SDRL - Seadrill launches conversion incentive period for convertible bonds due 2012 and 2014

Hamilton, Bermuda, December 16, 2010 - Seadrill Limited ("Seadrill") announces a conversion incentive period for holders of up to US\$250,000,000 of Seadrill's US\$1,000,000,000 principal amount convertible bond ("Bonds 2012") due 2012, and for the entire US\$500,000,000 principal amount convertible bond ("Bonds 2014") due 2014, such Bonds issued pursuant to the loan agreements ("Loan Agreement") between Seadrill and Norsk Tillitsmann ASA, dated November 2, 2007 and dated September 29, 2009 respectively (the "Incentive Offers").

The acceptance period for the Incentive Offers is open until December 17, 2010 at 17:30 (CET) ("the Conversion Incentive Period").

Seadrill has engaged ABG Sundal Collier, Credit Suisse Securities (Europe) Limited and Deutsche Bank AG, London Branch as managers (the "Managers") for the Incentive Offer.

The Seadrill share price has since June this year showed strong performance increasing from US\$18.1 to US\$33.4 at close of business yesterday. As such the current share price is materially higher than the strike price for conversion into equity of the convertible bonds due in 2012 and 2014. Based on the high likelihood of future conversion of these bonds, Seadrill has decided to offer an accelerated conversion to the bond holders. Seadrill has an optimistic view on the prospects of the offshore drilling industry. An accelerated conversion will increase our financial flexibility and strengthen our ability to undertake further investments whilst maintaining our dividend policy.

For further information please see the attached offer documents and offer restrictions.

The offering has been made to Norwegian professional investors and eligible counterparties as defined in the Norwegian Securities Trading Regulation 10-2 to 10-4 and to non-United States persons in reliance on Regulation S under the Securities Act of 1933, as amended (the "Securities Act"). Seadrill's common shares that may be issued upon the conversion of the Bonds have not been registered under the Securities Act or the securities laws of any other jurisdiction and may not be offered or sold in the United States or to or for the benefit of U.S. persons unless so registered except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable securities laws in other jurisdictions. This disclosure shall not constitute an offer to sell or the solicitation of an offer to buy the common shares, nor shall there be any sale of the common shares in any jurisdiction in which such offer, solicitation or sale is unlawful.

Hamilton, Bermuda, December 17, 2010 - Seadrill Limited is pleased to announce that holders of approximately US\$340,000,000 of Seadrill's convertible bonds due 2012 and approximately US\$400,000,000 of Seadrill's convertible bonds due 2014 have submitted their acceptances of the voluntary conversion offers.

Bondholders in Seadrill's convertible bonds due 2014 are hereby reminded about the "90% clean-up call" as described in the loan agreement gives Seadrill the right to call the remaining part of the bonds at par value plus accrued interest provided that 90 per cent or more of the original issued amount of US\$500,000,000 have been redeemed or converted into shares.

The acceptance period for the offering period will close today at December 17, 2010 at 17:30 CET.

SDRL - Seadrill announces the outcome of the incentive offers for convertible bonds due 2012 and 2014

Hamilton, Bermuda, December 20, 2010 - Seadrill is pleased to announce that holders of US\$603.6 million in principal amount of its convertible bonds due 2012 (ISIN: NO0010395981) ("2012's") and US\$492.9 million in principal amount of its convertible bonds due 2014 (ISIN: NO0010538705) ("2014's"), have accepted the respective incentive offers that were made on December 16, 2010 and expired on December 17, 2010.

Seadrill will accept for early conversion US\$250 million in principal amount of the 2012's (being the "maximum conversion amount"), representing 25% of the outstanding loan amount. Seadrill will also accept early conversion US\$492.9 million in principal amount of the 2014's, representing 98.6% of the 2014's. As the principal amount of the 2012's offered for conversion exceeds the Maximum Conversion Amount, validly offered 2012's will be scaled back by a pro-rata factor of approximately 41.4%.

The VWAP ("volume weighted average price") for the incentive offers, calculated in accordance with the conditions stipulated in the incentive offers, is US\$32.0397. As a result, the incentive payment on the 2012's will be US\$9,988.59 per US\$100,000 principal amount of bond and the incentive payment on the 2014's will be US\$13,347.53 per US\$100,000 principal amount of bond.

Seadrill is pleased with the acceptance levels for the incentive offers which reduce our interest bearing obligations by some US\$750 million. The accelerated conversion will increase our financial flexibility and strengthen our ability to undertake further investments whilst maintaining our dividend policy. Seadrill has an optimistic view on the prospects of the offshore drilling industry.

ABG Sundal Collier Norge ASA, Credit Suisse Securities (Europe) Limited and Deutsche Bank AG, London Branch are engaged by Seadrill as managers for the Incentive Offers.
