PROLOGIS TRUST

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS MARCH 31, 2001 (UNAUDITED)

1. GENERAL:

Business

ProLogis Trust (collectively with its consolidated subsidiaries and partnerships "ProLogis") is a publicly held real estate investment trust ("REIT") that owns and operates a network of industrial distribution facilities in North America and Europe. The ProLogis Operating System(TM), comprised of the Market Services Group, the Global Services Group, the Global Development Group and the Integrated Solutions Group, utilizes ProLogis' international network of distribution facilities to meet its customers' distribution space needs globally. ProLogis has organized its business into three operating segments: property operations, corporate distribution facilities services business ("CDFS business") and temperature-controlled distribution operations. See Note 8.

Principles of Financial Presentation

The consolidated condensed financial statements of ProLogis as of March 31, 2001 and for the three months ended March 31, 2001 and 2000 are unaudited and, pursuant to the rules of the Securities and Exchange Commission, certain information and footnote disclosures normally included in financial statements have been omitted. While management of ProLogis believes that the disclosures presented are adequate, these interim consolidated condensed financial statements should be read in conjunction with ProLogis' December 31, 2000

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

audited consolidated financial statements contained in ProLogis' 2000 Annual Report on Form 10-K, as amended.

In the opinion of management, the accompanying unaudited consolidated condensed financial statements contain all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of ProLogis' consolidated financial position and results of operations for the interim periods. The consolidated results of operations for the three months ended March 31, 2001 and 2000 are not necessarily indicative of the results to be expected for the entire year. Certain of the 2000 amounts have been reclassified to conform to the 2001 financial statement presentation.

The preparation of consolidated condensed financial statements in conformity with generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Interest Expense

Interest expense was \$41.5 million and \$42.0 million for the three months in 2001 and 2000, respectively, which is net of capitalized interest of \$5.9 million and \$4.2 million, respectively. Amortization of deferred loan costs included in interest expense was \$1.2 million and \$1.0 million for the three months in 2001 and 2000, respectively. Total interest paid in cash on all outstanding debt was \$38.9 million and \$30.4 million during 2001 and 2000, respectively.

Financial Instruments

In the normal course of business, ProLogis uses certain derivative financial instruments for the purpose of foreign currency exchange rate and interest rate risk management. All derivative financial instruments are accounted for at fair value with changes in fair value recognized immediately in accumulated other comprehensive income or income.

ProLogis adopted Statement of Financial Accounting Standards ("SFAS") No. 133, "Accounting for Derivative Instruments and for Hedging Activities," as amended, on January 1, 2001. SFAS No. 133 provides comprehensive guidelines for the recognition and measurement of derivatives and hedging activities and, specifically, requires all derivatives to be recorded on the balance sheet at fair value as an asset or liability, with an offset to accumulated other comprehensive income or income. ProLogis' only derivative financial instruments in effect at March 31, 2001 are foreign currency put option contracts that have been previously marked to market through income, as they did not qualify for hedge accounting treatment. These contracts also do not qualify for hedge accounting treatment under SFAS No. 133, therefore, ProLogis has continued to mark these contracts to market through income during the three months ended March 31, 2001. ProLogis' unconsolidated entities also adopted SFAS No. 133 on January 1, 2001. The effect to ProLogis of their adoption of SFAS No. 133 was immaterial as these entities utilize derivative financial instruments on a limited basis.

In assessing the fair value of its financial instruments, both derivative

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

and non-derivative, ProLogis uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date. Primarily, ProLogis uses quoted market prices or quotes from brokers or dealers for the same or similar instruments. These values represent a general approximation of possible value and may never actually be realized.

Foreign Currency Exchange Gains or Losses

ProLogis' consolidated subsidiaries whose functional currency is not the U.S. dollar translate their financial statements into U.S. dollars. Assets and liabilities are translated at the exchange rate in effect as of the financial statement date. Income statement accounts are translated using the average exchange rate for the period. Income statement accounts that represent significant, nonrecurring transactions are translated at the rate in effect as of the date of the transaction. Gains and losses resulting from the translation are included in accumulated other comprehensive income as a separate component of shareholders' equity. ProLogis and its foreign subsidiaries have certain transactions denominated in currencies other than their functional currency. In these instances, nonmonetary assets and liabilities are reflected at the historical exchange rate, monetary assets and liabilities are remeasured at the exchange rate in effect at the end of the period, and income statement accounts are remeasured at the average exchange rate for the period. Gains and losses from remeasurement are included in ProLogis' results of operations. In addition, gains or losses are recorded in the income statement when a transaction with a third party, denominated in a currency other than the functional currency, is settled and the functional currency cash flows realized are more or less than expected based upon the exchange rate in effect when the transaction was initiated.

The net foreign currency exchange gains and losses recognized in ProLogis' results of operations were as follows for the periods indicated (in thousands of U.S. dollars):

	THREE MONTHS ENDED MARCH 31,	
	2001	2000
	-----	-----
Gains (losses) from the remeasurement of third party debt and remeasurement and settlement of intercompany debt, net	\$ 1,872	\$ (7,024)
Mark to market gains on foreign currency put option contracts (1)	1,012	57
Gains (losses) from the settlement of foreign currency put option contracts, net	(255)	480
Other gains (losses), net	28	(33)
	\$ 2,657	\$ (6,520)

 (1) Upon settlement, the mark to market adjustments are reversed and the total realized gain or loss is recognized.

2. AMENDED QUARTERLY REPORT ON FORM 10-Q/A#1

ProLogis' Quarterly Report on Form 10-Q for the period ended March 31, 2001

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

originally filed on May 10, 2001 included the financial position and results of operations of ProLogis' subsidiary, Kingspark Holding S.A. and subsidiaries ("Kingspark S.A."), in its unaudited consolidated condensed financial statements on a consolidated basis. Until January 5, 2001, ProLogis owned only the non-voting preferred stock of Kingspark S.A. and reported its investment in Kingspark S.A. under the equity method. On that date, ProLogis acquired an indirect interest in the voting common stock of Kingspark S.A. and began consolidating it in its financial statements along with its other majority-owned and controlled subsidiaries and partnerships. After reconsideration of the facts underlying its ownership position, ProLogis determined that its indirect ownership interest in the voting common stock of Kingspark S.A. does not give it control such that consolidation is the appropriate method of reporting. Therefore, ProLogis has amended its unaudited consolidated condensed financial statements as of and for the three months ended March 31, 2001 included in this Form 10-Q/A#1 to reflect its investment in Kingspark S.A. under the equity method, consistent with its reporting of this investment prior to January 5, 2001. Further, ProLogis has amended its unaudited consolidated condensed financial statements as of and for the three months ended March 31, 2001 included in this Form 10-Q/A#1 to reflect its investments in two other entities, whose sole purpose is to hold preferred stock in technology companies, under the equity method. ProLogis began consolidating these entities in 2001, but as with Kingspark S.A., subsequently determined that its ownership interest did not give it control. These changes in reporting have no effect on ProLogis' shareholders equity as of March 31, 2001 or its net earnings attributable to Common Shares, net earnings attributable to Common Shares per share or comprehensive income for the three months ended March 31, 2001. These changes in reporting did result in changes in certain financial statement amounts as of and for the three months ended March 31, 2001. The most significant of which are as follows (in thousands):

	AS AMENDED	PREVIOUSLY REPORTED
	-----	-----

- (1) CSI/Frigo LLC, a limited liability company, owns 100% of the voting common stock of both ProLogis Logistics Services Incorporated ("ProLogis Logistics") and Frigoscandia Holding S.A. ("Frigoscandia S.A."). ProLogis directly owns all of the non-voting preferred stock of both ProLogis Logistics and Frigoscandia S.A. representing a 95% interest in the earnings of these entities.

ProLogis owns 89% of the membership interests (all non-voting) of CSI/Frigo LLC and K. Dane Brooksher, ProLogis' chairman and chief executive officer, owns the remaining 11% of the membership interests (all voting) and is the managing member. ProLogis has a note agreement with CSI/Frigo LLC that allows ProLogis to participate in its earnings such that ProLogis recognizes 95% of the earnings of CSI/Frigo LLC. Mr. Brooksher may transfer his membership interest, subject to certain conditions, including the approval of ProLogis. There are no provisions that give ProLogis the right to acquire Mr. Brooksher's membership interests. Mr. Brooksher does not receive compensation in connection with being the managing member. Mr. Brooksher invested \$50,000 in CSI/Frigo LLC. Mr. Brooksher's membership interests and the terms of the participating note entitle him to receive dividends equal to 5% of the net cash flow of CSI/Frigo LLC, as defined, if any. ProLogis' ownership interests in CSI/Frigo LLC, ProLogis Logistics and Frigoscandia S.A. do not result in ProLogis having ownership of or control of the voting common stock or voting membership interests of these entities; therefore, they are not consolidated in ProLogis' condensed financial statements. See Note 10.

The Common Shares will be repurchased from time to time in the open market and in privately negotiated transactions, depending on market prices and other conditions. As of March 31, 2001, no common shares had been repurchased.

On March 30, 2001, ProLogis called for the redemption of its outstanding Series A cumulative, redeemable preferred shares of beneficial interest ("Series A preferred shares") at the price of \$25.00 per share, plus \$0.2481 in accrued and unpaid dividends, for an aggregate redemption price of \$25.2481 per share (the "Redemption Price"). The shares were redeemed on May 8, 2001 at a total cost of \$136.3 million.

6. DISTRIBUTIONS AND DIVIDENDS:

Common Distributions

On February 23, 2001, ProLogis paid a quarterly distribution of \$0.345 per Common Share to shareholders of record on February 9, 2001. The distribution level for 2001 was set by ProLogis' Board of Trustees in December 2000 at \$1.38 per Common Share.

Preferred Dividends

The annual dividend rates on ProLogis' preferred shares are \$2.35 per cumulative redeemable Series A preferred share, \$4.27 per cumulative redeemable Series C preferred share, \$1.98 per cumulative redeemable Series D preferred share and \$2.1875 per cumulative redeemable Series E preferred share.

On January 31, 2001, ProLogis paid quarterly dividends of \$0.5469 per cumulative redeemable Series E preferred share. On March 30, 2001, ProLogis paid quarterly dividends of \$0.5875 per cumulative redeemable Series A preferred share, \$1.0675 per cumulative redeemable Series C preferred share and \$0.495 per cumulative redeemable Series D preferred share.

Pursuant to the terms of its preferred shares, ProLogis is restricted from declaring or paying any distribution with respect to the Common Shares unless all cumulative dividends with respect to the preferred shares have been paid and sufficient funds have been set aside for dividends that have been declared for the then-current dividend period with respect to the preferred shares.

8. BUSINESS SEGMENTS:

ProLogis has three reportable business segments:

- o Property operations represents the long-term ownership and leasing of industrial distribution facilities in the United States (portions of which are owned through ProLogis California, ProLogis North American Properties Fund I and ProLogis North American Properties Fund II -- See Note 3), Mexico and Europe (portions of which are owned through ProLogis European Properties Fund and ProLogis European Properties S.a.r.l. -- See Note 3); each operating facility is considered to be an individual

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

operating segment having similar economic characteristics which are combined within the reportable segment based upon geographic location;

- o CDFS business represents the development of industrial distribution facilities by ProLogis and Kingspark S.A. (which is not consolidated in ProLogis' financial statements) in the United States, Mexico and Europe (see Note 4) which are often disposed of to third parties or entities in which ProLogis has an ownership interest and the development of industrial distribution facilities by ProLogis and Kingspark S.A. on a fee basis for third parties in the United States, Mexico and Europe; the development activities of ProLogis and Kingspark S.A. are considered to be individual operating segments having similar economic characteristics which are combined within the reportable segment based upon geographic location; and
- o Temperature-controlled distribution operations represents the operation of a temperature-controlled distribution and logistics network through investments in unconsolidated entities in the United States (ProLogis Logistics) and Europe (Frigoscandia S.A.). The operations of these entities are considered to be one operating segment. See Note 4.

Reconciliations of the three reportable segments': (i) income from external customers to ProLogis' total income; (ii) net operating income from external customers to ProLogis' earnings before minority interest (ProLogis' chief operating decision makers rely primarily on net operating income and related measures to make decisions about allocating resources and assessing segment performance); and (iii) assets to ProLogis' total assets are as follows (in thousands):

10. RELATED PARTY TRANSACTIONS

Transactions with Chief Executive Officer and Chairman

ProLogis has invested in the non-voting preferred stock of certain entities that have ownership interests in companies that produce income that is not REIT qualifying income (i.e., rental income and mortgage interest income) under the Internal Revenue Code of 1986, as amended (the "Code"). Therefore, the voting common stock of these companies was held by third parties including entities in which Security Capital, ProLogis' largest shareholder, held non-voting interests. The Code, as amended in 2001, allows for ProLogis to have a voting ownership interest in these entities. ProLogis began negotiations to acquire the voting ownership interests in these entities during 2000. Before the acquisitions were completed it was determined that the state income tax laws governing REITs were not all going to be changed to coincide with the amendments to the Code. Therefore, K. Dane Brooksher, ProLogis' chairman and chief executive officer, acquired the voting ownership interests in Frigoscandia S.A., ProLogis Logistics and Kingspark S.A. from the third parties and Security Capital. See Note 4.

Mr. Brooksher's voting ownership interests in the entities in which ProLogis has only non-voting ownership interests are:

- o Kingspark LLC, a limited liability company formed on January 5, 2001, acquired the voting common stock of Kingspark S.A. (an entity in which ProLogis owns all of the non-voting preferred stock) for \$8.1 million. ProLogis funded the entire purchase price either directly or through loans to Kingspark LLC or Mr. Brooksher. The ProLogis loan to Kingspark LLC is in the principal amount of \$7.3 million, is due January 5, 2006 and bears interest at an annual rate of 8.0%. ProLogis made a direct capital contribution to Kingspark LLC in the amount of \$770,973. Mr. Brooksher's \$40,557 capital contribution to Kingspark LLC was loaned to him by ProLogis, which recourse loan is payable on January 5, 2006 and bears interest at an annual rate of 8.0%. Mr. Brooksher's membership interests entitle him to receive dividends equal to 5% of the net cash flow of Kingspark LLC, as defined, if any. Mr. Brooksher is the managing member and he may transfer his membership interests, subject to certain conditions, including the approval of ProLogis. There are no provisions that give ProLogis the right to acquire Mr. Brooksher's membership interests. Mr. Brooksher does not receive compensation in connection with being the managing member. See Note 4.
- o CSI/Frigo LLC, a limited liability company formed on January 5, 2001, acquired the voting common stock of Frigoscandia S.A. and ProLogis Logistics (both entities in which ProLogis owns all of the non-voting preferred stock) for \$3.3 million. ProLogis loaned \$2.9 million to CSI/Frigo LLC, which loan is due January 5, 2011 and bears interest at an annual rate of 8.0%. ProLogis also made a capital contribution to CSI/Frigo LLC in the amount of \$404,545 and Mr. Brooksher made a \$50,000 capital contribution to CSI/Frigo LLC. Mr. Brooksher's

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

membership interests (after considering the terms of the participating note from CSI/Frigo LLC to ProLogis) entitle him to receive dividends equal to 5% of the net cash flow of CSI/Frigo LLC, as defined, if any. Mr. Brooksher is the managing member and he may transfer his membership interest, subject to certain conditions, including the approval of ProLogis. There are no provisions that give ProLogis the right to acquire Mr. Brooksher's membership interests. Mr. Brooksher does not receive compensation in connection with being the managing member.

As a result of the foregoing transactions, Mr. Brooksher has an effective 0.04% interest in the earnings of ProLogis Logistics, an effective 0.25% interest in the earnings of Frigoscandia S.A. and an effective 0.25% interest in the earnings of Kingspark S.A.

In 2000, ProLogis invested in GoProLogis and ProLogis PhatPipe, whose income is not REIT qualifying income under the Code (amendments to the Code and state income tax laws governing REITs were not in effect at this time). These investments were structured whereby ProLogis would have only a non-voting preferred stock ownership interest. To complete the transactions, Mr. Brooksher acquired the voting ownership interest in each entity as noted below.

20

- o GoProLogis owns preferred stock in Vizional Technologies. Mr. Brooksher owns all of the voting common stock of GoProLogis, representing a 2% interest in the earnings of GoProLogis and he is entitled to receive dividends equal to 2% of the net cash flow of GoProLogis, as defined, if any. ProLogis owns all of the non-voting preferred stock of GoProLogis, representing a 98% interest in the earnings of GoProLogis and ProLogis is entitled to receive dividends equal to the remaining 98% of net cash flow, as defined, if any. Mr. Brooksher contributed a \$1.1 million recourse promissory note to GoProLogis in exchange for his interest in the entity, which note is payable on July 18, 2005 and bears interest at an annual rate of 8.0%. Mr. Brooksher is not restricted from transferring his ownership interest in GoProLogis and ProLogis has the right to acquire Mr. Brooksher's ownership interest beginning in 2001 for a price equal to the outstanding principal amount of the promissory note plus accrued and unpaid interest. See Note 4.
- o ProLogis PhatPipe owns preferred stock in PhatPipe. Mr. Brooksher owns all of the voting common stock of ProLogis PhatPipe, representing a 2% interest in the earnings of ProLogis PhatPipe and he is entitled to receive dividends equal to 2% of the net cash flow of GoProLogis, as defined, if any. ProLogis owns all of the non-voting preferred stock of ProLogis PhatPipe, representing a 98% interest in the earnings of ProLogis PhatPipe and ProLogis is entitled to receive dividends equal to the remaining 98% of net cash flow, as defined, if any. Mr. Brooksher contributed recourse promissory notes with the aggregate principal amount of \$122,449 to ProLogis PhatPipe in exchange for his interest in the entity, which notes are payable on September 20, 2005 (\$71,429 principal amount) and January 4, 2006 (\$51,020 principal amount). Both notes bear interest at an annual rate of 8.0%. Mr. Brooksher is not restricted from transferring his ownership interest in ProLogis PhatPipe and ProLogis has the right to acquire Mr. Brooksher's ownership interest beginning in 2001 for a price equal to

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

the outstanding aggregate principal amount of the promissory notes plus accrued and unpaid interest. See Note 4.

As of March 31, 2001, ProLogis had other loans outstanding from Mr. Brooksher with an aggregate principal amount of \$2,105,000. Of these, \$1,867,000 was loaned to Mr. Brooksher under ProLogis' employee share purchase plan.

11. COMMITMENTS AND CONTINGENCIES:

Environmental Matters

All of the facilities acquired by ProLogis have been subjected to environmental reviews by ProLogis or predecessor owners. While some of these assessments have led to further investigation and sampling, none of the environmental assessments has revealed, nor is ProLogis aware of any environmental liability (including asbestos related liability) that ProLogis believes would have a material adverse effect on ProLogis' business, financial condition or results of operations.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Trustees and Shareholders of
ProLogis Trust:

We have reviewed the accompanying consolidated condensed balance sheets of ProLogis Trust and subsidiaries as of March 31, 2001, and the related consolidated condensed statements of earnings and comprehensive income and the consolidated condensed statements of cash flows for the three months ended March 31, 2001 and 2000. These financial statements are the responsibility of the Trust's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States.

We have previously audited, in accordance with auditing standards generally accepted in the United States, the consolidated balance sheet of ProLogis Trust and subsidiaries as of December 31, 2000, and in our report dated March 15,

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

2001, we expressed an unqualified opinion on that statement. In our opinion, the information set forth in the accompanying consolidated condensed balance sheet as of December 31, 2000, is fairly stated in all material respects, in relation to the consolidated balance sheet from which it has been derived.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with ProLogis' Consolidated Condensed Financial Statements and the notes thereto included in Item 1 of this report. See also ProLogis' 2000 Annual Report on Form 10-K, as amended.

The statements contained in this discussion that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are based on current expectations, estimates and projections about the industry and markets in which ProLogis operates, management's beliefs, and assumptions made by management. Words such as "expects", "anticipates", "intends", "plans", "believes", "seeks", "estimates", variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. Factors which may affect outcomes and results include: (i) changes in general economic conditions in ProLogis' markets that could adversely affect demand for ProLogis' facilities and the creditworthiness of ProLogis' customers, (ii) changes in financial markets, interest rates and foreign currency exchange rates that could adversely affect ProLogis' cost of capital and its ability to meet its financial needs and obligations, (iii) increased or unanticipated competition for distribution facilities in ProLogis' target market cities; and (iv) those factors discussed in ProLogis' 2000 Annual Report on Form 10-K, as amended.

RESULTS OF OPERATIONS

Three Months Ended March 31, 2001 and 2000

ProLogis' net earnings attributable to Common Shares were \$44.0 million for the three months ended March 31, 2001 as compared to \$44.9 million for the same period in 2000. For the three months ended March 31, 2001, basic and diluted per share net earnings attributable to Common Shares were \$0.26 and \$0.25 per share, respectively. Basic and diluted per share net earnings attributable to Common Shares were \$0.28 per share for the same period in 2000.

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

The CDFS business segment provides capital for ProLogis to redeploy into its development activities in addition to generating profits that contribute to ProLogis' total income. ProLogis' income from this segment increased by \$17.6 million in 2001 over 2000, primarily the result of the number of dispositions of facilities developed by ProLogis to entities in which ProLogis maintains an ownership interest, such as ProLogis North American Properties Fund II and ProLogis European Properties Fund, as well as to third parties. The 2001 increases in the CDFS business segment income were offset by a \$11.7 million decrease from 2000 in the property operations segment's income. This operating segment's net income includes rental income and net rental expenses from facilities directly owned by ProLogis and also its share of the income of its unconsolidated entities that engage in property operations segment activities. Income from ProLogis' temperature-controlled distribution operations decreased in 2001 from 2000 by \$10.7 million, primarily due to losses incurred in the European operations. See "-- Property Operations", "-- CDFS Business" and "-- Temperature-Controlled Distribution Operations".

- (4) ProLogis has a 20.0% ownership interest as of March 31, 2001 in ProLogis North American Fund II which was originally formed on June 30, 2000. All operating facilities owned by this entity were previously directly owned by ProLogis. See Note 3 to ProLogis' Consolidated Condensed Financial Statements in Item 1.
- (5) As of March 31, 2001, ProLogis' ownership interest in ProLogis European Properties Fund is 41.8%. As of March 31, 2000, ProLogis had a 44.6% ownership interest in the ProLogis European Properties Fund. See Note 3 to ProLogis' Consolidated Condensed Financial Statements in Item 1.

ProLogis' property operations segment income consists of the: (i) net operating income from the operating facilities that are owned by ProLogis directly or through its consolidated entities and (ii) the income recognized by ProLogis under the equity method from its investments in unconsolidated entities engaged in property operations. See Note 8 to ProLogis' Consolidated Condensed Financial Statements in Item 1. The amounts recognized under the equity method are based on the net earnings of each unconsolidated entity and include: interest income and interest expense, depreciation and amortization expenses, general and administrative expenses, income taxes and foreign currency exchange gains and losses (with respect to ProLogis European Properties Fund and ProLogis European Properties S.a.r.l.). ProLogis' net operating income from the property operations segment was as follows (in thousands) (see Note 8 to ProLogis' Consolidated Condensed Financial Statements in Item 1):

- (1) The fluctuations in rental expenses between years is primarily the result of the changes in the composition of the directly owned facilities in each year in addition to increased rental expense recoveries (as a percentage of total rental expenses) in each year. Rental expenses, before recoveries from tenants were 26.5% of rental income for 2001 and 24.6% of rental income for 2000. Total rental expense recoveries were 78.6% and 78.0% of total rental expenses in 2001 and 2000, respectively. The increase in rental expense recoveries as a percentage of total rental expenses reflects ProLogis' emphasis on on-site property management teams and the effectiveness of the ProLogis Operating System(TM).
- (2) ProLogis North American Properties Fund I and ProLogis North American Properties Fund II began operations on June 30, 2000.

- (3) In 2001, ProLogis' share of the income of ProLogis European Properties Fund and ProLogis European Properties S.a.r.l. includes net foreign currency losses of \$0.8 million and \$0.2 million, respectively. In 2000, ProLogis' share of the income of ProLogis European Properties Fund and ProLogis European Properties S.a.r.l. includes net foreign currency gains of \$5.1 million and \$3.3 million, respectively. Excluding net foreign currency exchange gains and losses, ProLogis' share of the income of ProLogis European Properties Fund would have been \$1.3 million and \$2.2 million for 2001 and 2000, respectively. Excluding net foreign currency exchange gains and losses, ProLogis' share of the income of ProLogis European Properties S.a.r.l. would have been \$229,000 and \$1.6 million for 2001 and 2000, respectively. ProLogis European Properties Fund's income decreased in 2001 from 2000 primarily due to higher interest expense in 2001 due to higher debt levels. ProLogis recognized income under the equity method related to ProLogis European Properties S.a.r.l. in 2001 for only six days.

The facilities that ProLogis develops are not always pre-leased at the start of construction. In addition, ProLogis may acquire facilities that are underleased at the time of acquisition. While these situations will reduce ProLogis' overall occupancy rate below its stabilized level in the short-term, they do provide opportunities to increase revenues. The term "stabilized" means that capital improvements, repositioning, new management and new marketing programs (or development and marketing, in the case of newly developed facilities) have been in effect for a sufficient period of time (generally 12 months) to achieve stabilized occupancy (typically 93%, but ranging from 90% to 95%, depending on the submarket and product type). ProLogis has been successful in increasing occupancies on acquired and developed facilities during their initial months of operation, resulting in an occupancy rate of 94.6% and a leased rate of 95.6% for stabilized facilities owned by ProLogis and its consolidated and unconsolidated entities as of March 31, 2001. The average increase in rental rates for both new and renewed leases on previously leased space (8.5 million square feet) for all facilities including those owned by ProLogis' consolidated and unconsolidated entities during 2001 was 20.2%. During 2001, the net operating income (rental income less net rental expenses) generated by ProLogis' "same store" portfolio of operating facilities (facilities owned by ProLogis and its consolidated and unconsolidated entities that were in operation throughout both 2001 and 2000) increased by 3.90% over 2000.

There has been minimal impact of the California energy situation and the attendant increase in utility costs on ProLogis' income from the property

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

operations segment. ProLogis' customers are responsible for their direct utility bills and ProLogis' facilities have minimal common utility charges, which are generally included in amounts recovered from customers under the terms of the lease agreements. Given the typical use of ProLogis' distribution facilities (bulk distribution and light manufacturing and assembly uses), ProLogis believes that its customers' total utility expenses are a small portion of the total expenses related to the operations within ProLogis' facilities.

CDFS Business

Income from ProLogis' CDFS business segment consists primarily of: (i) the profits from the disposition of land parcels and facilities that were developed by ProLogis and disposed of to customers or to entities in which ProLogis has an ownership interest; (ii) development fees earned by ProLogis; and (iii) income recognized under the equity method from ProLogis' investment in Kingspark S.A. Kingspark S.A. engages in CDFS business activities in the United Kingdom similar to those activities performed directly by ProLogis. ProLogis recognizes in excess of 99% of the net earnings of Kingspark S.A. under the equity method that includes: interest income and interest expense (net of capitalized amounts), general and administrative expense (net of capitalized amounts), income taxes and foreign currency exchange gains and losses.

The CDFS business segment operations increased in volume for the three months in 2001 over the same period in 2000; consequently, ProLogis' income from this segment has increased in each year. The CDFS business segment income is comprised of the following (in thousands):

	THREE MONTHS ENDED

- (3) Kingspark S.A.'s income in 2000 includes:

Temperature-Controlled Distribution Operations

ProLogis recognizes income from the temperature-controlled distribution operations segment of its business under the equity method. ProLogis' share of the net income or loss of ProLogis Logistics and Frigoscandia S.A. was as follows (in thousands) (see Notes 4 and 8 to ProLogis' Consolidated Condensed Financial Statements in Item 1):

	THREE MONTHS ENDED MARCH 31,	
	2001	2000
Income (loss) from ProLogis Logistics	\$ (1,744)	\$ 2,871
Loss from Frigoscandia S.A.	(7,728)	(1,674)
Total temperature-controlled distribution Operations segment	\$ (9,472)	\$ 1,197

Amounts recognized under the equity method of accounting from ProLogis Logistics and Frigoscandia S.A. includes interest income and interest expense, depreciation and amortization expense, general and administrative expense, income taxes and foreign currency exchange gains and losses (with respect to Frigoscandia). ProLogis recognizes in excess of 99% the net earnings of each entity in 2001, as compared to 95% in 2000.

CSI's operating capacity was comparable in both three-month periods. The decrease in ProLogis' share of ProLogis Logistics' net earnings from 2000 to 2001 of \$4.6 million is primarily attributable to higher interest expense as a result of increasing external debt by \$125.0 million. The proceeds from the borrowings of ProLogis Logistics were used to repay \$125.0 million of outstanding notes and accrued interest due to ProLogis. See "-- Liquidity and Capital Resources -- Credit Facilities".

Frigoscandia's operating capacity was comparable in both three-month periods. ProLogis' share of Frigoscandia S.A.'s net losses includes net foreign currency exchange losses of \$1.4 million and \$2.2 million in 2001 and 2000, respectively. Excluding these foreign currency exchange losses, ProLogis

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

recognized \$6.8 million less income under the equity method in 2001 than it recognized in 2000 from its investment in Frigoscandia S.A. The increase in Frigoscandia S.A.'s net loss in 2001 from the loss recognized in 2000 is primarily due to lower occupancy levels, principally the result of the reduction in inventories of beef and pork products by the German and French governments.

ProLogis believes that the factors that contributed to the decline in operating performance of Frigoscandia are temporary and can be partially mitigated in the short-term by reductions in general and administrative costs and other operating costs. However, there is no assurance that these factors are temporary or that some or all of these factors will not continue past 2001. ProLogis and Frigoscandia are currently monitoring the recent outbreak of foot and mouth disease in Europe. At this time, the effect (positive or negative), if any, on the demand for temperature-controlled distribution services and the related transportation services offered by Frigoscandia cannot be determined.

Other Income and Expense Items

Interest Expense

Interest expense is a function of the level of borrowings outstanding offset by interest capitalization with respect to development activities. Interest expense was \$41.5 million in 2001 and \$42.0 million in 2000. Capitalized interest was \$5.9 million in 2001 and \$4.2 million in 2000. Capitalized interest levels are reflective of ProLogis' cost of funds and the level of development activity in each year.

Gain (Loss) on Disposition of Real Estate

Gain on disposition of real estate represents the net gains from the disposition of operating facilities that were acquired or developed within the property operations segment. Generally, ProLogis disposes of facilities in the property operations segment because such facilities are considered to be non-strategic facilities or to complement the portfolio of developed facilities that are acquired by entities in which ProLogis maintains an ownership interest. Non-strategic facilities are assets located in markets or submarkets that are no longer considered target markets as well as assets that were acquired as part of previous portfolio acquisitions that are not consistent with ProLogis' core portfolio based on the asset's size or configuration.

Property operations segment dispositions were as follows:

- o 2001: 1.6 million square feet; \$62.9 million of proceeds; net loss of \$1.7 million (offset by a gain of \$0.5 million recognized upon the contribution of ProLogis' 49.9% investment in the common stock of ProLogis European Properties S.a.r.l. to ProLogis European Properties Fund), and
- o 2000: 0.7 million square feet; \$26.4 million of proceeds; net gains of \$5.1 million.

Foreign Currency Exchange Losses

ProLogis recognized net foreign currency exchange gains of \$2.7 million and net foreign currency exchange losses of \$6.5 million for 2001 and 2000, respectively. Foreign currency exchange gains and losses are primarily the

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

result of the remeasurement and settlement of intercompany debt and the remeasurement of third party debt of ProLogis' foreign subsidiaries. Fluctuations in the foreign currency exchange gains and losses recognized in each period are a product of movements in certain foreign currency exchange rates, primarily the euro and the pound sterling and the level of intercompany and third party debt outstanding that is denominated in currencies other than the U.S. dollar.

Income Taxes

ProLogis is taxed as a REIT for federal income tax purposes and is not required to pay federal income taxes if minimum distribution and income, asset and shareholder tests are met. ProLogis Development Services is not a qualified REIT subsidiary for tax purposes. Also, the foreign countries in which ProLogis operates do not recognize REITs under their respective tax laws. Accordingly, ProLogis recognizes income taxes as appropriate and in accordance with GAAP with respect to the taxable earnings of ProLogis Development Services and its foreign subsidiaries.

Current income tax expense recognized in 2001 and 2000 was \$1.6 million and \$0.1 million, respectively. Current income tax expense is higher in 2001 primarily due to the increased level of income recognized by ProLogis' taxable subsidiaries in the CDFS business segment. Deferred income tax expense was \$0.9 million and zero in 2001 and 2000, respectively. ProLogis' deferred tax component of total income taxes is a function of each year's temporary differences (items that are treated differently for tax purposes than for book purposes) as well as the need for a deferred tax valuation allowance to adjust certain deferred tax assets (primarily deferred tax assets created by tax net operating losses) to their estimated realizable value.

ENVIRONMENTAL MATTERS

ProLogis has not experienced any environmental condition on its facilities, which materially adversely affected its results of operations or financial position nor is ProLogis aware of any environmental liability that ProLogis believes would have a material adverse effect on its business, financial condition or results of operations.

27

LIQUIDITY AND CAPITAL RESOURCES

Overview

ProLogis considers its liquidity and ability to generate cash from operations as well as its financing capabilities (including proceeds from the disposition of facilities) to be adequate and expects it to continue to be adequate to meet its anticipated development, acquisition, operating and debt service needs as well as its shareholder distribution requirements.

ProLogis' future investing activities are expected to consist of: (i) acquisitions of existing facilities in key distribution markets in the property operations segment; (ii) the acquisition of land for future development and the development of distribution facilities in the CDFS business segment for future disposition to entities in which ProLogis maintains an ownership interest or to third parties; and (iii) certain temperature-controlled distribution facility

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

expansions and, to a limited extent, investments in additional temperature-controlled distribution facilities. Temperature-controlled investments will be made as deemed necessary to achieve strategic objectives with respect to targeted markets in the United States or to address specific customer needs in the United States and Europe. ProLogis' future investing activities are expected to be primarily funded with:

- o cash generated by operations;
- o the proceeds from the disposition of facilities developed to third parties;
- o the proceeds from the disposition of facilities to entities in which ProLogis maintains an ownership interest, such as ProLogis European Properties Fund or other entities that may be formed in the future; and
- o utilization of ProLogis' revolving credit facilities.

In the short-term, borrowings on and subsequent repayments of ProLogis' unsecured revolving credit facilities will provide ProLogis with adequate liquidity and financial flexibility to efficiently respond to market opportunities. As of May 10, 2001, on a combined basis, ProLogis had approximately \$389.8 million of short-term borrowing capacity available under its U.S. dollar denominated and multi-currency unsecured revolving credit facilities (see "-- Credit Facilities"). ProLogis will continue to evaluate the public debt markets with the objective of reducing its short-term borrowings and extending debt maturities on favorable terms.

Within ProLogis European Properties Fund, ProLogis has access to 396.9 million euros (the currency equivalent of approximately \$349.9 million as of March 31, 2001) of third party equity capital in Europe that has been committed primarily by institutional investors through 2002 to fund acquisitions of ProLogis' completed stabilized European developments and acquisitions of other facilities from third parties. ProLogis European Properties Fund has a multi-currency secured, revolving credit facility in the currency equivalent of 500.0 million euros that is utilized in conjunction with the committed equity to provide additional capital for its acquisitions. As of March 31, 2001, 95.4 million euros and 73.6 million pounds sterling (the currency equivalent of approximately \$189.2 million) was outstanding on the 500.0 million euro credit facility. As of March 31, 2001, ProLogis no longer guarantees this credit agreement. In April 2001, ProLogis European Properties Fund placed over 212.0 million euros (the currency equivalent of approximately \$186.9 million as of March 31, 2001) of permanent commercial mortgage-backed securities. The proceeds were used to repay borrowings on the credit agreement.

Cash Operating Activities

Net cash provided by operating activities was \$104.8 million in 2001 and \$93.3 million in 2000. The increase is primarily the result of the increased number of operating facilities in 2001. See "-- Results of Operations -- Property Operations". Cash provided by operating activities exceeded the cash distributions paid on Common Shares in 2001 and 2000. See ProLogis' Consolidated Condensed Statements of Cash Flows in Item 1.

Cash Investing and Cash Financing Activities

In 2001, ProLogis' investing activities provided net cash of \$253.3 million and financing activities used net cash of \$382.5 million. Proceeds received from the dispositions of real estate and the repayments of loans by and distributions received from ProLogis' unconsolidated entities were used to fund real estate investments and repay borrowings on ProLogis' line of credit. In 2000, ProLogis

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

used net cash of \$70.9 million in financing activities, which was primarily funded by borrowings on its line of credit. See ProLogis' Consolidated Condensed Statements of Cash Flows in Item 1.

28

Credit Facilities

ProLogis has an unsecured credit agreement that provides for a \$475.0 million unsecured revolving line of credit. ProLogis Logistics and ProLogis Development Services may also borrow under the credit agreement, with such borrowings guaranteed by ProLogis. As of March 31, 2001, ProLogis had no borrowings outstanding on the unsecured line of credit and ProLogis was in compliance with all covenants contained in the credit agreement. As of March 31, 2001, ProLogis Logistics had borrowed \$125.0 million under the credit agreement and ProLogis Development Services had no borrowings under the credit agreement.

ProLogis has a credit agreement that provides for a 325.0 million euro multi-currency, unsecured revolving line of credit (the currency equivalent of approximately \$286.6 million as of March 31, 2001). As of March 31, 2001, there were 132.8 million euros (the currency equivalent of approximately \$120.2 million) of borrowings outstanding on the line of credit and ProLogis was in compliance with all covenants contained in the credit agreement.

Commitments

As of March 31, 2001, ProLogis had letters of intent or contingent contracts, subject to ProLogis' final due diligence, for the acquisition of 1.7 million square feet of operating facilities at an estimated acquisition cost of \$41.4 million. The foregoing transactions are subject to a number of conditions, and ProLogis cannot predict with certainty that they will be consummated. In addition, as of March 31, 2001, ProLogis had \$390.5 million of budgeted development costs for developments in process, of which \$241.2 million was unfunded.

On January 11, 2001, ProLogis announced a Common Share repurchase program under which it may repurchase up to \$100.0 million of its Common Shares. The Common Shares will be repurchased from time to time in the open market and in privately negotiated transactions, depending on market prices and other conditions. As of March 31, 2001, no common shares had been repurchased.

On March 30, 2001, ProLogis called for the redemption of its outstanding Series A cumulative, redeemable preferred shares of beneficial interest ("Series A preferred shares") at the price of \$25.00 per share, plus \$0.2481 in accrued and unpaid dividends, for an aggregate redemption price of \$25.2481 per share (the "Redemption Price"). The shares were redeemed on May 8, 2001 at a total cost of \$136.3 million.

ProLogis has entered into a subscription agreement to make additional capital contributions to ProLogis European Properties Fund of 84.4 million euros (the currency equivalent of approximately \$74.4 million as of March 31, 2001) through 2002. Also, ProLogis is committed to invest an additional \$2.0 million in the non-cumulative preferred stock of PhatPipe Inc. during 2001. See Note 4 to ProLogis' Consolidated Financial Statements in Item 1.

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

As of March 31, 2001, Frigoscandia AB had a 138.5 million euro credit agreement (increased to 185.0 million in April 2001). ProLogis has guaranteed 100% of the borrowings under the agreement. The currency equivalent of approximately \$122.3 million was outstanding as of March 31, 2001. Additionally, in April 2001, the currency equivalent of approximately \$45.9 million was borrowed under the credit agreement. The agreement expires on September 28, 2001 and contains a provision to extend the due date until December 28, 2001.

ProLogis European Properties Fund has a credit agreement with two international banks for a multi-currency secured revolving credit facility in the currency equivalent of 500.0 million euros. The credit agreement matures in October 2002. Borrowings can be denominated in sterling currencies or the euro. As of March 31, 2001, 95.4 million euros and 73.6 million pound sterling were outstanding on the line (the currency equivalent of approximately \$189.2 million as of March 31, 2001). As of March 31, 2001, ProLogis no longer guarantees this credit agreement.

ProLogis Kingspark has a line of credit agreement with a bank in the United Kingdom that has been guaranteed by ProLogis and provides for borrowings of up to 15.0 million pounds sterling (the currency equivalent of approximately \$21.7 million as of March 31, 2001). As of March 31, 2001, no borrowings were outstanding on the line of credit. However, ProLogis Kingspark had the currency equivalent of approximately \$9.9 million of letters of credit outstanding that reduce the amount of available borrowings on the line of credit.

ProLogis has guaranteed a 140.0 million French franc (the currency equivalent of approximately \$18.8 million as of March 31, 2001) unsecured loan outstanding of ProLogis European Properties S.a.r.l.

29

As of March 31, 2001, ProLogis North American Properties Fund II has a \$165.0 million short-term borrowing arrangement outstanding, due June 25, 2001. ProLogis North American Properties Fund II intends to obtain permanent secured financing which will be used to refinance the short-term borrowings. ProLogis has guaranteed the 100% of the amount outstanding.

Distribution and Dividend Requirements

ProLogis' current distribution policy is to pay quarterly distributions to shareholders based upon what it considers to be a reasonable percentage of cash flow and at the level that will allow ProLogis to continue to qualify as a REIT for tax purposes. Because depreciation is a non-cash expense, cash flow typically will be greater than earnings from operations and net earnings. Therefore, annual distributions are expected to be consistently higher than annual earnings.

On February 23, 2001, ProLogis paid a quarterly distribution of \$0.345 per Common Share to shareholders of record on February 9, 2001, respectively. The distribution level for 2001 was set by ProLogis' Board of Trustees in December 2000 at \$1.38 per Common Share.

The annual dividend rates on ProLogis' preferred shares are \$2.35 per cumulative redeemable Series A preferred share, \$4.27 per cumulative redeemable Series C preferred share, \$1.98 per cumulative redeemable Series D preferred share and \$2.1875 per cumulative redeemable Series E preferred share.

Edgar Filing: PROLOGIS TRUST - Form 10-Q/A

On January 31, 2001, ProLogis paid quarterly dividends of \$0.5469 per cumulative redeemable Series E preferred share. On March 30, 2001, ProLogis paid quarterly dividends of \$0.5875 per cumulative redeemable Series A preferred share, \$1.0675 per cumulative redeemable Series C preferred share and \$0.495 per cumulative redeemable Series D preferred share.

Pursuant to the terms of its preferred shares, ProLogis is restricted from declaring or paying any distribution with respect to the Common Shares unless and until all cumulative dividends with respect to the Preferred Shares have been paid and sufficient funds have been set aside for dividends for the then current dividend period with respect to the preferred shares.

FUNDS FROM OPERATIONS

Funds from operations attributable to Common Shares increased \$12.9 million to \$100.7 million for 2001 from \$87.8 million for 2000.

Funds from operations does not represent net income or cash from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs, which is presented in the Consolidated Condensed Statement of Cash Flows in ProLogis' Consolidated Condensed Financial Statements in Item 1. Funds from operations should not be considered as an alternative to net income as an indicator of ProLogis' operating performance or as an alternative to cash flows from operating, investing or financing activities as a measure of liquidity. Additionally, the funds from operations measure presented by ProLogis will not necessarily be comparable to similarly titled measures of other REITs. ProLogis considers funds from operations to be a useful supplemental measure of comparative period operating performance and as a supplemental measure to provide management, financial analysts, potential investors and shareholders with an indication of ProLogis' ability to fund its capital expenditures and investment activities and to fund other cash needs.

Funds from operations is defined by the National Association of Real Estate Investment Trusts ("NAREIT") generally as net income (computed in accordance with GAAP), excluding real estate related depreciation and amortization, gains and losses from sales of properties, except those gains and losses from sales of properties upon completion or stabilization under pre-sale agreements and after adjustments for unconsolidated entities to reflect their funds from operations on the same basis. ProLogis includes gains and losses from the disposition of its CDFS business segment assets in funds from operations.

Funds from operations, as used by ProLogis, is modified from the NAREIT definition. ProLogis' funds from operations measure does not include: (i) deferred income tax benefits and deferred income tax expenses of ProLogis' taxable subsidiaries; (ii) foreign currency exchange gains and losses resulting from debt transactions between ProLogis and its consolidated and unconsolidated entities; (iii) foreign currency exchange gains and losses from the remeasurement (based on current foreign currency exchange rates) of third party debt of ProLogis' foreign consolidated and unconsolidated entities; and (iv) mark to market adjustments related to derivative financial instruments utilized to manage ProLogis' foreign currency risks. These adjustments to the NAREIT definition are made to reflect ProLogis' funds from operations on a comparable basis with the other REITs that do not engage in the types of transactions that give rise to these items.
