**GOLDEN STAR RECOMMENDS IAMGOLD SHAREHOLDERS
VOTE AGAINST WHEATON RIVER COMBINATION**

Golden Star Proxy Circular Mailed Today

Denver, June 14, 2004 Golden Star Resources Ltd. (Golden Star) (TSX:GSC; AMEX:GSS) today mailed its proxy circular to the shareholders of IAMGold Corporation (IAMGold) (TSX:IMG; AMEX:IAG). In its circular, Golden Star recommends that IAMGold shareholders vote against the proposed transaction with Wheaton River Minerals Ltd. (Wheaton River) at IAMGold's annual and special meeting scheduled for June 29, 2004.

In order to benefit from Golden Star's superior offer, which is open until July 16, IAMGold's shareholders should reject the proposed combination with Wheaton River by voting down the resolutions necessary to approve that transaction, said Peter Bradford, President and Chief Executive Officer of Golden Star. The many financial and strategic reasons for IAMGold shareholders to vote down the Wheaton River transaction and tender their shares to Golden Star's offer are detailed in Golden Star's proxy circular as well as in our offer circular and prospectus issued last week.

Mr. Bradford added: A key condition of our offer is that the IAMGold and Wheaton River transaction not be completed, so IAMGold shareholders should understand that, for them, this is a two-step process: If shareholders favour our offer, they need to vote against the Wheaton River transaction as well as tender their shares to Golden Star's offer. Tendering shares to our offer alone does not count as a vote against the combination with Wheaton.

IAMGold shareholders can use the GREEN proxy form included with Golden Star's proxy circular to vote against the three resolutions being considered in connection with the Wheaton River combination.

Golden Star is recommending IAMGold shareholders:

Vote AGAINST a resolution authorizing the issue of up to approximately 422,849,250 common shares of IAMGold to be issued to the security holders of Wheaton River;

Vote AGAINST a special resolution authorizing an amendment to IAMGold's articles to increase the maximum number of directors of IAMGold from 10 to 16 and to change IAMGold's name to Axiom Gold Corporation; and

Vote AGAINST an ordinary resolution increasing the number of shares which may be issued under IAMGold's share incentive plan.

IAMGold shareholders are also being asked to vote on other resolutions related to the company's annual meeting business which is also to be considered at the June 29th meeting; however, Golden Star is making no recommendation to shareholders on those resolutions.

The Golden Star proxy circular and related materials were filed today with securities regulators in Canada and the United States and will be available shortly through both www.sedar.com and www.sec.gov.

Under the terms of the previously announced Golden Star share exchange offer, IAMGold shareholders will be entitled to receive 1.15 common shares of Golden Star for each IAMGold common share they hold. The offer provides IAMGold shareholders with a 12.8% premium over the closing price of IAMGold common shares on the Toronto Stock Exchange on May 27, 2004, when Golden Star first announced its proposed business combination with IAMGold.

A review of our offer will show that it is clearly superior to the Wheaton River combination, said Mr. Bradford. It provides excellent immediate value to IAMGold shareholders while the strategic fit with Golden Star promises greater long-term benefits and is accretive to shareholders of both companies.

The offer is conditional on, among other things: not less than 66 2/3% of the IAMGold common shares (on a fully diluted basis) being been validly deposited under the offer and not withdrawn; the previously announced transaction between IAMGold and Wheaton River not proceeding; Golden Star being provided access to non-public information about IAMGold; and receipt of all applicable regulatory approvals. If these conditions are met or waived and Golden Star acquires the IAMGold common shares pursuant to the offer, Golden Star intends to acquire the remaining common shares in accordance with applicable laws.

BMO Nesbitt Burns is acting as Golden Star's financial advisor in connection with the offer and Fasken Martineau DuMoulin LLP is acting as Golden Star's Canadian legal advisor. For further information about the offer, IAMGold shareholders can contact Innisfree M&A Incorporated at 1-877-825-8772 (English speakers) or 1-877-825-8777 (French speakers).

About Golden Star

Golden Star holds a 90% equity interest in the Bogoso/Prestea open-pit gold mine and the nearby Wassa gold project, which is expected to commence production mid-year. Both mines, which are expected to reach an annualized production rate of approximately 350,000 ounces in 2005, are located in Ghana near two of IAMGold's joint venture mines. In addition, Golden Star has a majority interest in the currently inactive Prestea Underground Mine on the Bogoso/Prestea property, as well as gold exploration interests elsewhere in West Africa and in the Guiana Shield of South America. Golden Star has approximately 139 million common shares outstanding.

Cautionary Statements
