(601) 442-1601

ANNUAL MEETING OF SHAREHOLDERS
THURSDAY, MAY 6, 2004

SOLICITATION AND REVOCABILITY OF PROXIES

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Callon Petroleum Company, a Delaware corporation (the **Company**), from holders (**Shareholders**) of the common stock, \$.01 par value per share (**Common Stock**), of the Company for use at the Annual Meeting of Shareholders of the Company to be held on Thursday, May 6, 2004, at 9:00 a.m., in the St. Louis Room of the Natchez Convention Center, 211 Main Street, Natchez, Mississippi 39120, and at any adjournment or adjournments thereof (such meeting or adjournment thereof is referred to herein as the **Annual Meeting**), for the purpose of considering and voting upon the matters set forth in the accompanying Notice of Annual Meeting of Shareholders (**Notice**).

A proxy in the form accompanying this Proxy Statement (each a **Proxy**), when properly executed and returned, will be voted in accordance with the directions specified on the Proxy, and otherwise in accordance with the judgment of the persons designated therein as proxies. Any Proxy which does not withhold authority to vote or on which no other instructions are given will be voted for the election of the nominees named herein to the Board of Directors and in favor of the other proposals set forth in the Notice. Any Proxy may be revoked at any time before it is exercised by delivering, to the Secretary of the Company, written notice of revocation or a duly executed Proxy bearing a later date, or by voting in person at the Annual Meeting.

This Proxy Statement and the accompanying Notice and form of Proxy are being mailed to Shareholders on or about April 16, 2004. The Annual Report for the Company's fiscal year ended December 31, 2003 is also being mailed to Shareholders contemporaneously with this Proxy Statement, although the Annual Report does not form a part of the material for the solicitation of Proxies.

Proxies will be solicited primarily by mail, but employees of the Company may also solicit Proxies in person or by telephone. Arrangements may be made with brokerage firms or other custodians, nominees, and fiduciaries to send proxy materials to the beneficial owners of the Common Stock of the Company. All costs incurred in the solicitation of Proxies will be borne by the Company.

Matters to be Considered at the Annual Meeting

Unless otherwise indicated, Proxies in the form enclosed that are properly executed, duly returned, and not revoked will be voted in favor of (1) the election of the three Class I director nominees to the Board of Directors named herein, and (2) the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2004.

The Board of Directors is not presently aware of other proposals that may be brought before the Annual Meeting. In the event other proposals are brought before the Annual Meeting, the persons named in the enclosed Proxy will vote in accordance with what they consider to be in the best interests of the Company and its Shareholders.

Table of Contents

VOTING REQUIREMENTS

The Board of Directors has fixed the close of business on March 26, 2004 as the record date (the Record Date) for the determination of Shareholders entitled to notice of, and to vote at, the Annual Meeting. A complete list of all Shareholders entitled to vote at the Annual Meeting will be open for examination by any Shareholder during normal business hours for a period of ten days prior to the Annual Meeting at the offices of the Company, 200 North Canal Street, Natchez, Mississippi 39120. Such list will also be available at the Annual Meeting and may be inspected by any Shareholder who is present. On the Record Date, the Company's outstanding voting securities consisted of 13,970,560 shares of Common Stock. Holders of Common Stock will be entitled to one vote per share of Common Stock held of record on the Record Date for each proposal to be presented at the Annual Meeting.

QUORUM AND OTHER MATTERS

The holders of a majority of the total shares of Common Stock issued and outstanding on the Record Date, whether present in person or represented by Proxy, will constitute a quorum for the transaction of business at the Annual Meeting. For purposes of determining whether a quorum is present under Delaware law, broker non-votes and abstentions count towards the establishment of a quorum. The election of directors requires the favorable vote of the holders of a plurality of shares of Common Stock present and voting, in person or by Proxy, at the Annual Meeting. Abstentions and broker non-votes have no effect on determinations of plurality except to the extent that they affect the total votes received by any particular candidate. A majority of the votes represented by the Shareholders present at the Annual Meeting, in person or by proxy, is necessary for ratification of the appointment of the Company's independent auditors. Abstaining shares will be considered present at the Annual Meeting for this matter so that the effect of abstentions will be the equivalent of a no vote. With respect to broker non-votes, the shares will not be considered present at the Annual Meeting for this matter so that broker non-votes will have the practical effect of reducing the number of affirmative votes required to achieve a majority vote by reducing the total number of shares from which the majority is calculated.

PROPOSAL I

ELECTION OF DIRECTORS

Nominees

The Company's Certificate of Incorporation provides for a classified Board of Directors. The Board of Directors is divided into three classes of nearly equal size, designated as Class I (currently with three directors), Class II (currently with three directors) and Class III (currently with one director). One class of directors is elected at each annual meeting of Shareholders to serve for a three-year term.

The terms of the three Class I directors, Messrs. Robert A. Stanger, John C. Wallace and Richard O. Wilson, will expire on the date of the Annual Meeting. Messrs. Robert A. Stanger, John C. Wallace and Richard O. Wilson (the Nominees) have been nominated to serve as Class I directors until the 2007 Annual Meeting and until their respective successors have been duly elected and qualified. Each of the Nominees was nominated by the Board of Directors.

It is intended that all shares of Common Stock represented by the Proxies will be voted for the election of the Nominees, except where authority to vote in the election of directors has been withheld. Should the Nominees become unable or unwilling to serve as directors at the time of the Annual Meeting, the person or persons exercising the Proxies will vote for the election of substitute Nominees designated by the Board of Directors, or the Board of Directors may choose to reduce the number of members of the Board of Directors to be elected at the Annual Meeting in order to eliminate the vacancy. The Nominees have consented to be nominated and have expressed their intention to serve if elected. The Board of Directors has no reason to believe that the Nominees will be unable or unwilling to serve if elected. Only the Nominees or substitute Nominees designated by the Board of Directors will be eligible to stand for election as directors at the Annual Meeting. See Shareholders' Proposals for 2005 Annual Meeting.

Information Concerning the Operation of the Board of Directors

The business of the Company is managed under the direction of the Board of Directors. The Board of Directors meets on a quarterly basis to review significant developments affecting the Company and to act on matters requiring Board approval. The Board of Directors may also hold special meetings when an important matter requires Board action between regularly scheduled meetings. Each non-employee director receives an annual fee of \$10,000 for service on the Board of Directors and is reimbursed for out-of-pocket expenses incurred to attend the Board meetings. In addition, each non-employee director receives \$2,000 for each meeting of the Board attended in person and \$1,000 for his participation in each telephonic Board meeting. On the date he or she is initially elected or appointed to the Board, each non-employee director receives an automatic grant of an option to purchase 5,000 shares of Common

Stock for an exercise price equal to the fair market price on the date of grant and for a ten-year term. Thereafter, for each subsequent year in which the non-employee director serves as a director, he or she is automatically granted an option to purchase an additional 5,000 shares on the same terms.

The closing price of the Company's Common Stock on the New York Stock Exchange was \$3.72 per share on August 27, 2002.

During 2003, the Board of Directors of the Company met formally four times and executed 13 Unanimous Written Consents. All of the Company's directors attended more than 75% of the aggregate of the total number of board meetings and meetings of committees of which he is a member.

Code of Business Conduct and Ethics. In March 2004, the Board adopted a Code of Business Conduct and Ethics which applies to all directors, officers and employees of the Company. The Board has not granted any waivers to the Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics is accessible on the Company's website <http://www.callon.com>. Any amendments to or waivers of the Code of Business Conduct Ethics will also be posted on the Company's website.

Communication with the Board of Directors. In order to provide the Company's shareholders and other interested parties with a direct and open line of communication to the Board of Directors, the Board of Directors has adopted the following procedures for communications to directors. Callon shareholders and other interested persons may communicate with the Chairman of the Company's Audit Committee or with the non-management directors of the Company as a group by written communications addressed in care of Robert A. Mayfield, Corporate Secretary, Callon Petroleum Company, 200 North Canal Street, Natchez, MS 39120.

All communications received in accordance with these procedures will be reviewed initially by senior management of the Company. Senior management will relay all such communications to the appropriate director or directors unless it is determined that the communication (a) does not relate to the business or affairs of the Company or the functioning or constitution of the Board of Directors or any of its committees; (b) related to routine or insignificant matters that do not warrant the attention of the Board of Directors; (c) is an advertisement or other commercial solicitation or communication; (d) is frivolous or offensive; or (e) is otherwise not appropriate for delivery to directors.

The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors or one or more of its committees and whether any response to the person sending the communication is appropriate. Any such response will be made only in accordance with applicable law and regulations relating to the disclosure of information.

The Corporate Secretary will retain copies of all communications received pursuant to these procedures for a period of at least one year. The Board of Directors will review the effectiveness of these procedures from time to time and, if appropriate, recommend changes.

Attendance at Annual Meeting of Shareholders. It is the policy of the Board that, to the extent possible, all directors attend the annual meeting of shareholders. All directors attended the 2003 annual meeting of shareholders.

Board Committees. In order to facilitate the various functions of the Board of Directors, the Board of Directors has created an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Committee members are not remunerated in addition to their annual Board retainer.

Audit Committee. The purpose of the Audit Committee is to oversee (i) the integrity of the Company's financial statements and disclosures, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualifications, independence and performance of the Company's independent auditors, (iv) the performance of the

Company's internal audit function and independent auditors, (v) the Company's internal control systems, and (vi) the Company's procedures for monitoring compliance with the Company's Code of Business Conduct and Ethics.

The principal function of the Audit Committee is to assist the Board of Directors in the areas of financial reporting and accounting integrity. As such, it meets periodically with the independent auditors and management, including each in executive session. Management is solely responsible for the financial statements and the financial reporting process, including the system of internal controls, and has represented to the Audit Committee and the Board of Directors that the financial statements discussed below were prepared in accordance with accounting principles generally accepted in the United States of

Table of Contents

America appropriate in the circumstances and necessarily include some amounts based on management's estimates and judgments. The Company's independent auditors, Ernst & Young LLP (E&Y), are responsible for expressing an opinion on the conformity of these financial statements, in all material respects, with accounting principles generally accepted in the United States of America.

The Audit Committee's Charter provides that the Company's independent auditor may provide only those services pre-approved by the Audit Committee. The Audit Committee annually reviews and pre-approves the audit, review, attest and permitted non-audit services to be provided during the next audit cycle by the independent auditor. To the extent practicable, at the same meeting the Audit Committee also reviews and approves a budget for each of such services.

Services proposed to be provided by the independent auditor that have not been pre-approved during the annual review and the fees for such proposed services must be pre-approved by the Audit Committee. Additionally, fees for previously approved services that are expected to exceed the previously approved budget must also be approved by the Audit Committee.

All requests or applications for the independent auditor to provide services to the Company must be submitted to the Audit Committee by the independent auditor and management and state as to whether, in their view, the request or application is consistent with applicable laws, rules and regulations relating to auditor independence. In the event that any member of management or the independent auditor becomes aware that any services are being, or have been, provided by the independent auditor to the Company without the requisite pre-approval, such individual must immediately notify the Chief Financial Officer, who must promptly notify the Chairman of the Audit Committee and appropriate management so that prompt action may be taken to the extent deemed necessary or advisable.

The Audit Committee may delegate to a member(s), the authority to grant specific pre-approvals under its policy with respect to audit, review, attest and permitted non-audit services, provided that any such grant of pre-approval shall be reported to the full Audit Committee no later than its next scheduled meeting.

This Committee is comprised of Messrs. Stanger (Chairman), Wilson and Wallace. The Board of Directors has affirmatively determined that each of the members is financially literate and is an independent director for purposes of New York Stock Exchange rules applicable to members of the audit committee, meaning that the director has no relationship to the Company that may interfere with the exercise of their independence from management and the Company (an Independent Director). The Board of Directors believes that all three members of the Audit Committee currently possess the financial expertise necessary for the Audit Committee to properly fulfill its purposes. Additionally, the Board of Directors has determined that Mr. Wallace has the accounting or financial management expertise to be considered a financial expert as defined and required by the New York Stock Exchange's rules and by the Securities Act of 1934. An audit committee financial expert is a person who has (i) an understanding of generally accepted accounting principles and financial statements, (ii) the ability to assess the general application of said principles in connection with the accounting for estimates, accruals and reserves, (iii) experience preparing, auditing, analyzing or evaluating financial statements of comparable breadth and complexity to Callon's financial statements, and (iv) an understanding of internal controls and procedures. The Audit Committee has sole responsibility for retaining, dismissing and compensating the Company's independent auditors. The Board of Directors adopted an Audit Committee Charter in 2000 and revised the Charter in 2004 to meet the updated requirements of the SEC and the NYSE. The Audit Committee's report on its activities during 2003 and 2004 appear later in this proxy statement under the caption Audit Committee Report.

The Audit Committee held six meetings and executed two Unanimous Written Consents during 2003. All members of the Audit Committee attended the meetings. The Audit Committee Charter is available on the Company's website at <http://www.callon.com>.

Compensation Committee. The purpose of the Compensation Committee is to (i) assist the Board of Directors in the discharge of its fiduciary responsibilities relating to the fair and competitive compensation of the Company's Chief Executive Officer ("CEO") and other executives and (ii) prepare an annual report on executive compensation for inclusion in the Company's proxy statement for the annual meeting of shareholders. The Committee administers the Company's incentive compensation and stock option and other equity based plans in which the CEO and other executive officers may be participants and recommends to the Board amendments to such plans or adoption of new plans. In connection with administering such plans, the Committee shall have the authority to (i) approve option guidelines and the general size of overall grants, (ii) make grants, (iii) interpret the plans, (iv) determine the rules and regulations relating to the plans, (v) modify or cancel existing grants and substitute new grants (with the consent of grantees), (vi) designate employees eligible to participate in the plans, and

(vii) impose such limitations, restrictions and conditions upon any award as the Committee deems appropriate and as permitted under the applicable plan. The Committee annually reviews and establishes the base salary, incentive compensation, deferred compensation, stock options, performance units and other equity based awards for the CEO and makes recommendations to the Board with respect to compensation of the Company's other executive officers. With the exception of B.F. Weatherly, each member of the Committee meets the independence requirements of the New York Stock Exchange and applicable federal securities laws. Therefore, effective April 12, 2004, Mr. B.F. Weatherly resigns from the Compensation Committee. Remaining members are Messrs. Robert A. Stanger, John C. Wallace and Richard O. Wilson. The Compensation Committee held four meetings during 2003. All members of the Compensation Committee attended all meetings. The Compensation Committee Charter is available on the Company's website at <http://www.callon.com>.

Nominating and Corporate Governance Committee. The purpose of the Committee is to (i) identify and recommend to the Board individuals qualified to be nominated for election to the Board, (ii) recommend to the Board the members and Chairperson for each Board committee, (iii) periodically review and assess the Company's Corporate Governance Principles and the Company's Code of Business Conduct and Ethics and make recommendations for changes thereto to the Board and (iv) oversee the annual self-evaluation of the performance of the Board and the annual evaluation of the Company's management. Each member of the Committee meets the independence requirements of the New York Stock Exchange and applicable federal securities laws. The Committee was formed in April 2004. Members are Messrs. Wallace, Wilson, and Stanger. Prior to the formation of this Committee, the entire Board of Directors performed these functions. The Nominating and Corporate Governance Committee Charter is available on the Company's website at <http://www.callon.com>.

The Nominating and Corporate Governance Committee has established certain criteria it considers as guidelines in considering nominations to the Company's Board of Directors. The criteria include: (a) personal characteristics, including such matters as integrity, age, education, diversity of background and experience, absence of potential conflicts of interest with the Company or its operations, and the availability and willingness to devote sufficient time to the duties of a director of the Company; (b) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (c) experience in the Company's industry and with relevant social policy concerns; (d) experience as a board member of another publicly held company; (e) academic expertise in an area of the Company's operations; and (f) practical and mature business judgment. The criteria are not exhaustive and the Nominating and Corporate Governance Committee and the Board of Directors may consider other qualifications and attributes which they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. The Nominating and Corporate Governance Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In doing so, the Nominating and Corporate Governance Committee also considers candidates with appropriate non-business backgrounds.

The Board of Directors believes that, based on the Nominating and Corporate Governance Committee's knowledge of the Company's corporate governance principles and the needs and qualifications of the Board at any given time, the Nominating and Corporate Governance Committee is best equipped to select nominees that will result in a well-qualified and well-rounded board of directors. Accordingly, it is the policy of the Nominating and Corporate Governance Committee not to accept unsolicited nominations from shareholders. In making its nominations, the Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue their service. Current members with qualifications and skills that are consistent with the committee's criteria for Board service are re-nominated. As to new candidates, the committee will generally poll the Board members and members of management for recommendations. The committee may also review the composition and qualification of the boards of directors of the Company's competitors, and may seek input from industry experts or analysts. The committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the independent directors and executive management. In making its determinations, the committee

evaluates each individual in the context of the Board as whole, with the objective of assembling a group that can best represent shareholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the committee makes its recommendation to the Board of Directors. The committee may in the future choose to engage third-party search firms in situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

Corporate Governance Principles. In 2004, the Company and the Board adopted the Corporate Governance Principles (the "Principles") to assist the Board of Directors (the "Board") in the exercise of its responsibilities. These guidelines will be interpreted in the context of all applicable laws and the

Table of Contents

Company's Certificate of Incorporation, Bylaws and other corporate governance documents. The Principles are intended to serve as a flexible framework within which the Board may conduct its business and not as a set of legally binding obligations. The Company's Corporate Governance Principles is available on the Company's website at <http://www.callon.com>.

A copy of the Audit Committee Charter, as revised, is attached as Appendix A, and is available on the Company's website at <http://www.callon.com>. The principal changes, which enumerate details of the responsibilities of the Audit Committee as required by the listing standards, were:

All of the services provided by the Company's independent auditors during 2002 and 2003 were pre-approved by the Audit Committee.

Approval of Company's Annual Report on Form 10-K. Acting pursuant to its Charter, the Audit Committee reviewed the Company's audited financial statements at, and for the year ended, December 31, 2003 with management and the Company's independent auditors and recommended to the Company's Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K for 2003. Employment Agreements, Termination of Employment and Change-in-Control Arrangements

Severance Compensation Agreements. Effective January 1, 2002, the Company entered into Severance Compensation Agreements (the "Agreements") with Fred L. Callon, Dennis W. Christian and John S. Weatherly providing for certain benefits to each of them in the event that a change of control occurs during the three-year period after the execution of such Agreements. Mr. Christian's Agreement was terminated pursuant to the Christian Retirement Agreement described below. Each Agreement is for a three-year term and is automatically extended for successive one-year periods unless either the Company or the executive notifies the other party prior to such renewal that it has elected to terminate the Agreement; provided that the term of each Agreement shall be until the later of two

years following the date of a change of control and the satisfaction of all obligations of the Company under the Agreement. The Agreements terminate upon each executive's death, disability termination for cause or voluntary resignation other than for good reason.

Pursuant to the Agreements, if either Messrs. Callon or Weatherly's employment with the Company is terminated without cause by the Company or for good reason by the executive within two years following a change of control by the Company, the executive is entitled to a single lump-sum cash payment in an

Table of Contents

amount equal to three times the sum of (a) the annual base salary of such executive in effect prior to such termination, and (b) the higher of the average bonus earned by the executive during the three preceding years or the target bonus that the executive is eligible to receive during the year of termination. If Messrs. Callon or Weatherly's employment is terminated as a result of their death or disability, the Company is only required to make such payments if the termination occurred within six months of a change of control. Good reason is generally defined in the Agreements as a change in the executive's compensation, benefits, position, responsibilities, or location.

The Agreements also provide that, upon a change of control, all stock options, restricted stock, stock appreciation rights and other similar rights held by Messrs. Callon or Weatherly shall automatically become fully exercisable notwithstanding any vesting or exercisability provisions.

If any payment to either Messrs. Callon or Weatherly would be subject to any excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, a gross-up payment will be made to place such executive in the same net after-tax position as would have been the case if no excise tax had been payable.

Consulting Agreement. The Company entered into a consulting agreement with John S. Callon, effective as of January 2, 1997, the day he retired as Chief Executive Officer of the Company. The agreement was amended on February 18, 1999. Pursuant to the agreement, John S. Callon provided consulting services to the Company on matters pertaining to corporate or financial strategy, investor relations and public/private financing opportunities. The agreement remained in effect from the effective date until December 31, 2001, subject to renewal for succeeding five-year periods unless earlier terminated. As compensation for his services under the agreement, John S. Callon was paid a fee of not less than \$190,000 per year increased annually based upon the change in the Consumer Price Index, as adjusted for inflation. In addition, he will remain eligible to participate in the Company's major medical and disability coverage, and will be entitled to participate in all other employee benefit plans (other than a cash bonus program) provided to full-time executives of the Company. As an inducement for entering into the agreement, John S. Callon was granted 25,000 restricted shares of Common Stock, 20% of which were to vest on each of the first five anniversaries following the effective date of the agreement. On February 18, 1999, the Board of Directors approved the Compensation Committee's recommendation that all unvested restricted shares be vested as of such date.

On January 1, 2002, the Company and Mr. Callon agreed to terminate the consulting agreement upon the successful financing or refinancing of \$45 million of the Company's indebtedness. In July 2002, these conditions were met and a \$1.5 million, adjusted for inflation, termination payment was paid. The Company remains obligated to continue to provide medical and disability coverage to Mr. Callon and his spouse.

Change in Control. Pursuant to the Callon Petroleum Company 1994 Stock Incentive Plan (the 1994 Plan), the Callon Petroleum Company 1996 Stock Incentive Plan (the 1996 Plan), and the Callon Petroleum Company 2002 Stock Incentive Plan (the 2002 Plan), in the case of a merger or consolidation where the Company is not the surviving entity, or if the Company is about to sell or otherwise dispose of substantially all of its assets while unvested options remain outstanding, the Compensation Committee or other plan administrator may, in its discretion and without Shareholder approval, declare some or all options exercisable in full before or simultaneously with such merger, consolidation or sale of assets without regard for prescribed waiting periods. Alternatively, the Compensation Committee or other plan administrator may cancel all outstanding options provided option holders are given notice and a period of 30 days prior to the merger, consolidation or sale to exercise the options in full.

Retirement Package and Release Agreements. Effective March 9, 2004 the Company and all of its subsidiaries and affiliates entered into the Christian Retirement Agreement and the Tilley Retirement Agreement.

In accordance with the Christian Retirement Agreement, Mr. Christian resigned as an officer, employee and a director of the Company and all of its subsidiaries and affiliates. The Christian Retirement Agreement provided for an

initial cash payment of \$1,350,000, less applicable federal and state income taxes, to be paid to Mr. Christian following the execution of the Christian Retirement Agreement and an additional final cash payment of \$150,000, plus an amount equal to 6% per annum interest thereon from March 9, 2004 to March 9, 2005, and less applicable federal and state income taxes, to be placed in escrow to be released to Mr. Christian on March 9, 2005. The Christian Retirement Agreement also provided that Mr. Christian would also deliver into escrow, original copies of all option agreements following the initial cash payment.

Table of Contents

In accordance with the Tilley Retirement Agreement, Ms. Tilley resigned as an officer and employee of the Company and all of its subsidiaries and affiliates. The Tilley Retirement Agreement provided for an initial cash payment of \$900,000, less applicable federal and state income taxes, to be paid to Ms. Tilley following the execution of the Tilley Retirement Agreement and an additional final cash payment of \$100,000, plus an amount equal to 6% per annum interest thereon from March 9, 2004 to March 9, 2005, and less applicable federal and state income taxes, to be placed in escrow to be released to Ms. Tilley on March 9, 2005. The Tilley Retirement Agreement also provided that Ms. Tilley would also deliver into escrow, original copies of all option agreements following the initial cash payment.

Stock-Based Incentive Compensation Plans

The Company currently maintains three Common Stock-based incentive plans for its directors and employees: the 1994 Plan, the 1996 Plan, and the 2002 Plan. The Company in the past has used and will continue to use stock options, restricted stock, and performance share grants to attract and retain key directors and employees in the belief that stock ownership and stock related compensation devices encourage a continuity of interest between directors, employees and Shareholders. The Compensation Committee of the Board of Directors administers all three of the stock incentive plans. Members of the Compensation Committee currently are Messrs. B. F. Weatherly, as chairman; Stanger; Wallace; and Wilson.

1994 Plan. The 1994 Plan was adopted on June 30, 1994 and approved by the Company's sole shareholder on that date. Pursuant to the 1994 Plan, 600,000 shares of Common Stock were reserved for issuance upon the exercise of options or for grants of performance shares. No awards have been made under the 1994 Plan since 1999. During 2003, 11,000 options were forfeited and returned to the 1994 Plan. As of March 26, 2004, there were 11,370 shares of Common Stock available for grant under the 1994 Plan.

1996 Plan. On August 23, 1996, the Board of Directors of the Company approved and adopted the 1996 Plan and granted awards thereunder to various employees. The 1996 Plan was approved by the Shareholders of the Company on June 19, 1997. Pursuant to the 1996 Plan, 900,000 shares of Common Stock were reserved for issuance upon the exercise of options or for grants of performance shares. On August 20, 1998, the Board of Directors amended the 1996 Plan, as permitted pursuant to the terms of the 1996 Plan, to increase the number of shares of Common Stock reserved for issuance by 300,000 shares to 1,200,000 shares. On May 9, 2000, the Shareholders of the Company approved an increase in the available number of shares of Common Stock reserved for issuance under the 1996 Plan by 1,000,000 shares to 2,200,000 shares. During 2000, the Compensation Committee approved option grants for 788,000 shares to certain directors, officers and employees. Automatic option grants to non-employee directors during 2001 were 30,000 shares. In July 2002, the Compensation Committee approved option grants for 139,000 shares to certain directors, officers and employees and option grants totaling 120,000 shares were cancelled. Also in August 2002, the Compensation Committee approved grants of 168,000 shares of restricted stock to certain officers and employees. There were no awards of options or restricted stock in 2003. During 2003 and 2004, 59,911 shares were withheld to pay federal and state income taxes associated with option exercises and vesting of restricted stock and 68,000 options were cancelled, all of which were returned to the 1996 Plan. As of March 26, 2004, there were 154,034 shares of Common Stock available for grant under the 1996 Plan.

2002 Plan. On February 14, 2002, the Board of Directors of the Company approved and adopted the 2002 Plan. Pursuant to the 2002 Plan, 350,000 shares of Common Stock shall be reserved for issuance upon the exercise of options or for grants of stock options, stock appreciation rights or units, restricted stock, or performance shares or units. This Plan qualified as a broadly based plan under the provisions of the New York Stock Exchange's rules and regulations at the time it was adopted and therefore did not require Shareholder approval. Because the 2002 Plan is a broadly based plan, the aggregate number of shares underlying awards granted to officers and directors cannot exceed 50% of the total number of shares underlying the awards granted to all employees during any three-year period. During 2002, the Compensation Committee authorized option grants for 171,000 shares and awarded 132,000 shares

of restricted stock to certain directors, officers and employees. Also during 2002, option grants totaling 2,250 shares were cancelled and 2,000 shares of restricted stock were forfeited. During 2003 and 2004, the Compensation Committee authorized the grant of 30,000 options to the non-employee directors. There were no awards of restricted stock in 2003 and 2004. During 2003, 7,533 shares of previously granted restricted stock were cancelled and returned to the plan. Also in 2003, 12,050 options were cancelled and returned to the 2002 Plan. As of March 26, 2004, there were 40,833 shares of Common Stock available for grant under the 2002 Plan.

Bonus Plan. In 1996, the Board of Directors authorized the establishment of a cash bonus program (the Bonus Plan) to be administered by and in accordance with the procedures determined by the Compensation Committee. If a cash bonus is awarded, the Compensation Committee establishes target level bonuses as a percentage of base salary for executive officers and certain other employees. See Report on Executive Compensation.

1997 Employee Stock Purchase Plan. In 1997, the Board of Directors authorized the implementation of the Callon Petroleum Company 1997 Employee Stock Purchase Plan (the 1997 Purchase Plan), which was approved by the Company's Shareholders on June 19, 1997. The Plan provides eligible employees of the Company with the opportunity to acquire a proprietary interest in the Company through participation in a payroll deduction-based employee stock purchase plan. An aggregate of 250,000 shares of Common Stock have been reserved for issuance over the ten-year term of the 1997 Purchase Plan. The purchase price per share at which Common Stock can be purchased by the participant on each purchase date within an offering period is equal to eighty-five percent of the fair market value per share of Common Stock.

Option Grants in the Last Fiscal Year

There were no option grants during the fiscal year ended December 31, 2003 except for the automatic grants of 5,000 shares to each of the six non-employee directors.

Report on Executive Compensation

The Committee's purpose is to review and approve compensation arrangements for the Company's Chief Executive Officer, other executive officers and directors. The Compensation Committee also administers certain other employee benefits plans (such as the Company's 1994, 1996 and 2002 Stock Incentive Plans). The Committee also makes recommendations regarding shareholder approval of amendments to existing plans or the adoption of new plans, and produces an annual report on executive compensation for inclusion in the Company's proxy statement, in accordance with applicable rules and regulations. The Committee's role, composition, duties and responsibilities are set forth in its Charter which was approved by the Board of Directors.

Executive Compensation Philosophy

The Company's executive compensation program is primarily designed to be competitive with other oil and gas exploration and production companies which the Company views as competitors for business, employee talent, and shareholder investments. The Company also recognizes the need to provide compensation that encourages pay for performance and greater executive focus on shareholder value. In this effort, the Committee considers and reviews comparative information provided by management and which is supported by compensation information provided by an executive compensation consulting firm.

The Company does not have any employment agreements with its executive officers at this time. However, the Compensation Committee believes that, in order to retain highly qualified executives, it must provide these persons with some security against organizational and personnel changes in the event of a change of control of the Company. In order to provide this security, in early 2002, the Company entered into the Severance Compensation Agreements described under #Employment Agreements, Termination of Employment and Change of Control Arrangements#Severance Compensation Agreements. The Compensation Committee believes that these agreements are necessary to provide fair treatment to key executives in the event of a change of control. In the future, the Compensation Committee may determine that employment or other agreements with its executive officers, in addition to the Severance Compensation Agreements, are necessary in order to retain key employees and achieve the Company's long-term growth objectives.

Base Salaries. Base salaries are designed to be at competitive levels and when combined with the other components of the compensation program, are set to attract and retain qualified executives and managers. Changes in base salaries are made after considering competitive positions in the industry and individual performance.

After reviewing the salary levels of the Company's peers, the Company decided to increase the base salaries of the Company's executive officers for 2003 by 2%, representing a cost of living adjustment. In addition to evaluating salary increases in the industry, the Compensation Committee also took into account a subjective valuation of each individual officer's contributions to the Company's performance in 2002. This cost of living increase was intended to match similar increases by the Company's competitors and reflects the Compensation Committee's commitment to maintaining competitive salary levels within the Company and comparable industry groups.

Annual Cash Bonuses. Cash bonuses provide an opportunity to earn additional cash rewards for yearly business success. The incentive bonus targets for the officers are set annually and are expressed as a percentage of base salary.

Long-Term Incentives. Long-term incentive compensation provides a reward for business success in future years and, being based on performance, is linked to shareholders' interests. The Company's long-term incentives are granted periodically to promote alignment of officer interests with that of shareholders. This type of award could consist of performance stock and/or stock options. Performance stock is the Company's Common Stock registered in

the executive's name and carry voting rights but restricted from resale until certain vesting occurs. Each year, the Committee determines the amount and proportion of each type of long-term incentive for each Officer.

Compensation of the Chief Executive Officer

Mr. Callon's base salary was increased by the Compensation Committee to \$291,317 for 2004 as compared to \$285,605 for 2003 in order to keep Mr. Callon's salary level competitive with the chief executive officer position at peer group companies as well as taking into account the subjective factors described above under "Base Compensation" above. In particular, the Compensation Committee considered Mr. Callon's leadership role in overseeing the Company's successful financing of the

At the Annual Meeting, the Board of Directors will present a proposal to the Shareholders to approve and ratify the engagement of Ernst & Young LLP. A representative of Ernst & Young LLP will be present at the Annual Meeting and will have the opportunity to make a statement, if he desires, and to respond to appropriate questions.

Management recommends that the Shareholders approve and ratify the appointment of Ernst & Young LLP as independent auditors of the Company for the fiscal year ending December 31, 2004. Unless otherwise indicated, all properly executed Proxies received by management will be voted for such ratification at the Annual Meeting. An adverse vote will be considered as a direction to the Audit Committee of the Board of Directors to select other auditors in the following year.

**SHAREHOLDERS PROPOSALS
FOR 2005 ANNUAL MEETING**

Shareholders who desire to present proposals at the 2005 Annual Meeting of Shareholders and to have proposals included in the Company's proxy materials must submit their proposals to the Company at its principal executive offices not later than December 15, 2004. If the date of the 2005 Annual Meeting of Shareholders is changed by more than 30 days from the date of the 2004 Annual Meeting of Shareholders, the deadline for submitting proposals is a reasonable time before the Company begins to print and mail its proxy materials for its 2005 Annual Meeting of Shareholders.

The persons named in the Company's form of proxy for the 2005 Annual Meeting will have discretionary authority to vote any proxies they hold at such meeting on any matter for which the Company does not receive notice by February 28, 2005, unless the Company changes the date of its 2005 Annual Meeting of Shareholders by more than 30 days from the date of the 2004 Annual Meeting of Shareholders, in which case such persons will be able to exercise discretionary authority if notice of the matter has not been received in a reasonable time before the Company mails its proxy materials for the 2005 Annual Meeting of Shareholders.

If the date of the 2005 Annual Meeting of Shareholders is advanced or delayed by more than 30 calendar days from the date of the 2004 Annual Meeting of Shareholders, the Company shall, in a timely manner, inform Shareholders of such change, by including a notice, under Item 5, in its earliest possible quarterly report on Form 10-Q. The notice will include the new deadline for submitting proposals to be included in the Company's proxy statement and the new date for determining whether the Company may exercise discretionary voting authority because it has not received timely notice of a matter.

In order to avoid controversy as to the date on which the Company receives any such proposal, it is suggested that Shareholders submit their proposals by certified mail, return receipt requested, or other means that permit them to prove the date of delivery.

It is not the duty of the Committee to certify the Company's financial statements, to guarantee the External Auditor's report or to plan or conduct audits. Since the primary function of the Committee is oversight, the Committee shall be entitled to rely on the expertise, skills and knowledge of management, the Internal Auditor and the External Auditor and the accuracy of information provided to the Committee by such persons in carrying out its oversight responsibilities. Nothing in this Charter is intended to change the responsibilities of management and the External Auditor.
- 11.2. **Charter Guidelines.** While the responsibilities of the Committee set forth in Section 5 through 10 above are contemplated to be the principal recurring activities of the Committee in carrying out its oversight function, these responsibilities are to serve as a guide with the understanding that the Committee may diverge from them as it deems appropriate given the circumstances.
