INFORMATION DISSEMINATED UPON THE REQUEST OF CONSOB

On the occasion of the Company Meeting which will be held on 18 October 2012, Consob has asked to provide the following information, pursuant to Article 114, subsection 5, of Legislative Decree no 58/1998.

Assessments made with regard to possible actions against Massimo Castelli and Luca Luciani

With reference to the proceedings for the offence of preventing the public supervisory authorities from performing their functions, with an application for the committal for trial of Riccardo Ruggiero, Massimo Castelli and Luca Luciani, as well as pursuant to Legislative Decree no 231/2011 of the same Company (which subsequently plea bargained), it is confirmed that Telecom Italia submitted an application to be a civil party in the proceedings against the three physical persons charged.

The Board of Directors has not, to date, made further assessments.

This is without prejudice to the fact that, if the Shareholder's meeting approves the proposal of settlement with Dr Ruggiero, the Company will forgo being a civil party in the proceedings against him.

Updates on the initiatives to be taken against former directors, in relation to the Kroll affair and relations with the consultant Naji Nahas

Consob has asked for an update on what was already presented at the Shareholders' meeting on 15 May 2012.

The Company has acknowledged the information disseminated by the press with regard to the legal position of the former Chairman of the Board of Directors, Marco Tronchetti Provera. Before expressing an opinion on possible initiatives to protect company interests, the Board of Directors reserves the right to examine the order for closure of the preliminary investigations.

The analysis will be made within the limits and in the time the Board has legitimate access to it, in the forms allowed by the regulations. Only afterwards will it be possible to make the decisions within its competence.

Cautionary Statement for Purposes of the "Safe Harbor" Provisions of the United States Private Securities Litigation Reform Act of 1995.

3

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward - looking statements. The press release included in this Form 6-K contains certain forward -looking statements. Forward-looking statements are statements that are not historical facts and can be identified by the use of forward-looking terminology such as "believes," "may," "is expected to," "will," "will continue," "should," "seeks" or "anticipates" or similar expressions or the negative thereof or other comparable terminology, or by the forward- looking nature of discussions of strategy, plans or intentions.

Actual results may differ materially from those projected or implied in the forward-looking statements. Such forward-looking information is based on certain key assumptions which we believe to be reasonable but forward-looking information by its nature involves risks and uncertainties, which are outside our control, that could significantly affect expected results.

The following important factors could cause our actual results to differ materially from those projected or implied in any forward-looking statements:

1. the continuing impact of increased competition in a liberalized market, including competition from established domestic competitors and global and regional alliances formed by other telecommunications operators in our core Italian domestic fixed-line and wireless markets;
2. our ability to restructure our organizational model from one based on technology (fixed and mobile) to one based on customer segments (consumers, SOHOs, SMEs, Corporates) in order to focus on customers and their needs in utilizing our products and services;
3. our ability to utilize our relationship with Telefónica to attain synergies primarily in areas such as network, IT, purchasing, sales activities in Germany and international mobile roaming;
4. our ability to introduce new services to stimulate increased usage of our fixed and wireless networks to offset declines in the traditional fixed-line voice business due to the continuing impact of regulatory required price reductions, market share loss, pricing pressures generally and shifts in usage patterns;
5. our ability to successfully implement our internet and broadband strategy both in Italy and abroad;
6. our ability to successfully achieve our debt reduction targets;
7. the impact of regulatory decisions and changes in the regulatory environment in Italy and other countries in which we operate;
8. the impact of economic development generally on our international business and on our foreign investments and capital expenditures;
9. our services are technology-intensive and the development of new technologies could render such services non-competitive;
10. the impact of political and economic developments in Italy and other countries in which we operate;
11. the impact of fluctuations in currency exchange and interest rates;
12. our ability to successfully implement our strategy over the 2012-2014 period;
13. our ability to build up our business in adjacent markets (pay-TV and IT services) and in international markets (particularly Brazil in mobile telecommunications and Europe-Germany-in BroadBand), due to our specialist and

technical resources;

14. our ability to achieve the expected return on the investments and capital expenditures we have made and continue to make in Brazil on mobile and in Europe on BroadBand;

15. the amount and timing of any future impairment charges for our licenses, goodwill or other assets; and 16. the outcome of litigation, disputes and investigations in which we are involved or may become involved.

The foregoing factors should not be construed as exhaustive. Due to such uncertainties and risks, readers are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date hereof. We undertake no obligation to release publicly the result of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date hereof, including, without limitation, changes in our business or acquisition strategy or planned capital expenditures, or to reflect the occurrence of unanticipated events.
