PROXY STATEMENT

This Proxy Statement is furnished holders of common stock of MidSouth Bancorp, Inc. (MidSouth) in connection with the solicitation on behalf of its Board of Directors (the Board) of proxies for use at MidSouth s annual shareholders meeting (the Meeting) to be held on Thursday, May 26, 2005, at the time and place shown in the accompanying notice and at any adjournments thereof. This Proxy Statement is first being mailed to shareholders about April 25, 2005.

Only holders of record of MidSouth common stock (Common Stock) at the close of business on March 28, 2005, are entitled to notice of and to vote at the Meeting. On that date, MidSouth had outstanding 4,487,135 shares of Common Stock.

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum. If a quorum is present, directors are elected by plurality vote; with respect to any other proposal that may properly come before the Meeting, if the Board has recommended it by the affirmative vote of the majority of the Continuing Directors, as defined in MidSouth s Articles of Incorporation (Articles), then, generally, the affirmative vote of a majority of the votes cast is required to approve it, but if it is not so recommended, then the affirmative vote of 80% of the Total Voting Power, as defined in the Articles, is required to approve it. MidSouth s By-laws provide that the Continuing Directors will appoint the Judge(s) of Election and that all questions as to the qualification of voters, validity of proxies and the acceptance or rejection of votes will be decided by the Judge(s).

Abstentions or broker non-votes will have no effect on the election of directors. With respect to any other proposal, abstentions and broker non-votes will be counted as votes not cast and will have no effect on any proposal requiring a majority of votes cast to approve it and will have the effect of a vote against any proposal requiring an affirmative vote of a percentage of the Total Voting Power.

All proxies received in the form enclosed will be voted as specified and, in the absence of instructions to the contrary, will be voted for the election of the persons named herein. MidSouth does not know of any matters to be presented at the Meeting other than those described herein; however, if any other matters properly come before the Meeting or any adjournments thereof, it is the intention of the persons named in the enclosed proxy to vote the shares represented by them in accordance with their best judgment.

The enclosed proxy may be revoked by the shareholder at any time prior to its exercise by filing with MidSouth s Secretary a written revocation or a duly executed proxy bearing a later date. A shareholder who votes in person in a manner inconsistent with a proxy previously filed on his or her behalf will be deemed to have revoked the proxy as to the matters voted upon in person.

Table of Contents

The cost of soliciting proxies in the enclosed form will be borne by MidSouth. In addition to the use of the mail, proxies may be solicited by personal interview, telephone, telegraph, facsimile, internet, and e-mail. Banks, brokerage houses and other nominees or fiduciaries may be requested to forward the soliciting material to their principals and to obtain authorization for the execution of proxies, and MidSouth will, upon request, reimburse them for their expenses in so acting.

ELECTION OF DIRECTORS

The Articles provide for three classes of directors, with one class to be elected at each annual meeting for a three-year term. At the Meeting, Class III Directors will be elected to serve until the third succeeding annual meeting and until their successors have been duly elected and qualified.

Unless authority is withheld, the persons named in the enclosed proxy will vote the shares represented by the proxies received by them for the election of the three Class III director nominees named below. In the unanticipated event that one or more nominees cannot be a candidate at the Meeting, the shares represented will be voted in favor of such other nominees as may be designated by the Board. Directors will be elected by plurality vote.

Other than the Board, only shareholders entitled to vote for the election of directors who have complied with the procedures of Article IV(H) of MidSouth's Articles may nominate a person for election. To do so, the shareholder must have given written notice to MidSouth by December 6, 2004, of the following: (1) as to each person whom he or she proposes to nominate, (a) his or her name, age, business address, residential address, principal occupation or employment, and the class and number of shares of MidSouth's stock of which he or she is the beneficial owner and (b) any other information relating to such person that would be required to be disclosed in solicitations of proxies for the election of directors by Regulation 14A under the Securities Exchange Act of 1934; and (2) as to the shareholder giving the notice, (a) his or her name and address and the class and number of shares of stock of MidSouth of which he or she is the beneficial owner and (b) a description of any agreements, arrangements or relationships between the shareholder and each person he or she proposes to nominate. Two inspectors, not affiliated with MidSouth, appointed by MidSouth's Secretary, will determine whether the notice provisions were met; if they determine that the shareholder has not complied with Article IV(H), the defective nomination will be disregarded.

Corporate Governance

Shareholder, Board of Director and Committee Meetings. During 2004, the Board held fifteen meetings. Each incumbent director attended at least 75% of the aggregate number of meetings held during 2004 of the Board and committees of which he or she was a member. While the Company encourages all members of the Board to attend annual meetings, there is no formal policy as to their attendance. It is a rare occasion, however, when all members of the Board are not present for the shareholder meeting. At the annual meeting of May 18, 2004, all directors were in attendance.

Board of Director Independence. Each year, the Corporate Governance and Nominating Committee reviews the relationships that each director has with the Company and with other parties. Only those directors who do not have any relationships that preclude them from being independent within the meaning of applicable American Stock Exchange (AMEX) rules and who the Corporate Governance and Nominating Committee affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director are considered to be independent directors. The Corporate Governance and Nominating Committee has reviewed a number of factors to evaluate the independence of each board member. These factors include the directors' relationships with the Company and its competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have with the Company; and the relationships between the Company and other companies of which the members are directors or executive officers. After evaluating these factors, the Board has determined that Messrs. Charbonnet, Davis, Hargroder, Hilliard, Kidd, May, Simmons, Tortorice and Weir are independent directors within the meaning of applicable AMEX rules.

Shareholder Communications. Shareholders may communicate directly with members of the Board or the individual chairman of standing committees by writing directly to those individuals at the following address: P. O. Box 3745, Lafayette, LA 70502. The Company's policy is to forward, and not to intentionally screen, any mail received at the Company's corporate office that is directed to an individual, unless the Company believes the communication may pose a security risk.

Code of Ethics. The Board has adopted a Code of Ethics for directors, officers and employees of the corporation. It is intended to promote honest and ethical conduct, full and accurate reporting, and compliance with laws as well as other matters. A copy of the Code

Table of Contents

of Ethics is posted on the Corporate Relations page of the Company's website at www.midsouthbank.com.

The Board has an Audit Committee, an Executive Committee, a Personnel Committee, and a Corporate Governance and Nominating Committee.

The members of the Audit Committee are Messrs. Davis, Charbonnet, Hilliard and Kidd. The Committee, which held nine meetings in 2004, is responsible for carrying out the Audit Committee Charter which is attached to the Proxy Statement as Exhibit B.

The members of the Executive Committee are Messrs. Charbonnet, Cloutier and Hargroder. The Committee's duties include shareholder relations, Bank examination and Securities and Exchange Commission (SEC) reporting. The Committee met thirteen times in 2004.

The members of the Personnel Committee are Messrs. Charbonnet, Davis, Hargroder, Hilliard, Kidd, May and Simmons. The Committee, which met four times in 2004, is responsible for evaluating the performance and setting the compensation of MidSouth's executive officers and administering MidSouth's Stock Incentive Plan.

The members of the Corporate Governance and Nominating Committee are Messrs. Charbonnet, Hargroder and Hilliard. The Committee assists the Board in making determinations of director independence, assessing overall and individual Board performance and recommending director candidates including those recommendations submitted by shareholders. The Committee met once in 2004.

Although the Corporate Governance and Nominating Committee does not have a formal charter, it does operate under Corporate Governance Principles that are attached to this proxy statement, and it is the Committee's policy that candidates for director possess the highest personal and professional integrity, have demonstrated exceptional ability and judgment, and have skills and expertise appropriate for the Company and serving the long-term interest of the Company's shareholders. The Committee's process for identifying and evaluating nominees is as follows: (1) in the case of incumbent directors whose terms of office are set to expire, the Committee reviews such directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance, and any related party transactions with the Company during the applicable time period; and (2) in the case of new director candidates, the Committee first conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Committee meets to discuss and consider such candidates' qualification, including whether the nominee is independent within the meaning of AMEX rules, and then selects a candidate for recommendation to the Board by majority vote. In seeking potential nominees, the Corporate Governance and Nominating Committee uses its and management's network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. To date, the Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates.

Table of Contents

The Corporate Governance and Nominating Committee will consider director candidates recommended by shareholders provided the shareholders follow the procedures set forth in Article IV(H) of the Company's Articles. The committee does not intend to alter the manner in which it evaluates candidates, including the criteria set forth above, based on whether the candidate was recommended by a shareholder or otherwise.

Eligible shareholders who desire to present a proposal qualified for inclusion in the proxy materials relating to the 2006 annual meeting must forward such proposal to the Secretary of MidSouth at the address listed on the first page of this Proxy Statement in time to arrive at MidSouth before December 13, 2005.

The Board has adopted a Statement of Corporate Governance Principles, a copy of which is attached as Exhibit A to this proxy statement.

A majority of the directors of MidSouth are also directors of the Bank. Directors are entitled to fees of \$100 per month for service on the MidSouth Board and \$200 per month for service on the Bank Board. The Chairman of the Board receives an additional \$750 per month, the Vice Chairman receives an additional \$350 per month and the Chairman of the Audit Committee receives an additional \$670 per month. Each director also receives \$350 for each regular meeting, and \$125 for each special meeting of the Board of the Bank, and \$150 for the first hour, and \$75 per hour for each additional hour, of each committee meeting. Directors receive meeting fees only for meetings they attend.

In 1997 directors who were not employees were granted options to purchase up to 15,081 shares of Common Stock at \$4.85 per share, the fair market value on the date of grant, exercisable in annual 20% increments beginning one year from the date of grant. Stephen C. May, a more recent addition to the Board, was granted options in 2002 to purchase up to 8,938 shares of Common Stock at \$9.46 per share, the fair market value on the date of grant, exercisable in annual 20% increments beginning one year from the date of grant.

The Securities and Exchange Act of 1934 and applicable SEC regulations require MidSouth's directors, executive officers and ten percent shareholders to file with the SEC initial reports of ownership and reports of changes in ownership of equity securities of MidSouth, and to furnish MidSouth with copies of all the reports they file. To MidSouth's knowledge, based on a review of reports furnished to MidSouth, all required reports were filed timely.

Employment and Severance Contracts with Named Executive Officers

Mr. Cloutier, Ms. Hail and Mr. Landry each have a written employment agreement with the Bank for a term of one year, beginning January 1st of each year. The agreements are automatically extended for one year every year thereafter beginning on the termination date, unless written notice of termination is given by any party to the agreement not later than 60 days before the termination date. Pursuant to the contract, Mr. Cloutier, Ms. Hail and Mr. Landry receive term life insurance equal to four times their annual salary payable to a beneficiary of their choice and disability insurance of not less than two-thirds of their annual salary. Mr. Cloutier's, Ms. Hail's and Mr. Landry's contracts have a severance provision which entitles them to one year's salary if the agreement is terminated by the Bank, unless they are removed by a regulatory body.

Certain Transactions

Directors, nominees and executive officers of MidSouth and their associates have been customers of, and have borrowed from, the Bank in the ordinary course of business, and such transactions are expected to continue in the future. In the opinion of MidSouth's management, the Company's loan policy will be less favorable to Directors than to other customers.

COMPENSATION COMMITTEE REPORT

The Personnel Committee is made up of seven non-employee directors of MidSouth Bancorp, all of whom are independent, as defined in the listing standards of the American Stock Exchange. The committee met four times during 2004 to discuss such matters as executive compensation and performance.

The Committee committed to ensuring the company's total compensation package for the Chief Executive Officer and other named executive officers will serve to:

Attract, retain and motivate outstanding executive management who add value to the organization based on individual and team contributions;

Provide a highly competitive salary structure in all markets where we operate;

Facilitate employee ownership through equity components of performance-based long-term incentive stock plans that also enhance shareholder value.

In recent years, due to industry consolidation, the Peer Bank Group used for comparative purposes continues to shrink. Recognizing this, the Committee engaged a national compensation consulting firm, KG & Associates, for compensation comparisons and information provided by Sheshunoff Management Services, L.P. for compensation comparisons and measure of the company's performance.

Base Compensation: To ensure the competitiveness of the company's total compensation package, the committee reviews salary survey information developed by the Bank's Human Resources Department regarding the compensation practices of a peer bank group using information from a national compensation consulting firm. In addition, the committee reviews financial industry salary survey information developed by Sheshunoff Management Services, L.P. The goal is to set executive base compensation plus quarterly incentive pay between the top of the second quartile and the lower part of the 1st quartile for the peer group. It is the Company's goal to set the base compensation part of total compensation to comfortably meet the executive's needs and to put more emphasis on incentive pay so that the executives are encouraged to grow the Bank's value short term and long term. This way, the executive is well compensated in relation to the Bank's performance.

Incentive Compensation: The Company uses a system of incentive compensation to reward the executives quarterly based on the earning per share of the Company. The total incentive compensation is based on the performance for the whole year; a reduced portion is paid quarterly with the balance paid at the end of the year. The Company believes this method encourages the executives to think in terms of shareholder earnings per share because a substantial portion of their pay is tied to earnings per share. At the Personnel Committee Meeting of December 15, 2004 executive pay was set for 2005 with the CEO's base salary remaining the same and all of his increased pay being tied to additional incentive compensation. The Senior Executive Vice President and the Executive Vice President received part of their increase for 2005 in base salary and part in incentive compensation.

Table of Contents

In 2005, the President and Chief Executive Officer's base pay is set at \$196,000. The CEO's projected incentive compensation based on 2004 earnings per share of \$1.73 would result in incentive compensation of \$138,800 which is 71% of base pay. Actual incentive compensation will vary based on the earning per share for 2005.

For 2005, it was the Personnel Committee's intent to raise total base pay and incentive compensation approximately 15% for the three executive officers. This is a much larger increase than in previous years but it was based on the tremendous growth over the last several years of the Company and the acquisition of Lamar Bank, giving the Company additional growth opportunities in Texas. With the added responsibility and the comparison to peer groups it was felt that this was appropriate at this time.

Long Term Incentives: It is the Company's belief that executive officers need to have a significant interest tied to long term performance and shareholder increased value. The Company believes the best way to accomplish this is through ownership of Company. The Company encourages its executive officers to own stock and provides the following programs to encourage stock ownership.

Directors Deferred Compensation Plan: In 1990, the Company established a Deferred Compensation Plan to encourage all directors to take part of their director pay in shares of stock of the Company.

ESOP: To encourage ownership of the company by executive officers and all employees and therefore tie their interest to the interest of the shareholders, the Company established an ESOP Plan in 1986.

Stock Options: In addition to the above, the Company has periodically granted stock options to executive officers and senior management. These options are always based on the current stock price at the time they are awarded. The executives can only benefit by increasing the long term value of the stock.

AUDIT COMMITTEE REPORT

The Audit Committee of our Board of Directors is composed of four non-employee directors. The Board has made a determination that the members of the Committee satisfy the requirements of the American Stock Exchange as to independence, financial literacy and experience. The Board has also determined that it is not clear whether any member of the Audit Committee is a Financial Expert within the meaning of SEC Rules, but the Board does not feel a Financial Expert to be necessary in view of the overall financial sophistication of Committee members. The responsibilities of the Committee are set forth in the Charter of the Audit Committee, which was adopted by the Board of Directors on May 10, 2000 and revised on March 12, 2003. The revised Charter was reviewed again and approved without changes at the March 16, 2005 Board Meeting. A copy of the Charter is attached as Exhibit B.

The Committee reviewed and discussed the audited financial statements with management including a discussion of the quality of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures contained in the financial statements. The Committee also discussed with the independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380). The Committee also received the written disclosures and the letter from the independent auditors required by Independent Standards Board Standard No. 1 (Independent Standards Board Standard No. 1, Independence Discussions with Audit Committees), has discussed with the independent auditors the independent auditors' independence and has considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the SEC.

By the members of the Audit Committee:

James R. Davis, Jr.
Will G. Charbonnet, Sr.

Audit-related fees	0	0	6,600	100%
Total fees	\$ 89,600	100%	\$ 64,000	100%

Audit fees for 2004 included fees for a consent in connection with a Form S-4 regarding MidSouth's acquisition of Lamar Bancshares, Inc. Audit-related fees for the year ended December 31, 2003 included employee benefit plan audit fees. Deloitte does not perform tax services for MidSouth.

Pre-Approval Policy

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. For 2003, pre-approved non-audit services included only those services described above for Audit Related Fees. No audit-related services were performed by the independent auditors in 2004.

Corporate Governance Principles

I. Board of Directors

A. Membership

1. Size of Board.

The Board's optimum size is approximately 9-12 members. However, the Board would be willing to have a greater number of directors to accommodate the availability of an outstanding candidate. Similarly, the Board is willing to reduce the size of the Board, or maintain a vacancy, if it cannot identify available candidates meeting the Board's qualification standards.

2. Mix of Inside and Outside Directors.

The Board should have a significant majority of outside directors; the expectation of the Board is the number of inside directors should not exceed three.

3. Director Qualifications.

The Board seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated and be selected based upon contributions they can make to the Board and management.

4. Definition of Independent and Outside Directors.

The Board's policy is that a majority of the members of the Board meet the criteria for independent directors in accordance with the applicable rules of the American Stock Exchange. The determination that a Director is independent shall be made by the Board following a review of all relevant information and a recommendation by the Corporate Governance and Nominating Committee. Any independent director is also considered to be an Outside Director.

5. Selection of New Directors.

The Corporate Governance and Nominating Committee has, as one of its responsibilities, the recommendation of director candidates to the full Board after receiving input from all Directors and the Chief Executive Officer.

6. Other Directorships.

Directors are expected to advise the Chairman of the Board promptly upon being offered any other public company directorship. Unless the Board determines that the carrying out of a Director's responsibilities to the Company will not be adversely affected by the Director's other directorships, Directors should not serve on any public company boards other than the Company.

Table of Contents

B. Responsibilities

1. Basic Duties

The basic responsibility of the Directors is to exercise their business judgment in good faith to act in what they believe to be in the best interests of the Company. Directors are expected to regularly attend 100% of the Board meetings and at least 92% of the meetings of committees on which they serve, and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. To prepare for meetings, Directors are expected to review the materials that are sent to Directors in advance of those meetings.

2. Conflicts of Interest.

a) Directors are expected to avoid any action, position or interest that conflicts with an interest of the Company, or gives the appearance of a conflict. The Company annually solicits information from Directors in order to monitor potential conflicts of interest and Directors are expected to be mindful of their fiduciary obligations to the Company. When faced with a situation involving a potential conflict of interest, Directors are encouraged to seek advice from the Chief Legal Officer. Directors shall recuse themselves and not participate in the discussion and voting on any matter presented at a Board meeting if they believe that they have a personal interest or a conflict of interest. If a significant conflict of interest with a Director exists and cannot be resolved, the Director is expected to tender his or her resignation to the Chairman.

b) The Company's loan policy will be less favorable to Directors than to other customers.

3. Consulting Agreements with Directors.

The Board believes that the Company should not enter into paid consulting arrangements with Outside Directors.

4. Share Ownership by Directors.

The Board believes that the number of shares of the Company's common stock owned by each Director is a personal decision; however, each director serving on the date of the adoption of these Principles is expected to own a minimum of 25,000 shares of stock at all times, and new Directors are expected to own a minimum of 10,000 shares of stock within a reasonable time after their election or appointment.

5. Director Compensation.

The Personnel Committee shall recommend Director compensation and benefits to the full Board based on comparable information for companies of similar size and recommendations from management. The Committee when making its recommendations may take into account the appearance that Directors' independence is adversely affected if Director compensation and benefits exceed customary levels, if the Company makes substantial charitable contributions to organizations with

Table of Contents

which a Director is affiliated, or if the Company enters into consulting contracts with, or provides other indirect forms of compensation, to a Director or an organization with which the Director is affiliated.

6. Assessing Board Performance.

The Corporate Governance and Nominating Committee has the responsibility to periodically assess overall and individual Board performance. A self-evaluation shall be conducted annually to determine whether the Board and its committees are functioning effectively. The Board will discuss the results of the self-evaluations to determine what actions could improve Board and Committee performance.

7. Lead Director.

A Lead Director for purposes of oversight of Audit, Loan Review and Compliance Departments has been appointed by the Board and is an Outside Director.

8. Executive Sessions of Outside Directors.

Executive Sessions are those sessions including the Chairman and Outside Directors and should be called by the Chairman. Meetings that include only nonemployee Directors called Outside Directors Sessions should occur at least three times a year on the periodic evaluation of the Chief Executive Officer, to determine Director independence and to discuss other matters of importance.

9. Board Access to Management and Independent Advisors.

Board members have complete and open access to members of management. The Chief Executive Officer shall invite key employees to attend Board and Committee meetings at which the Chief Executive Officer believes they can meaningfully contribute to Board and Committee discussion. The Board and Board committees may consult with and retain independent legal, financial and other advisors as they may deem necessary.

10. Board Interaction with Institutional Investors, Peers, Customers, etc.

The Board believes that under ordinary circumstances, management speaks for the Company and the Chairman speaks for the Board. Individual Board members may, from time to time, meet with or communicate with various constituencies that are involved with the Company. It is expected that Board members would do this with the knowledge of management and, in most instances, at the request of management.

11. Confidentiality of Information.

In order to facilitate open discussion, the Board believes maintaining confidentiality of information and deliberations is an imperative.

12. Director Orientation and Continuing Education.

New Board Directors shall participate in an orientation program to familiarize themselves with the Company's businesses and operations, and their responsibilities

Table of Contents

and duties as Directors. Continuing education for Directors shall be conducted through a number of methods, including presentations by the Company's officers concerning the Company's strategies, initiatives and business plans; presentations by outside parties concerning industry issues and general business and regulatory matters; on-site meetings with Company personnel at their business locations; and other appropriate programs to carry out continuing education.

13. Regulatory Reports.

The Board shall review all reports from the Office of the Comptroller of the Currency and the Federal Reserve Board and consider all recommendations therein.

14. Code of Ethics.

The Board shall adopt a Code of Ethics for itself, management and employees.

II. Board Committees

1. Committee Structure.

The Board shall at all times maintain committees with the following responsibilities: an audit committee, a compensation committee, and a governance and nominating committee. All of the members of these committees shall be independent directors under the criteria established by the American Stock Exchange, and each of these committees shall operate in accordance with the applicable rules of the Securities and Exchange Commission and the American Stock Exchange. The Board has established the following Committees; Audit, Corporate Governance and Nominating; Personnel and Executive. The Board shall establish such additional committees as it deems appropriate.

2. Committee Charters.

The Committees will establish their own charter setting forth the purposes and responsibilities of the Committee. The charters shall also provide that each Committee will annually evaluate its performance.

3. Frequency and Length of Board Committee Meetings.

The Chairman should regularly consult with Committee Chairs to obtain their insights and to optimize Committee performance. The Committee Chairs, in consultation with the Chairman, the Chief Financial Officer and the Chief Legal Officer, should establish the frequency and length of Committee meetings.

4. Development of Committee Agenda.

The Committee Chairs, working with the Chief Executive Officer, should establish Committee agendas for the year. All standing Committees should meet regularly during the year and receive reports from Company personnel on Company

Table of Contents

developments affecting the Committee's work. At the beginning of each year, the Audit Committee should review and approve the internal audit staff's schedule for the year.

III. Chairman & Chief Executive Officer

1. Separate Positions of Chairman, President and Chief Executive Officer.

The positions of Chairman and Chief Executive Officer may not be the same person. The Chairman should be an outside Director.

2. Formal Evaluations of the Chief Executive Officer.

The Personnel Committee shall annually conduct the Chief Executive Officer evaluation in the context of its review of the Company's performance in meeting its goals for purposes of awarding compensation. The Personnel Committee Chair shall report to the Board on the evaluation in a Board meeting attended by Outside Directors.

3. Succession Planning.

The Chief Executive Officer shall review succession planning on an annual basis with the Board, including succession plans for the Chief Executive Officer.

4. Management Development.

Senior Company executives should compile and evaluate a succession plan for their areas of responsibility which should be reviewed with the Chief Executive Officer and the Board. The Chief Executive Officer shall provide input on each succession plan and discuss the plans with the Board in an Executive Session.
