**PROXY STATEMENT
FOR THE
ANNUAL GENERAL MEETING OF HOLDERS OF CLASS A ORDINARY SHARES
TO BE HELD ON APRIL 25, 2008**

The accompanying proxy is solicited by the Board of Directors of XL Capital Ltd (the Company) to be voted at the Annual General Meeting of holders (the Shareholders) of the Company's Class A Ordinary Shares (the Shares) to be held on April 25, 2008 and any adjournments thereof.

When such proxy is properly executed and returned, the Shares of the Company it represents will be voted at the meeting on the following: (1) the election of the three nominees for Class I Directors identified herein, (2) the ratification of the appointment of PricewaterhouseCoopers LLP, New York, New York (the Independent Auditor), to act as the independent registered public accounting firm of the Company for the year ending December 31, 2008 and (3) to approve the amendment and restatement of the Company's Directors Stock and Option Plan that expires in 2008 (the Directors Plan).

Any Shareholder giving a proxy has the power to revoke it prior to its exercise by giving notice of such revocation to the Secretary of the Company in writing at XL House, One Bermudiana Road, Hamilton, HM 11, Bermuda, by attending and voting in person at the Annual General Meeting or by executing a subsequent proxy, provided that such action is taken in sufficient time to permit the necessary examination and tabulation of the subsequent proxy or revocation before the votes are taken.

Shareholders of record as of the close of business on March 7, 2008 will be entitled to vote at the Annual General Meeting. If any such matter comes before the Annual General Meeting, including any Shareholder proposal properly made, the proxy holders will vote proxies in accordance with their judgment.

The election of each nominee for Director, the ratification of the appointment of the Independent Auditor and the approval of the amendment and restatement of the Directors Plan require the affirmative vote of a majority of the votes cast on such proposal at the Annual General Meeting, provided there is a quorum (consisting of one or more Shareholders present in person or by proxy holding at least fifty percent (50%) of the issued and outstanding Shares entitled to vote at the Annual General Meeting). Shares owned by Shareholders electing to abstain from voting with respect to any proposal and broker non-votes will be counted towards the presence of a quorum but will not be considered present and voting with respect to the elections of nominees for Director or other matters to be voted upon at the Annual General Meeting. Therefore, abstentions and broker non-votes will have no effect on the outcome of the proposals to elect directors, to ratify the appointment of the Auditors or to approve the amendment and restatement of the Directors Plan.

II. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

The Audit Committee of the Board of Directors is required by law and applicable NYSE rules to be directly responsible for the appointment, compensation and retention of the Company's Independent Auditor. The Audit Committee has appointed PricewaterhouseCoopers LLP, New York, New York as the Company's Independent Auditor for the year ending December 31, 2008. While Shareholder ratification is not required by the Company's Articles of Association or otherwise, the Board of Directors is submitting the appointment of PricewaterhouseCoopers LLP to the Shareholders for ratification as part of good corporate governance practices. If the Shareholders fail to ratify the appointment, the Audit Committee may, but is not required to, reconsider whether to retain PricewaterhouseCoopers LLP. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the fiscal year if it determines that such a change would be in the best interest of the Company and its Shareholders.

The Board of Directors recommends a vote FOR the proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Company's Independent Auditor to audit the Company's consolidated financial statements for the year ending December 31, 2008. Your Board of Directors recommends that Shareholders vote FOR the proposal to ratify the appointment of PricewaterhouseCoopers LLP, New York, New York.

III. APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE COMPANY'S DIRECTORS STOCK & OPTION PLAN

The Company's Directors Stock & Option Plan as amended and restated was approved by Shareholders in 2003. Such plan, together with all amendments thereto, is referred to herein as the Directors Plan. The Directors Plan provides for grants of stock options, restricted stock and restricted stock units to non-employee directors and an opportunity for non-employee directors to defer their annual retainer fees in the form of share units or receive their annual retainer fees in the form of shares. Under the Directors Plan, 344,702 shares have been reserved for issuance solely for elective deferrals of annual retainer fees or the elective payment of annual retainer fees in the form of shares, of which 326,342 have not been utilized. Prior to the amendment described below, 300,000 shares had been reserved for issuance under the Directors Plan as stock options, restricted stock and restricted stock units, of which 133,250 have not been utilized.

Since the Directors Plan is scheduled to expire on April 28, 2008, the Board of Directors has amended and restated the Directors Plan, subject to Shareholder approval, to extend the term until June 1, 2013 and to increase the number of shares available for grants of stock options, restricted stock and restricted stock units under the Directors Plan by

150,000 to 283,250. The Directors Plan

has also been amended to define the fair market value of the shares for purposes of the plan as the closing price per share on the date in question. Prior to the amendment, the fair market value had been based on the closing price per share on the date preceding the date in question. In addition, the Directors Plan has been amended to provide that the annual stock option grants will be 2,500 shares per non-employee director (or such other number of shares as determined from time to time by the Board of Directors).

The Shareholders are now requested to approve the amendment and restatement of the Directors Plan.

The following summary of the Directors Plan is qualified in its entirety by express reference to the amended and restated Directors Plan, which is attached as Appendix B to this proxy statement.

General

The Directors Plan is intended to advance the interests of the Company and its Shareholders by providing a means to attract, retain and motivate non-employee directors of the Company upon whose judgment, initiative and effort the continued success, growth and development of the Company is dependent. The Directors Plan provides for the grant to non-employee directors of non-qualified stock options, restricted stock, and restricted stock units. The Directors Plan also provides for elective deferral of annual retainer fees and, as an alternative, an election to receive annual retainer fees in the form of Shares. The aggregate number of Shares which are available for issuance under the Directors Plan in connection with elective deferral of annual retainer fees or elections to receive annual retainer fees in the form of Shares is 344,702, and an additional 450,000 are available for grants of nonqualified stock options, restricted stock, restricted stock units, in each case subject to anti-dilution adjustments in the event of certain changes in the Company's capital structure. Shares issued pursuant to the Directors Plan will be authorized but unissued shares.

Eligibility and Administration

Only non-employee members of the Company's Board of Directors will be eligible to participate in the Directors Plan. The Directors Plan will be administered by the full Board of Directors, which will determine the types of awards to be received and the terms and conditions thereof. The number of non-employee directors who will be eligible to receive awards under the Directors Plan is currently ten.

Awards and Deferral Elections

The Directors Plan provides for automatic annual grants of non-qualified stock options to each non-employee director on the following terms. The date of grant will be the date of each annual meeting of Shareholders, and options will be granted to the non-employee directors in office immediately following the annual general meeting. The exercise price per Share will be equal to the fair market value per Share on the date of grant, and the number of Shares subject to each option will be 2,500 (or such other amount as determined from time to time by the Board of Directors). The term of each option will be ten years, each option will be fully exercisable on the date of grant, and continued exercisability will not be dependent on continued service on the Board of Directors.

In addition, when a non-employee director is first elected to the Board of Directors an option to purchase 5,000 Shares (or such other amount as determined from time to time by the Board of Directors) is granted to the non-employee director on the date of such first election. The other terms of the option will be as described above in the case of the automatic annual option grants.

The Directors Plan also provides for discretionary grants of non-qualified stock options, restricted stock and restricted stock units. The specific terms of such grants will be as determined by the Board of Directors, but the exercise price of an option may not be less than the fair market value per Share on the date of grant. In addition, options may not be repriced without Shareholder approval.

Non-employee directors may elect to defer all or a portion of their annual retainer fees. Amounts deferred will be credited to the non-employee directors' accounts under the Directors Plan in the form of share units. The number of share units credited will be equal to the number of Shares having an aggregate fair market value on the date the fees would otherwise have been paid equal to the amount deferred. If any dividends are payable on the Shares during the deferral period, additional share units will be credited to the non-employee directors' accounts, based on the amount of the dividends and the fair market value of the Shares at the time the dividend is paid. Amounts deferred will be distributed (in the form of one Share for each share unit) either in a lump sum at the time of the non-employee director's separation from service on the Board of Directors or in five annual installments commencing at such time, as elected by the non-employee director in accordance with the election provisions of the Directors Plan.

Alternatively, non-employee directors may elect to receive their annual retainer fees currently in the form of Shares instead of cash, based on the fair market value of the Shares on the date the fees would otherwise have been paid.

Amendments and Termination

The Board of Directors may amend or terminate the Directors Plan, but any such amendment or termination will be subject to the approval of Shareholders if required by applicable law or the rules of any stock exchange on which the Shares may then be listed. In addition, no amendment or termination may adversely affect the rights of a participant under outstanding awards or previously deferred fees without the consent of the affected participant.

Market Value

The per Share closing price of the Company's Shares on March 7, 2008 was \$32.58.

Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences of the Directors Plan, based upon current provisions of the Code, the Treasury regulations promulgated thereunder and administrative and judicial interpretations thereof, and does not address the consequences under any state, local or foreign tax laws.

Stock Options

In general, the grant of a nonqualified stock option will not be a taxable event to the recipient. Upon the exercise of a non-qualified stock option, the participant will recognize ordinary taxable income equal to the excess of the fair market value of the Shares received upon exercise over the exercise price. Any gain or loss upon a subsequent sale or exchange of the shares will be capital gain or loss, long-term or short-term, depending on the holding period for the Shares.

Restricted Stock

A participant who receives shares of restricted stock will generally recognize ordinary income at the time that they vest, i.e., when they are not subject to a substantial risk of forfeiture. The amount of ordinary income so recognized will be the fair market value of the Shares at the time the income is recognized (determined without regard to any restrictions other than restrictions which by their terms will never lapse), less the amount, if any, paid for the Shares. Dividends paid with respect to Shares that are not vested will be ordinary compensation income to the participant. Any gain or loss upon a subsequent sale or exchange of the Shares, measured by the difference between the sale price and the fair market value on the date of vesting, will be capital gain or loss, long-term or short-term, depending on the holding period for the Shares. The holding period for this purpose will begin on the date following the date of vesting.

In lieu of the treatment described above, a participant may elect immediate recognition of income under Section 83(b) of the Code. In such event, the participant will recognize as income the

fair market value of the restricted stock at the time of grant (determined without regard to any restrictions other than restrictions that by their terms will never lapse). Dividends paid with respect to Shares as to which a proper Section 83(b) election has been made will not be deductible. If a Section 83(b) election is made and the restricted shares are subsequently forfeited, the participant will not be entitled to any offsetting tax deduction.

Other Awards and Deferrals

With respect to restricted stock units and amounts deferred, generally, a participant will be subject to income tax at ordinary income rates at the time of receipt of payment with respect to any such restricted stock units or deferrals, and the amount of such income will be the fair market value of the Shares received, determined at the time they are received.

Your Board of Directors recommends a vote FOR the proposal to amend and restate the Directors Plan.

CORPORATE GOVERNANCE

The Company's Board of Directors (sometimes referred to herein as the Board) and management have a strong commitment to effective corporate governance. The Company has in place a comprehensive corporate governance framework for its operations which, among other things, takes into account the requirements of the Sarbanes-Oxley Act of 2002, the U.S. Securities and Exchange Commission (the SEC) and the New York Stock Exchange (NYSE). The key components of this framework are as follows:

Board of Directors

The size of the Board of Directors is fixed at eleven effective upon Mr. Cyril Rance's retirement from the Board immediately prior to the Annual General Meeting as a result of Mr. Rance having reached the mandatory retirement age for members of the Board of Directors. The Company's Articles of Association provide that the Board of Directors shall be divided into three classes, designated Class I, Class II and Class III, with each class consisting as nearly as possible of one-third of the total number of Directors constituting the entire Board of Directors.

The term of office for each Director in Class I expires at the 2008 Annual General Meeting; the term of office for each Director in Class II expires at the 2009 Annual General Meeting; and the term of office for each Director in Class III expires at the 2010 Annual General Meeting of the Company. At each Annual General Meeting, the successors of the class of Directors whose term expires at that meeting shall be elected to hold office for a term expiring at the Annual General Meeting to be held in the third year following the year of their election.

In 2007, there were seven formal meetings of the Board and all incumbent Directors attended at least 75% of such meetings and of the meetings held by all committees of the Board of which they were a member. Formal meetings of the Board and Board committees are supplemented periodically by informational meetings. In 2007, eight such informational meetings of the Board were held. The Company expects Directors to attend the Annual General Meeting and all twelve of the Company's then Directors attended the 2007 Annual General Meeting.

Executive Sessions of Non-Management and Independent Directors

The Company's non-management Directors meet at regularly scheduled executive sessions of the Board without any member of management in attendance. In addition, the independent Directors meet as a group at least annually. Mr. Glauber and, in his absence, Mr. Comey were selected by the independent Directors to act as presiding Director (the Lead Director) at such executive sessions of the Board. Mr. Glauber will serve as lead Director until the Board meeting that immediately precedes the 2008 Annual General Meeting.

Independence Standards

The Board has adopted categorical standards to assist it in making determinations as to whether Directors have any material relationships with the Company for purposes of determining independence under the listing standards of the NYSE and Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). The categorical standards are attached as Appendix A to this Proxy Statement. In accordance with these standards, the Board of Directors determined (i) in February 2008, that each of Messrs. Comey, Glauber, Haag, Mauriello, McQuade, Rance, Senter, and Thornton, Drs. Parker and Thrower and Sir John Vereker is independent in accordance with such categorical standards and (ii) that no transactions or relationships existed that were inconsistent with a determination that each such Director is independent.

In reaching its conclusion with respect to each of the independent directors, the Board considered that (i) two Directors (Messrs. O Hara and Mauriello) are directors on a board of an entity on which a Director is an executive director (Dr. Thrower), (ii) in 2007, a Director (Mr. Glauber) was a director on a board of an entity on which a Director was an executive officer (Mr. McQuade), (iii) a Director (Mr. Mauriello) receives a pension from a company

that does business with the Company, (iv) a Director (Mr. McQuade) has a family member who in 2007 was employed

by an investment bank that did work for the Company from time to time, but the family member was not involved in the work for the Company, (v) during 2007, a Director (Mr. Senter) served as a director and Chairman of the Audit Committee of a public affiliate of the Company, (vi) a Director (Dr. Thrower) is an executive director of a charitable organization to which the Company and certain directors and executive officers make contributions and (vii) a Director (Mr. Rance) has two family members who are employees of the Company.

Committees

The Board has established an Audit Committee, a Compensation Committee, a Nominating & Governance Committee, a Finance Committee and a Public Affairs Committee. In addition, special committees of the Board may be created from time to time to manage various risk management and other initiatives. In October 2007, a Succession Committee was created following the announcement by the Company that Mr. Brian O Hara, President and CEO of the Company (and since late 2007, Acting Chairman), had informed the Company's Board of Directors of his decision to retire as President and CEO in mid-2008.

Each member of the Audit Committee is independent as independence for Audit Committee members is defined in the NYSE listing standards and Rule 10A-3 promulgated under the Exchange Act. Each member of the Compensation Committee, the Nominating & Governance Committee and the Public Affairs Committee is independent (as defined in the NYSE listing standards).

Audit Committee

The Audit Committee's primary purpose is to assist in the Board's oversight of the integrity of the Company's financial statements, including its system of internal controls, the Independent Auditor's qualifications, independence and performance, the performance of the Company's internal audit function and the Company's compliance with legal and regulatory requirements. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the Independent Auditor in preparing or issuing an audit report or performing other audit, review or attestation services for the Company. Messrs. Thornton (Chairman), Comey, Mauriello, McQuade, Rance, Senter and Dr. Thrower comprise the Audit Committee. The Audit Committee met six times during 2007 and held five informational meetings in 2007. The Board has determined that each of Messrs. Mauriello, McQuade, Senter and Thornton is an audit committee financial expert (as that term is defined in Item 401(h) of Regulation S-K).

Compensation Committee

The Compensation Committee reviews the performance and compensation of the Chairman, the Chief Executive Officer and other senior executives and has overall responsibility for approving and evaluating compensation and benefit plans of the Company. Messrs. Comey (Chairman), Glauber and McQuade comprise the Compensation Committee. The Compensation Committee met six times during 2007 and held two informational meetings in 2007.

Nominating & Governance Committee

The Nominating & Governance Committee makes recommendations to the Board as to nominations to the Board and Board committee memberships and compensation for Board and Board committee members, as well as structural, governance and procedural matters. The Nominating & Governance Committee also reviews the performance of the Board and the Company's succession planning. Drs. Parker (Chairman) and Thrower and Messrs. Glauber and Mauriello comprise the Nominating & Governance Committee. The Nominating & Governance Committee met seven times during 2007 and held two informational meetings in 2007.

i) Identifying and evaluating nominees

The Nominating & Governance Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of new Board members as well as the composition of the Board as a whole. When the Board determines to seek a new member, whether to fill a vacancy or otherwise, the Nominating & Governance Committee utilizes third-party search

firms and considers recommendations from Board members, management and others, including Shareholders. In general, the Nominating & Governance Committee looks for new members possessing superior business judgment and integrity who have distinguished themselves in their chosen fields of endeavor and who have knowledge or experience in the areas of insurance, reinsurance, financial services or other aspects of the Company's business, operations or activities.

ii) Nominees recommended by Shareholders

The Nominating & Governance Committee will consider, for Director nominees, persons recommended by Shareholders, who may submit recommendations to the Nominating & Governance Committee in care of the Company's Secretary at XL House, One Bermudiana Road, Hamilton HM 11, Bermuda. To be considered by the Nominating & Governance Committee, such recommendations must be accompanied by a description of the qualifications of the proposed candidate and a written statement from the proposed candidate that he or she is willing to be nominated and desires to serve if elected. Nominees for Director who are recommended by Shareholders to the Nominating & Governance Committee will be evaluated in the same manner as any other nominee for Director. Nominations by Shareholders may also be made at an Annual General Meeting in the manner set forth under Shareholder Proposals for 2009 Annual General Meeting.

Finance Committee

The Finance Committee establishes and recommends the financial policies of the Company and reviews the Company's capital structure, issuances of securities, dividend policy, mergers, acquisitions and divestitures, significant strategic investments, overall investment policy and performance, all major risk management exposures and annual business plan and budget. Messrs. Glauber, Haag, O'Hara, McQuade (Acting Chairman), Senter and Thornton, Dr. Parker and Sir John Vereker comprise the Finance Committee. During 2007, Michael P. Esposito, Jr. served as Chairman of the Finance Committee until he resigned from the Board of Directors on December 27, 2007. The Finance Committee met seven times during 2007 and held one informational meeting in 2007.

Public Affairs Committee

The Public Affairs Committee reviews the Company's policies and programs that relate to public issues of significance to the Company and the public at large, the Company's relationship with external constituencies and the non-financial issues that impact the Company's reputation. The Public Affairs Committee also oversees the Company's program of charitable giving. Mr. Rance (Chairman), Drs. Parker and Thrower and Sir John Vereker comprise the Public Affairs Committee. The Public Affairs Committee met twice during 2007.

Succession Committee

The purpose and responsibility of the Succession Committee has been to establish and implement a program to identify, evaluate and recommend to the Board of Directors potential candidates to succeed the current CEO upon his retirement from such position, and to discuss, negotiate and agree upon, subject to the approval of the Board, the terms and conditions upon which candidates recommended to the Board will serve in such capacity.

The Committee has the sole authority to retain and terminate any search firm it elects to engage to assist in identifying CEO candidates, including the sole authority to approve the fees to be paid to such firm as well as other retention terms. Messrs. Comey, Glauber (Chairman), Haag and McQuade and Dr. Parker comprise the Succession Committee. The Succession Committee held six informational meetings in 2007.

Communications with Members of the Board of Directors and its Committees

Shareholders and other interested persons may communicate directly with one or more Directors (including the Lead Director or all non-management Directors as a group) by writing to them in care of the Company's Secretary at XL House, One Bermudiana Road, Hamilton HM 11, Bermuda and specifying the intended recipient(s). All such communications will be forwarded to the

appropriate Director(s) for review, other than communications that are advertisements or other commercial solicitations or communications.

Code of Conduct

The Company has adopted a Code of Business Conduct and Ethics, which applies to all of the Company's Directors, officers (including the CEO) and employees. The Company has also adopted a Code of Ethics for XL Senior Financial Officers applicable to the Company's chief financial officer, controller and other persons performing similar functions. The Company will post on its website at www.xlcapital.com any amendment to or waiver under the Code of Business Conduct and Ethics or the Code of Ethics for XL Senior Financial Officers granted to any of its Directors or executive officers that relates to any element of the code of ethics definition set forth in Item 406 of Regulation S-K of the Securities Act of 1933, as amended.

Website Access to Governance Documents

The Company's Director Independence Standards, Corporate Governance Guidelines, Code of Business Conduct and Ethics and Code of Ethics for XL Senior Financial Officers, the charters for the Audit Committee, Compensation Committee, Nominating & Governance Committee, Finance Committee, Public Affairs Committee and Succession Committee and other Company ethics and governance materials are available free of charge on the Company's website located at www.xlcapital.com or by writing to Investor Relations, XL Capital Ltd, XL House, One Bermudiana Road, Hamilton HM 11, Bermuda.

Procedures for Approval of Related Person Transactions

In February 2007, the Company's Board of Directors adopted written policies and procedures relating to the approval or ratification of transactions with Related Parties. Under these policies and procedures, management shall present to the Nominating & Governance Committee any Related Person Transactions proposed to be entered into by the Company and any Ordinary Course Related Person Transactions known to management, including the aggregate value of such transactions, if applicable. In reviewing proposed Related Person Transactions, the Committee shall consider, among other things, if such transactions are on terms comparable to those that could be obtained in arm's length dealings with an unrelated third person and shall review such transactions to ensure that the terms are arm's-length or otherwise fair to the Company. In instances where an Ordinary Course Related Person Transaction is reviewed, the Committee shall determine whether such proposed transaction is in the ordinary course of business and on terms no more favorable than are made to other unrelated persons. After review, the Committee shall approve or disapprove such transactions. Management shall, at each subsequent Nominating & Governance Committee meeting, update the Committee as to any material change to those transactions that have been approved by the Nominating & Governance Committee. No Director may participate in any discussion or approval of a Related Person Transaction or Ordinary Course Related Person Transaction in which he or she is a Related Person.

Under these policies and procedures, a Related Person Transaction is any transaction, including proposed charitable contributions or pledges of charitable contributions, in which the Company was or is a participant, and the amount involved exceeds \$120,000 and in which a Related Person had or will have a direct or indirect material interest. A Related Person Transaction does not include the Company's providing insurance and/or reinsurance to Shareholders or their affiliates, or to employers or entities associated with a Related Person in the ordinary course of business, on terms no more favorable to the (re)insureds than are made available to other customers (collectively, Ordinary Course Related Person Transaction(s)). A Related Person is a senior officer, director or nominee for director of the Company, a greater than 5% beneficial owner of the Company's outstanding Shares, any immediate family member (as that term is defined by Item 404 of Regulation S-K) of any of the foregoing or an entity in which a person listed in the foregoing has a substantial interest in, or control of, such entity or which employs a person listed in the foregoing.

Related person transactions during 2007 are discussed under the heading Related Person Transactions.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

As a global property and casualty insurance and reinsurance company, the Company's compensation programs are designed to reflect the cyclical nature of the industry. What this means is that the programs recognize that during a program cycle, there will be periods when premium rates (and negotiating policy terms) are more favorable than the cycle average while other periods during the cycle will be less favorable. The Company's goal in managing the cycle is to build long-term shareholder value by capitalizing on current opportunities and managing any potential downward cycles by reducing the property and casualty book of business and exposures if and when rates deteriorate to unprofitable levels.

The Company's executive compensation programs are established so that executives are rewarded for creating long-term shareholder value by strengthening its competitiveness within the insurance/reinsurance industry, resulting in an increase in the value of the Company's share price. Accordingly, performance measurements for the programs described below are set with the idea that attainment of both internal and external (relative to peers) goals will increase long-term shareholder value.

The goals of the Company's executive compensation programs are to:

Attract and retain high quality executives that will implement the Company's business strategy effectively. Due to the highly competitive nature of attracting key executives within the commercial insurance/reinsurance industry, the Company's aim is to provide substantial rewards to those executives that prove consistently successful in their roles.

Motivate executives to maximize the long-term creation of shareholder value. With attainment of an operating return on equity (meaning, operating income divided by the average ordinary

Shareholders' equity for the period) (Operating ROE) performance metric required for the vesting of restricted shares and to determine the level of payout for outstanding cash long-term incentive plan (LTIP) measurement periods, consistent annual returns are rewarded.

If the Company should have a sub-standard performance year, restricted shares do not vest and any LTIP payout that includes that performance year will be reduced.

Operating income is a non-GAAP financial measure under Regulation G and represents net income excluding net realized gains and losses on investments, net realized and unrealized gains and losses on credit, structured financial and investment derivatives, net of tax for the Company and its share of these items for Security Capital Assurance (SCA), a financial guarantor bond insurer, and the Company's other insurance company operating affiliates.

Align an executive's business actions with the Company's core

values and pay-for-performance philosophy. While it is important that the Company attains its stated business goals, it will not do so at the expense of its core values. These core values underscore and define who the Company is to its customers and other stakeholders. The Company's principles are predicated on the understanding that executive contributions to its success demonstrate the base core values that underpin its culture:

Ethics We insist on the highest standards of personal and professional conduct to secure the absolute trust and confidence of our clients, our shareholders and our colleagues.

Teamwork We achieve a greater contribution when we work together. We recognize and reward team effort.

Excellence We require continuous improvement in the quality of all that we do. We reward those who continually seek to improve the quality of their work.

Development Ensuring that all our staff realize their full potential is the only way for us to reach our business objectives. We expect everyone to take the initiative for their own professional development and to actively seek opportunities to assist in the development of colleagues and subordinates.

Respect We must all value and respect the differences and diversity within our organization. Lack of personal and professional respect in dealing with our colleagues is not tolerated.

Executive Compensation Program Review and Oversight

The goals of the Company's executive compensation programs have been established by the Compensation Committee of the Board of Directors. This committee consists of three independent directors: Dale R. Comey (Chairman), Robert R. Glauber and Eugene M. McQuade. All Compensation Committee members are outside directors as defined under Section 162(m) of the Internal Revenue Code and qualify as independent Directors under the NYSE listing standards. The Compensation Committee evaluates and approves all senior executive compensation actions, as well as compensation and benefits policies, plans and programs.

The President and CEO, Brian M. O'Hara, is responsible for providing recommendations to the Compensation Committee with respect to all compensation actions for the executive officers other than himself, as well as the cash incentive pools and the long-term incentive pools for all non-executive employees. The Compensation Committee expects that Mr. O'Hara will justify his recommendations based on actual performance against agreed upon metrics, relative performance versus the Company's peers and, at the business unit level, relative contributions to overall Company results. Mr. O'Hara is required by the Compensation Committee to detail the Company's operating results each year, how these results compare to the Company's peer group of 11 companies in the global commercial insurance/reinsurance market, individual performance of senior executives and how his compensation recommendations relate to such performance comparisons. The Compensation Committee reviews the recommendations made by each business/functional unit as well as each of the recommendations made for the Executive Management Group (EMG). The Compensation Committee also considers Mr. O'Hara's annual and long-term incentive awards and submits the recommendations to the Board of Directors for approval.

The Compensation Committee retains Mercer Human Resources Consulting (Mercer) to assist in calculations for the annual incentive pool and to advise the Compensation Committee of any issues requiring the consulting firm's expertise. In 2007, the Compensation Committee retained Mercer to size the annual incentive pool using the annual program metrics (described below) and to provide the Committee a current market perspective with respect to compensation plan metrics used in the Insurance/Reinsurance industry and in general market practice.

Executive Compensation Philosophy and Core Principles

The Company's compensation strategy is punctuated by differentiation—it is a "pay for performance" strategy. Accordingly, target salary compensation levels are set at approximately the 50th percentile of the local market in which each executive operates and the annual incentive target compensation levels are set between the 50th and the 75th percentile of the market relative to the peer group. The Company drives superior performance by paying above

these market levels to executives that make superior contributions to the Company's success as measured by the performance of their business unit relative to annual internal and external goals and their contributions to the Company's overall success. To effectuate the pay for performance philosophy, the fixed elements (salary and benefits) of compensation that do not relate to performance of the Company, business line or executive are minimized while the variable elements (annual and long-term incentives) that relate to, and are paid out based on, performance are enhanced.

Using all instruments that are practically available, the total compensation package for an executive is positioned competitively relative to the market for their skill-sets; in particular, the market for most of the Company's executives consists of those companies that operate in the global commercial insurance/reinsurance industry. While not all of the executives can be expressly tied to such a market (e.g., certain finance, information technology or investments executives), the aim is to reward executives relative to their contributions to the success of the Company in any given year. This does not necessitate having every executive at or above market levels. Individual considerations such as performance, previous experience and additional skill-sets are considered when determining

compensation for an executive. Due to the Company's focus on providing variable compensation, actual pay can be well above or below an executive's market median based on actual business and individual performance.

Since much of the Company's business requires multiple years to determine whether risk assessments have been successful, the Company chooses to put a significant portion of its senior executives' compensation package in long-term vehicles that provide wealth to the executive when value is created for shareholders. This combination of retaining and motivating executives is carried out by using different vehicles that have different objectives. In general, the Company's goal for its Named Executive Officers (NEOs) is to have 10%-20% of total annual compensation in annual salary, 20%-40% in annual cash incentive and the remainder in a mix of long-term incentives.

The Company works to maintain equity and fairness in the distribution of total compensation for executives in similar jobs, with similar performance and in similar local markets. The Company does not attempt to equalize total compensation across geographical markets, varying business markets or different performance levels.

Executive Compensation Program Components

The Company aims to reward performance based on annual performance goals, long-term performance goals and adherence to the Company's corporate core values by using two fixed components (base salaries and perquisites/supplemental benefits) and two variable components (annual incentives and long-term incentives) in its executive compensation program. For the Company's NEOs, an annual review of peer data that is disclosed in public filings is completed to ensure that compensation levels are competitive with those companies viewed as direct competitors and to better understand trends in the use of compensation vehicles. The competitor group that has been defined for reviewing compensation levels includes ACE Limited, American International Group, Inc., Arch Capital Group, Ltd., Axis Capital Holdings Limited, Chubb Corporation, Endurance Specialty Holdings Ltd., Everest Re Group, Ltd., The Hartford Financial Services Group, Inc., PartnerRe Ltd., RenaissanceRe Holdings Ltd., and The Travelers Companies, Inc.

Fixed Components

Base Salaries. Base salaries are established based on the responsibilities of the executive, the relative base salary level paid by the Company's peer group to executives with similar levels of responsibility and the geographic location of the executive. Base salaries are intended to compensate an executive for executing the basic responsibilities of their job. Due to the relatively fixed

nature of base salaries, the Company aims to pay at the median of the respective market and it undertakes a review and adjustment of executive base salaries each year in the first quarter. The Compensation Committee reviews the recommendations made by Mr. O Hara each year with respect to all executive officers and the Committee reviews the base salary of Mr. O Hara in the same manner. Since base salaries are paid for executing the basic responsibilities of the job, base salaries are adjusted when there has been a change to the market level being paid for the responsibilities of that job or when the role of the executive has changed. Mr. O Hara last received a salary increase in 2001; since that time, the Compensation Committee has reviewed the salary level for Mr. O Hara and believes that his salary approximates the median of the competitive peer group. No NEO received a salary increase in calendar year 2007 and only one NEO received a

salary increase as part of the 2008 compensation review in the first quarter of 2008.

Perquisites and Supplemental

Benefits. Pursuant to the Company's pay-for-performance philosophy, executives receive minimal perquisites and minimal supplemental benefits, most notably a non-qualified supplemental deferred compensation plan which allows U.S. tax-paying executives to defer receipt of up to 50% (prior to January 1, 2007 executives could defer up to 95%) percent of their base salary and 100% of their annual incentive award, which are notionally invested in a series of mutual funds that are managed by the Company's retirement plan vendor. This type of benefit is provided to executives by a majority of the Company's peer companies. The Company does not have any defined benefit (pension) plans for its NEOs. Health and retirement benefits

are provided to all
employees based on
market

norms in the local markets in which the Company operates and at local market levels. Since benefits supplement the overall total rewards package and due to the fixed nature of the costs incurred in providing such benefits, local markets are periodically reviewed to determine the appropriate vehicles and cost-sharing levels relative to peer companies (as described above) in the local markets in which the Company operates.

Variable Components

Annual Incentives.

Annual incentives are awarded by the Compensation

Committee, payable based on the attainment of financial and operational goals of the Company, business unit and individual goals and are paid in cash within the first quarter of the following year. Determination of payout levels includes both absolute and relative performance. Individuals have target annual incentive levels that vary based on the executive's role with no stipulation of a maximum or minimum payout level. Executives are evaluated based on four primary criteria: 1) the overall performance of the Company and their contribution to that performance, 2) the performance of the business unit or function that

the executive leads, 3) the executive's attainment of annual performance goals and 4) the executive's personal and business unit/function's adherence to the Company's core values.

Performance measures that determine the annual incentive pool are reviewed annually and in recent years have included the following:

Metric	Metric Type	Weight
Operating ROE	Absolute (internal measure)	25%
Operating Earnings per Share	Absolute (internal measure)	25%
Book Value per share growth	Relative (to peer group)	25%
Operating ROE	Relative (to peer group)	25%

By choosing these performance measures, the Compensation Committee can judge the performance of management regarding how it handles broad market events and trends in the global commercial insurance/reinsurance market relative to the Company's peer group as well as to judge management on its ability to adhere to its annual plan, which is intended to generate an above market return to shareholders. The calculated result is then increased or decreased based on the Company's Total Shareholder Return relative to its peer group. Targets for the above mentioned performance metrics are established at the beginning of each performance year with consideration of the Company's financial plan and guidance. Should the Company meet these performance levels and be within the top 50th percentile of its peer group for both book value growth and operating ROE, assuming comparable business or functional unit performance, executives would generally expect to receive at least 100% of targeted amounts, subject to individual performance modifying factors as noted above.

The measures are part of a firm-wide top-down formula that calculates a pool based on the sum total of all target bonuses. Additionally, the Committee evaluates the performance, against approved business plans, and contributions to the Company's overall results, by individual business and functional units (a bottom-up analysis) and utilizes that analysis to help determine whether the top-down formula outcome is representative of and fully recognizes performance. The Compensation Committee has the discretion to increase or decrease the pool by up to 25% of the target pool to adjust for anomalies in the calculation or material non-recurring events that unjustly inflate or deflate the annual incentive pool and/or to more accurately reflect the bottom-up calculation of performance.

The funding of the annual incentive pool is then distributed to the various business lines and functions based on their annual performance so that managers can disseminate the pool to individuals based on performance against pre-determined goals for the year. Executive management reviews these recommendations before submitting them to the Compensation Committee for approval.

The Compensation Committee reviews the recommendations made by each business/functional unit as well as each of the recommendations made for the members of the EMG, a cross- enterprise leadership body that assists the Executive

Management Board in

shaping its decisions on long-term strategy and near-term priorities. This group is currently made up of approximately 55 individuals. The Compensation Committee includes a recommendation for Mr. O Hara's compensation and submits the entire program to the Board of Directors for approval.

The top-down annual incentive pool formula calculation for 2007 was approximately 110% of the target pool. The Company again exceeded its planned internal goals of Operating ROE and Operating EPS in 2007 due primarily to the relatively benign storm season as well as favorable net prior year loss development. Relative to its peer group, the Company was slightly above the median for Operating ROE performance and in the bottom 25th percentile for growing in Book Value per Ordinary Share. Relative total shareholder return was in the bottom 25th percentile, and thus negatively modified the formula results. The assessment of individual business and functional unit performance generated a bottom-up pool at a significantly higher level (approximately 145% of the target pool). After reviewing both measurements, and weighing returns to shareholders, performance of core businesses and the need to reward individual performance, the Compensation Committee agreed on a payout pool equaling approximately 133% of the collective target amount. Among other factors in increasing the payout percentage above the top-down calculation, including the critical importance to the organization and to shareholders of retaining staff, especially during a period of change and uncertainty, and the need to reinforce the importance of delivering core operating results, the Committee considered the fact that the prior year top-down calculation was significantly reduced following the bottom-up review. Mr. O Hara evaluated the performance of each NEO relative to objectives that he gave to each executive at the beginning of 2007, coupled with his views on their professional development, the performance of their respective teams, the manner in which results were achieved and both the internal and external markets for their roles. Based on the above factors, Mr. O Hara recommended to the Compensation Committee that the following awards be made to the following executives:

Brian W. Nocco: \$750,000 or 109% of his annual bonus target. The bonus amount payable to Mr. Nocco for performance year 2007 was agreed with him at the time he was hired as Chief Financial Officer, mid-year 2007. This guaranteed bonus was established for performance year 2007 only.

Fiona E. Luck: \$825,000 or 110% of her annual bonus target. Ms. Luck was responsible for overseeing the Legal, Actuarial, Human Resources and Communication functions at XL, all of which had very strong years including significant legal work with respect to the secondary public offering of SCA and substantial legal review associated with the credit market matters. The Actuarial Department released the firm's Global Triangles, greatly enhancing public disclosure of the Company's P&C loss reserves. The Human Resources function was significantly involved in numerous succession and talent management issues. Ms. Luck was also responsible for the Company's strategic planning process. Notwithstanding her individual contributions, as a member of the Executive Management Board, Ms. Luck's bonus was reduced below the overall bonus pool in light of the Company's unsatisfactory net income even though operating income was better than planned for the year. Significantly contributing to this was the impact of the extreme credit market conditions on the Company's investment portfolio performance and the negative results from its investment in and other contractual relationships with SCA. In addition to her role as Chief of Staff, Ms. Luck also acted in the role of interim Chief Financial Officer for six months, until Mr. Nocco assumed his post. The Compensation Committee has awarded Ms. Luck an additional cash payment of \$275,000 to compensate her for her added responsibilities.

Henry C. V. Keeling: \$1,075,000 or 106% of his annual bonus target. As Chief Operating Officer, Mr. Keeling was responsible for the oversight of a successful underwriting year for the Insurance, Reinsurance and Life Reinsurance segments with all operations generating ROE (net income divided by the average ordinary Shareholders' equity) for 2007 above approved business plans. Mr. Keeling was instrumental in the Company's strategic review and played a key role in the Company's decision to focus its strategy on its property and casualty

and life operations, to exit several financial lines businesses and to reduce its ownership in SCA. Notwithstanding the strong performance of the Company's business operations under Mr. Keeling's leadership and his strong individual contributions, as a member of the Executive Management Board, his bonus was reduced below the overall bonus pool in light of the Company's unsatisfactory net income even though operating income was better than planned for the year. Significantly contributing to this was the impact of the extreme credit market conditions on the Company's investment portfolio performance and the negative results from its investment in and other contractual relationships with SCA.

Clive R. Tobin: \$1,350,000 or 144% of his annual bonus target. As Chief Executive of Insurance Operations, Mr. Tobin oversaw a strong year with both Operating Income and ROE increasing over a very strong 2006. Mr. Tobin has announced that he will step-down from his role on March 31, 2008 and will continue with the Company in a reduced capacity during 2008.

James H. Veghte: \$1,075,000 or 172% of his annual bonus target. Mr. Veghte led the Reinsurance operations team to very strong results despite a declining rate environment in 2007. Mr. Veghte's bonus was somewhat enhanced due to his contributions to the Company's successful quota-share agreement with Cyrus Re in 2004 that terminated in 2007.

For the 2008 top-down formula, the Committee has altered the metrics to give a greater weighting on book value growth and a greater weighting to relative performance. As a result, there will be three equal metrics: absolute operating ROE; relative operating ROE and relative book value growth (as well as a total shareholder return modifier).

**Long-Term
Incentives.**

To motivate sustained performance and the creation of superior long-term value for shareholders, as well as to provide retention mechanisms to key executives, both stock-based vehicles (restricted stock, options, stock appreciation rights) and cash vehicles (deferred cash awards,

long-term incentive plan awards) are used to reward middle management and senior executives. The vehicle chosen to award an executive depends upon such variables as current holdings, desired performance focus, career cycle management, vehicle availability and usage within the Company's peer group.

Stock Options and Stock Appreciation Rights

When awarded, stock options or stock appreciations rights (SARs) are granted at the closing market price of the Shares at the date of the next Board of Directors meeting following the release of full-year earnings to the market, usually in late February. To enhance the retention aspect associated with stock options and SARs, both vest ratably over three or four years and the Compensation Committee uses a Black-Scholes model to determine the value of the options/SARs to be awarded. Stock options granted under the Company's 1991 Performance Incentive Plan are exercisable for up to 10 years from the date of grant to allow executives to focus on the creation of long-term shareholder value. In general, stock options are only awarded to senior executives, and then, only from time to time.

Stock option awards made for purposes other than the annual program in February are made at the market price on the last day of a quarter after the Compensation Committee approves the award.

For the awards made pursuant to the 2008 annual program, the Committee utilized stock options that vest ratably over three years in lieu of any LTIP awards. In determining the size of the awards, the Committee considered the scope of the executive's role, the share leverage that each executive currently has, and the importance of retaining and motivating the Company's executives. The Compensation Committee approved the following option awards that were made at a strike price of \$36.90 which was the closing share price on the day of the Compensation Committee approval, February 21, 2008: Mr. Nocco received options to purchase 60,000 shares, Ms. Luck received options to purchase 77,500 shares, Mr. Keeling received options to purchase 130,000 shares, and Mr. Veghte received options to purchase 77,500 shares.

Restricted Stock

Any restricted stock award made to an executive as part of the annual program is granted in early March, following approval by the Board of Directors. As required by an amendment made to the 1991 Performance Incentive Plan in 2004, at least 50% of the shares approved by shareholders for award to employees must have a performance vesting criteria. As a result of this requirement, all of the restricted shares granted to NEOs vest ratably over 4 years if the operating ROE threshold of 10% is attained for that year. Otherwise the shares are held until they meet a multi-year average operating ROE threshold. All shares that were scheduled to vest in 2007 as a result of 2006 operating ROE performance vested because the annual operating ROE required threshold of 10% was met. All shares that are scheduled to vest in 2008 as a result of 2007 operating ROE performance will vest because the annual operating ROE required threshold of 10% was achieved.

Based on the scope of the executive's role and the importance of retaining and motivating the Company's executives, the Compensation Committee made restricted stock awards to the NEOs on February 28, 2008 as follows: Mr. Nocco received 15,000 shares, Ms. Luck received 15,000 shares, Mr. Keeling received 18,750 shares, and Mr. Veghte received 12,500 shares.

Long-Term Incentive Plan (LTIP)

The Long-Term Incentive Plan, or LTIP, is a cash program that allows the Company to motivate executives with a 3-year cliff-vest award that pays out in cash based on performance against a performance metric determined by the Compensation Committee. The metric chosen by the Compensation Committee is one that is expected to create long-term shareholder value when achieved. The likelihood of whether the Company attains the performance goals is partially dependent upon the level of any catastrophic events that occur during the performance period as well as other financial factors that will impact the Company's long-term shareholder value.

The awards made under this program that were granted in 2005, for performance years 2005 through 2007, paid out in March 2008 based on a 3-year accumulated net income metric. The face value of each 2005 award was \$100,000 and these awards represented the first to be given from the new LTIP program. The payout for each participant was \$50,000 (or 50.0% of face value) since the 3-year accumulated net income for the 3-year period was \$636.5 million. Had the 3-year accumulated net income equaled \$3.45 billion, the payout would have been at face value.

The awards made in 2006, for performance years 2006 through 2008, will pay out in March 2009 if performance exceeds a threshold level of 3-year operating ROE. If the three-year operating ROE metric is below 10%, then no payout will be made. The maximum payout for this award was set at 300% conditioned on achievement of a three-year operating ROE of 20% or greater. Given the operating results of 2006 and 2007, 100% of face value will be paid out in 2009 if in 2008, an operating ROE of 6.2% is achieved. This 3-year operating ROE metric aligns with the Company's 2006 strategic plan. The face value of awards made in 2006 varied by executive based on the executive's role and the other long-term incentive awards made to the executive.

The awards made in 2007, for performance years 2007 through 2009, will pay out in March 2010 if performance again exceeds a threshold level of 3-year operating ROE. All conditions for the awards are similar to the awards made in 2006 except that the Compensation Committee has the discretion to adjust payments for all awards by +/- 50 percentage points based on the performance of the operating ROE metric relative to the Company's compensation peer group.

The Committee did not make any LTIP awards in 2008.

Holding Requirements

To better align the executives' interests with those of shareholders, the Compensation Committee has put in place requirements that executives hold an amount of shares, share

units and stock options with value relative to their base salaries. Executives are given three years to obtain the required holdings, otherwise shortfalls in meeting the requirements will be taken into consideration when determining future awards. All NEOs currently meet the requirements of the program.

CEO 5x base salary

NEOs 3x base salary

The 1991 Performance Incentive Plan which governs all equity awards has a vesting provision that allows all option shares and restricted shares to vest once an employee retires from the Company and has a combined age plus years of service that equals 65. Effective January 1, 2007, any new awards will also require that the employee be a minimum of 55 years old at the time of leaving the Company and will require the prior approval of the Compensation Committee before any such awards vest. As a result of this change, grants of share-based awards to retirement eligible employees will no longer be expensed in full at the time of grant. They will be expensed in the same manner as grants to non-retirement-eligible employees.

Chairman and CEO s Compensation

Effective February 1, 2007, Mr. Esposito s compensation package was aligned with the other outside directors. In addition, he received an additional \$150,000 annual cash retainer for services as Chairman of the Board during 2007 and an additional \$10,000 for services as Chairman of the Finance Committee during 2007. On December 27, 2007, Mr. Esposito resigned from the Company s Board of Directors and on the same day, Mr. O Hara became Acting Chairman of the Board. Mr. Esposito will receive \$10,000 as reimbursement for 2007 tax preparation, in keeping with payments made in previous years of service.

In determining Mr. O Hara s bonus compensation for 2007, the Committee considered numerous factors. Mr. O Hara presided over very strong operating results in the Company s property and casualty and life businesses. He led the Company in its strategic review that resulted in a decision to exit several financial lines businesses and to reduce its ownership in SCA. He was also recognized for his strong leadership of the Company through a period of change and uncertainty. However, the Committee reduced Mr. O Hara s bonus to 75% of target or \$1.5 million, in light of the Company s unsatisfactory net income even though operating income was better than planned for the year. Significantly contributing to this was the impact of the extreme credit market conditions on the Company s investment portfolio performance and the negative results from its investment in and other contractual relationships with SCA. The Committee also granted Mr. O Hara 62,500 shares of restricted stock and 250,000 stock options at a strike price of \$36.90. These awards were intended to reflect the importance of Mr. O Hara s role in the CEO succession process, especially the smooth transition to a new leader.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management of the Company, the Compensation Discussion and Analysis. Based on this review and these discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Company s Annual Report on Form 10-K for the year ended December 31, 2007.

See Note 20(d and e) of the consolidated financial statements

in the Company's Annual Report on Form 10-K for the year ended December 31, 2007. These amounts reflect the Company's accounting expense for these awards in each of 2007 and 2006 excluding the accounting effect of any estimate of future forfeitures and do not correspond to the actual value that might be realized by each NEO. Under the terms of the 1991 Performance Incentive Plan, stock award grants made in 2006 were expensed in full in 2006 or accelerated in 2007, as applicable, for those NEOs deemed to be retirement-eligible in each of those respective years. In 2006, Messrs. O'Hara, de St. Paer, Keeling and Tobin were deemed to be retirement-eligible, while in 2007 Mr. Veghte was deemed to be retirement eligible resulting in expense acceleration of each of their 2006 stock award grants. The actual three-year accumulated

net income from 2005 through 2007 was \$636.5 million which resulted in the minimum payout of \$50,000 and was paid in March 2008. The earnings in 2007 relating to the 2006 LTIP Awards which had a face value of \$2,500,000 for Mr. O Hara and \$500,000 for all other applicable NEOs, were based on the minimum three-year average operating ROE achievable given the operating ROE achieved for both 2006 and 2007. The aggregate incremental cost to the Company of Mr. O'Hara's personal travel on the Company's corporate aircraft is determined on a per flight basis and includes the following costs: hourly charge; international positioning charge; fuel variable charge; domestic segment fee; international passenger fee; catering charge and federal

Financial Accounting Standards (SFAS) No. 123R, Share Based Payments and LTIP payments, less certain reimbursements made to the Company. LTIP payments for Mr. de St. Paer include pro-rata earnings of \$37,500 relating to the 2005 LTIP Awards and pro-rata earnings of \$164,441 relating to the 2006 LTIP Awards.

- (vi) Represents employer contributions to both qualified and non-qualified defined contribution plans. For additional information relating to contributions to non-qualified defined contribution plans, see Non-Qualified Deferred Compensation below.

Includes in 2007 for Mr. Nocco and Ms. Luck, payments of \$40,437 and \$35,850, respectively, for car allowances and related expenses. In 2007, Mr. O Hara waived his right to receive director fees totaling \$59,083 in 2007 and an award of 950 shares of restricted stock for his service as a director in 2007 on the board of SCA (which prior to June 6, 2007, was a majority-owned subsidiary of the Company), which compensation was paid to the Company and accordingly, is not included in this table. On November 26, 2007, Mr. O Hara resigned from the board of directors of SCA.

Under the terms of the 1991 Performance Incentive Plan, employees of the Company whose combined age and years of service aggregated to 65 or higher, were considered to be retirement-eligible, meaning that they were entitled to

retain the rights to any of their unvested stock based awards upon departure from the Company. Therefore, under Statement of Financial Accounting Standards No. 123R, stock award grants made in 2006 were expensed in full in 2006 or accelerated in 2007, as applicable, for those NEOs deemed to be retirement-eligible in each of those respective years, notwithstanding the fact that the employee would not have received those awards until the normal vesting date had they remained employed by the Company. In 2006, Messrs. O Hara, de St.

Paer, Keeling and Tobin were deemed to be retirement-eligible while in 2007, Mr. Veghte was deemed to be retirement eligible resulting in expense acceleration of each of their 2006 stock award grants. Effective January 1, 2007, any new awards also require that the employee be a minimum of 55 years old at the time of leaving the Company and require the prior approval of the Compensation Committee before any such awards vest. As a result of this change, grants of share-based awards to retirement eligible employees will no longer be expensed in full at the time of grant. They will be expensed in the same manner as grants to non-retirement-eligible employees. See the tables below, 2007 Stock and Option Awards Expense Details and 2006 Stock and Option Awards Expense Details for further information.

On March 17, 2008, the Company named Mr. Michael S. McGavick as its next Chief Executive Officer. Mr. McGavick is scheduled to join the Company on May 1, 2008, subject to immigration approval from the Government of Bermuda. In order to provide continuity during the transition, Mr. O Hara will serve as Chairman during the final year of his current board term which expires in 2009.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The Company's compensation principles highlight the strategy of setting executive salary levels at a level commensurate with the median of the market for the role that the executive occupies. The annual incentive (bonus) awards are meant to reward individuals for prior year performance, while restricted stock and stock option awards are primarily based on the importance of retaining and motivating the Company's executives and the scope of the executive's role. In addition, stock option awards are based on the share leverage that each executive currently possesses. With regards to LTIP awards, grants are primarily based on competitive market levels for the position that the executive occupies. All other compensation amounts included in the Summary Compensation Table noted above are based on general company-wide benefit plans in which the executives participate. Such amounts generally do not have discretionary approval by the Board since they are company-wide in nature, although the Board reviews executive participation when determining annual incentive and long-term incentive awards. For further details relating to compensation for performance year 2007, see "Compensation Discussion and Analysis" above.

The Company has entered into employment agreements (the NEO Employment Agreements) with the following NEOs: Brian W. Nocco, to serve as the Company s Executive Vice President and Chief Financial Officer; Henry C.V. Keeling, to serve as the Company s Executive Vice President and Chief Operating Officer; Fiona E. Luck, to serve as the Company s Executive Vice President and Chief of Staff; James H. Veghte, to serve as the Company s Executive Vice President and Chief Executive of Reinsurance Operations and Clive R. Tobin, to serve as the Company s Executive Vice President and Chief Executive of Insurance Operations. On January 7, 2008, the Company announced that Mr. Tobin will retire effective April 1, 2008 from the role of Chief Executive of the Company s Insurance Operations and during 2008 will become Vice Chairman of XL Insurance (Bermuda) Ltd.

Each NEO Employment Agreement provides for (i) a specified base salary, which is initially as set forth in the Summary Compensation Table and is subject to annual review and may be increased by the Compensation Committee, (ii) an annual bonus pursuant to the Company s incentive compensation plan, the actual amount earned to be determined by the Compensation Committee,

(iii) reimbursement for or payment of certain travel and other expenses and (iv) the right to participate in such other employee benefit programs as are in effect for senior executives from time to time. Employment is for an original term of one year and will continue to be automatically extended for successive one year periods unless the Company or the executive provides written notice that the term is not to be extended at least six months prior to the then scheduled expiration date. Each of these executives has agreed to certain confidentiality, non-competition and non-solicitation provisions.

In connection with Mr. de St. Paer's departure from the Company on March 5, 2007, the Company agreed to waive the provisions in Mr. de St. Paer's Employment Agreement relating to non-competition and non-solicitation of customers.

Each NEO Employment Agreement provides for indemnification of the executive by the Company to the maximum extent permitted by applicable law and the Company's charter documents and requires the Company to maintain directors' and officers' liability coverage in an amount equal to at least \$75,000,000.

(2) All Shares were granted under the Company's 1991 Performance Incentive Plan. Shares awarded to

executive officers of the Company have a 10-year term and vest ratably over 4 years (at a rate of 25% per year) from the date of grant if an operating ROE threshold of 10% is attained for the respective year.

Otherwise the shares are held until they meet a multi-year average operating ROE threshold of 10%. All shares that were scheduled to vest in 2007 as a result of the Company's performance in 2006, vested because the annual operating ROE required threshold of 10% was met.

In addition, shares that were to have vested in 2006 but did not due to the Company's performance in 2005, vested in 2007 as the multi-year average operating ROE

threshold of 10% was met. Within the Summary Compensation Table, the dollar amount recognized by the Company for financial statement reporting purposes with respect to the fiscal years presented, for the fair-value of stock awards granted in each of those respective years as well as prior fiscal years, is calculated using the provisions of Statement of Financial Accounting Standards (SFAS) No. 123R, Share Based Payments and assumes that it is probable that the performance vesting criteria of such stock awards will be met over the 4-year vesting period and as such those awards are expensed evenly over this period.

NON-QUALIFIED DEFERRED COMPENSATION

The following table shows amounts contributed to the Company's only defined contribution plan for the NEOs that provides for the deferral of compensation on a basis that is not tax-qualified in the last fiscal year:

James H. Veghte	\$ 83,750	\$ 130,900	\$ 94,957	\$ 0	\$ 1,034,122

(1) Messrs. Keeling and Tobin and Ms. Luck do not participate in any Non-Qualified Deferred

Compensation
arrangements
with the
Company.

The Company's Non-Qualified Deferred Compensation Plan is based on Company prescribed contribution rates that are established for all participating employees. Aggregate earnings are based on the performance of the underlying mutual funds chosen by the executive from a prescribed list of choices sponsored by the Company through a third-party vendor. As no preferential performance or

interest rates are accorded any of the notional investments that executives have in the Company's Non-Qualified Deferred Compensation Plan, no monies relating earnings associated with Non-Qualified Deferred Compensation Plans are reported in the Summary Compensation Table.

Participants are allowed to defer both salary and bonus into the Non-Qualified Deferred Compensation Plan. For the first 5% of salary deferred by a participant above \$225,000 of annual compensation, the Company makes a non-discretionary matching contribution of 7% and a discretionary contribution of up to an additional 3%, into the Non-Qualified Deferred Compensation Plan. All participants in the Non-Qualified Deferred Compensation Plan are required to have on file with the Company a payout election form indicating the terms chosen by the participant for payout at the time of termination or retirement. The Non-Qualified Deferred Compensation Plan was amended effective January 1, 2007 to permit in-service withdrawals to commence in 2008. No executive is allowed to take a loan from the Company against their outstanding plan balance.

Named Executive Officers

Employment Agreements of Brian W. Nocco, Fiona E. Luck, Henry C. V. Keeling, Clive R. Tobin and James H. Veghte

The potential payments upon termination or a change in control of the Company pursuant to Brian W. Keeling's employment agreement to serve as the Company's Executive Vice President and Chief Operating Officer, Clive R. Tobin's employment agreement to serve as the Company's Executive Vice President and Chief Executive of Insurance Operations and James H. Veghte's employment agreement to serve as the Company's Executive Vice President and Chief Executive of Reinsurance Operations are as follows:

Termination Due to Death or Disability

Each NEO Employment Agreement provides that, in the event of the termination of the executive's employment prior to the expiration date of the employment agreement (after giving effect to any extensions thereof) by reason of death or disability the executive (or in the case of death, the executive's spouse or estate shall be entitled to) shall be entitled to:

- (i) receive the executive's then current base salary through the end of the six month period after the month in which the executive's employment is terminated;
- (ii) any annual bonus awarded but not yet paid or a pro

rata bonus for the year of termination in an amount determined by the Compensation Committee (but not less than a pro rata portion of the executive's average annual bonus for the immediately preceding three years);

- (iii) the executive's vested accrued benefits under any employee benefit programs, continued rights with regard to any stock options or other rights with respect to equity securities of the Company held by the executive in accordance with the terms of the plans under which such options or other rights were issued, and continued medical benefit plan coverage for the executive and the executive's dependents for a period of six

months; and

- (iv) a full allocation of applicable LTIP awards that are approved by the Committee upon either the completion of the plan period or upon termination of the plan.

In the event the employment of any of Messrs. Nocco, Keeling, Tobin, Veghte, or Ms. Luck were to have been terminated on December 31, 2007, the last business day of the Company's fiscal year, by reason of death or disability, the value of the estimated potential payments to be received by Messrs. Nocco, Keeling, Tobin, Veghte, or Ms. Luck described in clauses (i), (ii), (iii) and (iv) are highlighted in the Potential Payments Upon a Termination or Change in Control table below.

Termination Without Cause

In the event of termination of the executive's employment by the Company without Cause (as defined in the employment agreement) or by the executive if the executive is assigned duties inconsistent with his position (but such assignment does not constitute "Good Reason" as defined in the employment agreement), the executive shall be entitled to the executive's then current base salary through the date on which termination occurs and:

- (i) a cash lump sum payment equal to the sum of two times the executive's then current base salary;
- (ii) a cash lump sum payment equal to the sum of one times the higher of the targeted annual bonus for the year of such termination or the average of the executive's annual bonus for the three years immediately preceding the year of termination;
- (iii) any annual bonus awarded but not yet paid;
- (iv) the executive's vested accrued

benefits under any employee benefit programs, continued rights with regard to any stock options or other rights with respect to equity securities of the Company held by the executive in accordance with the terms of the plans under which such options or other rights were issued and continued medical benefit plan coverage for the executive and the executive's dependents for a period of 24 months; and

In addition, as specified under the Company's LTIP plan, the executive shall be entitled to:

- (v) a pro-rata allocation of the face value of applicable LTIP awards where the proportion of the amount shall be calculated by

using the number of full months, rounded to include any partial months, of participation in the plan as the numerator and the total number of months in the plan period in the denominator.

In the event the employment of either of Messrs. Nocco, Keeling, Tobin, Veghte, or Ms. Luck were to have been terminated on December 31, 2007, the last business day of the Company's fiscal year, without cause, the value of the estimated potential payments to be received by Messrs. Nocco, Keeling, Tobin, Veghte, or Ms. Luck described in clauses (i), (ii), (iii), (iv) and (v) are highlighted in the Potential Payments Upon a Termination or Change in Control table below.

Termination Without Cause Following A Change in Control; For Good Reason; By the Company Within One Year Prior to Change in Control

The executive shall also be entitled to continued medical benefit plan coverage for the executive and the executive's dependents for a period of 24 months and to accelerated vesting of the executive's rights (i) under any retirement plans;

Cash Compensation Paid to Non-Employee Directors

Annual Retainer Fee

In 2006, for service as a Director from April 2006 to April 2007, each Non-Employee Director received an annual retainer fee of \$50,000, except for (i) Mr. Haag whose \$50,000 annual retainer fee was for service as a Director from his appointment to the Board on June 7, 2006 to April 2007 and (ii) Mr. Glauber who received a pro rated annual retainer fee of \$33,334 upon his appointment to the Board on September 15, 2006. In 2006, Mr. Mauriello received a pro rated annual retainer fee of \$16,667 for his service as a Director from his appointment to the Board on January 26, 2006 to April 2006. In 2007, for service as a Director from April 2007 to April 2008, each Non-Employee Director received an annual retainer fee of \$50,000, except for (i) Sir Vereker who received a pro rated annual retainer fee of \$25,000 upon his appointment to the Board on November 1, 2007.

In 2008, in recognition of the Company's overall performance in 2007, those Non-Employee Directors who served throughout 2007 will waive the receipt of their 2008 annual retainer fee that was to be paid following the Annual General Meeting in April 2008.

Board and Committee Meeting Attendance Fees

In 2006 and 2007, each Non-Employee Director received a Board Meeting attendance fee of \$3,000 per meeting, including informational meetings. Also, each of Messrs. Comey, Parker and Rance, as the Chairman of the Compensation Committee, Nominating & Governance Committee and Public Affairs Committee, respectively received a Committee Chairman's fee of \$5,000, and each member of such Committees received a Committee attendance fee of \$1,500 per meeting including informational meetings. Additionally, Mr. Thornton, as the Chairman of the Audit Committee received an annual fee of \$12,000, and each of Messrs. Comey, Mauriello, McQuade, Rance, Senter and Dr. Thrower, as Audit Committee members, received (i) an Audit Committee attendance fee of \$2,000 per meeting, including informational meetings and (ii) an Audit Committee retainer fee of \$5,000.

All Other Fees

In addition to the aforementioned fees, Non-Employee Directors are reimbursed for travel, accommodation and other reasonable out-of-pocket expenses incurred in connection with their attendance at Board and Committee meetings. The Company transports one or more Non-Employee Directors to and from such meetings on the Company's corporate aircraft.

Deferral of Annual Retainer Fee

Prior to the beginning of each calendar year, Directors may elect to defer all or part of their Board annual retainer fee in increments of 10%. Deferred annual retainer fees are credited in the form of Share units ("Deferred Share Units"). Prior to 2007, the value of the Share units was calculated by dividing 110% of the deferred annual retainer fee by the market value of the Company's Shares on the date the fees would otherwise be paid. However, effective, January 1, 2007

the value of the Share units was calculated by dividing 100% of the deferred annual retainer fee by the market value of the Company's Shares on the date the fees would otherwise be paid, in accordance with the terms of the Company's Directors Stock & Option Plan, as amended and restated (the Directors Plan). Deferred Share Units represent a right to receive Shares as described above. Deferred Share Units have no voting rights and receive dividend equivalents rather than cash dividends. Each Non-Employee Director receives dividend equivalents on the Deferred Share Units contained in his or her stock deferral account, which are equal in value to dividends paid on the Company's Shares. The dividend equivalents granted are then reinvested in the Non-Employee Directors' stock deferral accounts in the form of additional Share Units. Upon a separation from service (as defined in Treasury Reg. 1-409A-1(h)) as a Director, each Non-Employee Director receives a share for each Share Unit awarded. Such Share Units are received either in a lump sum on the date of the Non-Employee Director's separation from service or over a period not to exceed 5 years, as elected in advance by such Non-Employee Director. Alternatively, Non-Employee Directors may elect to receive their annual retainer fees in the form of Shares having a value equal to their annual retainer fees on the date of the Annual General Meeting of the current year. In 2007, no Non-Employee Director elected to receive their annual retainer fee in the form of Shares.

The following table shows the Non-Employee Directors that elected to defer all or a portion of their annual retainer fees (i) in 2006 for service as a Director from April 2006 to April 2007; and (ii) in 2007 for service as a Director from April 2007 to April 2008:

Equity Based Compensation Paid to Non-Employee Directors

Restricted Shares and Restricted Share Units

In 2006, for service as a Director from April 2006 to April 2007, each Non-Employee Director was awarded 1,000 restricted shares (the fair market value of the shares on the date of grant was \$65.89) pursuant to the terms of the Directors Plan (except for Mr. Glauber, who was appointed to the Board on September 15, 2006, and was awarded no restricted shares). The restricted shares were vested on the date of grant. In 2007, for service as a Director from April 2007 to April 2008, each Non-Employee Director was awarded 1,000 restricted share units (fair market value of the restricted share units on the date of grant was \$78.19) pursuant to the terms of the Directors Plan (except for Sir John Vereker, who was appointed to the Board on November 1, 2007, and was awarded no restricted share units). The restricted share units will become vested on the first anniversary of the date of grant or upon earlier death or permanent disability of the Director. Each restricted share unit entitles the Director to receive one share at the time of vesting unless the Director has elected to defer receipt of the shares until termination of the Director's service. Dividends on the restricted share units are credited as additional restricted share units equal in value to the dividends paid on the shares subject to the restricted share units. In 2007, Messrs. Comey, Glauber, Mauriello, and Senter and Dr. Thrower each deferred their grant of restricted share units awarded.

Options

In 2006, for service as a Director from April 2006 to April 2007, each Non-Employee Director was awarded a grant of 2,500 options exercisable at \$66.24, pursuant to the terms of the Directors Plan, except for (i) Messrs. Haag and Mauriello who were each awarded 5,000 options upon their appointments to the Board in June and January 2006, respectively and (ii) Mr. Glauber who was awarded 5,000 options upon his appointment to the Board in September 2006. In 2007, for service as a Director from April 2007 to April 2008, each Non-Employee Director was awarded a grant of 2,500 options exercisable at \$78.19, pursuant to the terms of the Directors Plan, except for (i) Sir John Vereker, who was awarded 5,000 options upon his appointment to the Board on November 1, 2007. Upon appointment to the Board, each new Non-Employee Director receives a one-time award of 5,000 options.

Retainer Share Units

In addition, under the Directors Plan, as of the day of each year that annual retainer fees are paid to Directors, Share units are credited to the account of each Non-Employee Director (collectively, Retainer Share Units). The number of Retainer Share Units credited each year is equal to the annual retainer fee divided by the fair market value of a Share on the date such Retainer Share Units are credited. Dividends on the Retainer Share Units contained in a Non-Employee Director's stock deferral account are credited as additional Share Units, which are equal in value to dividends paid on the Company's Shares. Benefits under the Directors Plan will be distributed in the form of Shares for each Share Unit awarded following retirement or termination of a Non-Employee Director's service on the Board. Such Shares are received either in a lump sum on the date of a Non-Employee Director's retirement or termination or over a period not to exceed 5 years, as elected in advance by each Non-Employee Director.

Compensation Paid to the Chairman of the Board

Effective February 1, 2007, Mr. Esposito's compensation package was aligned with the other outside directors. In addition, he received an additional \$150,000 annual cash retainer for services as Chairman of the Board during 2007 and \$10,000 for services as Chairman of the Finance Committee during 2007. On December 27, 2007, Mr. Esposito resigned from the Company's Board of Directors and on the same day, Mr. O Hara was appointed as Acting Chairman of the Board. Mr. Esposito will receive \$10,000 as reimbursement for 2007 tax preparation, in keeping with payments made in previous years of service. Mr. Esposito's annual compensation as Chairman of the Board with respect to 2006 was comprised of a salary of \$750,000, a cash bonus of \$1,500,000, pension contributions of \$75,000 and \$2,578,059 representing the dollar amount recognized by the Company for financial statement reporting purposes with respect to 2006, for the fair-value of stock awards and option awards granted in 2006 and prior years, calculated using the provisions of Statement of Financial Accounting Standards (SFAS) No. 123R, Share Based Payments . In connection with the initial public offering of SCA (which at the time was an indirect majority-owned subsidiary of the Company), Mr. Esposito waived his right to receive a fee of \$20,750 and an award of 25,000 options for his service as a director on the board of that company, which compensation was paid to the Company. Mr. Esposito was not awarded any restricted Shares during 2006.

Director Share Ownership Guidelines

The Board of Directors revised the Company's stock ownership guidelines for Directors in 2007. The guidelines require that, within three years of becoming a Director, each Director beneficially own Shares, options or Share units (or any combination thereof) with a value of at least \$300,000. All of the Directors are currently in compliance with the guidelines.

RELATED PERSON TRANSACTIONS

Certain Shareholders of the Company and their affiliates, as well as the employers of or entities otherwise associated with certain directors and officers or their affiliates, have purchased insurance and/or reinsurance from the Company on terms the Company believes were no more favorable to these (re)insureds than those made available to other customers.

Mr. Rance's son and daughter-in-law received aggregate annual compensation for 2007 of approximately \$342,500, as employees, from subsidiaries of the Company. Neither of Mr. Rance's son nor daughter-in-law is an executive officer of the Company.

The Harbour View Charitable Trust (the Trust) is an unconsolidated charitable trust and was established by the Company in July 2002 to generate income to be used exclusively for the benefit of Bermudian charities and to facilitate the provision of accommodations for certain of the Company's employees. The Trustees have distributed approximately \$200,000 since inception of the Trust for the benefit of Bermudian charitable purposes. The current trustees are members of non-executive management of the Company. The Trustees purchased a residence in Bermuda in 2002 for a purchase price of \$3,250,000 with the intent of leasing the residence to generate income for its charitable purposes. The purchase price of the residence was funded by a gift to the Trust of approximately \$1,350,000 from the Company and a loan from the Company of \$2,000,000, with interest on the loan at the rate of 6.9% per annum. Principal and accumulated interest on the loan is due and payable to the Company on August 27, 2023. In 2007, the Company entered into a 21-year lease of the residence from the Trust and a 5-year sublease of the residence to Mr. Keeling for a sublease rental of \$19,000 per month.

In 2006, in an effort to expand the Trust's charitable activities in Bermuda, the Company made a loan to the Trust of approximately \$10,700,000, with interest at the rate of 3.5% per annum, in order to permit the Trustees to purchase eight residential units in Bermuda. A portion of the loan was advanced by the Company in 2002 and 2003 to the sellers of the eight residential units. The Company nominated the Trustees as the purchaser of the eight residential units and instructed the sellers to apply the loaned monies as consideration for selling the eight residential units to the Trustees. The Trustees have entered into an agreement with the Company pursuant to which the Trustees will provide accommodation to certain of the Company's and its subsidiaries' directors, officers and employees, as the Company's designees, by way of a lease of the residential units on standard terms for such premises and at a rent that reflects the open market rent at the time any such lease is granted. The fair market rental to be paid by the Trustees will be determined on an annual basis by an independent real estate appraiser. In August 2007, the Company entered into a 5-year lease of one of the eight residential units noted above to Mr. Nocco for a rental of \$12,000 per month. Under the agreement, the Company pays the Trustees a fee based on the aggregate fair market rents for each of the residential units less the sum of all rents received by the Trustees during a given year under the terms of each residential lease.

The Audit Committee will annually review and pre-approve the audit, review, attestation and permitted non-audit services to be provided during the next audit cycle by the Independent Auditor. To the extent practicable, the Audit Committee or the Chairman of the Audit Committee will also review and approve a budget for such services. Services proposed to be provided by the Independent Auditor that have not been pre-approved during the annual review and the fees for such proposed services must be pre-approved by the Audit Committee or the Chairman of the Audit Committee. Additionally, fees for previously approved services that are expected to exceed the previously approved budget must also be pre-approved by the Audit Committee or the Chairman of the Audit Committee. The Audit Committee considered whether the provision of non-audit services performed by the Independent Auditor was compatible with maintaining PricewaterhouseCoopers LLP's independence during 2007. For purposes of these standards, a director who is solely a director and/or a non-controlling shareholder of another company that has a relationship with the Company and/or is, directly or indirectly, a security holder of the Company will not be considered to have a material relationship based solely on such relationship that would impair such director's independence.

B-2

(h) Restricted Stock Unit Awards. The Board may grant Restricted Stock Unit Awards to Directors on such terms and conditions, consistent with the provisions of this Plan, as determined by the Board. Restricted Stock Unit Awards will provide for the delivery of a number of Shares equal to the number of Restricted Stock Units at the time and subject to the terms and conditions set forth by the Board. Delivery of Shares pursuant to the Restricted Stock Unit Awards will occur upon expiration of the deferral period specified by the Board. Any Option held by the transferee will continue to be subject to the same terms and conditions that were applicable to the Option immediately prior to the transfer, except that the Option will be transferable by the transferee only by will or the laws of descent and distribution. For purposes hereof, immediate family means the Director's children, stepchildren, grandchildren, parents, stepparents, grandparents, spouse, siblings (including half brothers and sisters), in-laws, and relationships arising because of legal adoption.

(j) Adjustments. In the event that subsequent to the Effective Date any dividend in Shares, recapitalization, Share split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, or share exchange, or other such change, affects the Shares such that they are increased or decreased or changed into or exchanged for a different number or kind of Shares or other securities of the Company or of another corporation, then in order to maintain the proportionate interest of the Directors and preserve the value of the awards made hereunder (i) there shall automatically be substituted for each Share subject to an unexercised Option, each Restricted Stock Award, each Restricted Stock Unit Award, and each Share to be issued on a formula basis under this Section 5 subsequent to such event, the number and kind of Shares or other securities into which each outstanding Share shall be changed or for which each such Share shall be exchanged, (ii) the exercise price of outstanding Options shall be increased or decreased proportionately so that the aggregate purchase price for the Shares subject to any unexercised Option shall remain the same as immediately prior to such event, and (iii) the number and kind of Shares available for issuance under the Plan shall be equitably adjusted in order to take into account such transaction or other change.

(k) Nonqualified Options. All Options granted under the Plan shall be nonqualified options, not entitled to special tax treatment under Section 422 of the Code.

6. DIRECTOR'S FEES

(a) Each Director may make an irrevocable election on or before the December 31 immediately preceding the beginning of a Fiscal Year of the Company, by written notice to the Company, to defer payment of all or a designated portion (in increments of \$5,000) of the cash compensation otherwise payable as his or her annual retainer for service as a Director for the next Fiscal Year. Notwithstanding the foregoing, a Director who first becomes eligible to participate in the Plan may make an election under this Section 6(a) within 30 days of first becoming eligible to participate in the Plan in respect of annual retainer fees for services performed after the date of the election under this Section 6(a).

(b) Deferrals of compensation hereunder shall continue until the Director notifies the Company in writing, on or prior to the October 31 immediately preceding the commencement of any Fiscal Year, that he wishes his compensation for such Fiscal Year and all succeeding periods to be paid in cash on a current basis.

(c) All compensation which a Director elects to defer pursuant to this Section 6 shall be credited in the form of units to a bookkeeping account maintained by the Company in the name of the Director. Each such unit shall represent the right to receive one Share at the time determined pursuant to the terms of the Plan. In consideration for forgoing cash compensation, the number of units so credited will be equal to the number of Shares having an aggregate Fair Market Value (on the date the compensation would otherwise have been paid) equal to 100% of the amount by which the Director's cash compensation was reduced pursuant to the deferral election. Notwithstanding any other provision of this Plan, in the case of any deferral election made prior to the date of approval of this Plan by the affirmative votes of the holders of a majority of voting securities of the Company, the crediting of Share units to the Director's bookkeeping account shall be contingent on such Shareholder approval. If such Shareholder approval is not obtained within one year from the Effective Date of this Plan, compensation deferred pursuant to a prior election hereunder will be paid to the Director in cash at the end of such year.

(d) As of each date on which a cash dividend is paid on Shares, there shall be credited to each account that number of units (including fractional units) determined by (i): multiplying the amount of such dividend (per Share) by the number of units in such account; and (ii) dividing the total so determined by the Fair Market Value of a Share on the date of payment of such cash dividend. The additions to a Director's account pursuant to this Section 6(d) shall continue until the Director's account is fully paid.

(e) The account of a Director shall be distributed (in the form of one Share for each Share unit) either (x) in a lump sum at the time of the Director's separation from service (within the meaning of Treas. Reg. Section 1.409A-1(h)) with the Company or (y) in up to five annual installments commencing at the time of the Director's separation from service with the Company, as elected by the Director. Each Director's distribution election must be made in writing within 30 days after the Director first becomes eligible to participate in the Plan; provided, however, that, solely in the case of deferrals of compensation that were earned and vested on December 31, 2004 (together with amounts credited thereon under Section 6(d)), a Director may make a new distribution election with respect to the entire portion of such deferrals so long as such election is made at least one year in advance of the Director's termination of service on the Board. In the case of an account distributed in installments, the amount of Shares distributed in each installment shall be equal to the number of Share units in the Director's account subject to such installment distribution at the time of the distribution divided by the number of installments remaining to be paid. In the event a Director does not make an affirmative distribution election in accordance with this Section 6(e), the account of the Director shall be distributed in a lump sum at the time of the Director's separation from service.

(f) The right of a Director to amounts described under this Section 6 (including Shares) shall not be subject to assignment or other disposition by him or her other than by will or the laws of descent and distribution. In the event that, notwithstanding this provision, a Director makes a prohibited disposition, the Company may disregard the same and discharge its obligation hereunder by making payment or delivery as though no such disposition had been made.

(g) Each Director may make an election in writing on or prior to each December 31 to receive the Director's annual retainer fees payable in the following Fiscal Year in the form of Shares instead of cash. Any Shares elected shall be payable at the time cash retainer fees are otherwise payable, and the number of Shares distributed shall be equal to the amount of the annual retainer fee otherwise payable on such payment date divided by the Fair Market Value of a Share on such date. Notwithstanding the foregoing, a Director who first becomes eligible to participate in the Plan may make an election under this Section 6(g) within 30 days of first becoming eligible to participate in the Plan in respect of annual retainer fees for services performed after the date of the election under this Section 6(g).

(h) In the event that any dividend in Shares, recapitalization, Share split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, or share exchange, or other such change, affects the Shares such that they are increased or decreased or changed into or exchanged for a different number or kind of Shares, other securities of the Company or of another

corporation or other consideration, then in order to maintain the proportionate interest of the Directors and preserve the value of the Directors' Share units, there shall automatically be substituted for each Share unit a new unit representing the number and kind of Shares, other securities or other consideration into which each outstanding Share shall be changed. The substituted units shall be subject to the same terms and conditions as the original Share units.

7. GENERAL PROVISIONS

(a) **Compliance With Legal And Trading Requirements.** The Plan shall be subject to all applicable laws, rules and regulations, including, but not limited to, U.S. federal and state laws, rules and regulations, and to such approvals by any regulatory or governmental agency as may be required. The Company, in its discretion, may postpone the issuance or delivery of Shares under the Plan until completion of such stock exchange or market system listing or registration or qualification of such Shares or other required action under any U.S. state or federal law, rule or regulation or under laws, rules or regulations of other jurisdictions as the Company may consider appropriate, and may require any Participant to make such representations and furnish such information as it may consider appropriate in connection with the issuance or delivery of Shares in compliance with applicable laws, rules and regulations. No provisions of the Plan shall be interpreted or construed to obligate the Company to register any Shares under U.S. federal or state law or under the laws of other jurisdictions.

(b) **No Right To Continued Service.** Neither the Plan nor any action taken there under shall be construed as giving any Director the right to be retained in the service of the Company or any of its subsidiaries or affiliates, nor shall it interfere in any way with the right of the Company or any of its subsidiaries or affiliates to terminate any Director's service at any time.

(c) **Taxes.** The Company is authorized to withhold from any Shares delivered under this Plan or on exercise of an Option any amounts of withholding and other taxes due in connection therewith, and to take such other action as the Company may deem advisable to enable the Company and a Participant to satisfy obligations for the payment of any withholding taxes and other tax obligations relating thereto. This authority shall include authority to withhold or receive Shares or other property and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations.

(d) **Amendment.** The Board may amend, alter, suspend, discontinue, or terminate the Plan without the consent of Shareholders of the Company or Participants, except that any such amendment, alteration, suspension, discontinuation, or termination shall be subject to the approval of the Company's Shareholders if such Shareholder approval is required by any U.S. federal law or regulation or the rules of any stock exchange or automated quotation system on which the Shares may then be listed or quoted; provided, however, that, without the consent of an affected Participant, no amendment, alteration, suspension, discontinuation, or termination of the Plan may impair the rights or, in any other manner, adversely affect the rights of such Participant under any award theretofore granted to him or her or compensation previously deferred by him or her hereunder.

(e) **Unfunded Status Of Awards.** The Plan is intended to constitute an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to a Restricted Stock Unit Award or a deferral election, nothing contained in the Plan shall give any such Participant any rights that are greater than those of a general unsecured creditor of the Company; provided, however, that the Company may authorize the creation of trusts or make other arrangements to meet the Company's obligations under the Plan to deliver cash, Shares, or other property pursuant to any award, which trusts or other arrangements shall be consistent with the unfunded status of the Plan unless the Company otherwise determines with the consent of each affected Participant.

(f) **Non-Exclusivity Of The Plan.** Neither the adoption of the Plan by the Board nor its submission to the Shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other compensation arrangements as it may deem desirable, including, without limitation, the granting of options on Shares and other awards

otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

(g) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan. Cash shall be paid in lieu of such fractional Shares.

(h) Governing Law. The validity, construction, and effect of the Plan shall be determined in accordance with the laws of the State of New York, without giving effect to principles of conflict of laws thereof.

(i) Effective Date; Plan Termination. The Plan as amended and restated became effective as of March 7, 2003 (the Effective Date), upon approval by the Shareholder of the Company. The Plan shall terminate as to future awards on June 1, 2013 or, if earlier, at such time as no Shares remain available for issuance pursuant to Section 4, and the Company has no further obligations with respect to any award granted or compensation deferred under the Plan.

(j) Titles And Headings. The titles and headings of the Sections in the Plan are for convenience of reference only. In the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

(k) Section 409A. It is intended that deferrals of compensation that were earned and vested on December 31, 2004 (and amounts credited thereon under Section 6(d) of the Plan) (the Grandfathered Plan Benefits) will satisfy the grandfather provisions applicable under Section 409A of the Code so that such Grandfathered Plan Benefits will not be subject to Section 409A of the Code. No amendment to this Plan made after October 3, 2004 will apply to the Grandfathered Plan Benefits unless the amendment specifically provides that it applies to them. As it applies to benefits that are not Grandfathered Plan Benefits, it is intended that the Plan, Options and other awards granted and amounts deferred hereunder will comply with Section 409A of the Code (and any regulations and guidelines issued there under) to the extent subject thereto, and the Plan and such Options, awards and deferral provisions shall be interpreted on a basis consistent with such intent. Without limiting the generality of the foregoing, no adjustment shall be made pursuant to Section 5(j) above that would cause any Option to be treated as deferred compensation pursuant to Section 409A of the Code. The Plan and any Award Agreements issued there under may be amended in any respect deemed by the Board or the Committee to be necessary in order to preserve compliance with Section 409A of the Code. No action or failure to act, pursuant to this Section 7(k) shall subject the Company to any claim, liability, or expense, and the Company shall not have any obligation to indemnify or otherwise protect any Director from the obligation to pay any taxes pursuant to Section 409A of the Code.
