Dear Shareholder:

You are invited to Arrow's Annual Meeting of Shareholders, on Friday, May 2, 2008, at the Grand Hyatt New York, 109 East 42nd Street, New York, New York at 11:00 a.m. The formal notice of the meeting and the proxy statement soliciting your vote at the meeting appear on the following pages.

The three matters being put to a vote at the meeting are the election of directors, a proposal to ratify the appointment of our independent registered public accounting firm, and a proposal to authorize an increase in the number of shares which can be issued under the company's Omnibus Incentive Plan. These matters are discussed more fully in the proxy statement.

Arrow's Board of Directors recommends the approval of the proposals as being in the best interests of Arrow, and urges you to read the proxy statement carefully before you vote. Your vote is important, regardless of the number of shares you own.

Under the rules recently adopted by the Securities and Exchange Commission, we are now furnishing proxy materials to our shareholders online, rather than mailing printed copies of those materials to each shareholder. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one. The Notice includes instructions on how to access and review the materials, and how to access your proxy card and vote, online. If you received the Notice and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice.

Please make sure you vote whether or not you plan to attend the meeting. You can cast your vote at the meeting, by mailing your proxy card in the postage-paid return envelope, by telephone or online by following the instructions on either the proxy card or the Notice of Internet Availability.

Sincerely yours,

William E. Mitchell

**PROXY STATEMENT
in connection with the
2008 Annual Meeting of Shareholders**

The Purpose of this Statement

The Board of Directors of Arrow Electronics, Inc., a New York corporation (Arrow or the company), is furnishing this proxy statement to all shareholders of record to solicit proxies to be voted at the 2008 Annual Meeting of Shareholders, and any adjournments of the meeting. By returning the completed proxy card, or voting over the telephone or internet, you are giving instructions on how your shares are to be voted at the Annual Meeting.

Invitation to the Annual Meeting

You are invited to attend the 2008 Annual Meeting of Shareholders on Friday, May 2, 2008, beginning at 11:00 a.m. The meeting will be held at the Grand Hyatt New York, 109 East 42nd Street, New York, New York 10017.

Voting Instructions

Please complete, sign, and date your proxy card and return it promptly in the postage-paid return envelope provided, or vote your shares by telephone or through the internet. Whether or not you plan to attend the meeting, your prompt response will assure a quorum and reduce solicitation expense.

Shareholders Entitled to Vote

Only shareholders of Arrow s common stock at the close of business on March 12, 2008 (the record date) are entitled to notice of and to vote at the meeting or any adjournments thereof. As of the record date, there were 125,068,705 shares of Arrow common stock outstanding. Each share of common stock is entitled to one vote on each matter properly brought before the meeting.

Table of Contents**Revocation of Proxies**

The person giving the proxy may revoke it at any time prior to the time it is voted at the meeting by giving written notice to Arrow's Secretary. If the proxy was given by telephone or through the internet, it may be revoked in the same manner. You may also revoke your proxy by attending the Annual Meeting and voting in person, though merely attending the Annual Meeting will not automatically revoke your proxy.

Cost of Proxy Solicitation

Arrow pays the cost of soliciting proxies. Arrow has retained D.F. King & Co., Inc. to assist in soliciting proxies at an anticipated cost of \$10,500 plus expenses. Arrow may also request brokers and other nominees holding Arrow common stock to forward soliciting materials to the beneficial owners of that stock and will reimburse them for their expenses in so doing.

Michael J. Long was appointed Arrow's President and Chief Operating Officer, and a member of the Board of Directors in February 2008. His biography follows under Proposal 1, Election of Directors.

PROPOSAL 1: ELECTION OF DIRECTORS

Each member of the Board of Directors of Arrow (the Board) is to be elected at the meeting to hold office until the next Annual Meeting of Shareholders and until his or her successor has been duly elected and qualified. By resolution of all the current directors, the Board will consist of twelve directors unless and until that number is changed by a resolution of the then current Board. Shareholder proxies solicited under this proxy statement cannot be voted for more than twelve directors.

The Board of Directors recommends a vote for all of the nominees.

Table of Contents

Nominees receiving a plurality of votes cast at the meeting will be elected directors. Consequently, any shares not voted (whether by abstention or broker non-votes) have no effect on the election of directors.

Management does not contemplate that any of the nominees will be unable or unwilling to serve as a director, but should that happen prior to the voting of the proxies, the persons named in the accompanying proxy reserve the right to substitute another person of their choice when voting at the meeting.

Committees**

The **audit committee** reviews and evaluates Arrow's financial reporting process and other matters including its accounting policies, reporting practices, and internal accounting controls. The committee also monitors the scope and reviews the results of the audit conducted by Arrow's independent registered public accounting firm. The committee reviews with the internal audit department the status and results of the annual internal audit plan, assessments of the

adequacy and effectiveness of internal controls, and the sufficiency of the department's resources. The Board has determined that Mr. Patrick is an audit committee financial expert as defined by the SEC. In light of the possibility that Mr. Patrick might at some time be unable to attend a meeting of the committee, the Board has also determined that Mrs. Keeth qualifies as an audit committee financial expert.

Table of Contents

The **compensation committee** is responsible for developing and reviewing Arrow's executive compensation philosophy. It implements that philosophy through compensation programs and plans designed to further Arrow strategy, drive long-term profitable growth and increase shareholder value. The committee reviews and approves the corporate goals and objectives relevant to executive compensation, and, subject to review and ratification by the other independent members of the Board, reviews and approves the base salary, annual incentives, performance and stock-based awards and retirement and other benefits for the Chief Executive Officer and the company's other principal executives.

Compensation committee meetings are regularly attended by the company's Chief Executive Officer, the General Counsel (who also serves as secretary), the Senior Vice President of Human Resources, and, as required, the Chief Financial Officer. Each of the management attendees provides the committee with his or her specific expertise and the business and financial context necessary to understand and properly target financial and performance metrics. None of the members of management has, or is delegated, any decision-making authority as to the compensation of the company's executive officers, and none of the management invitees are present during the committee's deliberations regarding their compensation.

The committee meets regularly to review and manage compensation, review executive-level hiring, retention, and termination arrangements, and a number of related issues. In 2007, these included:

Approving the prior year (2006) bonuses, performance share awards and equity grants;

setting the Employee Share Ownership Plan (the ESOP) share pool;

reviewing and approving all compensation plan metrics, goals and targets, and Chief Executive Officer non-financial incentive goals for 2007;

reviewing the annual report on the performance of the company's Pension Investment and Oversight Committee;

reviewing the committee's charter;

reviewing the Compensation Discussion and Analysis regarding 2006 and confirming the committee's Report to Shareholders;

receiving advice concerning legislative developments regarding compensation;

reviewing the performance of the compensation consultant; and

conducting the annual committee self-assessment.

The committee's consideration of the performance and compensation of the Chief Executive Officer is conducted in executive session. The committee reviews and approves corporate goals and objectives relevant to the Chief Executive Officer's compensation and evaluates the Chief Executive Officer's performance and the performance of the company itself in light of those goals and objectives.

Under its charter, the committee may delegate its authority to a subcommittee consisting of one or more members.

Table of Contents

In 2007, the committee directly engaged Pearl Meyer & Partners as a consultant to examine and report exclusively to the committee on best practices in the alignment of compensation programs for the Chief Executive Officer and other members of senior management with corporate goals by providing competitive and benchmarking data, analyses, and recommendations with regard to plan design and target compensation. Pearl Meyer & Partners does not provide any other services to the company.

Prior to the retention of Pearl Meyer & Partners, the committee had directly engaged Hewitt Associates as its executive compensation consultant to report exclusively to the committee on such matters. It acted in that capacity with respect to 2007 compensation until the engagement of Pearl Meyer & Partners. Hewitt Associates also provided, and continues to provide, services to management, and not the committee, unrelated to executive compensation, including health care benefits consulting and administrative and actuarial support for certain company benefit plans.

The committee operates under the Compensation Committee Charter, a copy of which is available at the investor relations section of the company's website, www.arrow.com.

The **corporate governance committee** has primary responsibility for developing the corporate governance guidelines for Arrow and for making recommendations with respect to committee assignments and other governance issues. The committee regularly reviews and makes recommendations to the Board regarding the compensation of non-employee directors.

The committee will consider shareholder recommendations of nominees for membership on the Board as well as those recommended by current directors, company officers, employees, shareholders, and others. Such recommendations may be submitted to Arrow's Secretary, Peter S. Brown, at Arrow Electronics, Inc., 50 Marcus Drive, Melville, New York, 11747, who will forward them to the committee. The committee's expectations as to the specific qualities and skills required for directors are set forth in Section 4 of Arrow's corporate governance guidelines (available at the investor relations section of the company's website, www.arrow.com.)

The committee's initial review of the potential candidate is typically based on any written materials provided to the committee. In connection with the evaluation of potential nominees, the committee determines whether to interview the nominee, and if warranted, the committee, the Chairman of the Board and Chief Executive Officer, the Lead Director and others as appropriate, interview the potential nominees. The committee has retained the services of a third-party executive recruitment firm to assist committee members in the identification and evaluation of potential nominees for the Board.

Independence

The company's corporate governance guidelines provide that the Board should consist primarily of independent, non-management directors. For a director to be considered independent under the guidelines, the Board must determine that the director does not have any direct or indirect material relationship with the company and that he or she is not involved in any activity or interest that might appear to conflict with his or her fiduciary duties to the company.

To be deemed independent, a director must also meet the independence standards in the New York Stock Exchange listing rules, which require that neither such a director nor any member of his or her immediate family:

- i) is, or has been within the last three years, an officer or employee of the company;
- ii) received more than \$100,000 from the company (except for director or committee fees) during any twelve-month period in the last three years;

Table of Contents

- iii) is employed by or a partner in the company's independent registered public accounting firm (or, if a former employee or partner, has worked on the audit of the company within the past three years);
- iv) is or has been at any time in the last three years, an executive officer of another company where any of Arrow's executive officers serves as a member of such other company's board of directors and compensation committee; and
- v) is an employee (or, in the case of a family member, an executive officer) of a company which has made payments to or received payment from Arrow in excess of the larger of \$1 million or 2% of such other company's consolidated gross revenues in any of the last three fiscal years.

In addition to applying these guidelines, the Board will consider all relevant facts and circumstances in making an independence determination. In making this determination regarding Mr. Hill, the Board considered that Mr. Hill is an independent director of LSI Corporation, a semiconductor manufacturer for which the company is an authorized distributor. In 2007, the company purchased approximately \$100,000,000 of LSI products worldwide, an amount equal to approximately 3.8% of LSI's total sales. In addition to the immateriality of the amount of company sales involved, the Board determined that this relationship did not impair Mr. Hill's independence because he is an independent director of LSI, and receives compensation from LSI only in connection with his services as such. In addition, Novellus Systems, Inc., of which Mr. Hill is Chairman and Chief Executive Officer, purchased less than \$50,000 of product from Arrow in 2007.

The Board has determined that all of its directors and nominees, other than Mr. Mitchell and Mr. Long, satisfy both the New York Stock Exchange's independence requirements and the company's guidelines.

As required by the company's corporate governance guidelines and the New York Stock Exchange's listing rules, all members of the audit, compensation and corporate governance committees are independent, non-management directors.

No member of the compensation committee is a present or former employee of the company, except for Mr. Duval, who served as interim Chief Executive Officer from September 2002 to February 2003, and Mr. Waddell, who served as Chief Executive Officer of the company until December 1986 and Executive Chairman of the company until May 1994. Under the rules of the New York Stock Exchange, neither Mr. Duval's interim service nor Mr. Waddell's prior service alter their respective status as independent, non-management directors. No member of the compensation committee is an employee or director of any company where any employee or director of Arrow serves on the compensation committee.

All members of the audit committee also satisfy an additional SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from Arrow or any of its subsidiaries other than their directors' compensation.

Meetings and Attendance

In general, it is the practice of the Board for all of its non-management directors to meet in executive session at each Board meeting, with the Lead Director presiding. Consistent with Arrow's corporate governance guidelines, in 2007 these non-management director meetings included one under the guidance of the Chair of the compensation committee to evaluate the performance of the Chief Executive Officer and one under the guidance of the Chair of the corporate governance committee to discuss senior management development and succession.

Table of Contents

During 2007 there were 9 meetings of the Board, 9 meetings of the audit committee, 10 meetings of the compensation committee, and 3 meetings of the corporate governance committee. All directors attended 75% or more of all of the meetings of the Board and the committees on which they served. It is the policy of the Board that all of its members attend the Annual Meeting of Shareholders absent exceptional cause, and all the members of the Board did so in 2007 but for one member who was absent as a result of a family medical matter.

The independent members of the Board (that is, all members except Messrs. Mitchell and Long) receive the following fees:

Annual Fee	\$ 50,000
Annual fee for each Board or committee meeting attended	\$ 2,000
Annual fee for service as committee chair	\$ 10,000
Additional annual fee for service as compensation or audit committee chair from and after the 2008 Annual Meeting	\$ 5,000

Under the terms of the Non-Employee Director Deferral Plan, non-employee directors may defer the payment of all or any portion of their annual retainers and meeting fees until the end of their service on the Board. Unless a different amount is chosen by the director, 50% of the director's annual retainer fee is deferred and converted to units of Arrow common stock. When the director leaves the Board, each whole stock unit credited to his or her account will be settled with the issuance of one share of common stock. Other amounts that are deferred may be invested for the benefit of the director, or should a director so choose, be converted into the stock units. The units held by each director are included under the heading "Common Stock Units" in the Shares of Common Stock Beneficially Owned table above. The amounts deferred by each director for 2007 are included under the heading "Fees Earned or Paid in Cash" on the Directors Compensation table above.

Each non-employee director receives an annual grant of restricted stock units valued at \$60,000, (\$90,000 from and after the 2008 Annual Meeting) based on the fair market value of Arrow common stock on the date of grant. Based on the closing market price of \$40.60 on May 8, 2007, the 2007 grant resulted in 1,477.83 restricted stock units being awarded to each director. The units vest on the first anniversary of the grant date, but are not transferable into Arrow common stock, salable or available to be used as collateral until one year after the director leaves the Arrow Board, when each vested unit is settled with the issuance of one share of Arrow common stock.

For his service as Lead Director, Mr. Duval received an additional grant of restricted stock units valued at \$30,000 (738.92 units in 2007, based on the grant-date closing market price of \$40.60.)

Neither Mr. Mitchell nor Mr. Long receive regular compensation for Board service.

Shareholders and other interested parties who wish to communicate with the Chairman of the Board or any of the non-management members of the Board may do so by submitting such communication to Arrow's Secretary, Peter S. Brown, at Arrow Electronics, Inc., 50 Marcus Drive, Melville, New York 11747, who will present any such communication to the directors.

REPORT OF THE AUDIT COMMITTEE

The audit committee represents and assists the Board by overseeing the company's financial statements and internal controls; the independent registered public accounting firm's qualifications and independence; and the performance of the company's internal audit function and of its independent registered public accounting firm. The committee operates under the Audit Committee Charter, a copy of which is available at the investor relations section of the company's website, www.arrow.com.

The audit committee currently consists of six directors, all of whom are independent in accordance with New York Stock Exchange listing standards and other applicable regulations. The Board has determined that Mr. Patrick is an audit committee financial expert as defined by the SEC. In light of the possibility that Mr. Patrick might at some time be unable to attend a meeting of the committee, the Board has also determined that Mrs. Keeth qualifies as an audit committee financial expert.

Company management has the primary responsibility for financial statements and for the reporting process, including the establishment and maintenance of Arrow's systems of internal controls over financial reporting. The company's independent registered public accounting firm is responsible for auditing the financial statements prepared by management, expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, and auditing the company's internal controls over financial reporting.

In fulfilling its oversight responsibilities, the audit committee reviewed and discussed with both management and the independent registered public accounting firm the company's quarterly earnings releases, quarterly reports on Form 10-Q and the 2007 Annual Report on Form 10-K. Such reviews included a discussion of critical or significant accounting policies, the reasonableness of significant judgments, the quality (not just the acceptability) of the accounting principles, the reasonableness and clarity of the financial statement disclosures, and such other matters as are required to be reviewed with them under the standards promulgated by the Public Company Accounting Oversight Board. Also discussed with both management and the company's independent registered public accounting firm were the design and efficacy of the company's internal controls over financial reporting.

In addition, the audit committee received from and discussed with representatives of the company's independent registered public accounting firm the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and considered the compatibility of non-audit services rendered to Arrow with the auditors' independence. The committee also discussed with the independent registered public accounting firm those matters required to be considered by Statement on Auditing Standards No. 114 (The Auditor's Communication with Those Charged with Governance.)

The audit committee also discussed with the independent registered public accounting firm and Arrow's internal audit group the overall scope and plans for their respective audits. The committee periodically met with the independent registered public accounting firm and the internal audit group, with and without management present, to discuss the results of their

Table of Contents

examinations, their evaluations of Arrow's internal controls, and the overall quality of Arrow's financial reporting.

In reliance on these reviews and discussions, the audit committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2007 for filing with the SEC.

PRINCIPAL ACCOUNTING FIRM FEES

The aggregate fees billed by Arrow's principal accounting firm, Ernst & Young LLP, for auditing the annual financial statements and the company's internal controls over financial reporting under Section 404 of the Sarbanes-Oxley Act and related regulations included in the Form 10-K, the reviews of the quarterly financial statements included in the Forms 10-Q, statutory audits, assistance with and review of documents filed with the SEC and consultations on various accounting and reporting matters for each of the last two fiscal years are set forth as Audit Fees in the table below.

Also set forth for the last two fiscal years are audit-related fees. Such fees are for services rendered in connection with business acquisitions, employee benefit plan audits, and other accounting consultations. Tax fees relate to assistance in tax return preparation and tax audits, and tax interpretation and compliance, in various tax jurisdictions around the world. Ernst & Young did not provide any services related to financial information systems design or implementation or personal tax work or other services for any of the company's executive officers or members of the Board of Directors.

	2007	2006
Audit Fees	\$ 7,359,840	\$ 6,378,810
Audit-Related Fees	126,775	219,110
Tax Return and Compliance Fees	445,706	505,098
Other Tax Related Fees	288,372	358,005
Total	\$ 8,220,693	\$ 7,461,023

The amounts in the table above do not include fees charged by Ernst & Young to Marubun/Arrow, a joint venture between the company and the Marubun Corporation, which totaled \$232,946 (audit-related fees) and \$1,766 (tax fees) in 2007, and \$194,441 (audit-related fees) and \$12,662 (tax fees) in 2006.

Consistent with the audit committee charter, all audit, audit-related, tax return and compliance and other tax related services were pre-approved by the audit committee, or by a designated member thereof. The committee has determined that the provision of the non-audit services described above is compatible with maintaining Ernst & Young's independence.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF AUDITORS

Shareholders will be asked to ratify the appointment of Ernst & Young as Arrow's independent registered public accounting firm for 2008. Arrow expects that representatives of Ernst & Young will be present at the meeting with the opportunity to make a statement if they desire to do so and that they will be available to answer appropriate inquiries raised at the meeting.

The Board recommends that the shareholders vote for the ratification of the appointment of Ernst & Young LLP.

**PROPOSAL 3: PROPOSAL TO AMEND THE ARROW ELECTRONICS, INC.
2004 OMNIBUS INCENTIVE PLAN**

The Board believes that the future growth and profitability of Arrow depends, in large measure, on its ability to retain and motivate outstanding employees, advisors, consultants and others providing services to the company. To further this goal, in 2004 the Board adopted an Omnibus Incentive Plan (the Plan), which was approved by Arrow's shareholders in May 2004.

The Plan provides the compensation committee of the Board the ability to provide a wide variety of compensation and incentive vehicles. Key among these are the equity-based programs: incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock and restricted stock units, performance units and performance shares. Equity-based compensation is critical to the company's effort to insure that the interests of its managers are aligned with the interests of its shareholders and to focus its managers' efforts on the creation of long-term value.

The number of shares which remain available for issuance under the Plan after giving effect to all grants through February 29, 2008, is 1,829,078, and that number may only be increased by vote of Arrow shareholders. At current and projected rates of utilization, without an increase there will be insufficient shares available to meet the company's needs with respect to grants and awards expected to be made early in 2009, prior to the company's annual meeting of shareholders for that year.

In light of the continued growth of the company and the importance of the share-based incentive vehicles facilitated by the Plan, and in order for Arrow to have a sufficient amount of shares available for future grants, on February 27, 2008, the Board approved an amendment to the Plan, subject to shareholder approval, which increased the aggregate number of shares of Arrow common stock (Shares) available for issuance to plan participants by 5,000,000 shares.

The principal provisions of the Plan are summarized below, and the complete text of the Plan is attached as Annex A. Both the summary and the complete text reflect the amendment for which approval is sought; the summary under the heading Plan Share Limits and the full text at section 4.1.

SUMMARY DESCRIPTION OF THE PLAN

Purpose of the Plan

The Plan is intended to strengthen the company's ability to attract, motivate and retain the employees, directors, and third-party service providers upon whose judgment, initiative and efforts the financial success and growth of the company largely depends, and to provide additional incentive for such individuals through stock ownership and other rights that promote

Table of Contents

and recognize the successful efforts of these individuals and thereby enhance shareholder value.

Duration

The Plan became effective on May 22, 2004, when Arrow's shareholders approved the Plan, and will terminate on May 22, 2014 unless sooner terminated by the committee. Any award granted prior to Plan termination will remain outstanding post-termination in accordance with the applicable terms and conditions of the Plan and the award.

Administration

The committee is responsible for administering the Plan and has the discretionary power to interpret it and any Plan-related documentation, to determine eligibility for awards and the terms and conditions of awards, and to adopt rules, regulations, forms, instruments, and guidelines. Determinations of the committee made under the Plan are final and binding. The committee may delegate administrative duties and powers to one or more of its members or to one or more officers, agents, or advisors. The committee may also delegate to one or more company officers the power to designate employees (other than executive officers of the company) and third-party service providers to be recipients of awards and the amount of such awards. Only the full Board may determine the type and amount of compensation granted under the Plan to the company's non-employee directors.

Plan Share Limits

The maximum number of shares of common stock originally authorized to be issued under the Plan was 8,300,000, subject to adjustment upon the occurrence of various corporate events as described in the Plan. The total number included 4,096,869 shares authorized under the Plan upon its adoption in 2004 and 4,203,131 shares that were then available under the company's various prior plans. Of the total originally authorized, only 1,829,078 shares remain available for grant as of February 29, 2008.

The proposed amendment to the Plan adds an additional 5,000,000 shares with respect to which grants may be made. Also available will be any of the shares currently subject to awards granted under the Plan and the prior plans which cease to be subject to such awards for any reason other than exercise for, or settlement in, shares.

Generally, shares are counted against the authorization only to the extent they are actually issued. Restricted stock and performance shares, as described below, count against the authorization at a rate of 1.69:1; each share issued under all other awards count against the authorization at a rate of 1:1. Shares which are the subject of awards that terminate by expiration, forfeiture, cancellation, or otherwise, or are settled in cash in lieu of shares, or exchanged for awards not involving shares, shall again be available for grant, including those awards granted under prior plans. Also, if the option price or tax withholding requirements of any award are satisfied by tendering shares to the company, or if a Stock Appreciation Right (SAR) is exercised, only the number of shares issued, net of the shares tendered, will be deemed issued under the Plan. The maximum number of shares shall not be reduced to reflect dividends or dividend equivalents that are reinvested into additional shares or credited as additional restricted stock, restricted stock units, performance shares, or other stock-based awards, but may be adjusted by the committee to reflect certain corporate events or transactions.

Table of Contents

Participant Award Limits

Under the Plan, participants may receive a) stock options, b) SARs, c) restricted stock or restricted stock units, d) performance units or performance shares, e) other stock-based awards, f) cash-based awards and g) covered employee annual incentive awards. The Plan imposes annual per-participant award limits on such awards. For each of the stock-based awards (a to e above), the maximum award to any participant (other than a non-employee director) in any calendar year is 500,000 shares (or the cash value of 500,000 shares at the time of vesting or payout, if applicable) plus any unused annual limit from prior years. For each of the cash-based awards (f and g above), the maximum amount awarded or credited to any participant in any year may not exceed \$5,000,000 (determined as of the date of vesting or payout) plus the amount of any unused annual limit from prior years.

The maximum number of shares of common stock of the company that may be issued to each non-employee director is 400,000 shares, and no non-employee director may receive an award for more than 20,000 shares in any calendar year, or 40,000 shares for a non-employee director serving as chairman. However, in the year in which a new non-employee director joins the Board, he or she may receive an award covering no more than an additional 40,000 shares. The number and kind of shares that may be issued, the number and kind of shares subject to outstanding awards, the option price or grant price applicable to outstanding awards, the annual per-participant award limits, and other value determinations and terms of awards are subject to adjustment by the committee to reflect stock dividends, stock splits, reverse stock splits, and other corporate events or transactions, including without limitation distributions of stock or property other than normal cash dividends. The committee shall also, as it deems necessary or appropriate, make adjustments to reflect unusual or non-recurring events.

Eligibility and Participation

The committee may select from and grant awards to employees and third party service providers of the company, its subsidiaries and its affiliates. Awards to non-employee directors will be made by the Board. In addition to the ten non-employee directors, there are approximately 12,600 employees of the company eligible to receive grants under the Plan. While the number of eligible third party service providers is not determinable, none have received any awards under the Plan.

Stock Options

The committee may grant both incentive stock options (ISOs) and non-qualified stock options (NQSOs) under the Plan. ISOs may be granted only to employees of the company, its subsidiaries and its affiliates. The exercise price for options cannot be less than the fair market value of Arrow's common stock on the date of grant. The options may have terms of up to ten years from grant. The exercise price may be paid with cash, with previously acquired shares of common stock, or by other means approved by the committee. The committee may substitute SARs for outstanding stock options. The maximum number of shares pursuant to stock options that can be issued under the Plan is 13,300,000, plus forfeitures, subject to adjustment upon the occurrence of various corporate events.

Stock Appreciation Rights

The committee may grant SARs under the Plan either alone or in tandem with stock options on such terms and conditions as they may determine. The grant price of a SAR cannot be less than the fair market value of the common stock at the time of grant. The grant price and term of

Table of Contents

a tandem SAR will be the same as the price and term of the option with which it was granted. SARs may have terms of up to ten years from grant.

Freestanding SARs may be exercised on such terms as the committee determines. Tandem SARs may be exercised by relinquishing the related portion of the tandem option. Upon exercise of a SAR, the holder will receive cash, shares of common stock, or a combination of the two, as determined by the committee, equal in value to the difference between the fair market value of the common stock subject to the SAR at the exercise date and the grant price.

Restricted Stock and Restricted Stock Units

The committee may award restricted stock and restricted stock units, subject to vesting schedules and limitations on transfer and such other restrictions as the committee may determine. A holder of restricted stock is a shareholder, entitled to dividend and voting rights, whereas the holder of a restricted stock unit may be entitled to dividend equivalents, but will not have voting rights.

Performance Unit and Performance Shares

Performance unit and performance share awards may be granted under the Plan. Performance unit awards have an initial value determined by the committee, while performance shares will have an initial value based on the fair market value of the stock on the date of grant. Such awards will be earned only if performance goals over performance periods established by or under the direction of the committee are met. The performance goals and periods may vary from participant to participant, group to group, and time to time.

Performance Measures

The performance goals for awards that are intended to constitute performance-based compensation under Section 162(m) of the Internal Revenue Code will be based upon one or more of the following performance measures for any business unit:

net income;

earnings per share;

sales growth;

income before taxes;

net operating profit;

return measures (including, but not limited to, return on assets, capital, equity, or sales);

cash flow (including, but not limited to, operating cash flow and free cash flow);

earnings before, interest, taxes, depreciation, and/or amortization;

operating margins including gross profit, operating expenses and operating income as a percentage of sales;

productivity ratios;

Table of Contents

share price (including, but not limited to, growth measures and total shareholder return);

expense targets;

operating efficiency;

customer satisfaction;

working capital targets; and

economic value-added.

However, except as provided below in the section entitled Covered Employee Annual Incentive Awards, the committee may determine, in its sole discretion, to grant awards that do not constitute performance-based compensation under Section 162(m) of the Internal Revenue Code, and may base vesting on performance measures in addition to, or other than, those set forth above.

The committee will determine whether the performance targets or goals that have been chosen for a particular performance award have been met and may provide in an award that any evaluation of performance may include or exclude any of the following that are objectively determinable and that occur during the performance period to which the award is subject: asset write-downs, litigation, claims, judgments, or settlements; the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reporting results; any reorganization and restructuring programs; extraordinary items as described in APB Opinion No. 30, Reporting the Results of Operations Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions and/or in management's discussion of financial condition and results of operations appearing in the company's annual report to shareholders; acquisitions, divestitures, joint ventures, or alliances; and foreign exchange gains and losses.

Awards that are designed to qualify as performance-based compensation may not be adjusted upward. However, the committee has the discretion to adjust these awards downward. Awards may be paid in the form of cash, shares of common stock, or in any combination, as determined by the committee.

If applicable tax and/or securities laws change to permit committee discretion to alter the governing performance measures without obtaining shareholder approval of such changes, the committee shall have sole discretion to make such changes without obtaining shareholder approval.

Covered Employee Annual Incentive Awards

Each year the committee will decide who among the company's executive officers is likely to be a covered employee for purposes of Section 162(m) of the Internal Revenue Code. Within ninety days of the beginning of each year, the committee will determine performance goals for each such covered employee taken from among the measures listed under the heading Performance Measures, above, and the amount of the annual incentive award which could be earned based on the attainment of such goals. At the end of the year, the committee will set, in its discretion, the amount actually to be paid under each award up to but not in excess of the maximum potential award for that year. With respect to these awards, the committee does not have the discretion to act in any manner that would disqualify the award as performance-based compensation under, or would otherwise be inconsistent with the purposes of, Section 162(m) of the Internal Revenue Code.

Table of Contents

Non-Employee Director Awards

Under the Plan, the Board may grant awards of any kind other than ISO s to non-employee directors. Non-employee directors have received annual awards of restricted stock units valued at \$60,000. Awards made from and after the 2008 Annual Meeting will be valued at \$90,000. Additional awards generally are made to non-employee directors upon joining the Board and for service as Chairman or Lead Director. The restricted stock units vest one year after the date of grant and are subject to further restrictions until one year after the director s separation from the Board. All restricted stock units are settled in common stock after the restriction period.

Unless a director gives written notice setting forth a different percentage, 50% of each director s annual retainer fee is deferred and converted into units based on the fair market value of the company s stock as of the date it would have been payable. Upon a director s retirement from the Board (and not before then, except in the case of unforeseeable emergency need), each unit in his or her deferral account will be converted back into cash at the then current fair market value of a share of company stock.

Other Awards

Subject to the terms of the Plan including, without limitation, Plan share limits, the committee may develop sub-plans or grant other equity or cash-based or related awards on such terms as they may determine, including, but not limited to, awards designed to comply with or take advantage of applicable local laws of jurisdictions outside of the United States.

Other Provisions of Awards and Individual Award Agreements

For each manner of award, and each individual agreement granting an award, the committee shall determine, in its discretion, whether or not, and to what extent, the participant s receipt of cash or stock under the Plan may or shall be deferred; the impact of the termination of the participant s employment or service on any award (including variations, if any, based on the reason for such termination); the voting rights of any stock or stock equivalent granted or delivered thereunder; the transferability of any stock, stock equivalent or other right of any participant during his or her lifetime; and whether or not dividend equivalents will be paid with respect to any shares of common stock subject to an award that have not actually been issued under the award.

Neither ISOs nor, except as the committee otherwise expressly determines, other awards may be transferred other than by will or by the laws of descent and distribution. During a recipient s lifetime, an ISO and, except as the committee may determine, other non-transferable awards requiring exercise, may be exercised only by the recipient.

Treatment of Awards Upon a Corporate Event

If the company is dissolved or liquidated, or if substantially all of its assets are sold (or there is a merger or consolidation) and the acquiring or surviving entity does not substitute equivalent awards for the awards then outstanding, each award granted under the Plan will become fully vested and exercisable and all restrictions on it will lapse. All options and SARs not exercised upon the occurrence of such a corporate event will terminate, and the company may, in its discretion cancel all other awards then outstanding and pay the award holder its then current value as determined by the committee.

Table of Contents

Amendment of Awards or Plan and Adjustment of Awards

The committee may at any time alter, amend, modify, suspend, or terminate the Plan or any form of award in whole or in part. No amendment may adversely affect the rights of any participant under an outstanding award without his or her consent.

No option granted under the Plan will be repriced or replaced without shareholder approval, except to prevent an unintended dilution or enlargement of participants' rights or benefits under the Plan in the event of a corporate transaction or event such as a merger or acquisition, a stock split or recapitalization, a change in accounting rules or applicable laws or regulations or other matter having such an impact. No amendment of the Plan of any kind will be made without shareholder approval if shareholder approval is required by law, regulation or stock exchange rule.

The company or the committee may grant awards under terms differing from those provided for in the Plan, and without regard to the Plan's share limits, where such awards are granted in substitution for awards held by employees of other corporations who become company employees as the result of a merger or other transaction.

The committee may grant ISOs, NQSOs and/or other awards with respect to an additional 13,300,000 shares of common stock of the company under the terms differing from those provided for in the Plan, and without regard to the Plan's share limits, where such awards are granted in substitution for awards held by employees of other corporations who become company employees as the result of a merger or other transaction described in the Plan.

Awards Net of Withholding

Awards under the Plan may be subject to tax withholding. If so, the company may require the participant to remit the necessary taxes to the company or may allow participants to satisfy their tax withholding requirements by causing shares of common stock to be withheld.

Rights of Participants

Nothing in the Plan or any award agreement will give any participant any right to continued employment (or provision of service as a director or third party service provider) or prevent or limit the company from terminating the participant as permitted by law. No individual in any position has the right to an award. No participant will have rights as a shareholder until he or she becomes the record holder of any such shares.

New Plan Benefits

The future benefits or amounts that would be received under the Plan by executive officers, non-executive directors and non-executive officer employees are discretionary and are therefore not determinable at this time. In addition, the benefits or amounts that would have been received by or allocated to such persons for the last completed fiscal year if the plan had been in effect cannot be determined.

Federal Tax Effects

The following discussion summarizes certain federal income tax consequences of the issuance and exercise of options under the Plan under the law as in effect on the date of this proxy statement. The summary does not purport to cover all federal employment tax or other federal tax consequences that may be associated with the Plan, nor does it cover state, local, or non-U.S. taxes.

Incentive Stock Options

In general, an optionee realizes no taxable income upon the grant or exercise of an ISO. However, the exercise of an ISO may result in an alternative minimum tax liability to the optionee. With some exceptions, a disposition of shares purchased under an ISO within two (2) years from the date of grant or within one (1) year after exercise produces ordinary income to the optionee equal to the value of the shares at the time of exercise less the exercise price. For employee optionees, the same amount is deductible by the company as compensation, provided that income taxes are withheld from the employee. Any additional gain recognized in the disposition is treated as a capital gain for which Arrow is not entitled to a deduction.

In general, an ISO that is exercised by the optionee more than three months after termination of employment is treated as an NQSO. ISOs are also treated as NQSOs to the extent they first become exercisable by an individual in any calendar year for shares having a fair market value (determined as of the date of grant) in excess of \$100,000.

Non-Qualified Stock Options

In general, in the case of a NQSO, the optionee has no taxable income at the time of grant but realizes income in connection with exercise of the option in an amount equal to the excess of the fair market value (at the time of exercise) of shares acquired upon exercise over the exercise price. For employee optionees, the same amount is deductible by Arrow as compensation, provided that income taxes are withheld from the employee. Upon a subsequent sale or exchange of the shares, any recognized gain or loss after the date of exercise is treated as capital gain or loss for which the company is not entitled to a deduction.

Section 162(m) of the Internal Revenue Code

In general, under Section 162(m) of the Internal Revenue Code, remuneration paid by a public corporation to its chief executive officer or any of its other top three named executive officers, ranked by pay, is not deductible to the extent it exceeds \$1,000,000 for any year. Taxable payments or benefits under the Plan may be subject to this deduction limit. However, under Section 162(m) of the Internal Revenue Code, qualifying performance-based compensation, including income from stock options and other performance-based awards that are made under shareholder approved plans and that meet certain other requirements, is exempt from the deduction limitation. The Plan has been designed so that the committee in its discretion may grant exempt performance-based awards under the Plan.

The table below provides information as of December 31, 2007, prior to the proposed amendment of the Omnibus Incentive Plan.

Table of Contents

Plan Category	Number of shares of Common Stock to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of shares of Common Stock remaining available for future issuance under equity compensation plans (excluding shares reflected in the first column) (1)
Equity compensation plans approved by stockholders	5,235,784	\$ 31.58	3,549,067(2)
Equity compensation plans not approved by stockholders			
Total	5,235,784	\$ 31.58	3,549,067

(1) In addition to stock options, the Arrow Electronics, Inc. 2004 Omnibus Incentive Plan provides for the granting of stock appreciation rights, restricted stock, restricted stock units, performance shares and performance units.

(2) This amount does not include the 5,000,000 shares currently subject to

shareholder approval or reflect grants and awards made between December 31, 2007 and February 29, 2008. After giving effect to all grants through February 29, 2008, a total of 1,829,078 shares remain available for future issuance under the Plan.

The Omnibus Incentive Plan is intended to offer the variety of incentive and compensation tools to the compensation committee it requires to achieve the strategic objectives discussed under the heading Compensation Discussion and Analysis, below. In order to effectively utilize those tools and programs over the years to come, the committee must be able to issue additional shares under the Plan.

Accordingly, the Board recommends that the shareholders approve the proposed amendment of the Arrow Electronics, Inc. 2004 Omnibus Incentive Plan.

The affirmative vote of the majority of the shares of Arrow common stock voting on this proposal are required for the adoption of this amendment to the Plan, so long as the total number of shares voted represent the majority of the shares of Arrow common stock outstanding.

If a shareholder holds shares in street name through a broker or other nominee, the broker or nominee is not permitted to exercise voting discretion with respect to this proposal. For this reason, if a shareholder does give its broker or nominee specific instructions, the shareholder's shares will not be voted on this proposal.

REPORT OF THE COMPENSATION COMMITTEE

The substantive discussion of the material elements of all of the company's executive compensation programs and the determinations by the committee with respect to compensation and executive performance for 2007 are contained in the Compensation Discussion and Analysis that follows this report. The committee has reviewed and discussed the Compensation Discussion and Analysis with the management representatives responsible for its preparation and the committee's compensation consultants. In reliance on these reviews and discussions, the compensation committee recommended to the Board that the Compensation Discussion and Analysis be included in the Definitive Proxy Statement on Schedule 14A for Arrow's 2008 annual shareholder meeting for filing with the SEC and be incorporated by reference in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The compensation programs for the company's Chief Executive Officer, Chief Financial Officer and three next most highly compensated executive officers with respect to 2007 are discussed in this section, as are the variety of compensation and benefit plans under which amounts were paid, awards were granted or vested and commitments accrued. The details of the actual amounts, awards and commitments follow this discussion under the heading Compensation of the Named Executive Officers.

The company's executive compensation and benefit plans are designed by the compensation committee to attract and retain men and women capable of leading the company's complex international operations, to reward them for creating long-term shareholder value by growing sales and profitability while increasing operating efficiency and improving working capital management, and to insure that the company makes effective use of its investment in executive compensation. The use of compensation to drive and reward performance is reflected in the predominance of performance-based variable compensation, while the importance of alignment with shareholder interests in long-term value creation is reflected in the several equity-based components of the total compensation mix.

The company's financial performance is fully discussed in its Annual Report on Form 10-K for 2007. During 2007, the company made significant progress towards its long-term goals. Compensation of the senior management team for 2007 reflects their substantial success in effecting the company's four-pillar business strategy (growth, operational excellence, financial stability and shared leadership), leading to record revenue, strong earnings growth, positive cash flow, record low working capital as a percentage of sales, and a return on invested capital in excess of the company's cost of capital.

While the core business grew well, strategic acquisitions were also a substantial factor in the company's 2007 performance. Because the contributions of the acquired businesses to that performance were not part of the targeted financial results at the time the executives' financial

Table of Contents

goals were set for 2007, the actual results were adjusted under the terms of the compensation plan to eliminate their impact.

Following are brief discussions of the company's overall compensation philosophy, the process used to put that philosophy to work, the use of benchmarking, the various compensation and benefit plans actually used and why they were provided, and where applicable, the targets set for each one. Also discussed are the results obtained by each of the named executive officers under each plan.

Philosophy

The company's executive compensation and benefit plans are designed to drive the achievement of Arrow's vision and strategy. The company's vision to become the worldwide, clear #1 provider in each of the markets it serves rests on four strategic pillars: growth, operational excellence, financial stability and shared leadership. Each of these strategic elements is reflected in and supported by the various aspects of our compensation plan.

Growth: Financial targets for the short- and medium-term incentives the company uses are set at levels designed to maintain growth in the selected metrics at or above historical levels. Longer-term incentives, such as stock options, help to align the interests of management with those of shareholders, ensuring that sustained, profitable growth over the long term remains of paramount importance.

Operational excellence: In the competitive environments in which the company does business, continually driving cost out of operations is of paramount importance. This imperative is reflected in the use of metrics such as operating income as a percentage of sales and working capital as a percentage of sales in setting compensation targets and measuring achievement.

Financial stability: Arrow bases executive compensation on results obtained from year to year, across three-year periods, and over the long-term, so that senior managers focus their efforts on each of the horizons, rather than on quarterly or year-end numbers. This focus on the continuity of performance also ensures that the plan designs and the actions they reward reflect good corporate governance practices and, ultimately, that the company enjoys a reasonable return on its total compensation expenditure.

Shared leadership: While high performance and accountability require that each executive focus on and drive his or her business unit or functional area, maximizing results for the company as a whole requires that the executives as a group share a financial interest in the results obtained by the company on a consolidated basis. The company's compensation plans are designed to foster both the focus and the shared interests as appropriate for each executive by linking individual plan targets to both business unit and corporate results. The success of the shared leadership concept also requires that the company be able to attract and retain top leadership talent by providing fully competitive total compensation opportunities and maintaining internal pay equity in an appropriate balance.

Process

The compensation committee reviews each executive officer's compensation annually to ensure that all of its elements, as well as each executive's total compensation, are appropriate to his or her historical and potential contribution, market conditions and the furtherance of the company's strategic objectives. The committee also reviews the historical detail of each executive's prior-year compensation and performance.

Table of Contents

Each year, the committee analyzes the Chief Executive Officer's performance reviews and compensation recommendations for his direct reports, and also conducts its own performance review of the Chief Executive Officer. The committee reviews the company's performance on the metrics relevant to the execution of its strategy, such as net working capital as a percentage of sales, and evaluates the Chief Executive Officer's performance in light of that execution.

For executives other than the Chief Executive Officer, the committee's review begins with the recommendations made to the committee by the Chief Executive Officer, including the recommended total target compensation (the amount the executive will earn if 100% of his or her targets and goals are achieved) and the suggested allocation of the total among the forms of compensation. These recommendations are based on individual performance, as well as benchmarked competitive compensation market data. The committee also considers the compensation of other company executives, levels of responsibility, prior experience, breadth of knowledge, and job performance. The committee considers a similar range of factors in setting compensation for the Chief Executive Officer.

As is discussed above (under the heading, "The Board and its Committees"), the committee meets with its compensation consultant from time to time to ensure that the compensation programs for the Chief Executive Officer and other members of senior management are aligned with the company's strategic pillars and overall corporate goals by providing competitive and benchmarking data, analyses, and recommendations with regard to plan design and target compensation.

Benchmarking

Arrow's executive compensation is designed to reward sustained performance in light of market conditions, industry trends and the performance of the company's competitors. Accordingly, the committee uses benchmarking as one of its analytical tools in evaluating the types of compensation, the compensation levels selected, and the compensation packages as a whole, in order to ensure that the compensation programs will be effective in attracting and retaining talented executives capable of achieving the company's objectives.

The compensation committee, in consultation with management, reviews the competitiveness of the compensation offered to the company's executives relative to those companies and industries identified as peers or competitors for talent. Such companies include Arrow's competitors, global distributors in other industries, customers, suppliers, and other large companies with global operations.

For 2007, the benchmarking process began with the comparison of the total compensation for each executive officer, as well as each of the major elements that comprise total compensation, with the 50th percentile for such elements as provided by the benchmarked companies to their executives. The committee's determination of targeted compensation for 2007 reflects these benchmarked data points.

Table of Contents

The list of companies used for 2007 compensation benchmarking is as follows.

2007 Benchmarked Companies

Agilysys	LSI Logic
American Power Conversion	Molex
Amphenol	National Semiconductor
Analog Devices	Novellus
Anixter International	PerkinElmer
Avnet	Rockwell Collins
AVX	Sanmina-SCI
Beckman Coulter	Solectron
Bell Microproducts	Symbol Technologies
Benchmark Electronics	Synnex
CDW	Tech Data
Fairchild Semiconductor	Teradyne
Fisher Scientific International	United Stationers
Genuine Parts	Vishay International
Graybar Electric	Wesco International
Ingram Micro	Western Digital
Jabil Circuit	WW Grainger

The list differs from the Peer Group used for the comparison of the five-year total return on shareholders investment (which appears in the company's Annual Report on Form 10-K for 2007) because, with the exception of Avnet and Bell Microproducts, which appear on both lists and are closer in size and scope to Arrow, the other publicly-traded electronics distributors are considerably smaller and less complex than Arrow and have not historically been competitors for, or sources of, senior management personnel for the company.

Base Salary

Base salary is an integral component of overall total compensation, and is set in recognition of the executive's level of responsibility, immediate contributions, knowledge, skills, experience, and abilities. Base salary is also designed to attract top candidates.

As is further discussed below under the heading Employment Agreements, each of the named executive officers has an employment agreement, which provides for a minimum base salary. Each year the committee evaluates whether it is appropriate to approve salaries in excess of the contractual minimums. In conducting its salary deliberations, the compensation committee does not strictly tie senior executive base salary to a defined competitive standard or the passage of time. Rather, base salary increases are based on the individual contributions expected of and contributed by each of the executives.

The Chief Executive Officer's base salary was evaluated based on Mr. Mitchell's level and scope of responsibility and his contributions during the past year to the company's success, as well as on his knowledge, skills, experience, and abilities. These were reviewed against prevailing levels of pay among chief executives of the benchmarked companies described above and relative compensation levels of the other executive officers of the company. Based upon these criteria, the committee increased Mr. Mitchell's base salary from \$990,000 in 2006 to \$1,050,000 for 2007.

Mr. Reilly's base salary increased from \$425,000 to \$500,000 for 2007, in recognition of the increasing value of his contributions as Chief Financial Officer, the performance of his global financial team, and the competitive and other factors discussed above.

Table of Contents

Mr. Long's base salary increased from \$460,000 to \$550,000 for 2007 as he added management responsibility for all of the activities of the company's components businesses in Asia and Europe to his duties and in light of the competitive and other factors discussed above.

Mr. Brown's base salary increased from \$460,000 to \$475,000 for 2007 in recognition of the increasing complexity of his responsibilities and the importance of his contributions as General Counsel and Senior Vice President, including his leadership role in acquisition activity and other complex transactions throughout Arrow's global enterprises.

Ms. Morris' base salary was set at \$400,000 for 2007, reflecting the fact that she had received a raise to that level (from \$300,000) in September of 2006 as she assumed the presidency of Arrow's Enterprise Computing Systems (ECS) business and thereafter became co-president of ECS and an executive officer of the company.

Variable Compensation

Bonuses and equity awards linked to the achievement of certain goals play a significant role in the executives' overall compensation. They are designed to link pay to performance, align compensation with organizational strategies and financial goals, and reward exceptional individual and organizational achievement.

Arrow's variable compensation is administered through Management Incentive Compensation Programs that are designed to drive and reward short-term performance (annual), medium-term performance (over a period of three years) and long-term performance (over a period of up to ten years.) Participation varies based on an individual's performance and role in the organization as well as prevalent market practice. All of the named executive officers participate in each of the company's variable compensation programs: the annual bonus, three-year performance shares, and stock options.

The table below reflects, for each executive, the mix between variable and fixed compensation for 2007, based on the amounts each executive would receive for target-level performance. The substantially greater weight given to variable compensation reflects the committee's emphasis on performance and accountability in support of the company's strategic initiatives. The variation of the mix among the named executive officers reflects the committee's belief that as an executive's responsibility and ability to affect financial results increases, his or her variable compensation should become a larger component of the total.

Each of the forms of variable compensation is discussed below.

2007 Fixed versus Variable Compensation Analysis (at target levels)

Short-Term Incentive Program

The company's principal short-term incentives—annual bonuses—reinforce individual accountability for optimizing operating results throughout the year, driving profitability, efficiency and shareholder value. Each of the named executives has a short-term incentive program including financial targets, the achievement of which is linked to 80% of the total targeted annual incentive, and individual, non-financial goals, the achievement of which is linked to 20% of the total targeted annual incentive.

Management, in consultation with the compensation committee, establishes annual financial targets utilizing one or more key indicators of the company's strategic progress. For 2007, these financial targets were based on a mix of the company's achievement of specified levels of operating income and average net working capital as a percentage of sales. For corporate executives, including Messrs. Reilly and Brown among the named executive officers, the operating income and working capital financial targets are based on the results obtained by Arrow as a whole. For operating group executives, including Mr. Long and Ms. Morris, three quarters of the financial portion of the annual incentive is determined by the performance of the executive's operating group (Global Components and ECS, respectively) and one quarter of it is determined by the performance of Arrow overall.

The goal reflected in the targets selected is superior performance, which is generally defined as performance beyond both the company's historical achievements and the projected growth of the markets in which the company operates. In 2007, the committee determined that for the named executive officers (other than Mr. Mitchell, whose separate bonus plan is discussed below) to earn 100% of the financial component of their targeted bonuses, the company had to achieve specified operating income targets that ranged between \$207.7 million (on an operating group level) and \$714.1 million (at the consolidated corporate level) and specified targets for net working capital, expressed as a percentage of sales, that ranged between 8.2% and 20.1%. Depending on the actual results, participants could earn from 0% to 200% of the target bonus.

The non-financial goals that are a part of the annual bonus calculation are set at the beginning of each year for the Chief Executive Officer by the compensation committee and for each of the other named executive officers by the Chief Executive Officer. The goals may be strategic or tactical, but all are designed to be specific and measurable and demonstrably further the objectives of the company and/or the executive's business unit, as appropriate.

In light of the company's rapid growth, penetration into new geographical and product markets, and the constant increase in operating efficiency needed to achieve the company's objectives, each of the named executives were given several substantial, non-financial goals. Included among them for 2007 were:

- the development of unified global business and staff structures in place of pre-existing regional organizations;

- the achievement of specific service-level commitments (in staff organizations);

- the successful completion or integration of key acquisitions;

- building senior and mid-level staffing to a required level and maintaining it;

- insuring that the executive's new hires and direct reports learned various aspects of the business, developed specific skills, or moved into new roles; and

the completion of succession planning for the company's principal businesses.

The participants' actual 2007 awards were determined at year-end based on the performance of the company or business unit, as applicable, against the targets discussed above, and the attainment of the individual, non-financial goals. For 2007, the named executive officers other than Mr. Mitchell achieved between 95.3% and 138.4% of their respective financial targets and between 100% and 150% of their respective individual, non-financial targets.

Both the metrics and the results actually obtained are set forth on the following table. The specific amount paid to each participant is shown in the Summary Compensation Table (with the non-financial target results under the heading "Bonus" and the financial target results included in the amount appearing under the heading "Non-Equity Incentive Plan Compensation.")

Performance Measure	Performance Range (\$ in millions)		Results				M Weight	Weighted Multiple			
			Michael		Catherine			Michael		Catherine	
			Paul J. Reilly	J. Long	Peter S. Brown	Morris		Paul J. Reilly	J. Long	Peter S. Brown	Morris
Operating income	\$ 207.7	\$ 714.1	96.0%	81.2%	96.0%	94.5%	40%	38.4%	32.5%	38.4%	37.8%
Net working capital as a percentage of sales	8.2%	20.1%	129.4%	109.2%	129.4%	182.4%	40%	51.8%	43.7%	51.8%	73%
Non-Financial	N/A		110%	100%	100%	150%	20%	22%	20%	20%	30%
Total								112.2%	96.2%	110.2%	140.8%

In 2007, Mr. Mitchell's targeted financial goals included earnings per share, operating income and net working capital as a percentage of sales. Mr. Mitchell's bonus was designed to qualify as performance-based compensation, as is discussed more fully below under the heading "Tax Considerations." The earnings per share target was used to establish the maximum bonus that could be paid to Mr. Mitchell. The operating income and net working capital targets were used to establish the amount actually to be paid to Mr. Mitchell, in the exercise of the committee's discretion, for the achievement of financial goals. For 2007, Mr. Mitchell achieved 117.4% of his financial targets and 120% of his non-financial targets, and the committee in its discretion granted him a bonus of \$1,238,160.

Medium-Term Incentive Program

In 2007, Arrow provided medium-term incentives to its executives through awards of performance shares under the Omnibus Incentive Plan. Performance share awards are used by the committee to foster retention, and create greater alignment with shareholder interests. Because the executive will earn from 0% to 200% of the targeted number of shares depending on specific performance metrics, performance shares align compensation with the achievement of the corporate strategic goals.

Performance share awards under the Medium-Term Incentive Program link executive compensation to improvements in financial results and the performance of the company's common stock over a three-year period. Each year begins a new three-year performance cycle

Table of Contents

for which the compensation committee establishes financial targets and performance share targets for participating executives. The financial targets are based on each participant's level and breadth of responsibility, his or her potential contribution to the success of the company, and competitive considerations. Each participant's actual award is determined at the end of each three-year cycle based on how the company's actual performance compares with the targets set at the beginning of the cycle, and settled with the payment of shares of Arrow common stock.

Except in the event of death, disability or a termination (without cause or by involuntary termination) that follows a change of control of the company, under the terms of the grant performance shares are forfeited by the participant if he or she leaves the company prior to the vesting of a complete performance cycle. (Forfeiture and the impact of various termination scenarios under each of the incentive plans is discussed more fully below, under the heading Agreements and Potential Payments upon Termination or Change of Control.)

The 2005-2007 performance share cycle was the second completed under the Medium-Term Incentive Program. Accordingly, the company has only limited historical data regarding the extent to which participants have attained established targets under the program. The compensation committee established the medium-term target performance metrics for each cycle at a level designed to significantly challenge the participants. Under the 2004-2006 awards, paid out last year, the then-named executive officers received 87.5% of the targeted number of shares.

As is shown in the table below, financial targets for the 2005-2007 cycle were 1) an average EBIT percentage (earnings before interest and taxes divided by sales) of 4.5% over the three-year period, and 2) an ROIC (return on invested capital) of 12.5%, measured during the last quarter of the cycle. The EBIT achievement was weighted at 33.3% of the total and the ROIC achievement was weighted at 66.7%. Under the terms of the plan, the committee adjusted the financial results actually achieved during the cycle to exclude the impact of acquisitions and restructurings which occurred after the targets were set. For the cycle, each of the named executive officers received 117.1% of the target number of shares.

**2005-2007 Performance Share Cycle

Performance Measure	Performance Target	Adjusted Performance	Resulting Performance Factor	Weight	Weighted Multiple
Average EBIT percentage	4.5%	4.8%	127.3%	33.3%	42.4%
Return on Invested Capital	12.5%	12.8%	112.0%	66.7%	74.7%
Total				100.0%	117.1%

The actual number of shares awarded to each of the named executives with respect to this cycle is set forth below. The number of shares awarded with respect to the prior cycle is also included here, because the shares were awarded early in 2007 for the cycle ending in 2006.

For the 2007-2009 performance share cycle, consistent with and in furtherance of the company's medium-term financial goals, the compensation committee elected to focus on ROIC, establishing a target for average return on invested capital over the final two years of the cycle of 12.5%. The number of performance shares which may be earned by the named executives under the 2007-2009 award is set forth below in the table entitled "Grants of Plan-Based Awards".

Mr. Mitchell received a performance share award with a target of 16,100 shares under the Medium-Term Incentive Program for the 2007-2009 performance cycle. The goals, targets and metrics of this award are the same as those discussed above for the other named executive officers. In 2007, the committee also awarded Mr. Mitchell a grant of 40,000 shares of restricted stock under the Omnibus Incentive Plan, vesting in four equal installments beginning with the first anniversary of the grant, in consideration of his agreement to remain continuously employed by the company for at least a year from the date of grant and in order to provide additional compensation while encouraging stock ownership in the company.

Long-Term Incentive Program

In 2007, the company provided long-term incentives to its executives through grants of stock options under the Omnibus Incentive Plan. Stock options are designed to reinforce the importance of producing satisfactory returns to shareholders over the long-term and align the interests of the executives with those of the shareholders by providing the executives with the opportunity to acquire common stock of the company. Options are also issued to foster shared leadership by supporting executive retention.

Each year, the compensation committee reviews the Chief Executive Officer's recommendations for senior management stock option grants and makes grant decisions based on those recommendations, prior grant history, the committee's own assessment of each executive's contribution, potential contribution and performance during the prior year and on the option grant practices of the benchmarked companies discussed above.

The committee also evaluates the Chief Executive Officer in light of the factors discussed above and determines the number of options to be granted to him under the Long-Term Incentive Plan. That grant and those for the other named executive officers are as set forth below. For more detail, including the expense to the company associated with each grant, see the Grant of Plan-Based Awards table, below.

The exercise price of each stock option is equal to 100% of the closing market price of the company's common stock on the grant date. Stock options become exercisable in equal amounts on the first, second, third and fourth anniversaries of the grant date and have a maximum term of ten years.

Table of Contents

	Stock Options Awarded
William E. Mitchell	50,000
Paul J. Reilly	18,000
Michael J. Long	30,000
Peter S. Brown	15,000
M. Catherine Morris	12,000

It is the practice of the Board to grant stock options at the first regularly scheduled board meeting of the calendar year. Grants associated with the hiring or promotion of participants are made at the next regularly scheduled meeting of the Board that follows such an event. Limiting stock option grants to regularly scheduled meetings and only issuing stock options with an exercise price based on fair market value at the grant date ensures that participants will derive benefits only as shareholders realize corresponding gains over an extended time period. None of the options granted by the company discussed elsewhere throughout this proxy statement, have been repriced, replaced or modified in any way since the time of the original grant.

Retirement Programs and Other Benefits

In keeping with its total compensation philosophy and in light of the need to provide a total compensation and benefit package which is competitive with those offered at the benchmarked companies, the committee believes that the retirement and other benefit programs discussed below are critical elements of the compensation package made available to the company's executive officers.

Deferred Compensation

In order to encourage long-term retention and facilitate executive retirement and financial planning, the company maintains a compensation deferral plan pursuant to which corporate executives may defer pre-tax compensation including up to 80% of salary and 100% of bonuses, incentive compensation and performance shares. Of the named executives, only Mr. Mitchell participates in the deferral plan. His participation and above market earnings on the amount deferred are reflected under the heading Change in Pension Value and NQDC Earnings in the Summary Compensation Table, below. The deferred compensation plan is discussed in more detail under the heading Deferred Compensation Plans, below.

Qualified Plans

The named executive officers also participate in the ESOP and the Arrow 401(K) Savings Plan, qualified plans available to all of Arrow's U.S. employees. Company contributions to these plans on behalf of the named executive officers are included under the heading All Other Compensation in the Summary Compensation Table and detailed in the All Other Compensation Detail table, below.

Management Insurance Plan

All of the named executive officers participate in Arrow's Management Insurance Plan. In the event of the death of the executive, the company provides a life insurance benefit to the executive's named beneficiary equal to four times the executive's final planned total annual performance-based compensation.

Table of Contents

Current death benefits for each executive are set forth on the Potential Payouts Upon Termination table, below. Premiums paid by the company on behalf of each executive are included under the heading All Other Compensation in the Summary Compensation Table and specified under the heading Management Insurance Plan on the All Other Compensation Table Detail, below.

Employment and Change of Control Agreements

Employment agreements for senior management are used by the company to establish key elements of the agreement between the company and the executive, including the promised minimum periods of employment and the fundamental elements of compensation, as well as the details of the individual arrangement which differ from the company's standard plans and programs. The agreements also facilitate the creation of covenants, such as those prohibiting post-employment competition or hiring by executives or limitations on the reasons for which an executive may be terminated, which would not otherwise be part of the employment relationship.

Because these arrangements are complex, are of critical importance to both the company and its executives, and involve a substantial investment by the company, Arrow has entered into employment and change of control agreements with each of the named executive officers that are discussed in detail below, in the section entitled Agreements and Potential Payouts upon Termination or Change of Control, below. Also detailed in that section are the potential payouts for each of the officers under the variety of potential termination scenarios covered by the agreements. Those potential payouts are part of the total compensation package for each executive reassessed by the committee each year.

SERP

The company maintains the Arrow Electronics, Inc. Supplemental Executive Retirement Plan (the SERP), an unfunded retirement plan in which 27 current and former executives selected by the Board participate. The committee believes that the SERP encourages long-term retention and maintains management stability. All of the named executive officers participate in the SERP, the details of which are discussed below under the heading Supplemental Executive Retirement Plan.

Tax Considerations

A variety of tax and accounting considerations inform the committee's development and implementation of the company's compensation and benefit plans. Among them are Section 162(m) of the Internal Revenue Code, an important factor in the design of the Omnibus Incentive Plan. Compliance with Section 162(m) insures that compensation paid to the chief Executive Officer and certain others is a deductible business expense of the company. Mr. Mitchell's 2007 short-term incentive was a performance-based bonus as defined by Section 162(m), driven by earnings per share and net working capital targets yielding a maximum bonus which could have been awarded under the formula of \$4,195,970. The committee exercised the discretion permitted under Section 162(m) and awarded Mr. Mitchell a total bonus, including amounts associated with his non-financial targets, of \$1,238,160 for 2007.

Table of Contents

As discussed under the heading Agreements and Potential Payments Upon Termination or Change of Control, below, the company's change of control agreements, and the related sections of the various executive employment and award agreements, are designed not to exceed the limitations of Section 4999 of the Internal Revenue Code, avoiding excise taxes for the executive. As is also discussed, the company has undertaken to modify all of such agreements in order to permit the executive to avoid penalty under Section 409A.

(1) For Mr. Mitchell, Other consists of the incremental cost to the company of personal use of aircraft in which the company owns fractional interests, of which \$17,938 related to travel in connection with Mr. Mitchell's service on the boards of Brown-Forman and the Rogers Corporation in 2007 and \$20,955 related to travel in connection with Mr. Mitchell's service on the board

of the Rogers Corporation in 2006.

Incremental cost is calculated as the sum of fuel cost, cost for hours used, total federal excise tax and segment fees, less reimbursements received from Mr. Mitchell, Brown-Forman and the Rogers Corporation.

For Mr. Long, Other for 2007 represents travel costs paid by the company for Mr. Long's wife to accompany him to a company-sponsored event, and, for 2006, it represents the cost to the company of Mr. Long's use of an apartment leased by the company adjacent to its headquarters in Melville, New York. The amounts include payments intended to offset the personal tax consequences to Mr. Long of the imputed income related to the travel and to the use of the apartment.

Table of Contents

For Mr. Brown and Ms. Morris, the amount under the heading "Other" reflects the cost of a company-sponsored physical examination.

Grants of Plan-Based Awards

The following table provides information regarding the awards of performance shares and restricted stock pursuant to the Management Incentive Compensation Program to each of the named executive officers in respect of employment during 2006 and 2007. Of the values shown on this table, the actual payments made in 2006 and 2007 of non-equity incentive plan awards are included on the Summary Compensation Table, above. The portion of the expense to the company associated with the 2006 and 2007 awards of equity incentive plans and stock options is also reported there.

(3) This column reflects the number of restricted stock shares and performance shares granted as a part of the medium-term Management Incentive Plan, including those awards reflected in the estimated payout section referenced in footnote 2, above. The terms of these awards are discussed under the heading Medium-Term Incentive Program , above.

(4) This column, and the two that follow reflect the number of stock options granted, their exercise price, and the closing stock value on the date of grant. The terms of these grants are described above, under the heading Long-Term Incentive Program .

(5)

Grant date fair values for restricted stock and performance shares reflect the number of shares awarded (at target for the performance shares) times the grant date closing market price of Arrow common stock. Grant date fair values for stock option awards are calculated using the Black-Scholes option pricing model based on assumptions set forth at Note 1 to the company's Consolidated Financial Statements in its Annual Report on Form 10-K for the year ended December 31, 2007.

Outstanding Equity Awards at Fiscal Year-End

The Outstanding Equity Table shows: (i) the number of outstanding stock option awards that are vested and unvested; (ii) the exercise price and expiration date of these options; (iii) the aggregate number and value as of December 31, 2007 of all unvested restricted stock; and (iv) the aggregate number and value as of December 31, 2007 of all performance shares granted under a performance plan whose performance period has not yet been completed.

The values ascribed to these awards in the table below may or may not be realized by their recipients, depending on share prices at the time of vesting or exercise and the achievement of the metrics upon which the performance share awards depend. Each amount on this table is based on the closing market price of the company's common stock on December 31, 2007, which was \$39.28. For each named executive officer, the expense taken by the company with respect to each award is included in the Summary Compensation Table, above. For additional information regarding the impact of a change of control on equity awards, see the table below under the heading "Stock Option, Restricted Stock and Performance Share Award Agreements."

Options Exercised and Stock Vested in Last Fiscal Year

The following table provides information concerning the value realized by each named executive officer upon the exercise of stock options and the vesting of restricted and performance shares.

The value realized on the exercise of stock options shown below is based on the difference between the exercise price per share paid by the executive and the closing market price of the common stock on the exercise date. The value realized on the vesting of restricted and performance shares is based on the number of shares vesting and the closing market price of the common stock on the vesting date.

Supplemental Executive Retirement Plan			

Arrow maintains an unfunded Supplemental Executive Retirement Plan under which the company will pay supplemental pension benefits to certain employees upon retirement. There are 27 current and former corporate officers participating in the SERP. The Board determines who is eligible to participate.

For participants other than Mr. Mitchell, the gross SERP benefit is calculated by multiplying 2.5% of final average performance-based compensation (salary and short-term incentive bonus) by the participant's years of credited service (up to a maximum of 18 years.) Final average compensation is the highest average of any three years during the participant's final five years

Table of Contents

of service. The gross benefit is reduced by 50% of the Social Security benefit and by the sum of the benefits provided by the company's ESOP and 401(k) matching contributions.

The benefits provided under the SERP are payable as a life annuity with 60 payments guaranteed commencing at age 60, assuming continued employment through normal retirement, except for Mr. Mitchell, who will be eligible for payments under the plan at 65. At normal retirement (generally, age 60) Mr. Reilly, Mr. Long, Mr. Brown and Ms. Morris would receive estimated annual SERP payments of \$492,156, \$720,262, \$174,631 and \$276,468, respectively. Under the terms of his employment agreement, Mr. Mitchell will be eligible for payments under the amended SERP at age 65, in an estimated annual amount of \$485,078.

The years of credited service (as of year end) for each of the named executive officers and the present value of their respective accumulated benefits as of December 31, 2007 are set out on the following table. None of the named executive officers received any payments under the SERP in or with respect to 2007. The present value calculation assumes each recipient remains employed until normal retirement age (age 60, except for Mr. Mitchell, for whom, by contract, retirement age is deemed to be age 65.) The remainder of the assumptions underlying the calculation of the present value of the benefits are discussed at Note 13 to the company's Consolidated Financial Statements on Form 10-K for the year ended December 31, 2007.

Pension Benefits

Name	Plan Name	Number of Years of Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
William E. Mitchell	<i>SERP</i>	4.91	3,503,543	
Paul J. Reilly	<i>SERP</i>	11.58	1,169,116	
Michael J. Long	<i>SERP</i>	12.16	1,445,184	
Peter S. Brown	<i>SERP</i>	6.33	914,659	
M. Catherine Morris	<i>SERP</i>	1.33	76,182	

The SERP provides that if a participant is terminated without cause within two years after a change in control of the company (as defined below under the heading "Change of Control Agreements"), he or she will receive his or her annual benefit under the SERP but not until reaching age 60. The amount of the payment is based on the amount accrued up to the time of the termination. No payments will be made if the participant was not yet age 50 at the time of the termination.

Benefits under the SERP terminate, with no further obligation to the recipient, if he or she becomes involved in any way with an entity which competes with Arrow (except for limited ownership of stock in a publicly-traded company.)

Should a participant become disabled before retiring, he or she continues to accrue years of service during such disability and may elect to receive the pension benefit accrued at any time up until the participant reaches age 65.

The present values of the SERP benefits accrued through year-end by the participating named executive officers in the event of termination, death, disability or a change of control of the company are set forth on the Potential Payouts Upon Termination table, below.

Deferred Compensation Plans

The company maintains an Executive Deferred Compensation Plan in which deferred income as well as investment gains on the deferred amounts are nontaxable to the executive until distributed.

A participating executive may defer up to 80% of his or her salary and 100% of bonuses, incentive compensation and performance shares. The participant chooses from a selection of mutual funds and other investments in which the deferred amount is then deemed to be invested. Earnings on the amounts deferred are defined by the returns actually obtained by the deemed investment and added to the account. (The deemed investment is used solely for this purpose and the participant has no ownership interest in it.) The deferred compensation and the amount earned are general assets of the company, and the obligation to distribute the amounts according to the participants designation, is a general obligation, of the company.

Of the named executive officers, Mr. Mitchell is the only participant in the Executive Deferred Compensation Plan.

Nonqualified Deferred Compensation

Name	Year	Executive	Registrant	Aggregate	Aggregate	Aggregate

	2006	270,000		62,189		714,619

The 2007 amount deferred by Mr. Mitchell was a portion of the amount he would have received early in 2007 as part of his 2006 compensation. Accordingly, that amount is reflected in the Summary Compensation Table for 2006. Based on the amounts actually earned in 2007 by the funds selected by Mr. Mitchell, his deferral account had aggregate earnings of \$104,730 in 2007, a return deemed to be above-market because it was greater than 120% of the December 2007 applicable federal long-term rate or 5.68%. Accordingly, the above market portion of the total earnings, \$64,139, was included on the Summary Compensation Table, above, under the column heading Change in Pension Value and NQDC Earnings.

The 2006 amount deferred by Mr. Mitchell was part of the amount he would have received early in 2006 as part of his 2005 compensation. Accordingly, that is reflected in the Summary Compensation Table for 2005. Based on the amounts actually earned in 2006 by the funds selected by Mr. Mitchell, his deferral account had aggregate earnings of \$62,189, a return deemed to be above-market because it was greater than 120% of the December 2006 applicable federal long-term rate or 5.89%. Accordingly, the above market portion of the total earnings, \$23,761, was included on the Summary Compensation Table, above, under the column heading Change in Pension Value and NQDC Earnings.

UPON TERMINATION OR CHANGE OF CONTROL**

Employment Agreements

In February 2003, Mr. Mitchell entered into an employment agreement with Arrow that was amended in March 2005 to extend the period of Mr. Mitchell's employment from January 2006 to March 2009, and to replace Arrow's obligation to pay certain of his expenses (including, but not limited to, expenses related to club dues, automobile and local transportation, tax preparation, and financial planning) with an annual payment of \$100,000, which is now part of his base salary. The amendment also provides for liquidated damages in the event of Mr. Mitchell's termination without cause during the term of the agreement. The agreement provides for a minimum base salary of \$750,000 per year. Mr. Mitchell's current base salary is reflected above under the heading **Base Salary**. The agreement also established the terms of Mr. Mitchell's participation in the SERP discussed above under the heading **Supplemental Executive Retirement Plan**.

Each of the other named executive officers has an employment agreement with Arrow that has a twelve-month term which is automatically renewed for an additional twelve months unless terminated by either party on not less than twelve months' notice. The agreement provides for a minimum base salary and target incentive under the short-term incentive program of:

	Minimum Base Salary	Minimum Target Incentive
Mr. Reilly	\$ 400,000	\$ 150,000
Mr. Long	\$ 330,000	\$ 270,000
Mr. Brown	\$ 450,000	\$ 175,000
Ms. Morris	\$ 400,000	\$ 240,000

The current base salary of each of the named executive officers is reflected above under the heading **Base Salary**.

Each of the employment agreements with the named executive officers:

prohibits the executive from competing with the company, disclosing its proprietary information or hiring its employees upon his or her termination, for any reason, for a period of either two years, with respect to Mr. Mitchell and Ms. Morris, or one year, with respect to Messrs. Reilly, Long and Brown;

permits the company to terminate the executive for cause (defined, generally, as malfeasance, willful misconduct, active fraud or gross negligence) and have no further obligation to him and or her; and

provides that in the event the company terminates the executive without cause, he or she will continue to receive, through the end of the then-remaining term of the agreement, all of his or her base salary and benefits (such as life, health and disability insurance) and the vesting of any unvested restricted stock or stock options which would have vested through the then-remaining term of the agreement. Furthermore, in such circumstance

Mr. Mitchell would be entitled to an amount equal to his base salary in lieu of short-term, annual incentive payments;

Table of Contents

Mr. Reilly, Mr. Long, Mr. Brown and Ms. Morris would be entitled to an amount equal to two thirds of their targeted short-term annual incentives;

Mr. Brown would also be deemed vested in any SERP benefit accrued as of the date of such termination; and

Ms. Morris would also be entitled to performance share awards, at target levels, which would have vested in the then-remaining term of her agreement and continuation of health insurance premiums for the then-remaining term of the agreement.

The estimated compensation that each of the named executive officers would receive under the employment agreements under various circumstances is set forth in the Potential Payouts Upon Termination table below.

Change of Control Agreements

The Board believes that the possibility of a change of control of Arrow may raise uncertainty among management, possibly leading to distraction and departure. Further, in the event it should receive a proposal for transfer of control of the company, the Board wishes to be able to rely on the advice of management without members of management being influenced by the uncertainties of their individual positions. The Board also believes, however, that the mere occurrence of a change of control should not generate the potential for a windfall if an executive resigns (a so-called single-trigger agreement). Accordingly, the Board has determined that the questions of uncertainty and securing unbiased management services in such circumstances are sufficiently addressed by protecting the executive from involuntary termination following a change of control (a so-called double-trigger agreement.)

Accordingly, the company has entered into agreements with each of the named executive officers which provide for lump-sum payments by the company or its successor following a change of control. Change of Control means that any person, group or company (other than one which includes Arrow or its subsidiaries or one or more of its executive officers) (i) acquires 30% or more of Arrow's voting stock without the approval of Arrow's then incumbent Board of Directors, or (ii) replaces a majority of Arrow's then incumbent Board of Directors without their approval.

The named executive officers are eligible for payments if, within two years following the Change of Control, their employment is terminated (i) without cause by the company or (ii) for good reason by the executive, as each is defined in the agreements. In such event, the eligible terminated executive is entitled to receive: (i) all unpaid salary through the date of termination (as defined in the agreement) and all earned and unpaid benefits and awards (including both cash and stock components); (ii) a lump-sum payment of 2.99 times the executive's annualized includable compensation as defined in Internal Revenue Code Section 280G(d)(1); and (iii) continuation of benefits at the levels in effect at the time of the change of control for up to three years. If, at the end of the three years following the date of termination, the executive has not reached retirement date and is not receiving equivalent benefits from a new employer, the company will arrange to convert the executive's coverages to individual policies or programs.

Under the terms of the relevant agreements (summarized below under the heading Stock Option, Restricted Stock and Performance Share Award Agreements) for each of the named executives, in the event of an involuntary termination following a change in control, all outstanding options vest and remain exercisable for the remainder of their term, all unvested restricted stock vests, and all unearned performance shares are delivered immediately, at 100% of the targeted amount.

Table of Contents

The amounts payable to the named executive officers pursuant to such agreements will be reduced, if necessary, to avoid excise tax under Section 4999 of the Internal Revenue Code. The estimated compensation and the estimated value of additional benefits that each of the named executive officers would receive under the change of control agreements is set forth in the Potential Payouts Upon Termination table below.

Impact of Internal Revenue Code §409A

Each of the change of control agreements between the company and the named executive officers either has been amended or is subject to amendment in order to ensure compliance with Internal Revenue Code §409A, generally by deferring any payment due upon termination for six months and adding an interest component to the amount due (at the six-month Treasury rate.)

Potential Payouts Upon Termination

The following table sets forth the estimated payments and value of benefits that each of the named executive officers would be entitled to receive under their employment and change of control agreements, as applicable, in the event of the termination of his employment under various scenarios, assuming that the termination occurred on December 31, 2007. The amounts represent the entire value of the estimated liability, even if some or all of that value has been disclosed elsewhere in this proxy statement.

None of the named executive officers receives any payment at, following or in connection with being terminated for cause. None of the named executive officers was eligible for retirement (or early retirement) as at year-end 2007 other than Mr. Mitchell.

In both the table below and the Share-based Award Agreement Terms Related to Post-Employment Scenarios table which follows it:

Death refers to the death of executive;

Disability refers to the executive becoming permanently and totally disabled during the term of his employment;

Termination Without Cause or Resignation for Good Reason means that the executive is asked to leave the company for some reason other than those specified in his or her employment agreement or the executive voluntarily leaves the company because the company is in breach of the agreement (all as defined in each specific employment agreement);

Change of Control Termination means the occurrence of both a change of control and the termination of the executive without cause or his or her resignation for cause within two years of the change; and

Retirement means the executive's voluntary departure at or after retirement age as defined in one of the company's retirement plans (typically age 60, except for Mr. Mitchell, for whom regular retirement age has been set at age 65 by contract).

Table of Contents**Narrative Explanation of the Calculation of Amounts**

Had the death, disability, retirement, or a change of control termination of any of the named executive officers occurred, all of his or her restricted shares, options and performance shares would have fully vested. The options would remain exercisable for the remainder of their original term.

Had a termination by the company without cause or resignation of the executive for good reason occurred, performance shares then unearned would have been forfeited (except for Ms. Morris), while any restricted stock and option awards which would have vested in the then remaining term of the executive's employment agreement would have vested immediately.

None of the named executive officers would have received severance or bonus pay in the event of death, disability or retirement. Had a termination by the company without cause or resignation of the executive for good reason occurred, however, each executive would have received a severance amount equal to his or her salary for the remaining term of their agreements and two thirds of their targeted short-term incentive bonus for that period, except for Mr. Mitchell, whose contract provides for a payment in lieu of such bonus equal to his then current base annual salary.

Under the terms of their change of control agreements, had a change of control termination occurred, each executive would have received 2.99 times his or her annualized includable compensation as defined in Section 280G(d)(1) of the Internal Revenue Code.

Performance shares and restricted stock are valued at the closing market price on December 31, 2007 and stock options are valued based on the difference between the exercise price and the closing market price on December 31, 2007 of in-the-money options.

Stock Option, Restricted Stock and Performance Share Award Agreements

The various share and share-based awards made to the named executive officers are evidenced by written agreements each of which contains provisions addressing alternative termination scenarios. These provisions are summarized on the following table.

Share-based Award Agreement Terms Related to Post-Employment Scenarios

RELATED PERSONS TRANSACTIONS

The company has a variety of procedures for the identification and review of related party transactions.

Arrow's Worldwide Code of Business Conduct and Ethics (the Code) prohibits employees, officers and directors from entering into transactions that present a conflict of interest absent a specific waiver. The Code also requires that any such transaction, which may become known to any employee, officer or director, be properly reported to the company. Any conflict of interest disclosed under the Code requires a waiver from senior management. If the conflict of interest involves senior management, a waiver from the Board of Directors is required. Any such waiver is disclosed on the company's website.

The company's corporate governance guidelines specify the standards for independence of directors. Any related party transaction involving a director requires the review and approval of the Board of Directors.

As part of the process related to the financial close of each quarter, the company sends out a disclosure checklist to management of each operating unit and financial function around the world, which seeks to ensure complete and accurate financial disclosure. One part of the checklist seeks to identify any related party transactions. Any previously undisclosed transaction would initially be reviewed by (i) the company's disclosure committee to determine whether the transaction should be disclosed in the company's SEC filings; and (ii) by senior management of the company, including the General Counsel and the Chief Financial Officer, for consideration of the appropriateness of the transaction. If such transaction involves members of senior management, it is elevated to the Board of Directors for review.

The Board has reviewed and approved the one related-party transaction occurring in or pursuant to which payment was made in 2007:

The company entered into an agreement in 1980 with Mr. Waddell, now one of the company's non-employee directors, in which it agreed to pay Mr. Waddell's designated beneficiary, a member of his immediate family, a benefit of \$1,000,000 upon Mr. Waddell's death. In December 2003, the company and Mr. Waddell's beneficiary entered into an agreement pursuant to which the beneficiary will receive the 2003 present-value, annuitized equivalent of the death benefit, in the form of annual payments of \$45,000 for the remainder of the beneficiary's life up to a maximum of 12 years.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Arrow's officers and directors and persons who own more than ten percent of a registered class of Arrow's equity securities to file reports of ownership and changes in ownership with the SEC. Arrow believes that during fiscal year 2007 its officers and directors complied with all applicable Section 16(a) filing requirements.

SUBMISSION OF SHAREHOLDER PROPOSALS

Arrow anticipates that the next Annual Meeting of Shareholders will be held on or about May 1, 2009. If a shareholder intends to present a proposal at Arrow's Annual Meeting of Shareholders to be held in 2009 and seeks to have the proposal included in Arrow's Proxy Statement relating to that meeting, pursuant to Rule 14a-8 of the Securities Exchange Act of

Table of Contents

1934, as amended, the proposal must be received by Arrow no later than the close of business on November 20, 2008.

Arrow's by-laws govern the submission of nominations for director and other business proposals that a shareholder wishes to have considered at Arrow's Annual Meeting of Shareholders to be held in 2009 which are not included in the company's proxy statement for that meeting. Under the by-laws, subject to certain exceptions, nominations for director or other business proposals to be addressed at the company's next annual meeting may be made by a shareholder entitled to vote who has delivered a notice to the Secretary of Arrow no later than the close of business on March 10, 2009 and not earlier than February 9, 2009. The notice must contain the information required by the by-laws. These advance notice provisions are in addition to, and separate from, the requirements that a shareholder must meet in order to have a proposal included in the proxy statement under the rules of the SEC. A proxy granted by a shareholder will give discretionary authority to the proxies to vote on any matters introduced pursuant to the above advance notice by-law provisions, subject to applicable rules of the SEC.

The Plan shall become effective upon shareholder approval (the Effective Date) and shall remain in effect as provided in Section 1.3 hereof.

The purpose of the Plan is to promote the interests of the Company and its shareholders by strengthening the Company s ability to attract, motivate, and retain Employees and Directors of the Company upon whose judgment, initiative, and efforts the financial success and growth of the business of the Company largely depend, and to provide an additional incentive for such individuals through stock ownership and other rights that promote and recognize the financial success and growth of the Company and create value for shareholders. 1.3 Duration of the Plan. Unless sooner terminated as provided herein, the Plan shall terminate (i) ten years from the Effective Date with respect to the Shares initially authorized for issuance under the Plan (the Initial Share Authorization) and (ii) with respect to the 5,000,000 Shares subsequently authorized for issuance under the Plan (the Additional Share Authorization), ten years from the date the Board of Directors amended the Plan to authorize the Additional Share Authorization. After the Plan is terminated, no Awards may be granted but Awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and the Plan s terms and conditions. Notwithstanding the foregoing, no Incentive Stock Options may be granted (i) with respect to the Initial Share Authorization, after February 26, 2014, and (ii) with respect to the Additional Share Authorization, more than ten years after the Board s authorization of the Additional Share Authorization.

Subject to any governing rules or regulations, as soon as practicable after receipt of written notification of exercise and full payment (including satisfaction of any applicable tax withholding), the Company shall deliver to the Participant evidence of book entry Shares, or upon the Participant's request, Share certificates in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, minimum holding period requirements, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, or under any blue sky or state securities laws applicable to such Shares.

6.8 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment or provision of services to the Company, its Affiliates, or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

6.9 Transferability of Options.

- (a) **Incentive Stock Options.** No ISO granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant.
- (b) **Non-Qualified Stock Options.** Except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, no NQSO granted under this Article 6 may be sold, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution; provided that the Board or Committee may permit further transferability, on a general or a specific basis, and may impose conditions and limitations on any permitted transferability. Further, except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, or unless the Board or Committee decides to permit further transferability, all NQSOs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant. With respect to those NQSOs, if any, that are permitted to be transferred to another person, references in the Plan to exercise or payment of the Option Price

by the Participant shall be deemed to include, as determined by the Committee, the Participant's permitted transferee.

6.10 Notification of Disqualifying Disposition. 6.11 Substituting SARs. In the event the Company no longer uses APB Opinion 25 to account for equity compensation and is required to or elects to expense the cost of Options pursuant to FAS 123 (or a successor standard), the Committee shall have the ability to substitute, without receiving Participant permission, SARs paid only in Stock (or SARs paid in Stock or cash at the Committee's discretion) for outstanding Options; provided, the terms of the substituted Stock SARs are substantially equivalent to the terms for the Options and the excess of the Fair Market Value of the underlying Shares over the aggregate Grant Price of the SARs is equivalent to the excess of the Fair Market Value of the underlying Shares over the aggregate Option Price of the Options. If this provision creates adverse accounting consequences for the Company, it shall be considered void by the Committee.

Article 7. Stock Appreciation Rights

7.1 Grant of SARs. Subject to the terms and conditions of the Plan, SARs may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee may grant Freestanding SARs, Tandem SARs, or any combination of these forms of SARs.

Subject to the terms and conditions of the Plan, the Committee shall have complete discretion in determining the number of SARs granted to each Participant and, consistent with the provisions of the Plan, in determining the terms and conditions pertaining to such SARs.

The Grant Price for each grant of a Freestanding SAR shall be determined by the Committee and shall be specified in the Award Agreement. The Grant Price may be based on one hundred percent (100%) of the FMV of the Shares on the date of grant, set at a premium to the FMV of the Shares on the date of grant, or indexed to the FMV of the Shares on the date of grant, with the index determined by the Committee, in its discretion. The Grant Price of Tandem SARs shall be equal to the Option Price of the related Option.

7.2 SAR Agreement. Each SAR Award shall be evidenced by an Award Agreement that shall specify the Grant Price, the term of the SAR, and such other provisions as the Committee shall determine.

7.3 Term of SAR. The term of a SAR granted under the Plan shall be determined by the Committee, in its sole discretion, and except as determined otherwise by the Committee and specified in the SAR Award Agreement, no SAR shall be exercisable later than the tenth (10th) anniversary date of its grant. Notwithstanding the foregoing, for SARs granted to Participants outside the United States, the Committee has the authority to grant SARs that have a term greater than ten (10) years.

7.5. Exercise of Tandem SARs. Tandem SARs may be exercised for all or part of the Shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option. A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable.

Notwithstanding any other provision of this Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than one hundred percent (100%) of the excess of the Fair Market Value of the Shares subject to the underlying ISO over the aggregate Option Price of the Shares subject to the underlying ISO at the time the Tandem SAR is exercised; and (c) the Tandem SAR may be exercised only when the Fair Market Value of the Shares subject to the ISO exceeds the aggregate Option Price of the ISO.

7.7 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following termination of the Participant's employment with or provision of services to the Company, its Affiliates, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with Participants, need not be uniform among all SARs issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

7.8 Non-Transferability of SARs. Except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, no SAR granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, all SARs granted to a Participant under the Plan shall be exercisable during his or her lifetime only by such Participant. With respect to those SARs, if any, that are permitted to be transferred to another person, references in the Plan to exercise of the SAR by the Participant or payment of any amount to the Participant shall be deemed to include, as determined by the Committee, the Participant's permitted transferee.

7.9 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares received upon exercise of a SAR granted pursuant to the Plan as it may deem advisable or desirable. These restrictions may include, but shall not be limited to, a requirement that the Participant hold the Shares received upon exercise of a SAR for a specified period of time.

Each Restricted Stock and/or Restricted Stock Unit grant shall be evidenced by an Award Agreement that shall specify the Period(s) of Restriction, the number of Shares of Restricted Stock or the number of Restricted Stock Units granted, and such other provisions as the Committee shall determine.

8.3 Transferability. Except as provided in this Plan or an Award Agreement, the Shares of Restricted Stock and/or Restricted Stock Units granted herein may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction established by the Committee and specified in the Award Agreement (and in the case of Restricted Stock Units until the date of delivery or other payment), or upon earlier satisfaction of any other conditions, as specified by the Committee, in its sole discretion, and set forth in the Award Agreement or otherwise at any time by the Committee. Article 12. Covered Employee Annual Incentive Award

Notwithstanding any other provision of this Plan to the contrary, for each Plan Year a Covered Employee Annual Incentive Award shall be paid to any Participant who is an executive officer of the Company and, in the Committee's determination, is likely to be a covered employee within the meaning of Section 162(m) of the Code only in accordance with the provisions of this Article. Upon the Committee's certification thereof, the Covered Employee Annual Incentive Awards shall be paid to the Covered Employees or such lesser amounts as the Committee in its discretion shall prescribe taking into account the otherwise applicable provisions of this Plan and the performance of the Company and the Covered Employees during the Plan Year, provided that such action does not preclude the Covered Employee Annual Incentive Award to any Covered Employee from qualifying as performance based compensation under Section 162(m) of the Code. The Committee shall not exercise any discretion in its administration of the Plan that would be inconsistent with the purposes of Section 162(m) of the Code.

Article 13. Non-Employee Director Awards

13.1 Non-Employee Director Awards. Non-Employee Directors may only be granted Awards under the Plan in accordance with this Article 13 and which shall not be subject to management's discretion. From time to time, the Board shall set the amount(s) and type(s) of equity awards that shall be granted to all Non-employee Directors on a periodic, nondiscriminatory basis pursuant to the Plan, as well as any additional amount(s), if any, to be awarded, also on a periodic, nondiscriminatory basis, based on each of the following: the number of committees of the Board on which a Non-Employee Director serves, service of a Non-Employee Director as the chair of a Committee of the Board, service of a Non-Employee Director as Chairman of the Board, or the first selection or appointment of an individual to the Board as a Non-Employee Director. Subject to the limits set forth in Section 4.1(d) and the foregoing, the Board shall grant such Awards to Non-Employee Directors and the Non-Employee Chairman of the Board, and grant New Non-Employee Director Awards, as it shall from time to time determine.

13.2 Non-Employee Director Deferrals.

- (a) **Mandatory Deferral:** Fifty percent (50%) of each payment comprising any annual retainer fees payable by the Company to each Non-Employee Director shall automatically be withheld by the Company and deferred hereunder, except to the extent that the Non-Employee Director has made an Optional Deferral Election in accordance with Section 13.2(b).
- (b) **Optional Deferral Elections:** A Non-Employee Director may submit a written election to the Secretary of the Company not to have the deferral provisions of Section 13.2(a) apply to the Non-Employee Director's retainer fees or to have a deferral of a percentage other than fifty percent (50%) apply (an Optional Deferral Election) as follows:
 - (i) Prior to the Effective Date of the Plan, each Non-Employee Director may submit an Optional Deferral Election, which may specify that no portion of the Non-Employee Director's retainer fees will be

deferred under Section 13.2 or that a selected percentage other than fifty percent (50%) of the Non-Employee Director's retainer fees will be deferred under Section 13.2. Such Optional Deferral Election will be effective unless and until it is revoked in writing.

- (ii) Each Non-Employee Director initially elected after the Effective Date of the Plan may submit an Optional Deferral Election prior to the Non-Employee Director's receipt of any portion of any retainer fee which may specify that no portion of the Non-Employee Director's retainer fees will be deferred under Section 13.2 or that a selected percentage other than fifty percent (50%) of the Non-Employee Director's retainer fees will be deferred under Section 13.2, such Optional Deferral Election will be effective unless and until it is revoked in writing.
- (iii) On an ongoing basis, each Non-Employee Director who has not made a standing Optional Deferral Election may make an Optional Deferral Election requesting the cessation of deferrals from his or her future payments of annual retainer fees or specifying that a selected percentage other than fifty percent (50%) of the Non-Employee Director's retainer fees will be deferred under Section 13.2. In addition, any Non-Employee Director who has previously made a standing Optional Deferral Election may submit a new Optional Deferral Election, which will supersede the prior Optional Deferral Election. Any such election will take effect as of the commencement of the calendar year following the year in which the election is made and will be honored unless and until it is revoked in writing prior to the commencement of the calendar year in which such revocation is to become effective. However, any amounts deferred prior to the effective date of the new Optional Deferral Election will continue to be deferred under Section 13.2.
- (c) **Maintenance of Deferred Accounts:** A recordkeeping account shall be established and maintained in the name of each Non-Employee Director. Amounts which are deferred hereunder shall be converted into units (Units) based on the Fair Market Value of the Company's common stock, and such Units (including any fractional Units) shall be credited to the Non-Employee Director's account. The conversion and crediting of deferrals shall occur as of the date that such deferred amounts would otherwise have been payable to the Non-Employee Director. Dividend equivalents earned on the basis of whole Units previously credited to a Non-Employee Director's account shall be credited to the Non-Employee Director's account as Units, including fractional Units, on the date any such dividend has been declared to be payable on Shares. Units, excluding fractional Units, shall earn dividend equivalents from the date such Units are credited to a Non-Employee Director's account until the date such Units are converted into Shares and distributed. Dividend equivalents shall be computed by multiplying the dividend paid per Share during the period Units are credited to a Non-Employee Director's account times the number of whole Units so credited, but Units shall earn such dividend equivalents only as, if, and when dividends are declared and paid on Shares.
- (d) **Method of Distribution of Deferrals:** No distribution of deferrals may be made except as provided in this Section 13.2(d) or in a deferral agreement between the Company and a Non-employee Director. As of the last business day of the calendar month in which a Non-Employee Director's service as a director of the Company ceases, each whole Unit then credited to the Non-Employee Director's deferral account shall be converted into one Share and any fractional Unit shall be converted into cash by multiplying such fraction by the Fair Market Value of a Share as of such date. Such Shares and cash shall be distributed to the Non-Employee Director in a single lump sum, as soon as practicable following such date. At the written request of a Non-Employee Director, the Board of Directors, in its sole discretion, may accelerate payment of amounts deferred hereunder, upon a showing of unforeseeable emergency by such Non-Employee Director. For purposes of this paragraph, unforeseeable emergency is defined as severe financial hardship resulting from extraordinary and unanticipated circumstances arising as a result of one or more recent events beyond the control of the Non-Employee Director. In any event, payment may not be made to the extent such emergency is or may be relieved: (1) through reimbursement or compensation by insurance or otherwise; (2) by liquidation of the Non-Employee Director's assets, to the extent the liquidation of such assets would not, itself, cause severe financial hardship;

and (3) by cessation of deferrals under the Plan. Examples of events that are not considered to be unforeseeable emergencies include the need to send a Non-Employee Director's child to college or the desire to purchase a home.

If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals.

Nothing in the Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Affiliates, and/or its Subsidiaries, to terminate any Participant's employment or service on the Board or to the Company at any time or for any reason not prohibited by law, nor confer upon any Participant any right to continue his or her employment or service as a Director or Third Party Service Provider for any specified period of time.

Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company, its Affiliates, and/or its Subsidiaries and, accordingly, subject to Articles 3 and 19, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company, its Affiliates, and/or its Subsidiaries.

17.2 Participation. No individual shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

17.3 Rights as a Shareholder. Except as otherwise provided herein, a Participant shall have none of the rights of a shareholder with respect to Shares covered by any Award until the Participant becomes the record holder of such Shares.

17.4 No Third Party Beneficiaries. This Plan does not confer any right or remedy other than to Participants, the Company, and their respective permitted successors and assigns, and no action may be brought

against the Company, the Board, the Committee, or any of the Committee's delegates by any third party claiming as a third party beneficiary to the Plan or any Award Agreement.

Article 18. Corporate Events

Unless otherwise set forth in the Award Agreement, upon a dissolution or liquidation of the Company, or a sale of substantially all of the assets of the Company, its Subsidiaries, and its Affiliates and the acquiring entity does not substitute new and equivalent Awards for the outstanding Awards hereunder, or a merger or consolidation in which the surviving corporation does not substitute new and equivalent Awards for the outstanding Awards hereunder, (each a Corporate Event) each Participant shall be given at least ten days prior written notice of the occurrence of such Corporate Event, every Award outstanding hereunder shall become fully vested and exercisable, all restrictions on such Awards shall lapse and each Participant may exercise any Award that is in the form of an Option or SAR, in whole or in part, prior to or simultaneously with such Corporate Event. Unless otherwise set forth in the Award Agreement, upon the occurrence of any such Corporate Event, any Option or SAR not exercised pursuant hereto shall terminate. Unless otherwise set forth in the Award Agreement, furthermore, upon the occurrence of a Corporate Event, the Company shall have the option to cancel every outstanding Award hereunder (other than Options and SARs outstanding the cancellation which would be handled by the preceding sentence) and to pay the holder of such Awards the value of those Awards as determined by the Board or Committee in their sole discretion.

Article 19. Amendment, Modification, Suspension, and Termination

19.1 Amendment, Modification, Suspension, and Termination. Subject to Section 19.3, the Committee may, at any time and from time to time, alter, amend, modify, suspend, or terminate the Plan and any Award Agreement in whole or in part; provided, however, that, without the prior approval of the Company's shareholders and except as provided in Sections 4.4 and 6.11 hereof, Options issued under the Plan will not be repriced, replaced, or regranted through cancellation, or by lowering the Option Price of a previously granted Option, and no amendment of the Plan shall be made without shareholder approval if shareholder approval is required by law, regulation, or stock exchange rule, including, but not limited to, the Securities Exchange Act of 1934, as amended, the Internal Revenue Code of 1986, as amended, and, if applicable, the New York Stock Exchange Listed Company Manual.

19.2 Adjustment of Awards Upon the Occurrence of Certain Unusual or Non-recurring Events. The Committee shall, as and in the manner it deems necessary or appropriate, make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual, unforeseen or nonrecurring events (including, without limitation, the events described in Section 4.4 hereof, restructuring charges and income or expenses related to acquisitions and dispositions, tax and litigation settlements, and capital projects not contemplated at the time an Award was made) affecting the Corporation or the financial statements of the Corporation or of changes in applicable laws, regulations, or accounting principles, in order to prevent the unintended dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. The determination of the Committee as to the foregoing adjustments shall be conclusive and binding on Participants under the Plan.

19.3 Awards Previously Granted. Notwithstanding any other provision of the Plan to the contrary, no termination, amendment, suspension, or modification of the Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award or any predecessor plans.

Article 20. Withholding

20.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan.

Table of Contents

20.2 Share Withholding. With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock and Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares, or any other taxable event arising as a result of an Award granted hereunder, the Committee may decide to permit Participants to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. If permitted by the Committee, all Participant elections related to share withholding shall be irrevocable, made in writing, and signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

Article 21. Successors

All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 22. General Provisions

22.1 Forfeiture Events.

- (a) The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, termination of employment for cause, termination of the Participant's provision of services to the Company, Affiliate, and/or Subsidiary, violation of material Company, Affiliate, and/or Subsidiary policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company, its Affiliates, and/or its Subsidiaries.
- (b) If Section 304 of the Sarbanes-Oxley Act of 2002 applies to any Award or payment in settlement of any Award, the Participant shall and hereby agrees to reimburse the Company for any such amounts or Awards as provided by Section 304 of the Sarbanes-Oxley Act of 2002.

22.2 Legend. The certificates for Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

22.3 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

22.4 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

22.5 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

22.6 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Shares issued under the Plan prior to:

Table of Contents

- (a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and
- (b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

22.7 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

22.8 Investment Representations. The Committee may require any person receiving Shares pursuant to an Award under this Plan to represent and warrant in writing that the person is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

22.9 Employees, Directors, Third Party Service Providers, and Participants Based Outside of the United States. Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company, its Affiliates, and/or its Subsidiaries operate or have Employees, Directors, Third Party Service Providers, or Participants, the Committee, in its sole discretion, shall have the power and authority to:

- (a) Determine which Affiliates and Subsidiaries shall be covered by the Plan;
- (b) Determine which Employees, Directors, Third Party Service Providers, or Participants outside the United States are eligible to participate in the Plan;
- (c) Modify the terms and conditions of any Award granted to Employees, Directors, Third Party Service Providers, or Participants outside the United States to comply with applicable foreign laws;
- (d) Establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. Any subplans and modifications to Plan terms and procedures established under this Section 22.9 by the Committee shall be attached to this Plan document as appendices; and
- (e) Take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate applicable law.

22.10 Uncertificated Shares. To the extent that the Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a uncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

22.11 Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company, and/or its Subsidiaries, and/or Affiliates may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other person. To the extent that any person acquires a right to receive payments from the Company, and/or its Subsidiaries, and/or Affiliates under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company, a Subsidiary, or an Affiliate, as the case may be. All payments to be made hereunder shall be paid from the general funds of the Company, a Subsidiary, or an Affiliate,

as the case may be and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not subject to ERISA.

22.12 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

22.13 Retirement and Welfare Plans. Neither Awards made under the Plan nor Shares or cash paid pursuant to such Awards, except pursuant to Covered Employee Annual Incentive Awards, will be included as compensation for purposes of computing the benefits payable to any Participant under the Company's or any Subsidiary's or Affiliate's retirement plans (both qualified and non-qualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a participant's benefit.

22.14 Nonexclusivity of the Plan. The adoption of this Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

22.15 No Constraint on Corporate Action. Nothing in this Plan shall be construed to: (i) limit, impair, or otherwise affect the Company's or a Subsidiary's or an Affiliate's right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or, (ii) limit the right or power of the Company or a Subsidiary or an Affiliate to take any action which such entity deems to be necessary or appropriate.

22.16 Right of First Refusal. Unless otherwise set forth in the Award Agreement, shares acquired under the Plan by a Participant may not be sold or otherwise disposed of in any way (including a transfer or gift or by reason of the death of the Participant) until the Participant (or his legal representative, legatee or distributee of his or her estate) first offers to sell the Shares to the Company as herein provided. The price per Share at which the Shares shall be offered to the Company shall be the closing price per Share reported on the Consolidated Tape (as such price is reported in the *Wall Street Journal* or if such publication is unavailable then *Reuters*) on the date the Participant's offer is received by the Secretary of the Company. If the Company fails to accept the offer to purchase such Shares within seven days after such date, the Shares shall thereafter be free of all restrictions under the Plan.

22.17 Ratification of Actions. By accepting any Award or other benefit under the Plan, each Participant and each person claiming under or through each Participant shall be conclusively deemed to have indicated his or her acceptance and ratification of, and consent to, any action taken under the Plan by the Company, the Board or the Committee.

22.18 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of New York excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of New York, to resolve any and all issues that may arise out of or relate to the Plan or any related Award Agreement.

22.19 Jury Waiver. Every Participant, every person claiming under or through a Participant, and the Company hereby waives to the fullest extent permitted by applicable law any right to a trial by jury with respect to any litigation directly or indirectly arising out of, under, or in connection with the Plan or any Award Agreement issued pursuant to the Plan.
