PROXY STATEMENT

**Annual Meeting of Shareholders to be Held
May 4, 2010**

VOTING AND REVOCATION OF PROXY

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Famous Dave s of America, Inc. (periodically referred to herein as Famous Dave s and the Company) to be used at the annual meeting of shareholders of the Company (the Annual Meeting) to be held on Tuesday, May 4, 2010, at 3:00 p.m., at the Company s office at 12701 Whitewater Drive, Minnetonka, Minnesota, for the purpose of considering and taking appropriate action with respect to the following:

1. To elect six directors;
2. To ratify the appointment of Grant Thornton LLP as the independent registered public accounting firm of the Company for fiscal 2010; and
3. To transact any other business as may properly come before the meeting or any adjournments thereof.

The approximate date on which this Proxy Statement and the accompanying proxy were first sent or provided to shareholders was March 25, 2010. Each shareholder who grants a proxy in the manner indicated in this Proxy Statement may revoke the same at any time prior to its use by giving notice of such revocation to the Company in writing, in open meeting or by executing and delivering a new proxy to the Secretary of the Company. Unless so revoked, the shares represented by each proxy will be voted at the Annual Meeting and at any adjournments thereof. Presence at the Annual Meeting of a shareholder who has signed a proxy does not alone revoke that proxy.

PROXIES AND VOTING

Registered shareholders may vote in one of three ways: By completing and returning the enclosed proxy card via regular mail or by voting via the Internet or telephone. Specific instructions for using these methods are set forth on the enclosed proxy card. The Internet and telephone procedures are designed to authenticate the shareholder s identity and to allow shareholders to vote their shares and confirm that their instructions have been properly recorded.

The Board of Directors has set the close of business on March 8, 2010 as the Record Date for the Annual Meeting. Only holders of the Company s common stock as of the Record Date, or their duly appointed proxies, are entitled to notice of and will be entitled to vote at the Annual Meeting or any adjournments thereof. On the Record Date, there were 9,054,704 shares of the Company s common stock outstanding. Each such share entitles the holder thereof to one vote upon each matter to be presented at the Annual Meeting. A quorum, consisting of a majority of the outstanding

shares of the Company's common stock entitled to vote at the Annual Meeting, must be present in person or represented by proxy before action may be taken at the Annual Meeting.

Table of Contents

Each proxy returned to the Company will be voted in accordance with the instructions indicated thereon. If no direction is given by a shareholder, the shares will be voted as recommended by the Company's Board of Directors. If any nominee for the Board of Directors should withdraw or otherwise become unavailable for reasons not presently known, the proxies that would have otherwise been voted for such nominee will be voted for such substitute nominee as may be selected by the Board of Directors. If a shareholder abstains from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the Annual Meeting for the transaction of business as well as shares entitled to vote on that matter. On matters other than the election of directors, an action of the shareholders generally requires the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote on the matter. Accordingly, an abstention on any matter other than the election of directors will have the same effect as a vote against that matter. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Broker non-votes on a matter are counted as present for purposes of establishing a quorum for the Annual Meeting, but are not considered entitled to vote on that particular matter. Consequently, non-votes generally do not have the same effect as a negative vote on the matter.

A shareholder giving a proxy may revoke it at any time before it is exercised by (i) giving written notice of revocation to the Secretary of the Company, (ii) delivering a duly executed proxy bearing a later date, or (iii) voting in person at the Annual Meeting. Presence at the Annual Meeting of a shareholder who has signed a proxy does not, alone, revoke that proxy; revocation must be announced by the shareholder at the time of the Annual Meeting.

Under Proposal One, directors will be elected by a plurality of shares of common stock of the Company present in person or represented by proxy at the Annual Meeting. Adoption of Proposal Two requires the affirmative vote of the holders of a majority of such shares. **The Board of Directors unanimously recommends that you vote FOR the election of all nominees for the Board of Directors named in this Proxy Statement and FOR the ratification of Grant Thornton LLP as the independent registered public accounting firm of the Company for fiscal 2010.**

While the Board of Directors knows of no other matters to be presented at the Annual Meeting or any adjournment thereof, all proxies returned to the Company will be voted on any such matter in accordance with the judgment of the proxy holders.

YOUR VOTE IS IMPORTANT. BENEFICIAL OWNERS OF SHARES HELD IN BROKER ACCOUNTS ARE ADVISED AS FOLLOWS IN CONNECTION WITH A CHANGE IN APPLICABLE RULES AS OF JANUARY 1, 2010: IF YOU DO NOT TIMELY PROVIDE INSTRUCTIONS TO YOUR BROKER, YOUR SHARES WILL NOT BE VOTED IN CONNECTION WITH THE ELECTION OF DIRECTORS.

Effect of Not Casting Your Vote. If you hold your shares in street name it is critical that you cast your vote if you want it to count in the election of directors (Proposal One). In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your bank or broker was allowed to vote those shares on your behalf in the election of directors as they felt appropriate. Recent changes in regulation were made to take away the ability of your bank or broker to vote your uninstructed shares in the election of directors on a discretionary basis. As a result, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors, no votes will be cast on your behalf. Your bank or broker will continue to have discretion to vote any uninstructed shares on the ratification of the appointment of the Company's independent registered public accounting firm (Proposal Two). If you are a shareholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the items of business at the Annual Meeting.

**ELECTION OF DIRECTORS
(Proposal One)**

Our Board of Directors currently consists of the following six (6) directors, each of whom has been nominated for re-election by our Board. If re-elected, each nominee has consented to serve as a director of the Company, to hold office until the next Annual Meeting, or until his or her successor is elected and shall have qualified.

The following paragraphs provide information as of the date of this proxy statement about each nominee. The information presented includes information each director has given us about his or her age, all positions he or she holds within the Company, his or her principal occupation and business experience for the past five years, and the names of other publicly-held companies of which he or she currently serves as a director or has served as a director during the past five years. In addition to the information presented below regarding each nominee's specific experience, qualifications, attributes and skills that led our Board to the conclusion that he or she should serve as a director, each of our director nominees has experience in developing and overseeing businesses and implementing near term and long range strategic plans. We also believe that all of our director nominees have a reputation for integrity, honesty and adherence to high ethical standards. They each have demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to our Company and our Board. Although we don't believe that share ownership qualifies any person to serve as a director of our Company, we believe that our Board's ownership in the Company (collectively 10.22% beneficial ownership as of the Record Date) aligns our directors' interests with those of our shareholders and drives our Board's focus on maximizing shareholder value.

All forward-looking statements in this Proxy Statement are based on information currently available to us as of the date to which this Proxy Statement pertains, and we assume no obligation to update any forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors may include, among others, those factors listed in Item 1A of our most recent Annual Report on Form 10-K, and elsewhere in our Annual Report on Form 10-K, and our other filings with the Securities and Exchange Commission. The following discussion should be read in conjunction with Selected Financial Data (Item 6 of our Annual Report on Form 10-K) and our financial statements and related footnotes appearing elsewhere in our Annual Report on Form 10-K.

Overview

Famous Dave's was incorporated as a Minnesota corporation in March 1994 and opened its first restaurant in Minneapolis in June 1995. As of January 3, 2010, there were 177 Famous Dave's restaurants operating in 37 states, including 45 company-owned restaurants and 132 franchise-operated restaurants. As of January 3, 2010, we employed approximately 2,700 employees, who we refer to as our associates, of which approximately 275 were full-time. The following individuals held executive positions within the Company at January 3, 2010 and participated in the Company's executive compensation plans:

Name	Title
Christopher O. Donnell	President and Chief Executive Officer
Diana G. Purcel ⁽¹⁾	Chief Financial Officer and Secretary
Jeffrey S. Abramson	Vice President Purchasing
Jackie Kane Ottoson	Vice President Human Resources and Training
Aric D. Nissen	Vice President Marketing and Research & Development
Victor E. Salamone	Vice President Franchise Operations and Development
Benjamin R. Welshons, Jr.	Vice President Company Operations

⁽¹⁾ These individuals were determined to be executive officers of the Company pursuant to Item 402(a)(3) of Regulation S-K (collectively, the Named Executive Officers).

General Compensation Philosophy

The Compensation Committee of the Board of Directors has direct oversight and responsibility for the Company's executive compensation policies and programs. The Company's executive compensation policies and programs are designed to provide:

competitive levels of compensation that integrate with the Company's annual objectives and long-term goals;

long-term incentives that are aligned with shareholder interests;

a reward system for above-average performance;

recognition for individual initiative and achievements; and

a means for the Company to attract and retain qualified executives.

Table of Contents

To that end, it is the view of the Compensation Committee that the total compensation program for executive officers should consist of the following three elements, all determined by individual and corporate performance:

Base salary compensation;

Annual incentive compensation (bonus); and

Stock incentive awards (Performance Shares and Restricted Stock Units).

In addition to the compensation program elements listed above, we have established a Deferred Stock Unit Plan and a Non-Qualified Deferred Compensation Plan in which certain executives are entitled to participate. The Compensation Committee believes that the availability of these plans, each of which are discussed below, adds to the attractiveness of the Company's overall compensation program and positively impacts the Company's ability to hire and retain qualified executives.

The Compensation Committee approves, on an annual basis, the competitiveness of our overall executive compensation programs, including the appropriate mix between cash and non-cash compensation as well as annual and long-term incentives. When deemed appropriate by the Compensation Committee, compensation tally sheets for the Named Executive Officers are prepared and reviewed by the Compensation Committee. These tally sheets affix dollar amounts to all components of the Named Executive Officers' compensation, including salary, bonus, outstanding equity awards, and performance share grants.

As set forth in its written charter, the Compensation Committee has access to resources it deems necessary or desirable to accomplish its responsibilities, including the sole authority to retain (with funding provided by the Company) independent experts in the field of executive compensation. The Compensation Committee has the sole authority to retain and to terminate such independent compensation experts, and to approve the fees and other retention terms. During fiscal 2007, the Compensation Committee retained Towers Perrin as an independent compensation expert to advise the Compensation Committee with respect to development and implementation of the Company's compensation packages. Due in part to a lack of change in the Company's compensation policies from the previous year and the continued relevance of Towers Perrin's previous advice, the Compensation Committee did not retain an outside compensation expert to advise on fiscal 2008 compensation packages, electing instead to consult with Towers Perrin on a limited and informal basis. In addition, the Company relied heavily on executive search firms and the market for executive talent in arriving at salary and bonus determinations for executive new hires in light of executive turnover experienced by the Company during fiscal 2008. During fiscal 2009, the Compensation Committee primarily relied upon internal Company resources to generate information on which to benchmark the Company's compensation practices and engaged Tower Perrin to validate such information prior to making compensation determinations. The methodology used by the Company, which included but was not limited to analyses of salary survey data and peer company proxy data, was similar to that used by Towers Perrin when performing past analyses for the Company.

Annual Compensation Plans

The Compensation Committee evaluates the Company's executive compensation structure for our executives on an annual basis to ensure that we are providing a competitive compensation structure for our executives. Additionally, the Compensation Committee ensures that our programs continue to be consistent with established policies.

It is currently our objective to compensate our executives through a combination of salary and bonus eligibility within the mid-point to third quartile of the market for similar positions within companies of comparable size, growth and

profitability in our industry. In replacing several executive positions during fiscal 2008 and 2009, we found this objective to be generally consistent with the market for new executive hires. The Compensation Committee continues to evaluate this position in order to remain competitive from a compensation perspective, and will make changes to our compensation programs that it deems desirable and in the best interests of the Company from time to time.

Our Chief Executive Officer does not have direct involvement in the determination of his own compensation, the determination and structure of which is the sole responsibility of the Compensation Committee. However, our

Table of Contents

Chief Executive Officer provides input to the Compensation Committee regarding executive compensation and participated in the ultimate determination of compensation for the Company's other executives, as was the case for decisions related to compensation for our Chief Financial Officer for fiscal 2008, 2009 and 2010. In light of the executive attrition that we experienced in 2008, executive searches were undertaken and hiring decisions were made solely under the direction of our Chief Executive Officer. During that process, the determination of executive compensation for new hires was primarily based on the market for executive talent and, although it remained informed regarding the executive search process, the Compensation Committee had limited involvement in determining new hire compensation.

Base Salary Compensation

Base salary compensation is determined by the potential impact each position has on the Company, the skills and experiences required by the position, the performance and potential of the incumbent in the position, and competitive market information.

Annual Incentive Compensation

The Compensation Committee believes strongly that the Company's executive compensation arrangements should closely align the interests of management with the interests of our shareholders. In addition, the Compensation Committee believes that incentive compensation should represent an inducement for performance that meets or exceeds challenging targets. This belief is evidenced by the fact that management, despite delivering solid results over the past three years, has only once, in fiscal 2009, achieved targets established by the Board of Directors that resulted in more than 100% payout of annual bonus and/or performance shares. Actual percentage payout of annual bonus and/or performance shares over the last three years is set forth below in this Compensation Discussion and Analysis. The Board of Directors intends to challenge the Company's management by continuing to set aggressive targets that are achievable and provide an appropriate return for the Company's shareholders.

The annual incentive compensation potential for executives of the Company is structured so that there is alignment between the executives and the Company's shareholders. Target annual incentive compensation is calculated for each executive as a percentage of his or her annual salary, and the applicable percentage is based on competitive market information for similar positions and experience. For 2008, target incentive compensation as a percentage of annual base salary was 40% for Mr. O'Donnell and Ms. Purcel, who then served as Chief Operating Officer and Chief Financial Officer, respectively. Upon being promoted to President and Chief Executive Officer in September 2008, Mr. O'Donnell's target percentage was increased to 100% of his base salary. At the same time the Compensation Committee increased Ms. Purcel's target percentage to 75% of her base salary. The Compensation Committee utilized external survey data in determining target annual incentive compensation for fiscal 2007 and elected to utilize the same annual incentive compensation targets for fiscal 2008 and 2009, which the Compensation Committee believed to have continued relevance. The published survey data considered by the Compensation Committee for fiscal 2007 came from five sources: Hay Information Services 2006 Chain Restaurant Compensation Survey, HVS 2006 Chain Restaurant Compensation Survey, the independent consultant's 2006 Compensation DataBank, Watson Wyatt's 2006/2007 Industry Report on Top Management Compensation and William M. Mercer's 2006 Executive Compensation Survey. Annual and long-term incentive data was gathered using a Compensation Databank, focusing on companies with annual sales of less than \$1.0 billion, as well as sourcing proxy data for 14 publicly traded peer companies with median annual revenues of approximately \$350 million. The 14 publicly traded peer companies that were included in the analysis are listed below:

Table of Contents

The actual incentive compensation payouts are based on the Company achieving earnings per share (EPS) targets established by the Company's Board of Directors, and are calculated using a linear scale representing a payout of between 50% and 200% of the amount of executives' target annual incentives. If the Company achieves at least 80% of the annual EPS target, each executive will be entitled to receive a percentage of his or her target annual incentive equal to the percentage of the EPS Goal achieved by the Company, up to the 200% maximum payout, as illustrated below:

Payout as Percent of Target		% of EPS Target	
200%	Maximum	150%	
100%	Target	100%	
50%	Minimum	80%	

Annual EPS targets are established by the Company's Board of Directors and are intended to represent goals on which to base additional compensation for meeting those targets. The annual EPS targets take into account the macroeconomic environment, the industry in which the Company competes, the Company's growth objectives, the life cycle of the Company, and the determination of an adequate return to shareholders given the before-mentioned factors. Payouts at 100% of target amounts are expected to be realized approximately 30% of the time over a ten year period, while payouts at 200% of target amounts are expected to be realized 10% of the time over a ten year period. Annual EPS target amounts for fiscal 2007, 2008 and 2009, the percentage of those target amounts achieved and the actual payouts as a percentage of target amounts, are set forth below:

Year	EPS Target	% of EPS Target Achieved	Actual Payout as Percent of Target Payout
2007	\$ 0.63	93.7%	84.6%
2008	\$ 0.72	5.6%	0.00%
2009	\$ 0.56	110.7%	121.4%

The table below, which sets forth potential and actual annual incentive compensation payouts for fiscal 2007, 2008 and 2009, illustrates how annual incentive compensation applies to the Company's Named Executive Officers. Stock Incentive Awards Performance Shares and Restricted Stock Units

A key objective of our Compensation Committee is to align Company performance with shareholder expectations. In order to better align these objectives, the Compensation Committee primarily uses performance shares as a long-term incentive award for executives, including Named Executive Officers. The Compensation Committee believes that the use of performance shares as a long-term incentive award more closely aligns management's objectives with that of its shareholders than do stock options, because performance shares are earned based on the Company achieving specific cumulative EPS goals over a three year period, rather than awards of stock options that merely vest with the passage of time. In fiscal 2008, however, the Compensation Committee elected to supplement performance share grants with limited grants of restricted stock units that vest in three installments on the third, fourth and fifth anniversary of the grant date. These restricted stock units were granted to Mr. O Donnell and Ms. Purcel, and the Compensation Committee elected to make these grants primarily for retention purposes in light of the turnover in executive ranks recently experienced by the Company.

As with annual incentive compensation, the Compensation Committee considered information pertaining to comparable organizations based on data provided by an independent compensation expert, including the published survey data and proxy data for the 14 publicly traded peer companies mentioned above, in determining the fiscal 2007 recommended grant of stock incentive awards to the Company's executives and elected to utilize the same data for fiscal 2008 and 2009, which the Compensation Committee believed to have continued relevance. When determining the amount of a stock incentive grant to an executive for a particular year, the Compensation Committee does not take into account any gains realized during that year by the executive as a result of his or her individual decision to exercise an option granted in a previous year, previous grants of performance shares, or any gains realized by him or her upon the ultimate grant of shares underlying a stock performance grant. Such gains are excluded from the determination because the decision as to whether the value of exercisable stock options will be realized in any particular year is determined by each individual executive's decision whether to exercise all or a portion of such stock options and not by the Compensation Committee.

To the extent earned after the applicable three year period, performance shares are paid in shares of the Company's common stock. Therefore, the value realizable from performance shares is dependent upon the extent to which the Company's performance is reflected in the market price of the Company's common stock at any particular point in time.

The Compensation Committee will continue to evaluate the appropriate form for Company stock incentive awards and make changes to the form of such awards as it deems desirable and in the best interests of the Company from time to time.

Performance Share Programs

As of January 3, 2010, we had three performance share programs in progress, each with a three-year performance period: a 2007-2009 program (the 2007 Performance Share Program), a 2008-2010 program (the 2008 Performance Share Program), and a 2009-2011 program (the 2009 Performance Share Program) (each a Performance Share Program). Under each Performance Share Program, the Company has granted recipients the right to receive a specified number of shares of the Company's common stock (Performance Shares) subject to the Company achieving a specified percentage of the cumulative total of the EPS goals for each of the fiscal years making up the three-year performance period (the Cumulative EPS Goal). The Compensation Committee determines the EPS goal for each fiscal year prior to the beginning of each fiscal year. The actual EPS for each fiscal year is based on the earnings per diluted share amount for that fiscal year as set forth in the audited financial

Table of Contents

statements filed with the Company's Annual Report on Form 10-K. The determination as to the number of Performance Shares to be received, if any, is determined after the Company files its Annual Report on Form 10-K for the last fiscal year of the applicable three-year performance period and the Performance Shares are issued following such filing if the applicable specified percentage of the Cumulative EPS Goal is achieved. The Performance Share grants for each recipient are contingent on the recipient remaining an employee of the Company until the filing of the Annual Report on Form 10-K for the applicable fiscal year. The EPS goals utilized for the determination of performance shares are the same measurement as the EPS targets discussed above in Annual Incentive Compensation.

For each of the three programs currently in progress, if the Company achieves at least 80% of the Cumulative EPS Goal, then each recipient will be entitled to receive a percentage of the Target number of Performance Shares granted that is equal to the percentage of the Cumulative EPS Goal achieved, up to 100%. With the 2007 and 2008 Performance Share Programs, if the Company achieves between 100% and 150% of the Cumulative EPS Goal, each recipient will be entitled to receive an additional percentage of the Target number of Performance Shares granted equal to twice the incremental percentage increase in the Cumulative EPS Goal over 100% (e.g., if the Company achieves 120% of the Cumulative EPS Goal, then the recipient will be entitled to receive 140% of his or her Target Performance Share amount). The maximum share payout a recipient will be entitled to receive under the 2009 Performance Share Program is 100% of the Target number of Performance Shares granted if the Cumulative EPS Goal is met.

For fiscal 2008, the Compensation Committee adjusted the Company's calculation of earnings per share to add back impairment charges (net of budgeted amounts) taken in connection with the acquisition and subsequent disposition of the Company's Atlanta locations and certain other restaurant closures. Although the adjustment was for fiscal 2008 only, the Compensation Committee intends for it to apply to the 2007 and 2008 Performance Share Programs, each of which incorporates fiscal 2008 performance in the calculation of the Cumulative EPS Goal. The Compensation Committee viewed this as an isolated adjustment in light of extraordinary non-cash impairment charges taken by the Company during that year. The Compensation Committee deemed the adjustment appropriate because the impairment charges resulted from business decisions made prior to the constitution of the current executive team. The Compensation Committee does not intend to regularly adjust the calculation of earnings per share based on future impairments or other non-recurring events.

Based on the actual, cumulative fiscal 2007-2009 results, recipients earned 88.5% of the Performance Shares originally granted under this program. The Company has achieved 90.7% of the cumulative total of the EPS goals through the first two years of the 2008 Performance Share Program and 110.7% for the first year of the 2009 Performance Share Program. Information regarding the Target Performance Share grants for the Named Executive Officers under the 2007, 2008 and 2009 Performance Share Programs, along with the number of shares earned under the 2007 Performance Share Program, is illustrated below:

Restricted Stock Units

In limited circumstances, the Compensation Committee has elected to supplement stock incentive awards in the form of performance shares with grants of restricted stock units. Restricted stock units are units that evidence the right to receive shares of common stock at a future date, subject to restrictions that may be imposed by the Compensation Committee. The Company's grants of restricted stock units are subject to vesting restrictions and vest in three equal annual installments on the three, four and five-year anniversaries of the grant date provided that the recipient remains employed by the Company through the applicable vesting date, and vest in their entirety upon a change of control. To the extent vested, the recipient has the right to receive shares comprising the units upon the termination of their employment with the Company. The Compensation Committee first approved the grant of 100,000 restricted stock units to a former Company executive upon his appointment as President and Chief Executive Officer in April 2008. This entire grant was forfeited by the former executive in September 2008 upon his resignation from the Company. Due in part to the turnover in executives experienced by the Company during 2008, the Compensation Committee elected to make grants of 50,000 and 25,000 restricted stock units, respectively, to Mr. O'Donnell and Ms. Purcell in September 2008.

Deferred Stock Unit Plan

We maintain an Executive Elective Deferred Stock Unit Plan (the "Deferred Stock Unit Plan"), in which executives can elect to defer all or part of their annual incentive compensation or commissions, or their receipt of any compensation in the form of stock grants under the Company's equity incentive plans or otherwise, for a specified period of time. The amount of compensation that is deferred is converted into a number of stock units, as determined by the share price of our common stock on the effective date of the election. These units are converted back into a cash amount at the expiration of the deferral period based on the share price of our common stock on the expiration date and paid to the executive in cash in accordance with the payout terms of the plan. Accordingly, we recognize compensation expense throughout the deferral period to the extent that the share price of our common stock increases, and reduce compensation expense throughout the deferral period to the extent that the share price of our common stock decreases.

Deferred Compensation Plan

We maintain a Non-Qualified Deferred Compensation Plan (the "Deferred Compensation Plan") in which selected employees who are at the director level and above are eligible to participate. Participants must complete a deferral election each year and submit it to the Company, prior to the beginning of the fiscal year for which the compensation pertains, indicating the level of compensation (salary, bonus and commissions) they wish to have deferred for the coming year. This deferral election is irrevocable except to the extent permitted by the Deferred Compensation Plan's administrator, and the applicable regulations promulgated by the Internal Revenue Service. For fiscal 2008 and 2009, the Company matched 50.0% and 25%, respectively, of the first 4.0% contributed by participants and paid declared interest rates of 8.0% and 6.0%, respectively, on balances outstanding during fiscal 2008 and 2009. For fiscal 2010, the Company will match 25% of the first 4.0% contributed by participants and will pay a declared interest rate of 6.0% on balances. The Board of Directors administers the Deferred Compensation Plan and can change the Company match, interest rate or any other aspects of the plan at any time.

Deferral periods are defined as the earlier of termination of employment or not less than three calendar years following the end of the applicable Deferred Compensation Plan Year. Extensions of the deferral period for a minimum of five years are allowed, provided the election is made at least one year before the first payment affected by the change. Payments can be in a lump sum or in equal payments over a two-, five- or ten-year period, plus interest from the commencement date.

The Deferred Compensation Plan assets are kept in an unsecured account that has no trust fund. In the event of bankruptcy, any future payments would have no greater rights than that of an unsecured general creditor of the Company and they confer no legal rights for interest or claim on any assets of the Company. Benefits provided by the Deferred Compensation Plan are not insured by the Pension Benefit Guaranty Corporation (PBGC) under Title IV of the Employee Retirement Income Security Act of 1974 (ERISA), because the pension insurance provisions of ERISA do not apply to the Deferred Compensation Plan.

For the plan year ended December 31, 2009, Named Executive Officers contributed \$10,800 to the Plan and the Company provided matching funds and interest of \$7,586.

Clawback Protective Provisions

We believe that our executives are held accountable to comply with our high ethical standards. In that regard, we have revised our 2010 annual incentive compensation plan and the agreements governing grants under the 2010-2012 Performance Share Program to include what is commonly referred to as a clawback provision. Under these provisions, the Board may, in its discretion and to the extent permitted by law, require executive recipients of awards to forfeit or repay compensation received following a restatement of the Company's financial statements that the Board determines would not have been received had such financial statements been initially filed as restated. Although inserted into the agreement governing grants under the 2010-2012 Performance Share Program, the clawback provision will also apply to grants under the 2008 and 2009 Performance Share Programs, payment under which will result in part from the Company's performance during current and/or future periods.

Stock Ownership Expectations

In accordance with the desire to better align the long-term objectives of our executives and Board of Directors with our shareholders, our Board of Directors has adopted minimum stock ownership guidelines that set forth the levels of ownership expected of Board members and top executives of the Company. Board members are expected to own shares of our common stock equal in value to at least \$100,000. Our Chief Executive Officer is expected to own shares of our common stock and vested options equal in value to at least four times his annual salary, while our Chief Financial Officer is expected to own shares of our common stock and vested options equal in value to at least two times her annual salary. Other Vice Presidents are expected to own shares of our common stock and vested options equal in value to at least their respective annual salaries. For purposes of determining compliance with the minimum stock ownership guidelines, share ownership is defined to include stock owned directly by the director or executive and vested stock options. The determination does not include Performance Shares until those shares are actually earned and issued. The Board of Directors acknowledges that the value of directors' and executives' share ownership will fluctuate based on the market price of our stock and, therefore, deficiencies in share ownership levels may exist from time to time. Shares owned directly by directors and executives in compliance with the minimum ownership guidelines represent investments in our common stock. Therefore, gains or losses resulting from appreciation or depreciation of these shares are not taken into account when calculating compensation amounts reported in this Proxy Statement.

Other Benefits

We provide additional benefit plans to employees, including the Named Executive Officers, such as medical, dental, life insurance and disability coverage, flex benefit accounts, 401(k) plan, an employee assistance program and an employee stock purchase plan. We also provide vacation and other paid holidays to employees, including the Named Executive Officers, which are comparable to those provided at other companies of comparable size.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Tax Code"), places a limit of \$1,000,000 on the amount of compensation that the Company may deduct in any one year with respect to each of its five most highly paid executive officers. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. Annual cash incentive compensation, stock option awards and awards of Performance Shares generally are performance-based compensation meeting those requirements and, as such, are fully deductible.

**RATIFICATION OF THE APPOINTMENT
OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal Two)**

The Board of Directors and management of the Company are committed to the quality, integrity and transparency of the Company's financial reports. In accordance with the duties set forth in its written charter, the Audit Committee of the Company's Board of Directors has appointed Grant Thornton LLP as the Company's independent registered public accounting firm for the 2010 fiscal year. A representative of Grant Thornton LLP is expected to attend this year's Annual Meeting and be available to respond to appropriate questions from shareholders, and will have the opportunity to make a statement if he or she desires to do so.

If the shareholders do not ratify the appointment of Grant Thornton LLP, the Audit Committee may reconsider its selection, but is not required to do so. Notwithstanding the proposed ratification of the appointment of Grant Thornton LLP by the shareholders, the Audit Committee, in its discretion, may direct the appointment of new independent auditors at any time during the year without notice to, or the consent of, the shareholders, if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

Total Fees	\$ 282,000	\$ 300,000

- (1) Audit Fees consist of fees for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided in connection with statutory and regulatory filings or engagements.
- (2) Audit-Related Fees consist principally of assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements but not reported under the caption *Audit Fees* above, including the 401(k) audit.
- (3) Tax Fees consist of fees for tax compliance, tax advice, and tax planning.
- (4) All Other Fees typically consist of fees for permitted non-audit products and services provided.

The Audit Committee of the Board of Directors has reviewed the services provided by Grant Thornton LLP during fiscal year 2009 and the fees billed for such services. After consideration, the Audit Committee has determined that

the receipt of these fees by Grant Thornton LLP is compatible with the provision of independent audit services. The Audit Committee discussed these services and fees with Grant Thornton LLP and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval Policy

The Company's Audit Committee charter (a copy of which is available at the Company's website at www.famousdaves.com) provides that all audit and non-audit accounting services that are permitted to be performed by the Company's independent registered public accounting firm under applicable rules and regulations must be pre-approved by the Audit Committee or by designated members of the Audit Committee, other than with respect to de minimus exceptions permitted under the Sarbanes-Oxley Act of 2002. During fiscal 2009, all services performed by Grant Thornton LLP were pre-approved in accordance with the Audit Committee charter.

Prior to or as soon as practicable following the beginning of each fiscal year, a description of the audit, audit-related, tax, and other services expected to be performed by the independent registered public accounting firm in the following fiscal year is presented to the Audit Committee for approval. Following such approval, any requests for audit, audit-related, tax, and other services not presented and pre-approved must be submitted to the Audit Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairperson of the Audit Committee. The Chairperson must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval. In addition, the Audit Committee has granted pre-approval for the Chief Executive Officer and the Chief Financial Officer to spend up to \$5,000 annually in additional permitted audit fees with Grant Thornton LLP, which authority and amount will be reviewed and approved annually.

OTHER MATTERS

Board of Directors and Committees

Board of Directors

The Company's Board of Directors is currently comprised of six (6) members, each of whom is identified under Proposal One (Election of Directors) above. The following directors, constituting a majority of the Board, are independent directors as such term is defined in Rule 5605(a)(2) of the NASDAQ Stock Market's Marketplace Rules: K. Jeffrey Dahlberg, Wallace B. Doolin, Lisa A. Kro, Richard L. Monfort and Dean A. Riesen. The Board of Directors held six formal meetings during fiscal 2009 and took action by written consent in lieu of a meeting on one occasion. Currently, the Company has appointed an independent director, K. Jeffrey Dahlberg, as Chairman of the Company's Board of Directors, a position he has held since December 2003. The Board has elected to separate the Board chair function from that of the Chief Executive Officer, who serves as the Company's principal executive officer, due to a belief that separating these functions, and empowering an independent director to chair the Board meetings, will result in increased Board oversight of management activities.

The Company has a standing Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee and Strategic Planning Committee. During fiscal 2009 (and with respect to Ms. Kro and Mr. Doolin, from and after the dates on which each joined the Board), each member of the Board of Directors attended at least 75% of the Board meetings and meetings of committees to which they belong. Below is a summary of the Company's board committee structure and membership information.

Audit Committee of the Board of Directors

The Company has established a three-member Audit Committee within the Board of Directors that currently consists of Chairperson Lisa A. Kro, Richard L. Monfort and Dean A. Riesen. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available at the Company's website at www.famousdaves.com. The charter reflects the Audit Committee's increased responsibilities as a result of the Sarbanes-Oxley Act of 2002, as well as the NASDAQ Stock Market corporate governance standards. As set forth in the charter, the primary responsibilities of the Audit Committee include: (i) serving as an independent and objective party to monitor the Company's financial reporting process and internal control system; (ii) reviewing and appraising the audit performed by the Company's independent registered public accounting firm; and (iii) providing an open avenue of communication among the independent registered public accounting firm, financial and senior management and the Board of Directors. The charter also requires that the Audit Committee review and pre-approve the performance of all audit and non-audit accounting services to be performed by the Company's independent registered public accounting firm, as well as tax work performed by the Company's tax firm, other than certain de minimus exceptions permitted by Section 202 of the Sarbanes-Oxley Act of 2002. In addition, the Audit Committee has been delegated the responsibility for risk oversight. In overseeing the Company's risk management,

Table of Contents

the Audit Committee adheres to a detailed committee responsibilities calendar that addresses various risk-related matters. These matters include but are not limited to:

meeting with management and the Company's independent registered public accountant in separate executive sessions;

interacting with management and the director of internal audit function;

considering and reviewing with the Company's independent registered public accountant the Company's assessment and the related attestation (including related reports) on internal control over financial reporting, the adequacy of such controls and recommendations for improvements;

inquiring of the Company's Chief Financial Officer, Director of Internal Audit and the Company's independent registered public accountant about significant risks or exposures, and any significant accounts that require management judgment;

reviewing the Company's policies for risk assessment and risk management, and assess steps taken or to be taken to control such risk;

assessing the oversight and management of the information risks, including those related to Company Information Technology projects; and

overseeing the Company's investment policies.

The Board of Directors has determined that two members of the Audit Committee, Lisa A. Kro and Dean A. Riesen, qualify as "audit committee financial experts" as that term is defined in Item 407(d)(5) of Regulation S-K promulgated under the Securities Exchange Act of 1934, as amended. In addition, each member of the Audit Committee is an independent director, as such term is defined in Rule 5605(a)(2) of the NASDAQ Stock Market's Marketplace Rules, and meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended. The Board of Directors has also determined that each of the Audit Committee members is able to read and understand fundamental financial statements and that at least one member of the Audit Committee has past employment experience in finance or accounting. The Audit Committee held four formal meetings and two informal quarterly telephonic meetings during fiscal 2009.

Compensation Committee of the Board of Directors

The Company has established a Compensation Committee within the Board of Directors that currently consists of Chairperson Dean A. Riesen, Wallace B. Doolin and Richard L. Monfort. The Compensation Committee operates under a written charter adopted by the Board of Directors, a copy of which is available at the Company's website at www.famousdaves.com. The Compensation Committee reviews the Company's remuneration policies and practices, makes recommendations to the full Board in connection with all compensation matters affecting the Company and administers the Company's incentive compensation plans. The Compensation Committee held three meetings during fiscal 2009 and took action by written consent on one occasion.

Corporate Governance and Nominating Committee of the Board of Directors

The Company has established a Corporate Governance and Nominating Committee within the Board of Directors that consists of Chairperson Dean A. Riesen, Lisa A. Kro and Wallace B. Doolin, each of whom satisfies the independence requirements of the NASDAQ Stock Market rules. The Corporate Governance and Nominating Committee operates

under a written charter adopted by the Board of Directors, a copy of which is available at the Company's website at www.famousdaves.com. The primary role of the Corporate Governance and Nominating Committee is to consider and make recommendations to the full Board of Directors concerning the appropriate size, function and needs of the Board, including establishing criteria for Board membership and considering, recruiting and recommending candidates (including those recommended by shareholders) to fill new Board positions. The Corporate Governance and Nominating Committee also considers and advises the full Board on matters of corporate governance and monitors and recommends the functions of, and membership on, the various committees of the Board.

Table of Contents

The Corporate Governance and Nominating Committee (or a subcommittee thereof) recruits and considers director candidates and presents all qualified candidates to the full Board for consideration. Qualified candidates will be considered without regard to race, color, religion, sex, ancestry, national origin, disability, marital or veteran status, or any other legally protected status.

There is no fixed process for identifying and evaluating potential candidates to be nominees for directors, and there is no fixed set of qualifications that must be satisfied before a candidate will be considered. Rather, the Corporate Governance and Nominating Committee has the flexibility to consider such factors as it deems appropriate. These factors may include education, general business and industry experience, ability to act on behalf of shareholders, potential concerns regarding independence or conflicts of interest and other factors relevant in evaluating Board nominees. Although the Corporate Governance and Nominating Committee does not have a policy with regard to the consideration of diversity in identifying director candidates, overall Board diversity of industry background and experience is generally among the factors considered. The Corporate Governance and Nominating Committee believes that a Board comprised of directors with diverse skills and experiences relevant to the Company's industry will result in efficient and competent oversight of the Company's various core competencies, which include restaurant operations, franchise operations, real estate, marketing and financial and accounting. As such, the Corporate Governance and Nominating Committee gives consideration to the interplay of a director candidate's experience with that of other members of the Board of Directors.

If the Corporate Governance and Nominating Committee approves a candidate for further review following an initial screening, the Corporate Governance and Nominating Committee will establish an interview process for the candidate. Generally, the candidate will meet with at least a majority of the members of the Corporate Governance and Nominating Committee, along with the Company's Chief Executive Officer. Contemporaneously with the interview process, the Corporate Governance and Nominating Committee will conduct a comprehensive conflicts-of-interest assessment of the candidate. The Corporate Governance and Nominating Committee will consider reports of the interviews and the conflicts-of-interest assessment to determine whether to recommend the candidate to the full Board of Directors. The Corporate Governance and Nominating Committee will also take into consideration the candidate's personal attributes, including, without limitation, personal integrity, loyalty to the Company and concern for its success and welfare, willingness to apply sound and independent business judgment, awareness of a director's vital part in the Company's good corporate citizenship and image, time available for meetings and consultation on Company matters and willingness to assume broad, fiduciary responsibility.

The Corporate Governance and Nominating Committee will consider recommendations by shareholders of candidates for election to the Board of Directors. Any shareholder who wishes that the Corporate Governance and Nominating Committee consider a candidate must follow the procedures set forth in our By-laws. Under our By-laws, if a shareholder plans to nominate a person as a director at a meeting, the shareholder is required to place a proposed director's name in nomination by written request received at our principal executive offices not less than 60 nor more than 120 calendar days prior to the first anniversary of the date on which we first mailed proxy materials for the preceding year's Annual Meeting. For our 2011 Annual Meeting, notices must be received not prior to November 25, 2010 and not later than January 24, 2011. See "Proposals of Shareholders" below. To enable the Corporate Governance and Nominating Committee to evaluate the candidate's qualifications, shareholder recommendations must include the following information:

The name and address of the nominating shareholder and of the director candidate;

The consent of each nominee to being named in the proxy statement as a nominee and to serve as a director of the Company if so elected;

Edgar Filing: FAMOUS DAVES OF AMERICA INC - Form DEF 14A

All information regarding each nominee proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had the nominee been nominated by the Board;

the name and address, as they appear on the Corporation's books, of the shareholder giving the notice and of the beneficial owner, if any, on whose behalf the nomination is made;

The class and number of shares of stock of the Company owned beneficially and of record by the shareholder giving the notice and by the beneficial owner, if any, on whose behalf the nomination is made;

Table of Contents

A representation that the nominating shareholder is a holder of record of stock of the Company entitled to vote at the current year's Annual Meeting and intends to appear in person or by proxy at the Annual Meeting to nominate the person or persons named in the notice;

A description of any arrangements or understandings between the nominating shareholder and the director candidate or candidates being recommended pursuant to which the nomination or nominations are to be made by the shareholder; and

A resume detailing the educational, professional and other information necessary to determine if the nominee is qualified to hold a Board position.

The Corporate Governance and Nominating Committee held five meetings during fiscal 2009 and took action by written consent on one occasion.

Strategic Planning Committee of the Board of Directors

The Company has established a Strategic Planning Committee within the Board of Directors which currently consists of Chairperson Wallace B. Doolin, Lisa A. Kro and Dean A. Riesen. The primary role of the Strategic Planning Committee is to consider the long-term strategic direction of the Company and make recommendations regarding the long-term strategic direction of the Company to the full Board of Directors. The Strategic Planning Committee held one meeting during fiscal 2009.

Corporate Governance, Ethics and Business Conduct

The Company's Board of Directors firmly believes that the commitment to sound corporate governance practices is essential to obtaining and retaining the trust of investors, Associates, guests and suppliers. The Company's corporate governance practices reflect the requirements of applicable securities laws, including the Sarbanes-Oxley Act of 2002, the NASDAQ Stock Market listing requirements and the Company's own vision of good governance practices. As part of its adherence to these corporate governance practices, the Company has adopted the Famous Dave's of America, Inc. Corporate Governance Principles and Practices.

In addition to the Code of Ethics and Business Conduct, the Company has adopted a separate Code of Ethics specifically applicable to the Company's Chief Executive Officer, Chief Financial Officer, and Key Financial and Accounting Management.

With respect to the Company's 2011 Annual Meeting, if the Company is not provided notice of a shareholder proposal, which the shareholder has not previously sought to include in the Company's proxy statement, by February 8, 2011, the management proxies will be allowed to use their discretionary authority as outlined above.
