A copy of the March 15, 2005 Press Release and accompanying financial statements is attached hereto

Edgar Filing: CAMBREX CORP - Form 8-K

as Exhibit 99.1

The financial information contained in this report and the press release attached as Exhibit 99.1 is unaudited, subject to revision and should not be considered final until the Annual Report on Form 10-K is filed. ITEM 4.02 NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETED INTERIM REVIEW

All amounts below are in thousands of dollars except earnings per share figures.

As previously announced in the Company's press release dated January 27, 2005, in the course of preparing the 2004 financial results for the fiscal year ended December 31, 2004, Cambrex Corporation (the "Company") identified certain potential adjustments, which were under review by the Company at the time of the January 27, 2005 press release. Subsequent to January 27, 2005 the Company identified additional potential adjustments, and on March 11, 2005 concluded, in accordance with the materiality guidelines set forth in Staff Accounting Bulletin No. 99, to restate the previously reported results for the quarterly periods ending March 31, June 30 and September 30, 2004, as well as the results reported in its January 27, 2005 press release.

Management of the Company and its independent registered public accountant met with the Audit Committee of the Board of Directors of the Company to discuss management's conclusion. The Audit Committee concurred with the conclusion to restate the Company's financial statements for the quarters ended March 31, 2004, June 30, 2004 and September 30, 2004. As a result of the Company's decision to restate the previously reported interim periods, the Company's quarterly reports for the quarters ending March 31, June 30 and September 30, 2004 should no longer be relied upon.

The adjustments principally relate to amortization of leasehold improvements, employee benefit accruals, inventory, and taxes that impacted prior years and prior quarters within 2004. The aggregate impact of the prior years' adjustments was a reduction to net income of \$243 and is not considered material to any period prior to 2004. As such, the \$243 reduction to net income related to prior years will be included in the results of the first quarter of 2004. After including the prior years' adjustment in the first quarter, the impact on net income for the first, second, and third quarters of 2004 was a decrease of \$258, an increase of \$178, and a decrease of \$718, respectively. The Company will restate the results of the first three quarters of 2004 to reflect these adjustments within the Company's Report on Form 10-K for the year ended December 31, 2004 and the Company will file amendments to the quarterly reports for the quarters ending March 31, 2004, June 30, 2004, September 30, 2004 in the near future.

The schedule below summarizes the impact of the adjustments for each of the previously reported quarters of 2004.
