NOTICE OF 2004 ANNUAL MEETING
OF STOCKHOLDERS

To Be Held April 29, 2004

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Maritrans Inc. (the "Company") for use at the 2004 Annual Meeting of Stockholders (the "Meeting") to be held on Thursday, April 29, 2004, at 9:00 a.m., local time, at the Wyndham Harbour Island Hotel, 725 S. Harbour Island Boulevard, Tampa, FL 33602. Each proxy that is properly executed and returned in time for use at the Meeting will be voted at the Meeting and any adjournments or postponements thereof in accordance with the choices specified. Each proxy may be revoked by the person giving the same at any time before its exercise by notice in writing received by the Secretary.

The cost of solicitation of proxies will be borne by the Company. Solicitation will be made by mail. Additional solicitation may be made by means of follow-up letter, telephone or fax by officers and employees of the Company, who will not be specially compensated for such services. Proxy forms and materials also will be distributed to beneficial owners through brokers, custodians, nominees and similar parties, and the Company intends to reimburse such parties, upon request, for reasonable expenses incurred by them in connection with such distribution.

The Proxy Statement and the enclosed Proxy Form are first being mailed to stockholders on or about March 31, 2004. The address of the principal executive offices of the Company is: Maritrans Inc., Two Harbour Place, 302 Knights Run Avenue, Suite 1200, Tampa, FL 33602.

The Company's annual report to stockholders for the year ended December 31, 2003, including audited financial statements, is being mailed to stockholders with this Proxy Statement, but does not constitute a part of this Proxy Statement.

MATTERS TO BE ACTED UPON AT THE MEETING

As indicated in the Notice of Meeting, two directors will be elected at the Meeting to serve for a three-year term. The other five members of the Board, who are not standing for election at the meeting because their terms have not expired, will continue to serve on the Board.

VOTING AT THE MEETING

Holders of the shares of the Company's common stock, \$.01 par value ("Common Stock"), of record at the close of business on March 12, 2004, are entitled to vote at the Meeting. As of close of business on the record date,

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

8,152,381 shares of Common Stock were outstanding. Each stockholder entitled to vote shall have the right to one vote for each share outstanding in such stockholder's name. The presence in person or by proxy of the holders of record of a majority of the shares entitled to vote at the Meeting shall constitute a quorum.

The Company presently has no other class of stock outstanding and entitled to be voted at the Meeting. The holders of a majority of the shares entitled to vote, present in person or represented by proxy, constitute a quorum. A plurality of votes cast at the Meeting is required for the election of each director. The affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote is required to take action with respect to any other matter as may be properly brought before the meeting, unless a different vote is required by law, the Company's Restated Certificate of Incorporation or the Company's By-Laws.

1

With regard to the election of the directors, votes may be cast in favor or withheld. Votes that are withheld will be excluded entirely from the vote and will have no effect.

Brokers that are member firms of the New York Stock Exchange and who hold shares in street name for customers have the authority to vote those shares with respect to the election of the directors if they have not received instructions from a beneficial owner. A failure by brokers to vote shares will have no effect in the outcome of the election of a director, because a director is to be elected by a plurality of the votes cast.

Shares cannot be voted at the Meeting unless the holder of record is present in person or represented by proxy. The enclosed Proxy Form is a means by which a stockholder may authorize the voting of his or her shares at the Meeting. The shares of Common Stock represented by each properly executed Proxy Form will be voted at the Meeting in accordance with each stockholder's directions. Stockholders are urged to specify their choices by marking the appropriate boxes on the enclosed Proxy Form; if no choice has been specified, the shares will be voted as recommended by the Board. If any other matters are properly presented to the Meeting for action, the proxy holders will vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

Execution of the accompanying Proxy Form will not affect a stockholder's right to revoke it by giving written notice of revocation to the Secretary of the Company before the proxy is voted, by voting in person at the Meeting, or by executing a later-dated proxy that is received by the Company before the Meeting.

Your proxy vote is important to the Company. Accordingly, you are asked to complete, sign and return the accompanying Proxy Form, whether or not you plan to attend the Meeting, by Thursday, April 22, 2004. If you plan to attend the Meeting to vote in person and your shares are registered with the Company's transfer agent (American Stock Transfer & Trust Company) in the name of a broker, bank or other custodian, nominee or fiduciary, you must secure a proxy from such person assigning you the right to vote your shares.

COMMITTEES OF THE BOARD OF DIRECTORS

There were four Board of Directors meetings and twelve Board of Directors Committee meetings during 2003. Each director attended 100% of the combined number of meetings of the Board of Directors and Committees thereof on which he served.

The Board of Directors has established standing Audit, Compensation, Finance and Nominating and Corporate Governance Committees. The principal responsibilities of the Committees are described below. Information regarding the members of each Committee is included in the director biographies set forth under "Information Regarding Nominees for Election as Directors and Regarding Continuing Directors."

The Audit Committee presently consists of three non-employee directors: Brent A. Stienecker (Chairman), Frederick C. Haab and William A. Smith. The Audit Committee met six times in 2003 and is required to meet four times annually. The Company's independent auditors attended all Audit Committee meetings. The members are appointed annually by the Company's Board of Directors. The Board of Directors has determined that all members of the Audit

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

Committee are financially literate and that Brent A. Stienecker possesses the accounting and financial management expertise as defined by the New York Stock Exchange listing standards and is the Audit Committee financial expert pursuant to the applicable Securities and Exchange Commission rules. The Committee has responsibility for overseeing the Company's financial reporting process on behalf of the Board of Directors; reviewing the independence of the Company's independent auditors; recommending to the Board of Directors the independent auditors to be retained by the Company; reviewing the audited financial results for the Company; reviewing with the Company's independent auditors the scope and results of their quarterly reviews and annual audits; reviewing with the independent auditors and with Company management the Company's accounting and reporting principles, practices and policies and the adequacy of the Company's accounting, operating and financial methods and controls. The Audit Committee has considered the compatibility of non-audit services with the auditor's independence. The Board of Director's has adopted a written charter for the Audit Committee, which is attached as Appendix A to this Proxy Statement.

The Compensation Committee presently consists of three non-employee directors: Dr. Robert E. Boni (Chairman), Dr. Craig E. Dorman and William A. Smith. The Compensation Committee met five times in 2003 and is required to meet three times annually. The members are appointed annually by the Company's Board of Directors. The primary duties of the Compensation Committee are annually reviewing and recommending to the Board of Directors, for final approval, the total compensation package for all executive officers of the Company (executive

7

officers are defined as the CEO, CFO, Business Leaders and others designated as "Executives" under the Company's incentive compensation plans); annually reviewing and approving the general compensation policy and practice for all other employees of the Company and its subsidiaries; administering the Equity Compensation Plan and the 1999 Directors and Key Employees Equity Compensation Plan; reviewing and monitoring the Company's investment policy and practices with respect to the assets of the Retirement Plan and the Profit Sharing and Savings Plan; determining the contribution to the profit sharing portion of the Profit Sharing and Savings Plan; considering and recommending to the Board of Directors, when appropriate, amendments or modifications to existing compensation and employee benefit programs and the adoption of new plans; evaluating the performance of the Company's Chief Executive Officer against pre-established criteria; reviewing with the Company's Chief Executive Officer the performance of the executive officers who report to him and in conjunction with the Chief Executive Officer, establishing and monitoring the succession plan for executive management; determining the compensation paid to the Board of Directors. In February 2004, the duty of determining the compensation paid to the Board of Directors was moved to the Nominating and Corporate Governance Committee.

The Finance Committee did not meet in 2003. At its last meeting in 1999, the Finance Committee recommended and the Board subsequently adopted a redistribution of the Finance Committee's responsibilities and the suspension of the Committee to avoid redundancies and to streamline the Board processes. The Board implemented the recommendations and now, as a full Board, periodically reviews investment policies and practices and the amounts and nature of financings available to the Company and subsidiaries; monitors the status of existing financings; and considers and implements the dividend policy of the Company. The Board assigned the responsibility of reviewing and monitoring the Company's investment policy and practices with respect to the assets of the

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

Retirement Plan and the Profit Sharing and Savings Plan to the Compensation Committee of the Board.

The Nominating and Corporate Governance Committee presently consists of three non-employee directors: Robert J. Lichtenstein (Chairman), Dr. Craig E. Dorman and Frederick C. Haab. The Nominating and Corporate Governance Committee met twice in 2003 and, beginning in 2004, is required to meet three times annually. The chairman of the Committee must be a non-employee director, as must be a majority of its members. The members are appointed annually by the Company's Board of Directors. The primary duties and responsibilities of the Nominating and Corporate Governance Committee include annually determining and recommending to the Board the slate of nominees to be members of the Board that will be submitted to, and voted upon by, the stockholders; determining and recommending to the Board any individual who is to be elected by the Board as a member to fill a vacancy; annually determining and recommending to the Board those directors who are to serve as members of the various Committees of the Board and recommending the chairman of each of the Committees; periodically considering the size of the Board and, when appropriate, recommending changes to the Board; periodically evaluating the standing Committees of the Board; leading the Board and Committee self-evaluation process and, when appropriate, recommending deletion or creation of additional Committees; and developing and implementing policies and procedures related to corporate governance, including reviewing and monitoring implementation of the Company's Corporate Governance Guidelines. In February 2004, the duty of determining the compensation paid to the Board of Directors was moved to the Nominating and Corporate Governance Committee.

CORPORATE GOVERNANCE

Director Independence

The New York Stock Exchange independence tests state (a) no director qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with the Company that could interfere with the person's ability to exercise independent judgment; (b) a director who is an employee, or whose immediate family member is an executive officer, of the Company is not independent until three years after the end of the employment relationship; (c) a director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the Company, other than directors and committee fees and pension or other forms of deferred compensation for prior service, is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation; (d) a director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company is

not independent until three years after the end of the affiliation or the employment or auditing relationship; (e) a director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee is not independent until three years after the end of such service or employment relationship; and (f) a director who is an executive

officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues, is not independent until three years after falling below such threshold.

The Board of Directors, in applying the above referenced independence tests, has affirmatively determined that the Company's current independent directors are Dr. Robert E. Boni, Dr. Craig E. Dorman, Frederick C. Haab, Robert J. Lichtenstein, William A. Smith and Brent A. Stienecker. As part of the Board's process of making the independence determination, each director provided written assurances that all of the above criteria have been satisfied and he has no other material relationship with the Company that could interfere with his ability to exercise independent judgment. A majority of the Company's Board of Directors have been determined to meet the New York Stock Exchange's standards for independence.

The Company's independent directors held four formal meetings independent from management during 2003. Dr. Robert E. Boni acted as Chairman at the meeting of the independent directors.

- o The Nominating and Corporate Governance Committee considers candidates to be recommended to the stockholders for membership on the Board of Directors as suggested by the existing Board members (including members of the Committee) as well as by management or stockholders. A stockholder who wishes to recommend a prospective nominee for consideration by the Committee must follow the procedures described in the section entitled "Requirements for Advance Notification of Nominees" in this Proxy Statement. Upon identifying a prospective nominee, the Nominating and Corporate Governance Committee makes an initial determination as to whether to conduct a full evaluation of the candidate based on the information provided to the Committee along with the Committee's knowledge of the prospective candidate. The preliminary determination is based on the size, function and needs of the Board. Once the Committee determines that they will proceed with a full evaluation, the Committee assesses the candidate's qualifications in light of the Company's Corporate Governance Guidelines, including each candidate's competency in the following areas: (i) industry knowledge; (ii) accounting and finance; (iii) business judgment; (iv) management; (v) leadership; (vi) business strategy; (vii) crisis management; (viii) corporate governance; and (ix) risk management. If an interview is warranted, either one member of the Committee, the full Committee or the Committee as well as other Board members conduct the interview. Once the evaluation and interview is complete and the Committee has determined that they would like to recommend the candidate, the candidate is recommended to the full Board. The Board will determine the nominees after considering the recommendations of the Committee. The Company does not make any distinction between internally recommended candidates and candidates recommended by stockholders.

Each eligible employee who has completed 1,000 hours of service in an eligibility computation period becomes a participant in the Maritrans Inc. Retirement Plan. The Retirement Plan is a noncontributory defined benefit pension plan under which the contributions are actuarially determined each year. Retirement benefits are calculated, for those employees who commenced participation on or after August 14, 1984, as 48% of the average basic monthly compensation reduced by 1/30th for each year of service at retirement which is under 30 years of service, or for those employees who commenced participation before August 14, 1984, the greater of (i) the foregoing benefit or (ii) 38.5% of average basic monthly compensation reduced by 1/15th for each year of service at retirement which is under 15 years of service. Average basic monthly compensation is determined by averaging compensation for the five consecutive plan years that will produce the highest amount.

Benefits are paid in the form of a joint and survivor annuity for married participants and in the form of a ten-year certain single life annuity for unmarried participants, unless an actuarially equivalent payment option is selected. The preceding "Pension Plan Table" shows estimated annual retirement benefits, payable in the form of a ten-year certain single life annuity, at the normal retirement age of 65 for specified compensation and years of credited service classifications.

The Internal Revenue Code limits annual benefits that may be paid under tax qualified plans. Benefits under the Retirement Plan which exceed such limitations are payable under the Excess Benefit Plan. The Excess Benefit Plan pays a monthly benefit to the participant equal to the amount by which monthly benefits under the Retirement Plan would exceed the Internal Revenue Code

limitations.

Annual compensation taken into account under the foregoing plans in 2003 for the officers listed in the Summary Compensation Table was \$440,000 for Mr. Van Dyck, \$241,154 for Mr. Doherty, \$180,000 for Mr. Hackett, \$180,000 for Mr. Bromfield, and \$315,900 for Ms. Van Dyck. Pension amounts are not subject to reduction for Social Security benefits.

Employment Agreements

On October 5, 1993, the Company entered into an Employment Agreement with Mr. Van Dyck. On April 1, 2003, the contract was amended; the resulting changes are included in the discussion below. The terms of the Employment Agreement continue until written notice of termination is given by one of the parties. The contract provides for a base salary that is set by the Company's Board of Directors and adjusted pursuant to its normal review policies. The Employment Agreement also provides for participation in the Company's cash long-term incentive plan and other benefits in accordance with the Company's current policies for senior executive officers. In addition, the Employment Agreement provides for a Special Retirement Benefit equal to a total of \$300,000 annually under the Company's qualified Retirement Plan and the Excess Benefit Plan. Mr. Van Dyck is eligible for this benefit at age 63, provided he remains an employee until age 63, unless terminated without cause or by reason of disability. A lump sum severance payment equal to 12 months of then base salary plus target incentive compensation would be payable if Mr. Van Dyck is terminated without cause. In the event Mr. Van Dyck is terminated for cause, only such compensation as has already been accrued will be paid. In the event of his termination of employment upon a change of control, the agreement provides for a lump sum payment equal to 12 months of the employee's base compensation (base salary averaged over the prior three years) and a lump sum payment equal to target incentive compensation. In addition, the agreement provides that 24 months base salary (or base compensation, if following a change of control) plus incentive compensation would be payable in exchange for an agreement not to compete. Termination of employment upon a change of control is broadly defined to include involuntary termination as well as constructive termination. Mr. Van Dyck's Employment Agreement provides for payments prescribed under the death benefit plan for its senior executive officers as well as a pro rata portion of the incentive

15

compensation, as well as a \$2.0 million insured death benefit. The Employment Agreement for Mr. Van Dyck also provides for 24 months of base salary plus incentive compensation in the event of disability, which amounts are reduced by any amounts paid under the Company's Long-Term Disability Plan. In return, Mr. Van Dyck promises to hold in confidence confidential information about the Company and its business and not to compete with the Company (or solicit its employees) for two years following termination through any connection with a customer or competitor of the Company in a defined geographical area in which the Company does business.

Severance and Non-Competition Agreements

The Company entered into an Employment, Severance and Non-Competition Agreement with Janice M. Van Dyck. The Company also entered into Severance and Non-Competition Agreements with Philip J. Doherty, Walter T. Bromfield, Stephen M. Hackett, Douglas R. Sparks and Rosalee R. Fortune. The terms of all of the agreements are for two years and are automatically renewed for successive

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

one-year periods unless the Company gives written notice of termination.

Ms. Van Dyck's agreement provides for payment equal to the preceding twelve months salary if she is terminated without cause and payment equal to the preceding twelve months salary in exchange for her agreement not to compete for a 12 month period. In the event of a termination immediately preceding or following a change of control of the Company, her agreement provides for a payment equal to 1.99 times the preceding twelve months salary plus an additional 12 months of the preceding twelve months salary in exchange for her agreement not to compete for 12 months.

Mr. Doherty's and Mr. Bromfield's agreements provide for the payment of 12 months of base compensation if either of them is terminated without cause and an additional 12 months of base compensation in exchange for the agreement not to compete for 12 months. In the event of a termination immediately preceding or following a change of control of the Company, the agreement provides for a lump sum payment equal to base compensation and an additional single sum payment equal to 12 months of base compensation in exchange for the agreement not to compete for 12 months.

Mr. Hackett's agreement provides for the payment of 12 months of base salary if he is terminated without cause and an additional 12 months of base salary in exchange for his agreement not to compete for 12 months. In the event of a termination immediately preceding or following a change of control of the Company, his agreement provides for a lump sum payment equal to 1.99 times the base compensation and an additional 12 months of base compensation in exchange for his agreement not to compete for 12 months.

Mr. Sparks' and Ms. Fortune's agreements provide for the payment of 12 months of base salary if either of them is terminated without cause and in exchange for the agreement not to compete for 12 months. In the event of a change of control of the Company, Mr. Sparks and Ms. Fortune receive a single sum cash payment equal to 12 months of base salary offset by any payments made under the termination provision.

If any individual covered under the above agreements is terminated for cause, only such compensation as has already been accrued will be paid. In return for the compensation outlined above, each individual promises to hold in confidence confidential information about the Company and its business and not to compete with the Company for a year following termination through any connection with a customer or competitor of the Company in a defined geographical area in which the Company does business.

The Committee sets specific limits on the amount of services provided by Ernst & Young LLP the data on which the Company would obtain from Ernst & Young LLP. The Committee has required management to report the specific engagements to the Committee on a quarterly basis and to obtain specific pre-approval from the Committee. Pre-approval may be performed by the full Audit Committee or may be delegated to the Chairman of the Audit Committee with prompt notice given to the other members of the Committee. All fees incurred for 2003 services were approved by the Audit Committee.

Representatives of Ernst & Young LLP are expected to be present at the Meeting and shall have the opportunity to make a statement and to respond to appropriate questions.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Compensation Committee Interlocks and Insider Participation

During fiscal 2003, the members of the Compensation Committee of Maritrans Inc.'s Board of Directors (the "Committee") were responsible for approving all forms of executive compensation. Dr. Robert E. Boni, Dr. Craig E. Dorman and Frederick C. Haab comprised the Committee until May 2003, when the Board's Committees were realigned. William A. Smith, a new director in April 2003, replaced Mr. Haab. None of the Committee members received compensation as an executive officer of the Company during fiscal 2003, and the Board has determined that each member is independent in accordance with the applicable New York Stock Exchange and Securities and Exchange Commission guidelines.

Report of the Compensation Committee on Executive Compensation

I. Compensation Philosophy and Strategy

Maritrans strives to increase its earnings and to enhance stockholder value by assuring an appropriate return on its assets and equity. Three elements of the business strategy critical to achieving growth in earnings are minimizing the financial risks and costs associated with a traditional marine transportation business, operating safely and positioning the Company as a long-term Jones Act carrier.

The business environment in the core business continues to be intensely competitive and subject to many rigid environmental laws and operating

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

regulations. The Company believes that to be successful under these conditions requires great ingenuity, continuous learning and personal dedication in its key employees. Therefore, it is critical that the Company's total compensation program attracts and retains the highest caliber of people necessary to generate success for the Company and its stockholders.

Maritrans' philosophy for its executive compensation programs has been to reward the most relevant factors that drive the return to stockholders. The Board has identified the most important factor to be the achievement of long-term stockholder value.

The Committee and management recognize the need to continuously review the Company's executive compensation program to ensure that it:

- o is effective in driving performance to achieve long-term strategic goals;
- o results in increased stockholder value;
- o is cost effective;
- o balances stockholder interests with employee rewards;
- o is well communicated and understood by program participants; and
- o is competitive with other similar industry organizations.

A review of the Company's executive job documentation was performed by external consultants in 2003. The focus of this study was to ensure that jobs had been properly documented and appropriately evaluated.

19

II. Program Description

A. Total Compensation Approach

Maritrans' compensation strategy is to place between one-quarter and one-half of an executive officer's total compensation at risk in the form of long-term incentives. Under this strategy, executive officers can achieve total compensation levels significantly above the average peer comparison levels when long-term performance significantly exceeds established goals and stockholders are rewarded through stock price growth and dividends. Likewise, total executive officer compensation could fall substantially below average levels when targeted levels of stockholder return are not achieved. Base salaries are set to reflect the performance and experience of the incumbent, and are compared to the seventy-fifth percentile of published survey data. The total compensation opportunity is set not to exceed the seventy-fifth percentile, and the actual award is based on the attainment of personal goals and goals for Company financial performance. In 2003, the Committee maintained its goal of delivering maximum total compensation (base salary plus long-term incentives) at a level not to exceed the seventy-fifth percentile.

B. Base Salaries

Executive officers base salaries are determined according to job responsibilities, strategic contribution level, market compensation data, and performance and experience criteria. In 2003, Mr. Doherty received a base salary increase to accompany his appointment to Chief Executive Officer. Ms. Van Dyck received a base daily rate increase. No other executive officer named in the "Summary Compensation Table" received a base salary increase in 2003. Mr. Van Dyck's and Mr. Doherty's compensation information is available in the "Summary Compensation Table" and is discussed in Section III, "Chairman and the Chief Executive Officer Compensation."

C. Long-Term Incentives

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

Compensation from the Company's incentive plans is based on increasing stockholder value through stock price growth and improving the long-term results of the Company.

The Committee believes that stock ownership by executive officers is important as it aligns a portion of each executive officer's compensation with the economic interest of the stockholders of the Company. To stress the importance of linking executive officer and stockholder interests, the Committee adopted stock ownership requirements for executive officers in 2004. The Stock Ownership Requirements ("SOR") are as follows: Chairman of the Board - 5 times base salary; Chief Executive Officer - 3 times base salary; Chief Financial Officer - 2 times base salary; and Business Leaders - 2 times base salary. Until the executive officer meets the ownership requirement for their respective level, 100% of all restricted stock and stock acquired through stock option exercises must be retained. Executive officers may reach their respective level over a multiple year period. The executive officer stock ownership consists of shares the executive officer purchased directly, shares received under the Company's equity compensation plan and shares obtained through the exercise of stock options (net of shares surrendered to pay the exercise price and/or tax withholding). Once the executive officer has met their SOR as an active employee, they must maintain stock ownership at this level but may sell shares in excess of the ownership requirement in accordance with the Company's insider trading policy.

The Committee believes that stock option grants provide opportunities for capital accumulation, promote long-term retention and foster an executive officer's proprietary interest in the Company. Accordingly, all eligible named executive officers received stock option grants in 2003. Under the stock option plans, options are issued at a price equal to the fair market value of a share on the date of grant, vest in two years, and expire after ten years. The grant of stock options is discretionary, based on the performance of the executive officer in the prior year. For the current option position of each executive officer, refer to the table, "Aggregated Option Exercises in 2003 and 2003 Year-End Options Values". Because the Company and the Committee believe that stock options are a valuable incentive, stock options have, from time to time, been extended to other individuals employed by the Company.

20

The Committee also believes that actual and immediate stock ownership is another integral part of promoting the stockholder economic interest and tying executive compensation directly to the success of the Company. Accordingly, all eligible named executive officers also received restricted stock grants in 2003. The shares were issued at a price equal to the fair market value of a share on the date the stock was granted. Restrictions on these shares lapse on the three-year anniversary of the grant. The grant of restricted stock is discretionary, based on the performance of the executive officer in the prior year. Because the Company and the Committee believe that restricted stock is a valuable incentive, restricted stock has, from time to time, also been awarded to other individuals employed by the Company. All named executives, except for Ms. Van Dyck, are eligible to participate in the stock award program. Effective 2004, Mr. Van Dyck will not participate in the stock award program.

A long-term incentive cash plan was introduced in 2000, and the maximum stock-based incentive opportunity was reduced for executive officers. The three-year plan was tied to financial results in 2000, 2001 and 2002. Fifty percent of the earned cash award was paid to active participants during the

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

fourth quarter of 2002 and the aggregate amount was \$328,180. The remaining fifty percent due was paid to active participants during the first quarter of 2003 and the aggregate amount was \$323,412. A new cycle for the long-term incentive cash plan was implemented in 2003. The three-year plan is tied to cumulative financial results for 2003, 2004 and 2005. All named executives, with the exception of Ms. Van Dyck, are participants in the Plan. Other executive officers, upon approval of the Committee, also participate in this plan.

III. Compensation of the Chairman and the Chief Executive Officer

The salary, restricted stock, option grant, and cash long-term incentive of the Chairman and the Chief Executive Officer are determined by the Committee in conformance with the policies described above. Mr. Van Dyck was paid a base salary in 2003 of \$440,000, which was equal to the base salary he was paid in 2002 and 2001. Accompanying the 2003 change in Mr. Van Dyck's role from Chairman and Chief Executive Officer to Chairman only, Mr. Van Dyck will no longer participate in the stock long-term incentive plans. Mr. Van Dyck continues to participate in the cash-long-term incentive plan.

Mr. Doherty was paid a base salary in 2003 of \$260,000, a thirty-seven percent increase over his 2002 base salary. Mr. Doherty's overall total compensation opportunity increased by fifty-six percent over his 2002 total compensation opportunity. This increase was in recognition of his promotion to Chief Executive Officer effective April 2003. Mr. Doherty participates in the stock and cash long-term incentive plans.

The Committee believes its philosophy of placing a substantial portion of an executive officer's compensation at risk, dependent upon the Company's performance, was achieved.

IV. Internal Revenue Code Considerations

Payments made during 2003 to the Chairman, the Chief Executive Officer and the other named executive officers under the plans discussed above (other than the Equity Compensation Plan) were made without regard to the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended. That section restricts the federal income tax deduction that may be claimed by a "public company" for compensation paid to the chief executive officer and any of the four most highly compensated other officers to \$1.0 million except to the extent that any amount in excess of such limit is paid pursuant to a plan containing a performance standard or a stock option plan that meets certain requirements. Stock option and restricted stock grants to the Chief Executive Officer were made under the stock option plan which was approved by stockholders in April 1994, and amended and restated in May 1997, and the stock options (but not the restricted stock) meet the requirements of Section 162(m). Certain stock option and restricted stock grants to other named officers were made under a stock option plan that was approved by the Board of Directors but not the stockholders. While stock grants will not qualify for an exception under Section 162(m), the compensation of these officers, including expected option values, is unlikely to approach the deductible limit. Accordingly, the Committee does not believe that the provisions of Section 162(m) will have any adverse effect on the Company.

Respectfully Submitted,
Compensation Committee of the Maritrans Inc. Board of Directors

Dr. Robert E. Boni, Chairman
Dr. Craig E. Dorman

CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF MARITRANS INC.

I. Purpose

The Audit Committee (the "Committee") of the Board of Directors (the

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

"Board") of Maritrans Inc. (the "Company") is appointed by, and generally acts on behalf of, the Board. The Committee's purposes shall be:

- A. To assist the Board in its oversight of (1) the integrity of the Company's financial statements; and (2) the Company's compliance with legal and regulatory requirements;
- B. To interact directly with and evaluate the performance of the independent auditors, including determining whether to engage or dismiss the independent auditors and to monitor the independent auditors' qualifications and independence;
- C. To interact directly with and evaluate the performance of the internal auditor service providers, including to determine whether to engage or dismiss the providers and to monitor the providers qualifications and independence; and
- D. To prepare the report required by the rules of the Securities and Exchange Commission (the "SEC") to be included in the Company's proxy statement.

Although the Committee has the powers and responsibilities set forth in this Charter, the role of the Committee is oversight. The members of the Committee are not full-time employees of the Company and may or may not be accountants or auditors by profession or experts in the fields of accounting or auditing and, in any event, do not serve in such capacity. Consequently, it is not the duty of the Committee to conduct audits, to independently verify management's representations, or to determine that the Company's financial statements are complete and accurate, prepared in accordance with generally accepted accounting principles ("GAAP"), or fairly present the financial condition, results of operations, and cash flows of the Company in accordance with GAAP. These are the responsibilities of management and the independent auditors. The Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with GAAP, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, or that the Company's independent auditors are in fact "independent."

II. Membership

- A. The Committee shall be composed of at least three directors, each of whom must be independent. A director shall qualify as independent if the Board has affirmatively determined that the member has met the independence criteria set forth in the Company's Corporate Governance Guidelines. In addition, members of the Committee must also satisfy the following additional requirements in order to be independent:
 - 1. No Committee member or immediate family member of such Committee member may be an affiliated person of the Company or any of its subsidiaries, as that term is defined by the SEC; and
 - 2. No Committee member shall accept, directly or indirectly, any consulting, advisory, or other compensatory fees from the Company or any of its subsidiaries, except for fees for services as a director and member of the Audit Committee and any other Board committee.

- B. All members of the Committee must be financially literate or become financially literate within a reasonable time after appointment to the Committee. At least one member shall have accounting or related financial management expertise. To the extent possible, at least one member of the Committee shall be an "audit committee financial expert" as that term is defined by the SEC.
- C. The members of the Committee shall be nominated by the Nominating and Corporate Governance Committee and appointed by a majority of the Board for one-year terms. The Nominating and Corporate Governance Committee shall recommend, and the Board shall designate, one member of the Committee to serve as Chairperson. The members of the Committee shall serve until their resignation, retirement, or removal by the Board or until their successors shall be appointed. No member of the Committee shall be removed except by majority vote of the independent directors of the full Board then in office.
- D. Generally, no member of the Committee may serve simultaneously on the audit committees of more than three public companies without a specific Board determination that such simultaneous service will not impair the ability of such Committee member to serve on the Committee.

III. Meetings and Procedures

- A. The Committee shall meet as often as it may deem necessary and appropriate in its judgment, but in no event less than four times per year. A majority of the members of the Committee shall constitute a quorum.
- B. The Committee shall meet with the independent auditors, the senior personnel providing the Company's internal audit services, and management in separate meetings, as often as it deems necessary and appropriate in its judgment.
- C. The Chairperson of the Committee or a majority of the members of the Committee may call a special meeting of the Committee.
- D. The Committee may request that any directors, officers, or employees of the Company, or other persons whose advice and counsel are sought by the Committee, attend any meeting to provide such information as the Committee requests.
- E. The Committee shall fix its own rules of procedure, which shall be consistent with the Bylaws of the Company and this Charter.
- F. The Committee shall report to the Board on the matters discussed at each meeting of the Committee, including describing all actions taken by the Committee at the meeting.
- G. The Committee shall keep written minutes of its meetings,

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

which minutes shall be maintained with the books and records of the Company.

- H. The Committee may delegate authority to one or more members of the Committee where appropriate, but no such delegation shall be permitted if the authority is required by a law, regulation, or listing standard to be exercised by the Committee as a whole.
- I. The Committee shall have the authority to obtain advice and assistance from internal and external legal, accounting and other advisors, and the Company shall provide appropriate funding for the Committee to retain any such advisors without requiring the Committee to seek Board approval.
