ROCHE OFFERS TO ACQUIRE ALL OUTSTANDING SHARES OF ILLUMINA, INC.
TO FURTHER STRENGTHEN ITS LEADING ROLE IN DIAGNOSTICS

- Strategic Rationale
- The proposed acquisition will strengthen Roche's position in the Life Science and Diagnostics market.
 - Together Roche and Illumina's capabilities and global reach will help accelerate the transition of sequencing into clinical and routine diagnostics. It will also strengthen Roche's position in Sequencing and Microarrays to address the growing demand for genetic/genomic solutions.
 - Roche's extensive diagnostics experience and global presence will help accelerate the transition of DNA sequencing into clinical and routine diagnostics.
 - The combination of diagnostics tests with pharmaceuticals will enable Roche to better translate the latest scientific findings into new tailored therapies that benefit patients, physicians and other key partners in healthcare.
 - DNA sequencing is expected to help to discover complex biomarkers that could become companion diagnostics and be paired with specific treatments in the long-term.
 - Roche intends to continue the Illumina legacy as a business area within the Roche Diagnostics Division maintaining the Illumina brand. Roche plans to combine its existing Applied Science business with Illumina and move the business area's headquarters to San Diego, California, USA. Roche also plans to maintain Roche operations in Penzberg, Germany, the current headquarters of Roche Applied Science.
- Proposed Transaction Terms
- Roche is offering to acquire all of the issued and outstanding shares of Illumina, Inc. for:
 - o \$44.50 per share in cash, or;
 - o An aggregate of approximately \$5.7 billion on a fully diluted basis.
 - This offer represents a substantial premium to Illumina's unaffected market prices:
 - o A premium of 64% over Illumina's closing stock price on December 21, 2011 – the day before market rumors about a potential transaction between Roche and Illumina drove Illumina's stock price significantly higher
 - o A 61% premium over the one-month historical average of Illumina's share price as of December 21
 - o A 43% premium over the three-month historical average of Illumina's share price as of December 21
 - This offer represents a 30.1x multiple of Illumina's projected forward earnings based on analysts' current consensus estimates for 2012.
- Next Steps
- Roche intends to promptly commence a tender offer to purchase all outstanding shares of common stock for Illumina for \$44.50 per share in cash.
 - o Roche's tender offer will be subject to customary conditions, including the tender of a majority of Illumina's shares of common stock, on a fully diluted basis.

Edgar Filing: ILLUMINA INC - Form SC TO-C

- o The offer will be financed from available cash on Roche's balance sheet and borrowings under its credit facilities and therefore will not require a financing condition.

- Roche will nominate a slate of highly qualified, independent candidates for election to Illumina's Board of Directors at Illumina's 2012 annual meeting.

- Roche will propose certain other matters for the consideration of Illumina's shareholders at Illumina's 2012 annual meeting, which, if adopted, would result in Roche-nominated directors comprising a majority of the Illumina board.
