Dear Fellow Stockholder:

Western Investment LLC (“Western”) together with our fellow participants in this solicitation is the largest investor in Cohen & Steers Select Utility Fund, Inc. (“UTF” or the “Fund”). We write to you regarding the annual meeting of stockholders scheduled to be held at the offices of the Fund, 280 Park Avenue, 10th Floor, New York, New York 10017, on April 1, 2008 at 10:00 a.m. New York City time. Western believes that the current board of directors of UTF (the “Board”) has failed to act in your best interests. Western is therefore seeking your support at the annual meeting of stockholders for the following purposes:

1. To elect Western’s slate of nominees to the Board, including the Class III director entitled to be elected solely by holders of UTF’s Auction Market Preferred Shares, each to hold office until the 2011 annual meeting of the Fund’s stockholders and until their successors are elected and qualify;
2. To consider and vote upon adjournment of the annual meeting, if proposed; and
3. To consider and vote upon such other business as may properly come before the annual meeting or any adjournment or postponement thereof. UTF has been informed that a stockholder intends to submit to the Annual Meeting the proposal discussed under “Other Matters” in the attached proxy statement.

Western is seeking representation on the Board, not control of the Fund. Western believes that significant stockholder representation is necessary to preserve and protect the value of your investment and to oversee its management for your benefit. If elected, Western’s nominees will hold only 3 out of 9 seats on the Board, but we believe that their presence and engaged advocacy will advance the interests of all stockholders. Western urges you to carefully consider the information contained in the attached proxy statement and then support its efforts by voting your shares today by signing, dating and returning today the enclosed GREEN proxy card in the postage paid envelope provided. The attached proxy statement and GREEN proxy card are first being furnished to the stockholders on or about March 6, 2008.

If you have already sent a proxy card furnished by UTF’s management to UTF, you have every right to change your vote by signing, dating and returning today the enclosed GREEN proxy card in the postage paid envelope provided. Only your latest dated proxy card counts!

BACKGROUND TO SOLICITATION

- The Western Group began acquiring Shares of UTF in 2004.
- On May 5, 2006, UTF reached its largest discount to its net asset value (“NAV”), 17.77%.
- September 28, 2007 marked the twelfth straight quarter that UTF’s NAV discount remained greater than 10%.
- In early December 2007 Western contacted UTF with its concerns regarding the Fund’s persistent discount to NAV and to set up an in-person meeting with the Fund to be held on January 8, 2008 in order to voice its concerns in greater detail.
- On December 26, 2007, UTF filed a Form 8-K with the Securities and Exchange Commission disclosing numerous measures adopted by the Fund that clearly contradict accepted standards of good corporate governance.
- In light of UTF’s day after Christmas bombshell, Western intended to use its January meeting to also attempt to understand the Fund’s rationale for such stockholder unfriendly changes. In order to better share the explanation with other stockholders, the true owners of UTF, Western thought all parties would benefit if it brought a member of the press with it to the meeting. However, after Western notified UTF that it had invited a member of the press to accompany it, UTF abruptly canceled the meeting. Western does not understand why a Fund representative was unwilling to meet with us and explain their motivations. A public company is accountable to its stockholders, and Western believes there should be full transparency. Western is left with the impression that the interests of the Board and management may not be clearly aligned with the interests of stockholders.
- On January 18, 2008, Western issued an open letter to the members of the Board describing certain concerns it had regarding recent stockholder unfriendly actions taken by the Board that, it believed, were taken in reaction to its attempts to have UTF address its concerns.
- On January 18, 2008, Western delivered a letter to UTF notifying the Fund of its intentions to nominate three directors for election to the Board at the Annual Meeting.

REASONS FOR SOLICITATION

Our interests are aligned with yours

Western and the other participants in this solicitation are significant investors in UTF and we remain committed to our investment in the Fund. Western made its first investment in UTF shortly after its inception and currently is the Fund’s largest stockholder – if our investment in UTF prospers, so does yours. The object and intent of our solicitation is clearly aligned with the interests of all stockholders – to create value and improve performance and to ensure that stockholders receive the maximum value for their investment in UTF.

UTF's history of a persistent double-digit NAV discount and the Board's failure to address it is unacceptable

UTF's share price has traded at a double-digit discount to its per share NAV for most of its operating history, beginning less than three months after its inception and peaking at 17.77% in May 2006. We believe that the persistence of this discount was, in part, due to the perception that the persistent and substantial NAV discount is not being addressed by the Board. Any time a stockholder chooses to sell his or her ownership of a closed end fund at a steep discount to NAV, that stockholder is harmed no matter what the fund's discount was at the time the stockholder purchased their shares of that fund. When a NAV discount is excessive, a selling stockholder is forced to leave behind a substantial portion of the value underlying the shares at the time of sale. We believe the fair value of a share of common stock of a closed end fund should be its NAV, or a value very close.

The table below shows the discount of UTF's stock price to UTF's NAV since June 30, 2004 (on the last day of each calendar quarter).

Date	% (Discount) to NAV
06/30/04	(12.653)
09/30/04	(9.086)
12/31/04	(11.439)
03/31/05	(14.260)
06/30/05	(13.098)
09/30/05	(14.961)
12/30/05	(15.825)
03/31/06	(14.363)
06/30/06	(16.044)
09/29/06	(14.510)
12/29/06	(13.954)
03/30/07	(14.384)
06/29/07	(12.762)
09/28/07	(13.384)
12/31/07	(6.969)

Western believes that without its public filings disclosing its investment in UTF in fourth-quarter 2007, the discount to NAV would have remained a double-digit discount.

As a UTF stockholder, Western is extremely concerned about the Board's failure to make accretive stock buyback purchases when the Fund was at an excessive NAV discount and its effect on stockholder value. For example, assume UTF trades at a NAV discount of 9.6% (the Fund's NAV discount on February 14, 2008). What this means is that for each \$1 of underlying UTF net asset value, a share of Common Stock would trade at less than 91 cents. So long as the NAV discount persists, exiting UTF stockholders who sell their shares of Common Stock will sell them at a discount to the underlying NAV. Additionally, for those stockholders who had purchased Shares upon the offering in March 2004, in addition to having to deal with the persistent double-digit discount to NAV they also paid a 4.5% sales and underwriting load to purchase their Shares, thereby further harming investment returns. Accordingly, for investors in the initial offering, after giving effect to the initial commission, selling UTF stockholders have at times experienced lost value in excess of 20% of NAV. While investors may have received value in the form of distributions from UTF during this time, this does not change the fact that selling shares when UTF's NAV discount is excessive means that the selling stockholder is forced to leave behind a substantial portion of the value underlying such shares at the time of sale.

Despite this, the Board has taken clearly inadequate action to address the effect of the NAV discount on stockholder value, and has been content to let stockholders suffer such harm to the returns on their investment. In fact, in UTF's most recent annual report, the Fund noted that while the Fund's advisory fee and gross expense ratio were above the Peer Fund (as such term is defined therein) median, in light of the temporary fee waiver in place at the time, the Fund's expense structure was competitive to its peer group. We wonder if UTF's expense structure could still be considered competitive had the Fund taken into account the "costs" stockholders are incurring due to the Fund's abysmal NAV discount.

Overall we believe the Board's actions, or more appropriately, inaction, is symptomatic of its indifference to the plight of UTF's stockholders. As an example of just how dismal UTF's NAV discount has been, of the 655 publicly traded U.S. domiciled closed-end funds currently registered with the Securities and Exchange Commission, during the period from January 14, 2005 through July 27, 2007, the Fund ranked in the worst 1% for 36% of the weeks, and in the bottom 10% for 100% of the weeks, as illustrated in the chart below.

As a stockholder we feel this goes beyond unacceptable. Given such circumstances, we believe that there is ample evidence that the Board has not been properly looking after stockholders' best interests or earned the premium charged to stockholders, who, in turn, have not seen a justification for either the premium they paid as part of their initial investment or their recurring management fees.

STOCKHOLDERS DO NOT DESERVE A REACTIVE BOARD; THEY DESERVE A PROACTIVE ONE – ONE THAT SOLELY ACTS WITH THE BEST INTERESTS OF STOCKHOLDERS IN MIND

Closed-end funds such as UTF require a strong and independent board to properly protect the rights of stockholders

A closed-end fund such as UTF is frequently formed by or on behalf of the entity, or its affiliate, that ultimately becomes the manager of the fund. The fund manager, or its affiliate, earns profits through management fees. Many people believe that the fund manager's interest is likely in maximizing its profits, which it does by having the highest amount of assets in the fund. Accordingly, certain actions that may benefit stockholders such as large dividends or an accretive stock buyback likely will reduce profits for the fund manager by reducing assets under management. Western believes that closed-end fund managers often use their influence with their hand-picked boards to maximize management fees rather than focusing on increasing NAV and earnings per share through, among other things, the repurchase of shares at a discount to NAV.

Not surprisingly, during the past three years when UTF was trading at its significant NAV discount, the Board did not institute a repurchase of the Shares, or take other adequate action to address this problem. Using cash on hand or cash generated through the sale of assets, UTF could have engaged in accretive stock buyback purchases that would have reduced the lost value selling stockholders suffered due to the NAV discount while, at the same time, increasing the NAV and earnings per share for remaining stockholders. To us, this seems like a triple win for stockholders. Yet the Board chose not to conduct a buyback. We wonder, how much did the fact that fees collected by UTF's fund manager are calculated based on the amount of assets under management affect the Board's decision?

Each UTF director that currently serves on the Board serves on the Board of every single other Cohen & Steers fund and each "non-interested" director individually collects over \$130,000 in fees annually for their services. Is it any wonder that the Board seems content with inaction regarding the NAV discount? Between their services on and their six-figure annual fees from the other Cohen & Steers funds, can the Board be trusted to take the actions necessary to ensure UTF's stockholders receive the maximum value for their investment in the Fund?

Western believes that the anti-corporate governance By-Law amendments recently enacted are further examples of actions taken by the Board that are not in the stockholders' best interests.

These By-Law amendments were disclosed on a date that we believe may have been chosen so stockholders would miss the disclosures. The measures adopted by the Fund, we believe, run contrary to general standards of good corporate governance.

- The Board amended the By-Laws to further restrict director nominations by stockholders. UTF disclosed that the Fund amended its By-Laws regarding its procedure for nominating directors to the Board, making it more cumbersome for stockholders to nominate directors. As a result, stockholders must now provide notice to the Fund a full four months in advance if they wish to nominate directors for election to the Board. In addition, stockholders who nominate directors must provide an unusually large amount of information about themselves, and, at the request of the Board, provide updates to a previously acceptable nomination notice, or risk having their nominees disqualified.
- The Board amended the By-Laws to further restrict stockholders from calling a special meeting of stockholders. We believe annual and special meetings of stockholders are important tools for stockholders' voices to be heard. UTF already had required a prohibitive threshold of over 50% of the shares entitled to vote at a meeting to call a special meeting. The amendment further restricts stockholders' ability to call a special meeting by instituting a cumbersome and time-consuming process for a stockholder to attempt to exercise this basic right. With the prior 50% requirement together with the recent amendments, Western believes the Board has effectively precluded stockholders from calling a special meeting.
- The Board amended the By-Laws in order to opt into a provision of Maryland law to further entrench the directors. UTF disclosed that the Fund had opted into Sections 3-804(b) and (c) of the Maryland General Corporation Law regarding the determination of the size and composition of the Board. The amendments, among other things, provide that directors who are appointed by the Board may now serve for the remainder of the three-year term without being elected by stockholders. We believe opting into these provisions has given the Board further opportunity to manipulate its size and composition without input from stockholders.

These new restrictive provisions were on top of restrictions that have existed since the Fund's inception. Restrictive provisions that already existed include provisions for staggered terms of office for directors and the inability of a majority of stockholders to remove directors without cause, as well as super-majority voting requirements for mergers, consolidations, liquidations, terminations and asset sale transactions, amendments to the articles of incorporation and conversions to open-end status. By its own admission, the Fund acknowledges that these provisions are greater than required under Maryland law and the Investment Company Act of 1940, as amended.

We believe the Fund's actions run contrary to the openness and stockholder participation other public companies encourage while providing no real benefit to stockholders. We feel that by taking such action, the Board has created no value for stockholders and only further entrenched itself. We believe the time and effort the Board spent enacting these provisions could have been better spent and would have better served the interests of the true owners of UTF – the stockholders – if the Board had addressed UTF's persistent NAV discount instead. If elected, the Nominees will work to maximize value for all stockholders.

STOCKHOLDERS ARE ENTITLED TO A BOARD THAT WILL ACT IN THEIR BEST INTERESTS. AS STOCKHOLDERS WITH REAL OWNERSHIP IN UTF, OUR NOMINEES' INTERESTS ARE ALIGNED WITH YOURS – IF OUR INVESTMENT IN THE FUND PROSPERS, SO DOES YOURS.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

In UTF's proxy statement, the Fund disclosed that a proposing stockholder, whom it did not name, gave notice that it intends to submit the following proposal at the Annual Meeting.

If the Fund's shares trade at an average discount of more than 7.5% during any calendar quarter the Fund shall commence a self-tender offer within twenty days of the end of such quarter for 15% of its shares at 98% of net asset value (the "Stockholder Proposal").

UTF's proxy statement states that the Fund believes that the Stockholder Proposal will be inappropriate for stockholder action and the chairman of the Annual Meeting will rule the Stockholder Proposal out of order, as permitted under Maryland law, unless it is brought before the Annual Meeting as a "precatory" proposal, that is, a recommendation that the Board adopt such a policy which is not binding on the Board or UTF even if approved by the requisite number of votes. For more information please refer to the section in the Funds's proxy statement titled "OTHER MATTERS."

Western calls on management to not hide behind legal technicalities, but to provide stockholders the opportunity to express their concerns. Western is not affiliated with the proposing stockholder and has taken no position with respect to the Stockholder Proposal should it come before the Annual Meeting.

We are not aware of any other proposals to be brought before the Annual Meeting. However, we intend to bring before the Annual Meeting such business as may be appropriate, including without limitation nominating additional persons for directorships, or making any proposals as may be appropriate to address any action of the Board not publicly disclosed prior to the date of this proxy statement. Should other proposals be brought before the Annual Meeting, the persons named as proxies in the enclosed GREEN proxy card will vote on such matters in their discretion.

VOTING AND PROXY PROCEDURES

Only stockholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Holders of the Common and Preferred Stock voting together as a single class are entitled to one vote per share on all business of the Annual Meeting including any adjournment or postponement thereof, except for the election of the Preferred Stock Director. Holders of the Preferred Stock voting separately as a class are entitled to vote for the election of the Preferred Stock Director. Stockholders who sell their Shares before the Record Date (or acquire them without voting rights after the Record Date) may not vote such Shares. Stockholders of record on the Record Date will retain their voting rights in connection with the Annual Meeting even if they sell such Shares after the Record Date. Based on publicly available information, Western believes that the only outstanding classes of securities of UTF entitled to vote at the Annual Meeting are the Common and Preferred Stock.

Stockholders, including those who expect to attend the Annual Meeting, are urged to vote their Shares today by following the instructions for voting detailed on the enclosed GREEN proxy card.

Authorized proxies will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted FOR the election of Western's Nominees, to ABSTAIN from the Stockholder Proposal, AGAINST any proposed adjournment proposal and in the discretion of the person named as proxy on all other matters as may properly come before the Annual Meeting.

We are asking you to vote FOR the election of Western's Nominees. The enclosed GREEN proxy card may only be voted for our Nominees and does not confer voting power with respect to the Fund's nominees. Stockholders should refer to the Fund's proxy statement for the names, backgrounds, qualifications and other information concerning the Fund's nominees. The participants in this solicitation intend to vote all of their Shares for the election of Western's Nominees and will not vote their Shares in favor of any of UTF's director nominees.

QUORUM; VOTES REQUIRED FOR APPROVAL; ABSTENTIONS

In accordance with the By-Laws, the presence in person or by proxy of the holders of record of a majority of the Shares entitled to vote at the Annual Meeting shall constitute a quorum at the Annual Meeting. The presence in person or by proxy of the holders of record of a majority of the Shares of the Fund's issued and outstanding Preferred Stock shall be required to constitute a quorum for the purpose of electing the Preferred Share Director. If, however, a quorum shall not be present or represented at the Annual Meeting or if fewer Shares are present in person or by proxy than is the minimum required to take action with respect to any proposal presented at the Annual Meeting, the chairman of the Annual Meeting or the holders of a majority of the Shares present in person or by proxy (or a majority of votes cast if a quorum is present) shall have the power to adjourn the Annual Meeting from time to time, without notice other than announcement at the Annual Meeting, until the requisite number of shares entitled to vote at the Annual Meeting shall be present. At any adjourned Annual Meeting, if the relevant quorum is subsequently constituted, any business may be transacted which might have been transacted at the Annual Meeting as originally called. For purposes of determining the presence of a quorum for transacting business at the Annual Meeting, abstentions and broker "non-votes" (that is, proxies from brokers or nominees indicating that they have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the brokers or nominees do not have discretionary power) will be treated as shares that are present but which have not been voted. For this reason, abstentions and broker non-votes will have no effect on the result of the vote for each proposal.

The Nominees, other than the Preferred Stock Director nominee, must be elected by the holders of a plurality of UTF's outstanding Common and Preferred Stock voting together as a single class. The Preferred Stock Director nominee must be elected by plurality of UTF's outstanding Preferred Stock voting separately as a class. This means that the three nominees elected to serve on the Board will be the two individuals receiving the highest number of votes cast for nominees to be elected by holders of the Common and Preferred Stock voting together as a single class and the individual receiving the highest number of votes cast for nominees to be elected by the holders of the Preferred Stock voting separately as a single class. The Stockholder Proposal, should it be properly brought before the Annual Meeting, requires the affirmative vote of a majority of the Shares cast at the Annual Meeting and entitled to vote for approval.

REVOCATION OF PROXIES

Stockholders of UTF may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy), by delivering a later-dated proxy by Internet, by telephone or by mail, or by delivering a written notice of revocation. The delivery of a later-dated proxy which is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to Western in care of Innisfree M&A Incorporated at the address set forth on the back cover of this proxy statement or to Cohen & Steers Select Utility Fund, Inc. at 280 Park Avenue, New York, NY 10017 or any other address provided by UTF. Although a revocation is effective if delivered to UTF, Western requests that either the original or photostatic copies of all revocations be mailed to Western in care of Innisfree M&A Incorporated at the address set forth on the back cover of this proxy statement so that Western will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date of a majority of the outstanding Shares. Additionally, Innisfree M&A Incorporated may use this information to contact stockholders who have revoked their proxies in order to solicit later-dated proxies for the election of the Nominees and approval of other proposals described herein.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD PLEASE VOTE YOUR SHARES BY TELEPHONE OR INTERNET, AS DESCRIBED IN THE ENCLOSED GREEN PROXY CARD, OR BY SIGNING, DATING AND RETURNING PROMPTLY THE ENCLOSED GREEN PROXY CARD, IN THE POSTAGE-PAID ENVELOPE PROVIDED.

SOLICITATION OF PROXIES

The solicitation of proxies pursuant to this proxy statement (the "Solicitation") is being made by Western. Proxies may be solicited by mail, facsimile, telephone, Internet, in person and by advertisements.

Western has entered into an agreement with Innisfree M&A Incorporated for solicitation and advisory services in connection with this solicitation, for which Innisfree M&A Incorporated will receive a fee not to exceed \$75,000, together with reimbursement for its reasonable out-of-pocket expenses, and will be indemnified against certain liabilities and expenses, including certain liabilities under the federal securities laws. Innisfree M&A Incorporated will solicit proxies from individuals, brokers, banks, bank nominees and other institutional holders. Western has requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the Shares they hold of record. Western will reimburse these record holders for their reasonable out-of-pocket expenses in so doing. It is anticipated that Innisfree M&A Incorporated will employ approximately 50 persons to solicit UTF's stockholders for the Annual Meeting.

The entire expense of soliciting proxies is being borne by Western, subject to certain limitations, pursuant to the terms of the Joint Filing and Solicitation Agreement described below. WIHP, WIAP, WITRL and WITRP have separately agreed to reimburse Western on a pro rata basis for these expenses. Because Western believes that UTF's stockholders will benefit from the solicitation (defined below), Western intends to seek reimbursement from UTF, to the fullest extent permitted by law, of all expenses it incurs in connection with the solicitation. If necessary, Western will ask UTF to submit an application in this regard to, and obtain an order or a no-action letter from, the Securities and Exchange Commission. Western does not intend to submit the question of such reimbursement to a vote of security holders of UTF unless otherwise required by law. Costs of this solicitation of proxies are currently estimated to be approximately \$150,000. Western estimates that through the date hereof, its expenses in connection with this solicitation are approximately \$50,000.

On January 22, 2008 the members of the Group entered into a Joint Filing and Solicitation Agreement in which, among other things, (a) the parties agreed to the joint filing on behalf of each of them of statements on Schedule 13D with respect to the securities of UTF to the extent required by applicable law, (b) the parties agreed to solicit proxies or written consents for the election of the Nominees, or any other person(s) nominated by Western and Mr. Lipson, to the Board at the Annual Meeting and (c) Western agreed to bear all expenses incurred in connection with the Group's activities, including approved expenses incurred by any of the parties in connection with the solicitation, subject to certain limitations. Ms. Schultz joined the Group on March 6, 2008 and agreed to be bound by the terms of the Joint Filing and Solicitation Agreement and to take reasonable steps to request, at Western's sole cost and expense, a complete list of record and beneficial holders of UTF's securities, and related materials. WIHP, WIAP, WITRP and WITRL have separately agreed to reimburse Western on a pro rata basis for expenses incurred in connection with the solicitation.

Because Western believes that UTF's stockholders will benefit from the Solicitation, Western intends to seek reimbursement from the Fund, to the fullest extent permitted by law, of all expenses it incurs in connection with the Solicitation. If necessary, Western will ask UTF to submit an application in this regard to, and obtain an order or a no-action letter from, the Securities and Exchange Commission. Western does not intend to submit the question of such reimbursement to a vote of security holders of UTF.
