FORWARD-LOOKING STATEMENTS

Certain statements made herein, other than statements of historical fact relating to the Registrant, are forward-looking statements. These include, but are not limited to, statements respecting anticipated business activities, planned expenditures, corporate strategies, proposed acquisitions and dispositions of assets, discussions with third parties respecting material agreements, participation in projects and financing, the expected timing and outcome of the Registrant's discussions with representatives of the Government of Mongolia for a stability agreement in respect of the Oyu Tolgoi Project, the likelihood and potential impact of proposed amendments to the laws of Mongolia and other countries in which the Registrant carries on business, the estimated cost of bringing the Oyu Tolgoi Project into commercial production, anticipated future production and cash flows, target milling rates, the outcome of the Registrant's discussions with its joint venture partner in the Monywa Copper Project and with certain governmental authorities in Myanmar aimed at resolving impediments to the ongoing operation and potential expansion of the project, the possibility of having to record, in the future, a significant reduction of the project's carrying value on the Registrant's financial statements and other statements that are not historical facts. When used in this annual report, the words such as, could, plan, estimate, expect, intend, may, potential, should and similar expressions, are forward-looking statements. Although the Registrant believes that its expectations reflected in these forward-looking statements are reasonable, such statements involve risks and uncertainties and no assurance can be given that actual results will be consistent with these forward-looking statements. Forward-looking statements are based on the opinions and estimates of management at the date the statements are made, and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those projected in the forward-looking statements. Important factors that could cause actual results to differ from these forward-looking statements include those described under the heading Risk Factors elsewhere in this annual report. The reader is cautioned not to place undue reliance on forward-looking statements.

This annual report also contains references to estimates of mineral reserves and mineral resources. The estimation of reserves and resources is inherently uncertain and involves subjective judgments about many relevant factors. The accuracy of any such estimates is a function of the quantity and quality of available data, and of the assumptions made and judgments used in engineering and geological interpretation, which may prove to be unreliable. There can be no assurance that these estimates will be accurate or that such mineral reserves and mineral resources can be mined or processed profitably. Mineral resources that are not mineral reserves do not have demonstrated economic viability. The Registrant does not assume the obligation to revise or update these forward-looking statements after the date of this document or to revise them to reflect the occurrence of future unanticipated events, except as may be required under applicable securities laws.

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

As of the end of the period covered by this annual report, the Registrant carried out an evaluation, under the supervision and with the participation of the Registrant's management, including the Chief Executive Officer (CEO) and Chief Financial Officer (CFO), of the effectiveness of the Registrant's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) of the United States Securities Exchange Act of 1934 (the Exchange Act)). Based on that evaluation, the CEO and CFO have concluded that as of such date the Registrant's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Registrant in reports that it files or submits under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in United States Securities and Exchange Commission (SEC) rules and summarized and reported within the time periods specified in SEC rules and forms; and (ii) accumulated and communicated to the

Registrant's management, including its CEO and CFO, to allow timely decisions regarding required disclosure. It should be noted that while the Registrant's CEO and CFO believe that the Registrant's disclosure controls and procedures provide a reasonable level of assurance that they are effective, they do not expect that the Registrant's disclosure controls and procedures or internal control over financial reporting will prevent all errors and fraud. A control system, no matter how well conceived or operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

During the fiscal year ended December 31, 2005 there were no changes in the Registrant's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting.

AUDIT COMMITTEE

The Registrant's board of directors has a separately-designated standing Audit Committee as defined by Section 3a(58)(A) of the Exchange Act for the purpose of overseeing the accounting and financial reporting processes of the Registrant and audits of the Registrant's annual financial statements. As of the date of this annual report, the members of the Audit Committee are Messrs. John Weatherall and Kjeld Thygesen and Dr. Marcus Faber. Mr. Weatherall is the Chairman of the Audit Committee.

Each of the directors serving on the Audit Committee has also been determined by the board of the Registrant to be independent within the criteria established by the SEC, the New York Stock Exchange and the NASDAQ Stock Market (Nasdaq) for audit committee membership.

AUDIT COMMITTEE FINANCIAL EXPERT

The Registrant's board of directors has determined that Mr. John Weatherall is an audit committee financial expert (as such term is defined in Form 40-F). In addition, Mr. Weatherall is independent, as that term is defined by the SEC and the New York Stock Exchange and Nasdaq listing standards applicable to the Registrant.

Mr. Weatherall, a Chartered Financial Analyst, is currently the President of Scarthingmoor Asset Management Inc. He has over 40 years of experience as an investment analyst and also has experience as a portfolio manager.

CODE OF BUSINESS CONDUCT AND ETHICS

The Registrant has adopted a written Code of Business Conduct and Ethics that applies to everyone at Ivanhoe Mines Ltd., including all directors, officers and employees. The Code of Business Conduct and Ethics includes, among other things, written standards for the Registrant's principal executive officer, principal financial officer and principal accounting officer that are required by the SEC for a code of ethics applicable to such officers. To review or obtain a copy of the Registrant's Code of Business Conduct and Ethics, see Corporate and Social Responsibilities Code of Business Conduct and Ethics posted on the Registrant's website, www.ivanhoe-mines.com.

Since the adoption of the Code of Business Conduct and Ethics, there have not been any amendments to the Code of Business Conduct and Ethics or waivers, including implicit waivers, from any provision of the Code of Business Conduct and Ethics.

Pre-Approval Policies and Procedures

All services to be performed by the Registrant's independent auditor must be approved in advance by the Audit Committee or a designated member of the Audit Committee (Designated Member). The Designated Member is a member of the Audit Committee who has been given the authority to grant pre-approvals of permitted audit and non-audit services.

The Audit Committee has considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence and has adopted a policy governing the provision

of these services. This policy requires the pre-approval by the Audit Committee or the Designated Member of all audit and non-audit services provided by the external auditor, other than any de minimus non-audit services allowed by applicable law or regulation. The decisions of the Designated Member to pre-approve a permitted service needs to be reported to the Audit Committee at its regularly scheduled meetings.

Pre-approval from the Audit Committee or Designated Member can be sought for planned engagements based on budgeted or committed fees. No further approval is required to pay pre-approved fees. Additional pre-approval is required for any increase in scope or in final fees.

During the most recent financial year, the Registrant was not a party to any off-balance sheet arrangements that have or are reasonably likely to have a current or future material effect on its financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources, other than the call options referred to under the heading Management's Discussion and Analysis of Financial Condition and Results of Operations Financial Instruments contained in Exhibit 3 to this Annual Report on Form 40-F, incorporated by reference herein.

DISCLOSURES PURSUANT TO REQUIREMENTS OF THE NEW YORK STOCK EXCHANGE AND THE NASDAQ STOCK MARKET

Corporate Governance Practices Compared to New York Stock Exchange Listing Standards

Currently one-half of the Registrant's directors (or five of ten directors) are considered independent for purposes of the New York Stock Exchange and Nasdaq corporate governance rules, which require a majority of directors to be independent. The Corporate Governance and Nominating Committee of the Registrant's board continues to examine the size and composition of the Registrant's board with a view to identifying additional independent candidates for the Registrant's board. In all other respects, the Registrant believes that its corporate governance practices do not differ in any significant way from those followed by U.S. companies under New York Stock Exchange and Nasdaq listing standards.

The Nasdaq and the New York Stock Exchange rules permit foreign private issuers to follow home country practices in lieu of the requirements of certain of Nasdaq and New York Stock Exchange rules, including the requirement that a majority of the issuer's board of directors be comprised of independent directors determined on the basis of prescribed independence criteria. Applicable Canadian rules pertaining to corporate governance require the Registrant to disclose in its management proxy circular, on an annual basis, its corporate governance practices, including whether or not a majority of its board of directors is comprised of independent directors, based on prescribed independence criteria, which differ slightly from the criteria prescribed in the Rules of Nasdaq and the New York Stock Exchange. Although applicable Canadian rules pertaining to corporate governance make reference, as part of a series of non-prescriptive corporate governance guidelines based on what are perceived to be best practices, to the desirability of a board comprised of a majority of independent directors, there is no legal requirement in Canada that mandates a board comprised of a majority of independent directors. The Registrant's board of directors consists of 5 individuals who are independent and 5 individuals who are not independent,

applying the criteria prescribed by applicable Canadian rules pertaining to corporate governance and the criteria prescribed by the rules of Nasdaq and the New York Stock Exchange.

Presiding Director at Meetings of Non-Management Directors

The Registrant schedules regular executive sessions in which the Registrant's non-management directors (as that term is defined in the rules of the New York Stock Exchange) meet without management participation. David Huberman, the Registrant's lead director (the Lead Director) serves as the presiding director at such sessions.

Communication with Non-Management Directors

Shareholders may send communications to the Registrant's non-management directors by writing to the Lead Director, c/o Ivanhoe Mines Ltd., 654 999 Canada Place, Vancouver, British Columbia, Canada V6C 3E1. Communications will be referred to the Lead Director for appropriate action. The status of all outstanding concerns addressed to the Lead Director will be reported to the board of directors as appropriate.

Corporate Governance Guidelines

According to NYSE Rule 303A.09 and Rule 4350(n) of the National Association of Securities Dealers, Inc., a listed company must adopt and disclose a set of corporate governance guidelines with respect to specified topics. Such guidelines are required to be posted on the listed company's website. The Registrant has adopted the required guidelines and has posted them on its website at www.ivanhoe-mines.com. The required guidelines are available in print to any shareholder who requests them. Requests for copies of these documents should be made by contacting: Ivanhoe Mines Ltd., 654 999 Canada Place, Vancouver, British Columbia, Canada V6C 3E1.

Board Committee Mandates

The Mandates of the Registrant's audit committee, compensation committee, and nominating and corporate governance committee are each available for viewing on the Registrant's website at www.ivanhoe-mines.com, and are available in print to any shareholder who requests them. Requests for copies of these documents should be made by contacting: Ivanhoe Mines Ltd., 654 999 Canada Place, Vancouver, British Columbia, Canada V6C 3E1.
