**PROXY STATEMENT
FOR THE ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON AUGUST 19, 2009**

PROXY SOLICITATION AND COSTS

The J. M. Smucker Company (the Company) is furnishing this document to you in connection with the solicitation by the Board of Directors of the Company (the Board) of the enclosed form of proxy for its August 19, 2009 annual meeting. In addition to solicitation by mail, the Company may solicit proxies in person, by telephone, facsimile, or e-mail. Also, the Company has engaged a professional proxy solicitation firm, D.F. King & Co., Inc., to assist it in soliciting proxies. The Company will pay a fee of approximately \$15,000, plus expenses, to D.F. King & Co. for its services and will bear all costs of the proxy solicitation.

The Company pays for the preparation and mailing of the Notice of Annual Meeting and proxy statement, and the Company has also made arrangements with brokerage firms and other custodians, nominees, and fiduciaries for the forwarding of this proxy statement and other annual meeting materials to the beneficial owners of its common shares at its expense. This proxy statement is dated July 9, 2009 and is first being mailed to the Company's shareholders on or about July 9, 2009.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why am I receiving these proxy materials?

You received these materials because you are a shareholder of the Company. The Board is providing these proxy materials to you in connection with the Company's annual meeting, to be held on August 19, 2009. As a shareholder of the Company, you are entitled to vote on the important proposals described in this proxy statement. Since it is not practical for all shareholders to attend the annual meeting and vote in person, our Board is seeking your proxy to vote on these matters.

What is a proxy?

A proxy is your legal designation of another person (proxy) to vote the common shares you own at the annual meeting. By completing and returning the proxy card(s), which identifies the individuals or trustees authorized to act as your proxy, you are giving each of those individuals authority to vote your common shares as you have instructed. By voting via proxy, each shareholder is able to cast his or her vote without having to attend the annual meeting in person.

Why did I receive more than one proxy card?

You will receive multiple proxy cards if you hold your common shares in different ways (e.g., trusts, custodial accounts, joint tenancy) or in multiple accounts. If your common shares are held by a broker or bank (i.e., in street

name), you will receive your proxy card and other voting information from your broker, bank, trust or other nominee. It is important that you complete, sign, date and return each proxy card you receive, or vote using the telephone, or by using the Internet as described in the instructions included with your proxy card(s) or in the Notice of Internet Availability of Proxy Materials.

Table of Contents

Why didn't I receive paper copies of the proxy materials?

This year the Company is furnishing proxy materials to our shareholders on the Internet instead of mailing printed copies of those materials to all of our shareholders, as permitted by rules recently adopted by the U.S. Securities and Exchange Commission (SEC). This option allows the Company to provide our shareholders with information they need, while reducing our use of natural resources, saving on paper and printing costs, and cutting back on potentially unwanted paper materials in our shareholders' home mailboxes.

If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one in accordance with the instructions provided in the notice. The Notice of Internet Availability of Proxy Materials has been mailed to shareholders on or about July 9, 2009 and provides instructions on how you may access and review the proxy materials on the Internet.

What is the record date and what does it mean?

The Board established June 23, 2009 as the record date for the annual meeting of shareholders to be held on August 19, 2009. Shareholders who own common shares of the Company at the close of business on the record date are entitled to notice of and to vote at the annual meeting.

What is the difference between a registered shareholder and a street name shareholder ?

These terms describe how your common shares are held. If your common shares are registered directly in your name with Computershare Investor Services, LLC (Computershare), the Company's transfer agent, you are a registered shareholder. If your common shares are held in the name of a brokerage, bank, trust, or other nominee as a custodian, you are a street name shareholder.

How many common shares are entitled to vote at the annual meeting?

As of the record date, there were 118,914,904 common shares outstanding and entitled to vote at the annual meeting.

How many votes must be present to hold the annual meeting?

A majority of the Company's outstanding common shares as of the June 23, 2009 record date must be present in person or by proxy in order for the Company to hold the annual meeting. This majority of outstanding common shares is referred to as a quorum. For purposes of determining whether a quorum is present, each common share is deemed to entitle the holder to one vote per share. Properly signed proxies that are marked abstain are known as abstentions. Common shares that are held in street name and not voted on one or more of the items before the annual meeting, but are otherwise voted on at least one item, are known as broker non-votes.

Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Abstentions are also counted as shares present and entitled to be voted. Broker non-votes, however, are not counted as shares entitled to be voted with respect to the matter on which the broker has expressly not voted. Abstentions, broker non-votes, and shares not in attendance and not voted at the annual meeting will not affect the outcome of Proposal 1. With regard to Proposal 2, Proposal 3, Proposal 4, and Proposal 5, abstentions and broker non-votes will have the same effect as votes against the proposal.

Who will count the votes?

A representative from Computershare will determine if a quorum is present and tabulate the votes and serve as the Company's inspector of election at the annual meeting.

What vote is required to approve each proposal?

Proposal 1: The five candidates receiving the greatest number of votes, based upon one vote for each common share owned as of the record date, will be elected. Votes withheld in respect of any candidate properly nominated in the election of Directors will have no impact on the election.

Table of Contents

Proposal 2: The affirmative vote of the holders of at least a majority of the total voting power of the Company, based upon one vote for each common share owned as of the record date, is necessary to ratify the appointment of the Independent Registered Public Accounting Firm (the Independent Auditors).

Proposal 3: The affirmative vote of the holders of common shares entitling them to exercise two-thirds of the total voting power of the Company, giving effect to the ten-votes-per-share provisions of the Amended Articles of Incorporation (Articles), is necessary to adopt the amendment to the Articles to eliminate cumulative voting in Director elections.

Proposal 4: The affirmative vote of the holders of common shares entitling them to exercise two-thirds of the total voting power of the Company, giving effect to the ten-votes-per-share provisions of the Articles, is necessary to adopt the amendment to the Articles to require majority voting in uncontested Director elections. In addition, the implementation of Proposal 4 is conditioned upon the approval by shareholders of Proposal 3. Therefore, Proposal 4 will be implemented only if approved by the shareholders at the annual meeting and, further, only if Proposal 3 is also approved by the shareholders at the annual meeting. In other words, if Proposal 3 is not approved by the shareholders, Proposal 4 will have no effect, even if it received the required approval of the shareholders.

Proposal 5: The affirmative vote of the holders of common shares entitling them to exercise a majority of the total voting power of the Company, giving effect to the ten-votes-per-share provisions of the Articles, is necessary to adopt the amendment to the Company's Amended Regulations (Regulations) to allow the Board to amend the Regulations to the extent permitted by Ohio law.

How do I determine if I have ten-votes-per-share for Proposal 3, Proposal 4 and Proposal 5?

Common shares are entitled to ten-votes-per-share if they meet the requirements set forth in the Articles. Common shares which would be entitled to ten-votes-per-share on Proposal 3, Proposal 4, and Proposal 5 include:

common shares beneficially owned as of November 6, 2008, and for which no change in beneficial ownership has occurred after November 6, 2008; or

common shares received through the Company's various equity plans, which have not been sold or otherwise transferred since November 6, 2008.

If you were issued common shares through one of the Company's equity plans as an employee of the Company, or you are a registered shareholder, you will not be required to certify common shares entitled to ten-votes-per-share in order to exercise the ten-votes-per-share provision, because the plan administrators or the transfer agent will provide this information to the vote tabulator. If you are a street name shareholder, you will be required to complete the Certification of Ten-Vote Shares section indicated on the voting instruction form in order to exercise the ten-votes-per-share provision. For additional information regarding how to determine whether your common shares are entitled to ten-votes-per-share see Voting Rights of Common Shares on page 64.

How do I vote my common shares?

If you are a registered shareholder, you can vote your shares in one of the following manners:

by attending the annual meeting and voting;

by completing, signing, dating, and returning the enclosed proxy card(s) if you received your proxy materials by mail;

by telephone, by calling 1-800-652-8683; or

by using the Internet and accessing www.investorvote.com.

Please refer to the specific instructions set forth on the proxy card(s) if you received your proxy materials by mail or in the Notice of Internet Availability of Proxy Materials.

Table of Contents

If you are a street name shareholder, your broker, bank, trustee or other nominee will provide you with materials and instructions for voting your common shares.

Can I change my vote after I have mailed in my proxy card(s)?

Yes, if you are a registered shareholder, you can change your vote in any one of the following ways:

sending a written notice to the Corporate Secretary of the Company that is received prior to the annual meeting and states that you revoke your proxy;

signing and dating a new proxy card(s) and submitting the proxy to Computershare so that it is received prior to the annual meeting;

voting by telephone, or using the Internet prior to the annual meeting in accordance with the instructions provided with the proxy card(s) if you received your proxy materials by mail or in the Notice of Internet Availability of Proxy Materials; or

attending the annual meeting and voting in person.

Your mere presence at the annual meeting will not revoke your proxy. You must take affirmative action in order to revoke your proxy.

If your common shares are held in street name, you must contact your broker, bank, trust or other nominee in order to revoke your proxy. If you wish to vote in person at the annual meeting, you must contact your broker and request a document called a legal proxy. You must bring this legal proxy obtained from your broker, bank, trust or other nominee to the annual meeting in order to vote in person.

How will my proxy be voted?

If you complete, sign, date and return your proxy card(s), or vote by telephone or by using the Internet, your proxy will be voted in accordance with your instructions. If you sign and date your proxy card(s), but do not indicate how you want to vote, your common shares will be voted FOR the proposals at the annual meeting.

What if my common shares are held in street name by my broker?

Your broker will vote your common shares with respect to the Proposal 3, Proposal 4 and Proposal 5 at the annual meeting *only* if you instruct your broker how to vote. You should instruct your broker using the written instruction form and envelope provided by your broker. If you do not provide your broker with instructions, under the rules of the New York Stock Exchange (NYSE), your broker will not be authorized to vote your common shares with respect to Proposal 3, Proposal 4 and Proposal 5. Your broker may, but is not required to, vote your common shares with respect to Proposal 1 and Proposal 2 at the annual meeting if you do not instruct your broker how to vote. If you hold your common shares in your broker's name and wish to vote in person at the annual meeting, you must contact your broker and request a document called a legal proxy. You must bring this legal proxy to the annual meeting in order to vote in person.

What are the Board's recommendations on how I should vote my common shares?

The Board recommends that you vote your common shares as follows:

Proposal 1 **FOR** the election of the five Board nominees named in this proxy statement with terms expiring at the 2012 Annual Meeting of Shareholders.

Proposal 2 **FOR** the ratification of appointment of Ernst & Young LLP as the Company's Independent Registered Public Accounting Firm for the 2010 fiscal year.

Proposal 3 **FOR** adoption of an amendment to the Company's Amended Articles of Incorporation to eliminate cumulative voting in Director elections.

Table of Contents

Proposal 4 **FOR** adoption of an amendment to the Company's Amended Articles of Incorporation to require majority voting in uncontested Director elections (implementation of this Proposal 4 is conditioned upon approval of Proposal 3).

Proposal 5 **FOR** adoption of an amendment to the Company's Amended Regulations to permit the Board of Directors to amend the Company's Amended Regulations to the extent permitted by law.

Does the Company have cumulative voting?

Under Ohio law, all of the common shares may be voted cumulatively in the election of Directors this year if a shareholder of record wishing to exercise cumulative voting rights provides written notice to the Company's President, one of its Vice Presidents, or the Corporate Secretary at least 48 hours before the time of the annual meeting. The notice must state that the shareholder desires that the voting at the election be cumulative. Also, an announcement of the Company's receipt of the shareholder's intent to exercise cumulative voting rights must be made when the annual meeting is convened by the Chairman of the Board or the Corporate Secretary or by or on behalf of the shareholder giving the notice. Under cumulative voting, the number of votes to which each shareholder otherwise is entitled is multiplied by the number of Directors to be elected, and the shareholder then may cast that aggregate number of votes all for one nominee, or may divide them out among the nominees as the shareholder deems appropriate.

The Company intends to vote all proxies solicited whether or not there is cumulative voting at the annual meeting. In the event that there is cumulative voting, unless a shareholder provides contrary instructions on their proxy card, all votes represented by proxy cards will be divided evenly among the nominees named in this proxy statement, unless it appears that voting in that way would not be effective to elect all of those nominees. In that case, the votes represented by proxies will be cast as recommended by the Board at the annual meeting so as to maximize the number of those nominees elected.

Approval by shareholders of Proposal 3 will not affect the availability of cumulative voting at the 2009 annual meeting.

Who may attend the annual meeting?

All shareholders are eligible to attend the annual meeting; however, only those shareholders of record at the close of business on June 23, 2009 are entitled to vote at the annual meeting.

Do I need an admission ticket to attend the annual meeting?

Tickets are not required to attend the annual meeting. If you are a registered shareholder, properly mark your proxy to indicate that you will be attending the annual meeting. If you hold your common shares in nominee or you are a street name shareholder, you are required to bring evidence of share ownership to the annual meeting (e.g., account statement, broker verification).

What type of accommodations can the Company make at the annual meeting for people with disabilities?

The Company can provide reasonable assistance to help you participate in the annual meeting if you notify the Corporate Secretary about your disability and how you plan to attend. Please call or write the Corporate Secretary at least two weeks before the annual meeting at 330-684-3838 or Strawberry Lane, Orrville, Ohio 44667.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Company's Corporate Governance Guidelines are designed to formalize the Board's role and to confirm its independence from management and its role of aligning management and Board interests with the interests of shareholders. The Corporate Governance Guidelines provide in pertinent part that:

a majority of Directors will be independent, as set forth under the rules of the NYSE, the SEC, and as further set forth in the Corporate Governance Guidelines;

all members of the Nominating and Corporate Governance Committee, the Executive Compensation Committee and the Audit Committee (the Committees) will be independent and there will be at least three members on each Committee;

the independent Directors will meet in executive session on a regular basis in conjunction with regularly scheduled Board meetings and such meetings will be chaired by the Chair of each of the Committees of the Board on a rotating term of one year;

the Board and each of the Committees will conduct an annual self-evaluation;

all Directors will own a minimum amount of the Company's common shares with a value of no less than two times the annual retainer paid to each Director, and each Director should strive to attain this ownership threshold within three years of joining the Board;

each Director will attend at least 75% of all regular and special Board meetings;

each Director is limited to serving on a maximum of three public boards, including the Company, at any one time without prior, unanimous consent of the Board; and

Shareholder Recommendations for Director Nominees

The Nominating and Corporate Governance Committee is responsible for identifying and recommending qualified candidates to the Board for nomination. The Committee considers all suggestions for membership on the Board, including nominations made by the Company's shareholders. Shareholders' nominations for Directors must be made in writing, include the nominee's written consent to the nomination and detailed background information sufficient for the Committee to evaluate the nominee's qualifications. Nominations should be submitted to the Corporate Secretary, The J. M. Smucker Company, Strawberry Lane, Orrville, Ohio 44667. The Corporate Secretary will then forward nominations to the Chair of the Committee. All recommendations must include qualifications which meet, at a minimum, the following criteria:

candidates must be committed to the Company's Basic Beliefs of Quality, People, Ethics, Growth, and Independence, and will possess integrity, intelligence, and strength of character;

nonemployee Director candidates must meet the independence requirements set forth below under the heading Director Independence ;

candidates must have significant experience in a senior executive role, together with knowledge of corporate governance issues and a commitment to attend Board meetings and related Board activities; and

candidates must not have any affiliations or relationships which could lead to a real or perceived conflict of interest.

Table of Contents

When filling a vacancy on the Board, the Committee will consider such additional factors as it deems appropriate. The Company does not currently pay fees to any third party to assist in identifying and evaluating candidates for the Board.

Director Independence

The Company requires that a majority of its Directors be independent as defined by the rules of the NYSE and the SEC. The Company may, in the future, amend its Corporate Governance Guidelines to establish such additional criteria as the Board determines to be appropriate. The Board makes a determination as to the independence of each Director on an annual basis. The Board has determined that all of the following eight nonemployee Directors are independent Directors: R. Douglas Cowan, Kathryn W. Dindo, Paul J. Dolan, Nancy Lopez Knight, Elizabeth Valk Long, Gary A. Oatey, Alex Shumate, and William H. Steinbrink.

In general, independent means that a Director has no material relationship with the Company or any of its subsidiaries. The existence of a material relationship is determined upon a review of all relevant facts and circumstances and generally is a relationship that might reasonably be expected to compromise the Director's ability to maintain his or her independence from management of the Company.

The Board considers the issue of materiality from the standpoint of the persons or organizations with which the Director has an affiliation, as well as from the standpoint of the Director.

The following standards will be applied by the Board in determining whether individual Directors qualify as independent under the rules of the NYSE and the SEC. To the extent that these standards are more stringent than the rules of the NYSE or the SEC, such standards will apply. References to the Company include its consolidated subsidiaries.

No Director will be qualified as independent unless the Board affirmatively determines that the Director has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. The Company will disclose these affirmative determinations.

No Director who is a former employee of the Company can be independent until three years after the end of his or her employment relationship with the Company.

No Director whose immediate family member is, or has been within the last three years, an executive officer of the Company, can be independent.

No Director who received, or whose immediate family member has received, more than \$120,000 in any twelve-month period in direct compensation from the Company, other than Director and Committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), can be independent until three years after he or she ceases to receive more than \$120,000 in any twelve-month period in such compensation.

No Director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company can be independent until three years after the end of the affiliation or the employment or auditing relationship.

No Director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's present executive officers serve on that company's compensation

committee can be independent until three years after the end of such service or employment relationship.

No Director who is an employee, or whose immediate family member is an executive officer, of a company (excluding charitable organizations) that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1,000,000 or 2% of such other company's consolidated gross revenues can be independent until three years after falling below such threshold.

Table of Contents

No Director can be independent if the Company has made charitable contributions to any charitable organization in which such Director serves as an executive officer if, within the preceding three years, contributions by the Company to such charitable organization in any single completed fiscal year of such charitable organization exceeded the greater of \$1,000,000 or 2% of such charitable organization's consolidated gross revenues.

In its review and application of the criteria used to determine independence, the Board considered the fact that the Company does business with organizations directly or indirectly affiliated with Ms. Dindo and Mr. Dolan, and affirmatively determined that the amounts paid to the entities affiliated with these individuals do not meet the threshold which would create an issue under the standards for determining independence.

The value of the services and electricity purchased from FirstEnergy Corp., from where Ms. Dindo officially retired in 2007, and its affiliates in fiscal year 2009 was approximately \$1,762,000 and does not exceed the greater of \$1,000,000 or 2% of FirstEnergy Corp.'s consolidated gross revenues.

The value of advertising and promotional activities sponsored with the Cleveland Indians organization, of which Mr. Dolan is president and part owner, in fiscal year 2009 was approximately \$262,000 and does not exceed the greater of \$1,000,000 or 2% of the consolidated gross revenues of the Cleveland Indians.

Communications with the Board

Interested parties who wish to communicate with members of the Board as a group, with nonemployee Directors as a group, or with individual Directors, may do so by writing to Board Members c/o Corporate Secretary, The J. M. Smucker Company, Strawberry Lane, Orrville, Ohio 44667. The Directors have requested that the Corporate Secretary act as their agent in processing any communications received. All communications that relate to matters that are within the scope of responsibilities of the Board and its Committees will be forwarded to the appropriate Directors. Communications relating to matters within the responsibility of one of the Committees of the Board will be forwarded to the Chair of the appropriate Committee. Communications relating to ordinary business matters are not within the scope of the Board's responsibility and will be forwarded to the appropriate officer at the Company. Solicitations, advertising materials, and frivolous or inappropriate communications will not be forwarded.

Policy on Ethics and Conduct

Ethics is one of the Company's Basic Beliefs and is fundamental to the Company's business. The Company emphasizes that ethical conduct is vital to ensure successful, sustained business relationships.

The Company's Policy on Ethics and Conduct applies to all employees and Directors of the Company, its subsidiaries, and its affiliates. The policy details specifics concerning the manner in which employees and Directors are expected to conduct themselves and imposes on each person the responsibility for making ethical choices.

Any changes to this policy and any waivers of this policy for or on behalf of any Director, executive officer, or senior financial officer of the Company must be approved by the Board, or by a Committee of the Board, to which authority to issue such waivers has been delegated by the Board. Any such waivers will be promptly disclosed to the public, as required by applicable law, and will be disclosed on the Company's website at www.smuckers.com. Waivers of this policy for any other employee may be made only by an authorized officer of the Company.

The Policy on Ethics and Conduct is posted on the Company's website at www.smuckers.com and a copy will be provided free of charge to any shareholder submitting a written request to the Corporate Secretary, The J. M. Smucker

Company, Strawberry Lane, Orrville, Ohio 44667.

The Board has established means for employees to report violations of the policy either to their manager or supervisor, or to the General Counsel. Reports to the General Counsel may be made in writing, by telephone, or in person, and may be submitted anonymously through the Company's toll-free telephone hotline.

Director Compensation

Directors who are employees of the Company receive no compensation for their services as a Director. The Company uses a combination of cash and stock-based compensation to attract and retain nonemployee Directors to serve on the Board. At its January 2009 meeting, the Executive Compensation Committee and the Board approved an increase in the compensation to be paid to its nonemployee Directors. This increase in compensation paid to nonemployee Directors became effective May 1, 2009, and was based on the growth of the Company resulting from the *Folgers* coffee transaction and a review of director compensation conducted by the Company's outside compensation consultant, Towers Perrin, which was presented to the Executive Compensation Committee at its January 2009

meeting. A review of director compensation is performed on an annual basis in order to maintain current information on director compensation trends.

The compensation to be paid to the Company's nonemployee Directors, which became effective May 1, 2009, is as follows:

Fiscal Year 2010 (May 1, 2009 to April 30, 2010)

Type of Compensation	Amount
Annual Retainer	\$ 50,000 per year
Annual Retainer for Committee Chair (except Audit Chair)	\$ 7,500 per year
Annual Retainer for Audit Committee Chair	\$ 10,000 per year
Attendance Fee for Board Meetings	\$ 1,500 per meeting
Attendance Fee for Committee Meetings	\$ 1,500 per meeting
Annual Grant of Deferred Stock Units	\$ 90,000 value of deferred stock units granted annually in October

Table of Contents

The annual grant of deferred stock units having a value of \$90,000 will be issued out of The J. M. Smucker Company 2006 Equity Compensation Plan (the 2006 Plan). The 2006 Plan was approved by shareholders at the 2006 annual meeting. This annual deferred stock unit award replaced the annual award of deferred stock units having a value of \$80,000. The deferred stock units vest immediately upon grant and are entitled to dividends in an amount paid to all shareholders. These dividends are reinvested in additional deferred stock units.

During fiscal year 2010, nonemployee Directors may elect to receive a portion of their annual retainer and committee fees in the form of deferred stock units. Fees will be deferred under the Nonemployee Director Deferred Compensation Plan, which was adopted by the Board effective January 1, 2007 (the Nonemployee Director Deferred Compensation Plan). All deferred stock units, together with dividends credited on those deferred stock units, will be paid out in the form of common shares subsequent to termination of service as a nonemployee Director.

During the period from May 1, 2008, through April 30, 2009, nonemployee Directors were eligible to receive the following compensation:

Fiscal Year 2009 (May 1, 2008 to April 30, 2009)

Type of Compensation	Amount
Annual Retainer	\$ 50,000 per year
Annual Retainer for Committee Chair (except Audit Chair)	\$ 7,500 per year
Annual Retainer for Audit Committee Chair	\$ 10,000 per year
Attendance Fee for Board Meetings	\$ 1,500 per meeting
Attendance Fee for Committee Meetings	\$ 1,500 per meeting
Annual Grant of Deferred Stock Units	\$ 80,000 value of deferred stock units granted annually in October

During fiscal year 2009, nonemployee Directors could have elected to receive a portion of their annual retainer and committee fees in the form of deferred stock units. Fees were deferred under the Nonemployee Director Deferred Compensation Plan. All deferred stock units, together with dividends credited on those deferred stock units, are paid out in the form of common shares subsequent to termination of service as a nonemployee Director.

The Board has established minimum amounts of share ownership required to be held by nonemployee Directors to be valued at no less than two times the annual retainer paid to each Director. The Board policy also provides that each Director should strive to attain this ownership threshold within three years of joining the Board.

The following table reflects compensation earned by Directors in fiscal year 2009.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of three independent Directors, each of whom satisfies the independence requirement of Rule 10A-3 under the Securities Exchange Act of 1934. The Audit Committee serves as the primary communication link between the Board as the representative of the shareholders and the Company's Independent Auditors, Ernst & Young LLP, and the Company's internal auditors. The Company's management has the primary responsibility for financial statements and the reporting process, including the systems of internal control.

In fulfilling its responsibilities during the fiscal year, the Audit Committee reviewed with management the financial statements and related disclosures included in the Company's quarterly reports on Form 10-Q and the audited financial statements and related financial statement disclosures included in its Annual Report on Form 10-K for the fiscal year ended April 30, 2009. Also, the Audit Committee reviewed with the Independent Auditors their judgments as to both the quality and the acceptability of the Company's accounting policies. The Audit Committee's review with the Independent Auditors included a discussion of other matters required under U.S. Generally Accepted Auditing Standards, including those matters required by the Statement on Auditing Standards No. 114, The Auditor's Communication With Those Charged With Governance, and by the Sarbanes-Oxley Act of 2002.

The Audit Committee received the written disclosures from the Independent Auditors required by the Public Company Accounting Oversight Board Rule 3526 and has discussed those disclosures with the Independent Auditors. The Audit Committee also has considered the compatibility of non-audit services with the Independent Auditors' independence.

The Audit Committee discussed with the Company's internal auditors and Independent Auditors the overall scope and plans for their respective audits and reviewed the Company's plans for compliance with management certification requirements pursuant to Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee met with the internal auditors and Independent Auditors to discuss the results of the auditors' examinations, their evaluation of the Company's internal controls, including a review of the disclosure control process, as well as the overall quality of the Company's financial reporting. The Audit Committee, or the Committee Chair, also preapproved services provided by Ernst & Young LLP during fiscal year 2009.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended April 30, 2009. The Audit Committee authorized the appointment of Ernst & Young LLP as the Company's Independent Auditors for the 2010 fiscal year.

AUDIT COMMITTEE PREAPPROVAL POLICIES AND PROCEDURES

The Audit Committee charter, as well as the policies and procedures adopted by the Audit Committee, require that all audit and permitted non-audit services provided by the Independent Auditors be preapproved by the Audit Committee. These services may include audit services, audit-related services, tax services and, in limited circumstances, other services. The Audit Committee's preapproval identifies the particular type of service and is subject to a specific engagement authorization.

Should it be necessary to engage the Independent Auditors for additional, permitted services between scheduled Committee meetings, the Chair of the Audit Committee has been delegated the authority to approve up to \$200,000 for additional services for a specific engagement. The Committee Chair then reports such preapproval at the next meeting of the Audit Committee. The approval policies and procedures of the Committee do not include delegation of the Audit Committee's responsibility to the Company's management.

The Audit Committee has requested that the shareholders ratify this decision. Ernst & Young LLP has served as the Company's Independent Auditors since 1955.

A representative of Ernst & Young LLP will be present at the annual meeting with an opportunity to make a statement, if so desired, and to respond to appropriate questions with respect to that firm's examination of the Company's financial statements and records for the fiscal year ended April 30, 2009.

Although shareholder ratification is not required under the laws of the State of Ohio, we are submitting the appointment of Ernst & Young LLP to the Company's shareholders for ratification at the annual meeting as a matter of good corporate practice and in order to provide a means by which shareholders may communicate their opinion to the Audit Committee.

**The Board unanimously recommends a vote FOR ratification of the
appointment of Ernst & Young LLP as the Company's
Independent Registered Public Accounting Firm.**

**ADOPTION OF AMENDMENTS TO
THE COMPANY S ARTICLES
REGARDING DIRECTOR ELECTIONS
(Proposals 3 and 4 on the proxy card)**

The Company s shareholders are being asked to consider two separate but related changes to the way in which candidates are elected as Directors. Currently, Directors are elected under a plurality voting system, in which the nominees who receive the most votes are elected as Directors. In addition, shareholders are permitted to cumulate their votes in the election of Directors, which means that a shareholder may cast all of his or her votes for a single Director nominee, or may distribute those votes among some or all of the Director nominees as the shareholder chooses.

The Board has unanimously recommended that the shareholders adopt two amendments to the Articles relating to Director elections. The first amendment will eliminate cumulative voting in the election of Directors. The second amendment, which is contingent upon passage of the proposal to eliminate cumulative voting, will implement a majority voting standard for Directors in uncontested elections. In contested elections (elections in which the number of candidates exceeds the number of Directors to be elected), Directors would continue to be elected by a plurality vote of shareholders.

The Board believes that, taken together, these two proposals are valuable tools that further support the Company s Basic Belief of Independence.

The Board has also determined that, taken together, these proposed amendments represent a balanced and integrated approach designed to provide all of the Company s shareholders a meaningful voice in the election of Directors. Together, the amendments provide shareholders an effective way in which to exercise their voting rights in Director elections and to ensure that the Directors continue to represent all of the Company s shareholders. In addition, the amendments reduce the possibility that a minority shareholder or shareholder group could elect a Director that is focused on one shareholder s special interests rather than on the broad interests of all of the Company s shareholders. Because these amendments are designed to work together, the implementation of Proposal 4 (the proposal to adopt an amendment to the Articles to implement majority voting in uncontested Director elections), is conditioned upon shareholder approval of Proposal 3 (the proposal to adopt an amendment to the Articles to eliminate cumulative voting in Director elections). Accordingly, unless Proposal 3 to eliminate cumulative voting is passed, Proposal 4 regarding the majority election of Directors will in no event be implemented.

More specific information relating to these important proposals is set forth under the descriptions of Proposal 3 and Proposal 4 set forth below.

**ADOPTION OF AMENDMENT TO ARTICLES
TO ELIMINATE CUMULATIVE VOTING IN DIRECTOR ELECTIONS
(Proposal 3 on the proxy card)**

The Board unanimously recommends that the shareholders approve and adopt the amendment to Article EIGHTH of the Articles that would eliminate the right of the Company's shareholders to cumulate their votes in the election of Directors. The text of Article EIGHTH, as proposed to be amended, is included in the attachment marked as Appendix E to this proxy statement.

Under Ohio law, unless a company's articles of incorporation provide otherwise, shareholders have the right to cumulatively vote their shares in any election of Directors by complying with the requirements contained in Ohio law. The Articles do not currently expressly eliminate cumulative voting. See Proposal 1 Election of Directors above. Cumulative voting enables a shareholder to cumulate voting power to give one nominee a number of votes equal to the number of Directors to be elected, multiplied by the number of shares held by that shareholder, or to distribute those votes among two or more nominees. The effect of cumulative voting is to potentially allow a shareholder that holds less than a majority of the outstanding voting power to elect one or more Directors. For example, since five Directors are to be elected at this year's annual meeting, shareholders together holding slightly more than one-sixth (16.67%) of the outstanding common shares could elect one Director whom may not be supported by over 83% of the Company's shareholders by merely cumulating and casting their votes for a single Director nominee.

The Board believes that each Director is responsible to all of the Company's shareholders, and not just to a minority shareholder group that has cumulatively voted their common shares and that may have special interests contrary to those of the broader group of the Company's shareholders. The election of Directors who view themselves as representing a particular minority shareholder group could result in partisanship and discord on the Board, and may impair the ability of the Directors to act in the best interests of the Company and all of its shareholders.

In addition, as described under the discussion of Proposal 4 below, the Board is asking shareholders to consider the adoption of an amendment to the Articles to implement a majority voting standard for uncontested elections of Directors. Consistent with the Board's belief that the best long-term interest of all of the Company's shareholders will be served by the elimination of cumulative voting, the Board also believes that in all but contested elections of Directors, the approval of a majority of the votes cast should be required for the election of members of the Board. However, should the Company's shareholders elect to retain cumulative voting, the Company will not implement a majority voting standard in the election of Directors as such a standard, coupled with cumulative voting, would further permit a single dissident shareholder to disproportionately influence Director elections.

Accordingly, following careful assessment and deliberation, the Board has determined that it is appropriate and in the best interests of the Company and its shareholders to eliminate cumulative voting in Director elections.

The proposal to eliminate cumulative voting is not in response to any known shareholder efforts to remove any Director or otherwise gain representation on the Board. Further, the recommendation to eliminate cumulative voting in Director elections is not part of a plan by the Company's management to adopt a series of anti-takeover amendments to the Company's Articles or Regulations, and management has no present intention to propose other anti-takeover measures in future proxy solicitations.

The Board believes that the elimination of cumulative voting, together with the adoption of a majority voting standard in uncontested Director elections, supports the Company's commitment to its Basic Beliefs of Quality, People, Ethics, Growth and Independence, as well as a focused approach to manage the Company for the long-term benefit of all of its constituents.

This description of the proposed amendment to the Articles to eliminate cumulative voting in Director elections is only a summary of that amendment and is qualified in its entirety by reference to the actual text of Article EIGHTH as proposed to be amended, a copy of which is included in the attachment marked as Appendix E to this proxy statement. If adopted, the amendment to the Articles to eliminate cumulative voting

in Director elections will become effective upon filing with the Secretary of State of Ohio, which is expected to occur promptly following the shareholder vote.

Approval of this Proposal 3 requires the affirmative vote of the holders of common shares entitling them to exercise two-thirds of the Company's voting power on the proposal, giving effect to the ten-votes-per-share provisions of the Articles. Abstentions, broker non-votes, and shares not in attendance and not voted at the annual meeting will have the same effect as votes against this Proposal 3. Because the implementation of Proposal 4 is expressly conditioned upon the approval of this Proposal 3, a vote against this Proposal 3 will also have the effect of a vote against Proposal 4. Unless otherwise directed, common shares represented by proxy will be voted **FOR** the approval of this Proposal 3.

**The Board unanimously recommends a vote FOR Proposal 3
to adopt an amendment to the Articles to eliminate the right of shareholders to vote cumulatively
in Director elections.**

**ADOPTION OF AMENDMENT TO ARTICLES
TO REQUIRE MAJORITY VOTING IN UNCONTESTED DIRECTOR ELECTIONS
(Proposal 4 on the proxy card)**

The Board unanimously recommends that the shareholders approve and adopt amendments to Article NINTH of the Articles that would implement majority voting in uncontested elections of Directors. If Proposal 4 is approved, existing Articles NINTH and TENTH would be renumbered as Articles TENTH and ELEVENTH, respectively, and other immaterial grammatical changes would be made to Articles FOURTH and SEVENTH of the Articles, all as shown in Appendix E to this proxy statement. The text of Article NINTH, as proposed to be amended, is also included in the attachment marked as Appendix E to this proxy statement.

Prior to 2008, Ohio law required Ohio corporations to use a plurality voting standard for director elections. Under a plurality voting standard, nominees receiving the greatest number of votes are elected. Effective January 1, 2008, Ohio law was amended to permit Ohio corporations to adopt alternative standards for director elections by amending their articles of incorporation.

The proposed amendment to Article NINTH of the Articles would provide that in an uncontested election of Directors, a candidate will be elected as a Director only if the votes cast for the candidate exceed the votes cast against the candidate. Abstentions will not be counted as votes cast for or against a candidate. If, however, the Board determines that the number of candidates in any one year exceeds the number of Directors to be elected in that year, a plurality voting standard will apply and the candidates receiving the greatest number of votes will be elected.

The Board has determined that the adoption of a majority voting standard in uncontested Director elections, coupled with the elimination of cumulative voting outlined in Proposal 3 in this proxy statement, will give shareholders a greater voice in determining the composition of the Board. In addition, the proposed majority voting standard is consistent with the Board's current belief that it is accountable to the interests of a majority of the Company's shareholders.

The Board believes, however, that plurality voting should continue to apply in situations where the number of candidates to be elected exceeds the number of Directors to be elected. If a majority voting standard is used in that circumstance, it is possible that not all Board seats would be filled, since it is possible that no Director candidate would receive a majority of the votes cast in his or her election. This situation could result in serious unintended consequences under the Company's material contracts. For example, under certain of the Company's loan documents, should Timothy P. Smucker and Richard K. Smucker no longer serve as Directors (except upon the happening of specific events), the lenders could choose to accelerate repayment of the Company's indebtedness.

If this Proposal 4 is approved and implemented, the Board will, effective as of such approval, adopt and implement a Director resignation policy to address the situation in which one or more incumbent Directors fail to receive the required majority vote for re-election in an uncontested election. Under Ohio law, an incumbent Director who is not re-elected would remain in office as a holdover Director until his or her successor is elected. The Company expects that this policy would provide that an incumbent Director who is not re-elected will be expected to tender to the Board his or her resignation as a Director promptly following the certification of the election results. The Nominating and Corporate Governance Committee would then consider each tendered resignation and recommend to the Board whether to accept or reject each such tendered resignation. The Board would act on each tendered resignation, taking into account its fiduciary duties to the Company and its shareholders and the Nominating and Corporate Governance Committee's recommendation, within 90 days following the certification of the election results. The Nominating and Corporate Governance Committee, in making its recommendation, and the Board in making its decision, may consider

any factors or other information that they consider appropriate with respect to any tendered resignation, including, without limitation:

the stated reason for such Director's failure to receive the approval of a majority of votes cast;

the percentage of votes cast against such Director; and

the performance of the Director.

Table of Contents

Following the Nominating and Corporate Governance Committee's recommendation and the Board's decision, the Board would promptly publicly disclose its decision whether to accept or reject each tendered resignation and, if applicable, the reasons for rejecting a tendered resignation. If a Director's tendered resignation is rejected, he or she would continue to serve until his or her successor is elected, or until his or her earlier resignation, removal from office or death. If a Director's tendered resignation is accepted, then the Board would have the sole discretion to fill any resulting vacancy or decrease the number of Directors, in each case pursuant to the provisions of and to the extent permitted by the Regulations. Any Director who tenders his or her resignation pursuant to this policy would abstain from the Nominating and Corporate Governance Committee's recommendation or the Board's action regarding whether to accept or reject the tendered resignation. While this description reflects the terms of the Director resignation policy that the Board expects to adopt and implement if this Proposal 4 is approved, the Board will retain the power to amend and administer the policy as the Board in its sole discretion determines is appropriate.

This description of the proposed amendment to the Articles is only a summary of the amendment and is qualified in its entirety by reference to the actual text of the proposed amendment to Article NINTH, a copy of which is included in the attachment marked as Appendix E to this proxy statement. Other proposed changes to the Articles which address certain immaterial, grammatical errors are also included in the attachment marked as Appendix E to this proxy statement. The amendments to the Articles will become effective upon filing with the Secretary of State of Ohio, which is expected to occur promptly following the shareholder vote.

In addition, the implementation of this Proposal 4 is expressly conditioned upon the approval by shareholders of Proposal 3, which proposes the adoption of an amendment to the Articles to eliminate cumulative voting in Director elections. This Proposal 4 will be implemented only if approved by the shareholders at the annual meeting and, further, only if Proposal 3 is also approved by the shareholders at the annual meeting. Accordingly, even if Proposal 4 is approved by the shareholders at the annual meeting, it will not be implemented unless Proposal 3 is also approved by shareholders at the annual meeting.

Approval of this Proposal 4 requires the affirmative vote of the holders of common shares entitling them to exercise two-thirds of the Company's voting power on the proposal, giving effect to the ten-votes-per-share provisions of the Articles. Abstentions, broker non-votes, and shares not in attendance and not voted at the annual meeting, will have the same effect as votes against this Proposal 4. Unless otherwise directed, common shares represented by proxy will be voted **FOR** the approval of this Proposal 4.

The Board unanimously recommends a vote FOR Proposal 4 to adopt an amendment to the Articles to require majority voting in uncontested Director elections.

**APPROVAL AND ADOPTION OF AMENDMENT TO THE REGULATIONS
(Proposal 5 on the proxy card)**

The Board unanimously recommends that the shareholders approve and adopt an amendment to the Regulations that would permit the Board to adopt amendments to the Regulations to the extent permitted by Ohio law. The amendment would be included as a new Article VIII to the Regulations, the text of which is attached as Appendix F to this proxy statement.

Before October 2006, Ohio law provided that shareholder approval was required for any amendment to a company's code of regulations. In October 2006, Ohio law was amended to allow directors of Ohio corporations to make certain amendments to their regulations without shareholder approval, if such authority is provided in or permitted by the company's articles of incorporation or regulations, and so long as such amendments do not divest or limit the shareholders' power to adopt, amend or repeal the company's regulations. Many jurisdictions, such as Delaware, have historically allowed the directors of a corporation to amend the bylaws (the Delaware equivalent of Ohio's regulations) without shareholder approval. Accordingly, Ohio law now gives Ohio corporations similar flexibility, subject to statutory limitations that prohibit directors from amending the regulations to effect certain changes in certain areas deemed by the Ohio legislature to be important substantive rights that are reserved to the shareholders.

Specifically, if the proposed amendment is adopted, the Board will not be permitted to amend the Regulations to do any of the following:

specify the percentage of common shares a shareholder must hold in order to call a special meeting;

specify the length of time period required for notice of a shareholders' meeting;

specify that common shares that have not yet been fully paid will not have voting rights;

specify a requirement for a quorum at a shareholders' meeting;

prohibit shareholder or Director actions from being authorized or taken without a meeting;

define terms of office for Directors or provide for classification of Directors;

require greater than a majority vote of shareholders to remove Directors without cause;

establish requirements for a quorum at Directors' meetings, or specify the required vote for an action of the Directors; or

remove the requirement that a control share acquisition of the Company be approved by the Company's shareholders.

In addition, if the proposed amendment is adopted, the Board will not be permitted to delegate its authority to adopt, amend or repeal the Regulations to a committee of the Board.

Because neither the Articles nor the existing Regulations specifically address the approval required to amend the Regulations, under Ohio law all amendments to the Regulations must be approved and adopted by the shareholders. If this Proposal 5 is approved, however, a new Article VIII would be added to the Regulations that would allow the

Board to amend the Regulations in the future to the extent permitted by Ohio law. Accordingly, the Board would be able to make ministerial and other changes to the Regulations without the time-consuming and expensive process of seeking shareholder approval, which would otherwise continue to be required if this Proposal 5 is not approved. If this Proposal 5 is approved, the Company will be required to promptly notify shareholders of any amendments that the Board makes to the Regulations by sending a notice to shareholders of record as of the date of the adoption of the amendment, or by filing a report with the SEC.

Table of Contents

The text of the new Article VIII, as proposed to be added to the Regulations, is set forth as Appendix F to this proxy statement.

Approval of this Proposal 5 requires the affirmative vote of the holders of common shares entitling them to exercise a majority of the Company's voting power on the proposal, giving effect to the ten-votes-per-share provisions of the Articles. Abstentions, broker non-votes, and shares not in attendance and not voted at the annual meeting will have the same effect as votes against this Proposal 5. Unless otherwise directed, common shares represented by proxy will be voted **FOR** the approval of this Proposal 5.

**The Board unanimously recommends a vote FOR Proposal 5
to adopt an amendment to the Regulations to permit the Board to amend the
Regulations to the extent permitted by law.**

The Company's Executive Compensation Committee regularly reviews the Company's compensation philosophy and objectives. The Executive Compensation Committee is also responsible for reviewing and approving compensation for the Company's executive officers on an annual basis. A description of the Executive Compensation Committee's responsibilities is set forth in detail in its charter which is attached as Appendix C to this proxy statement and is posted on the Company's website at www.smuckers.com.

I. Philosophy of the Company's Compensation Program

The Company's compensation philosophy is that compensation for all employees, including its executive officers should be:

fair and equitable when viewed both internally and externally;

competitive enough to attract and retain the best qualified individuals; and

performance-based.

The Company has designed its compensation programs to reflect each of these elements. The performance-based incentives, (comprised of corporate performance, individual performance and, in some cases, the performance of strategic business areas), seek to reward both short-term, or annual, as well as long-term results and to align the interests of the Company's executive officers and other participants with the interests of the Company's shareholders.

II. Components of the Company's Compensation Program for Executive Officers

Company executive officers receive a compensation package which consists of the following components:

Cash Components

annual base salary; and

the Company's short-term incentive compensation program, the Management Incentive Plan (MIP), provides participants the opportunity, subject to meeting specified goals, to earn an annual cash bonus.

Table of Contents

Equity Component

the Company's long-term incentive compensation program, in the form of a potential annual grant of restricted shares or restricted stock units (Restricted Stock Award), provides participants the opportunity, subject to meeting specified goals, to earn equity in the Company which generally vests at the end of a four-year period.

Health and Retirement Benefits

participation in a supplemental executive retirement plan;

participation in health and welfare plans upon substantially the same terms as available to other salaried employees of the Company; and

participation in retirement plans (such as a 401(k) plan, defined benefit pension plan and employee stock ownership plan) upon substantially the same terms as available to other salaried employees of the Company.

Other Benefits

the right to defer part of their salary or cash bonus under a non-qualified, voluntary, deferred compensation plan; and

selected perquisites for certain executive officers such as limited financial and tax planning assistance, use of the Company aircraft, and select reimbursement for club dues and expenses.

III. Determination of Base Salaries for Executive Officers

The Company believes the compensation paid to executive officers must be competitive enough to attract and retain qualified individuals and must be fair and equitable. The Company also believes that there are certain non-financial, intangible elements of the overall compensation program which provide a positive work environment and have value for the Company's employees. The commitment to one another as valued employees and the adherence to the Company's Basic Beliefs of Quality, People, Ethics, Growth, and Independence are reflected in how we conduct ourselves and the pride we take in a job well done.

In an effort to provide competitive, yet fair and equitable base salaries, salary ranges are determined using published and widely available salary market data from a broad cross-section of companies. The market data used by the Executive Compensation Committee to support compensation decisions for the Company's officers include market data for hundreds of companies that participate in three major executive compensation surveys. The Company does not select specific peer companies for this purpose. The three survey databases used for the most recent pay analysis conducted by Towers Perrin include the 2008 U.S. CDB General Industry Executive Database (Towers Perrin); the 2008/2009 Survey Report on Top Management Compensation (Watson Wyatt); and the 2008 Mercer Benchmark Database Executive Survey Report (Mercer) (collectively, the Compensation Study). The information for all companies reporting data for a specific job from the Towers Perrin and Mercer surveys and for all non-durable goods companies from the Watson Wyatt survey is used when the Executive Compensation Committee reviews compensation. This data is then size-adjusted using regression analysis to reflect the Company's revenue and, where appropriate, the size of a specific business area.

Salary ranges are determined in the same manner for each salaried employee of the Company, including each executive officer. The actual base salary paid to each executive officer is designed to fall within the range established

by the Company and to also reflect the experience of the executive officer and the scope of his or her responsibility.

With respect to the Co-CEOs, three job classifications are used to arrive at an appropriate salary range; that of a chief executive officer position, a chief operating officer position and a chairman and chief executive officer position. The data for these three positions is averaged for use by the Executive Compensation Committee in making decisions about the pay for the Co-CEOs.

Table of Contents

Positions for all salaried employees, including the officers, are assigned to salary grades with corresponding salary ranges. Decisions regarding salary grades (as well as target MIP opportunities and Restricted Stock Award opportunities as a percentage of base salary, and adjusted where appropriate,) are generally made every two years. However, due to the *Folgers* coffee transaction, the Company reviewed salary grades and their respective ranges (as well as target MIP opportunities and Restricted Stock Award opportunities as a percentage of base salary) in both fiscal year 2008 and fiscal year 2009. The Executive Compensation Committee targets all compensation relative to a range around the 50th percentile of the market data (Target Range) to determine the applicable salary grade. Next, the Executive Compensation Committee reviews each officer s specific role, responsibilities and experience. The Executive Compensation Committee also reviews considerations of internal pay equity among the members of the officer group, considering such factors as experience, leadership responsibility within the officer group, and roles and responsibilities with the Company, including the size of the business group managed by the officer. Internal equity considerations result in both upward and downward changes from the market median data.

Additionally, to ensure that total direct compensation, including base salary, annual incentives and long-term incentives, paid to executive officers is fair based on role, performance, tenure in position and overall tenure with the Company, the Company, with assistance from Towers Perrin, regularly benchmarks all elements of its compensation program using the Compensation Study.

The Company uses the Target Range, plus or minus 15% of the midpoint, as a goal for assessing the pay for each salaried employee, including the Co-CEOs, Chief Financial Officer and the three other most highly compensated executive officers (Named Executive Officers or NEOs). The most recent Compensation Study indicated that compensation for the NEOs as of April 30, 2009, compared to the market as follows:

Base salary:

three of the NEOs were within the Target Range; and

three of the NEOs were below the Target Range.

Target total cash compensation (base salary plus the target opportunity under the MIP):

three of the NEOs were within the Target Range; and

three of the NEOs were below the Target Range.

Target total direct compensation (total cash compensation plus the target value of performance Restricted Stock Awards):

all six of the NEOs were below the Target Range.

When approving compensation for executive officers, the Executive Compensation Committee also considers:

support of the Company s Basic Beliefs of Quality, People, Ethics, Growth, and Independence;

individual performance, including financial and operating results as compared to the Company s financial plan and to prior year results, as well as achievement of personal development objectives;

the Company s overall performance, including sales and earnings results;

the Company's market share gains;

implementation of the Company's strategy;

implementation of sound management practices; and

the role of appropriate succession planning in key positions.

It is the normal practice that each April, the Executive Compensation Committee requests that management submit salary recommendations for executive officers, other than for the Co-CEOs, using all of

Table of Contents

the considerations outlined above. These recommendations generally result in salary increases for the executive officers that are, on average, aligned with the Company's salary increase budget for other salaried employees. The Executive Compensation Committee reviews all of these performance considerations with no single factor necessarily weighted more heavily than another. This year, due to the transformational nature of the *Folgers* coffee transaction and the dramatically increased size of the Company, the Executive Compensation Committee conducted its compensation review for executive officers in October 2008, with the understanding that the next compensation review for executive officers would not occur until April 2010. As noted above, management does not submit a recommendation regarding salary increases for the Co-CEOs. Due to the *Folgers* coffee transaction, the Executive Compensation Committee requested that management submit salary recommendations for the executive officers, other than the Co-CEOs, in October instead of April. The salary increases for fiscal year 2010 were effective on January 5, 2009 for the executive officers, other than the Co-CEOs.

In setting and approving fiscal year 2009 compensation for the Co-CEOs, the Executive Compensation Committee holds the Co-CEOs responsible for ensuring that each of the objectives set forth above are achieved and each is assessed in their respective roles in regard to:

- setting the tone for corporate responsibility by adhering to the Company's Basic Beliefs of Quality, People, Ethics, Growth and Independence;
- managing the business, over the long term, to serve the Company's constituents, namely consumers, customers, employees, suppliers, communities in which we work, and our shareholders;
- delivering positive financial and operational results as reflected in the Company's financial plan;
- delivering positive earnings results;
- designing and implementing the Company's strategic vision; and
- developing appropriate succession planning for key executive positions.

At the Executive Compensation Committee's October 2008 meeting, the Executive Compensation Committee, with input from the Nominating and Corporate Governance Committee, concluded that the Co-CEOs continue to meet and exceed these performance measures. The Executive Compensation Committee considered these factors when determining the base salary and MIP target for the Co-CEOs at the October 2008 meeting and MIP awards at the June 2009 meeting. The salary increases for the Co-CEOs were effective on May 1, 2009.

As noted in the Summary Compensation Table on page 41 of this proxy statement, the Company's Co-CEOs received identical base salaries, MIP awards, and Restricted Stock Awards. The differences in amounts reported as compensation for these individuals reflect the different impact of their respective stock-based awards under SFAS 123R, and the differences between the two executives' credited years of service under The J. M. Smucker Company Employees' Retirement Plan (the "Qualified Pension Plan") and The J. M. Smucker Company Top Management Supplemental Retirement Benefit Plan, a non-qualified supplemental retirement plan (the "SERP").

The Executive Compensation Committee has retained Towers Perrin as an outside consultant to assist the Executive Compensation Committee, as requested, to fulfill various aspects of its charter. Towers Perrin reports directly to the Executive Compensation Committee and also participates in executive sessions with the Executive Compensation Committee, without members of the Company's management present. The Co-CEOs, the Senior Vice President, Corporate and Organization Development, the Vice President and General Counsel, and the Corporate Secretary also attend the non-executive portions of the Executive Compensation Committee meetings. Pursuant to its governance

corporate model, the Executive Compensation Committee makes all decisions concerning pay and benefits for the Company's officers, and the Executive Compensation Committee relies on Towers Perrin for advice, data and market information regarding executive compensation. During

Table of Contents

fiscal year 2009, Towers Perrin regularly attended Executive Compensation Committee meetings and assisted the Executive Compensation Committee with:

updating relevant trends and technical developments in executive compensation;

assessing the competitiveness of pay levels and practices across the industry;

evaluating programs and recommendations put forth by management against the Executive Compensation Committee's stated rewards objectives; and

reviewing information and calculations to be included in the compensation sections of the Company's proxy statement.

The Executive Compensation Committee has authorized Towers Perrin staff members working on the Executive Compensation Committee's behalf to interact with Company management, as needed, to obtain or confirm information for presentation to the Executive Compensation Committee. Further, the Executive Compensation Committee is kept apprised of other work performed by Towers Perrin on behalf of the Company and also has considered the compatibility of non-compensation services with Towers Perrin's independence. In fiscal year 2009, this additional work for the Company included consulting work in organizational design, compensation and benefits in connection with the *Folgers* coffee transaction, consulting work regarding health plan strategy, review of proxy materials, review of plans for compliance with 409A and total compensation review for salaried positions. The Executive Compensation Committee reviews, at least annually, the amount of fees paid to Towers Perrin for work for the Company as well as the nature of services provided.

IV. What the Company's Short-Term Incentive Compensation Program is Designed to Reward and How it Works

The Company's MIP is performance-based and is designed to reward key managers, including executive officers, for their contribution to the Company based on clear, measurable criteria.

After the end of each fiscal year, the Executive Compensation Committee reviews management's recommendations for MIP bonuses for executive officers (other than a recommendation for the Co-CEOs for whom management makes no recommendation). The Executive Compensation Committee evaluates the following criteria and information in approving MIP awards for executive officers:

the Company's performance in relation to its non-GAAP earnings per share goal for the fiscal year, which goal is also approved by the Executive Compensation Committee in June of each year for the fiscal year commencing the prior May 1st. The earnings per share goal is calculated excluding restructuring and merger and integration charges. The determination of Company performance, excluding these charges, is consistent with the way management internally evaluates its business;

personal performance of the executive officer based on achievement of corporate performance goals, and adjusted, either up or down, in extraordinary circumstances;

if an executive officer has responsibilities that align with a strategic business area, a percentage of this award is tied to that strategic business area's performance in relation to its annual profit goal and the Executive Compensation Committee will review attainment of relevant profit goals for those areas;

awards to each executive officer for the prior three years, as well as base salary for the fiscal year just ended and target award information for each executive officer; and

no awards are made unless the Company first achieves 80% of its earnings per share goal.

Target awards for executive officers under the MIP are also approved by the Executive Compensation Committee and represent a percentage of each executive officer's base salary. The appropriate MIP target award percentage for each executive officer is reviewed regularly by the Executive Compensation Committee with input from Towers Perrin. The most recent Compensation Study indicated the MIP target award percentages were generally at the median of the survey group. Executive officers' MIP target awards range

Table of Contents

from 35% to 90% of base salary depending on the responsibilities and experience of the executive officer. For fiscal year 2009, the most an executive officer is eligible to receive in any one fiscal year is twice the MIP target award (i.e., between 70% to 180% of base salary).

Participants in the MIP, other than participants who were part of the *Folgers* coffee transaction, receive a percentage of their target award based on the Company or strategic business area performance as shown in the following table:

Ranges	Performance Level Achieved	Percentage of Target Award Earned
Below Threshold	<80%	0%
Threshold	80%	25%
Target	100%	100%
Maximum	110%	200%

In the event performance is between the ranges set forth in the matrix above, the Executive Compensation Committee determines the percentage of the award that is earned by mathematical interpolation, and for each increase of 1% above the target performance level, the percentage of target award earned will increase by 10%.

Additionally, if an executive officer is part of a strategic business area, 50% of the MIP target award is generally tied to the performance of the strategic business area. The individual performance component of the Company's MIP involves subjective evaluation by the Executive Compensation Committee of the executive officers based on the following criteria:

- providing leadership through adherence to the Company's Basic Beliefs;
- creating a culture of success and teamwork;
- demonstrating and implementing key strategic initiatives;
- nurturing and developing the future generation of Company leaders; and
- assuming key leadership roles within the Company.

A chart illustrating this allocation is as follows:

Performance Categories	Weighting of Target Award	
	Corporate Participants	Strategic Business Area Participants
Corporate Performance	50%	25%
Individual Performance	50%	25%
Strategic Business Area Performance	0%	50%

Total	100%	100%
-------	------	------

For fiscal year 2009, employees that were part of the coffee business area and related coffee operations received a MIP award based 100% on the operating income for the coffee business for the period July 1, 2008 through April 30, 2009, and for the successful integration of the coffee business into the Company's overall business and operations.

Vincent C. Byrd, President U.S. Retail Coffee and a NEO, received a MIP award for 2009 based on 50% corporate performance, 25% individual performance and 25% coffee strategic business area performance. Under this formula, MIP awards made to coffee employees who were part of the *Folgers* coffee transaction did not exceed 150% of the target award and were no less than 50% of the target.

Table of Contents

Set forth below is an example of the calculation of a MIP award, in 2009, for a coffee business participant, who joined the Company as part of the *Folgers* coffee transaction.

Example: An employee within the coffee business area, an annual base salary of \$96,000, and a MIP target award of 25% of base salary, would receive the following MIP awards based on achievement of target performance prorated for ten to twelve months as shown below:

Ranges	Percentage of Target Award Earned	MIP Earned
Below Threshold of 80% of Target	50%	\$ 10,000
80% 94% of Target	90%	\$ 18,000
95% 102% of Target	100%	\$ 20,000
103% 109% of Target	120%	\$ 24,000
110% or more of Target	150%	\$ 30,000

The MIP awards for the Co-CEOs are based on the same corporate performance standards as used for other corporate participants in the MIP; however, no recommendation is made by management concerning the individual awards for the Co-CEOs. The MIP awards for each of the Co-CEOs are determined by the Executive Compensation Committee based on its evaluation of the criteria outlined above.

Set forth below is an example of the calculation of a MIP award for a corporate participant:

Example: Executive officer with corporate responsibilities, an annual base salary of \$200,000, and a MIP target award of 50% of base salary, would receive the following MIP awards based on achievement of target performance for all categories as shown below:

Ranges	Performance Level Achieved	Percentage of Target Award Earned	MIP Earned
Below Threshold	<80%	0%	\$ 0
Threshold	80%	25%	\$ 25,000
Target	100%	100%	\$ 100,000
Maximum	110%	200%	\$ 200,000

Specifically, with respect to fiscal year 2009, the Executive Compensation Committee approved the corporate non-GAAP earnings per share goal of \$3.30. In order to receive 100% of the target opportunity under the corporate component of the MIP, the Company had to achieve non-GAAP earnings per share of \$3.30. For its fiscal year 2009, the Company achieved non-GAAP earnings per share of \$3.77, representing 114% of the target amount. As a result of exceeding the earnings target, the corporate performance portion of the awards was paid at 200% of the target award for all participants. The MIP for fiscal year 2009 is as shown in the following table:

**Management Incentive Plan
Corporate Performance Goals for
Fiscal Year 2009**

Threshold	Performance Level Achieved (Non-GAAP Earnings per Share)	Percentage of MIP Opportunity Earned
Below Threshold	below \$2.64 (80% of target)	0%

For fiscal year 2009, all of the executive officers included in the Summary Compensation Table were participants in MIP and the weighting of the target award for each executive officer is set forth in the table below:

The Company believes that the performance targets established by the Executive Compensation Committee require participants, including executive officers, to perform at a high level in order to achieve the 2000 through 2009 target performance levels. During this ten-year period, the Company achieved performance in excess of the target level eight times, achieved the maximum performance level twice, and failed to achieve the target performance twice. During the same time period, the Company's annual compounded earnings per share growth rate was approximately 10%. Generally, the Executive Compensation Committee sets the minimum, target and maximum levels such that the relative difficulty of achieving the target level is consistent from year to year.

V. What the Company's Long-Term Incentive Compensation Program (Performance-Based Restricted Stock) is Designed to Reward and How it Works

The Company's long-term, performance-based compensation is stock based and is designed to align the interests of management with the interests of the Company's shareholders. The goals of the Company's long-term incentive compensation program are to:

- encourage executive officers and key managers to focus on long-term Company performance;
- provide an opportunity for key managers to increase stock ownership in the Company;
- create opportunities for participants to share in growth over the long term; and
- act as a retention incentive for executive officers and key managers.

Restricted Stock Awards are issued under the 2006 Plan. The Company grants restricted stock units (in lieu of restricted shares) to certain participants who reside outside the U.S., in order to comply with local laws and to provide favorable tax treatment to the foreign recipients. Discussion in this Compensation Discussion and Analysis relating to restricted shares also applies to the limited awards of restricted stock units granted outside the U.S. In connection with

the completion of the *Folgers* coffee transaction, the Company made special one time grants to the *Folgers* coffee employees. Those grants vest at the end of three years and, in certain limited circumstances, will vest immediately upon a job or position elimination.

The essential features of the Restricted Stock Awards are as follows:

subject to Executive Compensation Committee approval, grants of Restricted Stock Awards are made each June when the Company meets or exceeds the threshold performance goals for the most recently

Table of Contents

ended fiscal year. As noted above, a special one time Restricted Stock Award was made to *Folgers* coffee employees on November 18, 2008;

actual Restricted Stock Awards are based on the Company's earnings per share performance as established by the Executive Compensation Committee the previous June (on the same earnings per share basis as MIP awards are determined). In January 2009, the Executive Compensation Committee reviewed the earnings per share performance approved in June 2008, to incorporate the earnings per share performance goals of the coffee business;

target opportunities for Restricted Stock Awards (i.e., the amount of restricted shares a participant is eligible to receive) are computed based on a participant's base salary level at the beginning of the fiscal year in which the Restricted Stock Award is made and considerations of internal equity (similar to the considerations used in determining the target award under the MIP, including the Compensation Study) and these goals and targets are communicated to participants at the beginning of each fiscal year;

Restricted Stock Awards vest 100% at the end of a four-year period so long as a participant remains an employee of the Company, except as noted above, the special one time Restricted Stock Awards made to *Folgers* coffee employees on November 18, 2008 vest at the end of a three year period. Restricted Stock Awards made to participants who reach the age of 60 and have a minimum of 10 years of service with the Company vest immediately. Restricted Stock Awards to *Folgers* coffee participants who were 48 years of age or older on November 19, 2008, and who reach the age of 57.5 years and have been with the Company (including credit for years of service with The Procter & Gamble Company) for a total of 20 years, will vest immediately upon retirement anytime after November 6, 2010. The Company also has pro-rata vesting, in specific, limited circumstances such as job elimination or sale of the related business; and

actual Restricted Stock Awards range from 0% of the restricted shares target award amount, if the Company fails to achieve 80% of its earnings goal, to a maximum of 150% of the restricted shares target award amount if the Company exceeds 120% of its earnings goal as shown in the table below. In the event performance is between the ranges set forth below, the Executive Compensation Committee determines the percentage of the Restricted Stock Award that is earned by mathematical interpolation, and for each increase of 1% above the target performance level, the percentage of target award will increase by 2.5%.

Ranges	Achievement of Target Performance	Percentage of Target Award Earned
Below Threshold	<80%	0%
Threshold	80%	50%
Target	100%	100%
Maximum	120%	150%

Restricted Stock Awards, rounded to the nearest five shares, are reviewed and approved by the Executive Compensation Committee in June based on the previous fiscal year's performance. Participants must be employed by the Company at the time of the Restricted Stock Award to receive shares. For all executive officers, except the Co-CEOs, the Company initially determines the dollar value of the restricted shares that has been earned and such determination is approved by the Executive Compensation Committee. The stock price used to determine the number of shares to be awarded is based on the average of the closing stock prices for the final five trading days during fiscal

year 2009 and the first five trading days in fiscal year 2010. The base salary used is that in effect as of the beginning of fiscal year 2010.

In order to qualify the Restricted Stock Awards made to the Co-CEOs for fiscal year 2009 as performance-based awards under Section 162(m) of the Internal Revenue Code (the IRC), the Company grants performance units to the Co-CEOs in June of each year, which are paid in the form of restricted shares (like the other executive officers) at the end of the fiscal year in which they were granted, assuming the applicable performance standards relating to earnings per share were met. For grants made in fiscal year 2010,

Table of Contents

the Company will grant performance units to the Co-CEOs, as well as other executive officers, which will also be payable in Restricted Stock Awards to the extent that performance goals are achieved. Management makes no recommendation regarding long-term incentive awards for the Co-CEOs, but the Executive Compensation Committee, after considering input from Towers Perrin regarding market conditions and pay competitiveness, makes grants to the Co-CEOs based on the same performance standards as used for the other participants.

Following the end of fiscal year 2009, the Executive Compensation Committee determined the number of performance units that were earned. The performance units were paid in the form of shares of restricted stock, which restricted shares for the Co-CEOs were issued out of shares available under the 2006 Plan. The performance units (each worth \$1) were converted to a number of restricted shares based on the average stock price for the final five trading days during fiscal year 2009 and the first five trading days in fiscal year 2010. The restricted shares earned were granted to the Co-CEOs pursuant to the same terms as the restricted shares granted to the other executive officers and are subject to a four-year vesting period. However, as with other participants, once either of the Co-CEOs reaches the age of 60 and has a minimum of 10 years of service with the Company, his restricted shares will vest immediately. Based on age and length of service, the restricted shares granted to Timothy P. Smucker and Richard K. Smucker vested upon grant. Specifically, with respect to fiscal year 2009, the Company achieved 114% of its non-GAAP earnings per share performance level resulting in a Restricted Stock Award of 135% of the Restricted Stock Award target.

VI. Health Benefits

The Company provides executive officers with health and welfare plans upon substantially the same terms as available to most other salaried employees of the Company and its domestic subsidiaries. These benefit plans include medical, dental, life, and disability insurance coverage.

VII. Pension and Retirement Plans, the Non-qualified Supplemental Retirement Plan, and the Voluntary Deferred Compensation Plan

Company executive officers participate in the Employee Stock Ownership Plan (the ESOP), the Qualified Pension Plan, and The J. M. Smucker Company Employee Savings Plan (the 401(k) Plan). Participation in these plans is an important component of the overall compensation package for all Company employees, including its executive officers. Substantially all of the Company's U.S. non-represented employees are eligible to participate in these plans, each upon the terms set forth in the specific plans applicable to each participant.

ESOP

The Company makes a contribution of approximately 2% of base salary to eligible employees through the ESOP.

401(k) Plan

The 401(k) Plan is the primary Company-provided retirement plan for certain eligible employees. The 401(k) Plan provides a 50% match on employees' contributions of up to 6% of pay (maximum Company match of 3% of pay) for employees age 40 and over as of December 31, 2007, and a 100% match on employees' contributions of up to 6% of pay for employees under the age of 40 as of December 31, 2007, or those becoming new participants, regardless of age, on or after January 1, 2008.

Qualified Pension Plan

On January 1, 2008, the Company adopted changes to the Qualified Pension Plan whereby employees under the age of 40 as of December 31, 2007, will not earn future additional benefits and employees age 40 and over as of December 31, 2007, will continue to earn future benefits. The Qualified Pension Plan is a qualified defined benefit plan which provides a pension benefit based upon years of service with the Company and upon final average pay (average base salary compensation for the five most highly compensated

Table of Contents

consecutive years of employment). Benefits under the Qualified Pension Plan are 1% of final average pay times the participant's years of service with the Company.

SERP

In addition to retirement benefits under the Qualified Pension Plan, 401(k) Plan and ESOP, certain executive officers of the Company, including the NEOs, also participate in the SERP, entitling them to certain supplemental benefits upon their retirement. Benefits under the SERP, which are based upon years of service, are 55% (reduced for years of service less than 25) of the average of base salary, holiday bonus, and MIP bonus for the five most highly compensated, consecutive years of employment, less any benefits received under the Qualified Pension Plan and Social Security.

The J. M. Smucker Company Defined Contribution Supplemental Executive Retirement Plan, which became effective on May 1, 2008, provides a benefit for certain executive officers not participating in the SERP (the New SERP). The New SERP will entitle participants to certain supplemental benefits upon their retirement, based upon an annual contribution by the Company equal to 7% of the sum of the participant's base salary, holiday bonus, and MIP bonus, along with an interest credit made each year commencing on April 30, 2009. Participants in the New SERP will be eligible for benefits upon the attainment of age 55 and 10 years of service with the Company. The NEOs are not participants in the New SERP, but will continue to participate in the SERP.

Deferred Compensation Plan

Executive officers may elect to defer up to 50% of salary and up to 100% of the MIP award in The J. M. Smucker Company Voluntary Deferred Compensation Plan (the Deferred Compensation Plan). The amounts deferred are credited to notional accounts selected by the executive that mirror the investment alternatives available in the 401(k) Plan. At the time a deferral election is made, participants elect to receive payout of the deferred amounts upon termination of employment in the form of a lump sum or equal annual installments ranging from two to ten years.

The SERP, the New SERP, and the Deferred Compensation Plan are non-qualified deferred compensation plans and, as such, are subject to the rules of Section 409A of the IRC, which restrict the timing of distributions.

VIII. Other Benefits Executive Officers Receive

The executive officers, like all salaried and hourly non-represented employees of the Company, receive an annual holiday bonus equal to 2% of their base salary.

Executive officers are provided certain personal benefits not generally available to all employees. The Executive Compensation Committee believes these additional benefits are reasonable and enable the Company to attract and retain outstanding employees for key positions. These benefits include financial and tax planning assistance, reimbursement for specified club dues and expenses, executive physicals, participation in the SERP or the New SERP, and the Deferred Compensation Plan. Additionally, the Executive Compensation Committee and the Board have strongly encouraged the Co-CEOs and their families to use corporate aircraft for all air travel for security purposes. The value of personal travel on the corporate aircraft is calculated in accordance with applicable regulations under the IRC and is included in the Co-CEOs' taxable income for the year. The value of these personal benefits for the NEOs, to the extent the aggregate value exceeded \$10,000 for fiscal year 2009, is included in the Summary Compensation Table.

As a result of the *Folgers* coffee transaction, the Company has requested that Vincent C. Byrd, President U.S. Retail Coffee, spend a majority of his time at the current office for the coffee business located in Cincinnati, Ohio, in order

to build his organization and develop working relationships with his team. While based in Cincinnati, Mr. Byrd is provided with a Company-paid apartment in the Cincinnati area, meals and a vehicle for commuting.

Table of Contents

The Executive Compensation Committee reviews, on an annual basis, the types of perquisites and other benefits provided executive officers, as well as the dollar value of each perquisites paid to executive officers.

IX. Description of Agreements with Executive Officers

Employment Agreements

The Company does not have employment agreements, golden parachute agreements, or change of control agreements with any employee. Should there be a change in control of the Company, all outstanding equity awards (other than the performance units for the Co-CEOs described above) will immediately vest. The definition of change of control for purposes of accelerating the vesting of Restricted Stock Awards is set forth in the 2006 Plan and The J. M. Smucker Company 1998 Equity and Performance Incentive Plan (the 1998 Plan).

Consulting Agreements

The Co-CEOs have entered into Consulting Agreements with the Company. These agreements are designed to recognize the value of the Smucker family s involvement in the business and to preserve this value for a period following the termination of employment of either of the Co-CEOs. The consulting agreements generally require each of the Co-CEOs to maintain his public representation of the Company for three years following the termination of full-time employment with the Company. The Board also believes that it is crucial to the strength of the *Smucker s* brand that neither Timothy P. Smucker nor Richard K. Smucker undertake activities after the end of his employment with the Company that might be to the competitive disadvantage of the Company.

In June 2007, John D. Milliken retired as a Vice President, Logistics and Fruit Processing of the Company after 34 years of service. At the time of his retirement, Mr. Milliken entered into a Consulting Agreement with the Company pursuant to which he agreed to provide consulting services to the Company, as requested, for a period of one year.

In July 2007, Richard F. Troyak retired as Vice President, Operations of the Company after 29 years of service. At the time of his retirement, Mr. Troyak entered into a Consulting Agreement with the Company pursuant to which he agreed to provide consulting services to the Company, as requested, for a period of one year.

In December 2007, Robert E. Ellis retired as Vice President, Human Resources of the Company after 29 years of service. At the time of his retirement, Mr. Ellis entered into a Consulting Agreement with the Company pursuant to which he agreed to provide consulting services to the Company, as requested, for a period of one year.

X. Tax and Accounting Considerations

The Executive Compensation Committee has considered the potential impact on the Company s compensation plans of the \$1,000,000 cap on deductible compensation under Section 162(m) of the IRC. Compensation that qualifies as performance-based compensation is exempt from the cap on deductible compensation. To date, Timothy P. Smucker, Richard K. Smucker, and Vincent C. Byrd have been paid compensation in excess of \$1,000,000 that could be subject to the Section 162(m) limitation. The Executive Compensation Committee is committed to establishing executive compensation programs that will maximize, as much as possible, the deductibility of compensation paid to executive officers. To the extent, however, that the Executive Compensation Committee from time to time believes it to be consistent with its compensation philosophy and in the best interests of the Company and its shareholders to award compensation that is not fully deductible, it may choose to do so.

During fiscal year 2009, the Executive Compensation Committee continued to monitor the regulatory developments under Section 409A of the IRC, which was enacted as part of the American Jobs Creation Act of 2004. Section 409A imposes additional limitations on non-qualified deferred compensation plans and subjects those plans to additional conditions.

- (1) Included in the Salary column (c) is unused vacation from calendar 2008 paid to the following NEOs in fiscal year 2009: Mark R. Belgya (\$6,154), Vincent C. Byrd (\$15,385), and Donald D. Hurrle, Sr. (\$9,231).
- (2) Included in the Bonus column (d) is a holiday bonus representing 2% of base salary at the time of payment. Also included in the Bonus column (d) is a special bonus (\$60,000) awarded to Mark R. Belgya in respect of his efforts related to the *Folgers* coffee transaction.
- (3) The Stock Awards column (e) represents compensation expense recognized for financial reporting purposes during fiscal year 2009 in accordance with SFAS 123R related to the Restricted Stock Awards granted in fiscal years 2006, 2007, 2008 and 2009. Amounts included in column (e) also include compensation expense recognized during fiscal year 2009 in connection with Restricted Stock Awards made to the NEOs on June 16, 2009, based on achievement of performance targets established for fiscal year 2009. Compensation expense related to the June 2009 grant was based on the requisite service period, which includes a one-year performance period plus the vesting period. Additional information regarding the Company's SFAS 123R assumptions can be found in Notes A and J of the Notes to Consolidated Financial Statements of the Company's 2009 Annual Report.

Restricted shares generally vest over a four-year period from the date of grant or upon the attainment of age 60 and 10 years of service with the Company, if earlier. Timothy P. Smucker, Richard K. Smucker, and Donald D. Hurrle, Sr. were at least age 60 with 10 years of service at fiscal year end. During the vesting period, the NEOs are the beneficial owners of the restricted shares and possess all voting and dividend rights. Dividends are payable at the same rate as is paid on the Company's common shares generally. During fiscal year 2009, the Company paid quarterly dividends at a rate of \$0.32 per share, plus a one-time special dividend of \$5.00 per share as part of the *Folgers* coffee transaction.

Table of Contents

In order to qualify the June 16, 2009 Restricted Stock Award described above as performance-based compensation under Section 162(m) of the IRC, at the beginning of the fiscal year 2009, Timothy P. Smucker and Richard K. Smucker were granted performance units with a one-year performance period. Each performance unit is equal in value to \$1.00. The actual number of performance units earned was paid out in the form of restricted shares and the related compensation expense is included in the table in column (e).

- (4) Amounts shown in column (g) represent performance-based awards under the MIP. The incentive payment was based on achievement of performance targets established for fiscal year 2009 and was paid in June 2009, subsequent to the end of the fiscal year. Performance criteria under the MIP relate to the Company's performance, individual performance, and in some cases, strategic business area performance, and are discussed in detail under the caption Compensation Discussion and Analysis.
- (5) Amounts shown in column (h) represent the increase in present value of accumulated benefits accrued under the Qualified Pension Plan and the SERP. A discussion of the assumptions made in determining this increase is included below under the heading Pension Benefits.
- (6) Column (i) includes payments made by the Company to defined contribution plans, life insurance premiums related to the NEOs, and tax gross ups on the SERP. Additionally, perquisites were included in this column based on their incremental cost to the Company for any NEO whose total exceeded \$10,000.
- (7) The NEOs received various perquisites provided by or paid by the Company. These perquisites included personal use of corporate aircraft, reimbursement of specified club dues and expenses, annual physical examinations, financial and tax planning assistance, occasional use of company-purchased season tickets to entertainment events, and, in the case of one of the NEOs, use of a Company-paid apartment in Cincinnati, Ohio. The Board strongly encourages Timothy P. Smucker and Richard K. Smucker and their families to use corporate aircraft for all air travel for security purposes.

All NEOs, with the exception of Mark R. Belgya, received perquisites in excess of \$10,000 for fiscal year 2009. The incremental value of the perquisites for these executive officers is included in column (i). The aggregate value of each perquisite or other personal benefit exceeding \$25,000 is shown below.

The Company used incremental costs, including costs related to fuel, landing fees, crew meals and other miscellaneous costs, in valuing personal use of corporate aircraft in fiscal year 2009.

- (1) Estimated future payouts included in the Non-Equity Incentive Plan Awards columns relate to cash payments eligible under the Company's MIP. The amounts in column (c) reflect 25% of the target amount in column (d), while the amounts in column (e) reflect 200% of such target amounts. The amounts are based on salaries in effect as of April 30, 2009 for each NEO which is the basis for determining the actual payments to be made subsequent to year end.
- (2) This number reflects the number of performance units granted in June 2008. Each performance unit is equal in value to \$1.00 and has a one-year performance period. The actual dollar amount earned was converted into restricted shares using \$39.50, the average closing share price for the final five trading days during fiscal year 2009 and the first five trading days in fiscal year 2010, and rounded to the nearest five shares. The restricted shares were paid out on June 16, 2009, subsequent to year end and were issued out of the 2006 Plan. Compensation expense related to the requisite service period for the Restricted Stock Awards is included in the Summary Compensation Table in column (e).
- (3) In June 2008, the Executive Compensation Committee approved fiscal year 2009 target awards which granted these NEOs a conditional right to receive restricted shares at the end of the fiscal 2009 one-year performance

period. The target awards represent a percentage of base salary that will be paid out in the form of restricted shares upon meeting performance targets. This number reflects the potential dollar value of restricted shares to be received by the NEO, based on May 1, 2009 salaries. The actual dollar amount earned was converted into restricted shares using \$39.50, the average closing share price for the final five trading days during fiscal year 2009 and the first five trading days in fiscal year 2010, and rounded to the nearest five shares. The restricted shares were paid out on June 16, 2009, subsequent to year end and were issued out of the 2006 Plan.

- (4) Subsequent to year end, the actual number of Restricted Stock Awards granted to each NEO as a result of earning the awards referred to in the preceding footnotes 2 and 3 were as follows. The NEO must be employed by the Company at the time the Executive Compensation Committee meets subsequent to fiscal year end in order to be eligible to receive the earned restricted shares.

Name	Restricted Shares Awarded on June 16, 2009
Timothy P. Smucker	57,220
Richard K. Smucker	57,220
Mark R. Belgya	9,845
Vincent C. Byrd	20,505
Donald D. Hurrle, Sr.	9,230
Steven Oakland	13,670

Restricted shares generally vest four years from the date of grant or upon the attainment of age 60 and 10 or more years of service with the Company, whichever is earlier. The Restricted Shares Awards issued to Timothy P. Smucker, Richard K. Smucker, and Donald D. Hurrle, Sr. vested immediately because each of them is more than the age of 60 and has more than 10 years of service with the Company.

- (5) The grant date fair value of Restricted Stock Awards was computed using the target level award in column (g). Each performance unit has a value of \$1.00.

- (1) In April 2006, the Executive Compensation Committee approved the acceleration of vesting of stock options previously awarded to employees under its equity-based compensation plans, effective April 12, 2006. The purpose of the accelerated vesting was to minimize future compensation expense that the Company would have been required to recognize following its adoption of SFAS 123R. As a result, all stock options outstanding are exercisable.
- (2) Restricted shares outstanding at year-end will vest on the following dates:

Restricted shares generally vest four years from the date of grant or upon the attainment of age 60 and 10 years of service with the Company, whichever is earlier.

- (3) The market value of restricted shares was computed using \$39.40, the closing share price of the Company's common shares on April 30, 2009.
- (4) This number reflects the performance units outstanding at year end. Each performance unit has a value of \$1.00. The actual dollars earned, based upon achievement of fiscal year 2009 performance goals, were converted to restricted shares in June 2009. The restricted shares issued to Timothy P. Smucker (with a value of \$2,260,170) and Richard K. Smucker (with a value of \$2,260,170), vested immediately upon date of grant due to their ages and years of service with the Company. In accordance with published SEC guidance, because the Company exceeded fiscal year 2008 target goals, the amounts reported in column (i) represent the maximum number of performance units that can be earned for fiscal year 2009.
- (5) This number is denominated in dollars and represents a conditional right to receive a percentage of the NEO's May 1, 2009 salary paid out in the form of restricted shares, based upon achievement of fiscal year 2009 performance goals. The actual dollars earned were converted into restricted shares in June 2009. In accordance with published SEC guidance, because the Company exceeded fiscal year 2008 target goals, the amounts reported in column (i) represent the maximum dollars that can be earned for fiscal year 2009, which will be converted to restricted shares.
- (6) The NEO must be employed by the Company at the time the Executive Compensation Committee meets subsequent to year end in order to be eligible to receive the earned awards.

PENSION BENEFITS

The Company maintains two defined benefit plans that cover the NEOs. One is the Qualified Pension Plan, which provides funded, tax-qualified benefits up to the limits on compensation and benefits under the IRC to all salaried employees of the Company. The second is the SERP which provides unfunded, non-qualified benefits to certain executive officers. All of the NEOs included in the 2009 Pension Benefits Table participate in both of these plans.

Qualified Pension Plan

The benefit provided under the Qualified Pension Plan is only payable as an annuity beginning at normal retirement age which is 65. The Qualified Pension Plan benefit expressed as an annual single life annuity is 1% times final average earnings times years of service.

In addition, NEOs who prior to 1991 participated in the old employee contributory portion of the Qualified Pension Plan may also have a frozen contributory benefit based on their participant contributions made prior to April 30, 1991. Those frozen benefits, included as part of the total Qualified Pension Plan benefit, are as follows: \$56,600 for Timothy P. Smucker, \$48,100 for Richard K. Smucker, \$1,400 for Mark R. Belgya, \$7,900 for Vincent C. Byrd, \$7,800 for Donald D. Hurrle, Sr., and \$4,000 for Steven Oakland.

Early retirements under the Qualified Pension Plan are subject to the following rules:

if the participant terminates employment prior to normal retirement age without completing five years of service, no benefit is payable from the Qualified Pension Plan;

if the participant terminates employment after completing five years of service but prior to attaining age 65, the Qualified Pension Plan benefit is calculated based on final average earnings and service at the time the NEO leaves employment;

annuity payments from the Qualified Pension Plan cannot be made prior to the NEO reaching age 55 and require 10 years of service rather than the five years required for vesting;

early payments are reduced 4% per year that the benefits start before age 65; and

if the participant has more than 30 years of service at the time he terminates employment, early payments are reduced 4% per year from age 62.

As of April 30, 2009, each of Timothy P. Smucker, Richard K. Smucker, Vincent C. Byrd, and Donald D. Hurrle, Sr. had already completed 30 years of service with the Company.

Final average earnings are equal to average base salary over the five consecutive years of employment which produces the highest average.

SERP

The benefit provided under the SERP is payable as an annuity beginning at normal retirement age. The SERP benefit expressed as an annual single life annuity is equal to (A) 2.5% times final average earnings, times years of service up to 20 years, plus (B) 1.0% times final average earnings, times years of service from 20 to 25 years, minus (C) the

basic benefit provided under the Qualified Pension Plan, minus (D) the Company paid portion of the contributory benefit in the Qualified Pension Plan that was frozen April 30, 1991, and minus (E) an estimate of the Social Security benefit that would be payable at the later of age 62 or actual retirement. Final average earnings are equal to average compensation (base salary, MIP bonus, and holiday bonus) over the five consecutive years of employment which produces the highest average.

Early retirements under the SERP are subject to the following rules:

if the participant terminates employment before normal retirement age without completing 10 years of service, no SERP benefit is payable;

Table of Contents

if the participant terminates employment after completing 10 years of service but before age 65, the gross SERP benefit ((A) plus (B) in the prior paragraph) is calculated based on final average earnings and service at the time the participant leaves employment; and

the gross SERP benefit will be reduced by 4% per year that the benefit commences prior to age 62 and then offset by the Qualified Pension Plan benefit, frozen contributory benefit and estimate of Social Security benefit.

Determination of Value

The amounts shown are based on the value at age 62, which is the earliest age at which an unreduced retirement benefit is payable under both plans. Other key assumptions used to determine the amounts are as follows:

an interest rate of 7.4%, the Statement of Financial Accounting Standards No. 87, *Employers Accounting for Pensions* (SFAS 87) discount rate as of April 30, 2009. The discount rate as of April 30, 2008 was 6.6% and as of April 30, 2007 was 6.0%;

RP-2000 Combined Healthy Mortality Table (projected 8 years to 2008) to estimate the value of annuity benefits payable and the unisex mortality table specified in Revenue Ruling 2001-62 to determine lump sums; and

all benefits under the Qualified Pension Plan are assumed to be paid as annuities. The value of benefits under the SERP have been determined assuming 50% of the benefit is received as an annuity and the remaining 50% is received as a lump sum.

The years of credited service for all of the NEOs are based only on their years of service while an employee of the Company. No additional years of credited service have been granted.

- (1) Amounts shown in column (b) were deferrals of awards made under the MIP in June 2008 related to fiscal year 2008. As such, the related compensation is included in 2008 compensation in the Summary Compensation Table.
- (2) No portion of the amounts shown in column (d) are reported in the Summary Compensation Table as no earnings are considered to be above market.
- (3) Column (f) includes amounts reported as compensation in the Summary Compensation Table in previous fiscal years. These amounts are as follows: Timothy P. Smucker, \$1,016,750; Richard K. Smucker, \$1,016,750; Vincent C. Byrd, \$23,000; and Donald D. Hurrle, Sr., \$25,671.

Executive officers may elect to defer up to 50% of salary and up to 100% of the MIP award in the Deferred Compensation Plan. The amounts deferred are credited to notional accounts selected by the executive that mirror the investment alternatives available in the 401(k) Plan.

This plan is a non-qualified deferred compensation plan and, as such, is subject to the rules Section 409A of the IRC, which restrict the timing of distributions. At the time a deferral election is made, participants elect to receive payout of the deferred amounts upon termination of employment in the form of a lump sum or in equal annual installments ranging from 2 to 10 years.

POTENTIAL PAYMENT TO EXECUTIVE OFFICERS UPON TERMINATION

Consulting Agreements with Timothy P. Smucker and Richard K. Smucker

Timothy P. Smucker and Richard K. Smucker have entered into Consulting Agreements with the Company. The agreements provide for each of Timothy P. Smucker and Richard K. Smucker that for three years from the date of his respective termination of employment or for three years after the end of the public representation period, whichever is later, he will not enter into any relationship that might be to the Company's competitive disadvantage.

During the three-year public representation period, the former executive will receive annual compensation in an amount equal to his base salary in effect as of the time his active employment with the Company ended, plus benefits and perquisites, including without limitation, medical insurance and life insurance, but excluding stock options, restricted shares or other equity-based benefits.

However, upon termination of employment, the former executive will also receive, each year during that period, an amount equal to 50% of his target award applicable under the short-term MIP at the date of his termination.

The agreements also provide to each of Timothy P. Smucker and Richard K. Smucker certain severance benefits upon termination of employment.

Specifically, in the event of the death or disability of either individual, he (or his estate) will be entitled to receive for three years after the event, annual compensation equal to the base salary he was receiving at the time the event occurred, plus the benefits described above. He (or his estate) also will receive an amount equal to 50% of his target bonus awards in effect at the time of the event. Also, any unvested options and restricted shares will vest immediately. At the end of the three-year period following the death or disability, he (or his spouse) will be eligible for retirement benefits under the SERP without application of early retirement reduction factors.

If either Timothy P. Smucker or Richard K. Smucker voluntarily terminates employment and commences receiving his monthly retirement benefits under the SERP, he will receive any accrued but unpaid salary as of the date of such retirement and will be reimbursed for any expenses incurred but not yet paid. In addition, he will be entitled to any options, restricted shares or other plan benefits which by their terms extend beyond termination of employment.

In the event that either Timothy P. Smucker or Richard K. Smucker is terminated by the Company without cause or if he resigns for good reason (as specifically defined in the agreements), he will receive the same benefits as in the case of death or disability as described above.

If the Company terminates either Timothy P. Smucker or Richard K. Smucker for cause, however, he will receive only that base salary to which he is otherwise entitled as of the date of termination.

Broad-Based Severance Plan

All other salaried employees of the Company are eligible for a broad-based severance plan. If an employee is terminated without cause, he or she will be eligible for a severance benefit of up to one year of base salary based on certain age and service requirements.

Long-Term Disability

In the event of a qualified long-term disability, participants continue to earn Qualified Pension Plan benefit service up to the earlier of age 65 or the end of the disability period. Also, 60% of base salary is continued, up to \$20,000 per month, until the earlier of age 65 or the end of the disability period.

Table of Contents

Termination Payments

The Severance values in the following tables represent the payments to executive officers based on certain possible termination events. For the Co-CEOs, these payments are defined by their Consulting Agreements. For the other executive officers, these payments are based on the broad-based severance plan that covers substantially all salaried employees of the Company.

The Medical, Life Insurance and Perquisites row in the following tables represents the three years of payments due to the Co-CEOs under the terms of their Consulting Agreements.

The MIP Bonus Award row in the following tables represents the payment to each executive officer who is eligible to receive an award under the short-term MIP based on actual Company performance if he is actively employed on the last day of the fiscal year.

The Value of Restricted Shares row in the following tables reflects the immediate vesting of outstanding equity awards based on the type of termination that has occurred.

The Company does not have golden parachute agreements or change in control agreements with any employee. Should there be a change in control of the Company, all outstanding equity awards (other than performance units for the Co-CEOs described above) will immediately vest based on the terms of the existing equity plans.

The Value of Restricted Shares row in the following tables are also the values associated with the vesting of outstanding equity awards due to a change in control.

No restricted shares are awarded if an employee is not actively employed with the Company on the date of the grant. The Restricted Stock Award for fiscal year 2009 that would have been forfeited based on the assumed April 30, 2009 termination date is not reflected in the termination scenario tables.

The Retiree Healthcare Benefit values in the following tables are shown only for those executive officers who are eligible for retirement as of the end of the fiscal year. These values represent the subsidy paid by the Company to retiring executives to assist with the cost of retiree medical coverage.

Table of Contents**Termination Analysis Tables**

The following tables illustrate the estimated potential payment obligations under various termination events. The tables assume termination of employment occurs on the last day of the fiscal year. A closing stock price of \$39.40, as of the last day of the fiscal year (April 30, 2009), is assumed for all equity values.

- (1) Assumes the employee terminates or retires and elects not to continue to publicly represent the Company during a Service Period, or the employee elects to immediately begin receiving his monthly SERP benefit.
- (2) This column represents all forms of termination that would cause compensation to be paid during a Service Period. These termination types include: any termination of employment with agreement to publicly represent the Company, Disability, Termination by the Company without Cause, Termination by the Employee for Good Reason. Retirement benefits in this column assume payments begin at the end of the three-year Service Period.
- (3) Equals base pay, plus one-half of target MIP bonus. Where such annual amount would be paid for three years following employment termination, the amount shown represents the annual amount times three.
- (4) Medical, Life Insurance & Perquisites represent the continuation of benefits for three years during a Service Period. The medical benefits are the value of continuation of active coverage in those plans. The life insurance and perquisites are assumed to be the value of all other compensation from the Summary Compensation Table for three years.
- (5) Retirement Benefits represent the total value of such benefits assuming the termination event occurs on April 30, 2009. Such amounts may differ from the comparable value shown on the Pension Benefits Table since these benefits are assumed to be payable immediately and the Pension Benefits Table assumes payments are deferred to the earliest unreduced retirement age. Death benefits assume that the surviving spouse receives half of the 50% joint and survivor benefit.

(6) Includes the value of the employer-provided subsidy for post-retirement medical benefits.

As of December 31, 2009, MFS had sole voting power of 5,354,761 common shares and sole dispositive power of 6,898,533 common shares.
- (6) Because under the Company s Articles shareholders may be entitled on certain matters to cast ten-votes-per-share with regard to certain common shares and only one-vote-per-share with regard to others, there may not be a correlation between the percent of outstanding common shares owned and the voting power represented by those common shares. The total voting power of all the common shares can be determined only at the time of a shareholder meeting due to the need to obtain certifications as to beneficial ownership of common shares not held as of record in the name of individuals. There are three proposals on this year s ballot for which the ten-votes-per-share provisions apply.

Section 16(a) Beneficial Ownership Reporting Compliance

VOTING RIGHTS OF COMMON SHARES

Under Article Fourth of the Articles, the holder of each outstanding common share is entitled to one vote on each matter submitted to a vote of the shareholders except for the following specific matters:

any matter that relates to or would result in the dissolution or liquidation of the Company;

the adoption of any amendment of the Articles or the Regulations, or the adoption of amended Articles, other than the adoption of any amendment or amended Articles that increases the number of votes to which holders of common shares are entitled or expands the matters to which time phase voting applies;

any proposal or other action to be taken by the shareholders of the Company, relating to the Company's Rights Agreement or any successor plan;

any matter relating to any stock option plan, stock purchase plan, executive compensation plan, executive benefit plan or other similar plan, arrangement, or agreement;

adoption of any agreement or plan of or for the merger, consolidation, or majority share acquisition of the Company or any of its subsidiaries with or into any other person, whether domestic or foreign, corporate or noncorporate, or the authorization of the lease, sale, exchange, transfer, or other disposition of all, or substantially all, of the Company's assets;

any matter submitted to the Company's shareholders pursuant to Article Fifth (which relates to procedures applicable to certain business combinations) or Article Seventh (which relates to procedures applicable to certain proposed acquisitions of specified percentages of the Company's outstanding common shares) of the Articles, as they may be further amended, or any issuance of common shares of the Company for which shareholder approval is required by applicable stock exchange rules; and

any matter relating to the issuance of common shares, or the repurchase of common shares that the Board determines is required or appropriate to be submitted to the Company's shareholders under the Ohio Revised Code or applicable stock exchange rules.

Table of Contents

On the matters listed above, common shares are entitled to ten-votes-per-share, if they meet the requirements set forth in the Articles. Common shares which would be entitled to ten-votes-per-share include:

common shares beneficially owned as of November 6, 2008 and for which there has not been a change in beneficial ownership after November 6, 2008; or

common shares received through the Company's various equity plans which have not been sold or otherwise transferred since November 6, 2008.

In the event of a change in beneficial ownership, the new owner of that common share will be entitled to only one vote with respect to that share on all matters until four years pass without a further change in beneficial ownership of the share. **The ten-votes-per-share provisions apply to Proposal 3, Proposal 4 and Proposal 5 on this year's ballot.**

The express terms of the common shares provide that a change in beneficial ownership occurs whenever any change occurs in the person or group of persons who has or shares voting power, investment power, the right to receive sale proceeds, or the right to receive dividends or other distributions in respect of those common shares. In the absence of proof to the contrary, a change in beneficial ownership will be deemed to have occurred whenever common shares are transferred of record into the name of any other person. Moreover, corporations, general partnerships, limited partnerships, voting trustees, banks, trust companies, brokers, nominees, and clearing agencies will be entitled to only one-vote-per-share on common shares held of record in their respective names unless written proof is provided to establish that there has been no change in the person or persons who direct the exercise of any of the rights of beneficial ownership, including the voting of common shares. Thus, shareholders who hold common shares in street name or through any of the other indirect methods mentioned above must be able to submit written proof of beneficial ownership in form and substance satisfactory to the Company in order to be entitled to exercise ten-votes-per-share.

The foregoing is merely a summary of the voting terms of the common shares and this summary should be read in conjunction with, and is qualified in its entirety by reference to, the express terms of those common shares as set forth in the Articles. A copy of the Articles is posted on the Company's website at www.smuckers.com and is available free of charge to any shareholder submitting a written request to the Corporate Secretary, The J. M. Smucker Company, Strawberry Lane, Orrville, Ohio 44667.

THE J. M. SMUCKER COMPANY
CORPORATE GOVERNANCE GUIDELINES
(Adopted April 14, 2008, and Revised April 20,2009)

The Board of Directors of The J. M. Smucker Company has adopted these Corporate Governance Guidelines to provide guidelines for the governance of the Company. The Nominating and Corporate Governance Committee will review these guidelines, including the additional criteria and policies attached as Exhibit A and made a part hereof, on an annual basis and, subject to Board approval, make such revisions as may be necessary or appropriate.

Role of the Board

The Board has the broad general authority that is defined in the Ohio Revised Code and the Company's Amended Articles of Incorporation. In exercising its authority, the Board considers the interests of the Company's consumers, customers, employees, suppliers, and communities in order to serve its shareholders.

In fulfilling its role, the Board will, in addition to its other responsibilities,

- select and, on an annual basis, evaluate the performance of the Chief Executive Officers;

- set the tone for and monitor compliance with the Company's ethical standards as set forth in the Company's Policy on Ethics and Conduct, Basic Beliefs and Commitment to Each Other;

- ensure effective succession planning;

- regularly review Company strategy;

- regularly review Company financial performance against the financial plan;

- ensure sound control systems and implementation of these systems;

- identify appropriate Board candidates;

- ensure a compensation system for senior executives that is performance based and is fair and equitable to senior executives and to the Company and is transparent to shareholders;

- review and approve significant corporate actions including, without limitation, disposal of significant capital assets, significant capital expenditures and establishing and implementing the Company's dividend policy;

- undertake an annual review of the performance of the Board as a whole.

In carrying out its responsibilities, the Board will have access to Company management, counsel, independent auditors and other independent advisors as the Board deems appropriate.

In addition, the independent members of the Board will, on a regular basis hold meetings in executive session without the presence of management. These meetings will be chaired by the Chair of each Committee of the Board, other than the Executive Committee, on a rotating term of one year, commencing with the Chair of the Nominating and Corporate Governance Committee and followed by the Chair of the Executive Compensation Committee and the Chair of the Audit Committee. Executive sessions of the Board will be held in conjunction with regularly scheduled meetings of the Board, other than the meeting held on the day of the annual shareholders meeting. In the latter event, an executive session will be held only at the specific request of a director.

All of the members of committees will be appointed by the Board and will serve at the pleasure of the Board. Each committee listed above, other than the Executive Committee, will consist of at least three members, each of whom will meet the definition of an independent director set forth in the criteria attached hereto as Exhibit A and will also be consistent with any additional requirements which may be imposed by the NYSE, the SEC or other regulatory or legislative body. The members of the Audit Committee must also meet the additional requirements set forth in the charter of that committee.

The duties of the committees of the Board will be as set forth in separate committee charters as approved by the Board. The Board also may from time to time create certain administrative committees.

Exhibit A
To
Corporate Governance Guidelines

The following criteria, policies and procedures are an integral part of the Company's Corporate Governance Guidelines and are intended to provide additional guidance to the Board of Directors in carrying out its responsibilities.

1. Independent Directors

The Company requires that a majority of its directors must be independent as required by the rules of the New York Stock Exchange (NYSE) and the U.S. Securities and Exchange Commission (SEC), or by such other applicable rules or regulations as may be established. The Board, on an annual basis, will make a determination as to the independence of each director. The Board will then certify its conclusions as to such independent status, and the Company will disclose these conclusions and the reasons therefore in the Company's annual proxy statement.

In general, Independent means that a director has no material relationship with the Company or any of its subsidiaries. The existence of a material relationship must be determined upon a review of all relevant facts and circumstances, and generally is a relationship that might reasonably be expected to compromise the director's ability to maintain his or her independence from management.

The Board will consider the issue of materiality from the standpoint of the entity with which the director has an affiliation as well as from the standpoint of the director.

The Board will use the following criteria, in conjunction with the rules of the NYSE and SEC, in reaching its conclusions regarding the independence of a Board member:

no director will be qualified as independent unless the Board of Directors affirmatively determines that the director has no material relationship with the Company, either directly or as a partner, shareholder, or officer of an organization that has a relationship with the Company and the Company will, on an annual basis, disclose these affirmative determinations;

no director who is a former employee of the Company can be deemed independent until three years after the end of his or her employment relationship with the Company;

no director whose immediate family member is a former executive of the Company can be deemed independent until three years after the end of the executive officer's relationship with the Company;

no director who receives, or whose immediate family member receives, more than \$120,000 in direct compensation from the Company in any 12 month period within the last three years, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), can be independent until three years after he or she ceases to receive more than \$120,000 in direct compensation during such time period;

no director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company can be independent until three years after the end of the affiliation or the employment or auditing relationship;

no director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee can be independent until three years after the end of such service or employment relationship;

A-3

Table of Contents

no director who is an executive officer or employee, or whose immediate family member is an executive officer, of a company (excluding charitable organizations) that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1,000,000 or 2% of such other company's consolidated gross revenues, can be independent until three years after falling below such threshold; and

no director can be independent if the Company has made charitable contributions to any charitable organization in which such director serves as an executive officer if, within the preceding three years, contributions by the Company to such charitable organization in any single completed fiscal year of such charitable organization exceeded the greater of \$1,000,000 or 2% of such charitable organization's consolidated gross revenues.

The Board will treat immediate family members the same as the director when determining independence and in determining whether a material relationship exists. To the extent the above criteria is more restrictive than the rules of the NYSE and SEC, such criteria will apply.

Directors whose primary professional position or responsibility materially changes (other than through internal promotion) from the position or responsibility they held when they were elected to the Board should volunteer to resign from the Board. This offer of resignation will provide an additional opportunity for the Board, through the Nominating and Corporate Governance Committee, to review the qualifications of such member under the circumstances and afford the Board, at its discretion, the opportunity to replace such Director with an individual whose professional position or responsibility may be more consistent with Board policy.

Members of the Board will advise the Chairman of the Board whenever they accept an invitation to serve on another public company board and, absent the prior unanimous consent of the Board, will in no event serve on more than three public company boards at any one time. There should be an opportunity for the Board, through the Nominating and Corporate Governance Committee, to review such board member's ability to fulfill his or her responsibilities as a director if he or she serves on more than three public company boards.

2. Director Qualifications

The Nominating and Governance Committee of the Board of Directors will be responsible for identifying and recommending individual candidates to the Board to become Board members. In its review, the Nominating and Corporate Governance Committee will consider such factors as it deems appropriate and will recommend nominees who have the highest personal and professional integrity, and who have demonstrated exceptional ability and judgment. The Committee will also refer to the following criteria in its review of candidates:

all director candidates should be committed to the Company's Culture and Basic Beliefs and will be individuals of integrity, intelligence and strength of character;

nonemployee director candidates should meet the independence requirement of the NYSE and the Company's Corporate Governance Guidelines to the extent necessary to ensure that a majority of the Board is independent as defined above;

nonemployee director candidates should also maintain independence necessary for an unbiased evaluation of management performance;

nonemployee director candidates should be able to effectively carry out responsibilities of oversight of the Company's strategy;

nonemployee directors should have either significant experience in a senior executive role with a major business organization or relevant experience from other professional backgrounds;

A-4

Table of Contents

nonemployee directors should have a working knowledge of corporate governance issues and the changing role of boards, together with a firm commitment to attend and participate in Board meetings and related Board activities; and

Board candidates must not have any affiliations or relationships with competitive businesses or organizations or other activities which could lead to a real or perceived conflict of interest.

All candidates will be evaluated and selected consistent with the Company's policy of nondiscrimination.

3. Director Compensation

Compensation paid to nonemployee directors will be commensurate with compensation paid to nonemployee directors of companies of comparable size and stature. Nonemployee directors will be reimbursed for all necessary and reasonable expenses in connection with their performance of Board responsibilities. Nonemployee directors may not receive compensation from the Company other than for service as a director. Directors who are employees of the Company will not receive any compensation for their service on the Board. The Executive Compensation Committee will periodically review the status of Board compensation, but any changes in the compensation of directors will require the approval of the Board.

4. Ownership of Company Common shares

The Board believes that share ownership for its directors aligns the interest of each director with the interest of the Company's shareholders. The Board has established a minimum share ownership requirement for its directors of no less than two times the annual retainer paid to each director. Directors should strive to attain this ownership threshold within three years of joining the Board, absent unforeseen hardship. For purposes of obtaining this minimum share ownership requirement, each Deferred Stock Unit held by a director under the Company's Deferred Compensation Plan will be considered as a common share owned by such director.

5. Director Retirement

Absent specific action by the Board, nonemployee directors will not be eligible for nomination after attaining age 72. An employee director, after retirement as a full-time employee, will not be eligible for reelection upon the expiration of his or her current term or after age 72, whichever last occurs.

6. Meeting Attendance and Communications

A director will attend at least 75 percent of all regular and special Board meetings.

Directors are encouraged to participate actively in open discussion during meetings, to give advice and counsel to the Co-Chief Executive Officers when called upon between meetings, and to bring to the attention of management matters that could contribute to the Company's well being. Information that is important to the Board's understanding of the Company's business will be distributed to the directors a reasonable time in advance of the Board meetings. Directors are expected to review meeting materials in advance of all Board meetings.

7. Director Orientation

The Secretary of the Company will provide all newly elected directors with an orientation regarding the Company's organizational and governance documents, recent SEC filings, corporate structure and organizational charts and

related information concerning the Company's business and its strategic and operational plans. The Secretary of the Company will also provide such additional director training and orientation as appropriate.

A-5

Table of Contents

8. Chairman and President as Directors

The Regulations provide that the Company may elect a Chairman of the Board and will elect a President and that both will be members of the Board. One person may hold both offices.

9. Ethics, Conflicts of Interest

Company affairs are to be conducted in conformity with high moral and ethical standards and, to this end, each director is expected to set an example by adhering to the highest standards of conduct. A director should disqualify himself or herself from voting on any matter as to which such director's objectivity and judgment may be impaired by reason of self interest or otherwise. Directors will be expected to sign, on an annual basis, and abide by the Company's Policy on Ethics and Conduct, which includes the Company's policy on conflicts of interest.

10. Succession Planning

The Co-Chief Executive Officers will conduct an annual evaluation of the performance of the senior management team and will conduct a review of management development and succession planning. The Co-Chief Executive Officers will report annually to the Nominating and Corporate Governance Committee their recommendations on succession planning. The Nominating and Corporate Governance Committee will work with the Co-Chief Executive Officers to plan for CEO succession in the event of a normal retirement and in the event of an unexpected occurrence. The Nominating and Corporate Governance Committee is responsible for annually reviewing the performance of the Co-Chief Executive Officers.

11. Securities Reports

Each director is responsible by law for filing timely reports with the SEC with respect to all changes in the beneficial ownership of Company securities. To facilitate the filing of these reports, each director executes a power of attorney authorizing the Secretary and certain other individuals to prepare and file a report on his or her behalf when so requested.

Formally approved by the Board of Directors on April 14, 2008

Subsequently amended by the Board of Directors on August 16, 2008, October 20, 2008, January 26, 2009, and April 20, 2009.

(Adopted April 15, 2003, and Revised on January 26, 2006)

The audit committee serves as the primary communication link between the Board of Directors as the representative of the shareholders, on the one hand, and the Company's independent and internal auditors, on the other hand. It is responsible for providing effective oversight of the financial reporting process and the Company's financial internal controls.

The committee shall have the following specific responsibilities:

1. Appointment, termination, compensation, and oversight of the Company's independent auditors and review of the services performed by them;
2. 3. Consult with the independent auditors as necessary each year concerning:
 - a) their report of audit, or proposed report of audit,

 - c) their written disclosures regarding the independence of the auditors, and
 - d) their written report regarding the Company's internal quality control procedures and material issues raised by such review;
4. Consult with the independent auditors periodically throughout the year, as needed, concerning:

11. Review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in the Company's Annual Report on Form 10-K, including a review of the quality of the accounting principles, the reasonableness of significant adjustments, and the clarity of the disclosures in the financial statements;
12. Establish procedures for addressing complaints received by the Company regarding accounting, internal controls, or other auditing matters, including adequate procedures to allow for the anonymous submission of such concerns by employees of the Company;
13. The committee shall regularly review legal and regulatory matters including compliance with the Company's corporate securities trading policies, with the Company's General Counsel;

The committee shall be comprised of no fewer than three directors. All members of the committee shall be independent of the Company's management, shall otherwise be independent under the rules of the NYSE and other applicable rules and regulations, and shall be free from any relationship that, in the opinion of the Company's Board of Directors, would interfere with the exercise of independent judgment as a committee member and members. All committee members shall be financially literate, and at least one member shall meet the SEC's definition of a financial expert. At least annually, the Board shall review and confirm the qualifications of each committee member.

No committee member may simultaneously serve on the audit committee of more than three public companies (including the Company) unless the Board determines that such simultaneous service would not impair the ability of such committee member to serve on the committee and the Company discloses such determination in the Company's proxy statement.

The independent auditor is ultimately accountable to the Board and the committee. The committee shall have both the right and the obligation to consult with the Company's independent auditors and its internal auditors outside the presence of management at such times and in such circumstances as the members of the committee shall deem necessary.

**DIVISION I-A
SERIES A JUNIOR PARTICIPATING PREFERRED SHARES**

Section 1. There is established hereby a series of Serial Preferred Shares that shall be designated Series A Junior Participating Preferred Shares (hereinafter sometimes called this *Series* or the *Series A Junior Participating Preferred Shares*) and that shall have the terms set forth in this Division I-A.

Section 2. The number of shares of this Series shall be 1,500,000.

Section 3. a. The holders of record of Series A Junior Participating Preferred Shares shall be entitled to receive, when and as declared by the Directors in accordance with the terms hereof, out of funds legally available for the purpose, cumulative quarterly dividends payable in cash on the first day of March, June, September, and December in each year (each such date being referred to herein as a *Quarterly Dividend Payment Date*), commencing on the first Quarterly Dividend Payment Date after the first issuance of a Series A Junior Participating Preferred Share or fraction of a Series A Junior Participating Preferred Share. Such quarterly dividend payments shall be in an amount per share (rounded to the nearest cent) equal to the greater of (i) \$1.00 per share or (ii) subject to the provision for adjustment hereinafter set forth, 100 times the aggregate per share amount of all cash dividends, plus 100 times the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions (other than a dividend payable in Common Shares, or a subdivision of the outstanding Common Shares (by reclassification or otherwise)), declared on the Common Shares since the immediately preceding Quarterly Dividend Payment Date, or, with respect to the first Quarterly Dividend Payment Date, since the first issuance of any Series A Junior Participating Preferred Share or fraction of a Series A Junior Participating Preferred Share. In the event the Company shall at any time declare or pay any dividend on the Common Shares payable in Common Shares, or effect a subdivision or combination or consolidation of the outstanding Common Shares (by reclassification or otherwise than by payment of a dividend in Common Shares) into a greater or lesser number of Common Shares, then in each such case the amount to which holders of Series A Junior Participating Preferred Shares were entitled immediately prior to such event under clause (ii) of the preceding sentence shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of Common Shares outstanding immediately after such event and the denominator of which is the

number of Common Shares that were outstanding immediately prior to such event.

Dividends shall begin to accrue and be cumulative on outstanding Series A Junior Participating Preferred Shares from the Quarterly Dividend Payment Date next preceding the date of issue of such Series A Junior Participating Preferred Shares, unless (i) the date of issue of such shares is prior to the record date for the first Quarterly Dividend Payment Date, in which case dividends on such shares shall begin to accrue from the date of issue of such shares, or (ii) the date of issue is a Quarterly Dividend Payment Date or is a date after the

record date for the determination of holders of shares of Series A Junior Participating Preferred Shares entitled to receive a quarterly dividend and before such Quarterly Dividend Payment Date, in either of which events such dividends shall begin to accrue and be cumulative from such Quarterly Dividend Payment Date. Accrued but unpaid dividends shall not bear interest. No dividends shall be paid upon or declared and set apart for any Series A Junior Participating Preferred Shares for any dividend period unless at the same time a dividend for the same dividend period, ratably in proportion to the respective annual dividend rates fixed therefor, shall be paid upon or declared and set apart for all Serial Preferred Shares of all series then outstanding and entitled to receive such dividend. The Directors may fix a record date for the determination of holders of Series A Junior Participating Preferred Shares entitled to receive payment of a dividend or distribution declared thereon, which record date shall be no more than 40 days prior to the date fixed for the payment thereof.

Section 4. The Series A Junior Participating Preferred Shares are not redeemable.

Section 5. (a) In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company (hereinafter referred to as a ***Liquidation***), no distribution shall be made to the holders of shares of stock ranking junior (either as to dividends or upon Liquidation) to the Series A Junior Participating Preferred Shares, unless, prior thereto, the holders of Series A Junior Participating Preferred Shares shall have received at least an amount per share equal to 100 times the then applicable Purchase Price as defined in the Rights Agreement dated as of May 20, 2009, between the Company and Computershare Trust Company, N.A., as the same may be from time to time amended in accordance with its terms (which Purchase Price is \$140.00 as of May 20, 2009), subject to adjustment from time to time as provided in the Rights Agreement, plus an amount equal to accrued and unpaid dividends and distributions thereon, whether or not earned or declared, to the date of such payment, provided that the holders of Series A Junior Participating Preferred Shares shall be entitled to receive at least an aggregate amount per share, subject to the provision for adjustment hereinafter set forth, equal to 100 times the aggregate amount to be distributed per share to holders of Common Shares (the ***Series A Junior Participating Preferred Shares Liquidation Preference***).

(b) In the event, however, that the net assets of the Company are not sufficient to pay in full the amount of the Series A Junior Participating Preferred Shares Liquidation Preference and the liquidation preferences of all other series of Serial Preferred Shares, if any, which rank on a parity with the Series A Junior Participating Preferred Shares as to distribution of assets in Liquidation, all shares of this Series and of such other series of Serial Preferred Shares shall share ratably in the distribution of assets (or proceeds thereof) in Liquidation in proportion to the full amounts to which they are respectively entitled.

(c) In the event the Company shall at any time declare or pay any dividend on the Common Shares payable in Common Shares, or effect a subdivision or combination or consolidation of the outstanding Common Shares (by reclassification or otherwise than by payment of a dividend in Common Shares) into a greater or lesser number of Common Shares, then in each such case the amount to which holders of Series A Junior Participating Preferred Shares were entitled immediately prior to such event pursuant to the proviso set forth in paragraph (a) above, shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of Common Shares outstanding immediately after such event and the denominator of which is the number of Common Shares that were outstanding immediately prior to such event.

(d) The merger or consolidation of the Company into or with any other corporation, or the merger of any other corporation into it, or the sale, lease or conveyance of all or substantially all the property or business of the Company, shall not be deemed to be a Liquidation for the purpose of this Section 5.

Section 6. The Series A Junior Participating Preferred Shares shall not be convertible into Common Shares.

(A) In the absence of proof to the contrary provided in accordance with the procedures referred to in Section 2(d) of this Division II, a change in beneficial ownership shall be deemed to have occurred whenever a Common Share is transferred of record into the name of any other person.

(B) In the case of a Common Share held of record in the name of a corporation, general partnership, limited partnership, voting trustee, bank, trust company, broker, nominee or clearing agency, if it has not been established pursuant to the procedures referred to in Section 2(d) of this Division II that there has been no change in the person or persons who direct the exercise of the rights referred to in clauses (b)(1) through (b)(4) of Section 2 of this Division II with respect to such Common Share during the period of four years immediately preceding the date on which a determination is made of the shareholders who are entitled to take any action, then a change in beneficial ownership shall be deemed to have occurred during such period.

(C) In the case of a Common Share held of record in the name of any person as a trustee, agent, guardian or custodian under the Uniform Gifts to Minors Act as in effect in any state, a change in beneficial ownership shall be deemed to have occurred whenever there is a change in the beneficiary of such trust, the principal of such agent, the ward of such guardian or the minor for whom such custodian is acting or in such trustee, agent, guardian or custodian.

(D) In the case of Common Shares beneficially owned by a person or group of persons who, after acquiring directly or indirectly the beneficial ownership of five percent of the outstanding Common Shares, failed to notify the Company of such ownership, a change in beneficial ownership of such Common Shares shall be deemed to occur on each day while such failure continues.

(c) Notwithstanding anything in this Section 2 of this Division II to the contrary, no change in beneficial ownership shall be deemed to have occurred solely as a result of:

(1) any event that occurred prior to August 20, 1985 or pursuant to the terms of any contract (other than a contract for the purchase and sale of Common Shares contemplating prompt settlement), including contracts providing for options, rights of first refusal and similar arrangements in existence on such date to which any holder of Common Shares is a party;

(4) any appointment of a successor trustee, agent, guardian or custodian with respect to a Common Share if neither such successor has nor its predecessor had the power to vote or to dispose of such Common Share without further instructions from others;

(5) any change in the person to whom dividends or other distributions in respect of a Common Share are to be paid pursuant to the issuance or modification of a revocable dividend payment order; or

(d) For purposes of Section 2 of this Division II, all determinations concerning changes in beneficial ownership, or the absence of any such change, shall be made by the Company or, at any time when a transfer agent is acting with respect to the Common Shares, by such transfer agent on the Company's behalf. Written procedures designed to facilitate such determinations shall be established by the Company and refined from time to time. Such procedures shall provide, among other things, the manner of proof of facts that will be accepted and the frequency with which such proof may be required to be renewed. The Company and any transfer agent shall be entitled to rely on all information concerning beneficial ownership of the Common Shares coming to their attention from any source and in any manner reasonably deemed by them to be reliable, but neither the Company nor any transfer agent shall be charged with any other knowledge concerning the beneficial ownership of the Common Shares.

(e) In the event of any stock split or stock dividend with respect to the Common Shares, each Common Share acquired by reason of such split or dividend shall be deemed to have been beneficially owned by the same person continuously from the same date as that on which beneficial ownership of the Common Share, with respect to which such Common Share was distributed, was acquired.

Section 3. No reference to any matter in this Division II shall be deemed to entitle any shareholder of the Company the right to vote thereon, consent thereto, grant a waiver or release in respect thereof, or take any other action with respect thereto.

Section 4. Each Common Share, whether at any particular time the holder thereof is entitled to exercise ten votes or one vote pursuant to Section 2 of this Division II, shall be identical to all other Common Shares in all respects, and together the Common Shares shall constitute a single class of shares of the Company.

FIFTH. (a) Unless the conditions set forth in clauses (1) through (4) of this paragraph (a) are satisfied, the affirmative vote of the holders of 85% of all shares of the Company entitled to vote in elections of Directors, considered for the purposes of this Article Fifth as one class, shall be required for the adoption or authorization of a business combination (as hereinafter defined) with any other entity (as hereinafter defined) if, as of the record date for the determination of shareholders entitled to notice thereof and to vote thereon, the other entity is the beneficial owner, directly or indirectly, of more than 30% of the outstanding shares of the Company entitled to vote in elections of Directors, considered for the purposes of this Article Fifth as one class. The 85% voting requirement set forth in the foregoing sentence shall not be applicable if:

(1) The cash, or fair market value of other consideration, to be received per share by holders of Common Shares of the Company in the business combination is at least an amount equal to (A) the highest per share price paid by the other entity in acquiring any of its holdings of the Common Shares of the Company plus (B) the aggregate amount, if any, by which 5% per annum of the per share price exceeds the aggregate amount of all dividends paid in cash, in each case since the date on which the other entity acquired the 30% interest;

(2) After the other entity has acquired a 30% interest and prior to the consummation of the business combination: (A) the other entity shall have taken steps to ensure that the Company's Board of Directors included at all times representation by continuing director(s) (as hereinafter defined) proportionate to the shareholdings of the public holders of Common Shares of the Company not affiliated with the other entity (with a continuing director to occupy any resulting fractional board position); (B) the other entity shall not have acquired any newly issued shares, directly or indirectly, from the Company (except upon conversion of convertible securities acquired by it prior to obtaining a 30% interest or as a result of a pro rata share dividend or share split); and (C) the other entity shall not have acquired any additional outstanding Common Shares of the Company or securities convertible into Common Shares except as a part of the transaction that resulted in the other entity's acquiring its 30% interest;

(3) The other entity shall not have (A) received the benefit, directly or indirectly (except proportionately as a shareholder), of any loans, advances, guarantees, pledges, or other financial assistance or tax credits provided by the Company or (B) made any major change in the Company's business or equity capital structure without in either case the approval of at least a majority of all the directors and at least

two-thirds of the continuing directors, in either case prior to the consummation of the business combination; and

(4) A proxy statement responsive to the requirements of the Securities Exchange Act of 1934 shall have been mailed to public shareholders of the Company for the purpose of soliciting shareholder approval of the business combination and shall have contained at the front thereof, in a prominent place, any recommendations as to the advisability (or inadvisability) of the business combination that the continuing directors, or any of them, may choose to state and, if deemed advisable by a majority of the continuing directors, an opinion of a reputable investment banking firm as to the fairness (or not) of the terms of the business combination, from the point of view of the remaining public shareholders of the Company (the investment banking firm to be selected by a majority of the continuing directors and to be paid a reasonable fee for their services by the Company upon receipt of the opinion).

The provisions of this Article Fifth shall also apply to a business combination with any other entity that at any time has been the beneficial owner, directly or indirectly, of more than 30% of the outstanding shares of the Company entitled to vote in elections of Directors, considered for the purposes of this Article Fifth as one class, notwithstanding the fact that the other entity has reduced its shareholdings below 30% if, as of the record date for the determination of shareholders entitled to notice of and to vote on the business combination, the other entity is an affiliate of the Company (as hereinafter defined).

(b) As used in this Article Fifth, (1) the term other entity shall include any corporation, person, or other entity and any other entity with which it or its affiliate or associate (as defined below) has any agreement, arrangement, or understanding, directly or indirectly, for the purpose of acquiring, holding, voting, or disposing of shares of the Company, or that is its affiliate or associate as those terms are defined in Rule 12b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, together with the successors and assigns of those persons in any transaction or series of transactions not involving a public offering of the Company's shares within the meaning of the Securities Act of 1933; (2) another entity shall be deemed to be the beneficial owner of any shares of the Company that the other entity (as defined above) has the right to acquire pursuant to any agreement or upon exercise of conversion rights, warrants, or options, or otherwise; (3) the outstanding shares of any class of the Company shall include shares deemed owned through application of clause (2) above but shall not include any other shares that may be issuable pursuant to any agreement or upon exercise of conversion rights, warrants, or options, or otherwise; (4) the term business combination shall include (A) the sale, exchange, lease, transfer, or other disposition by the Company of all, or substantially all, of its assets or business to any other entity, (B) the consolidation of the Company with or its merger into any other entity, (C) the merger into the Company of any other entity, and (D) a combination or majority share acquisition in which the Company is the acquiring corporation (as those terms are defined in Section 1701.01 of the Ohio Revised Code or any similar provision hereafter enacted) and its voting shares are issued or transferred to any other entity or to shareholders of any other entity, and the term business combination shall also include any agreement, contract, or other arrangement with another entity providing for any of the transactions described in (A) through (D) of this clause (4); (5) the term continuing director shall mean either a person who was a member of the Board of Directors of the Company elected by the public shareholders prior to the time when the other entity acquired in excess of 5% of the shares of the Company entitled to vote in the election of Directors, considered for the purposes of this Article Fifth as one class, or a person recommended to succeed a continuing director or by a majority of the continuing directors; and (6), for the purposes of clause (a)(1) of this Article Fifth, the term other consideration to be received shall mean Common Shares of the Company retained by its existing public shareholders in the event of a business combination with the other entity in which the Company is the surviving corporation.

(c) A majority of the continuing directors shall have the power and duty to determine for the purposes of this Article Fifth, on the basis of information known to them, whether (1) the other entity beneficially owns more than 30% of the outstanding shares of the Company entitled to vote in the election of Directors, (2) another entity is an affiliate or associate (as defined above) of another, or (3) another entity has an agreement, arrangement, or understanding with another.

(d) No amendment to the Articles of Incorporation of the Company shall amend; alter, change, or repeal any of the provisions of this Article Fifth unless the amendment effecting such amendment, alteration, change, or repeal receives the affirmative vote of the holders of 85% of all shares of the Company entitled to vote in the election of Directors, considered for the purposes of this Article Fifth as one class, except that this paragraph (d) shall not apply to, and the 85% vote shall not be required for, any amendment, alteration, change, or repeal recommended to the shareholders by the Board of Directors of the Company if the recommendation has been approved by at least a majority of all of the directors and by at least two-thirds of the continuing directors.

(e) Nothing contained in this Article Fifth shall be construed to relieve any other entity from any fiduciary obligation imposed by law.

SIXTH. Section 1701.831 of the Ohio Revised Code shall not apply to control share acquisitions of shares of the Company so long as Article Seventh hereof is in effect.

SEVENTH. The Control Share Acquisition provisions applicable to the shares of the Company, in lieu of those contained in Section 1701.831 of the Ohio Revised Code, are set forth in this Article Seventh.

(A) As used in this Article Seventh:

(1) (a) Control Share Acquisition means the acquisition, directly or indirectly, by any Person (as hereinafter defined) of shares of the Company (other than in accordance with the provisions of paragraph (1)(b) of this Section (A)) that, when added to all other shares of the Company in respect of which that person, directly or indirectly, may exercise or direct the exercise of voting power as provided herein, would entitle such Person, immediately after the acquisition, directly or indirectly, to exercise or direct the exercise of the voting power in the election of Directors of the Company of a number of the outstanding shares of the Company (as distinguished from the number of votes to which the holder of such shares is entitled) within any of the following ranges (each a Range):

- (i) One-fifth or more but less than one-third of such outstanding shares,
- (ii) One-third or more but less than a majority of such outstanding shares, and
- (iii) A majority or more of such outstanding shares.

For the purposes of this definition, a bank, broker, nominee, trustee, or other person who acquires shares in the ordinary course of business for the benefit of others in good faith and not for the purpose of circumventing this Article Seventh shall, however, be deemed to have voting power only of shares in respect of which that person would be able to exercise or direct the exercise of votes without further instruction from others on the proposed Control Share Acquisition at the meeting of shareholders called under this Article Seventh.

(b) The acquisition of any shares of the Company does not constitute a Control Share Acquisition for the purposes of this Article Seventh if the acquisition is consummated:

- (i) Prior to August 28, 1991;
- (ii) Pursuant to a contract existing prior to August 28, 1991;
- (iii) Under such circumstances that the acquisition does not result in the Person's being entitled, immediately thereafter and for the first time, to exercise or direct the exercise of voting power in the election of Directors of a number of

outstanding shares within the Range of one-fifth or more but less than one-third of such outstanding shares or within a Range higher than the Range applicable prior to the acquisition;

(iv) By bequest or inheritance, by operation of law upon the death of any individual, or by any other transfer without valuable consideration, including a gift that is made in good faith and not for the purpose of circumventing this Article Seventh;

(vi) Pursuant to a merger, consolidation, combination, or majority share acquisition adopted or authorized by shareholder vote in compliance with the provisions of Section 1701.78 or 1701.79 of the Ohio Revised Code if the Company is the surviving or new corporation in the merger or consolidation or is the acquiring corporation in a combination or majority share acquisition.

The acquisition by any Person of shares of the Company in a manner described under this paragraph (1)(b) of this Section (A) shall be deemed a Control Share Acquisition authorized pursuant to this Article Seventh within the Range applicable after the acquisition, provided, in the case of an acquisition in a manner described under clause (1)(b)(iv) or (v) of this Section (A), the transferor of shares to that Person had previously obtained any authorization of shareholders required under this Article Seventh or under Section 1701.831 of the Ohio Revised Code in connection with that transferor's acquisition of shares of the Company.

(c) The acquisition of shares of the Company in good faith and not for the purpose of circumventing this Article Seventh from any Person whose Control Share Acquisition had previously been authorized by shareholders, or from any Person whose previous acquisition of shares would have constituted a Control Share Acquisition but for paragraph (1)(b) of this Section (A), does not constitute a Control Share Acquisition unless that acquisition entitles the acquiring Person, directly or indirectly, to exercise or direct the exercise of voting power in the election of Directors of the Company of a number of shares in excess of the Range authorized by the shareholders or defined to be authorized under paragraph (1)(b) of this Section (A).

(2) Person includes, without limitation, a natural person, a corporation (whether nonprofit or for profit), a partnership, a limited liability company, an unincorporated society or association, and two or more persons having a joint or common interest.
