**CELLCOM ISRAEL LTD. ANNOUNCES A PURPORTED CLASS ACTION FILED AGAINST THE COMPANY**

**Netanya, Israel –December 18, 2007** – Cellcom Israel Ltd. (NYSE: CEL) (the "Company") announced that it was served yesterday with a purported class action lawsuit filed against the Company and two other cellular operators in the District Court of Tel Aviv, by plaintiffs who claim to be residing next to cell sites of the defendants which the plaintiffs claim were built in violation of the law. The plaintiffs allege that the defendants have created environmental hazards by unlawfully building cell sites and therefore demand that the defendants will compensate the public for damages (other than personal damages, such as depreciation of property and/or health related damages which are excluded from the purported class action), demolish existing unlawfully built cell sites and refrain from unlawfully building new cell sites.

If the lawsuit is certified as a class action, the compensation claimed from the defendants (without any allocation of this amount among the defendants) is estimated by the plaintiffs to be NIS 1,000,000,000.

At this preliminary stage, the Company is unable to assess the lawsuit's chances of success.
