REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To The Hartford Financial Services Group, Inc.:

We have audited the accompanying Statements of Net Assets Available for Benefits of The Hartford Investment and Savings Plan as of December 30, 2000 and 1999, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended. These financial statements and the schedules referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements and schedules based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Hartford Investment and Savings Plan as of December 30, 2000 and 1999, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 11-K

the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE HARTFORD INVESTMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 30, 2000 AND 1999
(DOLLAR AMOUNTS IN THOUSANDS)

NOTE 1. DESCRIPTION OF THE PLAN

The Hartford Financial Services Group, Inc., a Delaware corporation, and its consolidated subsidiaries ("The Hartford" or the "Company") provide life and property and casualty insurance to both individual and commercial customers in the United States and internationally.

On June 27, 2000, The Hartford acquired all of the outstanding shares of Hartford Life, Inc. ("Hartford Life" or "HLI") that the Company did not already own ("The HLI Repurchase"). As a result, HLI became a wholly-owned subsidiary of The Hartford. While Hartford Life continues to exist as a company, Hartford Life stock no longer is listed or traded on the New York Stock Exchange. Proceeds received by The Hartford Investment and Savings Plan (the "Plan") from The HLI Repurchase of \$70,888 were used by the trustee to purchase shares of The Hartford common stock. All of the assets that were remaining in Hartford Life Company Stock Fund, after the purchase of the shares was completed, were transferred to Hartford Financial Services Group, Inc. Stock Fund. After the purchase of HLI shares was completed, future employee contributions were redirected to Hartford Financial Services Group, Inc. Stock Fund.

Information with regard to eligibility, contributions, distributions, vesting, trustees, withdrawals, restoration, loans, fund redistribution and definitions of all capitalized terms are contained in the Plan's information document, which has been distributed to the participants.

General

The Plan is a defined contribution plan covering all full-time and some part-time employees of the Company who have six months or more of service and who have attained age 19. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Trust, as defined in the Plan document, is the aggregate funds held by the Trustee, Bankers Trust Company, under the trust agreement established for the purposes of this Plan.

Contributions

Plan members may generally elect to save 2% to 16% of base salary. Members may designate their savings as before-tax, after-tax or a combination of both. Members who are highly compensated employees may be limited to less than 16% due to the operation of certain tests required under the Internal Revenue Code of 1986, as amended (the "Code").

An amount equal to 50% of a member's Basic Savings is matched by the Company. Basic Savings are contributions which are not in excess of the first 6% of base salary. Members' savings in excess of 6% of base salary are supplemental savings that are not matched by Company contributions. In addition, the Company allocates 0.5% of base salary to the Floor Company Contribution Account of each eligible employee. Matching Company contributions and Floor Company contributions are invested in Hartford Financial Services Group, Inc. Stock Fund.

On December 30, 2000 for the 2001 Plan year and December 30, 1999 for the 2000

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 11-K

Plan year, the Company guaranteed a fixed minimum contribution (based on a percentage of the amount of employer contributions normally made) that represents the employee salary deferral contributions and matching contributions for the subsequent Plan year. If actual contributions are less than the guaranteed fixed minimum amount at the end of the Plan year, an additional matching contribution would be made to the participants. The minimum contribution was met for the 2000 Plan year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Administrative Costs

The Trust, as defined by the Plan, pays for the administrative expenses of the Plan up to 0.25% of the market value of Trust assets. The Company continues to pay certain Plan administrative expenses which cannot be paid by the Trust.

Member Accounts

Each member's account is credited with that member's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on member earnings or account balances, as defined in the Plan document. The benefit to which a member is entitled is the benefit that can be provided from that member's vested account.

Vesting

Vesting in Company-matched contributions begins one year after employment at 20% and increases 20% each consecutive year until the fifth consecutive year of employment when 100% is vested. Notwithstanding the foregoing statement, a member becomes fully vested in such member's Company contribution account upon retirement, disability, death, or upon reaching age 65, or the complete discontinuance of Company contributions or upon termination of the Plan. Floor contributions are 100% vested when allocated to each member's account.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, members or their designated beneficiaries may elect to receive either a lump sum amount equal to the value of the vested interest in their respective accounts or, subject to certain conditions, annual installments over a period not greater than twenty years. Members or their designated beneficiaries may also elect to defer distributions subject to certain conditions.

Forfeitures

Forfeitures of the nonvested portion of any member's Company contributions are applied to reduce future Company contributions. Forfeitures were immaterial for the years ended December 30, 2000 and 1999.

NOTE 2. ACCOUNTING POLICIES

The financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States and the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

The Accounting Standards Executive Committee issued Statement of Position 99-3, "Accounting For and Reporting of Certain Defined Contribution Plan Investments and Other Disclosure Matters", which eliminates the requirement for a defined contribution plan to disclose member directed investment programs, and was adopted for the 1999 Plan year financial statements.

NOTE 3. INVESTMENTS

The following investments represented 5 % or more of the Plan's net assets.

F-7

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 4. VALUATION OF INVESTMENTS

Plan investments, except group annuity contracts, are reported at fair value. The fair value of the underlying common stock of Hartford Financial Services Group, Inc. Stock Fund and Hartford Life Company Stock Fund is based on quoted market prices. Interests in mutual funds and pooled investment funds are valued at the redemption price established by the trustee or the investment manager of the respective fund.

The Plan has entered into numerous traditional and synthetic group annuity contracts primarily with insurance carriers. These contracts, which are included in the Stable Value Fund, are fully benefit responsive and are included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. As of December 30, 2000, the estimated fair value of the group annuity contracts was \$319,639. The average yield and weighted average crediting interest rate on these contracts was 6.56% and 6.80%, respectively, for the year ended December 30, 2000, and 6.20% and 6.16%, respectively, for the year ended December 30, 1999. Crediting interest rate resets are generally made quarterly for synthetic contracts and are reset based on formulas which may use market value, book value, duration and yield. A synthetic group annuity contract is an investment contract that simulates the performance of a traditional group annuity contract through the use of financial instruments. A key difference between a synthetic group annuity contract and a traditional group annuity contract is that the Plan owns the assets underlying the synthetic group annuity contract. Traditional group annuity contracts have fixed crediting interest rates.

NOTE 5. FEDERAL INCOME TAX

On February 25, 1998, a favorable determination was received from the Internal Revenue Service as to the tax-qualified status of the Plan. While the Plan has been amended subsequent to the receipt of the determination letter, the Plan administrator believes that the Plan is designed and is being operated in compliance with applicable provisions of the Code and other applicable law, and there have been no amendments, changes or events, which have occurred, which

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 11-K

could affect the Plan's qualified status. Accordingly, no provision for income taxes has been made in the Plan's financial statements.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to suspend, reduce, or partially or completely discontinue its contributions at any time and to terminate the Plan, the trust agreement and the Trust hereunder subject to the provisions of ERISA. In the event of termination or partial termination of the Plan or complete discontinuance of contributions, the interest of affected members shall automatically become nonforfeitable.

NOTE 7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As of December 30, 2000 and 1999, the following is a reconciliation of net assets available for plan benefits according to the accompanying financial statements to Form 5500:

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held in funds managed by Bankers Trust Company, the Trustee, as defined by the Plan, and certain subsidiaries of The Hartford. Fees paid by the Plan for Trustee, custodial and investment management services provided by Bankers Trust Company amounted to \$615 and \$561 for the years ended

Edgar Filing: HARTFORD FINANCIAL SERVICES GROUP INC/DE - Form 11-K

December 30, 2000 and 1999, respectively. Fees paid by the Plan to certain subsidiaries of the Company for investment management services and the issuance of group annuity contracts amounted to \$76 and \$85 for the years ended December 30, 2000 and 1999, respectively. In addition, certain Plan investments are shares of The Hartford common stock for the 2000 and 1999 Plan years and Hartford Life common stock for the 1999 Plan year only. Since The Hartford is the Plan Sponsor, these transactions qualify as party-in-interest transactions.
