PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Online Resources Corporation (the "Company"), a Delaware corporation, of proxies, in the accompanying form, to be used at the Annual Meeting of Stockholders to be held at Vienna, Virginia on Wednesday, June 6, 2001 at 2:00 p.m., and any adjournments thereof (the "Meeting").

Where the Stockholder specifies a choice on the proxy as to how his or her shares are to be voted on a particular matter, the shares will be voted accordingly. If no choice is specified, the shares will be voted:

- FOR the election of the three nominees for director named herein,
- FOR the amendment to the Company's 1999 Stock Option Plan to increase by 528,309 shares the aggregate number of shares of the Company's Common Stock, \$.0001 par value per share (the "Common Stock") for which stock options may be granted under the Plan and the approval of an allocation of 71,691 shares of a 500,000 share increase approved by the Board of Directors in January 2001 for issuance to executive officers.
- FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2001.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date. Any Stockholder who has executed a proxy but is present at the Meeting, and who wishes to vote in person, may do so by revoking his or her proxy as described in the preceding sentence. Shares represented by valid proxies in the form enclosed, received in time for use at the Meeting and not revoked at or prior to the Meeting, will be voted at the Meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of the Company's Common Stock is necessary to constitute a quorum at the Meeting. Votes of Stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes (as defined below) are counted as present or represented at the meeting for purposes of determining whether a quorum exists.

Nominees for election as directors at the meeting will be elected by a plurality of the votes of the shares of Common Stock present in person or represented by proxy at the Meeting. Withholding authority to vote for a nominee for director will have no effect on the outcome of the vote. For the proposal to increase by 528,309 shares the aggregate number of shares of the Company's Common Stock for which stock options may be granted under the Company's 1999 Stock Option Plan and to approve the allocation of 71,691 shares of the January increase for issuance to officers and the proposal to ratify the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2001, the affirmative vote of a majority of shares of Common Stock present or represented by proxy at the Meeting and entitled to vote on the

Edgar Filing: ONLINE RESOURCES & COMMUNICATIONS CORP - Form DEF 14A

matter is necessary for approval. Because abstentions are treated as shares present or represented and entitled to vote, abstentions with respect to these proposals have the same effect as a vote against the proposal.

If you hold your shares of Common Stock through a broker, bank or other representative, generally the broker or your representative may only vote the Common Stock that it holds for you in accordance with your instructions. However, if it has not timely received your instructions, the broker or your representative may vote on certain matters for which it has discretionary voting authority. If a broker or your representative

5

cannot vote on a particular matter because it does not have discretionary voting authority, this is a "broker non-vote" on that matter. As to the election of directors, the proposals relating to the Company's 1999 Stock Option Plan and the ratification of independent auditors, broker non-votes are not deemed to be present and represented and are not entitled to vote, and therefore will have no effect on the outcome of the vote.

The close of business on April 18, 2001 has been fixed as the record date for determining the Stockholders entitled to notice of and to vote at the Meeting. As of the close of business on April 18, 2001, the Company had 11,680,377 shares of Common Stock outstanding and entitled to vote. Holders of Common Stock are entitled to one vote per share on all matters to be voted on by Stockholders.

The cost of soliciting proxies, including expenses in connection with preparing and mailing this Proxy Statement, will be borne by the Company. Georgeson Shareholder Communications, Inc. has been retained by the Company to assist in the distribution of proxy materials and solicitation of votes for a fee of \$5,000, plus reimbursement of out-of-pocket expenses. In addition, Georgeson Shareholder Communications, Inc. will reimburse brokerage firms and other persons representing beneficial owners of Common Stock of the Company for their expenses in forwarding proxy materials to such beneficial owners and the Company will reimburse Georgeson Shareholder Communications, Inc. for the expenses. Solicitation of proxies by mail may be supplemented by Internet, telephone, telegram, telex and personal solicitation by the directors, officers or employees of the Company. No additional compensation will be paid for such solicitation.

This Proxy Statement and the accompanying proxy are being mailed on or about May 10, 2001 to all Stockholders entitled to notice of and to vote at the Meeting.

The Annual Report to Stockholders for the fiscal year ended December 31, 2000 is being mailed to the Stockholders with this Proxy Statement, but does not constitute a part hereof.

COMPENSATION OF DIRECTORS

Currently, we have not compensated our Directors with directors' fees or retainers, however, non-employee directors are compensated through stock options. Specifically, we grant each non-employee director an option to purchase 7,500 shares of Common Stock (with an exercise price at the fair market value of the Common Stock at the time of grant) for each year of service. In addition, we do reimburse Directors for related travel expenses incurred to attend meetings of the Board of Directors. The Compensation Committee is currently reviewing Board of Director compensation to determine whether it is comparable to the Company's peer groups, and may recommend a change in Board of Director compensation based on its review.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee is comprised solely of non-employee members of the Board of Directors and consists of Ervin R. Shames, George M. Middlemas and David A. O'Connor. The Compensation Committee makes recommendations to the Board of Directors concerning the compensation and benefits of the Company's directors, executive officers and key employees, and acts on such other matters relating to their compensation as it deems appropriate. The Compensation Committee administers the Company's 1999 Stock Option Plan, pursuant to which incentive stock options and non-statutory stock options may be granted to eligible employees, directors and consultants. The Compensation Committee also administers the Company's executive and key employee incentive plan, pursuant to which eligible employees may be granted incentive compensation for achievement of the Company and individual performance targets.

Compensation Objectives. The Committee considers the following objectives in setting base salary and benefits and some of the following objectives in determining bonuses and long-term incentives for executives:

- establishing base salaries at a competitive average within our industry;
 - rewarding the achievement of our annual and long-term strategic goals;
 - retaining executive officers by offering competitive compensation and benefits at a competitive level with other executives in our industry;
- and

- providing additional motivation for the executive officers to enhance stockholder value by linking a portion of the compensation package to the performance of our Common Stock.
- rewarding achievement of individual performance targets.

Executive Compensation Program Components.

The three principal components of executive compensation are base salary, annual incentive bonuses, and long-term incentive compensation under our 1999 Stock Option Plan. Each of these components is discussed as follows:

BASE SALARY. The Compensation Committee's recommendations regarding the base salary of the executive officers of the Company, including the compensation of the Chairman of the Board and Chief Executive Officer, are based on a number of factors, including each executive officers' experience and qualifications, the potential impact of the individual on the Company's performance, the level of skill and responsibilities and the other factors described above. Base salaries are reviewed annually, and the Compensation Committee seeks to set executive officer base salaries at competitive levels in relation to the companies with which the Company competes for executives. Base salaries for the executive officers were increased in fiscal 2000 in order to retain key members of the management team to pursue the Company's plans.

ANNUAL INCENTIVE BONUSES. The Company's annual incentive bonus program is designed to provide a direct financial incentive to the Company's executive officers, including the Chief Executive Officer, as well as other key employees, for achievement of specific Company and individual performance goals. Consistent with the Company's executive and key employee incentive program, at the beginning of each fiscal year, the Compensation Committee determines:

- The employees by grade level that are eligible to participate in the plan for the year;
- The annual corporate performance goals for the year; and
- For each eligible employee, the target bonus level as a percentage of base compensation, the portion of the target bonus level that is based on achievement of Company performance goals, and the portion of the target bonus level that is based on achievement of individual performance goals.

In fiscal 2000, the Compensation Committee established incentive bonus compensation for executive officers and other key employees based on the Company's targeted revenue, gross profit margin, service quality

index and operating efficiencies as measured by cost/transaction and targeted SG&A levels. Separate targets were established for the first half and the second half of the year.

LONG-TERM INCENTIVE COMPENSATION. The Compensation Committee believes that stock ownership is a significant incentive in aligning the interests of the executives and the stockholders. Consistent with industry standards, upon hiring, executives may be granted a number of options in an amount larger than the average grant given executives in any year and with different terms and vesting schedules. During fiscal 2000, the Company granted stock options to all of its executive officers under its 1999 Stock Option Plan, and such grants are set forth in the Stock Option Grants Table under the Executive Compensation section of this Proxy Statement. A portion of the total stock options granted to executive officers in 2000 vest 25% each year for 4 years and expire after 7

years, performance based options vest 100% after one year and expire after 7 years and other stock options granted to executive officers vest 10% each year (with accelerated vesting schedule, should the Company's stock outperform an index of comparable companies) for 10 years and expire after 10 years. Stock option grants under the 1999 Stock Option Plan were allocated by the Compensation Committee based upon past and present performance and future potential value of such executive officer's service to the Company. The Compensation Committee made additional awards to certain executive officers during the year based on compensation evaluations made during the year.

CHIEF EXECUTIVE OFFICER. The Chief Executive Officer's compensation evaluation included consideration of his leadership qualities, experience in the electronic commerce services industry and the results of the Company's performance. At the recommendation of the Compensation Committee the Board of Directors awarded the Chief Executive Officer a cash bonus of \$63,000 for the fiscal year ended December 31, 2000. The Chief Executive Officer was granted options for 6,500 shares of Common Stock.

The goal of our compensation structure is to be certain that all executives are compensated consistent with the above guidelines and to assure that all reasonable and possible efforts are being exerted to maximize stockholder value. Compensation levels will be reviewed as frequently as necessary to ensure this result.

1999 STOCK OPTION PLAN

(NOTICE ITEM 2)

GENERAL

On January 11, 2001, the Board of Directors adopted by resolution an amendment to the 1999 Stock Option Plan, as amended, to increase the number of shares reserved for issuance thereunder by 500,000 from 1,457,708 shares to 1,957,708 and on May 1, 2001, the Board of Directors adopted by resolution an additional amendment to the 1999 Stock Option Plan, as amended, to further increase the number of shares reserved for issuance thereunder by an additional 528,309 shares from 1,957,708 to 2,486,017. The shares approved in the January increase were reserved for issuance to non-executive officers and directors with

the condition that if the Company determined to grant any options from such increase to executive officers (as defined in Section 16 of the Securities Exchange Act) or directors, the Company would seek stockholder approval of that portion of the increase to be used for grants to officers and directors. The Company proposes to allocate 71,691 shares of the January increase for options to be issued to executive officers. These 71,691 shares plus the additional 528,309 increase total an aggregate of 600,000 shares for which stockholder approval is being requested.

The Plan may be amended by the Board of Directors provided that any amendment approved by the Board of Directors that is of a scope that requires stockholder approval in order to ensure favorable federal income tax treatment for any incentive stock options under Code Section 422, is subject to obtaining such Stockholder approval. The Board believes that the increase is advisable to provide the Company with the flexibility needed to attract, retain and motivate employees, officers, directors and consultants. All employees, officers and consultants of the Company and the members of the Board of Directors are eligible to participate in the Plan.

MATERIAL FEATURES OF THE PLAN

The following summary of the terms of the 1999 Stock Option Plan is qualified in its entirety by reference to the actual plan.

19

23

The Company believes that employee ownership of Company Common Stock is an essential tool in aligning the interests of our employees with the interests of our other stockholders. Since our founding in 1989, management and other employees have taken a substantial portion of their compensation in the form of stock options. As the Company built its business and financial resources, the Board of Directors progressively increased the use of cash compensation as a proportion of total compensation. The Company nonetheless believes that the continued use of stock options is an essential part of its ability to attract and retain key executives and employees and to align the interests of the key executives and employees with the interests of the stockholders. The additional 528,309 shares proposed to be added to the 1999 Stock Option Plan allows the Board of Directors to proceed with approval of options to be granted in 2001 and will provide the Board of Directors with the flexibility to attract and retain key management and employees. The approval of the allocation of 71,691 shares for issuance to executive officers of the 500,000 share increase approved by the Board of Directors in January 2001 will allow the Board of Directors to proceed with option grants to key executive officers under the Company's planned 2001 Management Bonus Incentive Plan, a cash and stock bonus plan designed by the Compensation Committee to align the interests of executive officers with that of the stockholders by rewarding the executives and other members of management for Company performance as measured by certain objective performance targets. All employees, and directors of the Company and its affiliates (approximately 400 people) are eligible to participate in the Plan.

The 1999 Stock Option Plan is administered by our Compensation Committee, which is authorized, subject to the provisions of the 1999 Stock Option Plan, to grant awards and establish rules and regulations as it deems necessary for the proper administration of Stock Option Plan and to make whatever determinations and interpretations it deems necessary or advisable.

Options granted under the Plan may be either (i) options intended to qualify as "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or (ii) non-qualified stock options. Incentive stock options may be granted under the Plan to employees of the Company and its affiliates. Non-qualified stock options may be granted to

Edgar Filing: ONLINE RESOURCES & COMMUNICATIONS CORP - Form DEF 14A

consultants, directors and employees of the Company and its affiliates.

The 1999 Stock Option Plan also permits the granting of limited rights simultaneously with the grant of any option to an employee or director. Limited rights become exercisable in the event of a change in control of the Company. Upon exercise, the option holder will be entitled to receive in lieu of purchasing the Common Stock underlying the option, a lump sum cash payment equal to the difference between the exercise price of the related option and the fair market value of the shares of Common Stock subject to the option on the date of exercise of the limited right.

The aggregate fair market value (determined at the time of grant) of shares of Common Stock issuable pursuant to incentive stock options which become exercisable in any calendar year under any incentive stock option plan of the Company may not exceed \$100,000. Incentive stock options granted under the Plan may not be granted at a price less than the fair market value of the Common Stock on the date of grant, or 110% of fair market value in the case of options granted to an employee holding 10% or more of the voting stock of the Company. Non-qualified stock options granted under the Plan may not be granted at an exercise price less than 85% of the fair market value of the Common Stock on the date of grant. Incentive stock options granted under the Plan expire not more than ten years from the date of grant, or not more than five years from the date of grant in the case of incentive stock options granted to an employee holding 10% or more of the voting capital stock of the Company. Unless otherwise determined by the Compensation Committee, an option granted under the Plan is exercisable, during the optionholder's lifetime, only by the optionholder and is not transferable by him or her except by will or by the laws of interstate succession or pursuant to a domestic relations order.

Unless otherwise determined by the Compensation Committee, upon the termination of an optionee's employment or service for any reason other than Disability. Termination for Cause (each as defined in the Plan) or death, the optionee's stock options shall be exercisable only as to those shares that were immediately exercisable by the optionee at the date of termination and only for a period of three months following termination, except that in the event of termination upon Retirement (as defined in the Plan), stock options

20

24

shall be exercisable for a period of one year. In the event of a Change in Control (as defined in the Plan) or in the event of termination of the optionee's employment or service for Disability or death, all options held by such optionee shall immediately vest and be exercisable for one year after such termination of service, and , in the event of a Termination for Cause, all rights under the optionee's option shall expire immediately upon such Termination for Cause.

As of December 31, 2000, an aggregate of 1,579,100 shares are issuable upon the exercise of options outstanding under the Plan. On March 31, 2001, the closing market price per share of the Company's Common Stock was \$1.75, as reported in the NASDAQ National Market System.

FEDERAL INCOME TAX CONSIDERATIONS

The following is a description of certain U.S. federal income tax consequences of the issuance and exercise of options under the Plan:

INCENTIVE STOCK OPTIONS. An incentive stock option does not result in taxable income to the optionee or deduction to the Company at the time it is granted or exercised, provided that no disposition is made by the optionee of the shares acquired pursuant to the option within two years after the date of

Edgar Filing: ONLINE RESOURCES & COMMUNICATIONS CORP - Form DEF 14A

grant of the option nor within one year after the date of issuance of shares to him (the "ISO holding period"). However, the difference between the fair market value of the shares on the date of exercise and the option price will be an item of tax preference includable in "alternative minimum taxable income." Upon disposition of the shares after the expiration of the ISO holding period, the optionee will generally recognize long-term capital gain or loss based on the difference between the disposition proceeds and the option price paid for the shares. Such gain will be eligible for the 20 percent maximum rate if the shares have been held for more than 12 months after option exercise. If the shares are disposed of prior to the expiration of the ISO holding period (a "disqualifying disposition"), the optionee generally will recognize taxable compensation, and the Company will have a corresponding deduction, in the year of the disposition, equal to the excess of the fair market value of the shares on the date of exercise of the option over the option price. Any additional gain realized on the disposition will normally constitute capital gain. If the amount realized upon such a disqualifying disposition is less than fair market value of the shares on the date of exercise, the amount of compensation income will be limited to the excess of the amount realized over the optionee's adjusted basis in the shares.

NON-QUALIFIED STOCK OPTIONS. The grant of a non-qualified option will not result in taxable income to the optionee or deduction to the Company at the time of grant. The optionee will recognize taxable compensation, and the Company will have a corresponding deduction, at the time of exercise in the amount of the excess of the then fair market value of the shares acquired over the option price. Upon disposition of the shares, the optionee will generally realize capital gain or loss, and his basis for determining gain or loss will be the sum of the option price paid for the shares plus the amount of compensation income recognized on exercise of the option.

Under the plan, the options vest on the tenth anniversary of the grant date provided the optionee continues at that time to be an employee of the Company. However, vesting of a portion of the options may be accelerated and vest as of December 31, 2001. If the Company does not meet a pre-established minimum performance level, no options will receive accelerated vesting. In addition, if the Company surpasses the pre-determined performance threshold, the named executive officer will be granted additional options covering up to a maximum of 8,364 additional shares. However, vesting of a portion of the options may be accelerated and vest as of June 30, 2001. The percentage of options accelerated will be tied to the achievement of certain pre-determined personal achievement goals for fiscal 2001. If the optionee achieves less than 50% of his or her individual performance goals, no options will receive accelerated vesting. The exercise price for these options is \$3.06 per share. Options for 12,745 shares granted to Mr. Bergamesca are included in the category "all employees, including all current officers who are not executive officers, as a group".
 4. These options are not dependent on the stockholders approval of Proposal 2.

and conditions as the Committee may determine. Non-statutory Stock Options granted under this Plan are subject to the following terms and conditions:

(a) Exercise Price. The Exercise Price of each Non-statutory Stock Option shall be determined by the Committee. Such Exercise Price shall not be less than 85% of the Fair Market Value of the Company's Common Stock on the Date of Grant. Shares of Common Stock underlying a Non-statutory Stock Option may be purchased only upon full payment of the Exercise Price or upon operation of an Alternate Option Payment Mechanism set out in Section 10 hereof.

(b) Terms of Non-statutory Stock Options. The term during which each Non-statutory Stock Option may be exercised shall be determined by the Committee, but in no event shall a Non-statutory Stock Option be exercisable in whole or in part more than 10 years from the Date of Grant. The Committee shall determine the date on which each Non-statutory Stock Option shall become exercisable. The shares of Common Stock underlying each Non-statutory Stock Option installment may be purchased in whole or in part by the Participant at any time during the term of such Non-statutory Stock Option after such installment becomes exercisable. The Committee may, in its sole discretion, accelerate the time at which any Non-statutory Stock Option may be exercised in whole or in part. The acceleration of any Non-statutory Stock Option under the authority of this paragraph shall create no right, expectation or reliance on the part of any other Participant or that certain Participant regarding any other unaccelerated Non-statutory Stock Options. Unless determined otherwise by the Committee and except in the event of the Participant's death or pursuant to a domestic relations order, a Non-statutory Stock Option is not transferable and may be exercisable in the Participant's lifetime only by the Participant to whom it is granted. Upon the death of a Participant, a Non-statutory Stock Option is transferable by will or the laws of descent and distribution.

The Committee may, however, in its sole discretion, permit transferability or assignment of a Non-statutory Stock Option if such transfer or assignment is, in its sole determination, for valid estate planning purposes and such transfer or assignment is permitted under the Code and Rule 16b-3 under the Exchange Act. For purposes of this Section 6(b), a transfer for valid estate planning purposes includes, but is not limited to: (a) a transfer to a revocable intervivos trust as to which the Participant is both the settlor and trustee, or (b) a transfer for no consideration to: (i) any member of the Participant's Immediate Family, (ii) any trust solely for the benefit of members of the Participant's Immediate Family, (iii) any partnership whose only partners are members of the Participant's Immediate Family, and (iv) any limited liability corporation or corporate entity whose only members or equity owners are members of the Participant's Immediate Family. For purposes of this Section 6(b), "Immediate Family" includes, but is not necessarily limited to, a Participant's parents, grandparents, spouse, children, grandchildren, siblings (including half brothers and sisters), and individuals who are family members by adoption. Nothing contained in this Section 6(b) shall be construed to require the Committee to give its approval to any transfer or assignment of any Non-statutory Stock Option or portion thereof, and approval to transfer or assign any Non-statutory Stock Option or portion thereof does not mean that such approval will be given with respect to any other Non-statutory Stock Option or portion thereof. The transferee or assignee of any Non-statutory Stock Option shall be subject to all of the terms and conditions applicable to such Non-statutory Stock Option

immediately prior to the transfer or assignment and shall be subject to any other conditions proscribed by the Committee with respect to such Non-statutory Stock Option.

(c) NSO Agreement. The terms and conditions of any Non-statutory Stock Option granted shall be evidenced by an agreement (the "NSO Agreement") which shall be subject to the terms and conditions of the Plan.

(d) Termination of Employment or Service. Unless otherwise determined by the Committee, upon the termination of a Participant's employment or service for any reason other than Disability, death or Termination for Cause, the Participant's Non-statutory Stock Options shall be exercisable only as to those shares that were immediately exercisable by the Participant at the date of termination and only for a period of three months following termination, except that in the event of termination upon Retirement, such Non-statutory Stock Options shall be exercisable for a period of one year. Notwithstanding any provisions set forth herein or contained in any NSO Agreement relating to an award of a Non-statutory Stock Option, in the event

of a Change in Control or in the event of termination of the Participant's employment or service for Disability or death, all Non-statutory Stock Options held by such Participant shall immediately vest and be exercisable for one year after such termination of service, and, in the event of a Termination for Cause, all rights under the Participant's Non-statutory Stock Options shall expire immediately upon such Termination for Cause.

7. INCENTIVE STOCK OPTIONS.

The Committee may, subject to the limitations of the Plan and the availability of shares reserved but unawarded under the Plan, from time to time, grant Incentive Stock Options to Employees upon such terms and conditions as the Committee may determine. Incentive Stock Options granted pursuant to the Plan shall be subject to the following terms and conditions:

(a) Exercise Price. The Exercise Price of each Incentive Stock Option shall be not less than 100% of the Fair Market Value of the Common Stock on the Date of Grant. However, if at the time an Incentive Stock Option is granted to an Employee Participant, such Employee Participant owns Common Stock representing more than 10% of the total combined voting securities of the Company (or, under Section 424(d) of the Code, is deemed to own Common Stock representing more than 10% of the total combined voting power of all classes of stock of the Company, by reason of the ownership of such classes of stock, directly or indirectly, by or for any brother, sister, spouse, ancestor or lineal descendent of such Employee Participant, or by or for any corporation, partnership, estate or trust of which such Employee Participant is a shareholder, partner or beneficiary) ("10% Owner"), the Exercise Price per share of Common Stock deliverable upon the exercise of each Incentive Stock Option shall not be less than 110% of the Fair Market Value of the Common Stock on the Date of Grant. Shares may be purchased only upon payment of the full Exercise Price or upon operation of an Alternate Option Payment Mechanism set out in Section 10 hereof.

(b) Amounts of Incentive Stock Options. Incentive Stock Options may be granted to any Employee in such amounts as determined by the Committee; provided that the amount granted is consistent with the terms of Section 422 of the Code. In the case of an Option intended to qualify as an Incentive Stock Option, the aggregate Fair Market Value (determined as of the time the Option is granted) of the Common Stock with respect to which Incentive Stock Options granted are exercisable for the first time by the Employee Participant during any calendar

Edgar Filing: ONLINE RESOURCES & COMMUNICATIONS CORP - Form DEF 14A

year (under all plans of the Employee Participant's employer corporation and its parent and subsidiary corporations) shall not exceed \$100,000. The provisions of this Section 7(b) shall be construed and applied in accordance with Section 422(d) of the Code and the regulations, if any, promulgated thereunder. To the extent an Award of an Incentive Stock Option under this Section 7 exceeds this \$100,000 limit, the portion of the Award in excess of such limit shall be deemed a Non-statutory Stock Option. The Committee shall have discretion to redesignate Options granted as Incentive Stock Options as Non-Statutory Stock Options. Such Non-statutory Stock Options shall be subject to Section 6 hereof.

(c) Terms of Incentive Stock Options. The term during which each Incentive Stock Option may be exercised shall be determined by the Committee, but in no event shall an Incentive Stock Option be exercisable in whole or in part more than 10 years from the Date of Grant. If at the time an Incentive Stock Option is granted to an Employee Participant who is a 10% Owner, the Incentive Stock Option granted to such Employee Participant shall not be exercisable after the expiration of five years from the Date of Grant. No Incentive Stock Option is transferable except by will or the laws of descent and distribution and is exercisable in his or her lifetime only by the Employee Participant to whom it is granted. The designation of a beneficiary does not constitute a transfer.

The Committee shall determine the date on which each Incentive Stock Option shall become exercisable. The shares comprising each installment of the Incentive Stock Option may be purchased in whole or in part at any time during the term of such Option after such installment becomes exercisable. The Committee may, in its sole discretion, accelerate the time at which any Incentive Stock Option may be exercised in whole or in part. The acceleration of any Incentive Stock Option under the authority of this paragraph shall not create a right, expectation or reliance on the part of any other Participant or that certain Participant regarding any other unaccelerated Incentive Stock Options.

(d) ISO Agreement. The terms and conditions of any Incentive Stock Option granted shall be evidenced by an agreement (the "ISO Agreement") which shall be subject to the terms and conditions of the Plan.

(e) Termination of Employment. Unless otherwise determined by the Committee, upon the termination of an Employee Participant's employment for any reason other than Disability, death or Termination for Cause, the Employee Participant's Incentive Stock Options shall be exercisable only as to those shares that were immediately exercisable by the Participant at the date of termination and only for a period of three months following termination, except that in the event of termination upon Retirement, such Incentive Stock Options shall be exercisable for a period of one year. Notwithstanding any provision set forth herein or contained in any ISO Agreement relating to an award of an Incentive Stock Option, in the event of a Change in Control or in the event of termination of the Employee Participant's employment for Disability or death, all Incentive Stock Options held by such Employee Participant shall immediately vest and be exercisable for one year after such termination, and, in the event of Termination for Cause, all rights under the Employee Participant's Incentive Stock Options shall expire immediately upon termination. No Incentive Stock Option shall be eligible for treatment as an Incentive Stock Option in the event such Incentive Stock Option is exercised more than three months following the date of Participant's cessation of employment. In no event shall an Incentive Stock Option be exercisable beyond the expiration of the Incentive Stock Option term.

(f) Compliance with Code. The Incentive Stock Options granted under this Section 7 are intended to qualify as "incentive stock options" within the

Edgar Filing: ONLINE RESOURCES & COMMUNICATIONS CORP - Form DEF 14A

meaning of Section 422 of the Code, but the Company makes no warranty as to the qualification of any Option as an incentive stock option within the meaning of Section 422 of the Code. All Options that do not so qualify shall be treated as Non-statutory Stock Options.

8. LIMITED RIGHT.

Simultaneously with the grant of any Option to an Employee or Outside Director, the Committee may grant a Limited Right with respect to all or some of the shares covered by such Option. Limited Rights granted under this Plan are subject to the following terms and conditions:

(a) Terms of Rights. In no event shall a Limited Right be exercisable in whole or in part before the expiration of six months from the Date of Grant of the Limited Right. A Limited Right may be exercised only in the event of a Change in Control.

The Limited Right may be exercised only when the underlying Option is eligible to be exercised, and only when the Fair Market Value of the underlying shares on the day of exercise is greater than the Exercise Price of the underlying Option.

Upon exercise of a Limited Right, the underlying Option shall cease to be exercisable. Upon exercise or termination of an Option, any related Limited Rights shall terminate. The Limited Rights may be for no more than 100% of the difference between the purchase price and the Fair Market Value of the Common Stock subject to the underlying option. The Limited Right is transferable only when the underlying option is transferable and under the same conditions.

(b) Payment. Upon exercise of a Limited Right, the holder shall promptly receive from the Company an amount of cash equal to the difference between the Exercise Price of the underlying option and the Fair Market Value of the Common Stock subject to the underlying Option on the date the Limited Right is exercised, multiplied by the number of shares with respect to which such Limited Right is exercised. Payments shall be less any applicable tax withholding as set forth in Section 15 hereof.

9. PAYOUT ALTERNATIVES.

Payments due to a Participant upon the exercise of an Award, may be made subject to the following terms and conditions:

(a) Discretion of the Committee. The Committee has the sole discretion to determine what form of payment (whether monetary, Common Stock, a combination of payout alternatives or otherwise) it shall use

B-6

in making distributions of payments for all Awards. If the Committee requests any or all Participants to make an election as to form of distribution or payment, it shall not be considered bound by the election.

(b) Payment in the form of Common Stock. Any shares of Common Stock tendered in satisfaction of an obligation arising under this Plan shall be valued at the Fair Market Value of the Common Stock on the day preceding the date of the issuance of such stock to the Participant.

(c) Deferred Payments. The Committee, in its discretion, may permit a Participant to elect to defer receipt of all or any part of any cash or stock payment under the Plan, or the Committee may determine to defer receipt by some or all Participants, of all or part of any such payment. The Committee shall

Edgar Filing: ONLINE RESOURCES & COMMUNICATIONS CORP - Form DEF 14A

determine the terms and conditions of any such deferral, including the period of deferral, the manner of deferral, and the method for measuring appreciation on deferred amounts until their payout.

(d)

10. ALTERNATE OPTION PAYMENT MECHANISM.

The Committee has sole discretion to determine what form of payment it will accept for the exercise of an Option. The Committee may indicate acceptable forms in the ISO or NSO Agreement covering such Options or may reserve its decision to the time of exercise. No Option is to be considered exercised until payment in full is accepted by the Committee or its agent.

(a) Cash Payment. The exercise price may be paid in cash or by certified check.

(b) Borrowed Funds. To the extent permitted by law, the Committee may permit all or a portion of the exercise price of an Option to be paid through borrowed funds.

(c) Exchange of Common Stock.

(i) The Committee may permit payment by the tendering of previously acquired shares of Common Stock. This includes the use of "pyramiding transactions" whereby some number of Options are exercised; then the shares gained through the exercise are tendered back to the Company as payment for a greater number of Options. This transaction may be repeated as needed to exercise all of the Options available.

(ii) Any shares of Common Stock tendered in payment of the exercise price of an Option shall be valued at the Fair Market Value of the Common Stock on the date prior to the date of exercise.

11. RIGHTS OF A SHAREHOLDER: NONTRANSFERABILITY.

No Participant shall have any rights as a shareholder with respect to any shares of Common Stock covered by an Option until the date of issuance of a stock certificate for such shares. Nothing in this Plan or in any Award granted confers on any person any right to continue in the employ or service of the Company or its Affiliates or interferes in any way with the right of the Company or its Affiliates to terminate a Participant's services as an officer or other employee at any time.

Except as permitted under the Code (with respect to Incentive Stock Options) and the rules promulgated pursuant to Section 16(b) of the Exchange Act or any successor statutes or rules, no Award under the Plan shall be transferable by the Participant other than by will or the laws of intestate succession or pursuant to a domestic relations order or unless determined otherwise by the Committee.

12. AGREEMENT WITH GRANTEES.

Each Award will be evidenced by a written agreement(s) (whether constituting an NSO Agreement, ISO Agreement, or any combination thereof), executed by the Participant and the Company or its Affiliates that describes the conditions for receiving the Awards including the date of Award, the Exercise Price, the terms or other applicable periods, and other terms and conditions as may be required or imposed by the Plan, the Committee, or the Board of Directors, and may describe or specify tax law considerations or applicable securities law considerations.

13. DESIGNATION OF BENEFICIARY.

A Participant may, with the consent of the Committee, designate a person or persons to receive, in the event of death, any Award to which the Participant would then be entitled. Such designation will be made upon forms supplied by and delivered to the Company and may be revoked in writing. If a Participant fails effectively to designate a beneficiary, then the Participant's estate will be deemed to be the beneficiary.

14. DILUTION AND OTHER ADJUSTMENTS.

In the event of any change in the outstanding shares of Common Stock by reason of any stock dividend or split, recapitalization, merger, consolidation, spin-off, reorganization, combination or exchange of shares, or other similar corporate change, or other increase or decrease in such shares without receipt or payment of consideration by the Company, or in the event a capital distribution is made, the Committee will make such adjustments to Awards to prevent dilution, diminution or enlargement of the rights of the Participant, as the Committee deems appropriate, including any or all of the following:

- (a) adjustments in the aggregate number or kind of shares of Common Stock or other securities that may underlie future Awards under the Plan;
- (b) adjustments in the aggregate number or kind of shares of Common Stock or other securities underlying Awards already made under the Plan;
- (c) adjustments in the exercise price of outstanding Incentive and/or Non-statutory Stock Options, or any Limited Rights attached to such Options.

Alternatively, the Committee could provide the participant with a cash benefit for shares underlying vested, but unexercised options, in order to achieve the aforementioned effect. All awards under this Plan shall be binding upon any successors or assigns of the Company.

15. TAX WITHHOLDING.

Awards under this Plan shall be subject to tax withholding to the extent required by any governmental authority. Any withholding shall comply with Rule 16b-3 or any amendment or successive rule. Shares of Common Stock withheld to pay for tax withholding amounts shall be valued at their Fair Market Value on the date the Award is deemed taxable to the Participant.

16. AMENDMENT OF THE PLAN.

The Board of Directors may at any time, and from time to time, subject to applicable rules and regulations, modify or amend the Plan, or any Award granted under the Plan, in any respect, prospectively or retroactively; provided however, that provisions governing grants of Incentive Stock Options, unless permitted by the rules and regulations or staff pronouncements promulgated under the Code shall be submitted for shareholder approval to the extent required by such law, regulation or interpretation.

Failure to ratify or approve amendments or modifications by shareholders shall be effective only as to the specific amendment or modification requiring such ratification. Other provisions, sections, and subsections of this Plan will remain in full force and effect.

No such termination, modification or amendment may adversely affect the rights of a Participant under an outstanding Award without the written

Edgar Filing: ONLINE RESOURCES & COMMUNICATIONS CORP - Form DEF 14A

permission of such Participant.

17. EFFECTIVE DATE OF PLAN.

The Plan shall become effective upon being presented to shareholders for ratification for the purpose of obtaining preferential tax treatment for Incentive Stock Options. The failure to obtain shareholder ratification for such purposes will not affect the validity of the Plan and the Options thereunder, provided, however, that if the Plan is not ratified, the Plan shall remain in full force and effect, and any Incentive Stock Options granted under the Plan shall be deemed to be Non-statutory Stock Options.

B-8

39

18. TERMINATION OF THE PLAN.

The right to grant Awards under the Plan will terminate upon the earlier of: (i) ten (10) years after the Effective Date; (ii) the issuance of a number of shares of Common Stock pursuant to the exercise of Options which together with the exercise of Limited Rights is equivalent to the maximum number of shares reserved under the Plan as set forth in Section 4. The Board of Directors has the right to suspend or terminate the Plan at any time, provided that no such action will, without the consent of a Participant, adversely affect a Participant's vested rights under a previously granted Award.

19. APPLICABLE LAW.

The Plan will be administered in accordance with the laws of the State of Delaware and applicable federal law.

20. DELEGATION OF AUTHORITY

The Committee may delegate all authority for: the determination of forms of payment to be made by or received by the Plan; the execution of Award agreements; the determination of Fair Market Value; and the determination of all other aspects of administration of the Plan to the executive officer(s) of the Company. The Committee may rely on the descriptions, representations, reports and estimates provided to it by the management of the Company for determinations to be made pursuant to the Plan, including the attainment of performance goals. However, only the Committee or a portion of the Committee may certify the attainment of a performance goal.
