**Item 2.05. Costs Associated with Exit or Disposal Activities.**

On June 10, 2009, Cadence Design Systems, Inc. ( Cadence ) commenced a restructuring plan. Upon completion of the restructuring plan, Cadence expects to achieve annual operating expense savings of approximately \$30 million, through a combination of workforce and other expense reductions. The expected annual operating expense savings take into account additional investments planned for areas of critical importance to Cadence s customers.

Cadence expects to eliminate approximately 225 full-time positions. Cadence expects to record a restructuring charge of approximately \$20 million to \$25 million pre-tax, approximately \$18 million of which will be recorded in the second quarter of 2009. Substantially all of the restructuring charge is for employee-related costs and will result in future cash expenditures. Because of varying regulations in the jurisdictions and countries in which Cadence operates, these workforce reductions will be realized over a period of time and are expected to be completed in the second half of fiscal 2009.

A copy of the press release is attached hereto as Exhibit 99.01 and is incorporated by reference herein.
