INFORMATION CONCERNING SOLICITATION AND VOTING

Record Date and Shares Outstanding

Shareholders of record at the close of business on April 14, 2004, referred to as the Record Date, are entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, 55,816,333 shares of our Company s common stock (Common Stock) were outstanding.

Revocability of Proxies

Any Proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to our Secretary a written notice of revocation or a duly executed Proxy bearing a later date or by attending the Annual Meeting and voting in person. Your presence at the Annual Meeting will not in and of itself revoke your Proxy appointment.

Voting

Every shareholder voting for the election of directors may exercise cumulative voting rights and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the shareholder s shares are entitled or distribute such shareholder s votes on the same principle among as many candidates as the shareholder may select, provided that votes cannot be cast for more than eight candidates. However, no shareholder shall be entitled to cumulate votes unless the candidate s name has been placed in nomination prior to the voting and the shareholder, or any other shareholder, has given notice at the meeting prior to the voting of the intention to cumulate votes. On all other matters, each share is entitled to one vote on each proposal or item that properly comes before the Annual Meeting.

Methods of Voting

You may vote by mail, by telephone, over the Internet or in person at the meeting.

Edgar Filing: THORATEC CORP - Form DEF 14A

Voting by Mail. By signing and returning the proxy card in the enclosed prepaid and addressed envelope, you are authorizing individuals named on the proxy card (known as proxies) to vote your shares at the meeting in the manner you indicate. We encourage you to sign and return the proxy card even if you plan to attend the meeting. In this way, your shares will be voted if you are unable to attend the meeting. If you received more than one proxy card, it is an indication that your shares are held in multiple accounts. Please sign and return all proxy cards to ensure that all of your shares are voted.

Voting by Telephone. To vote by telephone, please follow the instructions included on your proxy card. If you vote by telephone, you do not need to complete and mail your proxy card. If you received the proxy

materials over the Internet, please follow the voting instructions you will receive by e-mail on about April 19, 2004.

Voting over the Internet. To vote over the Internet, please follow the instructions included on your proxy card. If you vote over the Internet, you do not need to complete and mail your proxy card. If you received the proxy materials over the Internet, please follow the voting instructions you will receive by e-mail on our about April 19, 2004.

Voting in Person. If you plan to attend the meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, that is, you hold a share certificate, you are considered the shareholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in street name. As a beneficial owner, if you wish to vote at the meeting, you will need to bring with you to the meeting a legal proxy from your broker or other nominee authorizing you to vote such shares. Contact your broker where the shares are held for assistance if this applies to you.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of Common Stock outstanding on the Record Date. Shares that are voted FOR, AGAINST or ABSTAIN from a matter are treated as being present at the meeting for purposes of establishing a quorum. These shares are also treated as votes eligible to be cast by the holders of Common Stock present in person or represented by Proxy at the Annual Meeting and entitled to vote on the subject matter, and are referred to as the Votes Cast, with respect to such matter.

While abstentions, which are votes ABSTAINED, will be counted for purposes of determining both the presence or absence of a quorum for the transaction of business and the total number of Votes Cast with respect to a particular matter, broker non-votes with respect to proposals set forth in this Proxy Statement will not be considered Votes Cast and, accordingly, will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter.

Solicitation of Proxies

The cost of soliciting Proxies in connection with this Proxy Statement has been or will be borne by us. In addition to solicitation by mail, we may request that banks, brokers and other custodians, nominees and fiduciaries send Proxy Statements to the beneficial owners of Common Stock and secure their instructions as to consent. We may reimburse such banks, brokers and other custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their expenses in forwarding solicitation material to such beneficial owners. Some of our directors, officers and other employees may, without additional compensation, solicit Proxies personally, or by telephone, facsimile or e-mail. We have also engaged Morrow & Co., Inc., an outside proxy solicitor, to assist us in soliciting Proxies in conjunction with the Annual Meeting. We estimate the cost of the outside proxy solicitation services will be \$4,000.

Householding of Annual Disclosure Documents

The Securities and Exchange Commission has approved a rule governing the delivery of annual disclosure documents. This rule allows us to send a single set of our Annual Report and Proxy Statement to any household at which two or more Thoratec shareholders reside if we believe that the shareholders are members of the same family. Some banks, brokers and other intermediaries may be participating in this practice of householding proxy statements and annual reports. This rule benefits both us and our shareholders. It reduces the volume of duplicate information received at your house and helps us reduce our expenses. Each shareholder, however, will continue to receive individual Proxy Cards or voting instruction forms.

If your household has previously received a single set of disclosure documents, but you would prefer to receive your own copy this year or in future years, you should contact your bank, broker or other nominee record holder. We can also deliver a separate copy of either our Annual Report or Proxy Statement to any

Table of Contents

shareholder upon either written request to Thoratec Corporation, 6035 Stoneridge Drive, Pleasanton, California 94588, Attention: Corporate Secretary, or upon oral request by calling (925) 847-8600. Similarly, if you share an address with another Thoratec shareholder and together both of you wish to receive only a single set of our annual disclosure documents, please follow the same instructions.

Deadline for Receipt of Shareholder Proposals

Proposals of our shareholders which are intended to be presented by such shareholders at our 2005 annual meeting of shareholders must be received by us no later than December 31, 2004 in order to be included in the proxy statement and form of proxy relating to that meeting.

BOARD OF DIRECTORS STRUCTURE AND COMPENSATION

Structure and Committees

J. Donald Hill, M.D. serves as Chairman of our Board of Directors (the Board). The Board held a total of five meetings during our 2003 fiscal year, which ended on January 3, 2004. The Board has an Audit Committee, a Compensation and Option Committee, and a Nominating and Corporate Governance Committee. Each director attended at least 75% of the aggregate number of meetings of the Board and the committees on which he served.

The Board has determined that each of the current directors standing for re-election is an independent director, except for Keith Grossman, who serves as our Chief Executive Officer. The Board annually evaluates the independence of its members. A director will not qualify as independent unless the Board affirmatively determines that the director has no material relationship with the Company. In making its determination, the Board considers business and other applicable relationships in accordance with the director independence standards of the Nasdaq Stock Market, Inc. (NASDAQ), as currently in effect. The Board has also determined that all of the members of all of the Board's committees are independent of the Company. In addition, our independent directors meet in regularly-scheduled executive sessions throughout the year.

Board Committees

The Audit Committee of our Board reviews our auditing, accounting, financial reporting and internal control functions and selects our independent auditors. This Committee operates under a written charter adopted by our Board. The Board amended and restated the Audit Committee Charter on February 26, 2004 to comply with the Sarbanes-Oxley Act, the revised rules of the Securities and Exchange Commission (SEC) and the revised corporate governance listing standards of the NASDAQ. A copy of this amended charter is included as an appendix to this proxy statement. The members of this committee are Messrs. Cole, Dimick and Hitchcock, with Mr. Dimick serving as Chairman.

The Board has determined that at least one member of the Audit Committee, the committee Chairman, Neil Dimick, is an audit committee financial expert, as that term is defined under Section 407 of the Sarbanes-Oxley Act of 2002 and the rules promulgated by the SEC in furtherance of Section 407. As described above, Mr. Dimick is an independent director. Our Audit Committee met nine times during our 2003 fiscal year. The purpose of our Audit Committee is to:

Monitor the integrity of the financial statements of our Company;

Oversee the independence of our Company's independent auditors;

Review all related party transactions;

Oversee the procedure for the receipt and investigation of any complaints or concerns regarding our accounting, internal controls or audit procedures; and

Recommend to the Board the selection of the independent auditors, evaluate the independent auditors and, where appropriate, recommend the replacement of the independent auditors.

Table of Contents

In discharging its duties, our Audit Committee, among its other duties:

Meets with management and the independent auditors to review and discuss the annual financial statements and the report of the independent auditors thereon and, to the extent the independent auditors or management brings any such matters to the attention of the Audit Committee, to discuss significant issues encountered in the course of the audit work, if any. Examples of such would include restrictions on the scope of activities, access to required information or the adequacy of internal controls;

Meets quarterly with management and the independent auditors to review and discuss the quarterly financial statements; and

Reviews significant changes to our Company's accounting principles and practices proposed by the independent auditors or management.

Our Compensation and Option Committee met three times during our 2003 fiscal year. The members of this committee are Messrs. Holbrook, Mulvena and Dr. Hill, with Mr. Mulvena serving as Chairman. Our Compensation and Option Committee:

Reviews compensation and benefits for our employees generally and for our senior executives specifically and makes recommendations to the full Board; and

Has authority to grant stock options under our 1997 Stock Option Plan, to employees and consultants.

Our Nominating and Corporate Governance Committee met three times during our 2003 fiscal year. The members of this committee are Dr. Hill and Messrs. Chase and Cole, with Mr. Cole serving as Chairman. The purpose of the Corporate Governance and Nominating Committee is to:

Identify and approve individuals qualified to serve as members of the Board;

Select director nominees for the next annual meeting of shareholders;

Develop and recommend to the Board corporate governance guidelines; and

Provide oversight with respect to corporate governance and ethical conduct.

The Nominating and Corporate Governance Committee's written charter is available on the Company's website at www.thoratec.com.

Board Compensation

Directors who are employees of Thoratec do not receive additional compensation for serving on the Board or its committees. Directors who are not employees of Thoratec receive compensation for Board service. The arrangements as of the Annual Meeting are that all directors receive a \$20,000 annual retainer that is paid quarterly on a calendar basis. They also receive \$1,250 for each quarter where there is a Board meeting attended by the director. All Audit Committee members receive \$1,250 for each quarter where an Audit Committee meeting is attended by a committee member, and for all other committees, committee members receive \$500 for each quarter where a committee meeting is attended by a committee member. If the committee meeting exceeds four hours, the Chairman has the discretion to grant an additional fee. The Chairman of the Board receives \$2,750 per quarter in which there is a Board meeting that he attends, the Chairman of the Audit Committee receives \$1,500 per quarter in which there is an Audit Committee meeting that he attends, and each other committee chairman receives \$1,000 per quarter in which there is a committee meeting that he attends. Outside directors are eligible to participate in our 1996 Nonemployee Directors Stock Option Plan (the Directors Option Plan).

A total of 550,000 shares of Common Stock have been authorized for issuance under the Directors Option Plan. The Directors Option Plan provides for the automatic granting of nonqualified stock options to our directors who are not employees of our Company or any parent or subsidiary of our Company and who have not been an employee of our Company or any parent or subsidiary of our Company in the previous 12 months (the Eligible Outside Directors). Each person who is newly elected or appointed as an Eligible

Table of Contents

Outside Director will be granted an option to purchase 15,000 shares of Common Stock on the effective date of such initial election or appointment (the Initial Grant). Each Eligible Outside Director (including the existing outside directors) generally will be granted an option to purchase 7,500 shares of Common Stock in quarterly installments beginning on the date of the first meeting of the Board following the annual meeting of shareholders (the Annual Grant). In any event, both the Initial Grant and the Annual Grant will be made no later than August 31, November 30, February 28 or May 31 of the relevant year. As of April 3, 2004, options to purchase 319,582 shares were outstanding under the Directors Option Plan. We currently have seven Eligible Outside Directors who are eligible to participate in the Directors Option Plan. The exercise price of the options in all cases is equal to the fair market value of Common Stock on the grant date. Each option granted pursuant to the Directors Option Plan expires five years after the date of grant or earlier in the event of the termination of the director's service on the Board. Each option granted under the Directors Option Plan is exercisable immediately after the date of grant. The Board may waive any or all the directors fees in any given year and have the exercise price of options granted under the Directors Option Plan reduced by the amount of the fees so waived.

For their services on the Board and committees of the Board provided during 2003, Dr. Hill and Messrs. Chase, Cole, Dimick, Hitchcock, Holbrook, and Mulvena received compensation of \$29,500, \$28,500, \$28,500, \$7,500, \$26,000, \$23,500, and \$25,000, respectively. Each Eligible Outside Director was granted options to purchase 1,875 shares of Common Stock on February 20, 2003, May 29, 2003, August 21, 2003, and November 5, 2003 with an exercise price of \$8.59 per share, \$13.65 per share, \$14.40 per share and \$14.79 per share, respectively. In addition, Mr. Dimick was granted an option to purchase 15,000 shares of Common Stock on October 10, 2003 with an exercise price of \$16.17 as a result of his initial appointment to the Board.

CODE OF ETHICS

We have adopted a code of ethics that applies to all of our directors, officers, and employees and which meets the requirements of Item 406 of Regulation S-K of the Securities Exchange Act of 1934. Our code of ethics is available on our website at www.thoratec.com. Any amendments to the code of ethics will be posted on our website.

DIRECTOR NOMINATIONS

Criteria for Nomination to the Board

The Corporate Governance and Nominating Committee considers the appropriate balance of experience, skills and characteristics required of the Board, and seeks to insure that at least a majority of the directors are independent under the rules of the NASDAQ, and that members of the Company's Audit Committee meet the financial literacy requirements under the rules of the NASDAQ. Nominees for director are selected on the basis of their depth and breadth of experience, wisdom, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to Board duties.

Shareholder Proposals for Nominees

The Corporate Governance and Nominating Committee will consider written proposals from shareholders for nominees for director. Any such nominations should be submitted to the Board c/o the Secretary of the Company and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the name(s) and address(es) of the shareholder(s) making the nomination and the number of shares of the Company's Common Stock

which are owned beneficially and of record by such shareholder(s); and (c) appropriate biographical information and a statement as to the qualification of the nominee, and

Table of Contents

should be submitted in the time frame described in the Bylaws of the Company and under the caption, Deadline for Receipt of Shareholder Proposals above.

Process for Identifying and Evaluating Nominees

The process for identifying and evaluating nominees to the Board is initiated by identifying a slate of candidates who meet the criteria for selection as a nominee and have the specific qualities or skills being sought based on input from members of the Board and, if the Independent Directors deem appropriate, a third-party search firm. These candidates are evaluated by the Corporate Governance and Nominating Committee by reviewing the candidates' biographical information and qualification and checking the candidates' references, and qualified nominees are interviewed by at least one member of the Corporate Governance and Nominating Committee. Serious candidates meet with all members of the Board, and using the input from such interviews and the information obtained by the Corporate Governance and Nominating Committee, the committee evaluates which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that the Board nominate, or elect to fill a vacancy, these final prospective candidates. Candidates recommended by the Corporate Governance and Nominating Committee are presented to the Board for selection as nominees to be presented for the approval of the shareholders or for election to fill a vacancy.

The Corporate Governance and Nominating Committee expects that a similar process will be used to evaluate nominees recommended by shareholders. However, to date, the Company has not received any shareholder's proposal to nominate a director.

This year, Mr. Dimick, who was elected a Director by the Board to fill a vacancy on the Board in 2003, is standing for election by the shareholders for the first time. Mr. Dimick was initially recommended to the Board by an executive recruitment firm.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Other than the procedures set forth under Deadline for Receipt of Shareholder Proposals and Shareholder Proposals for Nominees in the sections above, the general procedure by which shareholders can send communications to the Board is to send a certified or registered letter to the Chairman of the Board care of the Secretary of the Company at the Company's main business address set forth above. Shareholders who wish to communicate with our Directors to report complaints or concerns related to accounting, internal accounting controls or auditing may do so by using the Audit Committee procedures for the receipt of such communication set out on our website. The procedure allows submission of the complaint or concern through the mail. Employees of the Company submitting such complaints may remain anonymous if they so choose. Shareholders may address any such complaints to the Audit Committee of the Board at the Company's main business address set forth above. The Company does not have a policy with regard to directors' attendance at annual meetings. Seven directors attended the Company's 2003 Annual Meeting.

**REPORT OF THE COMPENSATION AND OPTION COMMITTEE
OF THE BOARD OF DIRECTORS**

During 2003, management compensation issues were reviewed by the Compensation and Option Committee, which consisted of Messrs. Holbrook and Mulvena and Dr. Hill. The function of the Compensation and Option Committee is to review and recommend management compensation to the Board. The Compensation and Option Committee met three times during 2003.

We believe that our ability to achieve the objectives of obtaining regulatory approval for and commercializing our products, and improving profitability, is dependent largely upon our ability to recruit and retain qualified executives with substantive experience in the development, regulatory approval, manufacture, marketing and sale of new medical devices. We are competing for experienced executives within areas where many biotechnology/biomedical/pharmaceutical companies are located. These areas include the San Francisco Bay Area, where our headquarters is located, as well as central New Jersey and the greater Boston area where additional Company operations are located.

We have a policy designed to control the base salaries of our executives while providing sufficient incentives to attract and retain qualified personnel. In accordance with this policy, we strive to set executive base salaries by considering relative contribution of the position to achievement of our Company's goals and objectives, market value as defined by salaries of executives within the San Francisco Bay Area with comparable experience in similar positions, and job-related responsibilities with respect to size of budget, number of subordinates and scope of activities. In general, we strive to set base salaries of new executives at market, which is defined as the average base salary of incumbents in comparable positions. The Company's executive officers also participate in an executive bonus program which awards annual cash bonuses based on the achievement of both individual and corporate performance goals. Additionally, the Company uses our 1997 Stock Option Plan to facilitate recruiting and to retain qualified executives by providing long-term incentives. Typically, new executives are granted stock options as part of their initial employment package.

Table of Contents

The Company also maintains an executive severance program that provides for separation benefits to certain executive offices under certain circumstances.

The Internal Revenue Code of 1986, as amended, includes a provision that denies a deduction to publicly held corporations for compensation paid to covered employees (defined as the chief executive officer and the next four most highly compensated officers as of the end of the taxable year) to the extent that compensation paid to any covered employee exceeds \$1 million in any taxable year of the corporation. Certain performance-based compensation qualified for an exemption from the limits on deductions. It is our policy to attempt to qualify compensation paid to our top executives for deductibility in order to maximize our income tax deductions, to the extent that so qualifying the compensation is consistent with our fundamental compensation policies. Based upon the Internal Revenue Service's regulations and compensation paid to our covered employees for the 2003 tax year, all compensation paid by our Company in 2003 to such covered employees was deductible to us.

Stock Options. We have determined that stock options are an important incentive for attracting and retaining qualified personnel, including executive-level personnel.

Corporate Performance Criteria. Management presents to us a set of corporate goals for a succeeding period, generally ranging from 12 to 18 months, as part of the annual plan and budget process. These goals establish benchmarks for assessing overall corporate performance. Given the dynamic nature of the new medical device development process, we review progress toward the achievement of corporate goals periodically together with a description of any change in circumstances that management believes may warrant an update to or revisions of these goals. The principal corporate goals for 2003 were to achieve revenue and net income targets, make progress with clinical trials and regulatory submissions, procure a National Coverage Decision from the Centers for Medicare & Medicaid Services for the use of left ventricular assist systems (LVAS) that are approved by the FDA for treating Destination Therapy in end-stage heart failure patients, achieve developments in product improvement and quality programs, and prepare programs and infrastructure for the launch of Destination Therapy.

Periodic Salary Adjustments. Generally, executive salaries are reviewed annually, and salary adjustments may be awarded on the basis of increased responsibilities of individual executives over a period of time or the outstanding performance of individual executives as exhibited by consistently high standards in the execution of established duties. Company performance as a whole is a major consideration in our decision to award any salary increases and, to a lesser extent, we also consider general economic conditions and trends.

Chief Executive Officer Compensation. Compensation for the Chief Executive Officer is determined by the Compensation and Option Committee based on his leadership and achievements of key strategic and regulatory objectives for the year. For the 2003 fiscal year, Mr. Grossman's salary was increased to \$400,000 per year. In addition, based on achievement of certain bonus-related objectives, Mr. Grossman was awarded a bonus of \$315,900 for the 2003 fiscal year. During the fiscal year 2003, Mr. Grossman received a stock option grant to purchase 72,000 shares of the Company's common stock at a price equal to the fair market value on the date of grant. These options vest in four equal annual installments. In fiscal year 2001, Mr. Grossman received a grant of 250,000 shares of restricted stock. The restrictions on 125,000 of these shares lapse on December 6, 2005 and on December 6, 2006 for the remaining 125,000 shares. The restrictions are subject to acceleration under certain conditions in the event of a change in control of our Company. If Mr. Grossman's services to Thoratec as an employee cease for any reason not related to a change in control, including death or disability, all restricted shares for which restrictions have not then lapsed will be forfeited by Mr. Grossman.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2003, none of our executive officers served on the board of directors or compensation committee of another company that had an executive officer serve on our Board or our Compensation and Option Committee. In addition, none of the members of our Compensation and Option Committee was an officer or employee of Thoratec or any of our subsidiaries during Fiscal 2003 or was formerly an officer of Thoratec or any of our subsidiaries at any time in the past.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Such officers, directors and ten percent shareholders are also required by SEC rules to furnish us with copies of all Section 16(a) forms that they file.

Based solely on our review of copies of such reports received by us, we believe that during the fiscal year ended January 3, 2004 all Section 16(a) filing requirements applicable to our officers, directors and ten percent shareholders were satisfied.

CERTAIN TRANSACTIONS

Indemnification Agreements

Our Company's bylaws provide for the indemnification by us of our agents, including our directors and officers, to the maximum extent permitted under California law. Our Company also has indemnity agreements with our directors and certain of our officers. These indemnity agreements permit us to indemnify an officer or director to the maximum extent permitted under California law and prohibit us from terminating our indemnification obligations as to acts of any officer or director that occur before the termination. We believe the indemnity agreements assist us in attracting and retaining qualified individuals to serve as directors and officers of our Company. The indemnifications and limitations on liability permitted by the bylaws and the indemnity agreements are subject to the limitations set forth by California law.

Employment Contracts, Termination of Employment and Change-in-Control Agreements

D. Keith Grossman. Effective December 6, 2001, our Company entered into a five-year employment agreement with Mr. Grossman, which superseded an employment agreement with Mr. Grossman entered into on January 31, 1996. The current employment agreement provides, among other things, for Mr. Grossman's employment as President and Chief Executive Officer at an initial base salary of \$350,000 per year, which the Compensation and Option Committee may increase from time to time. Under the employment agreement, Mr. Grossman is also eligible for a bonus with an annual target equal to 75% of his base salary each year. The employment agreement also provides for the granting to Mr. Grossman of restricted Common Stock as well as annual grants of options to purchase Common Stock. The quantity of shares to be covered under these grants will be determined by the Board and the Compensation and Option Committee. On December 6, 2001, an award of 250,000 shares of restricted Common Stock was granted to Mr. Grossman. Additionally, the employment agreement provides that Mr. Grossman will receive such benefits as the Board may, from time to time, determine to provide for our Company's key executives.

Under the employment agreement, Mr. Grossman's employment by our Company terminates immediately upon his receipt of a written notice of termination by our Company or upon his permanent disability or death. The employment agreement may be terminated by Mr. Grossman at any time and for any reason upon at least 30 days' prior written notice to our Company. In the event of termination of his employment other than:

for cause, such as gross misconduct, fraud, or material breach;

on account of permanent disability; or

by voluntary termination other than for good reason, defined in the employment agreement as any material reduction in duties or salary or bonus or a requirement to work more than 25 miles from our Company's current headquarters;

the employment agreement provides that our Company will pay an amount equal to two times of his then current base salary, payable ratably during the 12 months after termination or within 30 days after termination as a lump sum payment at Mr. Grossman's discretion communicated by him to our Company in writing. Additionally, all outstanding stock options held by Mr. Grossman will immediately vest and become exercisable upon his death or disability, as defined in the employment agreement.

Should a change of control in the ownership of our Company occur and Mr. Grossman's employment with our Company is terminated for any reason, except for cause (as defined in such agreement), after a change in control, then the employment agreement provides that he will receive a termination payment of two and one-half times the sum of (i) his then current base salary, and (ii) the greatest of (a) the prior year's target bonus, (b) the current year's actual bonus, or (c) the current year's target bonus. This termination payment shall be payable ratably during the 12 months after termination or within 30 days after termination as a lump sum payment, at Mr. Grossman's discretion. In addition, all outstanding stock options held by Mr. Grossman will immediately vest and become exercisable. The restrictions on each share of restricted stock granted to Mr. Grossman shall, upon a change in control, immediately lapse as to fifty percent (50%) of the number of shares thereunder that at such date are still restricted, and (b) upon the earlier of (i) the one (1) year anniversary of the effective date of such change in control, or (ii) such date after the date of such change in control as Mr. Grossman's employment is voluntarily terminated for good reason (as defined in the employment agreement) or his employment is involuntarily terminated for any reason, the restrictions on each share of restricted stock shall immediately lapse as to the remainder, if any, of the shares under such grant that are then still otherwise restricted.

M. Wayne Boylston. Effective August 13, 2002, our Company granted Mr. Boylston an award of 50,000 shares of restricted Common Stock. In the event of a change in control of our Company, if Mr. Boylston's services to the Company have continued through the closing date of the transaction that

constitutes such change in control, then in addition to any shares of restricted stock that may no longer be subject to restrictions: (i) 25,000 shares will cease to be subject to restrictions upon the closing date of such change in control, and (ii) all remaining restricted shares will cease to be subject to restrictions on the earlier of (a) the six-month anniversary of the date of such change in control, (b) the date, after the date of such change in control, upon which Mr. Boylston's employment is voluntarily terminated for "good reason" or upon which Mr. Boylston is involuntarily terminated for any reason, or (c) upon Mr. Boylston's death or disability.

Amended And Restated Executive Officer Severance Benefits Plan. The Company has an Amended and Restated Executive Officer Severance Benefits Plan (the "Executive Severance Benefits Plan") covering certain officers of the Company, including the Company's executive officers, and provides for severance payments and benefits under certain circumstances.

An executive officer could be entitled to a severance payment equal to one times his or her current annual cash compensation for termination by the Company without cause. In the case of a termination of employment in connection with a change in control of the Company, if an executive officer is terminated without "cause" or resigns for "good reason," each as defined in the Executive Severance Benefits Plan, the executive officer could be entitled to a severance payment equal to two times his or her current annual cash compensation plus the greatest of (a) the prior year's target bonus, (b) the current year's actual bonus, or (c) the current year's target bonus. In the event that any payments made in connection with a change in control would be subject to the excise tax imposed under Section 4999 of the Internal Revenue Code of 1986, as amended, the Company is obligated to make whole the individual with respect to such excise tax.
