(“VAALCO” or the “Company”), representing approximately 7.9% of the outstanding shares of common stock of the Company. For the reasons set forth in the attached Proxy Statement, we do not believe that the Board of Directors of the Company (the “Board”) is acting in the best interests of its stockholders. We are therefore seeking your support at the annual meeting of stockholders (the “Annual Meeting”) scheduled to be held at the Holiday Inn Houston-Near the Galleria, 3131 West Loop South, Houston, Texas 77027 on June 4, 2008 at 10:00 a.m. (local time) for the following:

1. To elect our three nominees (the “Nominees”) to the Board of Directors to serve as Class I directors in opposition to the Company’s three incumbent Class I directors whose terms expire at the Annual Meeting;
2. To ratify the appointment of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for 2008; and
3. To transact any other business that may properly come before the Annual Meeting or any adjournment(s) of such meeting.

We are not seeking control of the Board of Directors at the Annual Meeting and our Nominees if elected would represent a minority of the members of the Board. However, we hope that this election contest sends a strong message to the remaining incumbent directors that stockholders are not satisfied with the Company’s current performance, management and corporate governance.

We urge you to carefully consider the information contained in the attached Proxy Statement and then support our efforts by signing, dating and returning the enclosed GOLD proxy card today. The attached Proxy Statement and the enclosed GOLD proxy card are first being furnished to the stockholders on or about May 7, 2008.

BACKGROUND TO OUR SOLICITATION

Nanes Delorme Partners is currently the beneficial owner of 4,700,000 Shares, representing approximately 7.9% of the issued and outstanding voting securities of VAALCO.

On March 11, 2008, Nanes Delorme Partners sent a letter to the Board describing numerous concerns it had with the Company's management and operations and proposing, among other things, that the Company could maximize value by evaluating a range of strategic alternatives, including the possible sale of the entire Company or the divestiture of its valuable West African portfolio.

On April 11, 2008, we delivered a second letter to the Company nominating the Nominees for election to the Board at the Annual Meeting (the "Nomination Letter"). On April 15, 2008, certain representatives of Nanes Delorme Partners met with Robert L. Gerry, III, the Company's Chairman and Chief Executive Officer and W. Russell Scheirman, II, the Company's President and Chief Financial Officer, to discuss the Nomination Letter and to discuss our principal concerns regarding the Company.

On April 18, 2008, certain representatives of Nanes Delorme Partners had a conference call with Messrs. Gerry and Scheirman to further discuss our concerns and a possible resolution to our nominations without the need for a proxy contest.

On April 21, 2008, we received an unsolicited settlement agreement from the Company's counsel whereby the Company agreed to increase the size of the Board from seven (7) to eight (8) directors and take all necessary action to appoint Julien Balkany to the Board, provided, among other things, that Nanes Delorme Partners (i) agreed to vote all shares owned by it in favor of the Board's nominees for director during the entire time Mr. Balkany would serve on the Board, and for six months thereafter, (ii) withdraws the Nomination Letter and ceases the solicitation of proxies or written consents of stockholders with respect to the election of directors of the Company and (iii) continues to own at least 5% of the outstanding stock of the Company for such period of time that our nominee serves on the Board.

On April 22, 2008, we notified the Company of our intention not to proceed with the Company's settlement offer because it failed to address several material terms that we would require as part of any settlement including, the addition of all three of our Nominees to the Board, the creation of an independent special committee to explore all strategic alternatives, the appointment of a first tier investment bank to advise such committee, a public announcement that the Company will discontinue expansion of operations in the UK North Sea region and refocus its efforts and resources on the Company's core geographic area in West Africa, the commencement of a process to identify and appoint a qualified Chief Operating Officer, and numerous corporate governance issues such as the declassification of the staggered board, separation of the role of Chairman and Chief Executive Officer, termination of the supermajority voting provisions, redemption of the poison pill and elimination of VAALCO's anti-takeover provisions. We invited the Company to contact us to discuss these points further.

On April 23, 2008, the Company's counsel notified our counsel that they would discuss our terms with the Company. The following day, the Company filed their proxy statement with the Securities and Exchange Commission. Accordingly, we decided to proceed with this solicitation.

-5-

REASONS FOR OUR SOLICITATION

We are the largest stockholder of the Company. Nanes Delorme Partners and the other participants in this solicitation collectively own in the aggregate a total of 4,700,000 Shares, representing approximately 7.9% of the issued and outstanding Shares. We have one simple goal – to maximize the value of the Shares for all stockholders.

Our Nominees will attempt to work with other members of the Board to pursue options that we believe are in the best interests of all stockholders and which have the ability to maximize stockholder value. Nanes Delorme Partners is not attempting to take control of the Company. If our Nominees are elected to the Board, they will comprise a minority of the Board.

We do not believe that the incumbent Board has served the best interests of the Company's stockholders. We question the ability of the incumbent Board to improve the Company's operating performance, corporate governance structure and future strategic direction and enhance stockholder value. Without change to the current Board, we also fear that the Company's intrinsic value may continue to erode under the continued unchecked stewardship of current senior management.

Specifically, our concerns include the following:

- VAALCO's disappointing stock performance;
- Management's ill-advised oil exploration diversification in the UK North Sea;
- Management's failure to retain an investment banker and consider a sale of the Company and other strategic options; and
- VAALCO's stockholder unfriendly corporate governance practices.

We believe VAALCO's stock price is significantly undervalued due to management and the Board's continued poor decisions.

We do not believe that VAALCO should remain a public company listed on the NYSE.

We established an ownership position in VAALCO based on the belief that VAALCO is a company which has first class oil and gas properties, with a balanced portfolio of assets and substantial exploration upside in Angola and Gabon, which generates significant cash flow. However, despite these positive factors, we believe VAALCO is significantly undervalued. Responsibility lies with existing management and the current Board's operational missteps. For example, we estimate the total net asset value ("NAV") of the Company at approximately \$420 million, which translates into approximately \$7.12 per share (the following table describes the basis for our estimate of NAV). Yet, since January 1, 2008, VAALCO's shares have traded as low as \$3.99 and have only begun to trade higher since we publicized our concerns in early March. Since we have publicly disclosed our investment in VAALCO on March 11, 2008 through April 24, 2008, VAALCO's stock has increased by 33%, illustrating the strong expectation by stockholders and investors of immediate and substantial changes. We believe VAALCO should refocus its efforts and resources on the Company's core geographical area in West Africa and significantly reduce spending and management's efforts in the UK North Sea.

The estimate of NAV is based on the following calculation:

	Est. Value (\$MM)	Est. Value / Share
Estimated NPV for the Etame Permit (Producing Assets Gabon) (1)	220	\$3.73
African Exploration Assets (2)	110	\$1.86
North Sea Interest (3)	(15)	(\$0.25)
Other Assets (including Texas and Gulf of Mexico Properties)	5	\$0.08
Net Debt	(5)	(\$0.08)
Cash in Bank (4)	105	\$1.78
Implied Total NAV for VAALCO Energy, Inc.	420	\$7.12

(1) Discounted net present value at 10% (post-tax) of proved and probable (2P) reserves for VAALCO in the Etame Permit, as of December 31, 2007 and using a long term oil price of \$75 per barrel. 2P reserves are based on the information published on slide 25 of the Company Corporate Presentation at Pritchard Energy Conference in January 2008 and available on the Company's website.

(2) Exploration risked value for the Company's 100% interest in the Mutumba field (Gabon) and for its 40% working interest in the offshore Block 5 (Angola).

(3) Future liability due to the payment of a significant portion of the well cost on Block 48/25c.

(4) According to slide 24 of the Company Corporate Presentation at Pritchard Energy Conference in January 2008 and available on the Company's website.

The estimates and information shown above represent the opinions of Nanes Delorme Partners I LP based on all publicly available information of which it is aware and should not be regarded by any recipient as providing the basis for any investment decision nor should it be interpreted as a fairness opinion.

VAALCO's stock price has continued to trade at a substantial discount to VAALCO's E&P peers using virtually all relevant comparable valuation metrics. As illustrated in the following table, VAALCO recently has traded at a total enterprise value to 2008 estimated EBITDA of approximately 3.1x, compared to recent multiples of approximately 8.0x for its selected group of E&P peers which are all part of the small cap JP Morgan E&P coverage universe (see the following table). Moreover, while the Company trades at a recent price to earnings ratio of approximately 9.5x, its peers trade at significantly higher multiples of approximately 15.6x based on the Bear Stearns E&P Index.

In addition, VAALCO's underperforming stock price is further illustrated when taking into account the value of similar M&A transactions in Africa where VAALCO's core assets are located.

Source: Nanes Delorme Partners I LP and John S. Herold, Inc. estimates

The Securities and Exchange Commission (SEC) only permits filers, in filings with the SEC, to disclose proved reserves that a company has demonstrated by actual production or conclusive formation tests to be economically and legally producible under existing economic and operating conditions. We use certain terms in this filing, such as probable reserves, to describe volumes of reserves potentially recoverable through additional drilling or recovery techniques that are non-GAAP measures. These estimates are by their nature more speculative than estimates of proved reserves and accordingly are subject to substantially greater risk of being actually realized by VAALCO.

In spite of record oil prices and a portfolio of high quality oil and gas E&P properties, the Company's stock price remains depressed. In 2007 for example, the stock price fell approximately 30%, while the Standard & Poor's Midcap Oil and Gas Exploration and Production Index (the "Index") climbed nearly 45%. This underperformance has continued in the beginning of 2008. Although the stock price of VAALCO has recently increased, we believe the primary reason for this increase is due to our publicized concerns in early March.

We further believe that the New York Stock Exchange is not the appropriate exchange to list a company with core assets in West Africa. We believe listing on another exchange could increase the trading volume and improve liquidity of the Company.

Despite this clear underperformance by the Company, we are unaware of any new or promising initiatives commenced by management or the Board to address the disappointing stock price. VAALCO needs directors who understand the importance of maximizing stockholder value.

Management has pursued an ill-advised oil exploration strategy in the UK North Sea.

In our opinion, VAALCO has been unwisely spending cash on acquiring and drilling minor UK North Sea interests that have been total exploration failures. For example, in January 2008, the Company revealed that it drilled a dry hole on the 9/28b-19A exploration well at a cost of \$12 million, which includes \$8.1 million written down in the fourth quarter of 2007. The UK North Sea's production and reserves have been rapidly declining in recent years after decades of exploration and is now widely known for not presenting nearly as much upside as West Africa. The stock price of the only U.S. publicly listed E&P company focused on the UK North Sea in 2007 has fallen by 41% in that same year (Endeavour International Corp. – AMEX:END). We feel this illustrates the market's current lack of interest and enthusiasm for this mature petroleum region. Yet despite this trend, management continues exploration in this area and plans to participate in another well exploration during 2008, according to the Company's 2007 annual report on Form 10-K. If elected, our Nominees would seek to convince the Board to cease operations in the UK North Sea, close VAALCO's office in Aberdeen, United Kingdom and concentrate on the Company's core geographical area in West Africa.

We believe the Board should evaluate a range of strategic alternatives, including the possible sale of the entire Company.

We believe VAALCO should immediately retain a top tier investment bank to review all strategic alternatives. These strategic alternatives should include, but not be limited to, the sale of the entire Company, the divestiture of certain assets, or to consider other ways to maximize the stock price such as listing the shares on an alternative exchange. We believe, based on conversations with numerous industry experts (including investment bankers who specialize in the relevant industry), that an offer to sell the entire Company through an auction process would likely attract several interested parties that would offer a substantial premium to the current share price that we believe stockholders of the Company would support.

We believe, based on conversations with numerous industry experts (including energy and petroleum executives and investment bankers who specialize in the relevant industry), that the Board and VAALCO's current management may have rebuffed private inquiries regarding a potential acquisition of the Company at a significant premium to its current stock price on several occasions. If true, this deepens our concern that the Board has failed to fully explore all options to maximize value for stockholders. If elected, our Nominees would explore all strategic alternatives to ensure the maximization of stockholder value.

We believe VAALCO has maintained poor corporate governance practices and there is an urgent need to improve Board accountability.

Nanes Delorme Partners believes that VAALCO has maintained poor corporate governance practices that inhibit the accountability of management and directors to stockholders. The following are examples of what we believe to be the sub-standard corporate governance practices of VAALCO:

Need to Separate the Role of Chairman and CEO:	The Company has consolidated power in combining the role of Chairman and Chief Executive Officer, which we believe represents a choice by the Company to meet only the minimum requirements of effective governance.
--	--

Staggered Board to be Declassified and Institute Annual Election of Directors:	For years, VAALCO has maintained a "staggered" or classified Board — a policy which a 2002 study by Harvard University professors found typically results in an 8% to 10% loss of value in companies targeted for acquisition by an uninvited suitor.
--	---

Supermajority Voting Provisions:	Under the Company's Restated Certificate of Incorporation, the affirmative vote of at least 66 % of stockholders entitled to vote is required in order to amend the Company's Restated Certificate of Incorporation or Amended and Restated Bylaws, including rescinding the classified Board.
Anti-takeover Provisions:	<ul style="list-style-type: none">· Under the Company's Restated Certificate of Incorporation, certain business combinations require the approval of at least 80% of the outstanding voting shares, unless previously approved by the Continuing Directors (as defined in the Company's Restated Certificate of Incorporation).· Under the Company's Restated Certificate of Incorporation and Amended and Restated Bylaws, directors may only be removed from office for cause.
Redemption of the Poison Pill:	The Shareholders Rights Plan or "poison pill" adopted by the Board in September 2007 should be immediately redeemed. In our opinion, it serves no reasonable purpose other than for the entrenchment of directors and management.

Governance provisions such as these are contrary to the guidelines for corporate governance best practices issued by leading advocates of stockholder democracy, such as Institutional Shareholder Services and Glass, Lewis & Co.

We are also concerned that management and the Board has not hired a new Chief Operating Officer since Virgil A. Walston, Jr., the former Chief Operating Officer of the Company vacated the office approximately 5 years ago.

If elected, the Nominees will, subject to their fiduciary duties, lobby the Board to eliminate the Company's anti-takeover provisions and use their best efforts to cause the Board to terminate the poison pill and implement corporate governance reform while establishing an independent special committee to evaluate and explore all potential alternatives to maximize stockholder value.

We believe the Nominees have the experience necessary to oversee an effort to maximize stockholder value through a change in strategic direction and corporate governance reforms.

We, as the largest collective stockholder of VAALCO, have a vested financial interest in the maximization of the value of your Shares. Our interests are aligned with the interests of all stockholders. The Nominees have extensive expertise in oil and gas transactions as further discussed in their biographical extracts below. In particular, Mr. Cottman has over twenty-five years of experience in the oil and gas industry. If elected to the Board, the Nominees will endeavor to use their collective experience to oversee the Company with a goal of implementing the strategic and operational changes espoused by the participants in this solicitation as well as exploring other alternatives to maximize stockholder value. There can be no assurance that these goals will be achieved if the Nominees are elected.

The Nominees, if elected, will represent a minority of the Board. Under the Company's Restated Certificate of Incorporation certain transactions, including a sale of the Company, require that unless a sale of the Company is first approved by a majority of "Continuing Directors," then a sale of the Company must be approved by the affirmative vote of the holders of at least 80% of the Shares. The Nominees, if elected, would not be considered "Continuing Directors" and will not be able to approve a sale as a "Continuing Director." Accordingly, either a majority of the "Continuing Directors" would need to approve a sale of the Company or it would be necessary to obtain the affirmative vote of the holders of at least 80% of the Shares. If elected, the Nominees will, subject to their fiduciary duties as directors, work with the other members of the Board to take those steps that they deem are necessary to maximize stockholder value. Although the Nominees will not be able to adopt any measures without the support of at least some members of the current Board, we believe that the election of the Nominees will send a strong message to the Board.

WE BELIEVE THE ELECTION OF THE NOMINEES TO THE BOARD, TOGETHER WITH THE CHANGES THEY WILL TRY TO IMPLEMENT, WILL INCREASE MANAGEMENT AND DIRECTORS' ACCOUNTABILITY, BETTER ALIGN THEM WITH VAALCO'S STOCKHOLDERS AND REPRESENTS THE BEST OPPORTUNITY FOR STOCKHOLDERS TO MAXIMIZE THE VALUE OF THEIR SHARES.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board is currently composed of seven directors divided into three classes serving staggered three-year terms, with one class of directors elected by stockholders annually. We believe three Class I directors' terms expire at the Annual Meeting. We are seeking your support at the Annual Meeting to elect the Nominees as Class I directors in opposition to the three incumbent Class I directors of VAALCO. If elected, the Nominees will represent a minority of the members of the Board.

THE NOMINEES

Set forth below are the name, age, business address, present principal occupation, and employment and material occupations, positions, offices, or employments for the past five years of each of the Nominees. This information has been furnished to Nanes Delorme Partners by the Nominees. The Nominees will not receive any compensation from Nanes Delorme Partners or the other participants in this solicitation for their services as directors of VAALCO. However, Messrs. Toboroff and Cottman have each received \$25,000 in compensation from Nanes Delorme Partners upon submission of the Nomination Letter and will each receive, solely in the event that Nanes Delorme Partners withdraws its nomination of any such nominee prior to the Annual Meeting, other than as a result of such nominee failing to provide Nanes Delorme Partners with information which it reasonably requests, an additional \$25,000 within ten business days following the date of such withdrawal. In addition, Nanes Delorme Partners and certain of its affiliates, have signed a letter agreement pursuant to which they agree to indemnify Messrs. Other than as stated herein, there are no arrangements or understandings between the other participants in this solicitation and any of the Nominees or any other person or persons pursuant to which the nomination of the Nominees described herein is to be made, other than the consent by each of the Nominees to be named in this Proxy Statement and to serve as a director of VAALCO if elected as such at the Annual Meeting. However, we intend to bring before the Annual Meeting such business as may be appropriate, including without limitation nominating additional persons for directorships, or making any proposals as may be appropriate to address any action of the Board not publicly disclosed prior to the date of this proxy statement. PROPOSAL NO. 2

COMPANY PROPOSAL TO RATIFY THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2008

As discussed in further detail in the Company's proxy statement, prior to the Annual Meeting, the Company's Board, upon the recommendation of the Company's Audit Committee, selected Deloitte & Touche LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008. The Company is asking stockholders to ratify the selection of Deloitte & Touche LLP as the independent auditors of the Company for fiscal 2008.

We do not object to the ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for fiscal 2008.

VOTING AND PROXY PROCEDURES

Only stockholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Each Share is entitled to one vote. Stockholders who sell Shares before the Record Date (or acquire them without voting rights after the Record Date) may not vote such Shares. Stockholders of record on the Record Date will retain their voting rights in connection with the Annual Meeting even if they sell such Shares after the Record Date. Based on publicly available information, we believe that the only outstanding class of securities of VAALCO entitled to vote at the Annual Meeting is the Shares.

Shares represented by properly executed GOLD proxy cards will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted FOR the election of the Nominees to the Board, FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2008 and in the discretion of the persons named as proxies on all other matters as may properly come before the Annual Meeting.

We believe the current Board intends to nominate three Class I directors at the Annual Meeting. This Proxy Statement is soliciting proxies to elect the three Nominees to replace the three incumbent Class I directors. Accordingly, the enclosed GOLD proxy card may only be voted for our Nominees and does not confer voting power with respect to any of the Company's director nominees. Under applicable proxy rules, we are only permitted to solicit proxies for our Nominees. Therefore, stockholders who return the GOLD proxy card will only be able to vote for our Nominees. You can only vote for the Company's director nominees by signing and returning a proxy card provided by the Company. Stockholders should refer to the Company's proxy statement for the names, backgrounds, qualifications and other information concerning the Company's nominees. The participants in this solicitation intend to vote all of their Shares in favor of the Nominees.

QUORUM

In order to conduct any business at the Annual Meeting, a quorum must be present in person or represented by valid proxies. The holders of a majority of the outstanding Shares as of the Record Date will constitute a quorum for the transaction of business. Broker non-votes and abstentions are counted as present for purposes of determining whether a quorum is present at the meeting.

VOTES REQUIRED FOR APPROVAL

Vote required for the election of directors. Each director must be elected by a plurality of the votes cast at the Annual Meeting by the holders of Shares entitled to vote. This means that in the election of Class I directors the three nominees receiving the highest number of "FOR" votes will be elected as Class I directors. Stockholders may vote "for" all of the director nominees, "withhold" authority to vote for all of the nominees or "withhold" authority to vote for any individual nominee but vote for all other nominees. Shares that are withheld from voting as to any nominee and broker non-votes will not affect the outcome. Stockholders of record may appoint proxies to vote their Shares by signing, dating and mailing the GOLD proxy card in the envelope provided.

Vote required to ratify the appointment of Deloitte & Touche LLP. The proposal to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2008 will require the affirmative vote of a majority of the Shares entitled to vote present in person or represented by proxy at the Annual Meeting and therefore an abstention will have the effect of a vote cast against the proposal. Broker non-votes will not be considered present at the Annual Meeting for this proposal, which in effect means a broker non-vote will serve to reduce the number of affirmative votes required to achieve a majority vote by reducing the total number of shares from which a majority is calculated.

Each Share entitles the holder thereof to one vote on all matters to come before the Annual Meeting, including the election of directors. A stockholder may cast votes for the Nominees either by so marking the ballot at the Annual Meeting or by specific voting instructions sent with a signed proxy to either Nanes Delorme Partners in care of MacKenzie Partners, Inc. at the address set forth on the back cover of this Proxy Statement or to VAALCO at 4600 Post Oak Place, Suite 309, Houston, Texas 77027, or any other address provided by VAALCO.

DISCRETIONARY VOTING

Shares held in "street name" and held of record by banks, brokers or nominees may not be voted by such banks, brokers or nominees unless the beneficial owners of such Shares provide them with instructions on how to vote. You may also request a proxy from your broker, trustee or other representative for your Shares in order to vote your Shares in person at the Annual Meeting.

REVOCAION OF PROXIES

Stockholders of VAALCO may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy which is properly completed will also constitute a revocation of any earlier proxy. The revocation may be delivered either to Nanes Delorme Partners in care of MacKenzie Partners, Inc. at the address set forth on the back cover of this Proxy Statement or to VAALCO at 4600 Post Oak Place, Suite 309, Houston, Texas 77027, or any other address provided by VAALCO. Although a revocation is effective if delivered to VAALCO, Nanes Delorme Partners requests that either the original or photostatic copies of all revocations be mailed to Nanes Delorme Partners in care of MacKenzie Partners, Inc. at the address set forth on the back cover of this Proxy Statement so that we will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date and the number of outstanding Shares represented thereby. Additionally, MacKenzie Partners, Inc. may use this information to contact stockholders who have revoked their proxies in order to solicit later dated proxies for the election of the Nominees.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE NOMINEES TO THE BOARD OR FOR THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED GOLD PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED.
