Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement

On January 10, 2011, Trans Energy, Inc. (the “Company”) received from CIT Capital USA Inc. (“CIT”) a Notice of Maturity of the Forbearance Period under that certain Forbearance Letter dated June 9, 2010 (the “Forbearance Letter”). The Forbearance Letter was previously extended on October 29, 2010 (the “October Forbearance Letter”), whereby CIT agreed to forebear from exercising its rights and remedies against the Company and its property until December 31, 2010. The forbearance relates to a certain credit agreement in the form of a senior secured revolving credit facility (the “Credit Agreement”).

The October Forbearance Letter required the Company to pay CIT a deferral fee of \$50,000 on November 15, 2010, November 30, 2010, December 15, 2010 and December 31, 2010 if, on any such date, any of the principal of and interest on the Credit Agreement have not been repaid in full. In the event the Company enters into a firm commitment for financing with a third party to repay the debt under the Credit Agreement, each deferral fee not then due will be reduced to \$25,000. Any deferral fee paid prior to receiving such firm commitment for financing will not be reduced retroactively. At the option of CIT, each deferral fee is payable in either cash or five-year warrants to purchase shares of the Company’s common stock. No deferral fee has been paid and the parties are discussing whether the fee will be paid in warrants.

As of October 29, 2010, the aggregate indebtedness related to the Credit Agreement, including accrued interest, fees and expenses and the exercise of the option to repurchase the CIT net profits interest, was approximately \$17.3 million. As of January 10, 2011, the amount due was approximately \$17.4 million. The Company continues to work with its financial advisor and potential lenders to refinance the amount outstanding under the Credit Agreement and provide growth capital to the Company.
