BLUE DOLPHIN ENERGY COMPANY

April 26, 2007

To Our Stockholders:

It is a pleasure to write to you on the heels of a long and difficult turn around process, and report that I believe the Company is now in better shape than we have ever been. This letter gives me the opportunity to put into perspective our development over the last few years and what it means to you, our stockholders, and why both the short and long-term potential for the Company holds much promise.

Over the last two years, the elimination of all debt, the issuance of additional equity to provide a cash platform and a smaller and more relevant Board of Directors has become a reality. It now remains to rebuild the management team, which during the past difficult years had been trimmed to a minimum.

With the upswing in the industry, we have experienced increased exploration activity around our pipeline assets. This has led to several new discoveries in our market area, and we in turn have been able to capture the transportation business of these producers.

Specifically, the increased activity around our pipeline assets has translated into five new transportation agreements since mid 2005 – four for deliveries into the Blue Dolphin Pipeline System, and one for deliveries into the GA 350 Pipeline. We are currently negotiating additional transportation agreements with the operators of four new discoveries two for deliveries into the Blue Dolphin Pipeline System and two for deliveries into the GA 350 Pipeline. While the Omega Pipeline is inactive, it holds great potential for us. Approximately twenty federal blocks within the market area of the pipeline are currently under lease and several of these were acquired at unusually high cost by the lessees. This could indicate that a new exploration trend may be developing. We are well positioned should the exploration companies be successful in finding oil and gas in this area.

Our income from sales of oil and gas production is declining in line with the natural depletion of the reservoirs. The history of a portion of our current production goes back to our prospect generating activity. We were not able to continue our generating program when we lost third party funding in connection with the downturn in the market in 2000. However, we are currently evaluating a revival of the generating program. In addition to the obvious benefit of participating in discoveries, we would be able to focus our efforts in areas where we have or are acquiring pipelines and thereby support the underlying value of those assets.

At our upcoming Annual Meeting, the size of our Board of Directors will be reduced to five members. In addition to this change, I am very pleased that we have two new members, Erik Ostbye, elected by stockholders in May 2006, and John Goodpasture, appointed to the Board of Directors in December 2006. Both bring extensive and relevant experience to the Company. We have already benefited from their extensive networks and insight into our market areas and their knowledge will be valuable in growing the Company in the years ahead.

This has been an exciting year. We have clearly put our major problems behind us. We should now be able to devote our efforts to improving and developing our business. We appreciate your patience and support and look forward to another exciting and successful coming year.

With regards,

/s/ Ivar Siem

COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS

Board of Directors

During 2006, the Board of Directors held four regular meetings and four special meetings. Each director attended at least 75% of the total number of meetings of the Board of Directors and committees on which he served. The Board of Directors has two standing committees, an Audit Committee and a Compensation Committee.

Audit Committee

At the beginning of 2006, the Audit Committee consisted of Messrs. Benz, Kaffie and James M. Trimble with Dr. Benz serving as Chairman. In May 2006, the Board of Directors appointed Messrs. Benz, Kaffie and Ostbye to serve as members of the Audit Committee, with Dr. Benz elected to continue serving as Chairman. The Board of Directors has determined that Dr. Benz qualifies as an Audit Committee Financial Expert. The Audit Committee's duties include overseeing the financial reporting and internal control functions. The Audit Committee Charter is not available on the Company's website, however, it

was included as Exhibit A in the Company's Definitive Proxy Statement as filed with the Securities and Exchange Commission (SEC) on April 20, 2005. The Audit Committee met five times during the fiscal year ended December 31, 2006.

Compensation Committee

At the beginning of 2006, the Compensation Committee consisted of Messrs. Chadwick, Kaffie and Trimble. In May 2006, the Board of Directors appointed Messrs. Chadwick, Kaffie and F. Gardner Parker to serve as members of the Compensation Committee. In November 2006, following the resignation of Mr. Parker from the Board of Directors, Mr. Goodpasture was appointed to serve on the Compensation Committee. The Compensation Committee does not have a charter, however, its duties are to oversee and set the Company's compensation policies, to approve compensation of executive officers and to administer its stock incentive plan. The Compensation Committee met two times during the fiscal year ended December 31, 2006.

Nomination Procedures

The Board of Directors currently does not have a standing nominating committee and consequently has no nominating committee charter. In July 2005, the Board of Directors adopted a Board of Directors Nomination Procedures policy, which is used by independent members of the Board of Directors when choosing nominees to stand for election. Given the size of the Board of Directors and that a majority of the members are independent, as defined under NASDAQ Stock Market listing standards, the Board of Directors believes that it is not appropriate to have a standing nominating committee.

The Board of Directors will consider for possible nomination qualified nominees recommended by stockholders. As addressed in the Board of Directors Nomination Procedures policy, the manner in which independent directors evaluate nominees for director as recommended by a stockholder will be the same as that for nominees received from other sources. Stockholders who wish to propose a qualified candidate for consideration should submit complete information as to the identity and qualifications of that person to the Secretary of the Company no later than March 1, 2008, for the 2008 Annual Meeting of Stockholders. The information should be sent to: Blue Dolphin Energy Company, Attention: Secretary, 801 Travis Street, Suite 2100, Houston, Texas 77002. (See Nominations and Proposals by Stockholders for the 2008 Annual Meeting in this Proxy Statement for more information.)

The Board of Directors will continue to nominate qualified incumbent directors whom the Board of Directors believes will continue to make important contributions to the Board of Directors and the Company. The Board of Directors generally requires that nominees be persons of sound ethical character, be able to represent all stockholders fairly, have demonstrated professional achievement, have meaningful experience and have a general appreciation of the major business issues facing the Company.

Director Attendance at the Annual Meeting

The Board of Directors' policy regarding director attendance at the Annual Meeting is that they are welcome to attend, and that the Company will make appropriate arrangements for directors that choose to attend. In 2006, all incumbent directors of the Company, and five of the six Director Nominees, attended the Annual Meeting.

AUDIT COMMITTEE REPORT

The duties and responsibilities of the Audit Committee are set forth in a written charter adopted by the Board of Directors. The Audit Committee is comprised solely of directors who meet NASDAQ's definition of independence as is currently applicable to the Company as determined by the Board of Directors. The Audit Committee reviews and reassesses the written charter annually and recommends any changes to the Board of Directors for approval. In addition, the Audit Committee periodically reviews

relevant requirements of the Sarbanes-Oxley Act of 2002, proposed and adopted rules of the SEC and new listing standards of the NASDAQ Capital Market regarding Audit Committee procedures and responsibilities to ensure Company compliance. The Audit Committee charter was last amended by the Board of Directors in January 2005. No changes to the Audit Committee charter have been made since that time.

The Audit Committee's primary duties and responsibilities are to:

- assess the integrity of the Company's financial reporting process and systems of internal control regarding accounting;

- assess the independence and performance of the Company's independent registered public accounting firm; and

- provide an avenue of communication among the Company's independent registered public accounting firm, management and the Board of Directors.

Management is responsible for the Company's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

At the beginning of 2006, the Audit Committee consisted of Messrs. Benz, Kaffie and Trimble with Dr. Benz serving as Chairman. In May 2006, the Board of Directors appointed Messrs. Benz, Kaffie and Ostbye to serve as the Audit Committee, with Dr. Benz elected to continue as Chairman of the Audit Committee. The Board of Directors has determined that Dr. Benz qualifies as an Audit Committee Financial Expert. The Audit Committee met five times during the fiscal year ended December 31, 2006.

The Audit Committee reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2006 with the Company's management and management represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee discussed with UHY^{LLP} (UHY), the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, and related amendments.

The Audit Committee received written disclosures and the letter from UHY as required by Independence Standards Board Standard No. 1, *Independence Discussion with Audit Committees*, and the Audit Committee discussed with UHY their independence from the Company. The Audit Committee considered the non-audit services provided by UHY and determined that the services provided are compatible with maintaining UHY's independence. The Audit Committee must pre-approve all audit and non-audit services provided to the Company by its independent accountants.

Remainder of Page Intentionally Left Blank

Fees paid to UHY in fiscal years ended December 31, 2006 and 2005 by the Company were as follows:

	2006	2005
Audit fees	\$ 98,866	\$ 93,439
Audit-related fees	5,700	11,783
Tax fees	29,758	43,672
All other fees		
Total	\$ 134,324	\$ 148,894

Audit fees include fees related to the audit of our consolidated financial statements and review of our quarterly reports that are filed with the SEC. Audit-related fees include fees related to consultation concerning financial accounting and reporting standards for share based payments to employees and non-employees, current and deferred taxes and revenue recognition. Tax fees primarily include fees for preparation of federal and state income tax returns as well as tax planning services.

Based on discussions with management and UHY, review of the representation of management and review of the report of UHY to the Audit Committee, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2006, as filed with the SEC.

The Audit Committee:

Laurence N. Benz, Chairman

Harris A. Kaffie

CORPORATE GOVERNANCE

Director Independence

The Board of Directors has affirmatively determined that the majority of directors have no material relationship with the Company (either directly or indirectly or as a shareholder or officer of an organization that has a relationship with the Company) and are independent, and that all members of the Audit and Compensation Committees are independent, pursuant to NASDAQ Stock Market listing standards.

Code of Conduct

All directors, officers and employees must act ethically at all times and in accordance with the Code of Conduct policy adopted by the Board of Directors in July 2005. The Audit Committee has established procedures to enable anyone who has a concern about the Company's conduct or policies, or any employee who has a concern about the Company's accounting, internal accounting controls or auditing matters, to communicate that concern directly to the Chairman of the Audit Committee. The Company's Code of Conduct policy prohibits any employee from retaliating or taking any adverse action against anyone for raising or helping to resolve an integrity concern. Violations and/or concerns may be sent anonymously by mail to Laurence N. Benz (Audit Committee Chairman, Blue Dolphin Energy Company), 13201 Magisterial Drive, Louisville, KY 40223, via email to larry@kort.com or such other contact information that the Company may post on its website from time to time.

Code of Ethics

In April 2003, the Board of Directors adopted a Code of Ethics that is applicable to the principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The Code of Ethics is posted on our website (www.blue-dolphin.com) and is available to any stockholder, without charge, upon written request to Blue Dolphin Energy Company, Attention: Secretary, 801 Travis Street, Suite 2100, Houston, Texas 77002. Any amendments to, or waivers to, provisions of the Code of Ethics will be disclosed on our website.

Communicating with the Directors

Any stockholder who desires to contact the Board of Directors or specific members of the Board of Directors may do so by writing to: Blue Dolphin Energy Company, Attention: Secretary for Board of Directors, 801 Travis Street, Suite 2100, Houston, Texas 77002.

PROPOSAL NO. 2 AMENDMENT TO THE COMPANY S 2000 STOCK INCENTIVE PLAN

As of April 10, 2007, 99,540 shares of Common Stock remained available for grant pursuant to the Blue Dolphin Energy Company 2000 Stock Incentive Plan (the 2000 Plan) from the 650,000 shares currently reserved for grant. The Board of Directors does not believe that such remaining amount under this plan is sufficient to carry out its compensation policy. Accordingly, on April 5, 2007, the Board of Directors unanimously adopted an amendment to the 2000 Plan, subject to stockholder approval, increasing the aggregate number of shares reserved for grant pursuant to the 2000 Plan from 650,000 to 1,200,000. The amendment to the 2000 Plan is intended to: (i) further the Company s efforts in attracting, retaining and motivating officers, key employees and non-employee consultants of the Company and (ii) continue to closely align the interests of participants in the 2000 Plan with those of stockholders by encouraging stock ownership and by tying compensation to the performance of the Company and the Common Stock. The Company has granted 550,460 stock options since the 2000 Plan was originally approved by stockholders effective April 14, 2000. If approved, 649,540 shares of Common Stock will be available for future grants pursuant to the 2000 Plan. The amendment will not change any other material term of the 2000 Plan.

The amendment appears as Appendix A to this Proxy Statement.

Participation in the 2000 Plan

The grant of incentive and non-qualified stock options, shares of restricted stock and stock bonuses under the 2000 Plan to key employees, consultants, and non-employee directors, including our Chairman, Chief Executive Officer, and each of the other named executive officers, is subject to the discretion of the Compensation Committee. As of April 24, 2007, the fair market value of the Common Stock was \$3.62 per share, which was the closing bid price as reported by The NASDAQ Capital Market.

Summary Description of the 2000 Plan

Shares Subject to Plan As amended under the 2000 Plan, the Company may issue incentive awards for up to 1,200,000 shares of Common Stock from the inception of the 2000 Plan, and all of these shares will be available for Incentive Stock Options (ISO s). The number of securities available under the 2000 Plan and outstanding incentive awards are subject to adjustments to prevent the dilution of rights of plan participants resulting from stock dividends, stock splits, recapitalization or similar transactions or resulting from a change in applicable laws or other circumstances.

Administration The 2000 Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee may delegate its duties under the 2000 Plan, except for the authority to grant incentive awards or take other action on persons who are subject to Section 16 of the Exchange Act or Section 162(m) of the Internal Revenue Code. In the case of an incentive award to an outside director, the Board of Directors acts as the Compensation Committee. Subject to the express provisions of the 2000 Plan, the Compensation Committee is authorized to, among other things, select grantees under the 2000 Plan and determine the size, duration and type, as well as the other terms and conditions (which need not be identical), of each incentive award. The Compensation Committee also construes and interprets the 2000 Plan and any related agreements. All determinations and decisions of the Compensation Committee are final, conclusive and binding on all parties. The Company will indemnify members of the Compensation Committee against any damage, loss, liability, cost or expenses in connection with any claim by reason of any act or failure to act under the 2000 Plan, except for an act or omission constituting willful misconduct or gross negligence.

Eligibility Employees, including executive officers (regardless of whether they are directors), consultants of the Company and non-employee directors are eligible to participate in the 2000 Plan.

Types of Incentive Awards Under the 2000 Plan, the Compensation Committee may grant incentive awards (Incentive Awards), which can be:

- (1) ISO s, as defined in Section 422 of the Internal Revenue Code;
- (2) nonstatutory stock options (NSO s);
- (3) stock appreciation rights (SAR s);
- (4) shares of restricted stock;
- (5) performance units and performance shares; and
- (6) other stock-based awards.

ISO s and NSO s together are called Options. The terms of each Incentive Award are reflected in an incentive agreement between the Company and the participant.

Options Generally, Options must be exercised within 10 years of the grant date. The exercise price of each ISO may not be less than 100% of the fair market value of a share of Common Stock on the date of grant. The Compensation Committee has the discretion to determine the exercise price of each NSO granted under the 2000 Plan. To the extent the aggregate fair market value of shares of Common Stock for which ISO s are exercisable for the first time by any employee during any calendar year exceeds \$100,000, those Options must be treated as NSO s.

The exercise price of each Option is payable in cash or, in the Compensation Committee s discretion, by the delivery of shares of Common Stock owned by the optionee, or the withholding of shares that would otherwise be acquired on the exercise of the Option by cashless exercise through a broker, or by any combination of the foregoing.

Cumulative Grants under the 2000 Plan

The following table summarizes certain information covering cumulative options granted, before consideration of forfeitures and exercises, pursuant to the 2000 Plan, to:

each executive officer;

each Director Nominee for election;

each person who has received 5% of the options reserved for issuance;

all current executive officers as a group;

all current directors who are not executive officers, as a group; and

all current employees, including current officers who are not executive officers, as a group in each case, from inception of the Incentive Plan through December 31, 2006.

Name	Status	Cumulative Awards Granted	Average per Share Exercise Price
Laurence N. Benz	Non-Employee Director		N/A
Michael S. Chadwick	Non-Employee Director	83,571	\$ 0.92
John N. Goodpasture	Non-Employee Director		N/A
Harris A. Kaffie	Non-Employee Director	83,571	\$ 0.92
Erik Ostbye	Non-Employee Director		N/A
Ivar Siem	Executive Officer and Director	59,250	\$ 1.44
Michael J. Jacobson	Executive Officer	73,938	\$ 1.17
Gregory W. Starks	Executive Officer	24,000	\$ 0.99
G. Brian Lloyd	Former Employee	65,500	\$ 0.98
John P. Atwood	Former Employee	44,000	\$ 1.19
Roland B. Keller	Former Employee	41,000	\$ 1.06
	<i>All Current Non-Employee Directors as a Group</i>	167,142	\$ 0.92
	<i>All Current Executive Officers as a Group</i>	157,188	\$ 1.25
	<i>All Other Current Employees as a Group</i>	22,488	\$ 0.95

SARs Upon the exercise of a SAR, the holder receives cash, the aggregate value of which equals the amount by which the fair market value per share of the Common Stock on the exercise date exceeds the exercise price of the SAR, multiplied by the number of shares underlying the exercised portion of the SAR. A SAR may be granted in tandem with or independently of a NSO. SARs are subject to such conditions and are exercisable at such times as determined by the Compensation Committee, but the exercise price per share must be at least the fair market value of a share of Common Stock on the date of grant.

Restricted Stock Restricted stock may be subject to a substantial risk of forfeiture, a restriction on transferability or rights of repurchase or first refusal of the Company, as determined by the Compensation Committee. Unless the Compensation Committee determines otherwise, during the period of restriction, the grantee will have all other rights of a stockholder, including the right to vote and receive dividends on the shares.

Performance Units and Performance Shares For each performance period (to be determined by the Compensation Committee), the committee will establish specific financial or non-financial performance objectives, the number of performance units or performance shares and their contingent values. The values may vary depending on the degree to which such objectives are met.

Other Stock-Based Awards Other stock-based awards are denominated or payable in, valued in whole or in part by reference to, or otherwise related to, shares of Common Stock. Subject to the terms of the 2000 Plan, the Compensation Committee may determine any terms and conditions of other stock-based awards, provided that, in general, the amount of consideration to be received by the Company shall be either: (i) no consideration other than for services actually rendered or to be rendered (in the case of the issuance of shares) or (ii) in the case of an award in the nature of a purchase right, consideration (other than for services rendered) at least equal to 50% of the fair market value of the shares covered by such grant on the grant date.

Termination of Employment and Change in Control Except as otherwise provided in the applicable incentive agreement, if a participant's employment or other service with the Company (or its subsidiaries) is terminated other than due to the participant's death, Disability, or for Cause (each capitalized term being defined in the 2000 Plan), the participant's then exercisable Options will remain exercisable until the earlier of (a) the expiration date of such options and (b) 90 days after termination. If the participant's termination is due to Disability or death, the participant's then exercisable Options will remain exercisable until the earlier of (a) the expiration date of such options and (b) one year following termination in the event of death or Disability. On retirement, the participant's then exercisable Options will remain exercisable for six months (except for ISO's, which will remain exercisable for three months). On a termination for Cause, all the participant's Options will expire on the termination date.

Unless otherwise provided in the participant's incentive agreement, upon a change in control of the Company, any restrictions on restricted stock and other stock-based awards will be deemed satisfied, all outstanding Options and SAR's may become immediately exercisable and all the performance shares and units and any other stock-based awards may become fully vested and deemed earned in full. These provisions could in some circumstances have the effect of an anti-takeover defense because, as a result of these provisions, a change in control of the Company could be more difficult or costly.

Incentive Awards Transferability Incentive Awards may not be assigned, sold or otherwise transferred by a participant, other than by will or by the laws of descent and distribution, or be subject to any lien, assignment or charge, provided, however, if permitted in the participant's incentive agreement, a NSO may be transferred to immediate family (as defined in the 2000 Plan).

Amendment and Termination The Company's Board of Directors may amend or terminate the 2000 Plan at any time. However, the 2000 Plan may not be amended, without stockholder approval, if the amendment would have any of the following effects:

- (1) increase the number of shares of Common Stock which may be issued under the 2000 Plan, except in connection with a recapitalization of the Common Stock;
- (2) amend the eligibility requirements for employees to purchase Common Stock under the 2000 Plan; or
- (3) extend the term of the 2000 Plan.

Without a participant's written consent, no termination or amendment of the 2000 Plan shall adversely affect in any material way any outstanding Incentive Award granted to the participant.

Vote Required for Approval

The affirmative vote of a majority of the Common Stock represented in person or by proxy and entitled to vote at the Annual Meeting is required to approve the amendment to the 2000 Plan. Abstentions will have the same effect as a vote AGAINST this proposal. Broker non-votes will have no effect on the approval of this proposal.

EXECUTIVE AND DIRECTOR COMPENSATION

Executive Compensation Policy and Procedures

Compensation for the Company's executive officers consists of base salary, cash bonuses and incentive awards that have historically consisted of stock options. The Compensation Committee has the authority to approve the final

determination of compensation in all forms for executive officers based on its experience and informal consideration of competitive market practices regarding the compensation of executive officers in companies of similar size and complexity. The Compensation Committee has not used compensation consultants in the past in making its determinations. The Company believes that stock ownership by its executive officers and other employees furthers the alignment between the interests of

the executive officers and other employees and the stockholders, thereby enhancing the Company's efforts to improve stockholder returns.

The Company's stock incentive plan provides that upon a change of control, the Compensation Committee may accelerate the vesting of options, cancel options and make payments in respect thereof in cash in accordance with the terms of the stock incentive plan, adjust the outstanding options as appropriate to reflect such change of control or provide that each option shall thereafter be exercisable for the number and class of securities or property that the optionee would have been entitled to receive had the option been exercised. The stock incentive plan provides that a change of control occurs if any person, entity or group acquires or gains ownership or control of more than 50% of the outstanding Common Stock or, if after certain enumerated transactions, the persons who were directors before such transactions cease to constitute a majority of the Board of Directors.

The compensation of executive officers is reviewed on an annual basis, as well as when changes in responsibilities occur. The Compensation Committee may not delegate its authority to approve compensation determinations for executive officers. The Compensation Committee approves changes in compensation for Messrs. Jacobson and Starks based on the recommendations of Mr. Siem as principal executive officer and Chairman of the Board of Directors. The Compensation Committee determines the compensation for Mr. Siem.

Compensation for Named Executives

The following table sets forth the compensation paid to the Company's principal executive officer and the two most highly compensated executive officers other than the principal executive officer whose annual salary exceeded \$100,000 in the fiscal year ended December 31, 2006 (collectively, the "Named Executive Officers") for services rendered to the Company:

Director Compensation Policy and Procedures

Directors who are also employees of the Company are not paid any fees or other compensation for services as a member of the Board of Directors or any committee of the Board of Directors. Compensation for members of the Board of Directors and committees of the Board of Directors is approved by the Board of Directors based on recommendations by Mr. Siem as principal executive officer and Chairman of the Board of Directors. As with employee stock ownership, the Company believes that stock ownership by members of the Board of Directors furthers the alignment between the interests of the directors and the stockholders, resulting in an enhancement of the Company's efforts to improve stockholder returns.

Compensation for Non-Employee Directors

Non-employee directors are paid an annual retainer of \$20,000, payable quarterly in the Company's Common Stock with the number of shares based upon the fair value on the date of payment. The shares are restricted from sale for a period of two years from the date of grant. The Audit Committee chairman receives an additional annual retainer of \$5,000 and other Audit Committee members receive an additional annual retainer of \$2,500. The Audit Committee retainer is payable semi-annually in cash. No additional compensation is paid to directors serving on the Compensation Committee. Directors are entitled to be reimbursed for reasonable out-of-pocket expenses related to in-person meeting attendance.

The Company entered into an agreement with Drillmar effective February 1, 2003, whereby the Company provided and charged for office space. This agreement terminated December 31, 2006. We also provided professional, accounting and administrative services to Drillmar at hourly rates based upon our cost. Since our implementation of staff reductions in mid 2004, no such services have been provided.

In 2002, the Company recorded a full impairment of its investment in Drillmar and a full reserve for the accounts receivable amount owed to the Company from Drillmar of approximately \$200,000 due to Drillmar's working capital deficiency and delays in securing capital funding. During 2004, the Company collected \$165,000 of the accounts receivable from Drillmar and collected the remaining balance of approximately \$45,000 in 2005.

FOR THE 2008 ANNUAL MEETING**

The Company has tentatively set the 2008 Annual Meeting of Stockholders for May 15, 2008. Accordingly, stockholders should submit nominations and proposals in accordance with the guidance set forth below.

Nominations for the 2008 Annual Meeting of Stockholders

The Company's Certificate of Incorporation provides that no person shall be eligible for nomination and election as a director unless written notice of such nomination is received from a stockholder of record by the Secretary of the Company 90 days before the anniversary date of the previous year's annual meeting. Further, such written notice is to be accompanied by the written consent of the nominee to serve, the name, age, business and residence addresses, and principal occupation of the nominee, the number of shares beneficially owned by the nominee, and any other information which would be required to be furnished by law with respect to any nominee for election to the Board of Directors. **RELATIONSHIP WITH INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

UHY has been engaged by the Company's Board of Directors as its independent registered public accounting firm since 2002. The Company expects that they will continue to serve as the Company's independent registered public accounting firm. Through May 17, 2007, UHY has had a continuing relationship with UHY Advisors, Inc. from which it leases auditing staff who are full time, permanent employees of UHY Advisors, Inc. and through which UHY's partners provide non-audit services. UHY has only a few full time employees. Therefore, few, if any, of the audit services performed were provided by permanent full time employees of UHY. UHY manages and supervises the audit services and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination. Representatives of UHY are expected to be present at the Annual Meeting, with the opportunity to make a statement if they desire to do so, and to respond to appropriate questions.
