Unless the context otherwise requires or as otherwise indicated, Cambium, Cambium Learning, our company, we, and our refer to Cambium Learning Group, Inc. and its consolidated subsidiaries, CLI refers solely to our operating subsidiary, Cambium Learning, Inc. and VLCY refers solely to our non-operating subsidiary, Voyager Learning Company. As used in this prospectus, the terms Cambium Business and VLCY Business refer to the businesses of VSS-Cambium Holdings II Corp. (Cambium Holdings) and its operating subsidiaries and VLCY and its operating subsidiaries, respectively, as each such business existed prior to the Mergers (as defined below under Organizational Structure).

Our Company

We believe we are one of the largest providers of proprietary intervention curricula, educational technologies and other research-based education solutions for students in the Pre-K through 12th grade education market in the United States. The intervention market, where we focus, provides supplemental education solutions to at-risk and special education students. We offer a distinctive blended intervention solution that combines different forms of current instruction techniques, including text books, education games, data management and e-learning. We believe that our approach builds a more effective learning environment that combines teacher-led instruction and technology and that this approach sets us apart from our competitors, as we believe it better engages at-risk students, leading to more favorable student results. Our solutions are designed to enable the most challenged learners to achieve their potential by utilizing a range of content that primarily focuses on reading and math.

We take a holistic approach to learning and our intervention solutions address both the behavioral and cognitive needs of the students we serve. We believe our focus on the Pre-K through 12th grade intervention market and our significantly greater scale and scope of operations compared to those other companies primarily focused on the intervention market gives us a competitive edge relative to our peers. Further, our products and services are highly results-oriented and enable school districts and parents across the country to improve student performance and better satisfy rigorous accountability standards.

We believe that school districts have become increasingly accountable for student performance. As a result, they have increased both focus and funding to address underperformance. To this end, our research-based intervention programs have demonstrated consistent success with at-risk and special education student populations and have established us as one of the most readily recognized companies exclusively serving this market.

Our primary business units include:

Voyager. Our Voyager unit offers reading, math and professional development programs targeted towards the at-risk and special education student populations. Voyager materials, offered in print form and increasingly in online format,

are tailored to meet the needs of these students and differ considerably from traditional instructional materials in design, approach and intensity. Lessons are based on scientific research and are carefully designed to effectively and efficiently address each of the strategies and skills necessary to improve the abilities of struggling students.

Table of Contents

Cambium Learning Technologies. Our Cambium Learning Technologies (CLT) unit utilizes technology to deliver subscription-based websites, online libraries, software and equipment designed to help students reach their potential in grades K through 12 and beyond. CLT products are offered under four different industry leading brands: Learning A-Z, Explore Learning, Kurzweil Educational Systems and IntelliTools.

Sopris. Our Sopris unit focuses on providing a diverse, yet comprehensive collection of printed and electronic supplemental education materials to complement core programs and to provide intense remediation aimed at specific skill deficits. When compared to products offered by our other business units, Sopris products tend to be more narrowly-tailored and target a smaller, more specific audience.

Strategy for Growth and Development

Our strategy for growth and development is based upon the following:

Continued Focus on the Pre-K Through 12th Grade Intervention Market: The intervention market is highly attractive and is characterized by favorable long-term growth trends and historically strong government support. We devote most of our resources to better serve this market and we believe that our concentrated focus positions us to capture a greater market share over time. We are a leading provider that offers comprehensive instructional material, professional development and learning technology solutions specifically designed for the intervention market. We also believe that this focus allows us to deliver better designed products to our customers, ultimately resulting in more favorable student outcomes. We plan to continue to employ a broad-based approach to compete across segments and build scale and market share.

Increased Offering of Technology-Based Learning Solutions: We have a wide range of technology-based learning solutions offered as either standalone tools or as part of our blended model (which integrates these technology-based learning solutions with our print-based products). Our standalone technology-based solutions include online supplemental reading, writing and vocabulary lessons and books as well as interactive simulations in math and science. Such solutions are employed by our customers for at-risk students and are more commonly used by, and are equally as effective for, on-track students to enhance their proficiency levels. Across much of our product offering, we utilize a comprehensive student data reporting system with multiple years of results. We believe this ability to assess, track and report results is crucial to providing educators with the tools required to achieve and provide accountability for student outcomes.

Leverage Nationally Recognized Brands, Sales Force and Scalable Platform: We believe our portfolio of premier brands and research-based products and services has consistently delivered superior learning outcomes for school districts. We plan to leverage our reputation for quality and our experienced sales force to generate new business and capture a greater share of business from existing customers across our national footprint. Further, we plan to utilize our portfolio of technology-driven products and services and an easily replicable implementation model to rapidly meet customer needs.

Invest in Key Growth Initiatives: In 2010, we made specific investments in certain key areas intended to facilitate growth in 2011 and beyond. In the Voyager business unit, we integrated two large sales forces (pre-combination Cambium and VLCY) into one national model and we consolidated the student reporting systems of the two previously separate companies. In the Sopris business unit, we built a nationwide field sales force, made significant investments in marketing and introduced two substantial new products. In the CLT unit, we have increased our investment in sales, marketing and product development to enhance continued growth products. Across all business units, we have substantially upgraded our e-commerce and e-marketing capabilities in order to facilitate greater demand pull for our products. We intend to increase market penetration and market share through these investments, enabling us to recognize greater revenues per student.

Our Industry

The intervention market is focused on administering supplemental education solutions to at-risk and special education students within the Pre-K through 12th grade student segment. At-risk and special education students are those students that are underperforming when evaluated against their peers and current academic standing, which is defined as the bottom 40% of learners. Students in need of intervention are often found in three distinct groups: English language learners (ELL), Special Education (SPED) and impoverished students. The ELL group is made up of those students whose first language is not English. SPED students are individuals with special needs, including learning and communication challenges, emotional and behavioral disorders, physical disabilities and developmental disorders. Impoverished students are from families with low socioeconomic status and are at an academic disadvantage due to their families' financial hardships.

We believe that educating at-risk and special education students requires a different approach than relying on traditional instructional materials since these intervention programs often require detailed implementation and training. Key federal and state programs, such as the Title I portion (Title I) of the reauthorized Elementary Secondary Education Act (ESEA), School Improvement Grants program (SIG), Individuals with Disabilities Education Act (IDEA) and the Race to the Top Program enacted under the American Recovery and Reinvestment Act of 2009 (ARRA) have been key drivers in pushing school districts to address the needs of this student population.

While school districts use a variety of government funding sources in order to procure our products and services, our industry receives proportionally more federally provided funds than education services and products as a whole, which tend to rely more heavily on state and local funding. Title I (and the Title 111 portion of the ESEA) and IDEA have existed for decades and have experienced steady increases since their inception. Further augmenting these traditional funding sources in 2009 and 2010 was the ARRA, which allocated an additional \$10 billion for Title I and an additional \$11.3 billion for IDEA over the fiscal years ending September 2010 and September 2011. Additional federal funds are also being made available through the ARRA's Race to the Top program, which is expected to provide over \$4 billion in additional education funding.

Over the long-term, we expect growth in the overall intervention market will be driven by the following key factors:

Large and Growing Addressable Market: Total Pre-K through 12th grade enrollment was 56 million in 2008, with enrollments rising. It is estimated that at least 40% of these students require intervention and represent a large addressable market for us. Demand for intervention is expected to continue to increase since intervention is typically more cost effective than special education programs. We believe that, with more attention in general, increased analysis of U.S. student outcomes versus other countries, focus and likely inclusion of the graduation rate in the ESEA, and movement to national standards, the number of children deemed to need intervention is likely to increase from 40% to over 50%, as indicated by proficiency rates of the National Assessment of Educational Progress.

Historically Stable Federal Funding Landscape: The funding environment for Pre-K through 12th grade education has historically been stable across economic cycles. While the recent downturn has pressured state and local budgets, the primary sources of federal funding for education (Title I and IDEA) have been maintained at historically high levels. Traditional federal funding sources for education have been temporarily augmented by ARRA funding from 2009 to 2011, including the Race to the Top program.

Increasing Emphasis on Accountability and Measurement: The No Child Left Behind Act (NCLB) has been a key driver for increased accountability and a measurement of student performance. School districts are required to demonstrate adequate yearly progress (AYP) or risk a cut in funding. Intervention products help schools improve performance of the most challenged learners and meet stringent AYP criteria. Furthermore, there is

greater emphasis on evaluating educators based on the performance of their students. The combination of these factors will continue to drive the demand for intervention and professional development products.

Table of Contents

Proven Return on Investment of Intervention Products: Numerous studies have demonstrated and quantified the benefits of intervention products for at-risk and special education students. We believe traditional educational materials are inadequate and not designed to meet their learning needs. Also, teachers are becoming better trained at utilizing intervention materials, which we expect will contribute to greater demand for such products.

Organizational Structure

Cambium Learning Group, Inc. (NASDAQ: ABCD) was incorporated under the laws of Delaware in June 2009. On December 8, 2009, we completed the mergers of VLCY and VSS-Cambium Holdings II Corp. (Cambium Holdings) into two of our wholly owned subsidiaries, as contemplated by the Agreement and Plan of Mergers, dated as of June 20, 2009, as amended, among us, VLCY, Vowel Acquisition Corp., our wholly-owned subsidiary, Cambium Holdings, a wholly-owned subsidiary of VSS-Cambium Holdings III, LLC, Consonant Acquisition Corp., our wholly owned subsidiary, and Vowel Representative, LLC, solely in its capacity as stockholders representative. In this prospectus we refer to this Agreement and Plan of Mergers, as amended, as the Merger Agreement. Pursuant to the Merger Agreement, we acquired all of the common stock of each of Cambium Holdings and VLCY through the merger of Consonant Acquisition Corp. with and into Cambium Holdings, with Cambium Holdings continuing as the surviving corporation (the Cambium Merger), and the concurrent merger of Vowel Acquisition Corp. with and into VLCY, with VLCY continuing as the surviving corporation (the Voyager Merger and together with the Cambium Merger, the Mergers). As a result of the effectiveness of the Mergers, Cambium Holdings and VLCY became our wholly owned subsidiaries. Following the completion of the Mergers, all of the outstanding capital stock of VLCY s operating subsidiaries, Voyager Expanded Learning, Inc. (VEL) and LAZEL, Inc., were transferred to CLI. Effective December 31, 2010, we completed an internal reorganization pursuant to which we consolidated certain of our operating subsidiaries. Specifically, we merged VEL and Cambium Learning (New York), Inc. into Sopris West Educational Services, Inc. and renamed this entity Cambium Education, Inc. We also merged Intellitools, Inc. into Kurzweil Educational Systems, Inc. and renamed this entity Kurzweil/Intellitools, Inc.

RISK FACTORS

You should carefully consider the following risk factors and the risk factors set forth in Item 1A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, which is incorporated herein by reference, as well as all other information contained or incorporated by reference in this prospectus before participating in the exchange offer.

Risks Related to Ownership of our Common Stock

Shares eligible for future sale may adversely affect the market price of our common stock, as the future sale of a substantial amount of outstanding stock in the public marketplace could reduce the price of our common stock and dilute the percentage of ownership of our stockholders.

The market price of our common stock could decline as a result of sales of a large number of shares of common stock in the market after this offering, or the perception that such sales could occur. These sales, or the possibility that these sales may occur, also might make it more difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate. As of the date of this prospectus, we had approximately 43,903,760 shares of common stock outstanding. VSS-Cambium Holdings III, LLC, the selling stockholder in this offering, owns 24,338,024 shares of our common stock and also holds a warrant that is currently exercisable for up to 596,668 shares of our common stock and may become exercisable for more shares in the future. Moreover, the selling stockholder has a contractual right to purchase up to an additional 7,500,000 shares of common stock. If the selling stockholder decides to sell its shares of common stock being registered in this offering, exercise its right to purchase shares of our common stock or exercise its warrant, it could result in a reduction to the price of our common stock.

USE OF PROCEEDS

We will not receive any of the proceeds from any future sales of shares of our common stock by the selling security holders pursuant to this prospectus. However, we will receive gross proceeds of up to approximately \$5,967 from the issuance of the shares of common stock being registered pursuant to the registration statement of which this prospectus forms a part in connection with the exercise of the warrants, if and when they are exercised, unless certain of such warrants are exercised on a cashless basis.

SELLING SECURITY HOLDERS

The following table provides, as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by the selling stockholder, including:

- the number of shares owned by the stockholder prior to this offering;
- the percentage owned by the stockholder prior to completion of the offering;
- the total number of shares that are to be offered for the stockholder;
- the total number of shares that will be owned by the selling stockholder upon completion of the offering; and
- the percentage owned by the selling stockholder upon completion of the offering.

On December 8, 2009, we closed the merger of our wholly owned subsidiary, Consonant Acquisition Corp. with and into VSS-Cambium Holdings II Corp. and Vowel Acquisition Corp. into Voyager Learning Company. As a result of the mergers (1) VSS-Cambium Holdings II Corp. became our wholly-owned subsidiary and VSS-Cambium Holdings III, LLC, the sole stockholder of VSS-Cambium Holdings II Corp. was issued 20,491,870 shares of our common stock in exchange for all of the issued and outstanding capital stock of VSS-Cambium Holdings II Corp. and (ii) Voyager Learning Company became our wholly-owned subsidiary and the stockholders of Voyager Learning Company elected to receive either \$6.50 in cash or one share of our common stock. The shares of our common stock issued to the former stockholders of Voyager Learning Company were previously registered. Immediately prior to the consummation of the merger, VSS-Cambium Holdings III, LLC contributed \$25,000,000 to us in exchange for 3,846,154 shares of our common stock. Additionally, in connection with the transactions contemplated by the mergers, VSS-Cambium Holdings III, LLC was issued a warrant which is currently exercisable for 596,668 shares of our common stock and the right to purchase up to 7,500,000 shares of our common stock pursuant to a stockholders agreement.

exercise of VSS-Cambium Holdings III, LLC's option to purchase additional shares except that in computing the number of shares beneficially owned by a person and the percentage of ownership of that person, shares of common stock subject to the warrants or other options or rights held by that person that are currently exercisable or become exercisable within 60 days of the date of this prospectus are deemed outstanding even if they have not actually been exercised. Those shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

- (2) Represents the amount of shares that will be held by the selling stockholder after completion of this offering based on the assumption that all shares registered for sale hereby will be sold. However, the selling stockholders may offer all, some or none of the shares pursuant to this prospectus, and to our knowledge there are currently no agreements, arrangements or understandings with respect to the sale of any of the shares that may be held by the selling stockholders after completion of this offering.
- (3) VSS-Cambium Holdings III, LLC is the owner of approximately 55% of our outstanding common stock. Jeffrey Stevenson and Scott Troeller, each a member of our board of directors, are partners of VSS and managers of VSS-Cambium Holdings III, LLC. In addition to the right to purchase up to 7,500,000 shares described above, VSS-Cambium Holdings III, LLC has certain additional rights. PLAN OF DISTRIBUTION

We are registering the shares of common stock previously issued to permit the resale of these shares of common stock by the holders of the common stock from time to time after the date of this prospectus.

The selling stockholder may sell all or a portion of the shares of common stock beneficially owned by it and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If the shares of common stock are sold through underwriters or broker-dealers, the selling stockholder will be responsible for underwriting discounts or commissions or agent's commissions. The shares of common stock may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions,

on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;

in the over-the-counter market;

in transactions otherwise than on these exchanges or systems or in the over-the-counter market;

through the writing of options, whether such options are listed on an options exchange or otherwise;

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

short sales;

sales pursuant to Rule 144;

broker-dealers may agree with the selling securityholders to sell a specified number of such shares at a stipulated price per share;

a combination of any such methods of sale; and

any other method permitted pursuant to applicable law.

If the selling stockholder affects such transactions by selling shares of common stock to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling stockholder or commissions from purchasers of the shares of common stock for whom they may act as agent or to whom they may sell as principal (which discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved). In connection with sales of the shares of common stock or otherwise, the selling stockholder may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the shares of common stock in the course of hedging in positions they assume. The selling stockholder may also sell shares of common stock short and deliver shares of common stock covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling stockholder may also loan or pledge shares of common stock to broker-dealers that in turn may sell such shares.

The selling stockholder may pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933, as amended, amending, if necessary, the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholder under this prospectus. The selling stockholder also may transfer and donate the shares of common stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling stockholder and any broker-dealer participating in the distribution of the shares of common stock may be deemed to be underwriters within the meaning of the Securities Act, and any commission paid, or any discounts or concessions allowed to, any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act. At the time a particular offering of the shares of common stock is made, a prospectus supplement, if required, will be distributed which will set forth the aggregate amount of shares of common stock being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from the selling stockholder and any discounts, commissions or concessions allowed or re-allowed or paid to broker-dealers.

Under the securities laws of some states, the shares of common stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of common stock may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

There can be no assurance that the selling stockholder will sell any or all of the shares of common stock registered pursuant to the resale registration statement, of which this prospectus forms a part.

The selling stockholder and any other person participating in such distribution will be subject to applicable provisions of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder, including, without limitation, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of common stock by the selling stockholder and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the shares of common stock to engage in market-making activities with respect to the shares of common stock. All of the foregoing may affect the marketability of the shares of common

stock and the ability of any person or entity to engage in market-making activities with respect to the shares of common stock.

We will pay all expenses of the registration of the shares of common stock, including, without limitation, Securities and Exchange Commission filing fees and expenses of compliance with state securities or "blue sky" laws; provided, however, that the selling stockholder will pay all underwriting discounts and selling

commissions, if any. We will indemnify the selling stockholder against liabilities, including liabilities under the Securities Act.

Once sold under the resale registration statement, of which this prospectus forms a part, the shares of common stock will be freely tradable in the hands of persons other than our affiliates.

Item 15. *Indemnification of Directors and Officers.*

Pursuant to the Delaware General Corporation Law (the "DGCL"), a corporation may indemnify any person in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than a derivative action by or in the right of such corporation) who is or was a director, officer, employee or agent of such corporation, or serving at the request of such corporation in such capacity for another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action, suit or proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of such corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

The DGCL also permits indemnification by a corporation under similar circumstances for expenses (including attorneys' fees) actually and reasonably incurred by such persons in connection with the defense or settlement of a derivative action or suit, except that no indemnification may be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to such corporation unless the Delaware Court of Chancery (or the court in which such action or suit was brought) shall determine upon application that such person is fairly and reasonably entitled to indemnity for such expenses that such court may deem proper.

To the extent a director, officer, employee or agent is successful in the defense of such an action, suit or proceeding, the corporation is required by the DGCL to indemnify such person for actual and reasonable expenses incurred thereby. Expenses (including attorneys' fees) incurred by such persons in defending any action, suit or proceeding may be paid in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such person to repay such amount if it is ultimately determined that such person is not entitled to be so indemnified.

The DGCL provides that the indemnification described above shall not be deemed exclusive of other indemnification that may be granted by a corporation pursuant to its bylaws, disinterested directors' vote, stockholders' vote, agreement or otherwise. The DGCL also provides corporations with the power to purchase and maintain insurance on behalf of

any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation in a similar capacity for another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him or her in any such capacity, or arising out of his or her status as such, whether or not the corporation would have the power to indemnify him or her against such liability as described above.

The registrant's certificate of incorporation provides that a director of the registrant shall not be personally liable to the registrant or its stockholders for monetary damages for breach of fiduciary duty as a director,

II-1

Table of Contents

except, if required by the DGCL, for liability (1) for any breach of the director's duty of loyalty to the corporation or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) under Section 174 of the DCGL, or (4) for any transaction from which the director derived an improper personal benefit. Neither the amendment nor repeal of such provision shall eliminate or reduce the effect of such provision in respect of any matter occurring, or any cause of action, suit or claim that, but for such provision, would accrue or arise prior to such amendment or repeal.

While the registrant's certificate of incorporation provides directors with protection from awards for monetary damages for breach of their duty of care, it does not eliminate such duty. Accordingly, the registrant's certificate of incorporation will have no effect on the availability of equitable remedies such as an injunction or rescission based on a director's breach of his or her duty of care.

The registrant's certificate of incorporation provides that each person who was or is made a party to or is threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter, a "proceeding"), by reason of the fact that such person, or a person of whom such person is the legal representative, is or was a director or officer of the registrant or is or was serving at the request of the registrant as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the registrant to the fullest extent authorized by the DGCL, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the registrant to provide broader indemnification rights than said law permitted the registrant to provide prior to such amendment), against all expense, liability and loss reasonably incurred or suffered by such person in connection therewith. Such right to indemnification includes the right to have the registrant pay the expenses incurred in defending any such proceeding in advance of its final disposition, subject to the provisions of the DGCL. Such rights are not exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the registrant's certificate of incorporation or bylaws, agreement, vote of stockholders or disinterested directors or otherwise. No repeal or modification of such provision will in any way diminish or adversely affect the rights of any director, officer, employee or agent of the registrant thereunder in respect of any occurrence or matter arising prior to any such repeal or modification.

The registrant's certificate of incorporation also specifically authorizes the registrant to maintain insurance and to grant similar indemnification rights to employees or agents of the registrant. The directors and officers of the registrant are covered by insurance policies indemnifying them against certain liabilities, including certain liabilities arising under the Securities Act of 1933, which might be incurred by them in such capacities.

Item 17. *Undertakings.*

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- a. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- b. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration

statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

c. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (1)(a), (1)(b) and (1)(c) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is relying on Rule 430B,

a. Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

b. Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

(5) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such

securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(6) To deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation S-X is not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to existing provisions or arrangements whereby the registrant may indemnify a director, officer or controlling person of the registrant against liabilities arising under the Securities Act of 1933, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
