personnel.

In our proxy statement for last year's Annual Meeting, we included a proposal to increase the number of shares available for issuance under the equity incentive plan by 3,000,000 shares. The proposal was approved by our stockholders on September 21, 2010. When we made the proposal, we had anticipated that the additional shares approved would cover grants under the equity incentive plan for two or three years.

Subsequently, however, on November 5, 2010, we hired Jeffery A. Surges as our new Chief Executive Officer and, as part of his compensation arrangements, granted him 1,500,000 stock options. In the fourth quarter of 2010, we also approved a plan to increase our sales and marketing presence, which included hiring additional new sales and marketing personnel. As a result, we granted considerably more stock options in the fourth quarter of 2010 than we have historically granted.

As a result of these unanticipated awards, only 1,173,866 shares of Common Stock remained available for awards under the equity incentive plan as of April 12, 2011. The Board believes that this remaining pool would be inadequate to enable us to continue to compensate our officers, directors and employees in a manner consistent with the philosophies and goals of our overall compensation program. Accordingly, the Board has determined that it would be in the best interests of the Company and its stockholders to increase the number of shares available for issuance under the equity incentive plan by an additional 3,000,000 shares. The Board, therefore, adopted the Third Amendment to the equity incentive plan, subject to stockholder approval of this proposal.

We are seeking stockholder approval of the Third Amendment to the equity incentive plan in accordance with the requirements of The NASDAQ Global Select Market Rules. Such approval is also required to enable awards issuable under the equity incentive plan to qualify as "performance-based compensation" that is exempt from the \$1 million deduction limit imposed by Section 162(m) of the Internal Revenue Code.

We believe that appropriate equity incentives are important to our ability to attract and retain the highest caliber of employees and directors, to link incentive rewards to our performance, to encourage employee and director ownership in the Company, and to align the interests of our employees and directors to those of our stockholders. The approval of the proposed Third Amendment to the equity incentive plan will enable us to continue to provide such incentives.

The following summary of the material provisions of the equity incentive plan is qualified in its entirety by reference to the full text of the plan which is attached as Annex A to this document.

Administration

The equity incentive plan is administered by the Compensation Committee of the Board. The Compensation Committee is composed entirely of independent directors. Subject to the terms of the equity incentive plan, the Compensation Committee may grant awards under the equity incentive plan, establish the terms and conditions for those awards, construe and interpret the equity incentive plan and establish the rules for the equity incentive plan's administration.

Eligibility

Awards may be granted to our employees and the employees of our subsidiaries and affiliates, as well as our subsidiaries' and affiliates' non-employee directors and consultants. The Compensation Committee has the authority to determine which employees, consultants and non-employee directors should receive awards. The equity incentive plan does not limit the number of employees, directors or consultants who may receive awards. We and our subsidiaries, in the aggregate, currently employ approximately 770 individuals.

Shares Available for Grant

Awards may be made under the equity incentive plan with respect to 13,500,000 shares of Common Stock prior to the amendment and 16,500,000 shares of Common Stock after giving effect to the amendment. As of April 12, 2011 and prior to increasing the number of shares available under the plan, 1,173,866 shares remain available for issuance. Forfeited and lapsed awards are not counted against the equity incentive plan limits.

Types of Awards

The Compensation Committee may grant non-statutory stock options, incentive stock options, stock grants, stock appreciation rights, performance units and stock units under the plan. Non-employee directors and consultants may not receive incentive stock options. The maximum number of shares that may be issued under the equity incentive plan through incentive stock options is 5,000,000 shares of Common Stock.

Tax Treatment of Stock Options — U. S. Participants

A stock option is the right to purchase shares of Common Stock at a specified price as determined by the Compensation Committee. The exercise price of stock options under the equity incentive plan will not be less than 100% of the fair market value of a share of Common Stock on the date the option is granted, except in certain corporate acquisitions where options may be issued under the equity incentive plan in substitution for previously issued options of the acquired entity. Incentive stock options and non-statutory stock options differ primarily in their tax treatment. A U. S. participant receiving an incentive stock option will recognize no income or gain on the grant or the exercise of the incentive stock option (except that the alternative minimum tax may apply). Any gain realized upon the disposition of the underlying Common Stock will be taxed as long term capital gain if the U. S. participant holds the shares of Common Stock for at least two years after the date of the grant of the incentive stock option and one year after the date of exercise. Merge Healthcare will not

be entitled to any business expense deduction with respect to the exercise of an incentive stock option by a U. S. employees except where the holding period requirements are not satisfied. A U. S. participant receiving a non-statutory stock option will not be taxed on the grant of the option. Upon exercising the non-statutory stock option, the U. S. participant will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the Common Stock on the date of exercise. Upon a subsequent sale of the shares acquired pursuant to the non-statutory stock option, the U. S. participant will have taxable capital gain or loss measured by the difference between the amount realized on the disposition and the tax basis of the shares of Common Stock (the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised). Merge Healthcare will be entitled to a business expense deduction in the same amount and at the same time as the U. S. participant recognizes ordinary income on the exercise of the non-statutory stock option, subject to limits under Section 162 of the Internal Revenue Code (relating to the \$1,000,000 cap on compensation).

Tax Treatment of Stock Options — Canadian Participants

Canadian participants will receive non-statutory stock options. A Canadian participant receiving a non-statutory stock option will not be taxed on the grant of the option. Upon exercising the non-statutory stock option, the Canadian participant will recognize income in an amount equal to the difference between the exercise price and the fair market value of the Common Stock on the date of exercise. The Canadian participant will, however, be allowed a deduction equal to 50% of the income recognized. On a subsequent sale of the shares acquired pursuant to the non-statutory stock option by the Canadian participant, the full value of the amount taxed to the Canadian participant is added in computing the Canadian participant's basis in the shares. Merge Healthcare will not be entitled to a business expense deduction with respect to non-statutory options exercised by Canadian participants.

Stock Appreciation Rights

The Compensation Committee may also grant stock appreciation rights. A stock appreciation right is the right to receive a cash payment equal to the appreciation of a share of Common Stock above a specified price determined by the Compensation Committee. The specified price will not be less than 100% of the fair market value of a share of Common Stock on the date the stock appreciation right is granted. Upon exercising the stock appreciation rights, the participant will recognize ordinary income in an amount equal to the cash payment received by the participant.

Stock Grants

The Compensation Committee may also make stock grants. A stock grant is the award of Common Stock to a participant accompanied by such restrictions as may be determined by the Compensation Committee. Generally, such stock grants will be subject to a vesting requirement or the satisfaction of designated individual or company performance objectives. Restricted stock is taxable to the participant when the stock is vested and performance requirements are satisfied. Merge Healthcare generally receives a deduction equal to the value of the stock at the time the vesting and performance requirements are satisfied.

Stock Unit Grants and Performance Unit Grants

A stock unit grant is the award of cash equal to the value of a share of Common Stock of Merge Healthcare. A performance unit grant has a value established by the Compensation Committee. Awards of stock units and performance units will generally be subject to vesting requirements or the satisfaction of performance requirements. The value of stock units or performance units received by a participant is taxable to the participant when the units are vested and performance requirements are satisfied. Merge Healthcare generally receives a deduction in the year the recipient recognizes income for the value received by the participant, subject to limits under Section 162 of the Internal Revenue Code (relating to the \$1,000,000 cap on compensation).

Limits on Awards

An individual recipient may not receive awards with respect to more than 750,000 shares in any calendar year. No participant may be granted an award under the plan in any year which would result in a cash payment which exceeds 500% of the participant's base compensation in the year of grant or the prior year.

Performance Based Compensation

Incentive stock options, non-statutory stock options and stock appreciation rights are intended to be performance based compensation within the meaning of Section 162(m) of the Internal Revenue Code (relating to an exception from the \$1,000,000 cap on deductible compensation). The Compensation Committee may also attempt to qualify stock grants, performance unit grants and stock unit grants as performance based compensation. The performance goals will be based on earnings per share; net income (before or after taxes); net income from continuing operations; return on assets, equity, capital or investment; cash flow; cash flow return on investments; earnings before or after taxes, interest, depreciation and/or amortization; internal rate of return or increase in net present value; dividend payments; gross revenues; gross margins; internal measures generally recognized in the industry; and share price.

Accelerated Vesting

To the extent that an award is subject to a vesting schedule, vesting may be accelerated at the discretion of the Compensation Committee, including upon a change in control (as such term is defined below). To the extent an award is subject to performance requirements, such requirements may be deemed satisfied on an early termination of employment, at the discretion of the Compensation Committee, including upon a termination in connection with a change in control. A change in control includes, generally speaking, any of the following: a person obtaining control over 50% of Merge's voting stock, a majority of directors who are not approved by the incumbent directors are elected to our Board, a merger, consolidation or similar transaction in which our stockholders do not own a majority of the shares of the surviving entity, or a sale of substantially all of Merge Healthcare's assets.

Adjustments

In the event of a change in the outstanding shares of Merge Healthcare Common Stock due to a stock split, stock dividend, recapitalization, merger, consolidation, spin off, reorganization or repurchase or exchange of the shares of Merge Healthcare Common Stock, the Compensation Committee will take

action to prevent a dilution or enlargement of benefits under the equity incentive plan. These actions include adjusting the number of shares of Common Stock that may be issued under the equity incentive plan, including the share limitation and (1) the number of shares; (2) the price of shares subject to outstanding awards; and (3) the consideration to be paid upon the exercise of any award.

Amendment and Termination

The Merge Healthcare Board may amend or terminate the equity incentive plan at any time, but no such amendment or termination may adversely affect the rights of a participant with respect to outstanding awards, except that Merge Healthcare may, in the event of a change in control of the Company, either: (1) terminate the equity incentive plan and pay participants the value of outstanding awards; or (2) replace the awards with substantially similar awards granted under a plan of another party to the change in control. No awards may be granted under the equity incentive plan after May 24, 2015, the tenth anniversary of the effective date of the equity incentive plan. Stockholder approval is required for certain material amendments to the equity incentive plan.

Merge stockholders should read the equity incentive plan, which is attached as Annex A to this Proxy Statement, carefully before deciding how to vote.

New Benefits Under the 2005 Equity Incentive Plan, as amended

The Compensation Committee has not granted any awards under the equity incentive plan that are contingent on stockholder approval of the amendment to increase the number of shares available for awards under the plan. All future grants of awards under the equity incentive plan that will be made to eligible officers, employees and Directors are subject to the discretion of the Compensation Committee and, therefore, are not determinable at this time.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends a vote “FOR” amending the Merge Healthcare Incorporated 2005 Equity Incentive Plan to increase the number of shares of Common Stock issuable under the plan.

STOCKHOLDER PROPOSAL THREE – RATIFICATION OF THE
APPOINTMENT OF BDO USA, LLP AS OUR INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM FOR 2010

BACKGROUND

The Audit Committee of our Board has selected BDO USA, LLP, to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2011. BDO Seidman, LLP, which subsequently changed its name to BDO USA, LLP, was our independent registered public accounting firm and has audited our consolidated balance sheet as of December 31, 2008, December 31, 2009 and December 31, 2010, respectively, and the consolidated statements of operations, stockholders' equity, comprehensive income (loss) and cash flows for the years then ended.

Representatives of BDO USA, LLP will be present at our Annual Meeting. They will have the opportunity to make a statement if they so desire and to respond to appropriate questions.

REASONS FOR THE PROPOSAL

Selection of our independent registered public accounting firm is not required to be submitted for stockholder approval, but the Audit Committee of our Board is seeking ratification of its selection of BDO USA, LLP as a matter of good corporate practice. If our stockholders do not ratify this selection, the Audit Committee of our Board will consider it a direction to select another independent registered public accounting firm for 2011. Even if the selection is ratified, the Audit Committee may, in its discretion, appoint a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our and our stockholders' best interests.

VOTE REQUIRED AND RECOMMENDATION OF THE BOARD OF DIRECTORS

To ratify the selection of BDO USA, LLP as our independent registered public accounting firm, the votes cast for ratification must be the majority of shares present and entitled to vote (in person or by proxy) at the Annual Meeting. Unless otherwise specified, the proxies solicited hereby will be voted in favor of the ratification of BDO USA, LLP as our independent registered public accounting firm for 2011.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends a vote "FOR" ratification of the selection of BDO USA, LLP as our independent registered public accounting firm for the 2011 fiscal year.

All other fees	—	—
Total fees	\$1,524,544	\$767,814

(*) Audit fees include fees for the annual financial statement audit, quarterly reviews, comfort letters, consents and review of, and assistance with, Current Reports on Form 8-K.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Consistent with the Commission and the Public Company Accounting Oversight Board ("PCAOB") requirements regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for each year's audit, management will submit a list to the Audit Committee for its approval of services and related fees expected to be rendered and fees expected to be incurred during that year within each of four (4) categories of services to the Audit Committee for approval.

- Audit services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including quarterly reviews, comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.
- Audit-Related services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

Tax services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm's tax personnel, including tax analysis; assisting with coordination of execution of tax-related activities, primarily in the area of corporate development; supporting other tax-related regulatory requirements; and tax compliance and reporting. The Company generally does not request such services from the independent registered public accounting firm.

- All Other services are those services not captured in the audit, audit-related or tax categories. The Company generally does not request such services from the independent registered public accounting firm.

The Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

AUDIT COMMITTEE REPORT

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the Commission, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act or the Exchange Act.

We, the members of the Audit Committee, represent the following:

1. The Audit Committee has reviewed and discussed Merge Healthcare’s audited financial statements with management;
2. The Audit Committee has discussed with BDO USA, LLP, Merge Healthcare’s independent registered public accounting firm for fiscal year 2010, the matters required to be discussed by Statement of Auditing Standards No. 61 (Codification of Statements on Auditing Standards), as may be modified or supplemented;
3. The Audit Committee has received the written disclosures and the letter from BDO USA, LLP required by the Public Company Accounting Oversight Board rule that relates to independence (Rule 3526), as may be modified or supplemented, and has discussed with BDO USA, LLP, its independence as Merge Healthcare’s independent registered public accounting firm; and
4. Based on the review and discussions referred to above, the Audit Committee recommended to our Board that the audited financial statements be included in Merge Healthcare’s Annual Report on Form 10-K for the year ended December 31, 2010, for filing with the Commission.

STOCKHOLDER PROPOSAL FOUR – STOCKHOLDER APPROVAL OF
EXECUTIVE COMPENSATION

The recently enacted Dodd–Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd–Frank Act”) enables the Company’s stockholders to vote to approve, on an advisory and non–binding basis, the compensation of the Company’s Named Executive Officers as disclosed in this Proxy Statement in accordance with Commission rules.

As we convey in the “Compensation Discussion and Analysis,” our executive compensation program is intended to deliver competitive total compensation upon achievement of performance objectives and has been developed consistent with our strategy to attract, motivate and develop leaders who will drive the creation of stockholder value. Our executive compensation is discussed in further detail under “Compensation Discussion and Analysis” and “Compensation of Executive Officers and Directors,” which includes information about the 2010 compensation of our named executive officers.

The Company is asking its stockholders to indicate their support for the compensation paid to the Company’s named executive officers. This proposal is not intended to address any specific item of compensation, but rather the overall compensation of the Company’s named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, the Company is asking its stockholders to vote “FOR” the following resolution at the Annual Meeting.

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company’s Proxy Statement for the 2011 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the United States Securities and Exchange Commission”

The vote on executive compensation is advisory, and therefore not binding; however, the Compensation Committee will consider the outcome of the vote when considering future executive compensation arrangements.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends a vote “FOR” the approval of the compensation paid to the Company’s named executive officers, as disclosed in this Proxy Statement pursuant to the Commission’s compensation disclosure rules.

STOCKHOLDER PROPOSAL FIVE – FREQUENCY OF THE STOCKHOLDER
ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd–Frank Act enables the Company’s stockholders to vote to approve, on an advisory and non–binding basis, the frequency of the stockholder advisory vote on executive compensation. After considering the benefits and consequences of each option for holding the advisory vote on the compensation of our Named Executive Officers, the Board of Directors recommends that stockholders approve holding the advisory vote on the compensation of our Named Executive Officers once every three years.

Our Board has determined that an advisory vote on our executive compensation that occurs once every three years is appropriate for our Company and our stockholders at this time. We believe that a vote every three years provides a suitable time frame that allows us to obtain information on stockholders’ views of our executive compensation on a basis consistent with our desire to develop and implement any adjustments to our executive compensation program that we determine are appropriate after taking into consideration the results of any past advisory vote on executive compensation, yet remaining consistent with our compensation philosophy. Additionally, a triennial advisory vote on executive compensation will provide the Board of Directors and the Compensation Committee with regular direct input from stockholders on our executive compensation policies, practices and procedures, in a manner consistent with our objectives of engaging in regular dialogue with our stockholders on corporate governance matters, including our executive compensation philosophy, policies and programs.

For the reasons discussed above, the Board of Directors recommends that stockholders vote in favor of holding an advisory vote on executive compensation once every three years at our annual meeting of stockholders.

The proxy card provides stockholders with the opportunity to choose among four options (holding the vote once every year, every two years or every three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the recommendation of the Board of Directors.

RECOMMENDATION OF THE BOARD

The Board of Directors unanimously recommends that stockholders vote for a stockholder advisory vote on executive compensation once EVERY THREE YEARS.

STOCKHOLDER PROPOSALS

We did not receive any stockholder proposals for inclusion in this year's Proxy Statement. If a stockholder wishes to present a proposal to be included in the proxy statement for the next Annual Meeting of Stockholders, the proposal must be submitted in writing and received by our General Counsel and Corporate Secretary at our offices no later than December 24, 2011.

To bring business before an Annual Meeting, a stockholder must submit a timely notice that complies with the requirements of our Bylaws. Our Bylaws require, among other things, that the notice contain a brief description of the business desired to be brought before the meeting and, if such business includes a proposal to amend our Bylaws, the language of the proposed amendment, the Stockholder's reasons for conducting the business at the meeting and any material interest in such business of the stockholder. Our Bylaws are available free of charge on file with the Commission, by searching the EDGAR archives at www.sec.gov, on line at www.merge.com/about/governance.aspx, or by written request to our General Counsel and Corporate Secretary at 900 Walnut Ridge Drive, Hartland, Wisconsin 53029.

ANNUAL REPORT ON FORM 10-K

We will provide without charge to each person to whom a copy of this Proxy Statement has been delivered, upon written or oral request, a copy of our Company's Annual Report on Form 10-K for the year ended December 31, 2010. Requests should be made to the office of the General Counsel and Corporate Secretary at 900 Walnut Ridge Drive, Hartland, Wisconsin 53029; telephone number (262) 367-0700 or at shareholderinfo@merge.com.

The Committee is authorized, subject to the provisions of the Plan, to establish such rules and regulations as it deems necessary for the proper administration of the Plan and to make whatever determinations and interpretations in connection with the Plan it deems necessary or advisable with respect to Participants. All determinations and interpretations made by the Committee shall be binding and conclusive on such Participants and on their legal representatives and beneficiaries. In determining the number of shares of Common Stock with respect to which Options, Stock Appreciation Rights and Stock Grants, Performance Unit Grants or Stock Unit Grants are exercisable, fractional shares will be rounded up to the nearest whole number if the fraction is 0.5 or higher, and down if it is less.

3.2 Limitation on Liability. No member of the Committee shall be liable for any action or determination made in good faith with respect to the Plan, any rule, regulation or procedure adopted by it pursuant thereto or any

criminal, administrative or investigative, by reason of anything done or not done by him or her in such capacity under or with respect to the Plan, the Company shall indemnify such member against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he or she acted in good faith and in a manner reasonably believed to be in the best interests of the Company, and its Subsidiaries and Affiliates and, with respect to any criminal proceeding, had no reasonable cause to believe his conduct was unlawful.

4. TYPES OF AWARDS.

Awards under the Plan may be granted in any one or a combination of:

- (a) Stock Grants;
- (b) Non-statutory Stock Options;
- (c) Incentive Stock Options;
- (d) Stock Unit and Performance Unit Grants;
- (e) Stock Appreciation Rights

as defined in paragraphs 7, 8, 9, 10 and 11 of the Plan.

The Committee shall, in its discretion, determine from time to time which Participants will be granted Awards under the Plan, the number of shares of Common Stock subject to each Award, whether each Option will be an Incentive Stock Option or a Non-statutory Stock Option (except that Incentive Stock Options may not be awarded to Consultants or Directors), the exercise price of an Option or Stock Appreciation Right and the restrictions, if any, which will be applicable to each Stock Grant, Performance Unit Grant or Stock Unit Grant. In making all such determinations, the Committee shall take into account the duties, responsibilities and performance of each respective Participant, his or her present and potential contributions to the growth and success of the Company, his or her compensation and such other factors as the Committee shall deem relevant to accomplishing the purposes of the Plan.

No Participant shall have any voting or dividend rights or other rights of a shareholder in respect of any shares of Common Stock covered by an Option prior to the time the shares have been issued to the Participant.

5. STOCK SUBJECT TO THE PLAN.

Subject to adjustment as provided in Section 17, the maximum number of shares reserved for Stock Grants, Stock Appreciation Rights Grants, Performance Unit Grants and Stock Unit Grants and for purchase pursuant to the exercise of Options granted under the Plan is Sixteen Million Five Hundred Thousand (16,500,000) shares of Common Stock. The maximum aggregate number of shares that may be issued under the Plan through Incentive Stock Options is Five Million (5,000,000).

Of the total shares of Common Stock available under the Plan, Awards with respect to no more than Seven Hundred Fifty Thousand (750,000) shares of Common Stock shall be issued to any Participant in any calendar year. No Participant may be granted Performance Unit Grants and/or Stock Unit Grants in any calendar year if the value of such Awards exceeds (or would exceed if performance goals are satisfied) 500% of the Participant's total

compensation during the current year (or if greater, 500% of the Participant's compensation during a prior year).

A-4

The shares of Common Stock to be subject to the Plan may be either authorized but unissued shares or shares previously issued and reacquired by the Company. To the extent that the Plan provides for the issuance of stock certificates with respect to Common Stock, the Company may, in lieu thereof, record the shares on a book entry account maintained by the Company's transfer agent. To the extent that Options are granted and Stock Appreciation Rights Grants, Stock Grants, Performance Unit Grants and Stock Unit Grants are made under the Plan, the shares underlying such Options, Stock Appreciation Rights Grants, Stock Grants, Performance Unit Grants and Stock Unit Grants will be unavailable for future grants under the Plan except that, to the extent that the Options, Stock Appreciation Rights Grants, Stock Grants, Performance Unit grants and Stock Unit Grants granted under the Plan terminate, expire, are canceled or are forfeited without having been exercised, new Awards may be made with respect to such shares.

6. ELIGIBILITY.

Officers and other Employees (including Employees who also are Directors of the Company or its Subsidiaries or Affiliates) shall be eligible to receive Stock Grants, Performance Unit Grants, Stock Unit Grants, Incentive Stock Options, Stock Appreciation Rights and Non-statutory Stock Options under the Plan. Directors and Consultants shall be eligible to receive Stock Grants, Stock Unit Grants, Stock Appreciation Rights and Non-statutory Stock Options under the Plan.

7. STOCK GRANTS.

7.1 General Terms. Each Stock Grant may be accompanied by such restrictions, or may be made without any restrictions, as may be determined in the discretion of the Committee. Such restrictions may include, without limitation, requirements that the Participant remain in the continuous employment of the Company or its Subsidiaries or Affiliates for a specified period of time, or that the Participant meet designated individual performance goals, or that the Company and/or one or more of its Subsidiaries or Affiliates meet designated performance goals.

7.2 Issuance Procedures. A stock certificate representing the number of shares of Common Stock covered by a Stock Grant shall be registered in the Participant's name and may be held by the Participant; provided however, if a Stock Grant is subject to certain restrictions, the shares of Common Stock covered by such Stock Grant shall be registered in the Participant's name and held in custody by the Company. Unless the Committee determines otherwise, a Participant who has been awarded a Stock Grant shall have the rights and privileges of a shareholder of the Company as to the shares of Common Stock covered by a Stock Grant, including the right to receive dividends and the right to vote such shares. None of the shares of Common Stock covered by the Stock Grant may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of prior to the expiration or satisfaction of any applicable restrictions or performance requirements. All of the shares of Common Stock covered by a Stock Grant shall be forfeited and all rights of a Participant who has been awarded such Stock Grant to such shares shall terminate without further obligation on the part of the Company in the event that any applicable restrictions or performance requirements do not expire or are not satisfied. Upon forfeiture of shares of Common Stock, such shares shall be transferred to the Company without further action by the Participant. Upon the expiration or satisfaction of any applicable restrictions, whether in the ordinary course or under circumstances set forth in Section 7.3, certificates evidencing shares of Common Stock subject to the related Stock Grant shall be delivered to the Participant, or the Participant's beneficiary or estate, as the case may be, free of all such restrictions.

A-5

7.3 Accelerated Vesting.

(a) Termination of Service. If a Participant terminates service prior to vesting in any Stock Grant, all outstanding unvested Stock Grants shall be forfeited by such Participant; provided, however, that vesting may be accelerated in the sole discretion of the Committee.

(b) Change in Control. The vesting of all or part of an outstanding Stock Grant may be accelerated, in the sole discretion of the Board, in the event there is a Change in Control of the Company.

8. NON-STATUTORY STOCK OPTIONS.

8.1 Grant of Non-statutory Stock Options.

(a) Grants to Employees and Directors. The Committee may, from time to time, grant Non-statutory Stock Options to Participants.

(b) Terms of Non-Statutory Options. Non-statutory Stock Options granted under this Plan are subject to the following terms and conditions:

(i) Price. The purchase price per share of Common Stock deliverable upon the exercise of each Non-statutory Stock Option shall be determined on the date the option is granted. Such purchase price shall be the Fair Market Value of the Company's Common Stock on the Date of Grant or such greater amount as determined by the Committee; provided, however, that the purchase price of a Non-statutory Stock Option granted under this Plan may be less than the Fair Market Value of the Common Stock on the date of Grant if the Grant: (i) involves the substitution of a Non-statutory Stock Option under this Plan for an outstanding option under another plan pursuant to a corporate transaction; and (ii) the requirements of Treas. Reg. 1.424-1 would be met if the Non-statutory Stock Option was an Incentive Stock Option. Shares may be purchased only upon full payment of the purchase price in such manner as the Committee specifies, provided, however, that a Participant may exercise an Option through a cashless exercise as permitted by Federal Reserve Board Regulation T and the Company shall make reasonable efforts to facilitate such exercise.

(ii) Terms of Options. The term during which each Non-statutory Stock Option may be exercised shall be fifteen years from the Date of Grant, or such shorter period determined by the Committee. The Committee shall determine the date on which each Non-statutory Stock Option shall become vested and may provide that a Non-statutory Stock Option shall become vested in installments. The shares comprising each installment may be purchased in whole or in part at any time after such installment becomes vested. The Committee may, in its sole discretion, accelerate the time at which any Non-statutory Stock Option becomes vested in whole or in part.

(iii) Termination of Service. Upon the termination of a Participant's service for any reason other than Termination for Misconduct, the Participant's Non-statutory Stock Options shall be exercisable only as to those shares which were vested at the date of termination and only for a period of six months following termination unless otherwise determined by the Committee in its sole discretion.

In the event of Termination for Misconduct, all rights under the Participant's Non-statutory Stock Options shall expire upon termination of employment.

The vesting of all or a part of a Grant or Non–statutory Stock Options may be accelerated, in the sole discretion of the Board, in the event there is a Change in Control of the Company.

(iv) Options for Cedara Employees. Notwithstanding anything to the contrary in this Plan, Non–statutory options may be issued under this Plan to employees, former employees, directors and

A–6

former directors of Cedara Software Corp. (and its affiliates) on the terms and conditions identified in the Merger Agreement between the Company, Merge Cedara ExchangeCo Limited and Cedara Software Corp.

9. INCENTIVE STOCK OPTIONS.

9.1 Grant of Incentive Stock Options.

The Committee may, from time to time, grant Incentive Stock Options to Employees. Incentive Stock Options granted pursuant to the Plan shall be subject to the following terms and conditions:

(a) **Price.** The purchase price per share of Common Stock deliverable upon the exercise of each Incentive Stock Option shall be not less than 100% of the Fair Market Value of the Company's Common Stock on the Date of Grant; provided, however, that the purchase price of an Incentive Stock Option granted under this Plan may be less than the Fair Market Value of the Common Stock on the Date of Grant if the Grant: (i) involves the substitution of an Incentive Stock Option for an outstanding incentive stock option under another plan pursuant to a corporate transaction; and (ii) the requirements of Treas. Reg. 1.424-1 are met with respect to the substitution. However, if a Participant owns Common Stock representing more than 10% of the total combined voting power of all classes of Common Stock of the Company (or under Section 425(d) of the Code is deemed to own Common Stock representing more than 10% of the total combined voting power of all such classes of Common Stock), the purchase price per share of Common Stock deliverable upon the exercise of each Incentive Stock Option shall not be less than 110% of the Fair Market Value of the Company's Common Stock on the Date of Grant. Shares may only be purchased on full payment of the purchase price, provided, however, that a Participant may exercise an Option through a cashless exercise as permitted by Federal Reserve Board Regulation T and the Company shall use reasonable efforts to facilitate such exercise.

(b) **Amounts of Options.** Incentive Stock Options may be granted to any Employee in such amounts as determined by the Committee. In the case of an option intended to qualify as an Incentive Stock Option, the aggregate Fair Market Value (determined as of the time the option is granted) of the Common Stock with respect to which Incentive Stock Options granted are exercisable for the first time by the Participant during any calendar year (under all plans of the Participant's employer corporation and its parent and subsidiary corporations) shall not exceed \$100,000. The provisions of this Section 9.1(b) shall be construed and applied in accordance with Section 422(d) of the Code and the regulations, if any, promulgated thereunder. To the extent an award under this Section 9.1 exceeds this \$100,000 limit, the portion of the award in excess of such limit shall be deemed a Non-statutory Stock Option.

(c) **Terms of Options.** The term during which each Incentive Stock Option may be exercised shall be determined by the Committee, but in no event shall an Incentive Stock Option be exercisable in whole or in part more than ten years from the Date of Grant. If at the time an Incentive Stock Option is granted to an Employee, the Employee owns Common Stock representing more than 10% of the total combined voting power of the Company (or, under Section 425(d) of the Code, is deemed to own Common Stock representing more than 10% of the total combined voting power of all such classes of Common Stock), the Incentive Stock Option granted to such Employee shall not be exercisable after the expiration of five years from the Date of Grant.

No Incentive Stock Option granted under this Plan is transferable except by will or the laws of descent and distribution and is exercisable in his lifetime only by the Employee to whom it is granted. After death an Incentive Stock Option may be exercised by the beneficiary described in Section 16 below.

The Committee shall determine the date on which each Incentive Stock Option shall become vested and may provide that an Incentive Stock Option shall become vested in installments. The shares

A-7

comprising each installment may be purchased in whole or in part at any time after such installment becomes vested, provided that the amount able to be first exercised in a given year is consistent with the terms of Section 422 of the Code. The Committee may, in its sole discretion, accelerate the time at which any Incentive Stock Option becomes vested in whole or in part, provided that it is consistent with the terms of Section 422 of the Code.

(d) Termination of Service. Upon the termination of a Participant's service for any reason other than Termination for Misconduct, the Incentive Stock Options shall be exercisable only as to those shares which were vested at the date of termination and only for a period of six months following termination (unless otherwise determined by the Committee in its sole discretion); provided, however, that such option shall not be eligible for treatment as an Incentive Stock Option in the event such option is exercised more than three months following the date of the Participant's cessation of employment.

In the event of Termination for Misconduct, all rights under the Participant's Incentive Stock Options shall expire upon termination of employment.

The vesting of all or a part of a grant of Incentive Stock Options may be accelerated, in the sole discretion of the Board, in the event there is a Change in Control of the Company.

10. PERFORMANCE UNIT GRANTS AND STOCK UNIT GRANTS.

10.1 General Terms. Each Stock Unit shall entitle the Participant receiving it to a cash payment equal to the Fair Market Value of a share of Common Stock or the issuance of one share of Common Stock. Each Performance Unit shall have a value which is established by the Committee. Each Stock Unit Grant and Performance Unit Grant shall be accompanied by such restrictions as may be determined in the discretion of the Committee. Such restrictions may include, without limitation, requirements that the Participant remain in the continuous employment of the Company or its Subsidiaries or Affiliates for a specified period of time or that the Participant meets designated individual performance goals, or that the Company and/or one or more of its Subsidiaries or Affiliates meet designated performance goals.

10.2 Payment of Stock Unit or Performance Unit Value. Upon the expiration or satisfaction of any applicable restrictions or performance requirements with respect to Stock Units or Performance Units, the Participant receiving such Stock Unit Grants or Performance Unit Grants shall be entitled to receive a payout of the Stock Unit or Performance Unit value in cash or in Common Stock. Unless the Committee determines otherwise, a Participant who has been awarded a Stock Unit or Performance Unit shall not have the right to any amounts as the result of the payment of dividends with respect to the underlying Common Stock. Stock Units and Performance Units may not be sold, transferred, assigned, pledged or otherwise encumbered or disposed of prior to the expiration or satisfaction of any applicable restrictions or performance requirements.

10.3 Accelerated Vesting.

(a) Termination of Service. If a Participant terminates service prior to vesting in any Performance Unit Grant or Stock Unit Grant, all outstanding Stock Unit Grants and Performance Unit Grants shall be forfeited by the Participant provided, however, that vesting may be accelerated in the sole discretion of the Committee. For purposes of this Section 10.3(a), with respect to Awards that are subject to (and not exempt from) Code Section 409A, a Participant will not be deemed to have terminated service unless he shall have separated from service within the meaning of Code Section 409A, applying the default rules thereof.

(b) Change in Control. The vesting of all or a part of an outstanding Stock Unit Grant and Performance Unit Grant may be accelerated, in the sole discretion of the Board, in the event there is a Change in Control of the Company.

11. STOCK APPRECIATION RIGHTS.

11.1 Grant of Stock Appreciation Rights.

(a) Grants. The Committee may, from time to time, grant Stock Appreciation Rights to Participants. Each Stock Appreciation Right shall entitle the Participant receiving it to a cash payment, or shares of Common Stock with a Fair Market Value, equal to the excess (if any) of the Fair Market Value of a share of the Company's Common Stock on the date the Stock Appreciation Right is exercised over the grant price for such Stock Appreciation Right.

(b) Terms of Stock Appreciation Rights. Stock Appreciation Rights granted under this Plan are subject to the following terms and conditions:

(i) Price. The grant price for each Stock Appreciation Right shall be determined on the date the Stock Appreciation Right is granted. Such grant price shall be the Fair Market Value of a share of the Company's Common Stock on the date of Grant or such greater amount as determined by the Committee.

(ii) Term. The term during which each Stock Appreciation Right may be exercised shall be fifteen years from the Date of Grant, or such shorter period determined by the Committee. The Committee shall determine the date on which each Stock Appreciation Right shall become vested and may provide that Stock Appreciation Rights shall become vested in installments. The Committee may, in its sole discretion, accelerate the time at which any Stock Appreciation Rights may be vested in whole or in part.

(iii) Termination of Service.

Upon the termination of a Participant's service for any reason other than Termination for Misconduct, the Participant's Stock Appreciation Rights shall be exercisable only as to those rights which were vested at the date of termination and only for a period of six months following termination (unless otherwise determined by the Committee in its sole discretion).

In the event of Termination for Misconduct, all rights under the Participant's Stock Appreciation Rights shall expire upon termination of employment.

The vesting of all or a part of a Grant of Stock Appreciation Rights may be accelerated, in the sole discretion of the Board, in the event there is a Change in Control of the Company.

12. RIGHTS OF A SHAREHOLDER; NO TRANSFERABILITY.

No Participant shall have any rights as a shareholder with respect to any shares covered by an Award until the date of issuance of such shares. Nothing in this Plan or in any Award granted confers on any person any right to continue in the employ of the Company or its Affiliates or to continue as a Director of the Company or its Affiliates or to continue

as a Consultant to the Company or its Affiliates or interferes in any way with the right of the Company or its Affiliates to terminate a Participant's services as an officer, Employee, Consultant or Director at any time.

A-9

No Option or other Award granted under this Plan is transferable except by will or the laws of descent and distribution and is exercisable in his or her lifetime only by the Participant to whom it is granted. No Option or other Award (or interest or right therein) may be subject to pledge, encumbrance, assignment, levy, attachment or garnishment.

13. AGREEMENT WITH GRANTEEES.

Each Award of Options or Stock Appreciation Rights will be evidenced by a written agreement, executed by the Participant and the Company or its Subsidiaries or Affiliates which describes the conditions for receiving the Options or Stock Appreciation Rights including the date of grant of the Option or Stock Appreciation Rights Award, the purchase price if any, applicable periods, and any other terms and conditions as may be required by applicable securities law.

The proper officers of the Company shall advise each Participant who is awarded a Stock Grant, Performance Unit Grant or Stock Unit Grant, in writing, of the number of shares to which it pertains and the terms and conditions and any restrictions or performance requirements applicable to such Stock Grant, Performance Unit Grant or Stock Unit Grant; provided they are not inconsistent with the terms, conditions and provisions of the Plan.

14. RESTRICTIONS ON SHARES.

The Committee may require, before any shares of Common Stock are issued pursuant to this Plan, that the Participant agrees to subject the shares to such holding periods and restrictions as are determined by the Committee.

15. PERFORMANCE BASED COMPENSATION.

(a) In General. All Stock Appreciation Rights, Non-statutory Stock Options and Incentive Stock Options issued to employees employed in the United States are intended to be performance based compensation, within the meaning of the Code Section 162(m)(4)(C) and such Options and Stock Appreciation Rights shall conform to the requirements of Code Section 162(m)(4)(C) and the regulations thereunder. The Committee may, in its discretion, make Stock Grants, Performance Unit Grants and Stock Unit Grants performance based compensation within the meaning of IRC §162(m)(4)(C).

With respect to Stock Grants, Performance Unit Grants and Stock Unit Grants awarded to Employees employed in the United States that are intended to qualify as “performance based” within the meaning of Code Section 162(m)(4)(C), the Committee shall (i) establish in writing the applicable objective performance goals and all related terms no later than 90 days after the commencement of the period of service to which the performance goals relate (or such earlier or later date as may be applicable deadline for compensation payable hereunder to qualify as “performance based” within the meaning of Code Section 162(m)(4)(C)), and (ii) designate the Awards that are to qualify as “performance based” with the meaning of Code Section 162(m)(4)(C). After the period over which the performance goals are measured, the Committee shall certify that such performance goals are satisfied and may adjust the Award downward but not upward.

(b) Performance Goals. The performance goals to be used for purposes of grants which are intended to qualify as performance based compensation within the meaning of Code Section 162(m)(4)(C) shall be based on any

of the following measures:

- (1) Earnings per share;

A-10

- (2) Net income (before or after taxes);
- (3) Net income from continuing operations;
- (4) Return measures (including, but not limited to, return on assets, equity, capital or investment);
- (5) Cash flow (including, but not limited to, operating cash flow and free cash flow);
- (6) Cash flow return on investment;
- (7) Earnings before or after taxes, interest, depreciation and/or amortization;
- (8) Internal rate of return or increase in net present value;
- (9) Dividend payments;
- (10) Gross revenues;
- (11) Gross margins;
- (12) Internal measures widely accepted in the industry.

16. DESIGNATION OF BENEFICIARY.

A Participant may, with the consent of the Committee, designate a person or persons to receive, in the event of death, any Award to which the Participant would then be entitled. Such designation will be made upon forms supplied by and delivered to the Company and may be revoked in writing. If a Participant fails effectively to designate a beneficiary, then the Participant's estate will be deemed to be the beneficiary.

17. ADJUSTMENTS.

In the event of any change in the outstanding shares of Common Stock of the Company by reason of any stock dividend or split, recapitalization, merger, consolidation, spin-off, reorganization, combination or exchange of shares, or other similar corporate change, or other increase or decrease in such shares without receipt or payment of consideration by the Company, the Committee will make such adjustments to previously granted Awards, to prevent dilution or enlargement of the rights of the Participant, including any or all of the following:

- (a) adjustments in the aggregate number or kind of shares of Common Stock which may be awarded under the Plan, including the number or kind of shares subject to the per participant limit and the Incentive Stock Option limit specified in Section 5;
- (b) adjustments in the aggregate number or kind of shares of Common Stock covered by Awards already made under the Plan;

(c) adjustments in the purchase price of outstanding Incentive and/or Non-statutory Stock Options and the grant price of outstanding Stock Appreciation Rights.

A-11

No such adjustments may, however, materially change the value of benefits available to a Participant under a previously granted Award.

Unless the Committee determines otherwise, any such adjustment to an Award that is exempt from Code Section 409A shall be made in a manner that permits the Award to continue to be so exempt, and any adjustment to an Award that is subject to Code Section 409A shall be made in a manner that complies with the provisions thereof.

18. WITHHOLDING/TAXES TREATMENT/GOVERNMENTAL AUTHORITY.

There may be deducted from each distribution of cash and/or Common Stock under the Plan the amount of tax required by any governmental authority to be withheld or paid. The Company may also require a Participant to take, or the Company may take, any other action as may be required by a governmental authority in connection with any payment or issuance or release of shares under the Plan and the Company may refrain from making any such payment or issuing or releasing any such shares until such action is taken.

Notwithstanding any provisions of this Plan, the Company does not guarantee to any Participant or any other person with an interest in an Award that any Award intended to be exempt from Code Section 409A shall be so exempt, nor that any Award intended to comply with Code Section 409A or Code Section 422 shall so comply, nor will the Company or any Affiliate indemnify, defend or hold harmless any individual with respect to the tax consequences of any such failure.

19. REGISTRATION OF PLAN AS S-8.

The Company has registered the Plan on a Form S-8 and intends to take such additional action as is necessary in connection with such registration. The Company may in its sole discretion, however, elect to terminate such registration.

20. TERMINATION AND AMENDMENT ON THE PLAN.

The Board of Directors may at any time, and from time to time, suspend, terminate, modify or amend the Plan in any respect.

The Board may determine that shareholder approval of any amendment to this Plan may be advisable for any reason, including but not limited to, for the purpose of obtaining or retaining any statutory or regulatory benefits under tax, securities or other laws or satisfying applicable stock exchange listing requirements.

Such suspension, termination, modification or amendment may not adversely affect the rights of a Participant under an outstanding Award without his or her consent, except the Board may, in connection with a Change in Control and without obtaining the consent of any Participant, either: (i) replace the Awards granted under this Plan with substantially similar awards under another plan of another party to the Change in Control; or (ii) make a cash payment to all Participants with respect to Options and Stock Appreciation Rights equal to the difference between the Fair Market Value of the Common Stock on the date of the Change in Control and the exercise price per share of an Option or the grant price of a Stock Appreciation Right, as the case may be, on the Date of Grant and equal to the value of the Stock Unit Grant or Performance Unit Grant. Options granted under another plan shall not be substantially similar unless the shares acquired through the exercise of such options are readily tradable on an

established securities market.

A-12

No Awards under the Plan shall be granted more than ten (10) years after the Amended and Restated Effective Date of the Plan.

Notwithstanding anything in this Plan to the contrary, with regard to Options and Stock Appreciation Rights that are intended to be exempt from Code Section 409A, neither the Board nor any other person may decrease the exercise price of any Option or the grant price of any Stock Appreciation Right nor take any action that would result in a deemed decrease of the exercise price of an Option or grant price of a Stock Appreciation Right under Code Section 409A, after the date of grant, except in accordance with Section 17 and Section 1.409A-1(b)(5)(v)(D) of the Treasury Regulations, or in connection with a transaction which is considered the grant of a new Option or Stock Appreciation Right for purposes of Section 409A of the Code, provided that the new exercise price or grant price is not less than the Fair Market Value of a share of Common Stock on the new grant date.

21. EFFECTIVE DATE OF PLAN.

The Plan, as amended and restated herein, shall become effective as of the date that the amended and restated Plan is approved by shareholders at an annual or special meeting of shareholders of the Company (the “Amended and Restated Effective Date”).

22. APPLICABLE LAW.

The Plan will be administered in accordance with the laws of the State of Wisconsin, without reference to conflict of law principles thereof, to the extent not preempted by Federal law as now or hereafter in effect.

23. COMPLIANCE WITH SECTION 16.

With respect to persons subject to Section 16 of the Exchange Act, transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the Exchange Act. To the extent any provision of the Plan or action by the Administrator fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.

Amended and Restated Effective Date: June 2, 2011 pending stockholder approval.
