Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On March 21, 2011, the Compensation Committee of the Board of Directors of MetLife, Inc. (the Company) approved special compensation grants (Special Grants) to William J. Wheeler, Executive Vice President and Chief Financial Officer, and William J. Mullaney, President, U.S. Business. These Special Grants were approved in recognition of the critical nature of their roles at the Company and to encourage them to continue with the Company providing a high level of performance that will create value for Company shareholders. The grants were in addition to grants determined under the Company's general executive compensation practices awarded earlier in 2011. These Special Grants consisted of 37,500 performance shares and 112,500 stock options to each executive.

Each of the Special Grant performance shares is subject to a three-year performance period beginning January 1, 2011, which is the same as performance shares determined under the Company's general executive compensation practices granted earlier in 2011. After the end of the performance period, up to 200% of each executive's performance shares may become payable in shares of the Company's common stock, generally assuming the executive's continued service to the Company through the end of the performance period, and depending on the Company's performance relative to its competition over the performance period.

Each of the Special Grant stock options has an exercise price equal to the closing price of the Company's shares on the New York Stock Exchange on the date of grant, and will normally become exercisable on the third anniversary of their grant date, generally assuming the executive's continued service to the Company through that date.
