**Item 2.01 Completion of Acquisition or Disposition of Assets**

On November 7, 2006, The Greenbrier Companies, Inc. (the Company) and its subsidiary, Gunderson Rail Services LLC (Gunderson), completed the previously announced acquisition of all of the outstanding shares of Meridian Rail Holdings Corp., a Delaware corporation (Meridian), from the shareholders of Meridian, including Olympus Growth Fund IV, L.P., which is acting as the seller representative on behalf of the other sellers parties thereto. The purchase price was \$227,500,000 cash plus working capital adjustments. The purchase price for the shares of Meridian was negotiated among the principals of Olympus and the Company. No specific formula or principle was followed in determining the amount of such consideration.

Gunderson and Meridian previously operated under an agreement entered into in 1999 to provide certain parts and services to a mutual customer.

**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

On November 7, 2006, the Company and its wholly-owned subsidiary, TrentonWorks Limited, a Nova Scotia Company, entered into an Amended and Restated Credit Agreement (the Credit Agreement) among the Company, TrentonWorks Limited, Bank of America, N.A. as U.S. Administrative Agent, Bank of America, N.A. through its Canada branch as Canadian Administrative Agent, and the other lenders party thereto. The Credit Agreement provides for a secured \$300 million revolving credit facility with a term of five years, consisting of a US\$290 million five-year revolving credit facility for the Company and a US\$10 million five-year revolving credit facility for TrentonWorks Limited. Advances bear interest at rates that depend on the type of borrowing and the ratio of debt to total capitalization, as defined. The credit facility amends and replaces the credit facilities previously in place for TrentonWorks Limited and the Company. The Company used a portion of the credit facility to pay a portion of the purchase price for the acquisition of Meridian Rail Holdings Corp. and intends to use the remaining credit facility for working capital and general corporate purposes including other potential acquisitions.

In connection with the Credit Agreement, all material U.S. subsidiaries of the Company named therein entered into security agreements under which the subsidiaries guaranteed the obligations of the Company under the Credit Agreement and granted the lenders security interests in the collateral securing their obligations under the Credit Agreement and related guarantees. The Company also guaranteed the obligations of TrentonWorks Limited under the credit facility.

Advances under the credit facility are limited by a borrowing base formula consisting of a percentage of eligible assets. The U.S. Borrowing Base is comprised of domestic assets including inventory, receivables, leasing assets and property, plant and equipment. The Canadian Borrowing Base is comprised of Canadian assets, and any domestic assets which are not required under the U.S. Borrowing Base, including inventory, receivables, leasing assets and property, plant and equipment.

The Credit Agreement contains affirmative and negative covenants customary for such financings, including limitations on, among other things, the Company paying cash dividends, repurchasing its common stock except under certain circumstances and entering

into certain transactions without the lenders' prior consent. In addition, the Credit Agreement contains financial covenants, including interest coverage ratio and debt to capitalization ratio covenants.

The Credit Agreement contains events of default, including, but not limited to, nonpayment of principal, interest, fees or other amounts when due; violation of covenants; cross acceleration and cross default; change of control; bankruptcy events; material judgments; and actual or asserted invalidity of the guarantees or security documents. Some of these events of default allow for grace periods and materiality concepts.

The information set forth in this Item 2.03 will not be deemed an admission as to the materiality of any information set forth herein. The foregoing description of the Credit Agreement is a general description only and is qualified in its entirety by reference to the Credit Agreement, a copy of which is attached hereto as Exhibit 10.1.
