May 3, 2010

Dear Shareholder:

Although 2009 was a challenging year for our industry and our company, FirstEnergy achieved strong results while taking aggressive steps to better position our company for future growth.

Our company increased its financial strength and flexibility by enhancing its liquidity position, achieving record cash from operations, reducing capital spending and lowering operations and maintenance expenses. We improved the reliability and efficiency of our regulated operations, including top-decile performance of our bulk transmission assets, and we reached significant milestones in our competitive business by completing the transition to open markets for generation in Ohio and securing a 20-year license extension from the Nuclear Regulatory Commission for our Beaver Valley Power Station.

We believe the actions taken in 2009 better position our company for the expected increase in demand for electricity as the economy recovers. While 2010 is likely to be another challenging year, we believe we are strongly situated to capitalize on future opportunities.

Additionally, you may be interested to know that our financial performance and shareholder returns over the past four years once again earned our company recognition from *Public Utilities Fortnightly* magazine. In 2009, the publication ranked FirstEnergy sixth in its annual list of the nation's 40 Best Energy Companies. We also were honored by *Institutional Investor* magazine, which listed FirstEnergy as the country's fifth-most Shareholder-Friendly Company in the energy category in 2009, based on the opinions of buy-side analysts and portfolio managers.

In spite of our strong performance, certain voting advisory firms, based on their own voting policies, have recommended that votes be withheld from our Board's existing director nominees at our upcoming Annual Meeting of Shareholders on May 18, 2010. This could be particularly significant in light of the NYSE's new voting rules, since many of our retail holders can no longer rely on their brokers to vote on their behalf. **I ask that you vote in favor of our director nominees, especially considering the outstanding leadership they have provided in supporting our ongoing success.**

I appreciate your consideration of our position on this issue, as well as your support of FirstEnergy and our leadership team. If you would like to discuss this matter, or any other issue regarding our Annual Meeting, please feel free to contact our Vice President and Corporate Secretary, Rhonda Ferguson, at 330-384-5620.

Sincerely,

/s/ Anthony J. Alexander
