cellcom israel announces new date for Second
quarter results release

In Light of MOC's Announcement on Interconnect Reduction not being published yet,
Company delays announcement to be able to provide second quarter results and preliminary
assessments of MoC's decision

Conference Call Scheduled for August 26, 2010 at 9:30 ET

Netanya, Israel – August 13, 2010 – Cellcom Israel Ltd. (NYSE: CEL) (TASE: CEL) (hereinafter: the "Company"), announced today that since the Israeli Ministry of Communications, or MOC, has not released its final determination with respect to the previously reported proposed interconnect tariff reduction and in light of the potentially material impact of the MoC's decision on the Company's business results, the Company is postponing the release of its financial results for the second quarter ended June 30, 2010 until Thursday, August 26, 2010, before the US markets open. This way the Company can provide its results for the second quarter as well as preliminary assessments of the MOC's final decision (assuming it has been made by then) and still meet (and allow its controlling companies to meet) the legal obligation to announce second quarter results by the end of this month.

The Company will be hosting a conference call on August 26, 2010 at 9:30 am ET (6:30 am PST, 14:30 GMT, 16:30 Israel time). On the call, management will review and discuss the results and will be available to answer questions.
