**PROXY STATEMENT**

**ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 12, 2007**

Artes Medical, Inc. is furnishing this proxy statement and the enclosed proxy in connection with the solicitation of proxies by our board of directors for use at our annual meeting of stockholders to be held on Tuesday, June 12, 2007, at 9:00 a.m. (Pacific Daylight Time), at the San Diego Marriott Del Mar located at 11966 El Camino Real, San Diego, California 92130, and at any adjournments or postponements of the annual meeting. We are mailing these materials to stockholders on or about May 7, 2007. Unless the context requires otherwise, the words we, the Company, us and our refer to Artes Medical, Inc., and our wholly-owned subsidiary, Artes Medical Germany GmbH.

**RECORD DATE AND OUTSTANDING SECURITIES**

Only holders of our common stock as of the close of business on April 20, 2007 are entitled to notice of, and to vote at, the annual meeting. Stockholders who hold our shares in street name may vote at the annual meeting only if they hold a valid proxy from their broker. As of April 20, 2007, there were 16,442,604 shares of our common stock issued and outstanding.

**QUORUM AND VOTING**

The specific proposals to be considered and acted on at the annual meeting are summarized in the accompanying notice and are described in more detail in this proxy statement. Each stockholder is entitled to one vote for each share of our common stock held on the record date. Stockholders may not cumulate votes in the election of directors.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. A broker non-vote occurs when you fail to provide voting instructions for shares you hold in street name. Under those circumstances, your broker may be authorized to vote for you on some routine matters but is prohibited from voting on other matters. Those items for which your broker cannot vote result in broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. For proposals that require an affirmative vote of the majority of shares present and entitled to vote, abstentions will be counted towards the number of votes cast and will have the same effect as negative votes. However, abstentions will have no impact on the election of directors. Broker non-votes will not be counted for purposes of determining whether a proposal has received the requisite vote.

The two nominees for election as directors who receive the highest number of affirmative votes (among votes properly cast in person or by proxy) will be elected. The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007 requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote.

**Table of Contents****PROXIES**

If you properly sign and return the enclosed form of proxy, the shares represented thereby will be voted at the annual meeting in accordance with your instructions specified therein. If your proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted FOR the election of the directors proposed by our board of directors unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given the proxy will be voted FOR the approval of the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm.

**REVOCAION OF PROXY**

A stockholder of record may revoke a proxy at any time before it is voted at the annual meeting by (i) delivering a proxy revocation or another duly executed proxy bearing a later date to our Corporate Secretary at 5870 Pacific Center Boulevard, San Diego, California 92121 or (ii) attending the annual meeting and voting in person. Attendance at the annual meeting will not revoke a proxy unless the stockholder actually votes in person at the meeting by written ballot.

**SOLICITATION AND COSTS**

We will bear the entire cost of soliciting proxies for the annual meeting, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation materials furnished to stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to the beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation materials to the beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, electronic mail or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any of those services. Except as described above, we do not presently intend to solicit proxies other than by mail.

**Table of Contents**

**DIRECTOR NOMINATIONS**

*Criteria for Board Membership.* In selecting candidates for appointment or re-election to our board of directors, the nominating and corporate governance committee considers the appropriate balance of experience, skills and characteristics required of our board, seeks to insure that at least a majority of the directors are independent under the rules of the Nasdaq Stock Market ( Nasdaq ), and that members of our audit committee meet the financial literacy and sophistication requirements under Nasdaq s rules and regulations, including that at least one of them qualifies as an audit committee financial expert under the rules and regulations of the Securities and Exchange Commission (the SEC ). Nominees for director are selected on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of our business environment, and willingness to devote adequate time to board duties.

*Stockholder Nominees.* The nominating and corporate governance committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the nominating and corporate governance committee c/o the Corporate Secretary and should include the following information: (i) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act ), including such person s written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (ii) the names and addresses of the stockholders making the nomination and the number of shares of our common stock which are owned beneficially and of record by such stockholders; and (iii) appropriate biographical information and a statement as to the qualification of the nominee, and should be submitted in the time frame described in our Bylaws and under the section titled, Stockholder Proposals for 2008 Annual Meeting below.

*Process for Identifying and Evaluating Nominees.* The nominating and corporate governance committee believes we are well served by our current directors. In the ordinary course, absent special circumstances or a material change in the criteria for board membership, the nominating and corporate governance committee will renominate incumbent directors who continue to be qualified for board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on our board occurs between annual stockholder meetings, the nominating and corporate governance committee will seek out potential candidates for board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of our board, our senior management and, if the nominating and corporate governance committee deems appropriate, a third-party search firm. The nominating and corporate governance committee will evaluate each candidate s qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the nominating and corporate governance committee. Candidates meriting serious consideration will meet with all members of our board. Based on this input, the nominating and corporate governance committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the nominating and corporate governance committee should recommend to our board that this candidate be appointed to fill a current vacancy on our board, or presented for the approval of the stockholders, as appropriate.

Since becoming a public reporting company in December 2006, we have never received a proposal from a stockholder to nominate a director. Although the nominating and corporate governance committee has not adopted a formal policy with respect to stockholder nominees, the nominating and corporate governance committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

*Director Nominees.* Each of the board nominees listed in this proxy statement are current directors standing for re-election. Both of these directors were initially appointed as directors to fill vacancies on our board. These directors were recommended by our stockholders to fill the board vacancies.

*No Family Relationships.* There are no family relationships among any of our directors or executive officers.

## **EXECUTIVE COMPENSATION**

Our compensation program is designed to attract and retain talented employees, motivate them to achieve our key financial, operational and strategic goals and reward them for superior performance. We believe that attracting and retaining high caliber employees and providing them with appropriate performance incentives are critical steps to helping us achieve our corporate goals and build long-term value for our stockholders.

Fiscal year 2006 was a transitional year for us as we prepared for our initial public offering and the commercial launch of our first product, ArteFill®. We completed our initial public offering in December 2006, and began shipping ArteFill to our customers in February 2007. We spent fiscal year 2006 focused on raising funds to support our operations, obtaining final FDA approval for ArteFill and our manufacturing facilities in San Diego and Germany and building a sales and marketing organization to commercialize ArteFill. During fiscal year 2006, we also further strengthened our board and management team, and implemented additional financial and corporate governance controls as we prepared to transition from a private to a public company. Our compensation program and practices evolved as part of this transition as well. As a result, the following discussion provides information regarding our current compensation program, as well as our compensation practices during fiscal year 2006.

All of the share and per share numbers in this section reflect the one-for-4.25 reverse stock split of our outstanding common stock and the conversion of all outstanding shares of preferred stock into common stock, which events occurred in December 2006 in connection with the closing of our initial public offering.

We also provide our executive officers with insurance and a limited number of additional benefits that are typical for companies in our industry. Each of these compensation elements is described in more detail below.

In determining the relevant amounts for each of these compensation elements to be awarded to our executive officers, our compensation committee considers the following objectives:

*A Substantial Portion of Executive Compensation Should Be Performance-Based.* We believe that a substantial portion of the compensation received by each of our executives should be directly tied to and contingent upon the performance of our company as a whole and the executive's individual contribution and performance. To

support this objective, our compensation committee established a written Annual Bonus Incentive Plan (the Bonus Plan ) in April 2007. The Bonus Plan is designed to align each eligible employee s efforts with our key financial, operational and strategic goals by providing an opportunity for the employee to earn an annual cash bonus with amounts determined by our success in achieving our corporate goals and the individual s success in achieving individual performance goals. The Bonus Plan is described in more detail below.

*Compensation Should Be Tied to Our Financial Performance and Stockholder Returns.* We believe that the compensation our executive officers receive should be tied to our financial performance and the return our stockholders achieve based on our stock price. Under the Bonus Plan, the performance-based cash bonus

awards our executive officers are eligible to receive in fiscal year 2007 will be based on our success in achieving corporate goals approved by our board. The performance-based cash bonus awards payable to our executive chairman and our chief executive officer and president are based almost entirely on our success in achieving our corporate goals. Our corporate goals for fiscal year 2007 include sales targets for ArteFill, our operating expenses and our return to stockholders measured by the increase in our stock price.

*Stock-Based Incentive Awards Should Comprise a Substantial Portion of Executive Compensation.* We believe that a substantial portion of executive compensation should be delivered in the form of stock-based incentive awards in order to align the long-term interests of our executive officers with those of our stockholders and to provide a retention incentive to our executive officers.

*Our Executive Compensation Should Be Competitive and Fair.* In order to help us attract and retain talented executives, we believe that our compensation programs should be competitive when compared to our peers but also be perceived as fair, when considered both externally as well as internally.

## **Compensation Process**

In connection with preparing for our initial public offering, our board established a compensation committee in June 2006 comprised of three independent, non-employee directors. Our compensation committee has the primary authority to determine our compensation philosophy, set the compensation levels for our executives for each fiscal year and determine the performance-based cash bonus awards our executives should be paid after the completion of each fiscal year.

At the beginning of each fiscal year, our compensation committee is responsible for setting the compensation for our executives, including base salaries, target performance-based cash bonus awards and stock-based incentive awards. Because we compete with many larger companies for top executive-level talent, our compensation committee generally targets overall compensation for our executive officers at approximately the 50th percentile of the compensation paid to similarly situated executives at our peer group companies. The compensation committee is responsible for approving the corporate goals and individual performance goals for each of our executive officers for purposes of the performance-based cash bonus awards. To assist the compensation committee, our executive chairman, our chief executive officer and president and our senior director of human resources prepare a report recommending base salaries, target performance-based cash bonus awards, stock-based incentive awards, corporate goals for the fiscal year and individual performance goals for each executive. In addition to this report, our compensation committee considers relevant market compensation data. The compensation committee in its sole discretion may accept or adjust the compensation recommendations it is provided by our executive chairman, our chief executive officer and president and our senior director of human resources. No executive officer is allowed to be present at the time his or her compensation is being discussed or determined by the compensation committee.

After the end of each fiscal year, our compensation committee also determines the performance-based cash bonus awards our executive officers should be paid for the prior fiscal year. In making this determination, our compensation committee evaluates our success in achieving our corporate goals during the past fiscal year and evaluates each executive officer's contributions and success in achieving their individual performance goals during the past fiscal year. To assist in this process, our executive chairman, our chief executive officer and president and our senior director of human resources evaluate and prepare a report for the compensation committee regarding the individual performance of each of our executive officers, other than our executive chairman and our chief executive officer and president who are evaluated directly by the compensation committee. Based on this information, our compensation committee determines what percentage of the individual cash bonus targets each of our executive officers should receive for the past fiscal year.

**Market Compensation Data**

Our compensation committee considers relevant market data in setting the compensation for our executive officers. In June 2006, our compensation committee considered two market surveys in connection with evaluating the compensation paid to our executive officers during fiscal year 2006: the Radford Pre-IPO Survey and the Top Five Life Sciences Pre-IPO Compensation Survey. Both of these surveys contained competitive market data on

**Table of Contents**

executive compensation for privately-held companies. Based on these surveys, our compensation committee concluded that the compensation offered to our executive officers was below the 50th percentile of the compensation offered to executives in comparable private companies. As discussed below, our compensation committee approved additional stock option awards for our executive officers in June 2006 based on this market data.

In the first quarter of 2007, our compensation committee engaged the services of an executive compensation consulting firm, Compensia, Inc. At the request of the compensation committee, Compensia evaluated each element of the compensation we paid to our executive officers during fiscal year 2006 including base salary, performance-based cash bonus awards and stock-based incentive awards. Compensia also prepared an analysis of competitive market data for our compensation committee using the Radford Global Life Sciences Survey and three industry peer group surveys prepared by Compensia. Based on Compensia's recommendation, our compensation committee determined that one of the peer group surveys, the Revenue/Market Cap Peers survey, was the most appropriate survey to consider in evaluating the salary of our chief executive officer and president. Our compensation committee, again based on Compensia's recommendation, determined that it should consider both the Radford Global Life Sciences Survey and the Revenue/Market Cap Peers survey in evaluating the salaries of our other executive officers.

The Radford Global Life Sciences Survey provides executive compensation data for companies in the following industries: biotechnology, pharmaceutical, medical device, diagnostic and clinical research organizations. The Revenue/Market Cap Peers survey includes compensation data from the following 18 medical device companies. These companies averaged less than \$61 million in annual revenues and had average market valuations of less than \$310 million when the survey was prepared.

Abiomed, Inc.	Aspect Medical Systems, Inc.	Biolase Technology, Inc.
Candela Corporation	Cepheid	Cholestech Corporation
Cutera, Inc.	Cynosure, Inc.	Isolagen, Inc.
Micrus Endovascular Corporation	Nanogen, Inc.	Natus Medical Incorporated
NeuroMetrix, Inc.	Orthovita, Inc.	Photomedex, Inc.
Rita Medical Systems, Inc.	Staar Surgical Company	Thermage, Inc.

Based on this market data, our compensation committee concluded that for fiscal year 2006 the base salaries offered to our executive officers were generally below the 50th percentile of these peer companies, the target cash bonus awards for our executive officers were generally at or above the 50th percentile of these peer companies and the stock-based incentive awards held by our executive officers were generally at the 50th percentile of these peer companies.

**Components of Executive Compensation**

As indicated above, we compensate our executives through a combination of short-term and long-term incentives that are designed to motivate our executives to help us achieve our key financial, operational and strategic goals and build long-term value for our stockholders.

**Base Salary**

We provide our executive officers with a base salary to compensate them for services provided to us during a fiscal year. In setting base salaries for our executive officers, our compensation committee considers the executive's position, our success in achieving our corporate goals and the individual's contribution and performance during the prior fiscal year and relevant market data. The compensation committee also considers the evaluations and recommendations proposed by our executive chairman, our chief executive officer and president and our senior director of human resources. The compensation committee will evaluate and set the base salaries for our executive officers on an annual

basis following annual performance reviews, as well as upon a promotion or other change in responsibility.

*Fiscal Year 2006.* Although the base salaries for our executive officers were generally below the 50th percentile of our peer companies, our board did not increase the base salaries of our existing executive officers during

**Table of Contents**

fiscal year 2006, other than a slight increase in the base salary of our chief legal officer, as a result of our limited financial resources. During fiscal year 2006, we hired several key executive officers, including our current chief executive officer and president, our vice president, marketing and our vice president, U.S. sales and training. The salaries for these executives were negotiated with these individuals during the hiring process, and were generally set at or above the 50th percentile of our peer companies for their respective positions on their date of hire. Our board approved these salaries, which were contained in the respective employment offer letters for these executives.

*Fiscal Year 2007.* In setting the base salaries for our executive officers for fiscal year 2007, our compensation committee considered the executive's position, our success in achieving our corporate goals during fiscal year 2006, the individual performance and contribution of the executive during fiscal year 2006 and the evaluations and recommendations proposed by our executive chairman, our chief executive officer and president and our senior director of human resources. It also reviewed the market survey data provided by Compensia. This data showed that the base salaries for our executive officers, other than the two vice presidents hired during fiscal year 2006, were significantly below the 50th percentile of our peer companies. In February 2007, following its consideration of this data and the other factors discussed above, our compensation committee decided that the base salaries for our executive officers should be increased in order to keep our compensation competitive and bring them closer to the 50th percentile of our peer companies.

For fiscal year 2007, the base salaries for our named executive officers are as follows:

<b>Name and Title</b>	<b>Base Salary</b>
Christopher J. Reinhard, Executive Chairman of the Board	\$ 150,000
Diane S. Goostree, Chief Executive Officer, President and Director	\$ 325,000
Peter C. Wulff, Executive Vice President and Chief Financial Officer	\$ 250,000
Adelbert L. Stagg, Ph.D., Vice President - Regulatory Affairs and Quality	\$ 215,000
Larry J. Braga, Vice President - Manufacturing	\$ 215,000

**Performance-Based Cash Bonus Awards**

We provide annual performance-based cash bonus awards to our executive officers that are intended to reward them for their performance during a fiscal year. Our compensation committee is responsible for designating the executive officers and other employees eligible to receive a performance-based cash bonus award for an upcoming fiscal year, setting the target and maximum bonus amounts that may be awarded and approving the corporate and individual performance goals and criteria that will be evaluated following the completion of the fiscal year in determining the percentage of the target bonus amounts to be awarded. The target bonus amounts for each eligible employee will generally be set at a percentage of his or her base salary.

*Fiscal Year 2006.* In March 2007, our compensation committee approved cash performance bonuses for our executive officers for their services during fiscal year 2006. The table titled "Summary Compensation Table" below shows the bonuses paid to our named executive officers for fiscal year 2006. The bonus payments were based on an assessment by our compensation committee of our achievement of certain corporate performance objectives approved by our board in March 2006 and in October 2006. We achieved seven of the eight objectives set by our board in March 2006 and six of the nine objectives set by our board in October 2006, including: (i) obtaining final FDA approval for ArteFill, (ii) preparing for the commercial launch of ArteFill, (iii) fundraising to support the Company's operations and (iv) completing our initial public offering. Our compensation committee also considered input from our executive chairman, our chief executive officer and president and our senior director of human resources as well as each executive's respective performance and contribution during fiscal year 2006. We paid these bonuses in April

2007. Our executive officers had not previously received any cash performance bonuses for their services during fiscal year 2006. In addition, as a result of our limited resources, we did not pay any performance-based cash bonus awards to our executive officers for their services during fiscal year 2005.

*Annual Bonus Incentive Plan.* In April 2007, our compensation committee established a written Annual Bonus Incentive Plan (the Bonus Plan ) for our executive officers and other eligible employees. The Bonus Plan is designed to align each eligible employee s efforts with our financial, operational and strategic goals by providing an opportunity for the employee to earn an annual cash bonus with amounts determined by overall achievement of

**Table of Contents**

corporate goals and individual goals. The Bonus Plan will be governed by the compensation committee. Our chief executive officer and president, with assistance from our senior director of human resources and executive chairman, will be responsible for administering the Bonus Plan. All employees, including our executive officers, are eligible to participate in the Bonus Plan if they have been a full-time employee for three consecutive months prior to the end the fiscal year, had an acceptable performance rating on their most recent performance review and are not on a performance improvement plan.

Our compensation committee is responsible for setting the target bonus amounts for our executive officers and other eligible employees, and approving the overall target bonus amount that is available under the Bonus Plan. The bonus payments an eligible employee receives will be based on two equally weighted performance measures, corporate goals and individual goals. Our chief executive officer is responsible for establishing specific written corporate goals for the Bonus Plan year, which goals are subject to approval by our compensation committee. Our senior executives will establish departmental goals for each of their respective departments, which goals are subject to approval by our chief executive officer. Our department heads will work with their departments to set the appropriate objectives for their team and individual goals for each eligible employee.

After the end of each fiscal year, the compensation committee will be responsible for setting the actual bonus amounts to be awarded. To assist our compensation committee, each year: (i) our chief executive officer will provide the compensation committee with documentation regarding full or partial achievement of each corporate goal, along with a recommended percentage reflecting our overall achievement of the corporate goals, (ii) each employee will provide a written summary of their success in achieving their individual goals, including a proposed overall percentage accomplishment and (iii) the employee's supervisor will write a final assessment and determine the overall percent accomplishment (the supervisor's evaluation will be reviewed by human resources and approved by our chief executive officer). The average of the corporate goals success percentage and the individual goals success percentage will be multiplied by the employee's target bonus amount to determine the actual bonus amount paid to an employee. Actual amounts payable can range from 0 to 100% of the target amounts, based upon the extent to which performance under each criterion meets, exceeds or is below target. To reward exceptional performance in certain circumstances, the compensation committee may determine that a supplemental bonus in excess of the target bonus is appropriate and justified. However, individual incentive payments are not an entitlement and may be decreased at the sole discretion of the compensation committee. We may terminate the Bonus Plan at any time, and may alter the terms and conditions under which the bonus awards are set, calculated or paid.

*Fiscal Year 2007.* For fiscal year 2007, the target bonus amounts for our named executive officers are as follows:

<b>Name and Title</b>	<b>Target as a Percentage of Base Salary</b>	<b>Target Bonus Amount</b>
Christopher J. Reinhard, Executive Chairman of the Board	50%	\$ 75,000
Diane S. Goostree, Chief Executive Officer, President and Director	50%	\$ 162,500
Peter C. Wulff, Executive Vice President and Chief Financial Officer	35%	\$ 87,500
Adelbert L. Stagg, Ph.D., Vice President Regulatory Affairs and Quality	30%	\$ 64,500
Larry J. Braga, Vice President Manufacturing	30%	\$ 64,500

Our board approved nine corporate goals for fiscal year 2007. These goals involve financial, operational and strategic objectives including, but not limited to: our financial performance during fiscal year 2007, including achieving our sales targets, controlling our operating costs in accordance with our plan and increasing our stock price, enhancing the

product labelling for ArteFill, increasing our manufacturing capabilities, expanding our product offerings and exploiting the non-strategic applications for ArteFill and our related microsphere technology platform and adding additional qualified directors to our board. Although the corporate and individual performance goals are intended to be achievable, an award of the full target cash bonus amount will require very high levels of both individual and company performance. We believe it is unlikely that we will fully satisfy all the corporate performance objectives set by our board.

**Stock-Based Incentive Awards**

In addition to our performance-based cash bonus awards, we provide long-term stock-based incentive awards to our executive officers. These stock-based incentive awards generally consist of options to purchase shares of our common stock. Prior to our initial public offering in December 2006, these awards were made pursuant to our 2000 Stock Option Plan, our Amended and Restated 2001 Stock Option Plan or individual stock option and warrant agreements. Since the completion of our initial public offering, these awards (including those made in fiscal year 2007) will be made pursuant to our 2006 Equity Incentive Plan (which we refer to as our 2006 Plan ). We believe that stock option awards help further our compensation objectives by encouraging our executives to remain with us through at least the vesting period for these awards and providing them with an incentive to continue to focus on our long-term financial performance and increasing stockholder value.

In granting stock option awards to our executive officers, our compensation committee considers the executive's position, our success in achieving our corporate goals during the prior fiscal year, the individual performance and contribution of the executive during the prior fiscal year, the base salary and other compensation payable to the executive and relevant market data.

*Fiscal Year 2006.* In connection with preparing for our initial public offering, our compensation committee considered the compensation we offered to our executive officers and employees during fiscal year 2006. As discussed above, the market data evaluated by our compensation committee showed that the compensation of our executive officers was below the 50th percentile of our peer companies. The compensation committee determined, given the limited cash resources available to us at the time, that it could not raise the base salaries of our executive officers, but that it should compensate our executive officers with additional stock option awards. Accordingly, our compensation committee approved stock option grants under our Amended and Restated 2001 Stock Option Plan to our executive officers as outlined below under the table titled Grants of Plan-Based Awards. These additional grants were intended to bring the equity awards held by our executive officers up to the 50th percentile of our peer companies.

*Fiscal Year 2007.* In analyzing whether to make additional stock option awards to our executive officers for fiscal year 2007, our compensation committee considered the executive's position, our success in achieving our corporate goals during fiscal year 2006, the individual performance and contributions of the executive during fiscal year 2006 and the base salary and other compensation payable to the executive. It also reviewed the market data provided by Compensia, which indicated that the equity awards held by our executive officers (other than our chief executive officer and president) were generally at the 50th percentile of our peer companies. Based on the market data provided by Compensia, the compensation committee determined to grant an additional stock option award to our chief executive officer and president, but not to grant additional stock options to our other executive officers at that time.

In February 2007, our compensation committee issued Diane S. Goostree, our chief executive officer and president, a stock option under our 2006 Plan to purchase up to 300,000 shares of common stock at an exercise price of \$9.96 per share. To align Ms. Goostree's compensation with the long term interests of our stockholders, the shares under the option will vest as follows:

100,000 shares will vest over the next 48 months based upon her continued service to us, with her obtaining a vested interest in 2,083 shares for each month of continued service;

50,000 shares will vest based upon our achievement of certain financial performance targets set in our 2007 operating plan;

50,000 shares will vest based upon our achievement of certain financial performance targets set in our 2008 operating plan;

50,000 shares will vest based upon our achievement of certain financial performance targets set in our 2009 operating plan; and

50,000 shares will vest based upon our achievement of certain financial performance targets set in our 2010 operating plan.

## **Table of Contents**

Ms. Goostree must be serving as our chief executive officer and president at the end of a fiscal year in order to be eligible to vest in those shares subject to vesting during the applicable fiscal year based on our financial performance. The board will be responsible on an annual basis for establishing the financial performance targets for each of the 2007, 2008, 2009 and 2010 operating plans for purposes of this option, including any adjustment to the financial performance targets to account for significant changes in our business or strategy. Ms. Goostree's option has a term of ten years. Any unvested shares under the option will automatically vest in the event of a fundamental transaction, as such term is defined in the 2006 Plan.

### **Stock and Option Grant Practices**

Our compensation committee adopted a policy by which all stock and option awards to new and current employees, including our executive officers, are granted on a quarterly basis at pre-determined meeting dates of the compensation committee, and to the extent possible, after we have released our financial results for the most recently completed quarter or fiscal year end. We do not otherwise have any program, plan or practice regarding the grant of options or stock awards in coordination with the release of material non-public information.

The value of shares underlying any stock grant and the exercise price of any option grant is determined by reference to the fair market value of such shares, which the 2006 Plan defines as the closing price of our common stock on Nasdaq on the date of grant. Prior to completing our initial public offering, the value of shares underlying any stock grant or stock option exercise price was determined by our board. However, because options granted both before and after the completion of our initial public offering have been granted at fair market value, such options only have cash value to the holder to the extent that the stock price of our common stock increases during the term of the option. The majority of our option grants vest over forty-eight months.

### **Other Benefits**

In order to attract, retain and pay market levels of compensation, we provide our executives with the following benefits:

*Health Insurance.* We provide each of our executives and their spouses and children the same health, dental and vision insurance coverage we make available to our other eligible employees.

*Life and Disability Insurance.* We provide each of our executives with the same disability and/or life insurance as we make available to our other eligible employees.

*Pension Benefits.* We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our executives and other eligible employees are eligible to participate in our 401(k) contributory defined contribution plan. We do not currently make matching contributions to participants in the 401(k) plan.

*Nonqualified Deferred Compensation.* We do not provide any nonqualified defined contribution or other deferred compensation plans to any of our employees.

*Perquisites.* We limit the perquisites that we make available to our executive officers. Our executives are entitled to few benefits such as relocation expenses on their initial hire and other benefits with de minimis value that are not otherwise available to all of our employees.

### **Sales Incentives Plan**

We have established a sales incentives plan for employees in our sales organization. None of our executive officers are eligible to participate in this plan.

**Employment Arrangements, Severance and Change in Control Benefits**

*Employment Arrangements.* We have entered into a director's agreement with Christopher J. Reinhard, our executive chairman, an employment offer letter agreement with Diane S. Goostree, our chief executive officer and president, and employment agreements with Russell Anderson, our vice president - new products engineering and Lawrence Braga, our vice president - manufacturing.

## **Table of Contents**

In June 2004, we entered into a director's agreement with Christopher J. Reinhard, our executive chairman. This agreement provided for an initial issuance of a warrant to purchase shares of our common stock. Pursuant to the director's agreement, we also agreed to reimburse Mr. Reinhard for expenses incurred in connection with his services as a director. We did not provide any severance benefits under this agreement.

Our employment offer letter, as amended, with Diane S. Goostree, our chief executive officer and president, provides for, among other things, an initial annual base salary, a signing bonus, eligibility to participate in annual cash bonuses and an initial stock option grant. The employment offer letter provides that Ms. Goostree is an at-will employee. Her employment offer letter provides her with certain severance benefits in the event her employment is terminated other than for good cause, as defined in the agreement, if she resigns for good reason or if her termination results from a change of control, as defined in the agreement. Specifically, in the event of such a termination, Ms. Goostree will receive a lump-sum payment equal to nine months of her then-current annual base salary and nine months of continued health insurance coverage under COBRA, as well as any unpaid salary, earned bonus amounts, unused paid time off and reimbursable business expenses through the date of termination. In the event of a termination in connection with a change of control, any unvested stock options held by Ms. Goostree that would otherwise lapse upon the change of control will be subject to accelerated vesting in the amount that would have vested over the nine months after her termination, subject to board approval. Ms. Goostree has agreed to resign as a director on our board effective immediately upon the date she resigns or is removed from her office as chief executive officer.

Pursuant to their respective employment agreements, each of Messrs. Anderson and Braga is required to devote his full business time to his services to us. The annual base salaries of Messrs. Anderson and Braga are set forth in their respective employment agreements. The employment agreements do not provide for automatic annual increases in salary, but our board may, in its discretion, review the annual base salaries and approve increases to the base salaries. Pursuant to their employment agreements, Messrs. Anderson and Braga received options to purchase common stock at the then-current fair market value under our 2001 Stock Option Plan. We may terminate our relationship with Messrs. Anderson and Braga at any time, with or without cause. Their employment agreements provide each executive with certain severance benefits in the event his employment is terminated other than for good cause, as defined in the agreements. Specifically, in the event of such a termination, the executive will receive three months of salary continuation payments at his then-current base salary and up to three months of medical, dental, long-term disability and retirement benefits as then available to full-time employees (except in the event the executive voluntarily resigns, in which case he will not be entitled to the continuation of medical, dental, long-term disability and retirement benefits). Pursuant to their employment agreements, each of Messrs. Anderson and Braga are also entitled to receive his respective severance benefits described above in the event that we effect a change of control, and the executive resigns as a result of the change of control and the failure of the acquiring or surviving company to agree to his existing employment terms with us.

*Severance and Change in Control Benefits.* Other than the contractual severance and change in control benefits described above, we do not offer any kind of severance benefits to our executive officers at this time. In addition, our other employees, including our other executive officers, are employees-at-will and as such do not have any employment agreements with us. However, the terms of our equity incentive plans provide our board with the discretion to determine that outstanding awards will become fully vested upon the occurrence of a change in control. These acceleration provisions are generally applicable to all grants of vesting stock or options made to all of our employees, including our executive officers.

## **Limitation of Liability and Indemnification of Officers**

Our amended and restated certificate of incorporation limits the liability of our executive officers to the maximum extent permitted by Delaware law. Delaware law provides that a corporation may eliminate the personal liability of its

executive officers for monetary damages for breach of their fiduciary duties as executive officers, except liability for any of the following acts:

breach of their duty of loyalty to us or our stockholders;

acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

**Table of Contents**

unlawful payments of dividends or unlawful stock repurchases or redemptions; and

any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation also provides that we will indemnify our directors, executive officers, employees and other agents to the fullest extent permitted by the Delaware law.

Our amended and restated bylaws provide that (i) we are required to indemnify our directors and executive officers to the fullest extent permitted by the Delaware law, subject to certain very limited exceptions, (ii) we are required to advance expenses, as incurred, to our directors and executive officers in connection with a legal proceeding to the fullest extent permitted by the Delaware law, subject to certain very limited exceptions and (iii) the rights conferred in the amended and restated bylaws are not exclusive.

We have entered into indemnification agreements with each of our executive officers to give these individuals additional contractual assurances regarding the scope of the indemnification set forth in our amended and restated certificate of incorporation and amended and restated bylaws and to provide additional procedural protections. We intend to enter into indemnification agreements with any new executive officers in the future.

We have obtained directors and officers insurance providing coverage for all of our executive officers for certain liabilities. We believe that these provisions and insurance coverage are necessary to attract and retain qualified executive officers.

**Tax and Accounting Considerations**

*Deductibility of Executive Compensation.* Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the deductibility of certain compensation in excess of \$1,000,000 paid in any one year to our chief executive officer and our other four highest paid executive officers. Qualifying performance-based compensation will not be subject to this deduction limit if certain requirements are met. The non-performance based compensation paid in cash to our executive officers in 2006 did not exceed the \$1 million limit per officer, and the compensation committee does not anticipate that the non-performance based compensation to be paid to our executive officers for 2007 will exceed that limit.

The compensation committee has and will continue to periodically review and consider the deductibility of executive compensation under Section 162(m) in designing our compensation programs and arrangements. The compensation committee reserves the right to use its judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions or the officer's performance.

*Accounting for Stock-Based Compensation.* We adopted Statement of Financial Accounting Standards (SFAS) No. 123(R), Share-Based Payment, on January 1, 2006, which requires that we recognize as compensation expense the fair value of all stock-based awards, including stock options, granted to employees and others in exchange for services over the requisite service period. For more information regarding our application of SFAS No. 123(R), please refer to Note 1. Organization and Summary of Significant Accounting Policies - Stock Based Compensation in the Notes to our Consolidated Financial Statements contained in our Annual Report on Form 10-K filed with the SEC on March 30, 2007.

**Table of Contents****Summary Compensation Table**

The following table sets forth information regarding the compensation earned by our principal executive officer, our principal financial officer and our next three most highly compensated executive officers for fiscal year 2006. In addition, as required by the SEC's rules, we have presented information regarding two of our former executive officers who were no longer providing any services to our company at the end of fiscal year 2006. These seven individuals are referred to as our "named executive officers" in this proxy statement. We generally pay bonuses in the year following the year in which the bonus was earned. This table does not include medical, group life insurance or other benefits which we make available to all of our employees.

**DIRECTOR COMPENSATION**

Our compensation committee is responsible for evaluating and recommending to the full board the compensation paid to the non-employee members of our board for their board service. No compensation is paid to any director who is also an employee of our company, including our executive chairman. All of the share and per share numbers in this section reflect the one-for-4.25 reverse stock split of our outstanding common stock and the conversion of all outstanding shares of preferred stock into common stock, which events occurred in December 2006 in connection with the closing of our initial public offering.

**Director Fees**

In March 2006, our compensation committee approved a compensation program pursuant to which we will pay each of our non-employee directors an annual retainer of up to \$24,000, payable in amounts of \$5,000 on a quarterly basis, plus an additional \$1,000 for each quarterly board meeting attended. We also will pay an additional \$12,000 per year to each member of the audit committee, payable on a quarterly basis. No additional compensation is paid to our non-employee board members for their participation on our compensation committee and our nominating and corporate governance committee. We reimburse each non-employee director for out-of-pocket expenses incurred in connection with attending our board and committee meetings. The cash compensation paid to our directors may be

adjusted from time to time as our board or compensation committee may determine.

### **Stock Option Awards**

We do not have a defined program to grant options or other equity awards to our non-employee directors on an annual basis. Our board or the compensation committee may, at its discretion, implement a program regarding the issuance of stock options or other equity-based awards to our non-employee directors under our 2006 Plan. We have in the past granted our non-employee directors options or warrants to purchase shares of common stock upon their initial election to the board, and for continued board service, including:

*Daren J. Barone.* Our board issued Mr. Barone a warrant to purchase 17,647 shares of our common stock upon his election to our board in April 2005. This warrant has a ten-year term, and has an exercise price of \$5.31 per share. In December 2005, Mr. Barone received an additional warrant to purchase 11,764 shares of common stock in consideration for his services as a director. This warrant has a five-year term, and has an exercise price equal to

## **Table of Contents**

\$5.31 per share. Each of these warrants vest in equal monthly installments over forty-eight months from the date of grant. In March 2006, our board granted Mr. Barone an option to purchase up to 23,529 shares of common stock, at an exercise price of \$5.31 per share, in connection with his continued service as a director on our board. These options are fully vested. The exercise prices of these warrants and the option were set at the fair market value of our common stock, as determined by our board, on the respective dates of grant.

*John R. Costantino.* In November 2006, our board granted NGN Capital LLC an option to purchase up to 31,796 shares of common stock, at an exercise price of \$10.63 per share, in connection with Mr. Costantino's election to our board. These options are fully vested. The exercise price of this option was set at the fair market value of our common stock, as determined by our board, on the date of grant.

*Lon E. Otremba.* In March 2006, our board granted Mr. Otremba an option to purchase up to 23,529 shares of common stock, at an exercise price of \$5.31 per share, in connection with his election to our board. These options are fully vested. The exercise price of this option was set at the fair market value of our common stock, as determined by our board, on the date of grant.

For a discussion of the compensation we have paid to our employee directors, Christopher J. Reinhard and Diane S. Goostree, please see the section titled "Executive Compensation" above.

## **Limitation of Liability and Indemnification of Directors**

Our amended and restated certificate of incorporation limits the liability of our directors to the maximum extent permitted by Delaware law. Delaware law provides that a corporation may eliminate the personal liability of its directors for monetary damages for breach of their fiduciary duties as directors, except liability for any of the following acts:

- breach of their duty of loyalty to us or our stockholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions; and
- any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation also provides that we will indemnify our directors, officers, employees and other agents to the fullest extent permitted by the Delaware law.

Our amended and restated bylaws provide that (i) we are required to indemnify our directors and officers to the fullest extent permitted by the Delaware law, subject to certain very limited exceptions, (ii) we are required to advance expenses, as incurred, to our directors and executive officers in connection with a legal proceeding to the fullest extent permitted by the Delaware law, subject to certain very limited exceptions and (iii) the rights conferred in the amended and restated bylaws are not exclusive.

We have entered into indemnification agreements with each of our directors to give these individuals additional contractual assurances regarding the scope of the indemnification set forth in our amended and restated certificate of incorporation and amended and restated bylaws and to provide additional procedural protections. We intend to enter into indemnification agreements with any new directors in the future.

We have obtained directors and officers insurance providing coverage for all of our directors for certain liabilities. We believe that these provisions and insurance coverage are necessary to attract and retain qualified directors.

**REPORT OF THE AUDIT COMMITTEE**

Under the guidance of a written charter adopted by our board, the purposes of the audit committee are to oversee the accounting and financial reporting processes of our company and audits of our financial statements and the effectiveness of our internal controls over financial reporting. The responsibilities of the audit committee include appointing and providing for the compensation of our independent registered public accounting firm. The audit committee consists of three members, each of whom meets the independence and qualification standards for audit committee membership set forth in the listing standards provided by Nasdaq. In addition, our board has determined that Mr. Costantino is an audit committee financial expert.

Management has primary responsibility for the system of internal controls and the financial reporting process. Our independent registered public accounting firm has the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. The audit committee appointed Ernst & Young LLP to audit our financial statements for the fiscal year 2006. The audit committee holds regular private sessions with Ernst & Young LLP to discuss their audit plan for the year, the financial statements and risks of fraud. The audit committee is not responsible for planning or conducting audits, or determining whether our financial statements are complete and accurate or in accordance with generally accepted accounting principles.

The audit committee pre-approves all services to be provided by our independent registered public accounting firm, Ernst & Young LLP. Pre-approval is required for audit services, audit-related services, tax services and other services. In some cases, the full audit committee provides pre-approval for up to a year, related to a particular defined task or scope of work and subject to a specific budget. In other cases, a designated member of the audit committee may have delegated authority from the audit committee to pre-approve additional services, and such pre-approval is later reported to the full audit committee.

In this context and in connection with the audited financial statements contained in our Annual Report on Form 10-K, the audit committee:

reviewed and discussed the audited financial statements as of and for the fiscal year ended December 31, 2006 with our management and Ernst & Young LLP, our independent registered public accounting firm;

discussed with Ernst & Young LLP the matters required to be discussed by Statement of Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement of Auditing Standards No. 90, Audit Committee Communications;

reviewed the written disclosures and the letter from Ernst & Young LLP required by the Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, discussed with the auditors their independence, and concluded that the non-audit services performed by Ernst & Young LLP are compatible with maintaining their independence;

based on the foregoing reviews and discussions, recommended to our board that the audited financial statements be included in our 2006 Annual Report on Form 10-K for the fiscal year ended December 31, 2006 filed with the SEC; and

instructed Ernst & Young LLP that the audit committee expects to be advised if there are any subjects that require special attention.

The audit committee met six times in during fiscal year 2006. This report for fiscal year 2006 is provided by the undersigned members of the audit committee.

Daren J. Barone, Chairman

John R. Costantino

Lon E. Otremba

**Table of Contents****PRINCIPAL ACCOUNTANT FEES AND SERVICES**

However, the audit committee is not required to appoint a new independent registered public accounting firm if it believes that this action would not be in the best interests of us and our stockholders. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interests of us and our stockholders.

**DELIVERY OF PROXY MATERIALS AND ANNUAL REPORTS**

We may satisfy SEC rules regarding delivery of proxy statements and annual reports by delivering a single proxy statement and annual report to an address shared by two or more stockholders. This process is known as householding. This delivery method can result in meaningful cost savings for us. In order to take advantage of this opportunity, we have delivered only one proxy statement and annual report to multiple stockholders who share an address, unless contrary instructions were received prior to the mailing date. Accordingly, for many stockholders who hold their shares through a bank, brokerage firm or other holder of record (i.e., in street name) and share a single address, only one annual report and proxy statement is being delivered to that address unless contrary instructions from any stockholder at that address were received.

We undertake to deliver promptly upon written or oral request a separate copy of the proxy statement and/or annual report, as requested, to a stockholder at a shared address to which a single copy of these documents was delivered. If you hold stock as a record stockholder and prefer to receive separate copies of a proxy statement or annual report either now or in the future, please contact our corporate secretary at 5870 Pacific Center Boulevard, San Diego, California 92121. If your stock is held by a brokerage firm or bank and you prefer to receive separate copies of a proxy statement or annual report either now or in the future, please contact your brokerage or bank. The voting instruction sent to a street-name stockholder should provide information on how to request (i) householding of future company materials or (ii) separate materials if only one set of documents is being sent to a household. If it does not, a stockholder who would like to make one of these requests should contact us as indicated above.

**STOCKHOLDER PROPOSALS FOR 2008 ANNUAL MEETING**

Our amended and restated bylaws provide that advance notice of a stockholder's proposal must be delivered to our corporate secretary at our principal executive offices not later than one hundred twenty (120) days prior to the anniversary of the mailing date of the proxy materials for the previous year's annual meeting. However, the amended and restated bylaws also provide that in the event that no annual meeting was held in the previous year or the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from the date contemplated at the time of the previous year's proxy statement, this advance notice must be a reasonable time prior to our planned mailing of the proxy materials. Each stockholder's notice must contain the following information as to each matter the stockholder proposes to bring before the annual meeting: (i) as to each person whom the stockholder proposes to nominate for election or re-election as a director all information relating to such person that is required to be disclosed pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected) and appropriate biographical information and a statement as to the qualification of the nominee; (ii) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (iii) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (A) the name and address of such stockholder, as they appear on our books, and of such beneficial owner and (B) the number of shares of our common stock which are owned beneficially and of record by such stockholder and such beneficial owner.

**Table of Contents**

Under the rules of the SEC, stockholders who wish to submit proposals for inclusion in our proxy statement for the annual meeting of stockholders to be held in 2008 must submit such proposals so as to be received by us at 5870 Pacific Center Boulevard, San Diego, California 92121 on or before January 2, 2008. A copy of the full text of the provisions of our amended and restated bylaws dealing with stockholder nominations and proposals is available to stockholders from our corporate secretary upon written request.
