PROXY STATEMENT
2005 ANNUAL MEETING OF STOCKHOLDERS
May 3, 2005

The Board of Directors (the Board) of Encore Acquisition Company (the Company) is providing these proxy materials in connection with the Company's annual meeting of stockholders that will be held at the Fort Worth Club, 777 Main Street, 39th Floor, Fort Worth, Texas 76102, on Tuesday, May 3, 2005, at 9:00 a.m., Fort Worth time. Stockholders of record as of March 15, 2005, which is the record date established for the annual meeting by the Board, are entitled and requested to vote on the items of business described in this proxy statement. Each stockholder of record is entitled to one vote for each share registered in the stockholder's name. As of the record date, _____ shares of the Company's common stock were entitled to be voted at the annual meeting.

This proxy statement and the accompanying notice of annual meeting and proxy are first being sent or given to stockholders of the Company on or about April 4, 2005.

Voting Procedures

You may vote your shares in person at the annual meeting, by Internet, by telephone or by mail.

Voting in Person. Shares held in your name as the stockholder of record may be voted in person at the annual meeting. If your shares are held in the name of a broker, trustee or another nominee (that is, street name), you may vote the shares in person at the annual meeting only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. **Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.**

Voting by Internet. Stockholders of record of the Company's common stock with Internet access may submit proxies by following the Vote by Internet instructions on their proxy cards. Most stockholders who hold shares beneficially in street name may vote by accessing the website specified on the voting instruction cards provided by their brokers, trustee or nominees. Please check the voting instruction card for Internet voting availability.

Voting by Telephone. Stockholders of record of the Company's common stock may submit proxies by following the Vote by Phone instructions on their proxy cards. Most stockholders who hold shares beneficially in street name may vote by phone by calling the number specified on the voting instruction cards provided by their brokers, trustee or nominees. Please check the voting instruction card for telephone voting availability.

Voting by Mail. Stockholders of record of the Company's common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided and mailing them in the accompanying pre-addressed envelopes.

Changing Your Vote

You may change your vote at any time prior to the vote at the annual meeting, except that votes submitted through the Internet or telephone must be received by 11:59 p.m., New York time, on May 2, 2005. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date

(which automatically revokes the earlier proxy), by providing a written notice of revocation to the Company's Corporate Secretary prior to your shares being voted, or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Quorum and Adjournments

The presence, in person or by proxy, of the holders of a majority of the votes eligible to be cast at the annual meeting is necessary to constitute a quorum at the annual meeting. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum. If a quorum is not present, the stockholders entitled to vote who are present in person or by proxy at the annual meeting have the power to adjourn the annual meeting from time to time, without notice other than an announcement at the annual meeting, until a quorum is present. At any adjourned annual meeting at which a quorum is present, any business may be transacted that might have been transacted at the annual meeting as originally notified.

Required Vote; Effect of Broker Non-Votes and Abstentions

The nominees for election as directors at the annual meeting who receive the highest number of FOR votes will be elected as directors. This is called plurality voting. The amendments to the Company's Second Amended and Restated Certificate of Incorporation require the affirmative vote of the holders of a majority of the shares of common stock outstanding on the record date. The ratification of the appointment of the Company's independent registered public accounting firm requires the affirmative vote of a majority of the votes cast at the annual meeting.

In the election of directors, you may vote FOR all or some of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. For the other items of business, you may vote FOR, AGAINST or ABSTAIN. If you elect to ABSTAIN, the abstention has the same effect as a vote AGAINST. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board set forth below under Board Recommendation.

Brokers holding shares must vote according to specific instructions they receive from the beneficial owners of those shares. If specific instructions are not received, brokers may generally vote the shares in their discretion. However, the New York Stock Exchange precludes brokers from exercising voting discretion on certain proposals without specific instructions from the beneficial owner. Under the rules of the New York Stock Exchange, brokers will have discretion to vote on all items scheduled to be presented at the annual meeting.

A broker non-vote has the effect of a negative vote when a majority of the issued and outstanding shares is required for approval of a particular proposal and has no effect when a majority of the shares present in person or by proxy and entitled to vote or a plurality or majority of the votes cast is required for approval. Since directors are elected by a *plurality* and the ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of a majority of the votes *cast*, broker non-votes will not affect the outcome of voting on those proposals. Since the amendments to the Company's Second Amended and Restated Certificate of Incorporation require the affirmative vote of the holders of a majority of the Company's outstanding shares of common stock, broker non-votes will have the same effect as votes against that proposal.

Because abstentions are considered votes cast on a proposal, abstentions will have the same effect as votes against the ratification of the appointment of the Company's independent registered public accounting firm and the amendments to the Company's Second Amended and Restated Certificate of Incorporation.

Board Recommendation

The Board recommends that you vote:

FOR the election of the seven persons named in this proxy statement as nominees for election to the Board. If any nominee becomes unable or unwilling to accept nomination or election, the persons acting under proxy will vote for the election of a substitute nominee that the Board recommends.

FOR the amendment of the Company's Second Amended and Restated Certificate of Incorporation to increase the authorized number of shares of the Company's common stock from 60,000,000 to 144,000,000 and to delete Article Six (an outdated provision renouncing corporate opportunities known to former principal stockholders of the Company) in its entirety.

FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm.

Voting on Other Matters

If any other business properly comes before the stockholders for a vote at the meeting, your shares will be voted in accordance with the discretion of the proxy holders, I. Jon Brumley, Jon S. Brumley and Roy W. Jageman. The Board knows of no matters, other than those described above, to be presented for consideration at the annual meeting.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

The Company has adopted a Code of Business Conduct and Ethics for directors, officers (including the Company's principal executive officer, principal financial officer and principal accounting officer) and employees. The Company also has adopted Corporate Governance Guidelines, which, in conjunction with the Company's certificate of incorporation, bylaws and Board committee charters, form the framework for governance of the Company. The Company's Code of Business Conduct and Ethics and Corporate Governance Guidelines are available on the Corporate Governance section of the Company's website at www.encoreacq.com. The Company will post on its website any amendments to the Code of Business Conduct and Ethics or waivers of the Code of Business Conduct and Ethics for directors and executive officers.

Stockholders may request free printed copies of the Code of Business Conduct and Ethics and the Corporate Governance Guidelines from:

Director Independence

The Board had determined that each director nominee is independent, as defined for purposes of the listing standards of the New York Stock Exchange (the NYSE), other than Mr. I. Jon Brumley, who is Chairman and Chief Executive Officer of the Company, and Mr. Jon S. Brumley, who is President of the Company. In making this determination, the Board affirmatively determined that each independent director or nominee had no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), and that none of the express disqualifications contained in the NYSE rules applied to any of them.

As contemplated by NYSE rules, the Board has adopted categorical standards to assist it in making independence determinations, under which relationships that fall within the categorical standards are not required to be disclosed in the proxy statement and their impact on independence need not be separately

discussed. The Board, however, considers all material relationships with each director in making its independence determinations. A relationship falls within the categorical standards if it:

Is a type of relationship addressed in Item 404 of Regulation S-K under the Securities Exchange Act of 1934 (the Exchange Act) or Section 303A.02(b) of the NYSE Listed Company Manual, but under those rules neither requires disclosure nor precludes a determination of independence; or

Consists of charitable contributions by the Company to an organization where a director is an executive officer and does not exceed the greater of \$1 million or 2% of the organization's gross revenue in any of the last 3 years. None of the independent director nominees had relationships relevant to an independence determination that were outside the scope of the Board's categorical standards.

Board Structure and Committee Composition

As of the date of this proxy statement, the Board has eight directors and the following three committees: (1) Audit, (2) Compensation, and (3) Nominating and Corporate Governance. The committee membership and meetings during the last fiscal year and the function of each of the committees are described below. Each of the committees operates under a written charter adopted by the Board. All of the committee charters are available on the Corporate Governance section of the Company's website at www.encoreacq.com.

Composition of Board Committees

Name of Director	Audit(1)	Compensation(2)	Nominating and Corporate Governance
Martin C. Bowen	Member		
Ted Collins, Jr.		Member	Chair
Ted A Gardner	Chair		
John V. Genova	Member		
Howard H. Newman(3)		Member	
James A. Winne III		Chair	Member

(1) Messrs. Collins and Winne served on the Audit Committee until April 2004, when Messrs. Bowen and Genova joined the Audit Committee.

(2) Mr. Arnold Chavkin served on the Compensation Committee until April 2004. Mr. Chavkin did not stand for reelection in April 2004.

(3) Mr. Newman is not a nominee for director at the annual meeting.

The Audit Committee held eight meetings in 2004; the Compensation Committee held one meeting and acted by unanimous written consent on two occasions in 2004; and the Nominating and Corporate Governance Committee did not meet in 2004. The Nominating and Corporate Governance Committee met in February 2005 in connection with matters related to the annual meeting.

The Board held nine meetings in fiscal 2004. Each director attended at least 75% of all Board and applicable committee meetings in 2004. Directors are encouraged to attend annual meetings of the Company's stockholders. All of the Company's directors attended the 2004 annual meeting of stockholders.

Audit Committee. The Audit Committee's purpose is, among other things, to assist the Board in overseeing: the integrity of the Company's financial statements;

the Company's compliance with legal and regulatory requirements;

the independence, qualifications and performance of the Company's independent registered public accounting firm; and

the performance of the Company's internal audit function.

The Board has determined that all three members of the Audit Committee are independent under the listing standards of the NYSE and the rules of the Securities and Exchange Commission. In addition, the Board has determined that Mr. Gardner is an audit committee financial expert as such term is defined in Item 401(h) of Regulation S-K under the Exchange Act.

The report of the Audit Committee is included in this proxy statement on page 23. The charter of the Audit Committee is available on the Corporate Governance section of the Company's website at www.encoreacq.com and also is included as Annex A. A free printed copy also is available to any stockholder who requests it from the address on page 3.

Compensation Committee. The Compensation Committee's functions include the following:

review and approve corporate goals and objectives relevant to chief executive officer compensation, evaluate the chief executive officer's performance in light of those goals and objectives, and, either as a committee or together with the other independent directors (as directed by the Board), determine and approve the chief executive officer's compensation level based on this evaluation;

approve, or make recommendations to the Board with respect to, the compensation of other executive officers;

from time to time consider and take action on the establishment of and changes to incentive compensation plans and equity-based compensation plans, including making recommendations to the Board on plans, goals or amendments to be submitted for action by the Company's stockholders;

administer the Company's compensation plans that it is assigned responsibility to administer, including taking action on grants and awards, determinations with respect to achievement of performance goals, and other matters provided in the respective plans;

review from time to time when and as it deems appropriate the compensation and benefits of non-employee directors, including compensation pursuant to equity-based plans, and approve, or recommend to the Board for its action, any changes in such compensation and benefits; and

produce a compensation committee report on executive compensation as required by the Securities and Exchange Commission to be included in the Company's annual proxy statement or annual report on Form 10-K.

The Board has determined that all three members of the Compensation Committee are independent under the listing standards of the NYSE.

The report of the Compensation Committee is included in this proxy statement on page 19. The charter of the Compensation Committee is available on the Corporate Governance section of the Company's website at www.encoreacq.com. A free printed copy also is available to any stockholder who requests it from the address on page 3.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee's functions include the following:

identify individuals qualified to become Board members, consistent with criteria approved by the Board;

recommend to the Board a slate of director nominees to be elected by the stockholders at the next annual meeting of stockholders and, when appropriate, director appointees to take office between annual meetings;

develop and recommend to the Board the corporate governance guidelines applicable to the Company;

oversee the Board's annual evaluation of its performance of the Board and management; and

recommend to the Board membership on standing Board committees.

The Board has determined that both members of the Nominating and Corporate Governance Committee are independent under the listing standards of the NYSE.

The charter of the Nominating and Corporate Governance Committee is available on the Corporate Governance section of the Company's website at www.encoreacq.com. A free printed copy also is available to any stockholder who requests it from the address on page 3.

Selection of Nominees for the Board

Identifying Candidates

The Nominating and Corporate Governance Committee solicits ideas for potential Board candidates from a number of sources, including members of the Board, executive officers of the Company, individuals personally known to the members of the Board and research. The Nominating and Corporate Governance Committee also has sole authority to select and compensate a third-party executive search firm to help identify candidates, if it deems advisable. In addition, the Nominating and Corporate Governance Committee will consider candidates for the Board submitted by stockholders. Any stockholder submission should include the candidate's name and qualifications for Board membership and should be directed to:

Encore Acquisition Company
Attention: Corporate Secretary
777 Main Street, Suite 1400
Fort Worth, Texas 76102

Although the Nominating and Corporate Governance Committee does not require the stockholder to submit any particular information regarding the qualifications of the stockholder's candidate, the level of consideration that the Nominating and Corporate Governance Committee will give to the stockholder's candidate will be commensurate with the quality and quantity of information about the candidate that the nominating stockholder makes available to the committee. The Nominating and Corporate Governance Committee will consider all candidates identified through the processes described above, and will evaluate each of them on the same basis.

In addition, the Company's bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders whether or not such nominee is submitted to and evaluated by the Nominating and Corporate Governance Committee. To nominate a director using this process, the stockholder must follow the procedures described under "Stockholder Proposals" below.

Evaluating Candidates

Each director candidate must meet certain minimum qualifications, including:

the ability to represent the interests of all stockholders of the Company and not just one particular constituency;

independence of thought and judgment;

the ability to dedicate sufficient time, energy and attention to the performance of his or her duties, taking into consideration the nominee's service on other public company boards;

skills and expertise complementary to the existing Board members' skills; and

a high degree of personal and professional integrity.

In addition, the Nominating and Corporate Governance Committee considers other qualities that it may deem to be desirable from time to time, such as the extent to which the candidate contributes to the diversity of the Board with diversity being construed broadly to include a variety of perspectives, opinions, experiences and backgrounds. The Nominating and Corporate Governance Committee may also consider the ability of the candidate to work with the then-existing interpersonal dynamics of the Board and his or her ability to contribute to the collaborative culture among Board members.

Based on this initial evaluation, the Chairman of the Nominating and Corporate Governance Committee will determine whether to interview the candidate, and if warranted, will recommend that one or more members of the committee, other members of the Board and executives, as appropriate, interview the candidate in person or by telephone. After completing this evaluation and interview process, the committee will make a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board will determine the nominees after considering the recommendation of the Nominating and Corporate Governance Committee.

Compensation of Directors

The following table provides information on the Company's compensation and reimbursement practices for non-employee directors. At a meeting in February 2005, the Board increased director compensation to the amounts shown below. During 2004, neither Mr. I. Jon Brumley, Mr. Jon S. Brumley nor Mr. Howard H. Newman received any compensation for Board activities.

Additional Retainer for Chair of Audit Committee	\$10,000	\$0

Executive Sessions

The Company's non-management directors include all directors other than I. Jon Brumley and Jon S. Brumley. Each of the non-management directors is also independent under the listing standards of the NYSE. The non-management directors meet in executive session without management participation at least three times per year. These meetings are chaired on a rotating basis by the chairmen of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

Stockholder Communications

Individuals may communicate with the entire Board or with the Company's non-management directors. Any such communication should be sent via letter addressed to the member or members of the Board to whom the communication is directed, care of the Company's Corporate Secretary, Encore Acquisition Company, 777 Main

Street, Suite 1400, Fort Worth, Texas 76102. All such communications, other than

unsolicited commercial solicitations or communications, will be forwarded to the appropriate director or directors for review.

_____ shares of common stock were issued and outstanding, including _____ shares of restricted stock;

_____ shares of common stock were reserved for issuance upon the exercise of stock options granted by the Company;

_____ shares of common stock were available for issuance under the Company's 2000 Incentive Stock Plan; and

_____ shares of common stock were available for future corporate purposes.

The Company's Second Amended and Restated Certificate of Incorporation also authorizes the Company to issue 5,000,000 shares of preferred stock. There are no outstanding shares of preferred stock, and this amendment would not change the number of authorized shares of preferred stock.

Reasons for and Effects of Increasing the Company's Authorized Common Stock. The Company believes that the number of shares of common stock currently available for issuance may be insufficient to meet the Company's future needs. The additional shares may be used for various purposes, including:

paying stock dividends or effecting stock splits;

raising capital;

providing equity incentives to employees, officers and directors;

expanding the Company's business through acquisitions; and

other general corporate purposes.

Like the presently authorized but unissued shares of the Company's common stock, the additional shares of common stock authorized by this proposal would be available for issuance without further action by the Company's stockholders, unless further action is required by law, the rules of the New York Stock Exchange or any other stock exchange on which Company common stock may be listed in the future. The authorization of additional shares of the Company's common stock will enable the Company, as the need may arise, to take advantage of market conditions and favorable opportunities without the delay and expense associated with the holding of a special meeting of the Company's stockholders.

The Company could also use the additional shares of common stock to oppose a hostile takeover attempt or delay or prevent changes in control or management. For example, without further stockholder approval, the Company could adopt a "poison pill" that would, under certain circumstances related to an acquisition of shares that the Company did not approve, give certain holders the right to acquire additional shares of common stock at a low price. The Company also could strategically sell shares of common stock in a private transaction to purchasers who would oppose a takeover or favor the current Board. This proposal to increase

the authorized number of shares of common stock has been prompted by business and financial considerations, and not by the threat of any hostile takeover attempt (nor is the Company currently aware of any such attempts directed at it). However, stockholders should be aware that approval of this proposal could facilitate future efforts to prevent changes in control of the Board, including transactions in which stockholders might otherwise receive a premium for their shares over then current market prices.

To the extent that additional authorized shares are issued in the future, they may decrease the existing stockholders percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing stockholders. The holders of common stock have no preemptive rights and the Board has no plans to grant such rights with respect to any such shares.

Removal of Article Six Relating to Oil and Gas Opportunities

Article Six of the Company's Second Amended and Restated Certificate of Incorporation provides that certain principal stockholders of the Company and their affiliates may pursue business opportunities related to or competitive with the Company's business of acquiring, developing and exploiting North American oil and natural gas reserves. In addition, as allowed by the Delaware General Corporation Law, the Company in Article Six renounces any interest or expectation in any oil and natural gas opportunities known to a principal stockholder or its affiliates.

Article Six defines principal stockholders as Warburg, Pincus Equity Partners L.P., J.P. Morgan Partners (SBIC), LLC, Natural Gas Partners V, L.P. and First Union Capital Partners, Inc. These entities were early investors in the Company and have reduced or disposed of all or substantially all of their ownership interests in the Company. Under Delaware law, directors, officers and controlling stockholders of a corporation may not appropriate a corporate opportunity belonging to the corporation unless the corporation provides otherwise in its certificate of incorporation or by board resolution. For this reason, the Company believes it is no longer necessary to include provisions governing corporate opportunities in the Second Amended and Restated Certificate of Incorporation. The removal of Article Six may make it less desirable for one of the principal stockholders or its affiliates to acquire a significant interest in the Company in the future. No change will occur to the rights and privileges afforded to the Company's stockholders, other than the principal stockholders, under the current Second Amended and Restated Certificate of Incorporation.

Resolutions Adopting the Proposed Amendments

The following resolutions, which will be presented to the annual meeting, will adopt the proposed amendments to the Second Amended and Restated Certificate of Incorporation:

NOW, THEREFORE, BE IT RESOLVED, that the Second Amended and Restated Certificate of Incorporation of the Company be amended by deleting the first sentence of Article Four and substituting the following in lieu thereof:

The total number of shares of all classes of stock which the Corporation shall have authority to issue is 149,000,000 shares, consisting solely of (i) 144,000,000 shares of common stock, par value \$.01 per share (the Common Stock), and (ii) 5,000,000 shares of preferred stock, par value \$.01 per share (the Preferred Stock).

; and

FURTHER RESOLVED, that the Second Amended and Restated Certificate of Incorporation of the Company be further amended by deleting Article Six thereof in its entirety.

Required Vote

The approval of the amendment of the Company's Second Amended and Restated Certificate of Incorporation requires the affirmative vote of the holders of a majority of the shares of common stock outstanding on the record date. For this reason, abstentions and broker non-votes will effectively count as a vote against the proposal.

Effectiveness of Amendments

If the amendments to the Company's Second Amended and Restated Certificate of Incorporation are approved by the Company's stockholders, they will become effective when the Company's files a certificate of amendment with the Secretary of State of the State of Delaware.

Board Recommendation

The Board recommends that stockholders vote FOR the amendment of the Second Amended and Restated Certificate of Incorporation.

Change in Control Arrangements

On February 11, 2003, the Board adopted the Employee Severance Protection Plan, which provides employees of the Company with severance payments and benefits upon certain terminations of employment occurring from 90 days prior to until two years following a Change in Control (as described below) of the Company. If during such time period, a named executive officer is involuntarily terminated by the Company other than for cause or he resigns for Good Reason (as described below), the officer will receive a cash amount equal to twice his annual salary and bonus, continued insurance coverage for up to 36 months, and the automatic vesting of all his stock options and restricted stock. The Company would also be obligated to pay an additional amount to gross up the amount, if any, of excise and related income tax payable by the officer under the golden parachute provisions of the Internal Revenue Code in order for the officer to be able to retain the full amount due under the severance plan.

Generally, a Change in Control occurs upon (1) the acquisition by a party of 40% or more of the voting securities of the Company unless the party owned 20% prior to February 11, 2003; (2) a majority of the Board no longer consists of persons who were Board members on February 11, 2002 or persons appointed to the

Board by those members; (3) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company; or (4) approval by the stockholders of the Company of a reorganization, merger, share exchange, consolidation or a sale of all or substantially all of the assets of the Company, unless more than 60% of the voting securities of the new entity are held by persons who were stockholders of the Company.

A resignation for Good Reason occurs when an officer resigns as a result of a reduction in his titles, duties, responsibilities, compensation level or the relocation of his place of employment.

Retirement Plan

The Company makes contributions to the Encore Acquisition Company 401(k) Plan, which is a voluntary and contributory plan for eligible employees. The Company's contributions, which are based on a percentage of matching employee contributions, totaled approximately \$0.8 million in 2004, \$0.5 million in 2003, and \$0.5 million in 2002.

Compensation Committee Report on Executive Compensation

The Company's executive compensation program is administered by the Compensation Committee of the Board (the Compensation Committee). The Compensation Committee is composed entirely of independent directors. The specific duties and responsibilities of the Compensation Committee are described above under Board Structure and Committee Composition Compensation Committee and in the charter of the Compensation Committee, which is available on the Corporate Governance section of the Company's website at www.encoreacq.com.

The Compensation Committee meets each February to establish base salaries for the then-current fiscal year, to set cash bonuses and award equity-based compensation in respect of Company and executive performance during the preceding fiscal year and to review and, as appropriate, make changes to the Company's executive compensation program. The Compensation Committee also acts by written consent when necessary and appropriate. For the past two years, the Compensation Committee has engaged an outside compensation consulting firm to assist the Compensation Committee in its review of the compensation for the executive officers.

The Compensation Committee has furnished the following report on executive compensation for fiscal 2004.

Executive Compensation Philosophy

In establishing executive compensation, the Company believes that:

base salaries should be at levels competitive with peer group companies that compete with the Company for business opportunities and executive talent;

annual cash bonuses, stock option awards and restricted stock awards should reflect progress toward the Company's goals and individual performance; and

the Company should encourage significant executive stock ownership through stock options and restricted stock awards.

Purpose of the Executive Compensation Program

The Company's executive compensation program has been designed to accomplish the following long-term objectives:

create a proper balance between building stockholder wealth and executive wealth while maintaining good corporate governance;

produce long-term, positive results for the Company's stockholders;

align executive compensation with Company performance and appropriate peer group comparisons;

provide market-competitive compensation and benefits that will enable the Company to attract and retain a talented workforce; and

prevent short-term manipulation to the extent possible.

Elements of Compensation

The Company's executive compensation program consists of (1) base salaries, (2) annual incentive compensation consisting of cash bonuses, stock option awards and restricted stock awards and (3) contributions to the Company's 401(k) retirement plan. In setting executive compensation, the Compensation Committee considers the aggregate compensation payable to an executive and the form of the compensation. The Compensation Committee pays base salaries at levels it believes are competitive with peer group companies (described below). In general, an executive's annual incentive compensation consists of approximately 25% cash (in the form of an annual cash bonus), 50% restricted stock and 25% stock options, although the mix of restricted stock and stock options may vary. The Compensation Committee believes that making approximately 75% of an executive's annual incentive compensation contingent on long-term stock price performance more closely aligns the executive's interests with those of the Company's stockholders.

The Compensation Committee evaluates the executive compensation programs and practices for the Company's executive officers against an industry peer group in order to achieve a competitive level of compensation. Overall, the Company targets total compensation for its executive officers at between the 50th and 75th percentiles of total compensation for similar positions in the peer group, although actual total compensation may be lower than the 50th percentile or higher than the 75th percentile based on individual performance and experience and Company performance and other factors. The companies chosen by the Compensation Committee for the peer group generally are not the same companies that comprise the Independent Oil and Gas Index shown in the Stock Performance Graph included in this proxy statement. The peer group companies for executive compensation purposes represent oil and gas companies of comparable size to the Company, including companies that compete with the Company both for business opportunities and for executive talent, while the Independent Oil and Gas Index is an amalgamation of many companies designed simply to provide a market barometer for an entire sector's performance.

The Company's executive compensation program contains performance-based goals relating to, among other things, the following:

budgeted oil and natural gas production;

rates of return on invested capital;

finding and development costs;

efficiency ratios (defined as EBITDA divided by three year finding and development costs); and

reserve replacement.

For 2004, the Company met or exceeded the performance-based goals. In addition to specific performance-based goals, the Company also considered the following factors, among others, when establishing 2004 compensation:

the Company's success in integrating acquisitions;

implementation of the Company's development program, including results of the Company's high-pressure air injection project;

the Company's safety record;

accomplishments of the Company's land, acquisition, finance and accounting groups;

the Company's financial performance; and

the Company's compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

The Compensation Committee evaluates Company performance in light of oil and natural gas industry fundamentals and assesses how effectively management adapts to changing industry conditions and opportunities during the year in preparing itself to capitalize on opportunities in the future.

Base Salaries. An executive's base salary is viewed as a component of total compensation that should be competitive with base salaries of the peer group. The Compensation Committee evaluates the base salaries of the Company's executive officers on the basis of competitive base salary data and consideration of each officer's duties and responsibilities. The Compensation Committee views the named executive officers that report to the CEO as a team with diverse duties, but shared corporate results and goals.

Annual Cash Bonuses. An executive's annual cash bonus is set at a level intended to result in approximately 25% of the executive's total annual incentive compensation being paid in cash. Annual cash bonuses reflect progress toward the Company's goals and individual performance.

Stock Option Awards and Restricted Stock Awards. The Compensation Committee makes stock option and restricted stock awards in amounts intended to result in approximately 75% of the executive's total annual incentive compensation being paid in stock. The Compensation Committee believes that making approximately 75% of an executive's compensation contingent on long-term stock price performance more closely aligns the executive's interests with those of the Company's stockholders. Like cash bonuses, stock options and restricted stock awards reflect progress toward the Company's goals and individual performance.

Stock options vest in three equal annual installments beginning on the first anniversary of the date of grant, subject to earlier vesting on a change in control or the termination of an employee's employment due to death or disability and to such other terms as are set forth in the award agreement. Restricted stock awards vest in three equal annual installments beginning on the third anniversary of the date of grant, subject to the achievement of performance objectives (achievement of reserve replacement or finding and development cost goals) and to earlier vesting on a change in control or the termination of an employee's employment due to death or disability and to such other terms as are set forth in the award agreement.

Chief Executive Officer Compensation

Compensation for Mr. I. Jon Brumley, the Company's Chairman of the Board and Chief Executive Officer, is determined in the same manner set forth above with regard to named executive officers generally. In February 2005, the Compensation Committee increased Mr. Brumley's annual base salary from \$425,000 to \$500,000 (effective March 1, 2005) after consideration of historical and expected future performance and competitive market data. With respect to Mr. Brumley's annual incentive compensation for 2004, the Compensation Committee evaluated the factors described above and granted Mr. Brumley an annual cash bonus of \$700,000 and 52,750 shares of restricted stock (with a value of approximately \$2.1 million on the date of grant).

Stock Ownership Guidelines

In February 2005, the Compensation Committee adopted stock ownership guidelines that require each executive officer (and certain other members of management) to own shares of the Company's common stock with a value at least equal to such person's base salary. Until this guideline is achieved, the executive officer (or other member of management) will be required to retain at least 25% of his or her restricted stock for a period of two years after vesting. The Company's stock ownership guidelines are designed to increase executive's equity stakes in the Company and to align executives' interests more closely with those of the Company's stockholders.

Corporate Tax Deduction on Compensation In Excess of \$1 Million a Year

Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the Code) generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the CEO or any of the four other most highly compensated officers. Performance-based compensation arrangements may qualify for an exemption from the deduction limit if they satisfy various requirements under Section 162(m). Although the Company considers the impact of this rule when developing and implementing the Company's executive compensation program, the Company believes that it is important to preserve flexibility in designing compensation programs. Accordingly, the Company has not adopted a policy that all compensation must qualify as deductible under Section 162(m). While the Company's restricted stock and stock option awards are intended to qualify as performance-based (as defined in the Code), amounts paid under the Company's other compensation programs may not qualify.

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board in overseeing (1) the integrity of the Company's financial statements; (2) the Company's compliance with legal and regulatory requirements; (3) the independence, qualifications and performance of the Company's independent registered public accounting firm; and (4) the Company's performance of its internal audit function.

The Company's management has primary responsibility for the preparation, presentation and integrity of the Company's consolidated financial statements, accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent registered public accounting firm, Ernst & Young LLP, is responsible for performing an independent audit of the Company's consolidated financial statements and expressing an opinion on the conformity of the Company's audited consolidated financial statements with accounting principles generally accepted in the United States.

In performing its oversight role, the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect. The Audit Committee has also considered whether the performance of other non-audit services by the independent registered public accounting firm is compatible with maintaining the auditors' independence and has discussed with the auditors the auditors' independence.

Based on the reports and discussions described in this report, and subject to the limitations on the roles and responsibilities of the Audit Committee referred to in this report and in its charter, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

These requirements are separate from and in addition to the SEC's requirements that a stockholder must meet in order to have a stockholder proposal included in the Company's proxy statement.

With respect to the 2006 annual meeting, a stockholder's written notice must be received by the Company not earlier than January 3, 2006 and not later than February 2, 2006. Director nominations should be sent to Corporate Secretary, Encore Acquisition Company, 777 Main Street, Suite 1400, Fort Worth, Texas 76102. The Company recommends that any such proposal be sent by certified mail with return receipt requested.

Rule 14a-8 Stockholder Proposals

Discretionary voting authority is the ability to vote proxies that stockholders have executed and returned to the Company, on matters not specifically reflected in the Company's proxy materials, and on which stockholders have not had an opportunity to vote by proxy. Proposals should be sent to Corporate Secretary, Encore Acquisition Company, 777 Main Street, Suite 1400, Fort Worth, Texas 76102. The Company recommends that any such proposal be sent by certified mail with return receipt requested.

The Company may also request banking institutions, brokerage firms, custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of the common stock that those companies or persons hold of record. The Company will reimburse the forwarding expenses of any institution that performs this service. The Company has engaged its transfer agent, Mellon Investor Services, to assist it in the production of proxy cards and envelopes, the mailing of proxy materials and the tabulation of proxy votes. The Company will reimburse Mellon Investor Services for its costs, which are not expected to exceed \$10,000.

The Annual Report on Form 10-K is also available on the SEC's website (www.sec.gov) and the Company's website (www.encoreacq.com).

HOUSEHOLDING

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker.

IT IS IMPORTANT THAT PROXIES BE RETURNED PROMPTLY. WHETHER OR NOT YOU EXPECT TO ATTEND THE MEETING IN PERSON, YOU ARE URGED TO COMPLETE, SIGN, AND RETURN THE PROXY IN THE ENCLOSED POSTAGE-PAID, ADDRESSED ENVELOPE OR TO VOTE THROUGH THE INTERNET OR TELEPHONE.

**ENCORE ACQUISITION COMPANY
AUDIT COMMITTEE CHARTER**

Make regular reports to the Board of Directors.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. It is also not the duty of the Audit Committee to conduct investigations or to assure compliance with laws and regulations and the Company's Code of Business Conduct and Ethics.

The Audit Committee shall have the authority to engage and obtain advice and assistance from current or independent legal, accounting or other advisors without seeking approval of the Board of Directors.
