**Item 1.01. Entry into a Material Definitive Agreement.**

On January 28, 2011, Wright Medical Technology, Inc. (Wright), an operating subsidiary of Wright Medical Group, Inc., entered into an Amended and Restated Supply and Development Agreement (Supply Agreement) with LifeCell Corporation, a business unit of Kinetic Concepts, Inc. The Supply Agreement replaces and supersedes the Supply and Development Agreement, as amended, dated April 1, 2002 between Wright and LifeCell Corporation. Under the Supply Agreement, LifeCell has appointed Wright, through December 2018, as its exclusive authorized distributor of a soft tissue graft containment product processed by LifeCell to healthcare providers who perform orthopaedic surgery procedures in the United States, Greece, Italy, South Africa, Canada and the United Kingdom for use within such territory. Wright has agreed not to distribute such products for non-orthopaedic applications, except during the period ending June 30, 2011, during which Wright may distribute, on a non-exclusive basis, the products to healthcare providers for podiatric wound applications. LifeCell is the sole supplier of Wright's GRAFTJACKET® line of products. The Supply Agreement requires Wright to meet certain minimum annual product sales, and LifeCell will be entitled to a percentage of Wright's gross sales of the product.

On January 28, 2011, and in connection with entering the Supply Agreement, Wright entered into a trademark license agreement (License Agreement) with KCI Medical Resources, a subsidiary of Kinetic Concepts, Inc. The License Agreement provides KCI Medical Resources with a non-transferable license to use Wright's trademarks associated with its GRAFTJACKET® line of products in connection with the marketing and distribution of KCI Medical Resources' soft tissue graft containment products used in the wound care field, subject to certain exceptions. Under the License Agreement, Wright will receive \$8,500,000, payable over the next twelve months, as well as future payments based on gross revenue derived from future sales of licensed products. Wright has agreed not to promote any soft tissue graft containment products in the wound care field during the period from June 30, 2011 to December 31, 2021, subject to certain exceptions for Wright's promotion and sale to the hospital market of Wright's current and future products based on its BIOTAPE® technology. Wright also granted a right of first refusal to KCI Medical Resources to obtain exclusive rights to market and sell in the wound care field any new products developed by Wright based on Wright's BIOTAPE® technology at any time prior to the earlier of December 31, 2021 or termination of the License Agreement.

The foregoing descriptions of the Supply Agreement and License Agreement are subject to, and qualified in their entirety by, such documents attached hereto as Exhibits 10.1 and 10.2, respectively, which are incorporated herein by reference. A press release was issued on January 31, 2011 announcing the entry into the Supply Agreement and License Agreement, which is attached hereto as Exhibit 99.
