**Item 1.01. Entry into a Material Definitive Agreement.**

On May 8, 2008, Petrohawk Energy Corporation (the Company ) entered into an underwriting agreement (the Underwriting Agreement ), pursuant to which the Company sold an aggregate of 25,000,000 shares of its common stock, \$0.001 par value (the Common Stock ) to the several underwriters named in the Underwriting Agreement (the Underwriters ). Pursuant to the Underwriting Agreement, the Company granted the Underwriters a 30-day option to purchase up to an additional 3,750,000 shares of Common Stock at the public offering price less underwriting discounts and commissions.

The Company expects that closing of the transaction under the Underwriting Agreement will occur on or about May 13, 2008, subject to customary closing conditions. The net proceeds from the sale of the common stock sold (excluding common stock potentially to be sold pursuant to the Underwriters option to purchase additional shares) are estimated to be approximately \$632.4 million (after deducting underwriting discounts and commissions and estimated expenses).

A copy of the Underwriting Agreement is attached hereto as Exhibit 1.1, is incorporated herein by reference and is hereby filed. The description of the Underwriting Agreement in this report is a summary and is qualified in its entirety by the terms of the Underwriting Agreement.

On May 9, 2008, the Company entered into a Purchase Agreement (the Purchase Agreement ) with the several initial purchasers named therein (the Initial Purchasers ) to issue and sell, and Lehman Brothers Inc. has agreed, on behalf of the Initial Purchasers, to purchase, \$500 million aggregate principal amount of 7 7/8% Senior Notes due 2015 (the Notes ) in accordance with a private placement conducted pursuant to Rule 144A under the Securities Act of 1933, as amended (the Securities Act ). The Notes will be sold to investors at 100% of the aggregate principal amount of the Notes. The net proceeds from the sale of the Notes are estimated to be approximately \$489.5 million (after deducting the Initial Purchasers discounts and estimated offering expenses, including commissions). The Notes are expected to be issued under an indenture to be dated May 13, 2008.

The Purchase Agreement provides that the holders of the Notes will be entitled to the benefits of a registration rights agreement, pursuant to which the Company will agree to file a registration statement with the Securities and Exchange Commission registering an exchange of notes or a resale of the Notes under the Securities Act under certain conditions.

The Purchase Agreement contains customary representations and warranties of the parties and indemnification and contribution provisions whereby the Company and certain of its guarantor subsidiaries, on the one hand, and the Initial Purchasers, on the other, have agreed to indemnify each other against certain liabilities.

A copy of the Purchase Agreement is attached hereto as Exhibit 1.2, is incorporated herein by reference and is hereby filed. The description of the Purchase Agreement in this report is a summary and is qualified in its entirety by the terms of the Purchase Agreement.
