Board of Directors

How many independent directors do you have? How do you determine whether a director is independent?

Our Board has affirmatively determined that eleven of the thirteen nominees for director are independent as that term is defined by NYSE rules. In making this determination, our Board considered transactions and relationships between each director nominee or his or her immediate family and our company and its subsidiaries, including those reported below under Compensation Committee Interlocks and Insider Participation and Interests of Management and Others in Certain Transactions. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. As a result of this review, our Board affirmatively determined, based on its understanding of such transactions and relationships, that all of the directors nominated for election at the annual meeting are independent of our company under the standards set forth by the NYSE, with the exception of David A. Trice and David F. Schaible, who are management employees of our company. There is no family relationship between any of the nominees for director or between any nominee and any executive officer of our company.

How many times did your Board meet last year?

Our Board met in person or by conference telephone six times during 2006.

Table of Contents

Did any of your directors attend fewer than 75% of the meetings of your Board and his or her assigned committees during 2006?

Yes. Juanita F. Romans attended 71% of the meetings of our Board and her assigned committees during 2006. All other directors attended at least 75% of the meetings of our Board and his or her assigned committees during 2006.

How many of your directors attended the 2006 annual meeting of stockholders?

All of our directors attended and were introduced during our 2006 annual meeting of stockholders. We strongly encourage our directors to attend annual meetings, but we do not have a formal policy regarding attendance.

Do your non-management directors and independent directors meet in executive session?

Yes, our non-management directors and independent directors meet separately on a regular basis usually at each regularly scheduled meeting of our Board. We have no non-management directors who are not independent. Our corporate governance guidelines provide that our independent directors will meet in executive session at least annually and more frequently as needed at the call of one or more of our independent directors. Our corporate governance guidelines also provide that executive sessions will be presided over by our Lead Director. C. E. (Chuck) Shultz has served as our Lead Director since July 2005.

How can interested parties communicate directly with your non-management directors?

We have established a toll-free Ethics Line so that investors, employees and other interested parties can anonymously report through a third party any practices thought to be in violation of our corporate governance policies. The Ethics Line also can be used to make concerns known to our non-management directors on a direct and confidential basis. The telephone number for the Ethics Line is 1-866-843-8694. Additional information is available on our website at <http://www.newfield.com> under the tab Corporate Governance Overview.

Committees

Does your Board have any standing committees?

Yes, our Board presently has the following significant standing committees:

Compensation & Management Development Committee; and

Nominating & Corporate Governance Committee.

Each of these committees is composed entirely of independent directors.

Has your Board adopted charters for each of these committees? If so, how can I view or obtain copies of them?

Go to <http://www.newfield.com> and then to the Corporate Governance Overview tab. We also will provide stockholders with a free copy of the charters upon request. Table of Contents

What guidelines does the committee follow when considering a director nominee for a position on your Board?

The committee is responsible for identifying individuals qualified to become directors and for evaluating potential or suggested director nominees. Although the committee has not established written criteria or a set of specific minimum qualifications, our corporate governance guidelines provide that any assessment of a potential director nominee will include the individual's qualification as independent, as well as consideration of his or her background, ability, judgment, skills and experience in the context of the needs of our Board. The committee is likely to consider whether a prospective nominee has relevant business or financial experience or a specialized expertise.

Does the committee consider candidates for your Board submitted by stockholders and, if so, what are the procedures for submitting such recommendations?

Yes, the committee considers suggestions from many sources, including stockholders, regarding possible candidates for director. Any such suggestions, together with appropriate biographical information, should be submitted to the Chairman of the Nominating & Corporate Governance Committee, c/o Terry W. Rathert, Secretary, Newfield Exploration Company, 363 N. Sam Houston Pkwy. E., Suite 2020, Houston, Texas 77060.

What are the committee's processes and procedures for consideration and determination of director compensation?

The committee has the sole authority to approve the compensation structure for all of our non-employee directors. The committee may delegate some or all of its authority to subcommittees when it deems appropriate.

Director compensation is reviewed at least annually by the committee. The committee seeks to set director compensation at an adequate level to compensate directors for their time and effort expended in satisfying their obligations to us without jeopardizing their independence.

The increase in director compensation following our 2006 annual meeting of stockholders and the increase in director compensation to take effect following our 2007 annual meeting of stockholders are a result of the committee's efforts to set director compensation at a level that is commensurate with peer companies in our industry. To assist it in its evaluation, the committee obtained industry data from Hewitt Associates LLC, a consulting firm. The increase to take effect following our 2007 annual meeting of stockholders is intended to place our director compensation at or near the 50th percentile of a selected group of peer companies. The selected group includes Apache Corporation, Cabot Oil & Gas Corporation, Forest Oil Corporation, Murphy Oil Corporation, Nexen Inc., Noble Energy, Inc., Pioneer Natural Resources Company and Pogo Producing Company.

These decisions include adjustments to base salary, grants of current and deferred awards under our incentive compensation plan and grants of long-term equity awards. Exceptions include promotions and compensation adjustments made for competitive purposes. Because this analysis addresses 2006 compensation, it discusses some of the compensation determinations made in February 2006 (increases in base salary and grants of restricted shares) and some of the determinations made in February 2007 (grants of awards under our incentive compensation plan relating to 2006).

Compensation Objectives. Our compensation program is designed to attract and retain key employees and encourage growth in long-term stockholder value. The oil and gas industry has experienced robust conditions for the last four to five years after years of low commodity prices. The period of low prices resulted in significant attrition within the industry workforce. More recently, competition for talented geoscientists and petroleum engineers has become more acute. We believe that it is imperative that we maintain highly competitive compensation programs to attract and retain quality personnel.

The cornerstone of our compensation program at all levels is pay for performance. We measure performance at individual and corporate levels. To achieve our objectives, we have structured our compensation program for executive officers to include a base salary, current and deferred awards under our performance-based incentive compensation plan and grants of long-term equity awards with performance-based vesting.

Historically, we have set base salaries for our executive officers below the median for comparable positions at a selected group of peer companies in our industry. This places a large percentage of our executive officers compensation at risk under our performance-based incentive compensation plan and long-term equity awards with performance-based vesting, which is consistent with our pay for performance philosophy.

Our incentive compensation plan (discussed below) is designed to reward profitability. We do not grant significant awards under our incentive compensation plan to our executive officers during years of lower profitability. Our incentive compensation plan is also designed to reward individual performance. Individual awards are granted based upon an executive's impact during the year and his or her overall value to our company. In determining overall value, we take into account long-term performance, leadership, mentoring skills and other intangible qualities that contribute to corporate and individual success.

Awards under our incentive compensation plan generally exceed industry average bonuses. We use current awards under our incentive compensation plan to keep our current cash compensation for our executive officers competitive with our industry peers and to balance the total cash portion of our compensation package when justified by performance. We use deferred awards under our incentive compensation plan and grants of long-term equity awards as retention incentives for employees and as an attempt to remain competitive with awards granted to comparable positions for comparable performance in our industry. Usually, a significant portion of the awards granted to our executive officers under our incentive compensation plan are deferred and paid out in four equal annual installments. With a few exceptions, executives are entitled to deferred awards only if they remain employed by us through the date of payment of the awards. We use these deferred awards along with grants of long-term equity awards as incentives to retain our executives and to align their interests with the interests of our stockholders.

We take into account the following items of corporate performance in making compensation decisions for our executive officers:

our financial and operational performance for the year measured against our budget, after taking into account industry conditions, and against our peers;

total return to our stockholders as compared to our peers;

Table of Contents

capital efficient growth of oil and natural gas reserves and production as measured against annual goals and objectives;

projected future growth through the development of existing projects, the creation and capture of new play concepts and the potential for new transactions;

leadership and representation of our company; and

contribution to the overall success of our company.

Compensation Process. The committee has the sole authority to oversee the administration of compensation programs applicable to all of our employees, including executive officers. The managers of our operating and service units (most of whom are executive officers) are primarily responsible for evaluating and making recommendations regarding annual incentive compensation and equity awards with respect to those employees assigned to his or her unit. These recommendations are reviewed by an executive team consisting of our chief executive officer and our executive and senior vice presidents. After preparing his own evaluation of each unit manager and the other executive officers, our chief executive officer makes recommendations to the committee. Beginning with the 2005 award year, the committee retained Hewitt Associates LLC, a consulting firm, to assist it in compensation matters. The committee considers the information and recommendations provided by our chief executive officer and Hewitt in making compensation determinations.

Chief Executive Officer. Our chief executive officer provides the committee with an evaluation of his performance that is based, in large part, upon the items listed above. The committee evaluates our chief executive officer on these and other criteria. The total compensation package for our chief executive officer is determined based on this evaluation and input from Hewitt. This package reflects his performance, the performance of our company and competitive industry practices.

Other Executive Officers. Our chief executive officer makes recommendations to the committee on all compensation actions (other than his own compensation) affecting our executive officers. In developing his recommendation for an executive officer, our chief executive officer considers the self-evaluation prepared by the executive officer, the recommendations of our executive team to the extent applicable, input from Hewitt and his own evaluation. Our chief executive officer's evaluation includes an assessment of the impact that the executive officer has had on our company during the award year and the executive officer's overall value to the company as a senior leader. The assessment covers leadership and management capability, potential for future advancement and contributions to the long-term success of our company.

The committee is provided with a summary of the self-evaluations of the executive officers and a summary of our chief executive officer's evaluation along with the summaries for the past two or three years, which are used to assess long-term performance. Hewitt reviews and provides comments to the committee on our chief executive officer's recommendations. The committee considers the information and recommendations provided by our chief executive officer and Hewitt when it establishes current and deferred awards under our incentive compensation plan and grants of long-term equity awards.

Role of Consultant. Hewitt assists the committee and our chief executive officer in developing a competitive total compensation program that is consistent with our philosophy of pay for performance and to maintain a competitive total compensation package that will allow us to attract and retain top executives. Hewitt's services include providing an annual comprehensive evaluation of the compensation of our top executive officers and their counterparts at a group of peer companies. The evaluation consists of a comparison of each element of compensation and a comparison of total compensation. For purposes of the 2006 compensation review process, the peer companies included in the evaluation were Apache Corporation, Cabot Oil & Gas Corporation, Chesapeake Energy Corporation, EOG Resources, Inc., Forest Oil Corporation, Kerr-McGee Corporation, Murphy Oil Corporation, Nexen Inc., Noble Energy, Inc., Pioneer Natural Resources Company, Plains Exploration & Production Company, Pogo Producing Company and Western Gas Resources, Inc.

Elements of Compensation. Our compensation program for executive officers includes a base salary, current and deferred awards under our incentive compensation plan and grants of long-term equity awards. We also encourage our executive officers to save for retirement by matching (subject to the limits described below) each

Table of Contents

executive's contribution to our 401(k) plan and deferred compensation plan for highly compensated employees. We do not, however, offer defined pension benefits or significant perquisites to our executive officers.

Base Salary. Base salaries for executive officers are generally set below the median for comparable positions within our industry. As a result, a large portion of each executive officer's compensation is dependent upon corporate and individual performance.

Current and Deferred Awards Under Our Incentive Compensation Plan. We grant awards under our incentive compensation plan to reward our profitability. Our incentive compensation plan provides for the creation each calendar year of an award pool that is generally equal to 5% of our adjusted net income (as defined in the plan) plus the revenues attributable to designated overriding royalty or similar interests bearing on the interests of certain third party participants. At least 85% of the annual award pool must be paid out each year and up to 15% may be carried forward to the next year. All awards are paid in cash. Historically, the vast majority of awards have consisted of both a current and a deferred amount. Deferred awards are paid in four annual installments, each installment consisting of 25% of the deferred award, plus interest. Usually, a significant portion of the grants under the plan are in the form of deferred awards (38.1% in the aggregate and 47.6% for executive officers for the 2006 plan year and 33% in the aggregate and 47% for executive officers for the 2005 plan year). Employees are generally entitled to a deferred award only if they remain employed by us through the date of payment of the award. If an employee is terminated by us without cause (as defined in the plan), however, such employee will be entitled to receive regular installments of any outstanding deferred awards. Employees that have been continuously employed by us since December 31, 1992 are entitled to regular installments of their deferred awards regardless of their employment status with us unless they are terminated for cause (as defined in the plan).

In addition to rewarding our executive officers for our profitability, we grant awards under our incentive compensation plan to reward individual performance that contributed to the performance of our company. Annual current awards are set to bring total cash compensation to a competitive level for comparable positions within our industry if justified by performance. Deferred awards are long-term incentives designed to smooth out compensation in high and low net income years and as a retention incentive.

Long-Term Equity Awards Under Our Omnibus Stock Plans. We provide equity-based compensation and incentives to our executive officers through the award of restricted shares with performance-based vesting. We also may provide equity-based compensation and incentives to our executive officers through the award of time vested restricted shares or share units. Long-term equity awards are granted to executive officers as a reward for performance and to align their interests with the long-term growth and profitability of our company. The amount of each award is based upon individual performance and industry trends. Amounts realizable from prior equity-based awards also are considered in setting the amount of each award. Prior to 2003, long-term equity awards consisted of a combination of stock options and restricted shares.

Savings/Deferred Compensation Plans. Our 401(k) plan and deferred compensation plan for highly compensated employees allow an eligible executive to defer up to 90% of his or her salary and all of his or her bonus on an annual basis. We make a matching contribution for up to 8% of the executive's base salary.

Perquisites. We do not provide any significant perquisites to our executive officers.

Stock Ownership. We do not have stock ownership requirements or guidelines for our executive officers. However, all of our executive officers receive a significant amount of their total compensation in the form of grants of long-term equity awards. Our employees and directors generally are prohibited from trading in any derivatives related to our stock. Our executive officers and directors, however, may enter into long-term hedging transactions involving our stock if they receive approval from our Board.

Financial Restatements. Our Board has not adopted a formal policy regarding the effects of a financial restatement on prior awards. Our incentive compensation plan, however, provides for adjustments to future award pools for financial restatements.

Tax Deductibility Considerations. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to a public company for compensation paid to its chief executive officer or any of its four other most

Table of Contents

highly compensated executive officers to the extent that the compensation of any of these officers exceeds \$1 million in any calendar year. Qualifying performance-based compensation is not subject to the deduction limit.

The committee's primary goal is to design compensation strategies that further our best interests and the best interests of our stockholders. To the extent not inconsistent with that goal, we attempt where practical to use compensation policies and programs that preserve the deductibility of compensation expense. The restricted stock awards granted in 2005 and 2006 under our stock plans are designed to qualify as performance-based compensation. However, the restricted stock granted in 2003 and all of the awards under our incentive compensation plan do not qualify as performance-based compensation for purposes of Section 162(m).

2006 Executive Compensation. The 2006 Hewitt report was an important factor in the committee's determination of the level of total compensation for our executive officers and for allocations between current and deferred awards under our incentive compensation plan. The report was used to set total cash compensation for our executive officers at the appropriate level based upon performance. The remainder of the awards were deferred. Specific actions taken by the committee regarding 2006 compensation for our chief executive officer, our chief financial officer and each of our three other most highly compensated executive officers (these five executive officers are referred to as the named executive officers) are summarized below.

Mr. Pew, one of our named executive officers, retired from our company effective immediately after the end of 2006. The committee did not grant Mr. Pew a deferred award under our incentive compensation plan because it would have been immediately forfeited as result of his prior retirement.

Base Salary. Annual base salaries for our named executive officers increased between 12% and 37% in 2006 compared to 2005 (37% for Mr. Trice, 16% for Mr. Rathert, 17% for Mr. Schaible, 19% for Mr. Pew and 12% for Mr. Boothby). The relatively large increase in Mr. Trice's base salary was primarily attributable to the committee's efforts to keep his salary within a reasonable range of the base salaries paid to chief executive officers of peer companies in our industry. Base salary adjustments in 2006 for the other named executive officers were based on peer group information, general levels of market salary increases, cost of living adjustments, individual performance and our overall financial and operating results, without any specific relative weight assigned to any of these factors.

Base salaries for our named executive officers represented between 10% and 20% of their total compensation for 2006 (10% for Mr. Trice, 11% for Mr. Rathert, 12% for Mr. Schaible, 20% for Mr. Pew and 11% for Mr. Boothby). With the exception of Mr. Pew, these percentages are consistent with our pay for performance philosophy. Mr. Pew's base salary as a percentage of total compensation is relatively high because he did not receive a deferred award under our incentive compensation plan because of his retirement.

Incentive Compensation Awards. Awards granted under our incentive compensation plan to the named executive officers in February 2007 for the 2006 performance period are presented under Bonus in the 2006 Summary Compensation Table set forth below. After taking into account carryovers, the available award pool for our incentive compensation plan in 2006 was comparable to the 2005 award pool.

The changes in incentive compensation awards granted to our named executive officers in 2006 from the awards granted in 2005 ranged between a 50% decrease and a 72% increase (an 8% decrease for Mr. Trice, a 9% increase for Mr. Rathert, a 7% decrease for Mr. Schaible, a 50% decrease for Mr. Pew and a 72% increase for Mr. Boothby). Awards for Messrs. Trice, Schaible and Pew were negatively impacted by our corporate performance during 2006. Mr. Pew's award also decreased because he did not receive a deferred award as a result of his retirement. Mr. Rathert's award increased as a result of his efforts in reaching an agreement with our insurance underwriters to settle all claims related to Hurricanes Katrina and Rita, in obtaining insurance for the 2006 hurricane season and in connection with the April 2006 issuance of \$550 million principal amount of our 6% Senior Subordinated Notes due 2016 and the redemption of \$250 million principal amount of our 8% Senior Subordinated Notes due 2012. Mr. Boothby's award was increased to recognize the exceptional performance of our Mid-Continent division and the impact the resource plays in the Mid-Continent have had on our results.

Incentive compensation awards for our named executive officers represented between 43% and 65% of their total compensation for 2006 (50% for Mr. Trice, 50% for Mr. Rathert, 51% for Mr. Schaible, 43% for Mr. Pew and 65% for Mr. Boothby). With the exception of Mr. Pew, these percentages are consistent with our pay for

Table of Contents

performance philosophy. Mr. Pew's incentive compensation award as a percentage of total compensation is relatively low because he did not receive a deferred award as a result of his retirement.

The allocation of the available pool among employees was based upon an employee's impact on our 2006 results (weighted approximately 50%) and overall value to our company (including some consideration of future expectations) (weighted approximately 50%). The committee established awards for each of our named executive officers (other than our chief executive officer) after considering the recommendations of our chief executive officer and Hewitt. Based on these recommendations, with the exception of Mr. Pew, about 50% of the grants to these executive officers were in the form of deferred awards. The committee established the award for our chief executive officer after reviewing his self-evaluation and after considering Hewitt's recommendations. For 2006, 50% of our chief executive officer's award was deferred.

Stock Plans. In February 2006, Mr. Trice was awarded 60,000 restricted shares, each of Messrs. Rathert, Schaible and Pew were awarded 34,000 restricted shares and Mr. Boothby was awarded 20,000 restricted shares pursuant to our 2004 omnibus stock plan. The fair value of these shares on the date of their award is reflected in our Grants of Plan-Based Restricted Stock Awards in 2006 table below. These actions were taken to provide our named executive officers with further incentive with respect to our future performance, to further align their interests with those of our stockholders and to reward them for their contribution to our performance in 2005.

The restricted shares awarded to our named executive officers were divided equally between Base Restricted Shares and Bonus Restricted Shares. To the extent declared and paid, dividends will be paid on restricted shares.

Generally, the restricted shares will be forfeited if an executive officer does not remain continuously employed through March 1, 2009. The restricted shares will not be forfeited if, on or after March 1, 2008, the executive's employment with us is terminated by reason of a qualified retirement (as defined in the award document). In addition, the Base Restricted Shares will vest and become nonforfeitable upon a change of control (as defined in our 2004 omnibus stock plan). The Bonus Restricted Shares will be forfeited upon a change of control occurring prior to March 1, 2008. If a change of control occurs on or after March 1, 2008, forfeiture restrictions with respect to the Bonus Restricted Shares will lapse in accordance with the schedule set forth below assuming the Measurement Period had ended on the day immediately prior to the day on which the change of control occurs. If not previously forfeited, the forfeiture restrictions will lapse on March 1, 2009, in accordance with the schedule set forth below. All shares subject to forfeiture restrictions immediately following that date will be forfeited.

Incentive Compensation Plan. Our incentive compensation plan provides for the creation each calendar year of an award pool that generally is equal to 5% of our adjusted net income (as defined in the plan) plus the revenues attributable to designated overriding royalty or similar interest bearing on the interest of certain third party participants. All awards are paid in cash. Awards may consist of both a current and a deferred amount. Deferred awards are paid in four annual installments, each installment consisting of 25% of the deferred award, plus interest. Deferred awards granted before the 2003 plan year accrue interest at prime rate. Subsequent deferred awards accrue interest at a rate of 6% per year, which may be adjusted by our Board from time to time. For 2006, the weighted average interest rate for deferred awards for the named executive officers was approximately 6%. Employees are generally entitled to a deferred award only if they remain employed by us through the date of payment of the award. If an employee is terminated by us without cause (as defined in the plan), however, such employee will be entitled to receive regular installments of their outstanding deferred awards. Messrs. Rathert and Schaible are entitled to regular installments of their deferred awards regardless of their employment status with us unless they are terminated for cause (as defined in the plan).

Deferred Compensation Plan For Highly Compensated Employees. Our deferred compensation plan for highly compensated employees allows an eligible employee to defer up to 90% of his or her salary and all of his or her bonus on an annual basis. We make a matching contribution for up to 8% of the employee's salary. Our contribution with respect to any particular employee under the deferred compensation plan for highly compensated employees is reduced to the extent that we make contributions to our 401(k) plan on behalf of that employee. Employee account balances accrue interest at a rate equal to the highest coupon rate paid on our public debt. For 2006, this rate equaled 8.375%. Benefit payments under our deferred compensation plan for highly compensated employees do not begin until the employee terminates employment with us.

Effective January 1, 2007, we established an irrevocable rabbi trust to hold employee account balances under our deferred compensation plan for highly compensated employees. Employee account balances are now invested, at the direction of each employee, in substantially the same investment alternatives as are available under our 401(k) plan.

Potential Payments Upon Termination or Change of Control

Change of Control Severance Agreements. In February 2005, we entered into change of control severance agreements with our named executive officers. The agreements have an initial term of either two or three years, with automatic daily extensions unless our Board takes action to cease the automatic extensions.

The agreements, as amended, generally provide for a severance protection period that begins on the date of a change of control of our company and ends on either the second or the third anniversary of that date (certain circumstances may cause an extension of the period). During the protected period, if the executive's employment is terminated by us without cause or by the executive for good reason, the agreement provides for the following severance benefits: (1) a lump sum cash payment equal to either two or three times the sum of (a) the greater of the executive's base salary prior to the change of control or at any time thereafter and (b) one-half of the greater of the executive's bonus compensation for the two years ending prior to the change of control or for the two years ending prior to the executive's termination of employment, (2) full vesting of restricted stock awards (other than the Bonus Restricted Shares granted in February 2006) and stock options (vesting of restricted stock awards and stock options is also covered under our omnibus stock plans), (3) health coverage at active executive rates for either two or three years (health benefits are to be offset by any health benefits the executive receives from subsequent employment and a cash payment may be made by us in lieu of providing coverage if the executive is not eligible for the coverage or if the health benefits provided would be taxable to the executive) and (4) outplacement services. If the executive is terminated by us for failure to perform the executive's duties for at least 180 days due to physical or mental illness, such severance benefits do not apply.

A change of control is defined as follows: (1) we are not the survivor in any merger, consolidation or other reorganization (or survive only as a subsidiary); (2) the consummation of a merger or consolidation with another entity pursuant to which less than 50% of the outstanding voting securities of the survivor will be issued in respect of our capital stock; (3) we sell, lease or exchange all or substantially all of our assets; (4) we are to be dissolved and liquidated; (5) any person acquires ownership or control (including the power to vote) of more than 50% of the shares of our voting stock (based upon voting power); or (6) as a result of or in connection with a contested election of

directors, the persons who were our directors before the election cease to constitute a majority of our Board.

Table of Contents

However, a change of control does not include any merger, consolidation, reorganization, sale, lease, exchange, or similar transaction solely between us and one or more entities that were wholly owned by us immediately prior to the event.

Good reason is defined as follows: (1) a material reduction in the executive's authority, duties, titles, status or responsibilities or the assignment to the executive of duties or responsibilities inconsistent in any material respect from those previously in effect; (2) any reduction in the executive's base salary; (3) any failure to provide the executive with a combined total of base salary and bonus compensation at a level at least equal to the combined total of (a) the executive's base salary immediately prior to the change of control and (b) one-half of the total of all cash bonuses (whether paid or deferred) awarded to the executive for the two most recent years ending prior to the change of control; (4) we fail to obtain a written agreement from any successor to assume and perform the agreements; or (5) relocation of our principal executive offices by more than 50 miles or the executive is based at any office other than our principal executive offices.

Cause is defined as follows: (1) willful and continued failure to substantially perform duties; (2) conviction of or plea of nolo contendere to a felony or a misdemeanor involving moral turpitude; (3) willful engagement in gross misconduct materially and demonstrably injurious to us; (4) material violation of any of our material policies; or (5) the executive is subject of SEC obtained or issued order for any securities violation involving fraud.

If the payment of benefits under the agreement or otherwise results in the executive being subject to parachute payment excise taxes, we must make an additional payment to the executive in an amount such that after the payment of all income and excise taxes, the executive will be in the same net after-tax position as if no parachute payment excise taxes had been imposed. Receipt of benefits under the agreement (other than the vesting of stock awards) is subject to the executive's execution of a comprehensive release, which contains a confidentiality agreement. If a dispute arises, the agreement provides for binding arbitration at our expense (unless the arbitrator provides otherwise with respect to the executive's expenses).

The agreements with Messrs. Trice, Rathert, Schaible and Pew provide for a three year initial term, a three year severance protection period, a three times multiplier for determining cash severance payment and three years of health coverage, while the agreement with Mr. Boothby provides for a two year initial term, a two year severance protection period, a two times multiplier for determining the cash severance payment and two years of health coverage. All five agreements provide for automatic daily extensions unless our Board takes action to cease the automatic extensions.

Omnibus Stock Plans. Under our 2000, 2004 and 2007 omnibus stock plans, stock options will fully vest and restricted stock awards (other than the Bonus Restricted Shares granted in February 2006) will fully vest and become nonforfeitable upon a change of control (as defined in the plans).

The Bonus Restricted Shares granted in February 2006 will be forfeited upon a change of control (as defined in our 2004 omnibus stock plan) occurring prior to March 1, 2008. If a change of control occurs on or after March 1, 2008, forfeiture restrictions with respect to Bonus Restricted Shares will lapse in accordance with the schedule set forth in footnote 2 to our Grants of Plan-Based Restricted Stock Awards in 2006 table assuming the Measurement Period had ended on the day immediately prior to the day on which the change of control occurs.

The provisions of our omnibus stock plans described above will control the vesting of all stock options and restricted stock awards that are outstanding on the date of a change of control.

Incentive Compensation Plan. Under our incentive compensation plan, deferred awards for Messrs. Trice and Boothby will fully vest upon a change of control (as defined in the plan). In addition, all of our named executive officers are entitled to full payment of their aggregate balance in our incentive compensation plan upon such a change of control. See 2006 Nonqualified Deferred Compensation.

Deferred Compensation Plan. Upon termination of their employment with us, our named executive officers are entitled to full payment of their balance in our deferred compensation plan for highly compensated employees. See 2006 Nonqualified Deferred Compensation.

The following table sets forth the potential payments due to named executive officers assuming the executive's employment was terminated by us without cause or by the executive for good reason at December 31, 2006, immediately following a change of control.

(1) In calculating the amount payable in respect of the executive's bonus, we have assumed the termination occurred immediately following December 31, 2006.

(2) Messrs. Rathert and Schaible were vested in their deferred awards at the time of grant.

(3) Calculated by multiplying the number of unvested shares of restricted stock by the closing price of our common stock on the NYSE on December 29, 2006 of \$45.95.

- (4) Calculated by taking the difference between the closing price of our common stock on the NYSE on December 29, 2006 of \$45.95 and the exercise price of the stock option.

- (5) Reflects the estimated cost to us to provide existing medical and dental benefits to each executive for the time period specified in each executive's agreement (three years for Messrs. Trice, Rathert, Schaible and Pew, and two years for Mr. Boothby). To the extent amounts paid by us for the executive's medical and dental benefits are included in the executive's gross income, the executive would be entitled to receive an additional tax gross up payment in an amount such that after the

payment of taxes attributable to such inclusion, the executive would be in the same net after-tax position as if no income taxes had been imposed.

- (6) Represents the maximum benefit available to each executive.

- (1) Reflects the dollar amount recognized for financial statement reporting purposes with respect to 2006 computed in accordance with SFAS No. 123(R), disregarding the estimate of forfeitures

related to service-based vesting conditions. Amounts reflect compensation cost recognized with respect to awards granted in 2005 and 2006. The grant date fair value of each 2006 award computed in accordance with SFAS No. 123(R) was \$74,982.51. For the assumptions used in the valuation of restricted stock awards, see Note 11, Stock-Based Compensation, to our audited financial statements included in our annual report on Form 10-K for the year ended December 31, 2006 filed with the SEC.

Table of Contents

- (2) Each non-employee director held 1,593 restricted shares at December 31, 2006.
- (3) Reflects amounts contributed during 2006 to a charitable institution pursuant to our matching gift program for non-employee directors. Under this program, we match our non-employee directors charitable contributions up to \$1,000 per year. At December 31, 2006, \$1,000 was payable under this program.

For the annual period ending on May 3, 2006, our non-employee directors were paid an annual fee of \$30,000. The chairpersons of the Audit Committee, Compensation & Management Development Committee and Nominating & Corporate Governance Committee received an additional annual fee of \$6,000 during that period. Effective as of the annual period beginning May 4, 2006, the annual fee to non-employee directors increased to \$40,000 and the additional annual fee to the chairpersons of the Audit Committee and Compensation & Management Development Committee increased to \$15,000. Non-employee directors also receive a fee of \$1,500 for each board meeting and committee meeting not held on the same day as a board meeting and a fee of \$750 for each telephonic board or committee meeting. In addition, non-employee directors are paid a fee of \$1,000 for each committee meeting held on the same day as a board meeting if the committee meeting lasts for a substantial period of time. For purposes of annual fees, an annual period begins on the date of our annual meeting of stockholders and ends on the date of our next annual meeting. Effective as of the annual period beginning May 3, 2007, the annual fee to non-employee directors will increase to \$50,000 and our Lead Director will receive an additional annual fee of \$15,000. Our non-employee directors earned \$1,209,333 in the aggregate in 2006 as compensation for serving as directors. Only non-employee directors are compensated for serving as directors. Non-employee directors also are reimbursed for out-of-pocket expenses incurred to attend board and committee meetings.

Director stock awards are granted pursuant to our non-employee director restricted stock plan. Each of our non-employee directors who was in office immediately after our 2005 annual meeting of stockholders was granted

restricted shares with a market value of \$30,000 based on the closing sales price of our common stock on the date of the annual meeting. Beginning immediately after our 2006 annual meeting, the market value of the annual restricted stock grant to our directors increased to \$75,000. In addition, each non-employee director who is appointed to our Board (not in connection with an annual meeting of stockholders) is granted restricted shares with a market value of \$75,000 based on the closing sales price of our common stock on the date of appointment. With respect to all such grants, the restrictions lapse on the day before the first annual meeting of stockholders following the date of grant. An aggregate of 200,000 restricted shares were initially available for issuance pursuant to our non-employee director restricted stock plan. Subject to stockholder approval at the annual meeting, our Board amended the plan on February 7, 2007 to increase the market value of restricted stock grants under the plan from \$75,000 to \$100,000. See Item 4 Approval of Second Amendment to Newfield Exploration Company 2000 Non-Employee Director Restricted Stock Plan. As of February 28, 2007, there were 109,913 restricted shares available for grant and 17,523 restricted shares outstanding under our non-employee restricted stock plan.

Each of Messrs. Burguieres, Hendrix, Kemp, Lacey, Netherland, Newman, Ricks, Shultz and Strange, Ms. Gardner and Ms. Romans were granted 1,593 restricted shares on May 4, 2006, the date of our 2006 annual meeting of stockholders.

Compensation Committee Interlocks and Insider Participation

Messrs. Hendrix, Kemp, Netherland, Lacey and Shultz served during all of 2006 on the Compensation & Management Development Committee of our Board. There were no interlocks among any of the members of the committee and any of our executive officers.

David A. Trice, our Chairman, President and Chief Executive Officer, and Susan G. Riggs, our Treasurer, are minority owners of Huffco International L.L.C. In May 1997, prior to Mr. Trice and Ms. Riggs joining us, we acquired from Huffco an entity now known as Newfield China, LDC, the owner of a 12% interest in a three field unit located on Blocks 04/36 and 05/36 in Bohai Bay, offshore China. Huffco retained preferred shares of Newfield China that provide for an aggregate dividend equal to 10% of the excess of proceeds received by Newfield China from the sale of oil, gas and other minerals over all costs incurred with respect to exploration and production in Block 05/36, plus the cash purchase price we paid Huffco for Newfield China (\$6 million). At December 31, 2006, Newfield China had approximately \$55 million of unrecovered exploration and production costs. As a result, no dividends have been paid to date on its preferred shares. We anticipate that Newfield China will begin paying preferred dividends in the third quarter of 2007. Based on our estimate of the net present value of the proved reserves associated with the unit, the indirect interests (through Huffco) in Newfield China's preferred shares held by Mr. Trice and Ms. Riggs had a net present value of approximately \$274,000 and \$105,000, respectively, at December 31, 2006.

Interests of Management and Others in Certain Transactions

David A. Trice, our Chairman, President and Chief Executive Officer, and Susan G. Riggs, our Treasurer, own an indirect interest in preferred shares of Newfield China, one of our subsidiaries. See Compensation Committee Interlocks and Insider Participation above.

Mr. Trice and Dennis R. Hendrix, one of our directors, serve as directors of Grant Prideco Inc. During 2006, we paid Grant Prideco Inc. approximately \$2,736,000 for services rendered to us in the ordinary course of business. Grant

Prideco Inc. provides pipe inspection, testing, threading and coating services to the oil and gas exploration and production industry.

Mr. Trice serves on the board of directors of Hornbeck Offshore Services, Inc. In 2006, we paid Hornbeck Offshore Services, Inc. approximately \$574,000 for marine transportation services rendered to us in the ordinary course of business. Hornbeck Offshore Services, Inc. provides marine vessel services to the offshore oil and gas exploration and production industry.

Philip J. Burguières, one of our directors, also is a director of JPMorgan Chase Texas. Affiliates of JPMorgan Chase Texas are the agent and a lender under our revolving credit facility. We also are parties to commodity and interest rate hedge agreements with affiliates of JPMorgan Chase Texas.

In December 2005, we entered into a prospect generation agreement with a private equity fund and an investment vehicle formed and wholly owned by the fund (DBV). Until April 2006, Howard H. Newman, one of our directors, was a Vice Chairman and Senior Advisor of Warburg Pincus LLC, the manager of the fund.

The purpose of the prospect generation agreement is to identify oil and gas prospects in mutually acceptable deepwater (200 meters or deeper) offshore basins by using controlled source electromagnetic technology (CSEM). The Gulf of Mexico, the U.K. North Sea and basins offshore Brazil and Malaysia are excluded from the agreement. Under the agreement, we will provide prospect generation services for three years and DBV will reimburse us for 50% of the costs (including allocated overhead) we incur in providing the services up to a maximum of \$20 million (DBV's commitment is \$10 million). Generally, we must offer DBV the opportunity to invest in all projects within the covered area. However, neither party has any obligation to proceed beyond the identification of projects. Newfield will own 66²/₃ % and DBV will own 33¹/₃ % of any projects that are captured under this arrangement. During 2006, we expended approximately \$786,000 to provide prospect generation services under the agreement.

We agreed, to the extent practicable, to give ElectroMagnetic GeoServices AS (EMGS), a leading provider of surveys utilizing CSEM, the opportunity to bid on all CSEM surveys obtained under our arrangement with WPD. Affiliates of Warburg Pincus LLC own a majority of the outstanding shares and Thomas G. Ricks, one of our directors, is an employee of HS Ventures LLC, the general partner of HS Management, L.P., and, in turn, a limited partner of Warburg Pincus Private Equity VIII, L.P., a shareholder of EMGS.

C. E. Shultz, one of our directors, also is a director of Enbridge Inc. During 2006, we paid Enbridge Inc. approximately \$1,858,000 for oil and gas transportation services rendered to us in the ordinary course of business. Enbridge Inc. provides oil and gas transportation services to the oil and gas exploration and production industry.

Joseph H. Netherland, one of our directors, is the Chairman, President and Chief Executive Officer of FMC Technologies, Inc. Philip J. Burguières, one of our directors, also is a director of FMC Technologies, Inc. During 2006, we paid FMC Technologies, Inc. approximately \$3 million for services rendered to us in the ordinary course of business. FMC Technologies, Inc. provides well completion services, crane operations, emergency response service, welding services, valve reconditioning and repair services and other energy services to the oil and gas exploration and production industry.

We have not formally adopted any policies or procedures for approval of related party transactions. However, related party transactions are strongly discouraged. All proposed related party transactions are disclosed to our Board and are addressed on a case-by-case basis.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC. These persons are required by SEC rules to furnish us with copies of these reports. Based solely on our review of the copies of these reports received by us and representations from certain reporting persons that they have complied with the relevant filing requirements, we believe that all such filing requirements were complied with during the year ended December 31, 2006, except as follows:

In February 2006, Gary D. Packer was granted 20,000 restricted shares. The grant should have been reported no later than February 17, 2006 but was reported late on February 21, 2006.

In March 2006, David A. Trice acquired 10,000 shares of common stock upon the exercise of stock options. The exercise should have been reported no later than March 9, 2006 but was reported late on March 15, 2006.

In March 2006, Stephen C. Campbell acquired 684 shares of common stock through our 401(k) Plan. The purchase should have been reported no later than March 13, 2006 but was reported late on March 20, 2006.

In May 2006, Brian L. Rickmers satisfied tax withholding obligations upon the vesting of restricted shares by surrendering to the Company 106 vested shares. This withholding should have been reported no later than May 7, 2006 but was reported late on May 17, 2006.

In May 2006, each of Messrs. Burguières, Hendrix, Kemp, Lacey, Netherland, Newman, Ricks, Shultz and Strange, Ms. Gardner and Ms. Romans were granted 1,593 restricted shares. The grants should have been reported no later than May 8, 2006 but were reported late on May 17, 2006.

In September 2006, W. Mark Blumenshine satisfied tax withholding obligations upon the vesting of restricted shares by surrendering to the Company 529 vested shares. The withholding should have been reported not later than September 22, 2006 but was reported late on October 5, 2006.

In November 2006, Michael D. Van Horn was granted 50,000 restricted shares. The grant should have been reported no later than November 15, 2006 but was reported late on November 21, 2006.

In December 2006, James J. Metcalf, Jr. was granted 390 shares of common stock in lieu of cash under our 1993 incentive compensation plan and he satisfied tax withholding obligations by surrendering to the Company 104 shares. These transactions should have been reported no later than December 5, 2006 but were reported late on December 13, 2006.

Audit Committee Report

The Audit Committee currently consists of the five directors whose names appear below. Each member of the Committee is independent as defined in Section 303A.00 of the NYSE's listing standards. The primary purposes of the Committee are:

appointing, retaining and terminating Newfield's independent public accountants;

monitoring the integrity of Newfield's financial statements and reporting processes and systems of internal control;

evaluating the qualifications and independence of Newfield's independent public accountants;

evaluating the performance of Newfield's internal audit function and independent public accountants; and

The Committee performs the specific functions set forth in its charter, which is available on our website. Go to <http://www.newfield.com> and then to the Corporate Governance Overview tab.

The Committee held six meetings in person or by conference telephone during 2006. The meetings were designed to facilitate and encourage communication between the Audit Committee and Newfield's internal auditors and independent public accountants.

The Committee has reviewed and discussed with Newfield's management and PricewaterhouseCoopers LLP, Newfield's independent accountants, the audited financial statements of Newfield included in its annual report on Form 10-K for the year ended December 31, 2006.

The Committee also has discussed with Newfield's independent public accountants the matters required to be discussed pursuant to SAS 61, 89 and 90, Codification of Statements on Auditing Standards, Communication with Audit Committees. The Committee has received and reviewed written disclosures and the letter from PricewaterhouseCoopers LLP as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with PricewaterhouseCoopers LLP such independent accountants' independence. Table of Contents**Principal Accountant Fees and Services**

Aggregate fees for professional services rendered to us by PricewaterhouseCoopers LLP for the years ended December 31, 2006 and 2005 were:

Category of Service	2005	2006
Audit fees	\$ 1,585,771	\$ 1,657,500

The audit fees for both years were for professional services rendered in connection with the audit of our 2005 and 2006 consolidated financial statements and reviews of our quarterly consolidated financial statements within such years. These fees also include the statutory audit fees in the U.K. and Malaysia and issuance of comfort letters, consents and assistance with review of various documents filed with the SEC.

Audit related fees for 2006 were for consultation regarding our implementation of new accounting pronouncements during the year and for licensing fees for access to a technical literature database. Audit related fees for 2005 were for licensing fees for access to a technical literature database.

Tax fees for both years were for services related to tax compliance, including the preparation of international tax returns and tax planning advice.

PricewaterhouseCoopers did not provide us any financial information systems design or implementation services during 2006 or 2005.

The Audit Committee reviews and pre-approves audit and non-audit services performed by our independent accountants as well as the fees charged for these services. The Audit Committee may delegate pre-approval authority for these services to one or more members, whose decisions are then presented to the full Audit Committee at its next scheduled meeting. In its review of all non-audit service fees, the Audit Committee considers, among other things, the possible effect of these services on the independence of our public accountants.

ITEM 2.
APPROVAL OF THE NEWFIELD EXPLORATION COMPANY
2007 OMNIBUS STOCK PLAN

Our Board of Directors approved the Newfield Exploration Company 2007 Omnibus Stock Plan effective as of March 15, 2007 and directed that the plan be presented to our stockholders for approval at the annual meeting. As of February 28, 2007, an aggregate of 1,200,274 shares of our common stock were available for grant pursuant to all of our employee stock plans (other than pursuant to our Employee Stock Purchase Plan). Of this amount, not more than 391,235 shares of our common stock may be subject to restricted stock awards. Under the terms of our 2000 Omnibus Stock Plan, 406,756 shares of our common stock were available for grant as of February 28, 2007, of which not more than 22,826 shares may be subject to restricted stock awards. Under the terms of the 2004 Omnibus Stock Plan, 793,518 shares of our common stock were available for grant as of February 28, 2007. Under the fungible share pool design of our 2004 Omnibus Stock Plan, the shares of our common stock available for grant under the plan are reduced by two times the number of restricted shares granted under the plan. As a result, as of February 28, 2007, not more than 368,409 shares of our common stock may be subject to restricted stock awards under the 2004 plan.

As of February 28, 2007, 5,441,887 shares of our common stock were subject to outstanding stock option awards granted under all of our employee stock plans (other than pursuant to our Employee Stock Purchase Plan). These awards have a weighted average exercise price per share of \$23.71 and a weighted average remaining term of 6.2 years. As of February 28, 2007, excluding forfeited shares, 2,863,328 unvested shares of restricted stock were outstanding under all of our employee stock plans.

As of February 28, 2007, we had approximately 864 full time employees.

Summary of the Plan

The full text of the plan is included in this proxy statement as Appendix A. The following summary of the plan is qualified in its entirety by reference to the full text of the plan.

Purpose. The purpose of the plan is to provide a means through which our company and its subsidiaries may attract and retain able employees and to provide a means whereby those individuals upon whom the successful administration and management of our company and its subsidiaries rest, and whose present and potential contributions to our welfare are of importance, may acquire and maintain stock ownership, thereby strengthening their concern for our company and its subsidiaries. A further purpose of the plan is to provide employees with additional incentive and reward opportunities designed to enhance our profitable growth and to better align the interests of such employees with those of our stockholders.

Eligibility; Types of Awards. Under the plan, the committee administering the plan (which will be the Compensation & Management Development Committee of our Board) may award nonqualified stock options, incentive stock options, restricted stock and restricted stock units to employees of our company and its subsidiaries.

Options. Options granted under the plan may be either incentive stock options within the meaning of Section 422 of the Internal Revenue Code or nonqualified stock options that do not qualify for special tax treatment under Section 422 or similar provisions. Each option will have a specified term that cannot exceed 10 years.

No stock option may be granted with a per share exercise price less than the fair market value of a share of our common stock on the date the stock option is granted. For this purpose, the fair market value of a share for a particular day is equal to the average of the high and low sales prices of our common stock on the NYSE on that day. Generally, the committee may not, without stockholder approval, amend any outstanding option to lower the exercise price or cancel and replace an outstanding option with an option having a lower option price.

Restricted Stock. Under the plan, the committee may issue shares of our common stock in the form of restricted stock awards. Unless otherwise provided in the agreement governing an award, participants will have the right to vote restricted shares and the right to receive any cash dividends. The committee will determine the participants to whom restricted shares will be awarded, the number of shares to be awarded, the duration of the

Table of Contents

restricted period, the conditions under which the shares may be forfeited to us and any other terms and conditions. Restricted stock may not be disposed of by a participant until the restrictions specified in the restricted stock award expire.

The committee also may establish performance targets applicable to restricted stock awards, including in such a manner as may permit lapse of restrictions with respect thereto to qualify as performance-based compensation pursuant to Section 162(m)(4)(C) of the Internal Revenue Code. Restrictions may lapse upon the attainment of one or more performance targets based on, among others, (a) the market price of our common stock, (b) our consolidated earnings per share, (c) our market share, (d) the market share of one of our business units, (e) our sales, (f) the sales of one of our business units, (g) our or one of our business unit's consolidated net income (before or after taxes), (h) our or one of our business unit's consolidated cash flow return on investment, (i) our or one of our business unit's consolidated earnings before or after interest, taxes and depreciation, depletion and amortization, (j) the economic value added, (k) the return on stockholders' equity achieved by us, (l) reserve additions or revisions, (m) economic value added from reserves, (n) total capitalization, (o) total stockholder return, (p) assets, (q) exploration successes, (r) production volumes, (s) finding and development costs, (t) cost reductions and savings, (u) return on sales or (v) profit margins. The committee may, in its discretion, terminate any restrictions applicable to a restricted stock award unless such action would cause an award that was designed to qualify as performance-based compensation to no longer so qualify.

Restricted Stock Units. The plan also provides for the grant of restricted stock units. Each unit represents the right to receive in specified circumstances either one share of our common stock or the fair market value, in cash, of one share of our common stock. Participants will not have the right to vote shares reflected by restricted stock units or have the right to receive any cash dividends. The committee will determine the participants to whom restricted stock units will be awarded, the number of units to be awarded, the duration of the restricted period, the conditions under which the units may be forfeited to us and any other terms and conditions. Restricted stock units may not be disposed of by a participant, and settlement of vested restricted stock units shall be made in cash or in shares (subject to the terms of each award document) of our common stock as soon as practicable after vesting but in no event later than 30 days after vesting.

The committee also may establish performance targets applicable to restricted stock unit awards, including in such a manner as may permit lapse of restrictions with respect thereto to qualify as performance-based compensation pursuant to Section 162(m)(4)(C) of the Internal Revenue Code. Restrictions may lapse upon the attainment of one or more performance targets based on, among others, (a) the market price of our common stock, (b) our consolidated earnings per share, (c) our market share, (d) the market share of one of our business units, (e) our sales, (f) the sales of one of our business units, (g) our or one of our business unit's consolidated net income (before or after taxes), (h) our or one of our business unit's consolidated cash flow return on investment, (i) our or one of our business unit's consolidated earnings before or after interest, taxes and depreciation, depletion and amortization, (j) the economic value added, (k) the return on stockholders' equity achieved by us, (l) reserve additions or revisions, (m) economic value added from reserves, (n) total capitalization, (o) total stockholder return, (p) assets, (q) exploration successes, (r) production volumes, (s) finding and development costs, (t) cost reductions and savings, (u) return on sales or (v) profit margins.

Shares Available. No more than 1,100,000 shares of our common stock may be issued under the plan. With respect to each option granted under the plan, the number of shares available for issuance under the plan will be reduced by the number of shares subject to such option, and to the extent that such option lapses or the rights of its holder terminate, any shares not issued pursuant to such option shall again be available for grant under the plan. With respect to each award of restricted shares and restricted units, the number of shares available for issuance under the plan will be reduced by the number of shares subject to such award, and to the extent that such award lapses or the rights of its holder terminate, the number of shares subject to such award that were forfeited will again be available for grant under the plan. Under the terms of the plan, the maximum number of shares of our common stock that may be subject to option awards granted to any one employee during any calendar year is 250,000. In addition, the aggregate grant date fair market value of shares of our common stock that may be subject to or reflected by restricted stock awards or restricted stock unit awards granted to any one employee during any calendar year is \$10,000,000. The number of

shares available under the plan, the limits on the number of shares that may be subject to awards granted to any one employee during any calendar year and the number of shares subject to, and the

Table of Contents

exercise price of, outstanding stock options are subject to adjustment upon a change in our common stock as a result of a stock dividend or split, recapitalization, reorganization, reclassification or other similar change.

Administration. The plan is administered by the Compensation & Management Development Committee, or a subcommittee of that committee, which must approve option, restricted stock, and restricted stock unit awards granted under the plan. The committee has broad powers to administer and interpret the plan, including the authority (a) to establish rules for the administration of the plan, (b) to select the participants in the plan, (c) to determine the types of awards to be granted and the number of shares covered by such awards and (d) to set the terms and conditions of such awards.

Change of Control Provisions. Generally, effective upon or immediately prior to the occurrence of a change of control all restrictions on restricted shares and restricted units under the plan will immediately lapse and all options automatically will be fully exercisable. In addition, upon a change of control the committee may take one or more of the following actions in connection with any options granted under the plan: (a) cancel some or all of the outstanding options as of such time and provide for the purchase by us, in cash, of such options at a price determined pursuant to the terms of the plan, (b) make such adjustments to options then outstanding as the committee deems appropriate, in its sole discretion, to reflect such change of control or (c) provide that the number and class of shares covered by an outstanding option be adjusted so that such option will thereafter cover the number and class of shares of stock or other securities or property (including cash) to which the participant would have been entitled if, immediately prior to such change of control, the participant had been the holder of record of the number of shares of our common stock then covered by such option. Under the plan, a change of control generally means: (i) our company is not the surviving entity in any merger, consolidation or other reorganization (or survives only as a subsidiary of another entity), (ii) we consummate a merger or consolidation of our company with another entity and as a result of such merger or consolidation less than 50% of the outstanding voting securities of the surviving or resulting corporation will be issued in respect of the capital stock of our company, (iii) we sell, lease or exchange all or substantially all of our assets to any other person or entity, (iv) our company is dissolved or liquidated, (v) any person, entity or group acquires or gains control of more than 50% of our outstanding voting stock or (vi) as the result of a contested election, the persons who were our directors before such election cease to constitute a majority of our Board.

Amendment. Our Board may, in its sole discretion, terminate or amend the plan at any time except that the terms of any award then outstanding may not be adversely affected without the consent of the holder of such award. However, our Board may not amend the plan without the approval of stockholders if the amendment would (a) increase the total number of shares of our common stock available for issuance under the plan, (b) change the class of individuals eligible to participate in the plan, (c) change or delete the restrictions on repricing options, (d) increase the maximum number of shares of our common stock that may be subject to awards granted to any one individual during any calendar year, (e) permit the award of shares of our common stock other than in the form of restricted stock, (f) provide for additional types of awards, (g) permit the price at which a share of our common stock may be purchased upon exercise of an option to be less than the fair market value of a share on the date the option is granted or (h) alter or otherwise change the foregoing restrictions.

Federal Income Tax Consequences. The following is a general summary of the material United States federal income tax consequences relating to the plan based on federal income tax laws currently in effect. The summary is not intended to be exhaustive and does not describe the effect, if any, of gift, estate and inheritance taxes or of state, local or foreign taxes. The plan is not qualified under Section 401(a) of the Code.

Nonqualified stock options granted under the plan are not intended to, and do not qualify for, the favorable tax treatment available to incentive stock options under Section 422 of the Internal Revenue Code. Generally, no income is taxable to the optionee (and we are not entitled to any deduction) upon the grant of a nonqualified stock option. When a nonqualified stock option is exercised, the optionee generally must recognize compensation taxable as ordinary income equal to the difference between the option price and the fair market value of the shares on the date of exercise. We are entitled to a deduction equal to the amount of compensation the optionee is required to recognize as ordinary income if we comply with applicable federal reporting requirements.

Incentive stock options granted under the plan are intended to qualify for favorable tax treatment under Section 422. Under Section 422, an optionee recognizes no taxable income when an incentive stock option is granted.

Further, the optionee generally will not recognize any taxable income when the incentive stock option is

Table of Contents

exercised if he or she has at all times from the date of the option's grant until three months before the date of exercise been an employee of our company. We ordinarily are not entitled to any deduction upon the grant or exercise of an incentive stock option. Certain other favorable tax consequences may be available to the optionee if he or she does not dispose of the shares acquired upon the exercise of an incentive stock option for a period of two years from the granting of the option and one year from the receipt of the shares.

A participant who receives a restricted stock award and who does not elect to be taxed at the time of grant will not recognize taxable income upon such grant and we will not be entitled to a deduction until the lapse of restrictions with respect to such shares. Upon such lapse, the participant will recognize taxable ordinary income in an amount equal to the fair market value of our common stock at that time, and subject to certain limitations on compensation in excess of \$1 million set forth in Section 162(m) which may apply, we will be entitled to a deduction in the same amount. A participant may, however, elect to recognize taxable ordinary income in the year the shares are granted in an amount equal to their fair market value at that time (determined without regard to the restrictions). In that event, we will be entitled to a deduction in such year in the same amount, and any gain or loss recognized by the participant upon subsequent disposition of the shares will be capital gain or loss. Any dividends with respect to shares that are paid or made available to a participant (who has not elected to be taxed on the date of grant) while such shares remain forfeitable are treated as additional compensation taxable as ordinary income to the participant and deductible by us. If such election has been made with respect to the shares, dividends represent ordinary dividend income to the participant and are not deductible by us. If the participant elects to be taxed on the restricted shares on the date of grant and the participant subsequently forfeits such shares, the participant is not entitled to a deduction as a consequence of such forfeiture and we must include as ordinary income the amount we previously deducted with respect to such shares.

Restricted stock units will generally be subject to the tax rules governing deferred compensation. However, if a restricted stock unit grant satisfies the requirements of the tax rules governing deferred compensation (or satisfies the requirements for an exemption from such rules), then a participant generally will not recognize any taxable income upon the grant or vesting of restricted stock units granted under the plan. A participant generally will recognize ordinary income equal to the amount of cash or the fair market value of the shares received in payment of the vested units. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the participant, subject to limitations with respect to certain officers. If a restricted stock unit fails to satisfy the requirements under the tax rules for deferred compensation, then the participant will be subject to tax at his or her ordinary income tax rate plus 20% and may also owe interest. If a restricted stock unit is forfeited, a participant will recognize no taxable income.

Certain provisions in the plan provide for the acceleration of the time at which options then outstanding may be exercised and the lapse of restrictions on restricted shares and restricted stock units. The value of such acceleration or lapse may constitute parachute payments which, could result in the individual receiving excess parachute payments (all or a portion of which would be allocated to those payments derived from an award of stock). We would not be allowed a deduction for any excess parachute payments and the recipient of the payments would be subject to a nondeductible 20% excise tax on such payments in addition to income tax otherwise owed with respect to such payment.

New Plan Benefits

To date, no awards have been granted under the plan. Since awards under the plan will be granted at the sole discretion of the Compensation & Management Development Committee, we cannot currently determine either the persons who will receive awards under the plan or the amounts of any such awards.

**APPROVAL OF THE SECOND AMENDMENT TO NEWFIELD EXPLORATION COMPANY
2000 NON-EMPLOYEE DIRECTOR RESTRICTED STOCK PLAN**

On February 7, 2007, our Board adopted the Second Amendment to Newfield Exploration Company 2000 Non-Employee Director Restricted Stock Plan and directed that the amendment be submitted to our stockholders for approval at the annual meeting. The purpose of the amendment is to increase the value of annual restricted stock grants under the plan from \$75,000 to \$100,000. A copy of the amendment is included in this proxy statement as Appendix B. If the amendment is not approved by our stockholders it will be void and the plan will continue in effect as if the amendment had not been adopted by our Board.

Summary of the Plan

Set forth below is a summary of the plan. The full text of the plan was filed with the SEC as Exhibit 10.18 to our annual report on Form 10-K for the year ended December 31, 1999. The first amendment to the plan was filed with the SEC as Exhibit 10.5.1 to our annual report on Form 10-K for the year ended December 31, 2006.

Purpose. The purpose of the plan is to enhance our ability to attract and retain qualified persons who are not employees for service as directors and to encourage ownership in our company by such non-employee directors by granting shares of our common stock subject to the restrictions described below.

Eligibility. Only our non-employee directors are eligible to receive grants under the plan. A non-employee director is a director who is not an employee of our company and was not an employee of our company at any time during the preceding calendar year.

Awards. Each non-employee director who is in office immediately after an annual meeting of stockholders is granted restricted shares with a market value of \$75,000 based on the closing sales price of our common stock on the date of such meeting. In addition, each non-employee director who is appointed by our Board (not in connection with an annual meeting of stockholders) is granted restricted shares with a market value of \$75,000 based on the closing sales price of our common stock on the date of appointment. Restrictions on shares granted pursuant to the plan generally lapse on the day immediately preceding the date of the next annual meeting of stockholders following the date of grant. The proposed amendment would increase the market value of the grants from \$75,000 to \$100,000.

Shares Available. A total of 90,087 shares of our common stock have been granted and 109,913 shares remain available for grants under the plan. Any restricted shares that are forfeited are available for future grants. Grants of restricted shares under the plan will be in addition to, and will not replace, any cash or other compensation arrangement available to our non-employee directors. Any individual who has been nominated to be elected or appointed as a director may make an irrevocable written election not to be granted restricted shares. The plan provides for adjustment to the number of restricted shares that may be granted upon a change in our common stock as a result of a stock dividend or split, recapitalization, reorganization, reclassification or other similar change.

Restrictions. A certificate for restricted shares granted under the plan will be issued in the name of each non-employee director, but the certificate will be held by us for the director's account. The director will not be entitled to delivery of the certificate and the shares will be subject to transfer restrictions until the day before the next annual meeting of stockholders unless a non-employee director's directorship terminates due to death or disability, in which case all transfer restrictions on all restricted shares held by such director will lapse. A director will forfeit all rights in restricted shares unless such director remains a non-employee director until the day before the next annual meeting of stockholders. Subject to the foregoing, the director will, commencing on the date of grant, have the rights and privileges of a stockholder as to the restricted shares, including the right to receive dividends and to vote.

Notwithstanding the foregoing, the transfer restrictions on all restricted shares will lapse as of the effective date of any of the following events: (1) our company is not the surviving entity in any merger or consolidation, (2) we sell, lease or exchange or agree to sell, lease or exchange all or substantially all of our assets to another person or entity or (3) our company is dissolved or liquidated.

Table of Contents

Amendment. Our Board also has the right to amend the plan, but no amendment may be made without the approval of our stockholders if the amendment would (1) materially increase the benefits accruing to participants under the plan, (2) increase the aggregate number of shares of common stock that may be granted under the plan, (3) change the category of directors eligible to receive grants under the plan or (4) extend the maximum period during which grants may be made under the plan. In addition, the plan may not be amended more than once every six months, other than to comply with changes to the Internal Revenue Code, the Employee Retirement Income Security Act of 1974 or the rules thereunder.

Termination. The plan may be terminated by our Board at any time. Unless sooner terminated, no restricted shares may be issued under the plan after February 10, 2010.

Federal Income Tax Consequences. The following is a general summary of the material United States federal income tax consequences relating to the plan based on federal income tax laws currently in effect. The summary is not intended to be exhaustive and does not describe the effect, if any, of gift, estate and inheritance taxes.

A non-employee director who receives a grant of restricted shares and does not elect to recognize income at the time of grant will not recognize taxable income and we will not be entitled to a deduction until the termination of restrictions with respect to such shares. Upon the termination of restrictions, such director will recognize taxable ordinary income in an amount equal to the fair market value of our common stock at that time, and we will be entitled to a deduction in the same amount. A director may, however, elect to recognize taxable ordinary income in the year the shares are granted in an amount equal to their fair market value when granted (determined without regard to the restrictions). In that event, we will be entitled to a deduction in the year of grant in the same amount, and any gain or loss recognized by the non-employee director upon subsequent disposition of the shares will be capital gain or loss. Any dividends with respect to shares that are paid or made available to a non-employee director (who has not elected to recognize income on the date of grant) while such shares remain forfeitable are treated as additional compensation taxable as ordinary income to the director and are deductible by us. If the director has made an election to recognize income with respect to the shares on the date of grant, dividends represent ordinary dividend income to the director and are not deductible by us. If the director elects to recognize income on the restricted shares on the date of grant and the director subsequently forfeits the shares, the director is not entitled to a deduction as a consequence of such forfeiture and we must include as ordinary income the amount we previously deducted in the year of grant with respect to the shares.

New Plan Benefits

Eleven of the 13 directors standing for re-election at the annual meeting qualify as non-employee directors. Assuming the amendment is approved by our stockholders at the annual meeting and each non-employee director is re-elected, the following table sets forth the name of each non-employee director who will receive a grant on the date of the annual meeting and the market value (which will be based on the closing sales price of our common stock on the date of the annual meeting) of the restricted shares to be granted to such non-employee director and to the non-employee directors as a group.

This Plan shall remain in effect until all Options granted hereunder have been satisfied or expired, and all Restricted Stock Awards and Restricted Stock Unit Awards granted hereunder have vested or been forfeited.

IV. ADMINISTRATION

(a) **Committee Administration.** Subject to Paragraph IV(d), this Plan shall be administered by the Committee.

(b) **Powers.** Subject to the express provisions of this Plan, the Committee shall have authority, in its sole discretion, to determine which employees shall receive an Award, the time or times when such Award shall be made, whether an Incentive Stock Option, nonqualified Option, Restricted Stock Award or Restricted Stock Unit Award shall be granted, the number of shares to be subject to each Option or Restricted Stock Award, and the number of shares reflected by each Restricted Stock Unit Award. **V. SHARES SUBJECT TO THIS PLAN; GRANT OF OPTIONS;
GRANT OF RESTRICTED STOCK AWARDS;
GRANT OF RESTRICTED STOCK UNIT AWARDS**

(a) **Shares Subject to this Plan and Award Limits.** Subject to adjustment from time to time in accordance with the terms of this Plan, the aggregate number of shares of Common Stock that may be issued under this Plan shall not exceed 1,200,000 shares. With respect to each Option granted under this Plan, the number of shares of Common Stock available for issuance under this Plan shall be reduced by the number of shares subject to such Option, and to the extent that such Option lapses or the rights of its Holder terminate, any shares not issued pursuant to such Option shall again be available for the grant of an Award under this Plan. With respect to each Restricted Stock Award and each Restricted Stock Unit Award granted under this Plan, the number of shares of Common Stock available for issuance under this Plan shall be reduced by the number of shares subject to or reflected by such Award, and to the extent that such Award lapses or the rights of its Holder terminate, the number of shares subject to or reflected by such Award that were forfeited shall again be available for the grant of an Award under this Plan. Notwithstanding any provision in this Plan to the contrary, the maximum number of shares of Common Stock that may be subject to Option Awards granted to any one individual during any calendar year is 250,000 shares of Common Stock (as adjusted from time to time in accordance with the terms of this Plan). Notwithstanding any provision in this Plan to the contrary, the aggregate grant date Fair Market Value of shares of Common Stock that may be subject to Restricted Stock Awards or reflected by Restricted Stock Unit Awards granted to any one individual during any calendar year may not exceed \$10,000,000. The limitations set forth in the preceding sentences shall be applied in a manner that will permit compensation generated under this Plan that is intended to constitute performance-based compensation for purposes of section 162(m) of the Code to qualify as such, including counting against such maximum number of shares or such aggregate grant date Fair Market Value, to the extent required under section 162(m) of the Code and applicable interpretive authority thereunder, any shares subject to Options that are canceled or repriced or the aggregate grant date Fair Market Value of any shares subject to Restricted Stock Awards or reflected by Restricted Stock Unit Awards that are forfeited.

(b) **Grant of Options.** The Committee may from time to time grant Options to one or more employees determined by it to be eligible for participation in this Plan in accordance with the terms of this Plan.

(c) **Grant of Restricted Stock Awards.** The Committee may from time to time grant Restricted Stock Awards to one or more employees determined by it to be eligible for participation in this Plan in accordance with the terms of this Plan.

(d) **Grant of Restricted Stock Unit Awards.** The Committee may from time to time grant Restricted Stock Unit Awards to one or more employees determined by it to be eligible for participation in this Plan in accordance with the terms of this Plan.

(e) **Stock Offered.** Subject to the limitations set forth in Paragraph V(a), the stock to be offered pursuant to the grant of an Award may be authorized but unissued Common Stock or Common Stock previously issued and outstanding and reacquired by the Company. Any of such shares that remain unissued and that are not

Table of Contents

subject to or reflected by outstanding Awards at the termination of this Plan shall cease to be subject to this Plan but, until termination of this Plan, the Company shall at all times make available a sufficient number of shares to meet the requirements of this Plan.

VI. ELIGIBILITY

Awards may be granted only to Persons who, at the time of grant, are employees. An Award may be granted on more than one occasion to the same Person, and, subject to the limitations set forth in this Plan, such Award may include an Incentive Stock Option, an Option that is not an Incentive Stock Option, a Restricted Stock Award, a Restricted Stock Unit Award or any combination thereof.

VII. STOCK OPTIONS

(a) **Option Period.** The term of each Option shall be as specified by the Committee at the date of grant, but in no event shall an Option be exercisable after the expiration of ten years from the date of grant.

(b) **Limitations on Exercise of Option.** An Option shall be exercisable in whole or in such installments and at such times as determined by the Committee.

(c) **Special Limitations on Incentive Stock Options.** To the extent that the aggregate Fair Market Value (determined at the time the respective Incentive Stock Option is granted) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an individual during any calendar year under all incentive stock option plans of the Company and its parent and subsidiary corporations exceeds \$100,000, such Incentive Stock Options shall be treated as Options that do not constitute Incentive Stock Options. The Committee shall determine, in accordance with applicable provisions of the Code, Treasury Regulations and other administrative pronouncements, which of a Holder's Incentive Stock Options will not constitute Incentive Stock Options because of such limitation and shall notify the Holder of such determination as soon as practicable after such determination. No Incentive Stock Option shall be granted to an individual if, at the time the Option is granted, such individual owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of its parent or subsidiary corporation, within the meaning of section 422(b)(6) of the Code, unless (i) at the time such Option is granted the option price is at least 110% of the Fair Market Value of the Common Stock subject to the Option and (ii) such Option by its terms is not exercisable after the expiration of five years from the date of grant. An Incentive Stock Option shall not be transferable otherwise than by will or the laws of descent and distribution, and shall be exercisable during the Holder's lifetime only by such Holder or the Holder's guardian or legal representative.

(d) **Option Agreement.** Each Option shall be evidenced by an Option Agreement in such form and containing such provisions not inconsistent with the provisions of this Plan as the Committee from time to time shall approve, including provisions to qualify an Incentive Stock Option under section 422 of the Code. Each Option Agreement shall specify the effect of termination of employment on the exercisability of the Option. An Option Agreement may provide for the payment of the option price, in whole or in part, by the constructive delivery of a number of shares of Common Stock (plus cash if necessary) having a Fair Market Value equal to such option price. Moreover, an Option Agreement may provide for a cashless exercise of the Option by establishing procedures satisfactory to the Committee with respect thereto. The terms and conditions of the respective Option Agreements need not be identical. Subject to the consent of the Holder, the Committee may, in its sole discretion, amend an outstanding Option Agreement from time to time in any manner that is not inconsistent with the provisions of this Plan (including an amendment that accelerates the time at which the Option, or any portion thereof, may be exercisable).

(e) **Option Price and Payment.** The price at which a share of Common Stock may be purchased upon exercise of an Option shall be determined by the Committee but, subject to adjustment as provided in Paragraph X, such purchase price shall not be less than the Fair Market Value of a share of Common Stock on the date such Option is granted. The Option or portion thereof may be exercised by delivery of an irrevocable notice of exercise to the Company, as specified by the Committee. The purchase price of the Option or portion thereof shall

Table of Contents

be paid or otherwise satisfied in full in the manner prescribed by the Committee and the applicable Option Agreement. Separate stock certificates shall be issued by the Company for those shares acquired pursuant to the exercise of an Incentive Stock Option and for those shares acquired pursuant to the exercise of any Option that does not constitute an Incentive Stock Option.

(f) **Restrictions on Repricing Options.** Except as provided in Paragraph X, the Committee may not, without approval of the stockholders of the Company, amend any outstanding Option Agreement to lower the option price (or cancel and replace any outstanding Option Agreement with Option Agreements having a lower option price).

(g) **Stockholder Rights and Privileges.** The Holder shall be entitled to all the privileges and rights of a stockholder only with respect to such shares of Common Stock as have been purchased under the Option and for which certificates of stock have been registered in the Holder's name.

(h) **Options and Rights in Substitution for Stock Options Granted by Other Corporations.** Options may be granted under this Plan from time to time in substitution for stock options held by individuals employed by corporations or other Persons who become employees as a result of a merger or consolidation or other business transaction with the Company or a subsidiary of the Company.

VIII. RESTRICTED STOCK AWARDS

(a) **Forfeiture Restrictions To Be Established by the Committee.** Shares of Common Stock that are the subject of a Restricted Stock Award shall be subject to restrictions on disposition by the Holder and an obligation of the Holder to forfeit and surrender the shares to the Company under certain circumstances (*Forfeiture Restrictions*). Applicable Forfeiture Restrictions shall be determined by the Committee in its sole discretion, and the Committee may provide that the Forfeiture Restrictions shall lapse upon (i) the attainment of one or more performance targets established by the Committee that are based on the price of a share of Common Stock, the Company's consolidated earnings per share, the Company's market share, the market share of a business unit of the Company designated by the Committee, the Company's sales, the sales of a business unit of the Company designated by the Committee, the consolidated net income (before or after taxes) of the Company or any business unit of the Company designated by the Committee, the consolidated cash flow return on investment of the Company or any business unit of the Company designated by the Committee, the consolidated earnings before or after interest, taxes and depreciation, depletion and amortization of the Company or any business unit of the Company designated by the Committee, the economic value added, the return on stockholders' equity achieved by the Company, reserve additions or revisions, economic value added from reserves, total capitalization, total stockholder return, assets, exploration successes, production volumes, finding and development costs, cost reductions and savings, return on sales or profit margins, (ii) the Holder's continued employment as an employee for a specified period of time, (iii) the occurrence of any event or the satisfaction of any other condition specified by the Committee in its sole discretion or (iv) a combination of any of the foregoing. The performance measures described in clause (i) of the preceding sentence may be subject to adjustment for specified significant extraordinary items or events; *provided, however*, that with respect to a Restricted Stock Award that has been granted to a covered employee (within the meaning of Treasury Regulation section 1.162-27(c)(2)) that has been designed to meet the exception for performance-based compensation under section 162(m) of the Code, such performance measures may only be subject to adjustment to the extent that such adjustment would not cause such Award to cease to be performance-based under applicable Treasury Regulations. In addition, such performance measures may be absolute, relative to one or more other companies or relative to one or more indexes, and may be contingent upon future performance of the Company or any subsidiary, division or department thereof. Each Restricted Stock Award may, in the sole discretion of the Committee, have Forfeiture Restrictions that are the same as or different from the Forfeiture Restrictions with respect to other Restricted Stock Awards.

(b) **Other Terms and Conditions.** Common Stock awarded pursuant to a Restricted Stock Award shall be represented by a stock certificate registered in the name of the Holder of such Restricted Stock Award. Unless provided otherwise in a Restricted Stock Agreement, the Holder shall have the right to receive ordinary dividends with respect to Common Stock subject to a Restricted Stock Award, to vote Common Stock subject thereto and to enjoy all other stockholder rights, except that (i) the Holder shall not be entitled to delivery of the

Table of Contents

stock certificate until the Forfeiture Restrictions have expired, (ii) the Company shall retain custody of the stock until the Forfeiture Restrictions have expired, (iii) the Holder may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of the stock until the Forfeiture Restrictions have expired and (iv) a breach of the terms and conditions established by the Committee pursuant to the Restricted Stock Agreement shall cause a forfeiture of the Restricted Stock Award. At the time of such Award, the Committee may, in its sole discretion, prescribe additional terms, conditions or restrictions relating to Restricted Stock Awards, including rules pertaining to the termination of employment (by retirement, disability, death or otherwise) of a Holder prior to expiration of the Forfeitures Restrictions. Such additional terms, conditions or restrictions, if any, shall be set forth in a Restricted Stock Agreement made in conjunction with the Award.

(c) **Payment for Restricted Stock**. The Committee shall determine the amount and form of any payment for Common Stock received pursuant to a Restricted Stock Award, provided that, in the absence of such a determination, a Holder shall not be required to make any payment for Common Stock received pursuant to a Restricted Stock Award except to the extent otherwise required by law.

(d) **Committee's Discretion to Accelerate Vesting of Restricted Stock Awards**. The Committee may, in its sole discretion and as of a date determined by the Committee, fully vest any or all Common Stock awarded to a Holder pursuant to a Restricted Stock Award and, upon such vesting, all restrictions applicable to such Restricted Stock Award shall terminate as of such date. Any action by the Committee pursuant to this Paragraph VIII(d) may vary among individual Holders and may vary among the Restricted Stock Awards held by any individual Holder. Notwithstanding the preceding provisions of this Paragraph VIII(d), the Committee may not take any action described in this Paragraph VIII(d) with respect to a Restricted Stock Award that has been granted to a covered employee (as defined in Paragraph VIII(a)) if such Award has been designed to meet the exception for performance-based compensation under section 162(m) of the Code (unless such action would not cause such Award to cease to be performance-based under applicable Treasury Regulations).

(e) **Restricted Stock Agreements**. At the time any Award is made under this Paragraph VIII, the Company and the Holder shall enter into a Restricted Stock Agreement setting forth each of the matters contemplated hereby and such other matters as the Committee may, in its sole discretion, determine to be appropriate. The terms and provisions of the respective Restricted Stock Agreements need not be identical. Subject to the consent of the Holder and the restriction set forth in the last sentence of Paragraph VIII(d), the Committee may, in its sole discretion, amend an outstanding Restricted Stock Agreement at any time and from time to time in any manner that is not inconsistent with the provisions of this Plan.

IX. RESTRICTED STOCK UNIT AWARDS

(a) **Restricted Stock Unit Awards**. Each Restricted Stock Unit Award shall represent the right to receive in specified circumstances (as determined by the Committee) either (i) one share of Common Stock for each unit represented by such Award or (ii) the value, in cash, of each unit represented by such Award. The value of each unit represented by such Award shall be equal to the Fair Market Value of one share of Common Stock.

(b) **Unit Forfeiture Restrictions To Be Established by the Committee**. Restricted Stock Unit Awards shall be subject to restrictions on disposition by the Holder and an obligation of the Holder to forfeit and surrender the units to the Company under certain circumstances (*Unit Forfeiture Restrictions*). Applicable Unit Forfeiture Restrictions shall be determined by the Committee in its sole discretion, and the Committee may provide that the Unit Forfeiture Restrictions shall lapse upon (i) the attainment of one or more performance targets established by the Committee that are based on the price of a share of Common Stock, the Company's consolidated earnings per share, the Company's market share, the market share of a business unit of the Company designated by the Committee, the Company's sales, the sales of a business unit of the Company designated by the Committee, the consolidated net income (before or after taxes) of the Company or any business unit of the Company designated by the Committee, the consolidated cash flow return on investment of the Company or any business unit of the Company designated by the Committee, the consolidated earnings before or after interest, taxes and depreciation, depletion and amortization of the Company or any business unit of the Company designated by the Committee, the economic value added, the return on stockholders equity achieved by the Company, reserve additions or revisions, economic value added from reserves, total capitalization, total stockholder return, assets, exploration successes,

production volumes, finding and development costs, cost reductions and savings, return on sales or profit margins, (ii) the Holder's continued employment as an employee for a specified period of time, (iii) the occurrence of any event or the satisfaction of any other condition specified by the Committee in its sole discretion or (iv) a combination of any of the foregoing. The performance measures described in clause (i) of the preceding sentence may be subject to adjustment for specified significant extraordinary items or events; *provided, however*, that with respect to a Restricted Stock Unit Award that has been granted to a covered employee (within the meaning of Treasury Regulation section 1.162-27(c)(2)) that has been designed to meet the exception for performance-based compensation under section 162(m) of the Code, such performance measures may only be subject to adjustment to the extent that such adjustment would not cause such Award to cease to be performance-based under applicable Treasury Regulations. In addition, such performance measures may be absolute, relative to one or more other companies or relative to one or more indexes, and may be contingent upon future performance of the Company or any subsidiary, division or department thereof. Each Restricted Stock Unit Award may, in the sole discretion of the Committee, have Unit Forfeiture Restrictions that are the same as or different from the Unit Forfeiture Restrictions with respect to other Restricted Stock Unit Awards.

(c) **Other Terms and Conditions**. Unless provided otherwise in a Restricted Stock Unit Agreement, there shall be no adjustment to Restricted Stock Unit Awards for dividends paid by the Company other than for dividend equivalent adjustments made by the Committee for stock dividends in accordance with Paragraph X(b). A Holder shall not have any right to vote the shares of Common Stock reflected by a Restricted Stock Unit Award. A breach of the terms and conditions established by the Committee pursuant to the Restricted Stock Unit Agreement shall cause a forfeiture of the Restricted Stock Unit Award. At the time of such Award, the Committee may, in its sole discretion, prescribe additional terms, conditions or restrictions relating to Restricted Stock Unit Awards, including rules pertaining to the termination of employment (by retirement, disability, death or otherwise) of a Holder prior to expiration of the Unit Forfeiture Restrictions. Such additional terms, conditions or restrictions, if any, shall be set forth in a Restricted Stock Unit Agreement made in conjunction with the Award.

(d) **Settlement of Restricted Stock Units**. Unless provided otherwise in a Restricted Stock Unit Agreement, settlement of a vested Restricted Stock Unit Award or, if an Award provides for partial vesting, the vested portion of such Award shall be made in a single payment or delivery of cash or shares of Common Stock (as provided in the Restricted Stock Unit Agreement) as soon as practicable after vesting but in no event later than 30 days after the Award or portion of the Award becomes vested.

(e) **Restricted Stock Unit Agreements**. At the time any Award is made under this Paragraph IX, the Company and the Holder shall enter into a Restricted Stock Unit Agreement setting forth each of the matters contemplated hereby and such other matters as the Committee may, in its sole discretion, determine to be appropriate. The terms and provisions of the respective Restricted Stock Unit Agreements need not be identical. Subject to the consent of the Holder, the Committee may, in its sole discretion, amend an outstanding Restricted Stock Unit Agreement at any time and from time to time in any manner that is not inconsistent with the provisions of this Plan.

(f) **Payment for Common Stock**. The Committee shall determine the amount and form of any payment for Common Stock received upon settlement of a Restricted Stock Unit Award, provided that, in the absence of such determination, a Holder shall not be required to make any payment for Common Stock received upon settlement of a Restricted Stock Unit Award except to the extent otherwise required by law.

X. RECAPITALIZATION OR REORGANIZATION

(a) **No Effect on Right or Power**. The existence of this Plan and the Awards granted hereunder shall not affect in any way any right or power of the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's or any subsidiary's capital structure or its business, any merger or consolidation of the Company or any subsidiary, any issue of debt or equity securities ahead of or affecting Common Stock or the rights thereof, the dissolution or liquidation of the Company or any subsidiary or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.

Table of Contents

(b) Subdivision or Consolidation of Shares; Stock Dividends. The shares with respect to which Options may be granted are shares of Common Stock as presently constituted, but if, and whenever, prior to the expiration of an Option theretofore granted, the Company shall effect a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend on Common Stock without receipt of consideration by the Company that is not otherwise covered by Paragraph X(c), the number of shares of Common Stock with respect to which such Option may thereafter be exercised (i) in the event of an increase in the number of outstanding shares shall be proportionately increased, and the purchase price per share shall be proportionately reduced and (ii) in the event of a reduction in the number of outstanding shares shall be proportionately reduced, and the purchase price per share shall be proportionately increased. If, prior to the vesting of a Restricted Stock Unit Award, the Company shall effect a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend on Common Stock without receipt of consideration by the Company, the number of shares reflected by the Restricted Stock Unit Award (i) in the event of an increase in the number of outstanding shares shall be proportionately increased and (ii) in the event of a reduction in the number of outstanding shares shall be proportionately reduced. Any fractional share resulting from such adjustments shall be rounded down to the next whole share.

(c) Recapitalizations. If the Company recapitalizes, reclassifies its capital stock or otherwise changes its capital structure, the number and class of shares of Common Stock covered by an Option theretofore granted or reflected by a Restricted Stock Unit Award shall be adjusted so that such Option shall thereafter cover or such Restricted Stock Unit Award shall thereafter reflect the number and class of shares of stock and securities to which the Holder would have been entitled pursuant to the terms of such transaction if, immediately prior to such transaction, the Holder had been the holder of record of the number of shares of Common Stock then covered by such Option or reflected by such Restricted Stock Unit Award.

(d) Change of Control; Automatic Vesting of Awards. Except to the extent specifically set forth in an Award agreement, effective upon a Change of Control (i) all Restricted Stock Awards and Restricted Stock Unit Awards then outstanding shall automatically be fully vested and nonforfeitable and (ii) all Options then outstanding shall automatically be fully exercisable.

(e) Change of Control; Discretionary Actions. Effective upon or immediately prior to a Change of Control, the Committee, acting in its sole discretion without the consent or approval of any Holder, may effect one or more of the following alternatives with respect to outstanding Options, which alternatives may vary among individual Holders and which may vary among Options held by any individual Holder: (i) cancel some or all of the outstanding Options as of such time and cause the Company to pay to each Holder an amount of cash per share equal to the excess, if any, of the Change of Control Value of the shares subject to such Option over the exercise price(s) under such Options for such shares, (ii) make such adjustments to Options then outstanding as the Committee deems appropriate, in its sole discretion, to reflect such Change of Control, or (iii) provide that the number and class of shares of Common Stock covered by an outstanding Option be adjusted so that such Option thereafter covers the number and class of shares of stock or other securities or property (including cash) to which the Holder would have been entitled pursuant to the terms of the agreement of merger, consolidation or sale of assets and dissolution if, immediately prior to such transaction, the Holder had been the holder of record of the number of shares of Common Stock then covered by such Option. The provisions of Paragraphs X(d) and X(e) shall not terminate any rights of the Holder to further payments pursuant to any other agreement with the Company following a Change of Control.

(f) Other Changes in the Common Stock. If the outstanding Common Stock is changed by reason of a recapitalization, reorganization, merger, consolidation, combination, split-up, split-off, spin-off, exchange, distribution to the holders of Common Stock or other relevant change in capitalization occurring after the date of the grant of any Award and not otherwise provided for by this Paragraph X, such Award and any agreement evidencing such Award shall be subject to adjustment by the Committee at its sole discretion as to the number and price of shares of Common Stock or other consideration subject to or reflected by such Award. If the outstanding Common Stock is so changed, or upon the occurrence of any other event described in this Paragraph X or a Change of Control, the aggregate number of shares available under this Plan and the maximum number of shares that may be subject to or reflected by Awards granted to any one individual shall be appropriately adjusted to the extent, if any, determined by the Committee in its sole discretion, which determination shall be conclusive.

(g) Stockholder Action. Any adjustment provided for in this Paragraph X shall be subject to any required stockholder action.

(h) No Adjustments unless Otherwise Provided. Except as hereinbefore expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Common Stock subject to or reflected by Awards theretofore granted or the purchase price per share, if applicable.

XI. AMENDMENT AND TERMINATION OF THIS PLAN

The Board may, in its sole discretion, terminate this Plan at any time with respect to any shares of Common Stock for which Awards have not theretofore been granted. The Board shall have the right to alter or amend this Plan or any part hereof from time to time; *provided* that no change in this Plan may be made that would impair the rights of a Holder with respect to an Award theretofore granted without the consent of such Holder; and *provided further* that the Board may not, without the approval of the stockholders of the Company, amend this Plan to (a) increase the maximum aggregate number of shares that may be issued under this Plan, (b) change the class of individuals eligible to receive Awards under this Plan, (c) change or delete Paragraph VII(f), (d) increase the maximum number of shares of Common Stock that may be subject to or reflected by Awards granted to any one individual during any calendar year, (e) permit the award of shares of Common Stock other than in the form of a Restricted Stock Award, (f) provide for additional types of awards, (g) permit the price at which a share of Common Stock may be purchased upon exercise of an Option to be less than the Fair Market Value of a share of Common Stock on the date such Option is granted or (h) alter or otherwise change any provision of this Paragraph XI.

XII. MISCELLANEOUS

(a) No Right To An Award. Neither the adoption of this Plan nor any action of the Board or of the Committee shall be deemed to give any employee any right to be granted an Option, a right to a Restricted Stock Award, a right to a Restricted Stock Unit Award or any other rights hereunder except as may be evidenced by an Option Agreement, a Restricted Stock Agreement or a Restricted Stock Unit Agreement duly executed on behalf of the Company, and then only to the extent and on the terms and conditions expressly set forth therein. This Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of funds or assets to assure the performance of its obligations under any Award.

(b) No Employment Rights Conferred; Employment Relationship. Nothing contained in this Plan shall (i) confer upon any employee any right with respect to continuation of employment with the Company or any subsidiary or (ii) interfere in any way with the right of the Company or any subsidiary to terminate his or her employment at any time. An employee shall be considered to have terminated employment for purposes of this Plan if such employee's employer ceases to be a parent or subsidiary corporation of the Company (as defined in section 424 of the Code).

(c) Other Laws; Withholding. The Company shall not be obligated to issue any Common Stock pursuant to any Award granted under this Plan at any time when the shares covered by such Award have not been registered under the Securities Act of 1933, as amended, and such other state and federal laws, rules and regulations as the Company or the Committee deems applicable and, in the opinion of legal counsel for the Company, there is no exemption from the registration requirements of such laws, rules and regulations available for the issuance and sale of such shares. No fractional shares of Common Stock shall be delivered, nor shall any cash in lieu of fractional shares be paid. The Company may (i) withhold, or cause to be withheld, from any payment to a Holder by or on behalf of the Company or any of its subsidiaries or (ii) require a Holder to pay to the Company or any of its subsidiaries any amount necessary to satisfy all tax withholding obligations arising under applicable local, state or federal laws with respect to an Award granted to such Holder.

(d) **No Restriction on Corporate Action.** Nothing contained in this Plan shall be construed to prevent the Company or any of its subsidiaries from taking any corporate action that is deemed by the Company or any such subsidiary to be appropriate or in its best interest, whether or not such action would have an adverse effect on this Plan or any Award under this Plan. No employee, beneficiary or other Person shall have any claim against the Company or any of its subsidiaries as a result of any such action.

(e) **Restrictions on Transfer.** An Award (other than an Incentive Stock Option, which shall be subject to the transfer restrictions set forth in Paragraph VII(c)) shall not be transferable otherwise than (i) by will or the laws of descent and distribution, (ii) pursuant to a qualified domestic relations order as defined by the Code or Title I of the Employee Retirement Income Security Act of 1974, as amended, or the rules thereunder, or (iii) with the consent of the Committee.

(f) **Governing Law.** This Plan shall be governed by, and construed in accordance with, the laws of the State of Delaware, without regard to conflicts of law principles thereof.

(g) **Section 409A Compliance.** The Company intends that any Award granted under this Plan either (a) comply (in form and operation) with section 409A of the Code and the regulations, rulings and other guidance issued thereunder (the *Requirements*) or (b) be exempt from the application of the Requirements. Any ambiguities in this Plan shall be construed to effect the intent as described in this Paragraph XII(g). If any provision of this Plan is found to be in violation of the Requirements, then such provision shall be deemed to be modified or restricted to the extent and in the manner necessary to render such provision in conformity with the Requirements, or shall be deemed excised from this Plan, and this Plan shall be construed and enforced to the maximum extent permitted by the Requirements as if such provision had been originally incorporated in this Plan as so modified or restricted, or as if such provision had not been originally incorporated in this Plan, as the case may be.

NEWFIELD EXPLORATION COMPANY
2000 NON-EMPLOYEE DIRECTOR RESTRICTED STOCK PLAN**

WHEREAS, Newfield Exploration Company (the *Company*) has heretofore adopted the Newfield Exploration Company 2000 Non-Employee Director Restricted Plan (as amended by First Amendment effective as of May 4, 2006) (the *Plan*); and

Any nominee Non-Employee Director may make an irrevocable written election in advance of election or appointment to the Board not to receive a grant of Restricted Shares pursuant to this Paragraph VI(a).
2. This Second Amendment shall be submitted to the stockholders of the Company for approval at the Company's 2007 Annual Meeting of Stockholders.
3. This Second Amendment shall be effective upon its approval by the stockholders of the Company at the Company's 2007 Annual Meeting of Stockholders. If this Second Amendment is not so approved, it shall be void and of no further force or effect.
