Structured Deutsche Bank AG

Investments Call Warrants Linked to the EURO STOXX 50® Index Expiring March 16, 2018

General

- The call warrants (the “warrants”) are designed for investors who seek a leveraged return at expiration based on the increase, if any, in the EURO STOXX 50® Index (the “Index”). If the Final Level of the Index is less than or equal to the Strike Level, which is 100% of the Initial Level, the warrants will expire worthless and investors will lose their entire investment in the warrants. If the Final Level is greater than the Strike Level, investors will receive a cash payment upon expiration based on the performance of the Index. In this circumstance, investors will still lose some or a significant portion of their initial investment if the level of the Index does not increase sufficiently to offset the Warrant Premium. Any payment on the warrants is subject to the credit of the Issuer.
- The warrants are risky investments. The warrants will be exercised automatically on the Expiration Date, and you do not have the right to exercise your warrants prior to the Expiration Date. You will not be able to purchase the warrants unless you have an options-approved brokerage account. The warrants involve a high degree of risk and are not appropriate for investors who cannot sustain a total loss of their investment. You must be able to understand and bear the risk of an investment in the warrants, and you should be experienced with respect to options and option transactions.
 - Unsecured contractual obligations of Deutsche Bank AG expiring March 16, 2018
- Minimum initial investment of \$10,001.50 or 83 warrants, each with a Notional Amount of \$1,000 (and then in increments of one warrant thereafter), resulting in an aggregate minimum Notional Amount of \$83,000.
- The warrants are expected to price on or about March 13, 2015 (the “Trade Date”) and are expected to settle on or about March 18, 2015 (the “Settlement Date”).

Key Terms

Issuer: Deutsche Bank AG, London Branch

Index: The EURO STOXX 50® Index (Ticker: SX5E)

Issue Price per Warrant: Equal to the Warrant Premium

Warrant Premium: \$120.50 per warrant (equal to 12.05% of the Notional Amount)

Notional Amount: \$1,000 per warrant

Warrant Premium Percentage: 12.05%, equal to the Warrant Premium divided by the Notional Amount

Payment at Expiration: On the Expiration Date, the warrants will be automatically exercised and you will be entitled to receive a cash payment per warrant equal to the Cash Settlement Amount, which could be zero.

Cash Settlement Amount: With respect to each warrant, the Cash Settlement Amount will be calculated as follows:
If the Final Level is greater than the Strike Level,
\$1,000 x Index Strike Return
If the Final Level is less than or equal to the Strike Level, \$0.

Edgar Filing: DEUTSCHE BANK AKTIENGESELLSCHAFT - Form FWP

If the Final Level is less than or equal to the Strike Level, the Index Strike Return will be negative or zero and the warrants will expire worthless. If the level of the Index does not increase, you will lose your entire investment in the warrants. In addition, if the Final Level is not sufficiently greater than the Strike Level to offset the Warrant Premium, you will lose a portion of your initial investment. In order to receive a positive return on your investment, the Final Level must be greater than the Strike Level by a percentage greater than the Warrant Premium Percentage.

Index Strike Return: Calculated as follows:

$$\frac{\text{Final Level} - \text{Strike Level}}{\text{Initial Level}}$$

Initial Level: The closing level of the Index on the Trade Date
 Final Level: The closing level of the Index on the Final Valuation Date
 Strike Level: 100% of the Initial Level
 Trade Date1: March 13, 2015
 Settlement Date1: March 18, 2015
 Final Valuation Date1, 2: March 13, 2018
 Expiration Date1, 2: March 16, 2018
 Listing: The warrants will not be listed on any securities exchange.
 CUSIP/ISIN: 25190G309 / US25190G3092

1 In the event that we make any change to the expected Trade Date or Settlement Date, the Final Valuation Date and Expiration Date may be changed so that the stated term of the warrants remains the same.

2 Subject to postponement as described under “General Terms of the Warrants — Market Disruption Events” in this term sheet.

Investing in the warrants involves a number of risks, including the risk that the warrants expire worthless and you lose your entire investment. See “Risk Factors” beginning on page 2 of the accompanying prospectus addendum and “Selected Risk Considerations” beginning on page 7 of this term sheet.

The Issuer’s estimated value of the warrants on the Trade Date is approximately \$101.20 to \$106.20 per warrant, which is substantially less than the Issue Price. Please see “Issuer’s Estimated Value of the Warrants” on page 2 of this term sheet for additional information.

By acquiring the warrants, you will be bound by, and deemed to consent to, the imposition of any Resolution Measure (as defined below) by our competent resolution authority, which may include the write down of all, or a portion, of any payment on the warrants. If any Resolution Measure becomes applicable to us, you may lose some or all of your investment in the warrants. Please see “Resolution Measures” on page 3 of this term sheet for more information. Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the warrants or passed upon the accuracy or the adequacy of this term sheet or the accompanying underlying supplement, prospectus supplement, prospectus or prospectus addendum. Any representation to the contrary is a criminal offense.

	Price to Public	Fees(1)	Proceeds to Issuer

Total	\$	\$	\$

(1) J.P. Morgan Securities LLC, which we refer to as JPMS LLC, and JPMorgan Chase Bank, N.A. will act as agents for the warrants. The agents will forgo fees for sales to fiduciary accounts. The total fees represent the amount that

Edgar Filing: DEUTSCHE BANK AKTIENGESELLSCHAFT - Form FWP

the agents receive from sales to accounts other than such fiduciary accounts. The agents will receive a fee from us that will not exceed \$6.50 per warrant. For more information see “Underwriting” in this term sheet. The warrants are not bank deposits and are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency.

Issuer's Estimated Value of the Warrants

The Issuer's estimated value of the warrants is our valuation of the warrants calculated based on our internal pricing models using relevant parameter inputs such as expected interest rates and mid-market levels of price and volatility of the assets underlying the warrants or any futures, options or swaps related to such underlying assets. Our internal pricing models are proprietary and rely in part on certain assumptions about future events, which may prove to be incorrect.

The Issuer's estimated value of the warrants on the Trade Date (as disclosed on the cover of this term sheet) is less than the Issue Price of the warrants. The difference between the Issue Price and the Issuer's estimated value of the warrants on the Trade Date is due to the inclusion in the Issue Price of the agent's commissions, if any, and the cost of hedging our obligations under the warrants through one or more of our affiliates. Such hedging cost includes our or our affiliates' expected cost of providing such hedge, as well as the profit we or our affiliates expect to realize in consideration for assuming the risks inherent in providing such hedge.

The Issuer's estimated value of the warrants on the Trade Date does not represent the price at which we or any of our affiliates would be willing to purchase your warrants in the secondary market at any time. Assuming no changes in market conditions or our creditworthiness and other relevant factors, the price, if any, at which we or our affiliates would be willing to purchase the warrants from you in secondary market transactions, if at all, would generally be lower than both the Issue Price and the Issuer's estimated value of the warrants on the Trade Date. Our purchase price, if any, in secondary market transactions will be based on the estimated value of the warrants determined by reference to our pricing models at that time, less a bid spread determined after taking into account the size of the repurchase, the nature of the assets underlying the warrants and then-prevailing market conditions. The price we report to financial reporting services and to distributors of our warrants for use on customer account statements would generally be determined on the same basis. However, during the period of approximately three months beginning from the Trade Date, we or our affiliates may, in our sole discretion, increase the purchase price determined as described above by an amount equal to the declining differential between the Issue Price and the Issuer's estimated value of the warrants on the Trade Date, prorated over such period on a straight-line basis, for transactions that are individually and in the aggregate of the expected size for ordinary secondary market repurchases.

Resolution Measures

On May 15, 2014, the European Parliament and the Council of the European Union published a directive for establishing a framework for the recovery and resolution of credit institutions and investment firms (commonly referred to as the “Bank Recovery and Resolution Directive”). The Bank Recovery and Resolution Directive requires each member state of the European Union to adopt and publish by December 31, 2014 the laws, regulations and administrative provisions necessary to comply with the Bank Recovery and Resolution Directive. Germany has adopted the Recovery and Resolution Act (Sanierungs- und Abwicklungsgesetz, or “SAG”), which went into effect on January 1, 2015. SAG may result in the warrants being subject to any Resolution Measure by our competent resolution authority if we become, or are deemed by our competent supervisory authority to have become, “non-viable” (as defined under the then applicable law) and are unable to continue our regulated banking activities without a Resolution Measure becoming applicable to us. By acquiring the warrants, you will be bound by and deemed to consent to the provisions set forth in the accompanying prospectus addendum, which we have summarized below.

By acquiring the warrants, you will be bound by and will be deemed to consent to the imposition of any Resolution Measure by our competent resolution authority. Under the relevant resolution laws and regulations as applicable to us from time to time, the warrants may be subject to the powers exercised by our competent resolution authority to: (i) write down, including to zero, any payment (or delivery obligations) on the warrants; (ii) convert the warrants into ordinary shares or other instruments qualifying as core equity tier 1 capital; and/or (iii) apply any other resolution measure, including (but not limited to) any transfer of the warrants to another entity, the amendment of the terms and conditions of the warrants or the cancellation of the warrants. We refer to each of these measures as a “Resolution Measure.”

Furthermore, by acquiring the warrants, you:

- are deemed irrevocably to have agreed, and you will agree: (i) to be bound by any Resolution Measure; (ii) that you will have no claim or other right against us arising out of any Resolution Measure; (iii) and that the imposition of any Resolution Measure will not constitute a default under the warrants or under the warrant agreement dated November 15, 2007 between us and Deutsche Bank Trust Company Americas (“DBTCA”), as warrant agent, as amended and supplemented from time to time (the “Warrant Agreement”).
- waive, to the fullest extent permitted by applicable law, any and all claims against the warrant agent for, agree not to initiate a suit against the warrant agent in respect of, and agree that the warrant agent will not be liable for, any action that the warrant agent takes, or abstains from taking, in either case in accordance with the imposition of a Resolution Measure by our competent resolution authority with respect to the warrants; and
- will be deemed irrevocably to have (i) consented to the imposition of any Resolution Measure as it may be imposed without any prior notice by the competent resolution authority of its decision to exercise such power with respect to the warrants and (ii) authorized, directed and requested The Depository Trust Company (“DTC”) and any participant in DTC or other intermediary through which you hold such warrants to take any and all necessary action, if required, to implement the imposition of any Resolution Measure with respect to the warrants as it may be imposed, without any further action or direction on your part or on the part of the warrant agent.

This is only a summary, for more information please see the accompanying prospectus addendum dated December 24, 2014, including the risk factor “The securities may be written down, be converted or become subject to other resolution measures. You may lose part or all of your investment if any such measure becomes applicable to us” on page 2 of the prospectus addendum.

Our Central Index Key, or CIK, on the SEC website is 0001159508. As used in this term sheet, “we,” “us” or “our” refers to Deutsche Bank AG, including, as the context requires, acting through one of its branches.

This term sheet, together with the documents listed above, contains the terms of the warrants and supersedes all other prior or contemporaneous oral statements as well as any other written materials including preliminary or indicative pricing terms, correspondence, trade ideas, structures for implementation, sample structures, brochures or other educational materials of ours. You should carefully consider, among other things, the matters set forth in this term sheet and in “Risk Factors” in the accompanying prospectus addendum, as the warrants involve risks not associated with conventional debt securities. We urge you to consult your investment, legal, tax, accounting and other advisers before deciding to invest in the warrants.

Deutsche Bank AG has filed a registration statement (including a prospectus) with the Securities and Exchange Commission for the offering to which this term sheet relates. Before you invest, you should read the prospectus in that registration statement and the other documents relating to this offering that Deutsche Bank AG has filed with the SEC for more complete information about Deutsche Bank AG and this offering. You may obtain these documents without cost by visiting EDGAR on the SEC website at www.sec.gov. Alternatively, Deutsche Bank AG, any agent or any dealer participating in this offering will arrange to send you the prospectus, prospectus addendum, prospectus supplement, underlying supplement and this term sheet if you so request by calling toll-free 1-800-311-4409.

You may revoke your offer to purchase the warrants at any time prior to the time at which we accept such offer by notifying the applicable agent. We reserve the right to change the terms of, or reject any offer to purchase, the warrants prior to their issuance. We will notify you in the event of any changes to the terms of the warrants, and you will be asked to accept such changes in connection with your purchase of any warrants. You may choose to reject such changes, in which case we may reject your offer to purchase the warrants.

What Is the Cash Settlement Amount, Assuming a Range of Performances for the Index?

The table and examples below illustrate the potential Cash Settlement Amounts per warrant on the Expiration Date for a hypothetical range of performances of the Index from -100.00% to 100.00%. The hypothetical Cash Settlement Amounts set forth below reflect the Strike Level of 100% of the Initial Level, the Warrant Premium Percentage of 12.05% and the Warrant Premium of \$120.50 per warrant and assume a hypothetical Initial Level of 3,500.00. The actual Initial Level and Strike Level will be determined on the Trade Date. The hypothetical returns set forth below are for illustrative purposes only and may not be the actual returns applicable to an investor in the warrants. The numbers appearing in the following table and examples may have been rounded for ease of analysis.

Hypothetical Final Level	Percentage Change from Initial Level	Hypothetical Index Strike Return	Cash Settlement Amount	Cash Settlement Amount minus Warrant Premium	Cash Settlement Amount minus Warrant Premium as Percentage Return on Warrant Premium

Hypothetical Examples of Amounts Payable at Expiration

The following hypothetical examples illustrate how the Cash Settlement Amounts set forth above are calculated.

Example 1: The level of the Index increases 30.00% from the Initial Level of 3,500.00 to a Final Level of 4,550.00. Because the Final Level of 4,550.00 is greater than the Strike Level of 3,500.00, the Index Strike Return is 30.00% and the investor will be entitled to receive a Cash Settlement Amount of \$300.00 per warrant, calculated as follows:

$$\begin{aligned} & \$1,000 \times \text{Index Strike Return} \\ & \$1,000 \times 30.00\% = \$300.00 \end{aligned}$$

Taking into account the investor's payment of the Warrant Premium of \$120.50, the payment of the Cash Settlement Amount of \$300.00 represents a gain of \$179.50 per warrant, or 148.96% of the initial investment of \$120.50.

Example 2: The level of the Index increases 5.00% from the Initial Level of 3,500.00 to a Final Level of 3,675.00. Because the Final Level of 3,675.00 is greater than the Strike Level of 3,500.00, the Index Strike Return is 5.00% and the investor will be entitled to receive a Cash Settlement Amount of \$50.00 per warrant, calculated as follows:

$$\begin{aligned} & \$1,000 \times \text{Index Strike Return} \\ & \$1,000 \times 5.00\% = \$50.00 \end{aligned}$$

In this example, because the Final Level is greater than the Strike Level by only 5.00%, which is less than the Warrant Premium Percentage of 12.05%, the investor's Cash Settlement Amount of \$50.00 per warrant will result in a 58.51% loss of its initial investment of \$120.50.

Example 3: The Final Level of 3,500.00 is the same as the Initial Level. Because the Final Level of 3,500.00 is equal to the Strike Level, the Index Strike Return is 0.00% and the warrants expire worthless. As a result, the investor will lose its entire investment in the warrants.

Example 4: The level of the Index decreases 30.00% from the Initial Level of 3,500.00 to a Final Level of 2,450.00. Because the Final Level of 2,450.00 is less than the Strike Level of 3,500.00, the Index Strike Return is -30.00% and the warrants expire worthless. As a result, the investor will lose its entire investment in the warrants.

Selected Purchase Considerations

- **UNCAPPED APPRECIATION POTENTIAL; LOSS OF ENTIRE INITIAL INVESTMENT IF THE LEVEL OF THE INDEX DOES NOT INCREASE** — The warrants provide exposure to the performance of the Index if the Final Level is greater than the Strike Level by a percentage greater than the Warrant Premium Percentage of 12.05%. For example, if the closing level of the Index increases 30.00% from the Initial Level to the Final Level, investors will receive a Cash Settlement Amount of \$300.00 at expiration, representing a gain of 148.96% of the initial investment of \$120.50. If the Final Level is greater than the Strike Level but by a percentage less than the Warrant Premium Percentage, you will lose some or a significant portion of your initial investment. If the Final Level is less than or equal to the Strike Level, the warrants will expire worthless and you will lose your entire investment in the warrants. Any payment on the warrants at expiration is subject to our ability to satisfy our obligations as they become due. You should read this term sheet carefully and understand the terms of the warrants and the manner in which the Cash Settlement Amount is determined before deciding that an investment in the warrants is suitable for you.
- **THE WARRANTS ARE SUITABLE ONLY FOR INVESTORS WITH OPTIONS-APPROVED ACCOUNTS** — You will not be able to purchase the warrants unless you have an options-approved brokerage account. The warrants involve a high degree of risk and are not appropriate for every investor. You must be able to understand and bear the risk of an investment in the warrants, and you should be experienced with respect to options and option transactions.
- **RETURN LINKED TO THE PERFORMANCE OF THE EURO STOXX 50® INDEX** — The return on the warrants, which may be positive, zero or negative, is linked to the performance of the EURO STOXX 50® Index as described herein. The EURO STOXX 50® Index is composed of the stocks of 50 major companies in the Eurozone. These companies include market sector leaders from within the 19 EURO STOXX® Supersector indices, which represent the Eurozone portion of the STOXX Europe 600® Supersector indices. The STOXX Europe 600® Supersector indices contain the 600 largest stocks traded on the major exchanges of 18 European countries. This is only a summary of the EURO STOXX 50® Index. For more information on the EURO STOXX 50® Index, including information concerning its composition, calculation methodology and adjustment policy, please see the section entitled "The EURO STOXX 50® Index" in the accompanying underlying supplement No. 1 dated October 1, 2012.

- **MINIMUM INITIAL INVESTMENT** — The minimum initial investment is \$10,001.50 or 83 warrants, each with a Notional Amount of \$1,000 (and then in increments of one warrant thereafter), resulting in an aggregate minimum Notional Amount of \$83,000.00.
- **TAX CONSEQUENCES** — In the opinion of our special tax counsel, Davis Polk & Wardwell LLP, the warrants will be treated for U.S. federal income tax purposes as cash-settled options. Generally, (i) you will not recognize taxable income or loss with respect to a warrant prior to its exercise or lapse, other than pursuant to a taxable disposition, and (ii) the gain or loss on your warrant will be capital gain or loss and will be long-term capital gain or loss if you have held the warrant for more than one year.

You should review carefully the section of the accompanying prospectus supplement entitled “United States Federal Income Taxation.” The preceding discussion, when read in combination with that section, constitutes the full opinion of our special tax counsel regarding the material U.S. federal income tax consequences of owning and disposing of the warrants.

Under current law, the United Kingdom will not impose withholding tax on payments made with respect to the warrants.

For a discussion of certain German tax considerations relating to the warrants, you should refer to the section in the accompanying prospectus supplement entitled “Taxation by Germany of Non-Resident Holders.”

You should consult your tax adviser regarding the U.S. federal tax consequences of an investment in the warrants, as well as tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.
