Item 13. Certain Relationships and Related Transactions

The Company's investments are managed by the Investment Manager. Each of our executive officers are executive officers of both PMC Capital and the Investment Manager. Additionally, two of our trust managers are also directors of PMC Capital. The Investment Manager manages our assets through two separate investment management agreements, the first relates to our loans and the second relates to our real properties.

During 2002, pursuant to the one of the investment management agreements we were charged fees between 0.40% and 1.55% annually, based upon the average principal outstanding of our loans. In addition, PMC Advisers earns fees for its assistance with the issuance of our debt and equity securities. Such compensation includes a consulting fee equal to (i) 12.5% of any offering fees (underwriting or placement fees) incurred by us pursuant to the public offering or private placement of our Common Shares, and (ii) 50% of any issuance or placement fees incurred by us pursuant to the issuance of our debt securities or preferred shares of beneficial interest. The other investment management agreement relates to our hotel properties and provides for an annual fee of 0.70% of the original cost of the properties to be paid to PMC Advisers for providing services relating to leases on our properties. In addition, this agreement provides for a fee relating to any acquisition of properties of 0.75% of the acquisition cost, a fee of \$10,000 upon the sale of each hotel property and an annual loan origination fee equal to five basis points of loans funded for the first \$20 million in loans and 2.5 basis points thereafter. We paid an aggregate of approximately \$2.3 million in management fees under these agreements for the year ended December 31, 2002.

PMC Capital is primarily engaged in the business of originating loans to small businesses under loan guarantee and funding programs sponsored by the SBA. We provide loans to persons or entities whose borrowing needs and/or strength and stability exceed the limitations set for SBA approved loan programs. As a result, we generally pursue different prospective borrowers than PMC Capital. In order to further mitigate the potential for conflicts of interest, we have entered into a loan origination agreement (the Loan Origination Agreement) with PMC Capital and

PMC Advisers. Pursuant to the Loan Original Agreement, all loans that meet our underwriting criteria are presented to us first for funding. If we do not have available uncommitted funds, origination opportunities presented to us may be originated by PMC Capital or its subsidiaries. Many of our existing and potential borrowers have other projects that are currently financed by PMC Capital.

Item 14. Controls and Procedures.

Our Chief Executive Officer and Chief Financial Officer have reviewed and evaluated the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 (c) and 15d-14(c)) as of a date within 90 days before the filing date of this annual report on Form 10-K. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that our current disclosure controls and procedures are effective in timely notifying them of material information relating to us (including our consolidated subsidiaries) required to be disclosed in the reports we file or submit under the Exchange Act.

There have not been any significant changes in our internal controls or other factors that could significantly affect these internal controls subsequent to the date of their evaluation. We are not aware of any significant deficiencies or material weaknesses; therefore, no corrective actions were taken.
